

And even when we were roommates, it was MY apartment.

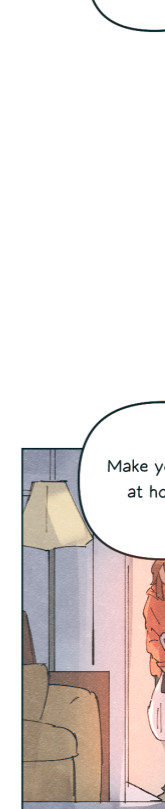

So this is technically.. My first time visiting his home, right..?

glance

You're staring..

Oh! Was I?! Sorry..

I guess.. I'm just nervous.

About going to your place..

You're still Crush, I know that..

But there's this entire side of you that I wasn't even aware of a month ago.

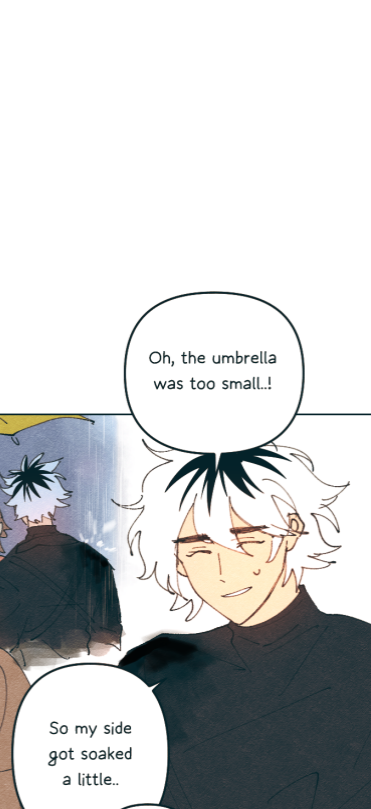

It's like.. trying to make a new friend all of a sudden.

Does that make sense?

Haha, I get that. But you have nothing to worry about..!

You'll see!

Make yourself at home!

Are you still nervous?

My home is just like any home, right?

Oh.. Well..

Actually.. IT'S NOT LIKE A HOME AT ALL?

THERE'S LIKE 3 THINGS HERE.

WHOOSH!

It's.. a little empty?

Haha, I'm always on overseas missions so I never had time to decorate.

You can set the groceries on the counter.

Oh, Ok-

HUH?!@#?12 WHAT THE HELL???11

What?

WHY ARE YOU UNDRRESSING?!

Oh, My shirt got wet from the rain..

Wet?! Why would it be wet?

We walked together, didn't we..?

I'm completely dry..

Oh, the umbrella was too small..!

So my side got soaked a little..

Oh..

Are you gonna let go of my shirt now?

Or are you gonna take it off for me?
