### Maika and Kirara

**Summary: Maika's and Kirara's mission of protecting the bothers that have crossed the incubus king, ends up with them 'falling' for the bothers while on the mission.**

The mansion of the Nishima brothers is as large and expansive as one would expect from siblings in high political power. Though they are of Japanese descent and live on the massive island, their home is a western European style with a slant red roof, a whole acer land of a front and back yard guarded by a black gilded fence. The twenty large windows, ten at the top and another ten at the bottom showed the length of the long hallways of the mansion and the many rooms it houses. All holding treasure, tools, and whatever else the long lived siblings have gained over their ten years working the Japanese political system.

In such a home one would expect the owner to enjoy the massive foyer with the grand staircase leading to the top floor where all the rooms are. Or the expansive garden in the back yard. Colored with bright roses and deep green trees.

“Mmm. And here I thought you ladies would be unskilled sluts.”

One of the siblings of the Nishima brothers is enjoying a different type of pleasure however as he sat in his brother's study. Among the dusty books and tall shelves of his brainy sibling's study, with the crackling sounds of the fire from the chimney, the short, and rounded belly, Tanaka Nishima reclined in his bother's chair while two women kneeled between his legs. Their full, soft lips kissed and sucked at his cock that stood tall and ridged between them. The fat bulbous head twitched as pre-cum drooled for it. Large for a human, the massive meat pole looked to make any woman scream in ecstasy at the mere insertion of it with its meaty vines, hulking girth, and impressive length. It radiated a lustful warmth with even its inhuman bumps along it quaking in delight of the women's masterful lip work.

From her long blonde hair, partly tied into pigtails with the rest flowing down to her rather large butt and piercing icy, crystal blue eyes, one would not expect Kiara to be part oni. Unless they noticed the bright blue horns made of pure ice protruding out of her head. It would be even harder to believe the lovely young woman is a Taimanin; the hidden group of ninjas that slay demons.

The small white veils covering her head sized chest, connected by a thin gold chain, only covered her inverted nipples with small pieces of armor around her waist, large sleeves, and actual armored legs. She is so lightly dressed it's hard to believe just an hour ago she as slain a small battalion of demons with her mastery over ice.

“Mhnn...irr...nn.” Kirara glared at him as her tongue worked the head of a fat, bulging cock that is nestled between her large, mighty bosom. Her cute, inverted nipples poked out slightly from the arousal running through her body. Drool trailed down the side of her mouth as she gave a long lick to the shocking amount of cock sticking between her chest.

“Fucking asshole.” Next to her, a red headed woman cursed at the short, pudgy nosed man as her own heavy set of tits, nearly as big as the half demon wrapped around his dick. Her long flaming orange hair is tied in a stylish bun in the back of her head with a thin ponytail pooling around her feet as she squatted down with her teammate. Maika looked more like the role of a Taimanin than her half demon friend with her leather red and black top and crop top jacket. Though her toned stomach is shown so is the light scar on her that she got from a fight long into her career as a demon slayer. Her body is another story however as it is built for pleasure. Wide powerful hips, wider than Kaira’s, and chest in the same size as the half demons and even bigger than some succubus, the feisty fire user could kill a demon with her body instead of her mastery over flames.

“I’ll roast your fat ass alive after this.” Maika cursed with pure venom. Even as she took most of the cock down her mouth, leaving deep rings of light red on her lip stick as she rapidly bounced her head up and down. Her tongue trailed along the twitching veins in a ravenous manner while she growled at him. Her full nipples tickled Kirara’s as they rubbed their chests together.

Though rage fueled both women their arousal dripped from between their legs, with Maika’s staining her tights, and dripping through it. Creating a small puddle on the ground. The cause of this is the intricate tattoos, in the shape of a heart around a woman’s womb, glowed a bright purple on their lower stomach. It hummed with magic power sending lust constantly through their bodies. As if they are being endlessly fondled by unseen hands groping their full tits, and firm asses. Stroking their inner thighs, tickling their necks. Their bodies are on a never-ending edge of desire, their pussy twitching open for an invention of cock that’ll never come.

“Ffmhn~!” Making Kirara try and hold back a moan along with Maika as they both shivered in lust. Normal women would have gone insane after a few hours of this never dying flame in her core. Yet the two Taimanin held out strong with their vengeful stares.

“Nhhmm...Don’t forget the balls my little sluts.” Tanka sighed as he gave a light condescending slap on Maika’s cheek. To which the fire woman looked ready to bite his hand off.

Normally such a comment would have Tanaka Nishima’s head rolling on the floor from Maika’s fire blade, or his body encased in ice from Kirara’s cold glare. And yet both women dutifully lowered themselves to lick at his bulgy testicles. Kirara’s tongue slovenly rolled the ball sack in her mouth while Maika sucked on the other one. Her painted lips left a heavy strain on them as she gave a hard suckle on them.

Tanaka merely chuckled. “I will send my regards to that Igawa woman. Who knew the Taimanin had such excellent prostitution services.”

Tanaka and his bother had crossed some rather enraged incubus that are now after their head. They requested the help of the Taimanin thanks to their connections to the Japanese government since they own the Taimanin in a sense.

However, it seemed he used that to his advantage to try and gain some loyal sex slaves for him and his bother as he tricked the two Taimanin into getting hypno slave tattoos. After having them slay the demons that tried to attack his home, he gave them a glass of water in false kindness. Those glasses of water had the nanomachines of the slave tattoos inside of it. It took his cruel smile for Kirara to notice something was off, but it was too late by then.

The magical tattoos, a new tool created by the incubus, control the person’s movements by using the DNA of the control inside the nanomachines in a devolves pill. They could not move without his

suggestion. That said it is not all powerful. normal humans would be utterly immobile and be lust crazed in hours no matter how strong they are. However, Taimanin are far stronger than humans, and these two are some of the strongest. Though at most they could do is glare at him, it would take far longer for the lust to break them. At the moment it is nothing more than a minor aggravation and humiliation to Maika and Kirara.

“These things won’t keep us here for long.” Kirara snarled as she leaned up to suck down on his cock. Showing that she still has fight in her with a playful bite on his vein. Something he did not tell her to do, but a clear sign of her in some control.

“Keep laughing you piece of shit. You’ll be chuckling the same fucking way when I torch your balls off.” Maika snarled as well

Their only solace is that Tanaka’s bother, Haiden, is the cleaner of the two and will help them out of this. Exposing the shitty younger brother for his crimes.

“Yes yes. But until that time comes.” Tanaka grabbed Maika’s breast and pushed his cock in her mouth. Causing her to choke a little as her face is mashed into her chest.

“You two are my stupid whores.” Tanaka smirked as he took both of the fire taimanin’s heavy pair of breasts and started thrusting into her mouth like mad. Pumping her massive chest up and down his long cock while forcing as much of his prick inside her mouth as he could.

“Nnh! Mmchh! Ngghch!” Maika gagged and choked horrendously as the beefy member nearly punched the back of her throat. It was only half of the cock, but her neck still bulged out from the girth of the dick in her gullet. making her make up run down her face as she coated their prick in her pink lipstick. her ring nipple pricings jiggled from the force of the thrusting as her pussy squirted a little of her lust through her tights.

Kirara could only tend to the sadistic man’s taint as Maika choked and gagged above her. The shaking swinging nut sack, slapped against her tongue as she is forced to follow the orders of the tattoo. Taking both ball sacks in her mouth as they shook from both Tanaka’s thrusting and the readily coming cum sack from them as the viral cum started o churn within them.

“Open your mouths and jerk me off.” Tanka demanded as he pulled his cock out of Maika’s mouth. Giving hard slaps with his fuck pole on her face as she coughed and tried to suck in air. With heated glares, and make up running down Maika’s face, both women took the cock in their hands and rapidly pumped it up and down. The feeling of the quaking dick, pulsing with the need to ejaculate made their flushed faces turn sour.

“Beg for it. like the good like whores, you are.” Tanaka sneered.

“F-Ah!” Maika tried to curse at him but a sharp pain suddenly shot through her. The womb tattoo sparked with magic as she tried to disobey him.

“P-please g-give-ngh- me y-y-your, thick y-yummy semen.” Maika said through gritted teeth as her hand rapidly moved along Kiara’s. pumping up and down, getting sticky from the spit and pre-cum slathered all over it.

“Sho-shower me in your warm cum. Please s-stain this bitch with your s-seed.” Kiara looked utterly miserable at the words that came out of her mouth. Even though she has to be sucking Tanaka off for more than an hour by now.

All Tanaka did was smirk and let his cock release a massive wave of his seed over them. It came in thick ropes that slapped hard on their faces. The constantly like honey, but with a musky, heavy male musk that belonged more to an animal than a man. It crashed on their faces, sticking their cheeks, and coating their eyes. Their mouth took most of the sticky, viscous seed. Smacking against their tongue, not even giving them the option to swallow as it fired straight down their mouths. The full weight of the potent viral flavor of Tanka's seed made their bodies almost hit a climax as there are coating in white.

"Swallow like good little bitches." Tanaka commanded and watched as women who can easily take his head off with less than a thought, drank his cum like a fine wine.

Both Kiara and Maika want nothing but to kill the man before them, but they bid their time. The next day, Haiden, Tanaka's older brother, would be here to discipline his horrible sibling.

-OOO-

Unfortunately for the Taimanin, Haiden is just as deplorable as his bother. Something Maika is finding out as she is pushed up against the door to his room in the middle of the massive mansion's long, decorative hallway. Lined with lovely vases, and antique armor, it clashed with the red haired Taimanin in the middle of the hallway with her large ass sticking out as the man himself, taller and more muscular than his brother, let his large meaty hands roam and groped her large jiggling rear.

"Damn how do you girls fight with bodies like this?" The well built man chuckled in genuine awe and mocking amusement as Maika growled at him. His glasses did not match with his massive frame that seemed to try and burst out of his tailored suit.

"Your ass is god damn huge. It's made to be fucked. Not fighting demons." Haiden gave a hard slap on Maika's ass. Barely leaving a mark on her as her firm cheeks jiggled but got the ninja woman to bite back a moan. "But without you, I'd be dead, so I better pay this booty the proper respects yeah?"

"Go die in a ditch fuck face." Maika cursed though her face is blistering red. The womb tattoo doing its job and letting the second smack on her ass, this one far harder than the last, get a sharp cry of delight from her. Her pussy leaked more of her lust through her tights as her legs quivered.

"You sure are charming when you're pissed." Haiden only chuckled, as he tore a hole in her tights. Letting her bouncy fat ass jiggle out of her suit. The pale flesh jiggled as it was set free and glowed a little red from the stinging slaps she had received. Her pussy is topped with a thick patch of unruly pubic hair and is soaked with lust. Dripping as it's folds shuddered open in a gleeful invitation much to Maika's ire.

Despite appearances, Haiden is the brains between the two brothers as this whole plan was his idea. Tanaka is actually an experienced martial artist while his younger brother was the one who came up with the plan to get the drugs that gave the taimanin's womb tattoos from the incubus.

With Edwin black dead, because of Asagi herself, the demon world is currently going through a power vacuum as the higher level demons decided on what to do. The Taimanins have a good handle on things, but some things can slip through the cracks. Like incubus demons wanting to make a quick buck in selling some dangerous drugs. Like a weaker hypno sexual demon tattoo that could be swallowed in any clear liquid. Like water.

"Now I see why those demons asked for so much damn money for these things." Haiden taunted as he pushed his fingers inside Maika's slippery cunt. Getting the woman moan outright as her knees wobbled from the pleasure running through her. "Not every day I stick it in a Taimanin. Damn your tight. You trying to rip my finger off?"

The demons were not going to let two humans' just walk out with a powerful drug without paying, however. And even with Tanaka's skills in combat, he cannot match a Taimanin, much less so a demon. If it was not for the demons not taking them seriously enough and being so cocky, they would have died there on the spot. And then all they needed to was get some Taimanin to guard them against 'wrongful demon attacks' and trick them into drinking some water after 'looking oh so tired from protecting us.'

The line from Tanaka now fills Maika with rage as she felt Haiden tease her pussy. Her body betrayed her fully as her muff, dripped an ocean of lust down her leg. Her lust made a big puddle between her feet as she shook on her toes.

"Haa...ngh..." Maika's cursing took a nosedive as she clawed at the door to push back at the feeling of her pussy being toyed with.

Though even with the demonic tattoos, that did not mean their victory was assured. The tattoos are powerful sure, but from what Haiden had learned they are weaker than the original. Meaning a Taimanin, on the same level as the almighty Asagi could easily break out of it and slay them where they stand. It was a gamble when they asked the Japanese government for Taimanin protection. If things went south and the legendary Asagi was chosen to protect them, then they would have to end their scheme right there.

While the men are cruel, they are not fools. To go against a woman who has felled something many humans, and even demons, considered a god is a dead man's game. No matter how tantalizing it would be to see her at their feet worshipping them.

"Haa..." So, it was a good roll of the dice they got both Maika and Kirara. Though known as the goddess of ice and fire, they are not on the same level as Asagi; which terrified both men as they watched both women raze half a forest to the ground without breaking a sweat to kill a pack of demons. It made them wonder just how strong the Almighty is.

"Ok I'll stop teasing you. Never been one to keep a lady waiting after all." Haiden smirked as he unzipped his fly and leg is cock dropped in between Maika's cheeks.

"Hii~!?" The feeling of the surprisingly heavy dick slapping between her cheeks was more than just the womb tattoo's magic. Looking back her eyes widen at the beast that is about to enter her.

It's not about the size of an orc's cock, it is the size of an orcs cock. Even with a few small bumps along its impassive length. Mutated by whatever drug the man took, it felt like a club had lanced between her wobbly ass. It loomed over her tush, throbbing heavily with a powerful, thick stench that she can smell even from this distance. It warmed her to her very core and the weight of it made her pussy squelch in delight.

"Like it? Took a few light drugs to get it a bit bigger for you taimanins." Haiden smirked as he glided his shaft between her rear. Getting a loud drawn out moan as she felt the meaty cock pulsed between her tush. It's thick pre cum marking and staining her ass while Haiden's meaty hands kept a tight grip on her cheeks.

"Big bro was against it, he's not a fan of any sort of performance enhancing stuff. Perhaps the al natural stuff ya know? But I know you Taimanin girls can take a bullet to face. Or eat a bullet as I've seen a few times."

Haiden gave another sharp slap on Maika's ass getting to her to moan out in suspires this time. "If we're going to turn you, ladies, into our personal slutty bodyguards, we are going to need to do some actual damage here."

"Y-You really think telling me this is a good idea, Einstein?" Though panting, even with a little rolling down her full painted lips, gave a haughty grin. "On-once we get out of this, and after breaking your stupid d-dick in half, we'll tell everyone about your shitty plan."

Haiden smiled, "Nah you won't."

"Hiii~!!" Maika's slutty whorish moan revibrated throughout the mansion's halls as Haiden's large cock stabbed her pussy deep into her womb. Making her belly bulge out from the sheer size of the cock inside her. Her cunt gave a tight grip on his shaft as an orgasm ripped through her. Her lust sprayed over the door and the grounds her eyes rolled up in pleasure.

"Because a good bitch never says no to her master." Haiden held nothing back in his thrusting as his cock slammed into Maika like a freight train. Shaking the whole wall, never making the vases next to her wobble as he collided with her ass like a mad man. Her fat rear quivering as her tongue hung out her mouth like a slovenly hound. Her pussy fired off an orgasm even tenth thrust or so as the man kept up a brutal pace even with her hungry fuckhole devouring him.

"Oohhh~ Naahh~!!" Her moaning echoed down the halls. she could not even come up with a clever retort as her eyes rolled up in the back of her head an orgasm suddenly washing through her, but she could not tell if it was one as the cock in her battered away any real thought. Haiden's cock slammed hard enough in her to leave her feet off the ground. His hands gave a death grip on her ass while one occasionally threw the random slap on her wobbling cheeks.

"Fu-Fuck!" Haiden cursed as he felt his own orgasm reaching even though it's only been a few minutes.. "N-Not used to this-ngh-dick, but holy shit you Taimanin's are no-gah-joke!"

Even with a dick of an orc creating a lump in her belly that would hurt a normal woman, it is still being put through its paces with a pussy that feels like it could snap steel with how tight it is. Warm and gentle, but impressive slick, he was able to drive his shaft in and out of her at a blinding pace. Yet he felt like he was going paring rounds with his older brother.

"Fu-Fuck you...shit-ahhh~!" Maika on the other hand could only give out a few sharp, incoherent curses at anything she could. Not knowing if they are curses in pleasure or at Haiden or even at his dick. She merely moaned and wailed another climax ran through her. this one she could actually tell from her pussy spraying a gush of her lust on the ground.

"Here it comes!" Haiden guaranteed as his cock fired off a dizzily thick, heavy load of cum inside her. setting off another orgasm that shook the halls. It rushed into Maika like a storm and gushed out of her tightly sealed lips in thick white spurts. Drooling out her in bright pearly white strings as the cock pumped and jostled inside her. The force alone made her head snap back in a primal howl of lust, but she did not climax from such a forceful orgasm. Much to her relief, the feeling of the warm goeey discharge, thicker and any soup, packed her womb.

"Few that...was something. Is this what demons feel when they cum? Fuck me..." Haiden panted as he gathered his bearings from cumming faster than he thought. His cock was still stiff as ever inside the panting Taimanin as the last squirt of his seed fired into her.

“Y-You...pieces of...shit...” Maika, having some of her sanity still in her, panted out a curse through her drooling and moaning. Her legs wobbled but she kept her glare as fiery as ever.

“Damn your still kicking huh?” Haiden said in genuine shock. He has heard that Taimanins are tough and can take a real pounding but that should knock a normal woman out cold. “Well guess they weren’t joking about you lust being tough as nails.”

“I was going to try out this asshole of yours but I want to enjoy using this dick for a while.” Haden smirked. Lifting up Maika, Haiden used his strength to bend her legs over her head and lock her arms above her head with his own. He did not hesitate to start thrusting like mad. Keeping the same pace as before as he slammed her down on his cock and thrust his hips up into her at the same time. Creating a loop of nonstop ecstasy that raged through her as the cock rampaged in her.

“Naaahhh~!” Maika moaned, drooling as the cock pieced back into her cum filled twat. her lewd tattoo glowing as Haiden pistoned up in her.

“Ngh! You should count yourself lucky really. My bro has a bigger dick than me, and he took the same enhancement. I hope that blonde chick is tougher than you because my bro does not hold back.”

Maika could respond as her thoughts focused on trying to keep sane. Her moans are utter slutty and depraved, her eyes spinning but her sanity is still intact. The pleasure racking her thoughts as the cock hit even deeper inside her with every thrust. All the while she hoped Kaira is having a better time than she is.

-OOO-

“Fuck you’re a stubborn sow aren’t ya?” Tanaka grunted in the kitchen as Haiden’s words rang true as Kirara is having a hard time taking the older brother’s burly cock down her throat.

With her hands tied behind her back, Kirara laid on top of the kitchen table with her head hanging off of it as Tanaka’s fat weighty ball sack slapped her in the face. His cock stretched and bent the choker around her neck with the force of his thrusts making her large chest shake out of her frilly maid dress she was forced to wear. Thanks to the tattoo Tanka was able to get her to put on the slutty maid outfit. A short dress short that did nothing to hide her bare coach, and a bikini top that is far too small for her impressive bust.

But when he asked her to suck his dick she actually refused. Snarling at him with ice magic starting to glow on her fingertips. The tattoo did its job and sent so much pleasure through Kirara that climaxed on the spot, but it only sent the half oni to her knees. Her sanity was still there along with her rage as she still tried to conjure her ice powers.

While not as smart as his younger brother, Tanaka can see when he is about to lose a fight. So, he took advantage of her weakened state and bound her to the table.

“Oggh~! Nnggh~! Bbhh~!!” Using her horns, Tanaka rammed his dick down the taimanin’s throat with no care for her safety. Using enough for the break the neck of her normal human, the table Kiara is on buckled under the pressure and weight of the political man’s gut punches in her maw. Though the half demon heaved and gaged horrendously, she took every strike in her maw with a rage fueled glare. Her face is a mess of spit and precum, but she did not once lose her anger. Though she moaned through the gags, and her body sung and shivered from the pleasure given to her by the tattoo, she still kept her pride.

“Going to have to properly train you. A good whore always goes on her knees when told.” Tanaka snapped as he pulled at her nipples. Twisting them out of hiding to get the half demon’s eyes to cross and her back to arch in pleasure. But she seemed to stop the orgasm that threatened to ruin her as she turned red in the face with the meaty cock barreling down her gullet.

“I shouldn’t even have to ask you ya damn fat titted cow.” He pulled hard on her horns with his bushy pubic hair filling her nostrils. The tangy taste of cock filled her senses as he slammed his hips harder enough to make the legs of the tables creak. It got a hard moan out of her, her tongue sliding along his shaft sending a shockwave of lust through her. But at most Tanaka got was her painful wince from her.

“Tch. Stupid tit for brained slut.” The slovenly cursed at her defiance spalling her with his cock, the monstrous thing has the weight of a small thick bat, as she coughed before redoubled his efforts to break in his new bitch. It felt like a losing game to him as her throat ravaged his shaft with a right warm grip that made his grunt more than just frustration. He was straight to feel tepid and yet Kaira looks more than ready for more as he kept her heated stare at him through the veil of spit and arousal However that only fueled him to go even harder ins his throat ramming. Making the whole table wobble and quake as took her horns and her pigtails and pulled like he was trying to stop a raging beast.

“Phmmhmp~!” Kirara could only choke and gasp as, unknown to him, his cock alone is having a tribble effect on her. Through sheer force of will, the half demon has been trying her hardest to keep mind shattering orgasm from rocking through her with every pump of his hips. The smell of his cock made a river of her lust flow down her pussy. Creating a deep puddle on the table and the floor as her muff greedily gaped in ravenous need. The heavy taste of his slimy cock, the deep sweaty musk battered her tongue is not as strong as the overwhelming smell of his nut sack.

They slapped the young Taimanin in the face with no shame and the force of a punch with his pounding hips. Her gagging is louder than the moans of Maika she can hear down the hall. Her body ached for the dick to pound her lower hole. Her pussy let out small squirts of lust with every slam of the cock hitting her tonsils.

‘I just have to outlast him.’ Kirara thought she gaged as the neck breaking cock crushed her windpipe once more. ‘If I can just outla- ‘

“Swallow my cum your stupid whore!”

Kirara’s thoughts went white.

“Nhooo~!~! Nbbghiii~!” The loud choking moan shook the room as the half demon’s body nearly launched off the table with her back arching like a pulled back bow. Her pussy spurted out a torrential down pour of her lust in the air as her body jerked and writhed wildly from the climax surging through her. The feeling and pungent flavor of the seed along with the power of the tattoo gave her a climax that rocked her nerves. As if struck by lightning, her body shook and convulse while Tanaka held her down and released an equally dizzying about of his cum down her mouth.

The first shot alone filled her gullet and rushed out her nose in long goeey jets of white. her cheeks balloon out as her mouth overflowed with violently thick semen. It bubbled and popped as it sprinted forward in her belly.

Tanaka ripped his still spasming dick out the half demon’s mouth. Aiming his shaft at her face wot shower it in his cum. Each shot makes a small moan escape from her as another orgasm shuddered through her. Her pussy is bright red and twitching from the over stimulation. Drooling out a deep, slick

puddle of her own lust on the floor and table. The long ropes drizzled her face while Tanaka finished off his climax. His grin assured at the delirious cock drunk moaning from Kaira as he finished coating her face in white. Her mouth hanging limply open, with her tongue hanging out. her could barrel y make out her bright blue eyes under his potent seed.

“Not so talkative now are yay?” Tanaka taunted Kaira with a hard slap on her face with his cock. However, he got nothing but a gurgled moan

“Oi. You’ve got nothing to say?” Tanaka snarled and then noticed the up turned eyes of the blonde Taimanin. Her body shivering, but other than that unresponsive. Her holding in her many orgasms had backfired as the pleasure from that single one had knocked her unconscious in an effort to save face. Though it only made her look all the sluttier for someone to climax so hard from having their mouth be treated as a sex toy.

“Huh. She fainted.” The round bellied politician said with a huff. “I am not a fan of fucking a dead fish in bed...”

the moans of Maika not too far down the hall caught his attention. “Guess I’ll have fun with the red one until you wake back up.”

Tanaka shrugged as he left Kaira there, tied to that dining table, with his seed dripping off her face. The heavy palps of his cum hitting the floor, and her light moaning are the only things to be heard.

-OOO-

Faces red, panting with lust, Kiara and Maika stood, furious at the two men sitting on the large, stylish bed before them. The luxurious room, dressed in a deep red curtain over the window, only thin blades of moonlight through, and of plush carpeting did not help their ire. Though their current state of dress and dripping pussies say otherwise and even their raged induced expressions are softened by the make up and lust hazed eyes.

The covered part of Kiara is the lower half of her face with the dark blue veil covering it. A black spiked collar around her neck has a golden tag jiggling with the word slut written on it. The deep blue cloth wrapped around her impressive bosom did not even fully cover it. Just barely covering her nipples which are now pieced with white rings on her stiff nipples. Now permanently aroused thanks to the bright glowing womb tattoo.

The tight thigh highs covered her legs while there is another veil covering her bottom half. Leaving her cleanly shaved pussy just barely visible to the lustful men.

Maika’s own dress is barely even that. Her large head sized breasts are pierced with barbells on her stiff nipples and are shown to the two sleazy men before her. Her veil and clothes are a deep blood red, with only cloth on her side of her hips being the only actual clothes on her with the rest of her body coating in a few hangings of jewelry. Her collar swayed with a bitch tag on it.

Two days have passed since their leave to protect the two men and not a moment has gone by where they were on their knees or have their dicks pushed in them somehow. During trips to the bathroom, they would assault, they would wake up ever covered in cum or having a mind-numbing orgasm.

This is the taimanin’s last day here before they return to gosha to report back to Asagi on their mission. At that point, they can revile everything to her and take the men in.

They tried to make the information known to their allies that the two men are traitors, but they are far more credit than common thugs. Because of the power of the incubus clan, and the reach they have, they have to radio silent on this mission meaning they cannot contact gosha until they get an all-clear in the four days they spent here. And trying to send the info to their team through secret messages or a back door internet connection did not work.

In part because both men would not stop sticking their dicks in them, but also because they could find nothing to connect the bothers to buying the drugs. Even if both Maika and Kirara were tech savvy, the politicians have kept their illegal payments in many offshore accounts and connected those to random people who have zero connection to them.

Something Kirara found out when she was looking through their files as Haiden had her bent over his desk. She would be proud of her skills of being able to hack into a computer and search through it while having a man give you five back-to-back orgasms with his dick up her ass. If she was not so disgusted at how the idea she may be used to their primal nonstop fucking.

“This won’t end the way you think.” Kirara panted as she tried to keep her eyes everywhere but on their dicks.

The women just have to last this one night. After this, they can sprint all the way back to gosha, get rid of their tattoos, and arrest the bothers.

“Come on girls don’t be so stiff.” Haiden chuckled.

“Tch.” Though Maika clicked her teeth in rage, she could only do that. not trusting her body as he mind is a haze of lust. Like Kirara who is visibly shaking at this point with arousal, but her glare is strong.

“L-Let’s just get this over with.”

“W-We’ll...” Maika paused in her thoughts as her eyes gazed at the bouncing cock between Tanaka’s legs. she shook her head and tried her best to bark at the two men. “We’ll bust your asses tomorrow.”

“Cute.” Tanaka said with a playful roll of his eyes. Before snapping his finger and pointing to his erect cock. “But for now; suck my dick.”

Both women got to their kneed in front of the two cocks in a rush. A rush they hope is more to get this over with than a need to quell the fire in their loins. Their reasoning mixed with their lust and made their thoughts a muddled mess as they tried to keep the focus on the task at hand. One that involved sucking the two massive cocks in front of them.

Kirara took Haiden’s shaft easily past her painted lips. Sucking down hard enough to leave a ring of blue around it as she bounced her head up and down. Her hand closed around the base of it. or as much as she could with such girthy beast and pumped it at a steady pace. Faster than how her mouth gingerly coated the shaft in her spit.

Haiden, unlike his brother, isn’t as rough with his oral needs. Merely letting the half oni woman give long, savory licks up his shaft. Her lips glided against his cock as she made sure to cover every inch of his prick in the haughty lip paint she was forced to wear. It was as if Kiara was using his cock to clean the makeup off her mouth with how hard she sucks. Her drawn out sucks are the loudest in the room as she pulled her head up to audible pop the cock out her mouth and tend to the man’s large testicles.

Showing them the same admiration as she did to his dick, she lovingly kissed his taint and took his cum pouch in her mouth. Swirling it around her cheek as she kept on hand his cock, pumping it up and hand as she soaked his nuts in her spit. The bright blue lip stick nearly permanently affixed to his hairy ball sack as she trialed a mix of kisses and tongue lashes back up the top of the cock to take it all the way down her mouth.

However, he kept a dominant, tight grip on her horns. Squeezing he smirked as it got a charming squeak from her. Kirara also glared at him, but she learned her lesson in holding back her lust. She let her moans as she kissed the cock up and down the seep out. Letting them sound as whorish as possible to alive the tension in her fragile mind while Haiden guided her up and down his dick with her horns.

“Nngh~!Nnnhaah~!” Maika on the other hand has the harsher side.

“That’s right! You can take my dick like a ture whore now!” Tanka cackled as he has the fire taimanin’s long thin ponytail wrapped around his fist and slammed her head down on his cock. Ignoring her leash, he slammed his hips into her face at the same time as he brought her down on his waist. His other hand groped her fat chest as she glared at him. A wavering glare that is hidden under gagging moans and gasps.

Forced to keep her hands between her legs as she squatted down in front of him, Maika let Tanaka ravage her throat with his cock. Bigger than his brother’s it easily strained her mouth. Making her suffocate and choke from the meaty shaft punching her in the back of her mouth. Making her collar stretch to near breaking point as her face is bashed into the pudgy man’s waist.

“Come on! Choke on it some more!” Tanaka chided as he watched Maika’s make up down her face. Staining her cheeks in black tears, she left streaks of lipstick on his dick. Though Maika did not stay too idle as he kept pace with the older sibling’s painful ruining of her voice box. Gliding her tongue along the length, tickling the throbbing veins and circling around the head as it soared down her mouth. She kept her glared at him and even titled her head in time with the monster cock roaring down her mouth.

To Maika’s and Kirara’s luck both men climaxed at the same time. Their cum is seemingly thicker and more viscous than before as the girls could barely swallow it. Most it overflowed out of their mouths and gushed out their nose with the little they swallow is heavy, almost like meal, the thick flavoring of musk flooding their senses. Still, both girls dutifully drunk down the bother’s seed with loud gulps. Their eyes trained on the men with, what they believe is a fierce glare, but the bother’s kept their sly smile to themselves as they could see the clamming look in their eyes as they drink their cum. Eyes half lidded is lust as their cocks pumped down their mouths.

“Mmm~!Nnph~!” Even when they tried to pull their shafts away from them, the girl’s lip unconsciously locked on their dicks. Making them have to drag their dicks out of their lips that latched on to them until they popped out. Their tongue flicked up in ravenous lust to get any lingering jizz from the cocks. It took the Taimanin a moment to notice their lustful actions and shake their heads free of the feeling.

“Come on girls you aren’t done yet.” Haiden said as she sat on the bed. His cock pointed high in the air with his bother laying on the bed as well. “We’ll be nice and let you girls decide how you want to take it.”

Swallowing hard, both girls walked to the men. Kaira turned away from Tanaka as she lowered herself down on him while Maika, keeping with her defiant air, chose to face Haiden. Her large round rump hovered just above his cock.

Though the brothers let the girls pick the position, that didn't mean the Taimanin were in any sort of control. As they were steadily trying to lower themselves onto the men's blurring pricks, the brother's grabbed their hips and slammed them down.

"Buhiiii~!!"

"Fggghhhh~!!"

The girl's moans are jumbled and inconstant as the brothers and lust took hold of their bodies. Tanaka leaned up and pulled at Kiara's nipple rings. Groping and mauling her breasts as his cock pounded up her pussy that squirted a ruckus orgasm. Her body quivered and shook as the stout, fiendish man ruined her pussy once more. Her eyes crossed her face distorted into a lust crazed smile buried in all the moans she let out. Her tongue bounced and falling out of her mouth with her belly bulging from the size of the cock slamming into her womb with the force of a battering ram.

The younger brother took to Maika's bouncy rear. Dragging her body up and down his cock while his hand vanished into her large tush. Groping and smacking at the jiggling rear while he bit at her nipple. Rolling the shiny piercing in his mouth, he flicked and kissed at each swallowed nub. Alternating between the right large jiggling it and the equally big left tit as he slammed Maika down on his cock while the shaft rocketed up in her.

Maika could not even curse up a storm as her sweet, submissive moans echoed in the night. Her hips, either against her will or not, moved in time with Haiden's thrusting cock. Her tongue twisting out her mouth, though the only sign of her still keeping any sort of thought is her frown with her lust crazed face.

"Ohhugh~!!" Kirara's mind flicked in and out of sanity as her orgasm are actually endless. They did not stop with a single break in the first one as the only reason she could tell she was having multiple ones is from the fact that the pleasure would occasionally rise and fall; the few times she could glimpse at her thoughts. But it was still none stop as her pussy sprayed her lust like a fountain

"I'll make a breeding cow out you yet!" Tanaka snickered as he pushed her forward. Grabbing her horns, he railed hard into her. Sometimes taking one hand off her horns to whip at her pale wobbling butt as he rammed his bitch breaker of a cock down into her.

"Haaa~! Hhiin~! P-Pleash! Sl-Slow~ ngghhh~!!" All the while Kirara's face is twisted into a visage of debauchorous lust. Her tongue flapping out of her gaping moaning mouth that is contorted into a lust dazed grin. Her bright blue eyes are upturned, spinning in deranged arousal as she drooled into the sheets. Her legs went limp from the constant stimulation of her endless orgasm. Her mind is a haze of desire as the is fog over her goals. not knowing which one to go for and the fog getting heavier and heavier with each quaking slam into her rear.

"Drown int it you cow!" Tanaka laughed as his cock fired a heavy, warm deluge of cum that gushed and glurped loudly in the room. It is only drowned out by Maika's moans along with the sounds of her jiggling rear being slammed and her pussy being slammed into. The thick, heavy cock cream filled Kirara's pussy to the brim and her cunt happily responded in kind. Not a single drop of it was spilled as Tanaka pumped his whole load in her. Leaning over, rutting into her like an animal as each long ropey squirt is followed by a bed shaking thrust that made the slutty half breed bitch spurt out another climax.

And Kirara went completely limp. Her eyes turned upwards with her mouth gaping open as she drooled and twitched on the sheets. the fog in her mind gone, as well as nearly every other thought as, while she laid flat on the bed, Tanaka gave a few small sharp thrust to squeeze out the last of his seed.

“Feh. This bitch always faints on me.” Tanaka scoffed as he gave a painful slap on Kirara’s ass. Making her moan but not responded more than that.

Maika on the other hand is resting her head against the headboard of the bed as Haiden pumped a near endless load of semen in her. His hands groping and smacking at her red handprinted rear with his cock rumbling and jerking up in her. Spilling his whole seed in her womb as she gripped the headboard with enough strength to crack it. But to her relief, she did not climax after being filled with enough cum to make a small lump grow in her belly.

“Hey make room.” Tanaka said as he took a position behind Maika. Making her sense of relief very short lived.

“Hol-Haaa~!” Maika’s worried retort was silenced by the sudden climax from Tanaka snapping her head back with her ponytail and giving her ass a disciplinary slap.

“Fuck holes don’t talk.” The haughty politician snorted before he pushed his shaft, not into Maika’s winking asshole. But her already overly stuffed pussy.

Maika’s mind went blank as she could only feel pleasure. The next few moments are in a wash of lust of her as her any and all sane thoughts vanished. Her moans aren’t even words, just wispy cries of pleasure as her mind shattered in nothing but thoughts of lust. Her pussy is overly stretched to accommodate both shafts, gushing and spraying. the lump in her belly also grew as both members started pounding into her.

“Heh. Now this slut knows how to handle a dick.” Tanaka howled as he felt Maika’s cock choke his dick through his brother’s ins girding long his own inside her. Starching her pussy far beyond the human limit. “Tightening up even with all this cocko up in her.”

Both men slapped and groped Maika’s body. The red handprints on her ass would take days to vanish while the groping of her breast sent lightning bolts of lust that made her back arch and moan louder. her face twisted in a broken smile of ecstasy as she begged for more of their rough treatment. Drooling with her tongue flipping about as she hung her head defeated by the men’s cocks.

The bother’s had a dual orgasm that inflated Maika’s belly with how much semen erupted inside her. Both equal a near gallon of sticky, virile semen. Tanaka however wasn’t finished even as his cock kept firing his sticky load of cum. He pulled out her cum filled cunt and suddenly rammed his prick into her asshole. Pulling her head back as if he pulled on the reins of a horse by her ponytail, Tanaka snarled as he let his hips jerk up in the bent body of the cock drunk Taimanin.

When he finally felt like he was on his last legs he pulled out of her and finished the rest of his seed on her back and wavering rump. The long husky strings of white coated the cock drunk taimanin’s back as she whimpered in bless.

“F-fuuahhhh~...” Maika lay on the bed with her ass sticking up in the air. A broken bitch, covered in cum with her mission forgotten.

Kirara was about to wake up, but found her body bent. Tanaka below her, holding by her horns with his arms wrapped under her legs. With his bother pushing her down. Both of their cocks pointed at her asshole.

“I’ll breakish~! Anymore-Ngbh-and I’ll be nothing but a bitch! Pleash~!” Kirara words sounded like she was begging them to stop, but the lust crazed grin on her face betrayed her. The men gave her what she truly wanted and slammed both their cocks in her asshole. Each thrust made her mind break more and

more until she could think of nothing but cock. A shattering orgasm that showered the men's waist, as they alternated thrusting in and out of her. was what fiendish her. the cocks slamming into her at random odd timings. As soon as one would pull out the other would slam in or both would crash into her womb at the same time.

"Hiiingh~!!" Kirara moaned like wild animal as it is far too much for her to take. Unable to control her moans as her mind shattered into pieces. Her thoughts of being a warrior of justice relaxed with the cock of the men ramming into her. The womb tattoo gives a low hum as if in acceptance of her submission.

"Co-cockish~...thankish you forim givenh meish cockish..." In cock drunken bliss Kirara wailed and moaned as her body feeling into utter depravity. Her climaxes not once slowed down or ended even as the men finally slammed their cocks downing her at the same time and filled her belly. Just like Maika, her stomach grew to make room for the copious amount of cum being poured in her, but she looked more than a month pregnant with the amount of spunk fired into her.

Though, unlike last time, Kaira is still conscious, Though not sane as she is nothing more than a broken Taimanin whore. Panting and pleading for more while her body quivered. Gushing out semen from her bused holes.

"Oh, we'll give you all that and more." Haiden chuckled as he taped his cock on the half demon whore's face. Amused when she stuck her tongue out to lick the cock like a greedy whore.

-OOO-

"Oh? A permeant bodyguard position?" Asagi's face on the holo video looked curious at the idea Kiara presented to her with the idea.

"Y-Yes." Kiara said. Her face is stoic, but oddly flushed. Mainly due to the heat of the summer. "The siblings are very valued men of the Japanese political council. They are even in talks about joining the higher ranks of the Japanese council. The incubus demons may have given up pursuit now, but they and many more demons are likely to come back so-ahhh...~"

"Hm? Is something wrong?"

"N-No. Sorry it's this summer h-heat." Kirara sighed. "You know how it can affect my ice powers at times."

"Right." Asagi nodded in understanding but also in agreement. "Understood. I will mark both you and Maika as permanent guardians of the Nishima bothers. However, you will have to come at the end of every month back to Gosha for your reports or at least send them to me. Understood?"

"Of course, lady Asagi." Kiara nodded.

"Good hunting." Asagi said before the feed cut.

Kaira let out a long drawn-out moan as Haiden's fingers pumped in and out of her asshole.

"H-How was that master?"

"Perfect. Don't worry sweetie here's your reward." The muscled man said as he pushed his shaft deep into her pussy. Not waiting a moment, he started thrusting inside her like a wild hound. His hips sent ripples acaras her rear as he rammed his cock into her. Kiara leaned and moaning on against his desk with her legs spread wide and willingly.

“Good. That’s one less thing to worry about. “Tanaka nodded as he sat on the couch with Maika between his legs. Her face is deep between her bosom as she slobbered over his cock and moved her large tits in time with her mouth. Tanaka had a death grip on her hair as he controlled her head. Occasionally thrusting his hips up to make her choke on his shaft.

With the womb tattoos glowing on the girl, their minds faded into nothing but pleasing their new masters, Asagi is none the wiser to losing some of her strongest soldiers to sexual bliss.
