

Let's face it,
you're good
at one thing.

Hurting people.

That's what
you were
made for..

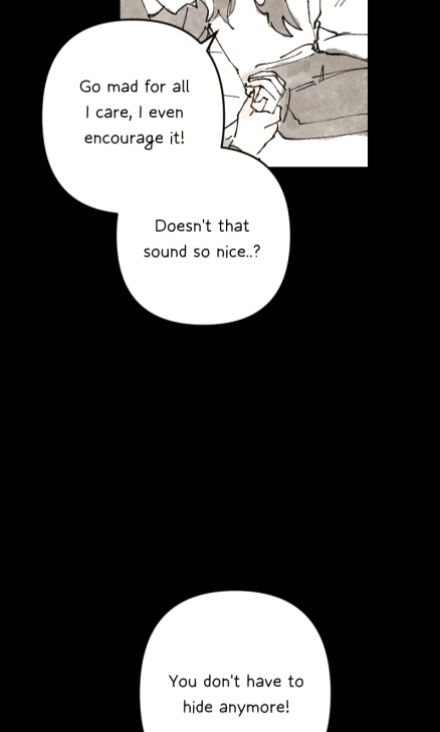

Even if you
don't want to
admit it

You know
it to be true.

Society has no
place for something
like you.

You're a monster.

And they will never
forgive you for it.

But here..?
You can be
as horrible as
you want.

Go mad for all
I care, I even
encourage it!

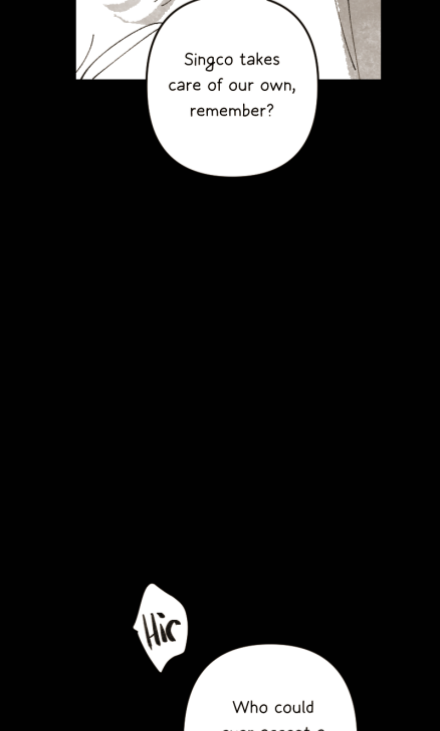

Doesn't that
sound so nice..?

You don't have to
hide anymore!

Hic..

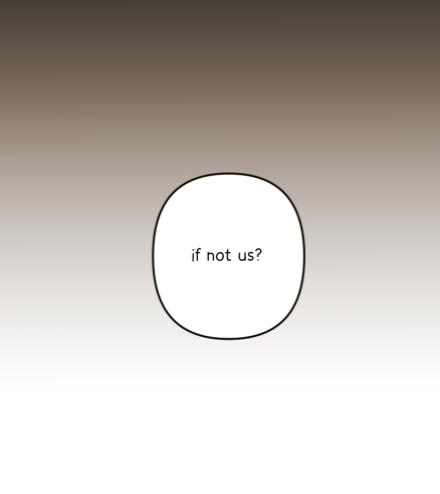

Aw...

There there.

Singco takes
care of our own,
remember?

Who could
ever accept a
monster like
you...

if not us?
