

Really?

I feel like it's too gaudy for me..

Do you think I look better like this?

I think you always look good..

Not because of the clothes..

But because you're you!

Really?

Really..

Kiss

Kiss

Wow..

Someone's a little worked up today..

Haha, am I?

It's because I miss you~

We literally got here together, idiot.

How did it go with the Queen?

She didn't tell you to execute me for treason, did she?

Come on, she's not like that..

Then what did you guys talk about?

I, uh, told her about the assassin who attacked you.. She seems pretty concerned.

She thinks there's a traitor in the Palace who knows about you and tried to take your life..

A traitor..?

Uh huh..

She has no heirs, so her advisors have been talking about a successor for quite sometime..

But the Queen couldn't decide on anyone, until she asked me to go look for you..

What did the advisors say about that..?

Nothing.. Nobody else knew about it but me and the Queen.
