Let her go, now!  
I won't repeat the  
second time!

Where have you  
been, Haruka..?  
And why..

Hm.. I have only one condition.

Let us both lower  
our gun first, okay?

P-Please.. do as  
he said..

Fine. Now, your  
turn, put yours  
down and give  
us the hostage.

Alright. I did what you said. Don't shoot, okay?

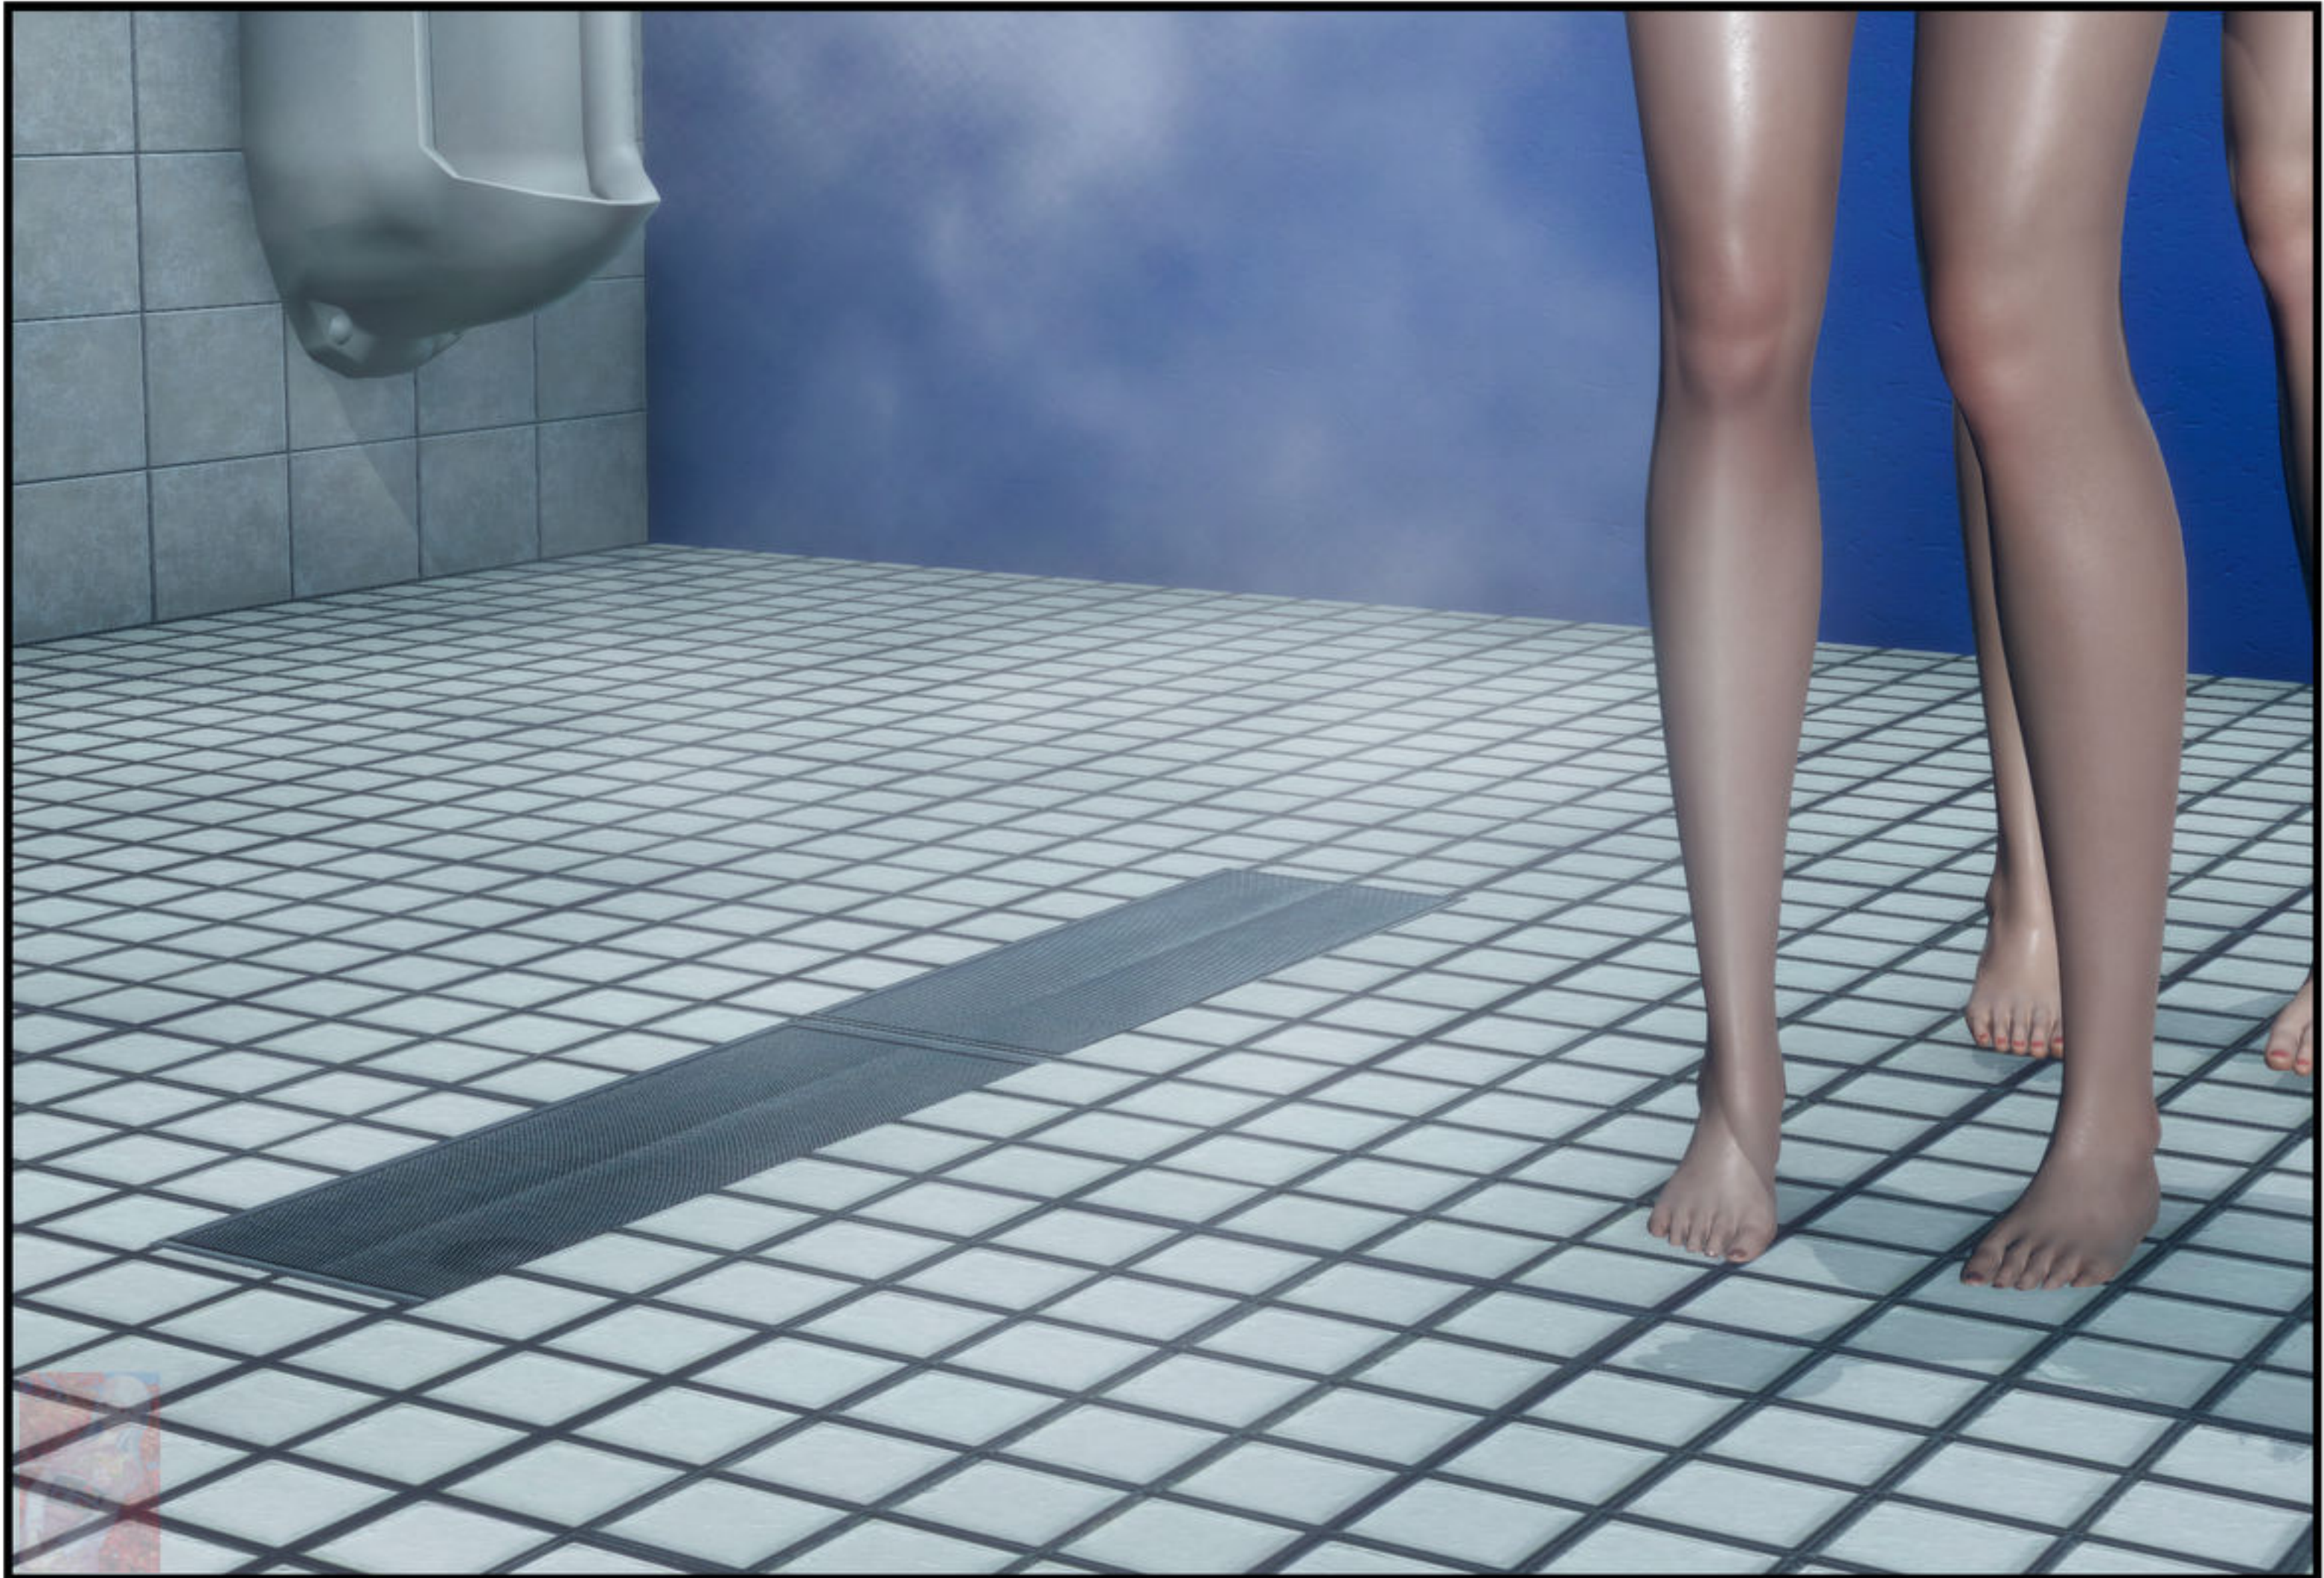

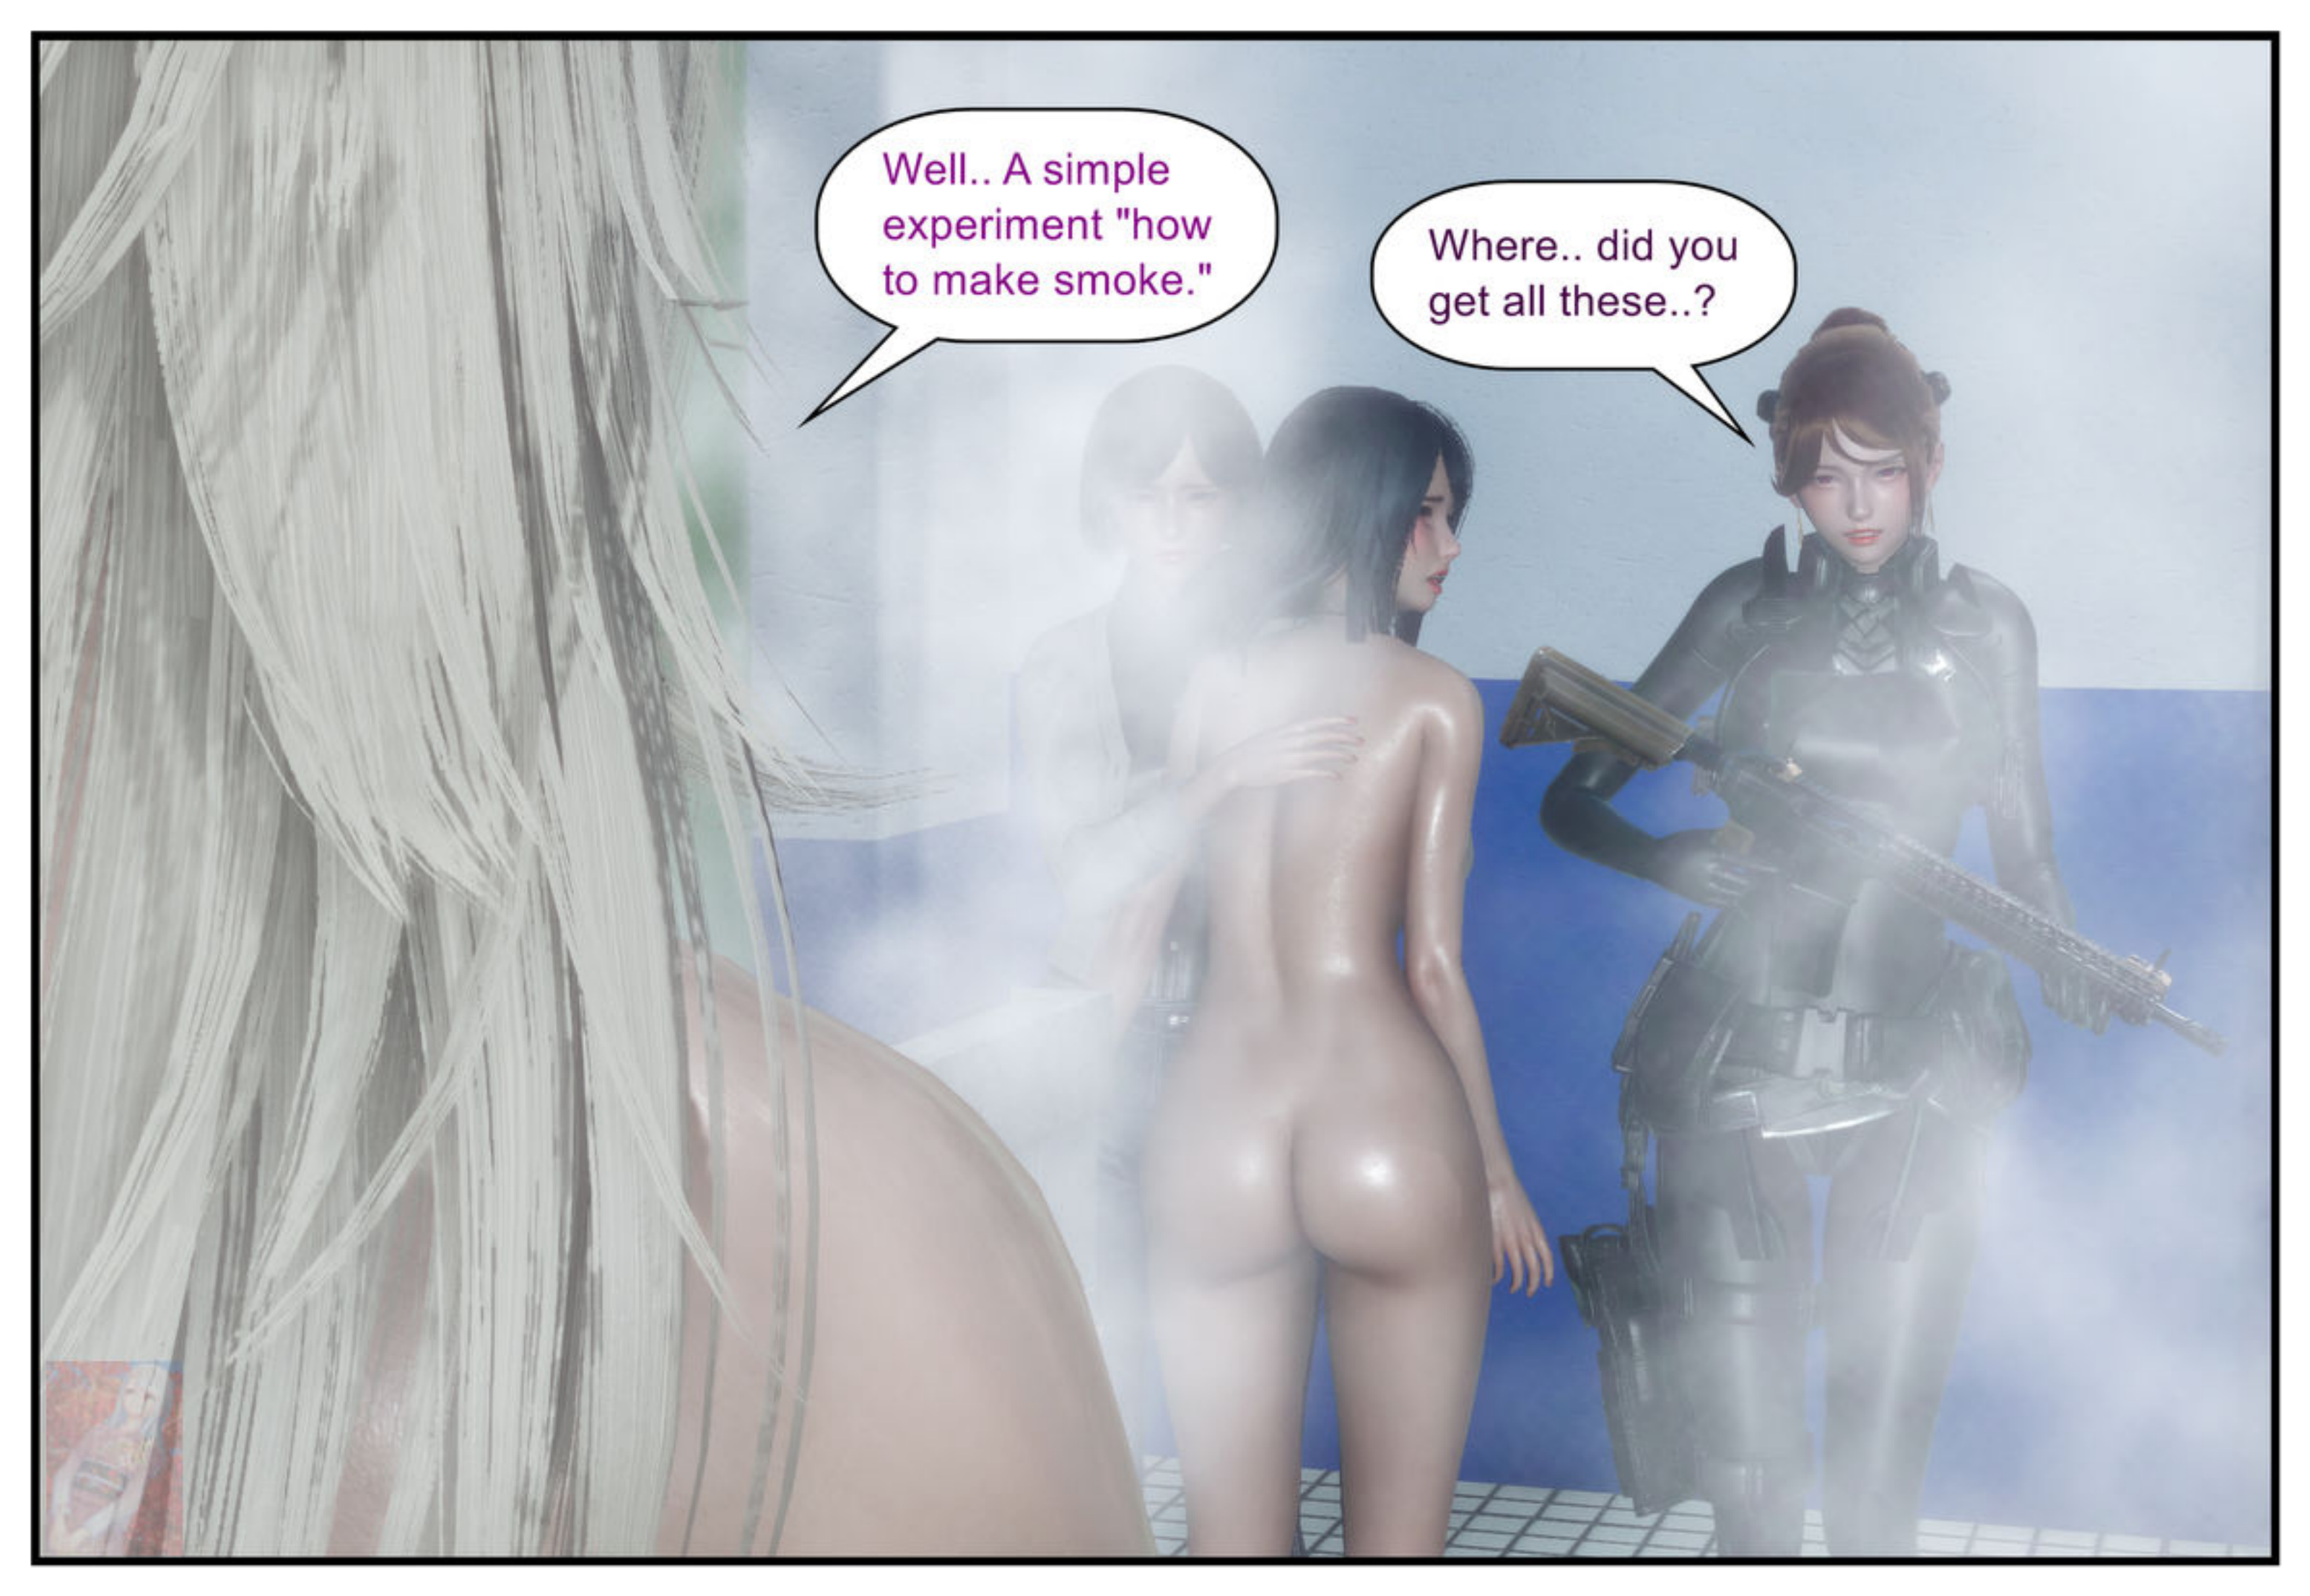

B-But..  
they will..

You said we were  
done here, right?  
Now, go.

Well, my sense never failed me.. and I always came prepared.

Well.. A simple experiment "how to make smoke."

Where.. did you get all these..?

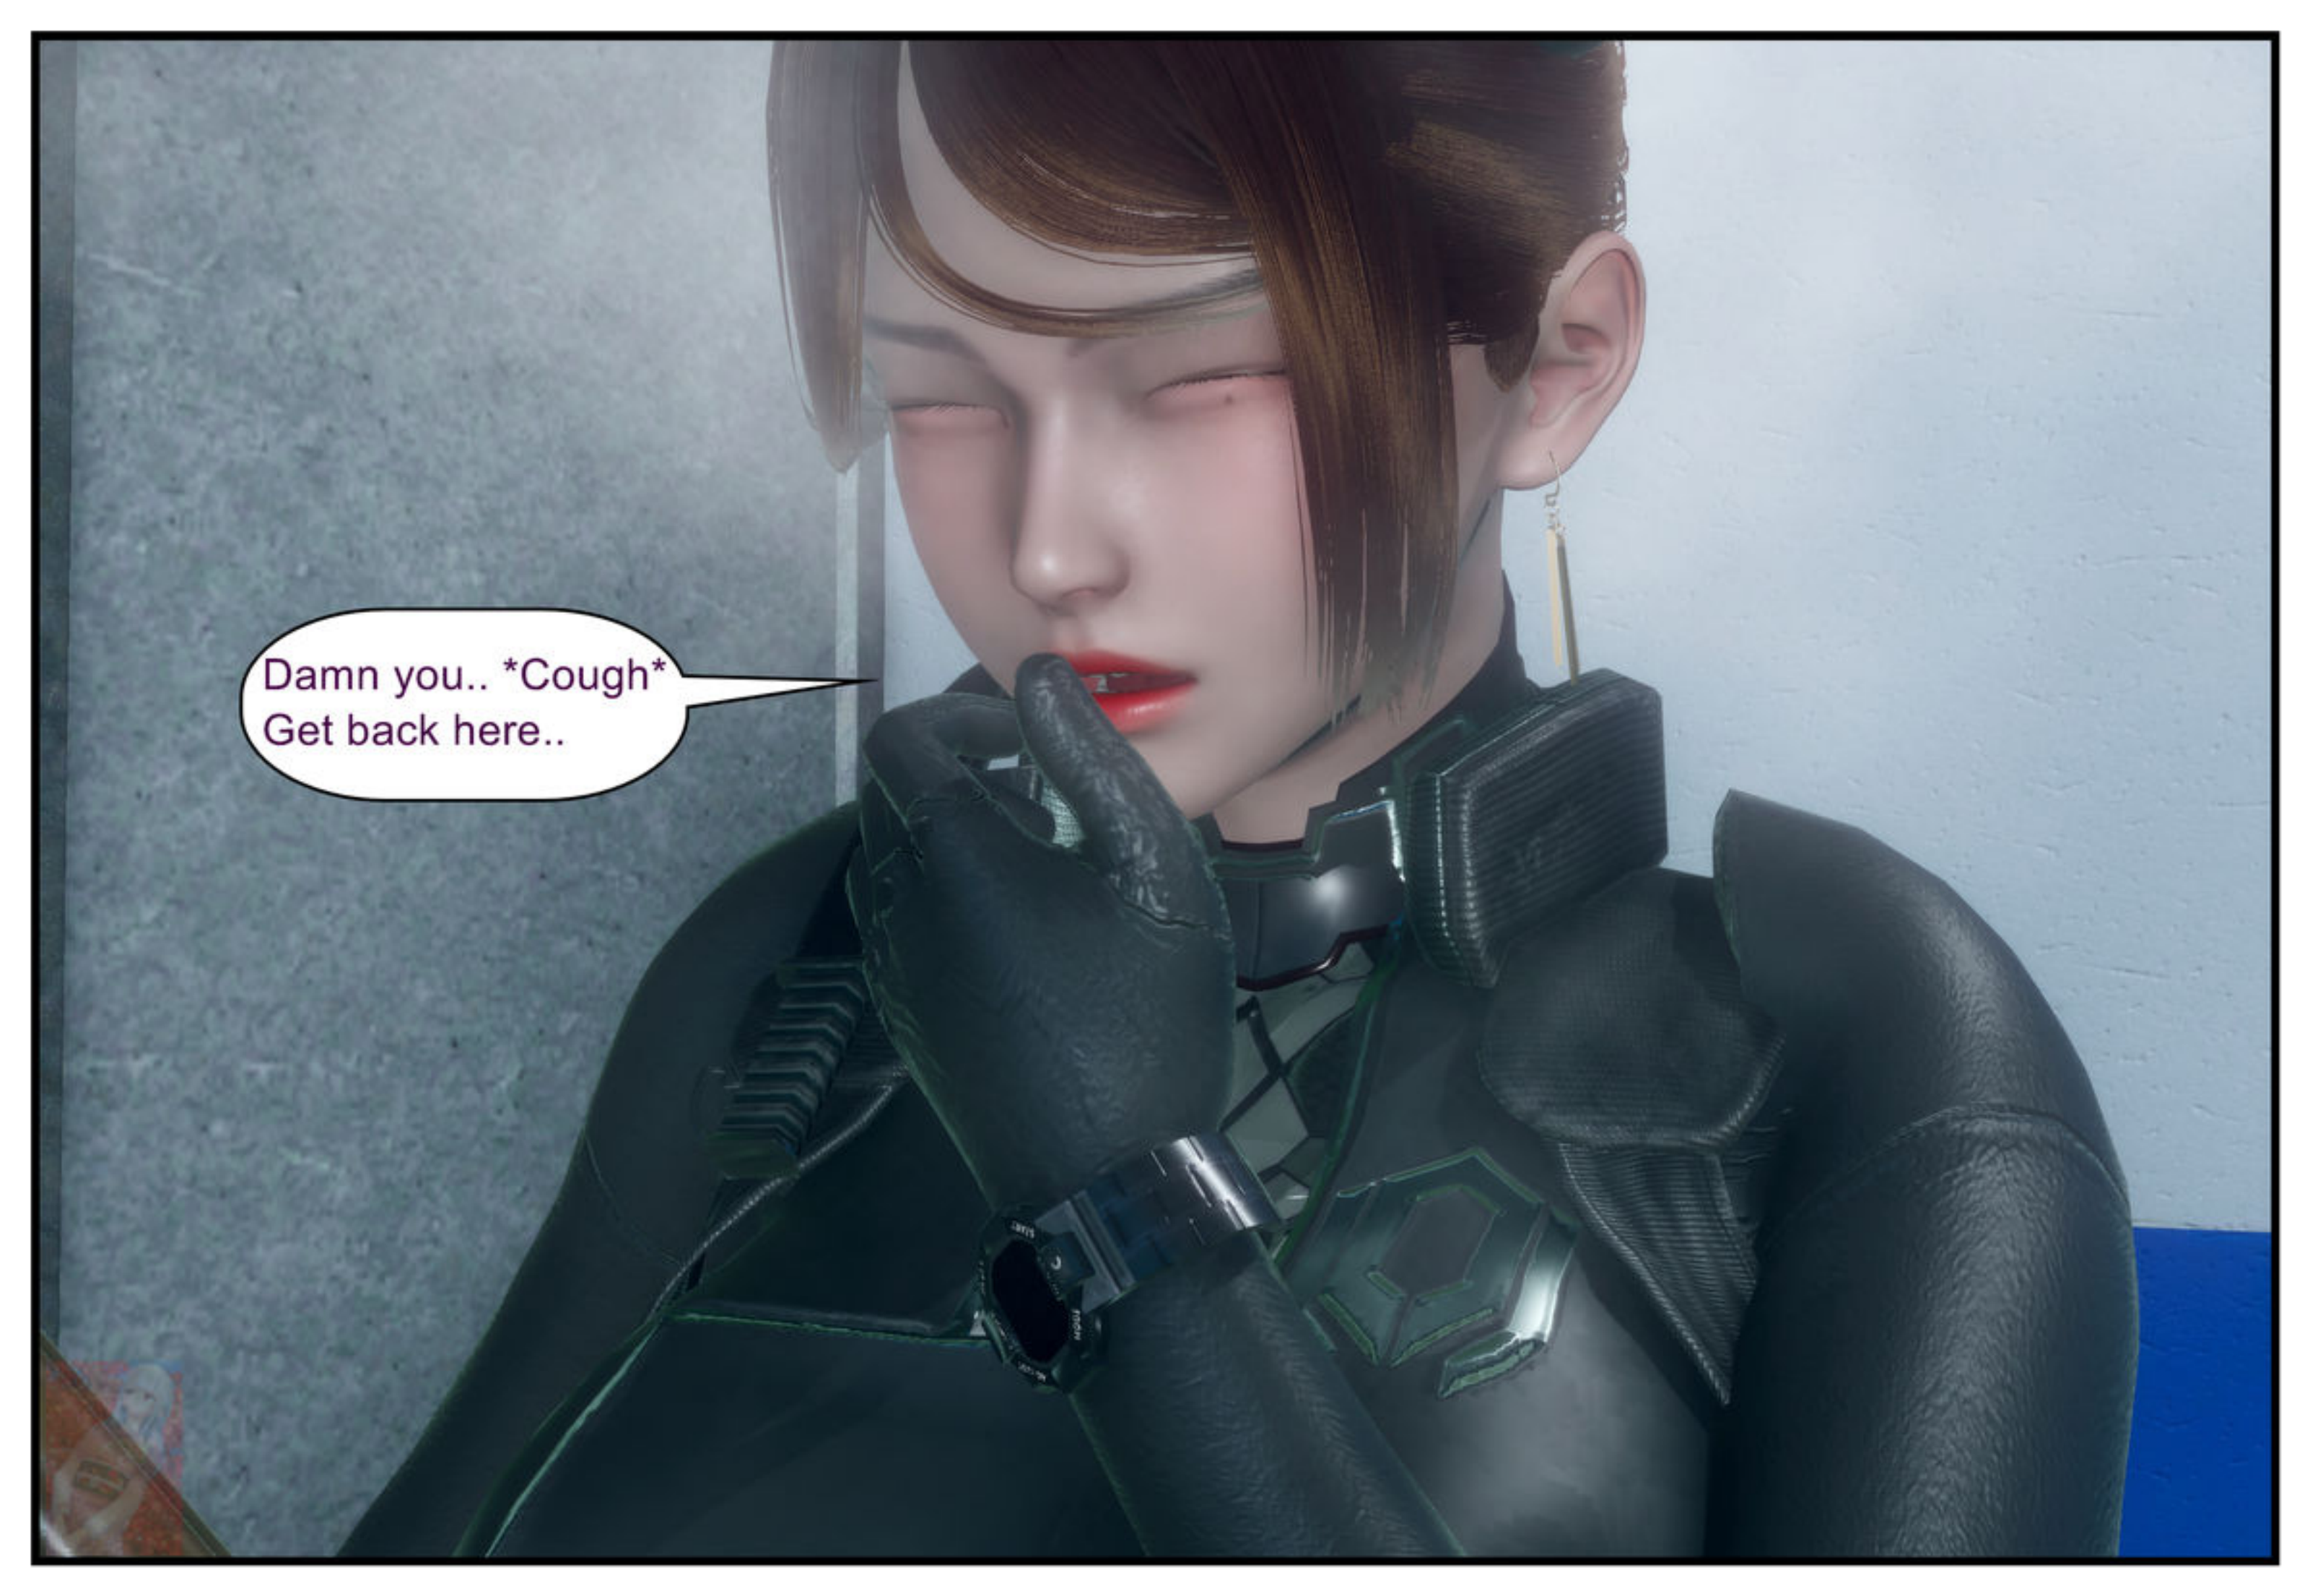

Sorry but I couldn't  
let you take me.

It's nice of you to  
let me know how  
was Earth is, Haruka.

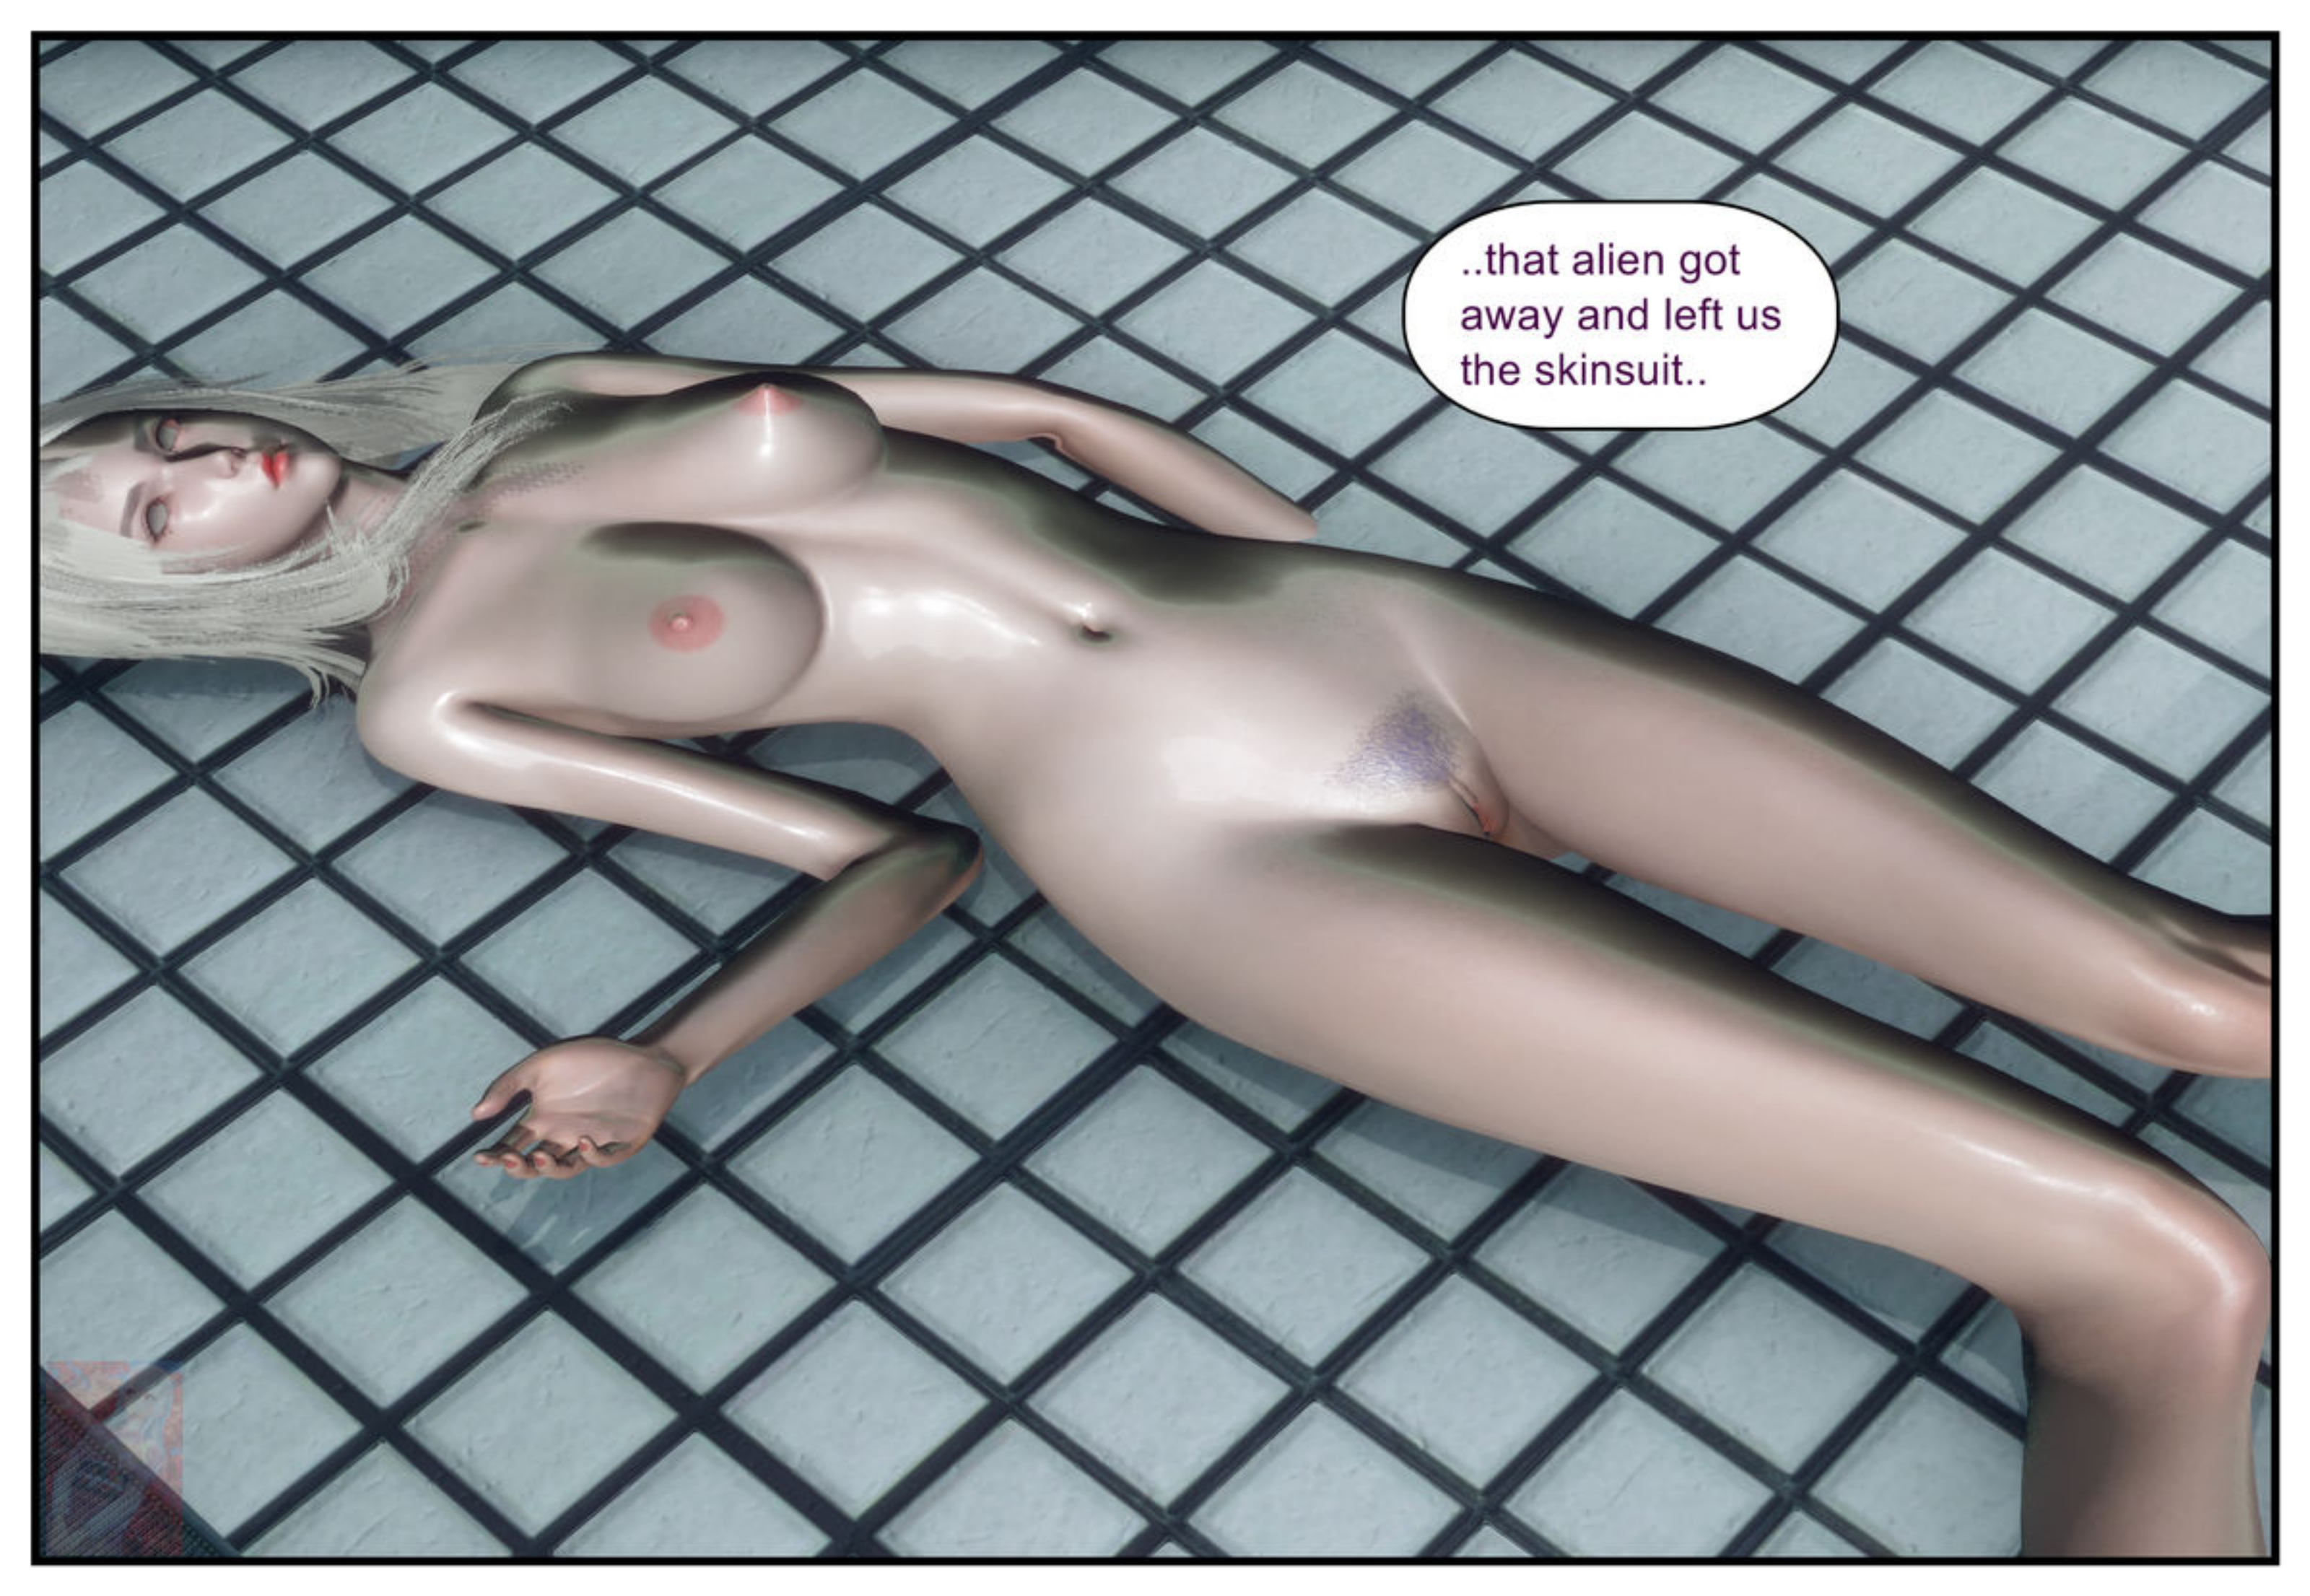

Damn you.. \*Cough\*  
Get back here..

A close-up shot of a female character with short brown hair and purple eyes. She is wearing a dark, high-tech tactical suit with a ribbed collar and a glowing green emblem on the chest. Her right hand, wearing a black glove, is raised to her mouth. A speech bubble next to her mouth contains the text "Ugh..". The background is a plain, light-colored wall.

Ugh..

..that alien got away and left us the skinsuit..

Your sister was blind,  
right? Help her walk,  
I will drive you two home.

A week later..

Please hold where you are, ma'am.

This is Checkpoint  
5, anyone who want  
to pass need to do  
scanning..

Including the  
high rank officer  
like you.

Hah!? You really  
think that alien  
can disguise as me?

We were just following orders.

Fine. But be quick,  
I have elsewhere to go.

Reading..

Scanning through  
human body..  
deteced something..

**Spotted Abnormal..  
Reading again..**

A tactical operator in a dark environment, wearing a helmet with goggles and a night vision device, is pointing a rifle at a person whose hand is visible in the foreground. The operator is wearing a dark uniform and has a microphone on their helmet. The scene is dimly lit, with a yellow light source visible in the background. A speech bubble is present in the upper right quadrant of the image.

"Ready your  
weapon."

Getting result  
on the scan..

Finish analyzing..  
Giving out result.

Confrim. She is  
the real human.

Wha.. wait? Is  
this thing broken?

I'm really  
sorry, ma'am!

You have wasted  
enough of my time.

No, you did good.  
I still have some more  
checkpoints to check.

Y-Yes, Ma'am!!

Yes, Ma'am!!

But do things  
faster next time,  
got it!?

Hah.. What a close call..

"Luckily, in that  
smoke, I can touch  
and copy her skin."

"But look like.. they surround the park, where my ship was."

"And I can only surpass  
that devices one time,  
not another chance."

"The hiding one made me almost out of energy.."

A 3D-rendered scene, likely from a video game. On the right, a silver, metallic mannequin stands in a dark, industrial-looking environment. To the left, a bright red, glowing light bar is mounted on a wall. In the background, a sign with Japanese text is visible. A speech bubble is positioned above the mannequin, containing the text "In this case.. only she could help me..".

In this case.. only  
she could help me..

Were that strange  
phone numbers..

Yes, it's me,  
Haruka.

A 3D rendered female character with dark blue hair and a white shirt, speaking in a hallway. She has a serious expression and is looking slightly to the left. The background shows a hallway with a tiled ceiling and a doorway.

That phone call must  
have been traced,  
let's go to another  
private place, shall we?

You said you were  
done with me.

Because.. this place..  
is perfect for 2 person  
to have sexual?

And why you chose  
this cozy hotel all  
of the sudden?

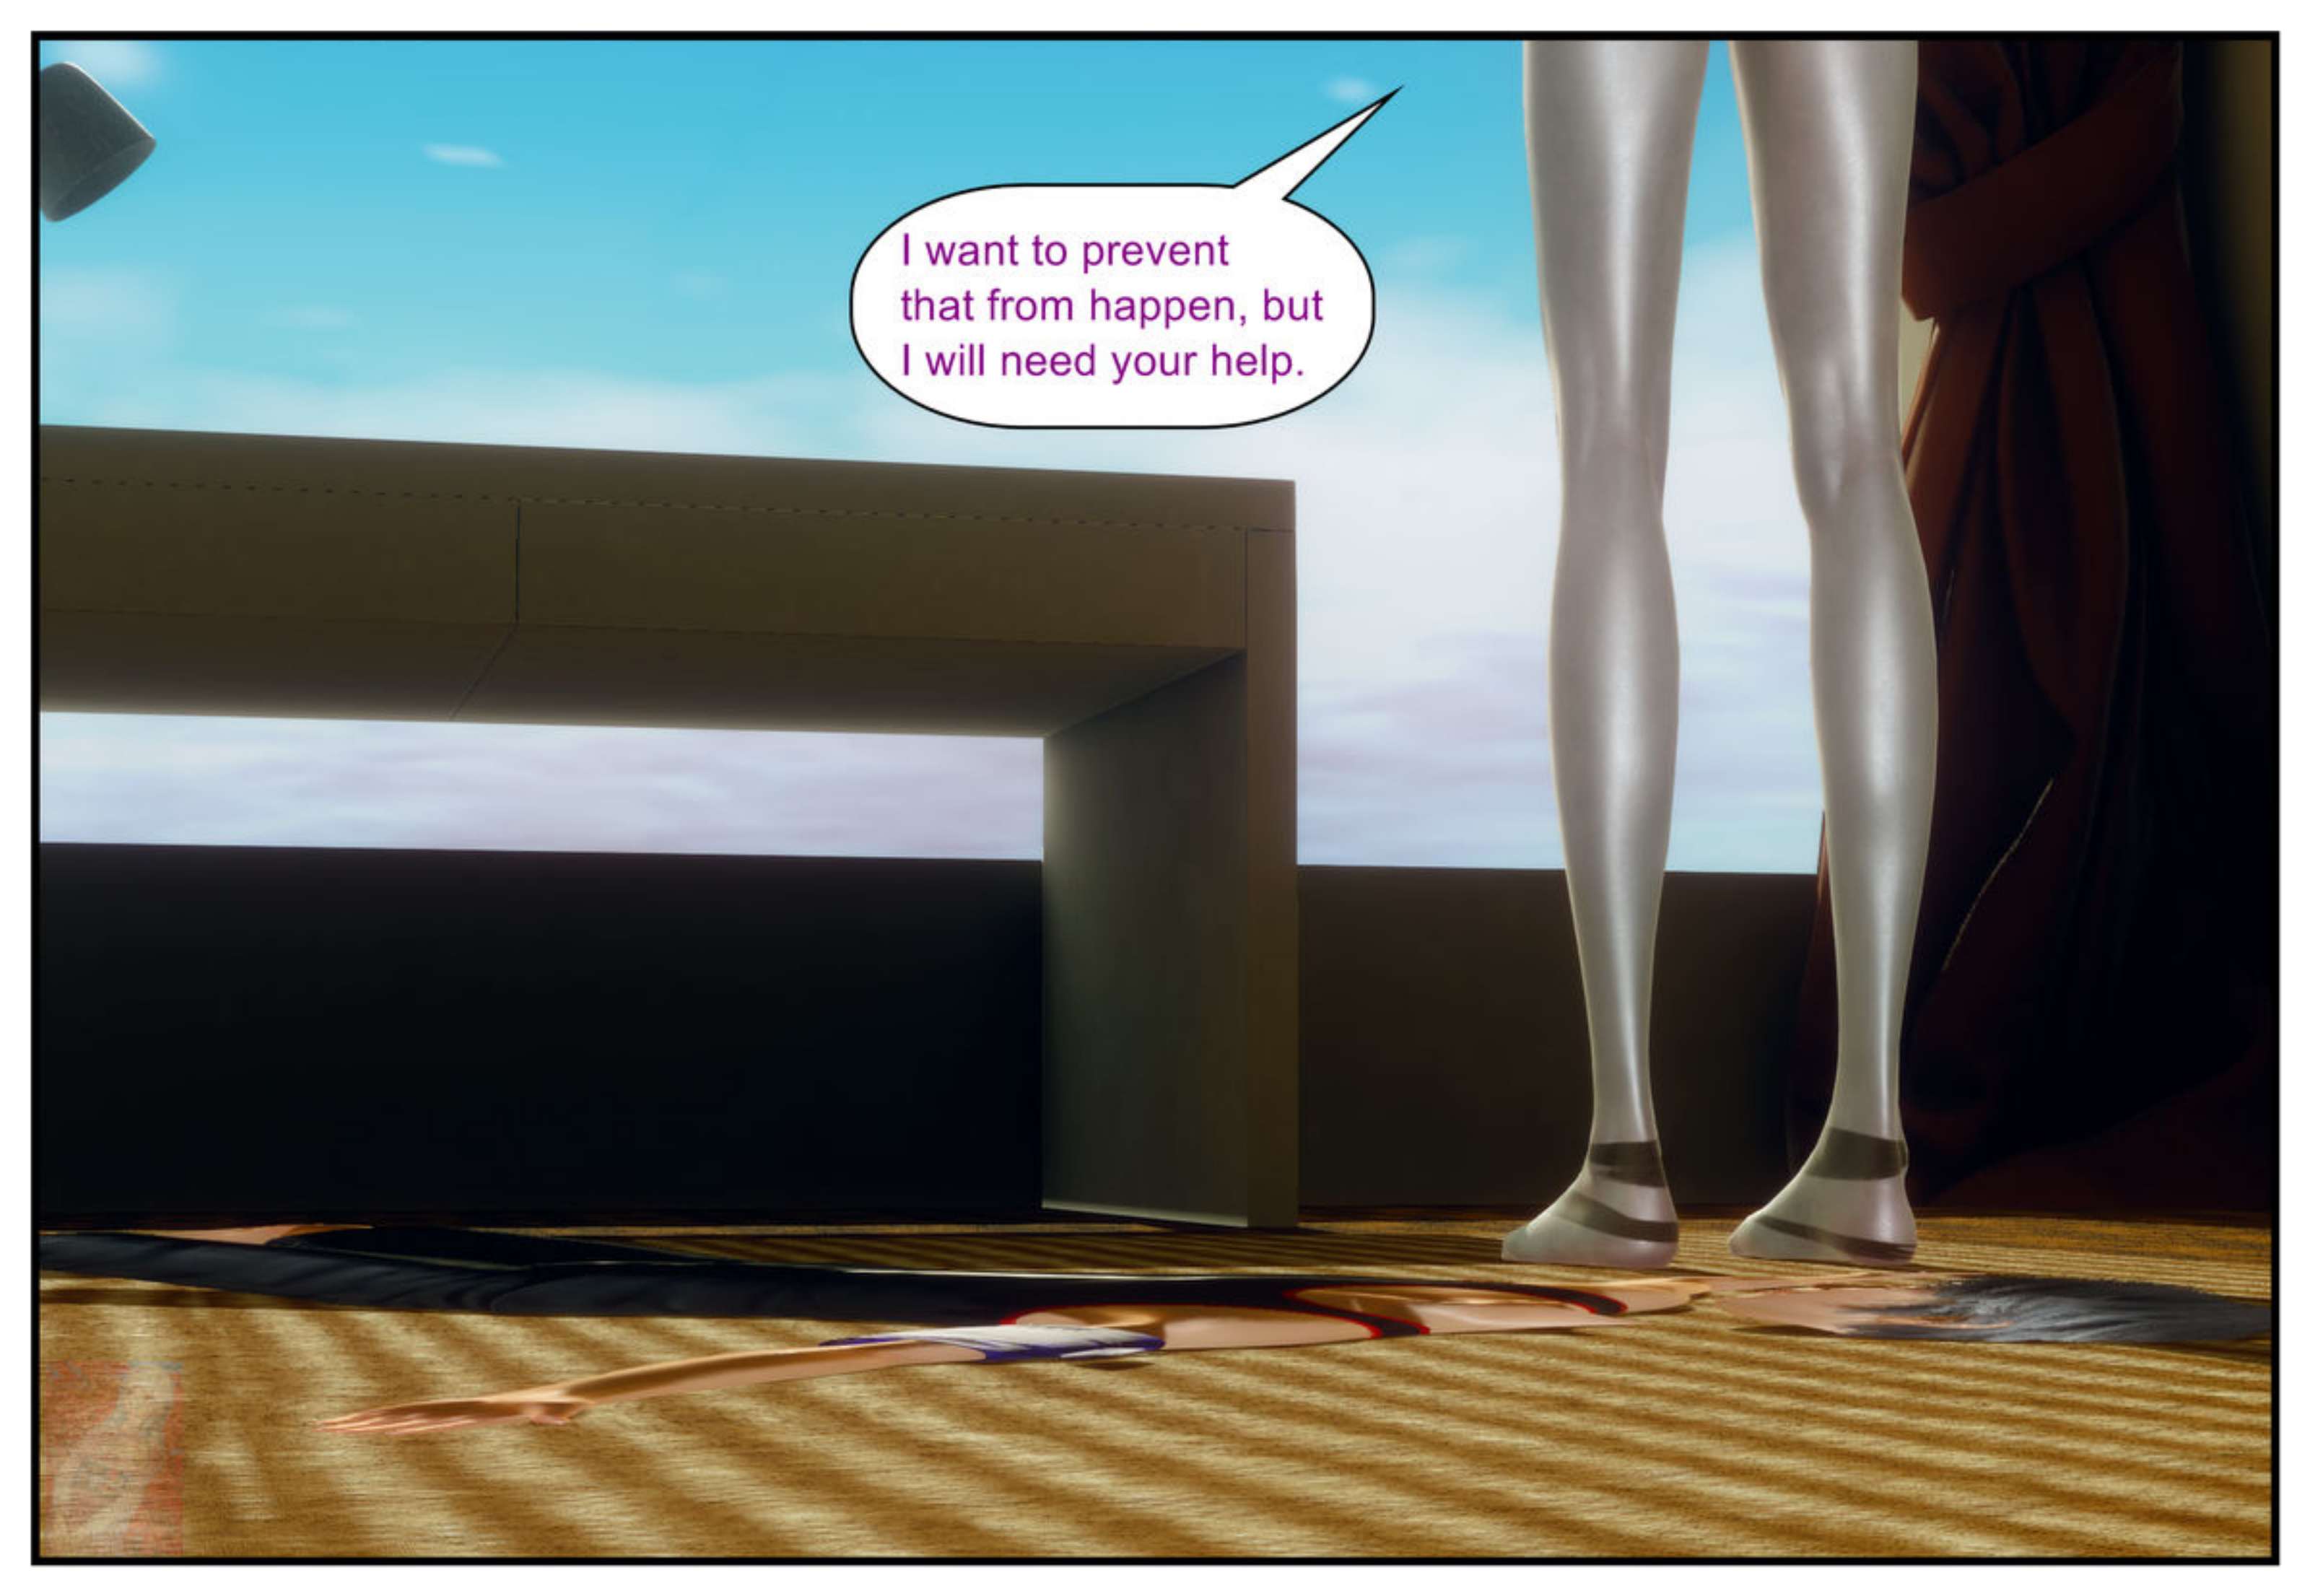

I'm being hunted  
on Earth.. if they  
caught me..

..the Mothership will see that as an act of war.. and the Earth will be..

I want to prevent  
that from happen, but  
I will need your help.

Like what we do before  
to help me regain the  
energy. Just this time.

I'm still angry about what you did with me back there.

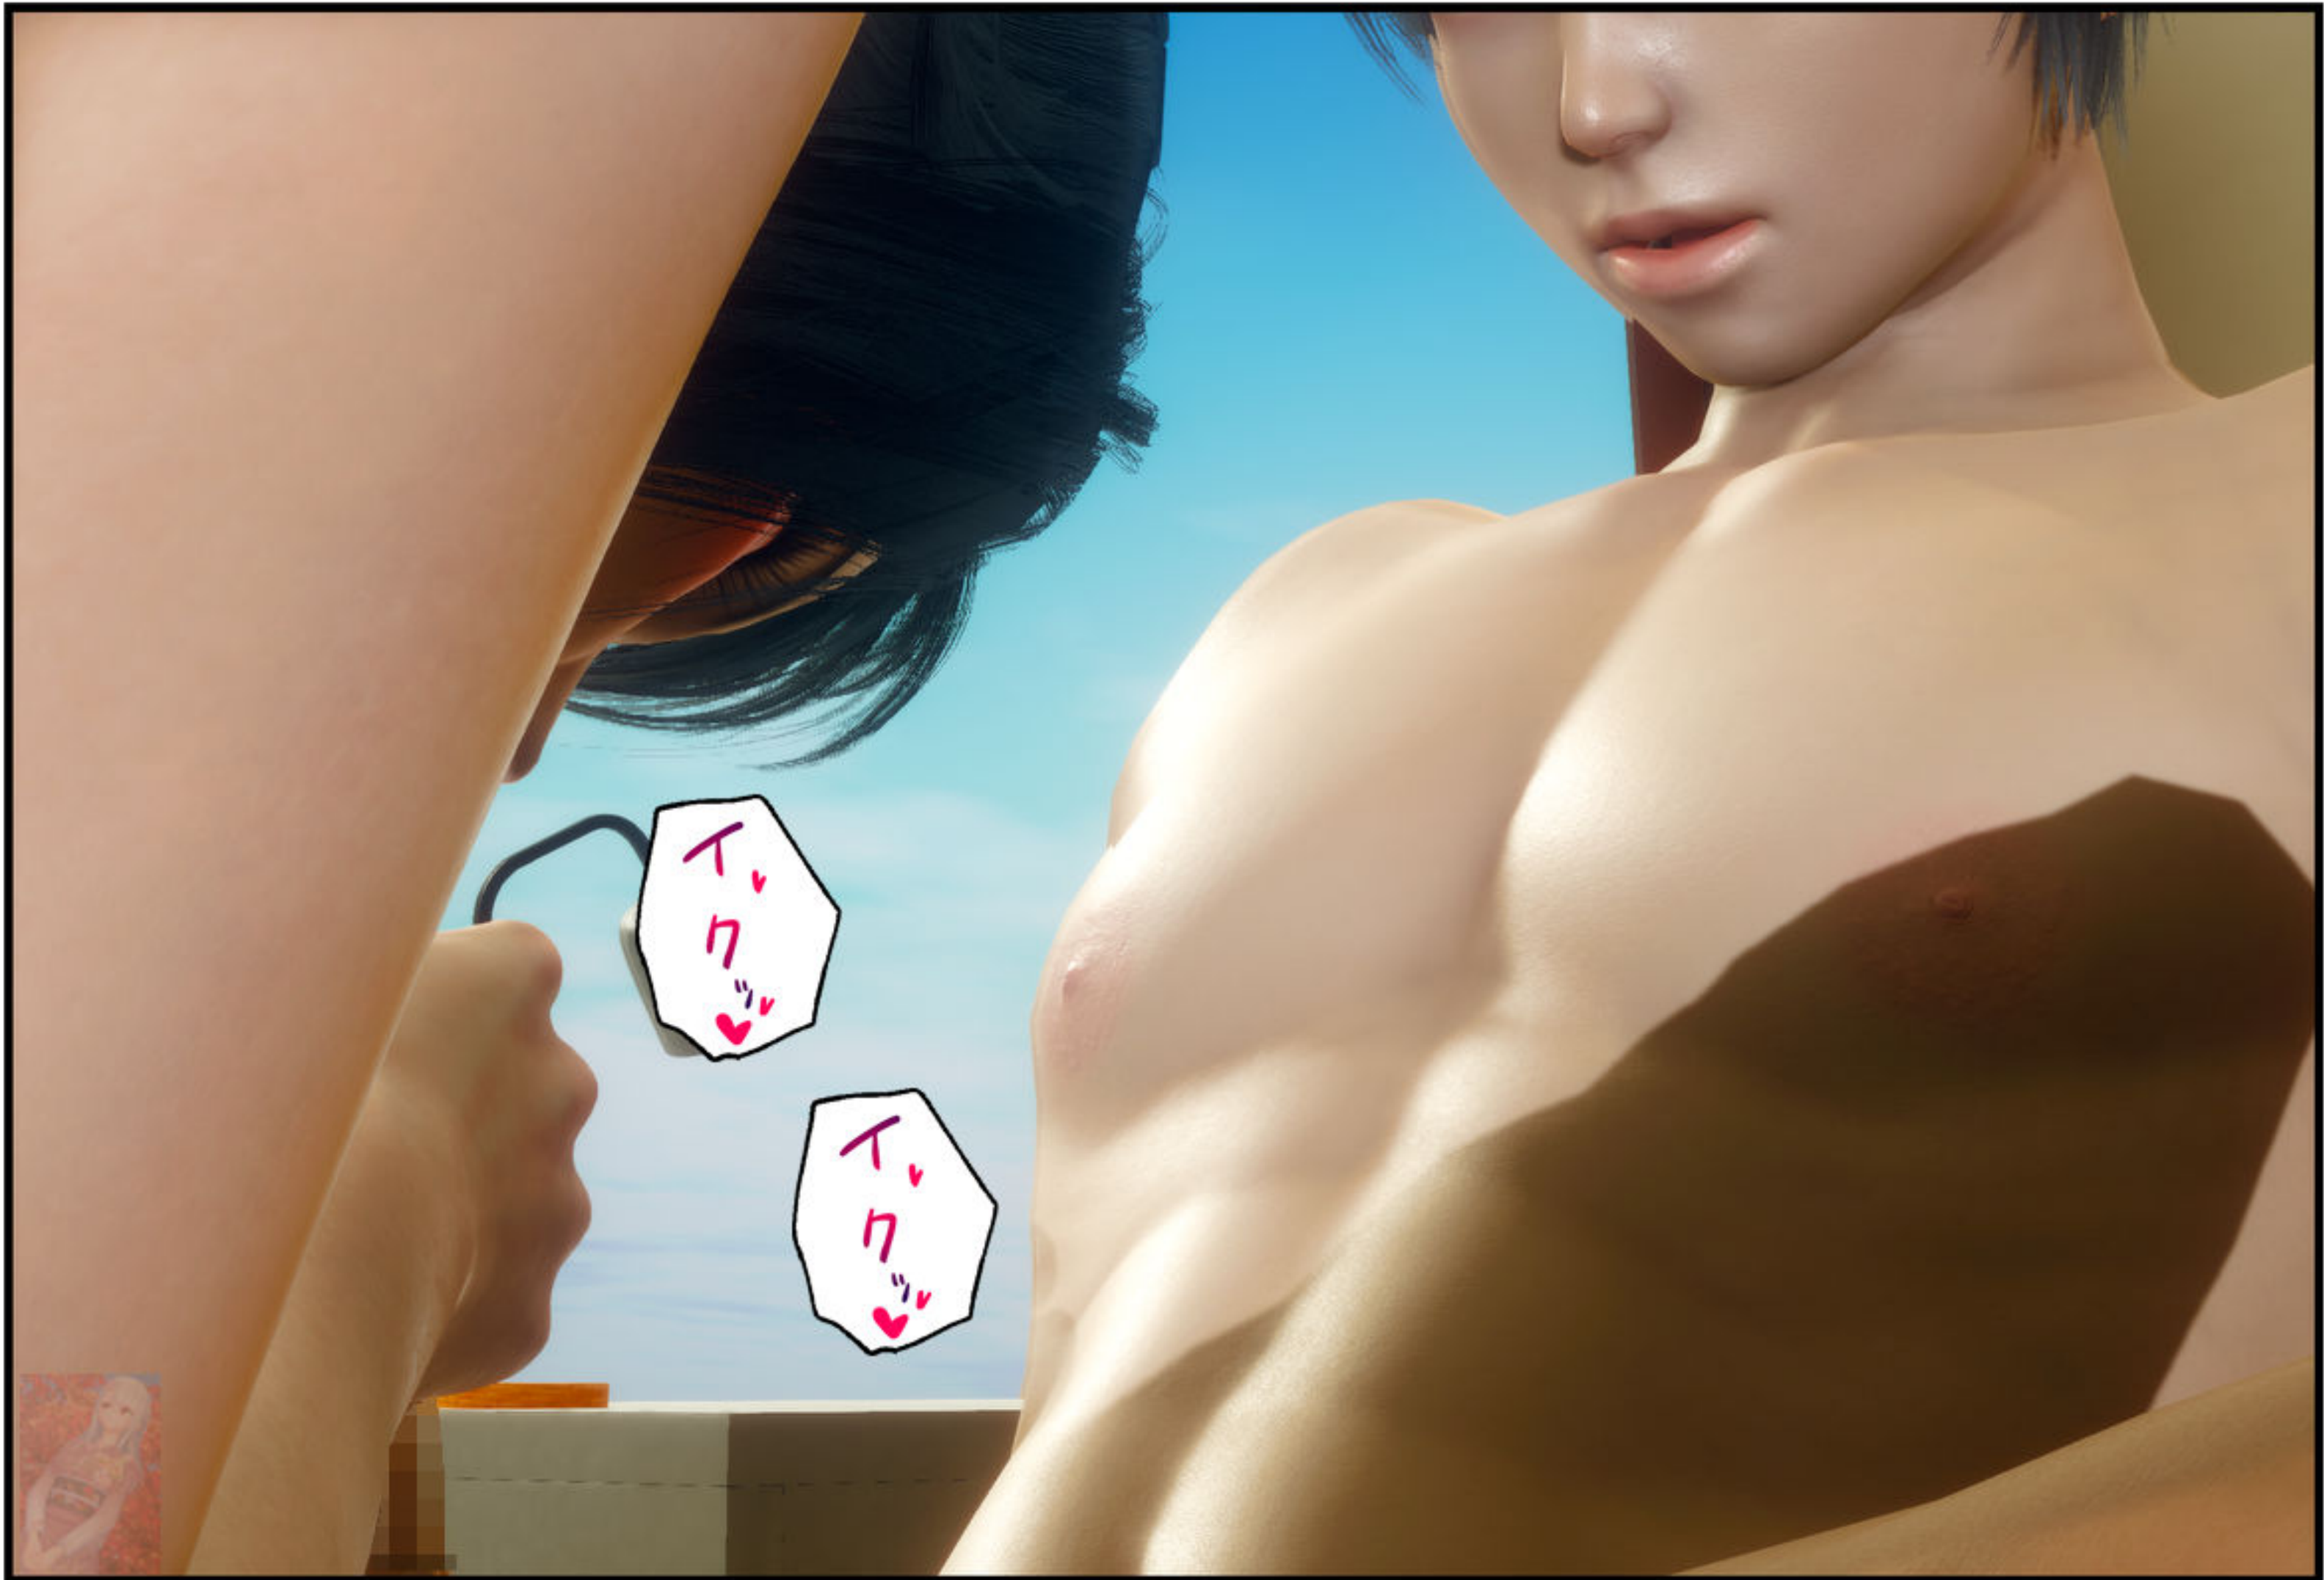

But.. look like I  
don't have another  
choice to save the  
Earth.

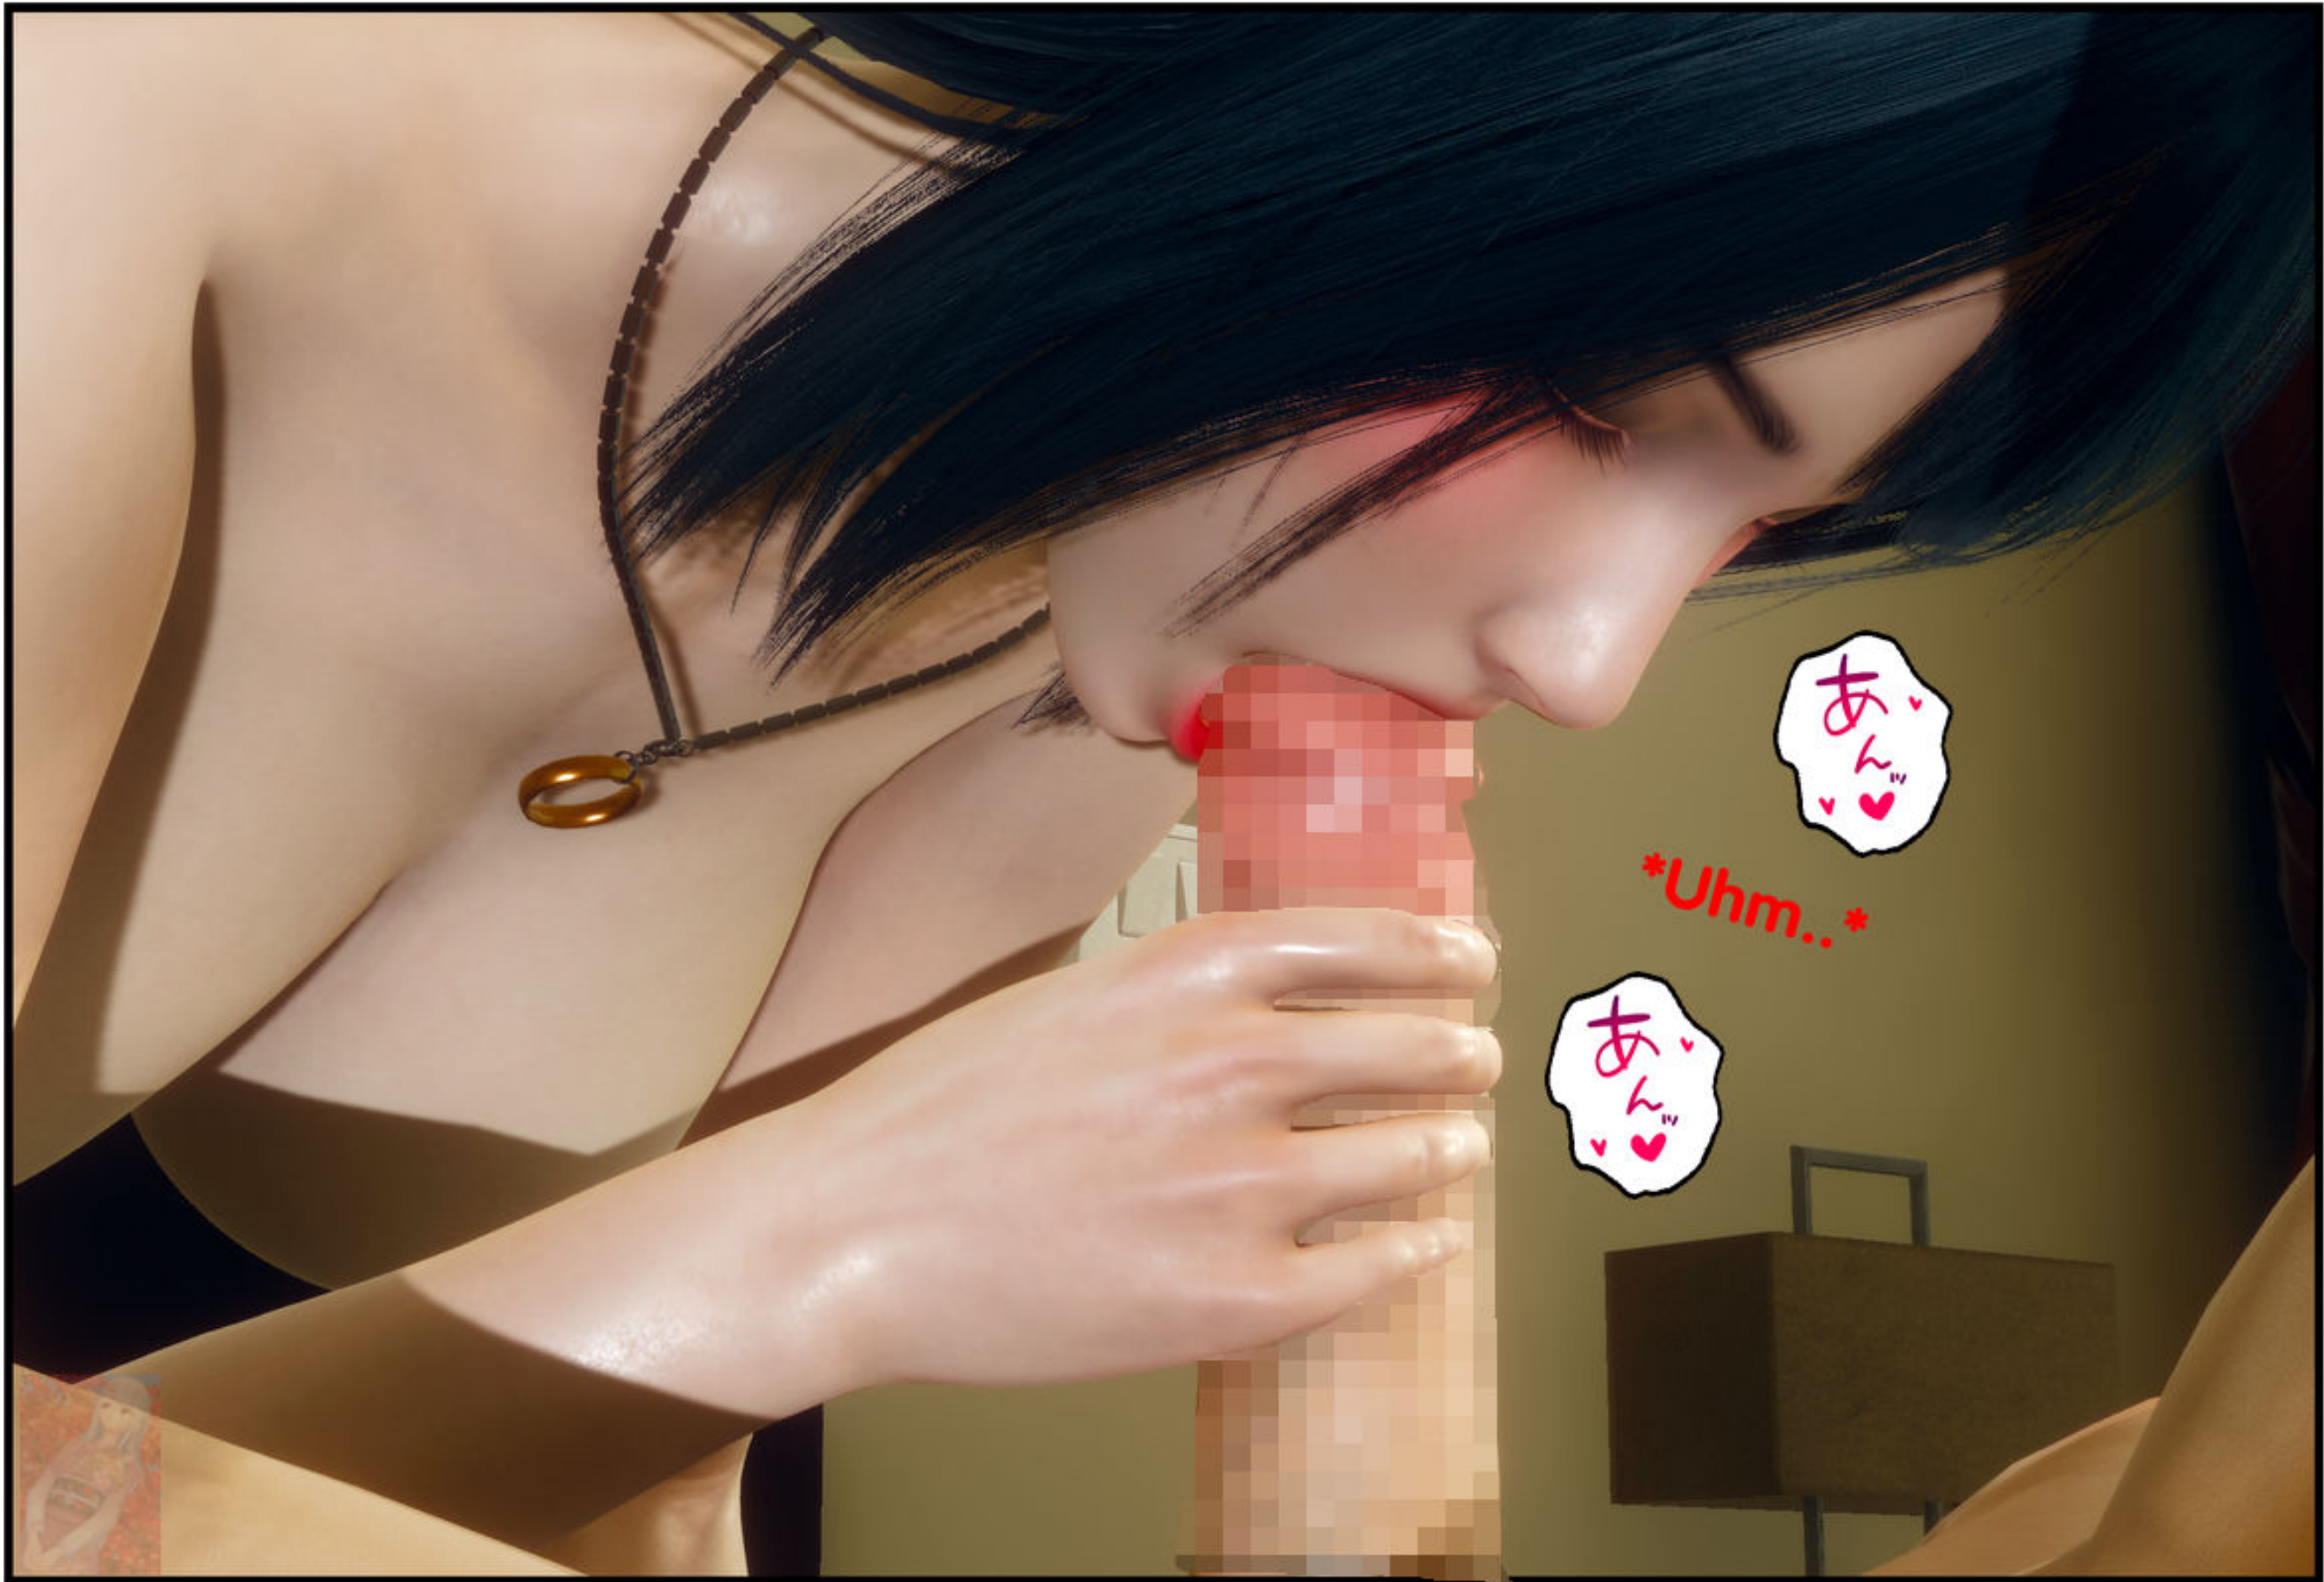

T-Then.. let us  
get started.

Sorry.. I got cum inside you..

But.. I think this  
is enough for me  
to use..

From now on, I  
won't let you involve  
in any of this, Haruka.

"Hm.. So that's how he got energy.. skinsuit and Haruka's eyes."

This explained why  
my sister acted strange  
lately..

"Haruka..? Are you in here..?"

"..While they were having dinner, I stepped in and saw Haruka's skin.."

"That was the time..  
I decided to know  
nothing and observed  
everything."

"He did give Haruka to see the light again.. He didn't force her to help him.."

"Well.. I respected  
what Haruka chose.."

But.. should I..  
keep this skin..?

To be continued?
