

Addicted

“Mmmm...”

Alex roused from a deep slumber. The bedroom was dark and cloaked in the dead of night.

“Mmmmm...”

“Huh...?”

“A-Ahh! Mngh! A...Alex...!”

Sounds of lust and desire poured over him. Few things could wake Alex at such a speed as finding his girlfriend straddling his hips. Naked and wet with arousal, her bare crotch rubbed against his shaft with pillowy wet lips.

“Emma? Emma, what--*nng*h--what are you--”

Alex paused and stared at the feminine silhouette grinding on top of him. Slender and stacked, it was hard to believe she'd grown so much as to make her bust obvious even in the dark. How Emma had come to such a size from her original A-cups was awe-inspiring.

“Mmmngh... Mmmmmmm!!”

She moaned loud and deep, squeezing her breasts between her arms. They bulged forward like stressed water balloons.

“E-Emma...?” Not giving in to temptation was difficult.

A visage of overwhelming desire stared back at him. “*I found the pills, Alex...*”

He gulped. Despite his throbbing cock and pussy-soaked boxers, this was not good news.

Over several weeks, the couple had entertained the idea of Emma taking breast enhancement pills. They were effective; sometimes too much. Emma's breasts saw gradual growth over the three-week time, swelling from her flat-chested frame to a gorgeous set of F-cup knockers. This on its own would have been incredible if not for a side effect of the pills: Emma's libido skyrocketed.

While taking the pills, sex was all she could think about. It was a man's dream at first, but as the days wore on without a chance to catch his breath, Alex realized he couldn't take it anymore. Her growth had shot past their previously discussed goal, bra expenses were draining his bank account, and sex wasn't as enjoyable after the fourth time in a day.

In the end, the couple decided to take a week's break from the pills for the sake of his manhood and what seemed to be an addiction seeding itself within Emma. For good measure, she allowed Alex to hide the supplements so she wouldn't be tempted.

“Mmmmm sorry...” Emma giggled. “*I just couldn't wait a whole week!*”

Alex's mouth was dry. Her breasts looked bigger already, but he was sure it was just a trick of the low light. “Emma...? How many did you take?”

She reared up and arched her chest forward to pose with drunken pride. A finger ran over the front of a mammary to tease a bloated nipple. “*Oh you know... A couple.*”

SSTTRRRRTCH

Soft flesh visibly swelled off her front to leave her breasts at hulking H-cups. Alex ogled the melons in disbelief. It was the first time he'd seen real-time growth from the supplements. The sight was as incredible as it was worrying.

"Ahh!! T-They feel so HOT!! And...tight!!!"

"A couple?! Emma! Your tits are--"

STTRRRRTCH

"MMMGGH!!! O-Ok, maaaaaybe seven or eight."

"EIGHT?!"

SSTRRRRTCH!!!!

"Ah!! Haah...! Oh God!!" Gasping for air as weight ballooned on her torso, Emma stared in pleasant surprise at her burgeoning chest. *"I just wanted to feel them grow again! You have noooo idea how good it feels to have them swell and tighten!! They were begging for more!!"*

SSTRRRRTCH!!!!

"Nnnnnngh!?" She gyrated against his crotch as her breasts blew past the size of her own head and rivaled ripe watermelons. *"I didn't think they would blow up...s-so fast!!"*

BWOOMPH

"Mmmm!!!"

Emma fell forward in a mess of sweaty cleavage and messed hair. Flesh pinned Alex in place. He could feel her skin creeping wider across his body.

"Did you really only take eight pills?! You're getting massive!!!"

She laughed and massaged the side of her bust. *"Eight... Half the bottle... What's the difference?"*

"EMMA!!! What is wrong with you?! Taking that many is going to--"

SSSSTTRRRRRRTCH!!!

"Aaahhhh they're growing so FAST!!! I-I can feel my skin trying to stretch!!!"

Lust leaked from her pussy onto his shaft. Struggling for freedom, Alex could only watch in helplessness as her chest led a conquest over his arms and torso. Cleavage swallowed his chin and face, burying him in darkness and heat.

"Mmph!!!"

"Oh God!! O-Oh God!!! I want...to keep growing!!! I want to feel them get HUGE!!!"

SSSSTTRRRRTCH!!!

"MMMPH!!!"

They ballooned across the mattress. Like two heavy airbags, they bloated between him and Emma to lift her body several inches at a time. Slowly he felt her crotch struggling to maintain contact with his groin.

"N-No... No, I want to keep feeling you!! I-I want you inside me while I grow!!!" She tried to grab at his member but could not reach.

"MMPH!!!"

Emma's hips lifted away as her breasts expanded between them and across Alex's legs. The full weight of her bosom pressed upon him, heaving and wobbling with her tense body writhing on top.

"A-Alex!!! OH, ALEX!!! It feels so GOOD!!! I-I can feel you...struggling under my tits!!! Can you believe that?! I-I'm big enough to bury you with my own boobs!!! You're literally smothered in my cleavage!!!"

"Mmmph!!!!"

Alex's world was one of darkness. Between her chest and mattress, he found little air and no possibility of escape. Pushing his hands in front of his face only created a small pocket of space and did nothing to shift Emma's monumental bulk. From all sides he could hear her moans reverberating through her chest. Muffled screams of growth-drunk delight sank into her cleavage. Alex was certain he could still feel her excitement leaking down between her breasts, causing them to slicken and slide over him.

"E-Emma!" he yelled into the fleshy cave. *"Emma!! I-I can't...breathe!!!"*

CRREEEAAAAAAAAAK!!!

The bed groaned beneath him. Something was going to give and Alex wasn't sure he could survive the bed collapsing with Emma's gigantic weight falling on top of him.

"MMMMNGH!!!! Aleeeex!!! I'm SO BIG!!! My tits feel like BLIMPS!!!"

SSTRRRRRRTCH

Skin ached and stretched in his ears.

CRREEEAAAAAAAAAK

"Ahh!! N-No!! I want them to keep growing!! Don't stop!!!"

Alex felt a ray of hope. Her swelling was slowing down. It wasn't much, but it would be a step in the right direction.

CRREEEAAAAAAAAAK!!

"B-Bigger!! I want my boobs...bigger!!!"

CRREEEAAAAAAAA--CRNCH!!!!

"AHHH!!!"

BWOOMPH!!!

It all happened in a flash. With the majority of Emma's weight located on Alex's side of the bed, the frame's legs collapsed on one side. A rush of air greeted Alex when Emma's knockers toppled onto the floor in a pale avalanche. He scrambled as fast as he could from under her mass, clawing at sheets and blankets for anything to help provide leverage.

Nothing could prepare him for the scene upon escaping.

Emma filled the majority of their bedroom. Jiggling flesh stretched from wall to wall and heaved between their bed and a window. A nipple the size of their TV sat within a hole in the wall punched through by the hard pink flesh. Emma lay awkwardly across the top between the jammed slants of her breasts wedged in place.

“T-They stopped!!” she cried. Heavy breath filled her dense cleavage with moisture. She struggled and stretched her arms forward as if trying to move her chest. *“I still...mmngh!!! I-I still want more!!”*

Alex sighed. She'd gone overboard, and as he feared, she was addicted to the enhancement pills. Based on the past few weeks, she wouldn't come to her senses until several orgasms rebooted her brain.

He stared at her naked figure wiggling between the fleshy mountains. A cute ass peeked at him atop her thighs, begging to be taken. A shiny pussy gleamed in the moonlight, waiting for his cock.

“Alright, Emma...” he chuckled, slipping his boxers off. If he had to bring her to her senses, he might as well do it by fucking her senseless. The sight of her titanic growth would surely be enough to fuel the endeavor. He would be lying if he said he'd never imagined such a thing. “Let's get you--*EMMA!!! NO!!!*”

“HA!!! GOT 'EM!!!”

Too late did Alex realize Emma wasn't trying to move; she was trying to reach the bottle of pills she'd placed on his nightstand after consuming half the bottle and moments before climbing on top of his sleeping body.

“EMMA!!! D-Don't take any more!!!”

He jumped onto her chest, scrambling forward to take the bottle from her hands as she held it over her open mouth. Tiny pink shards tumbled into her cheeks before crunching between her teeth.

“DID YOU JUST TAKE THE REST OF THE BOTTLE?!”

RRRMMMMMBLLLLL

“MMMNGHHHHH!!!! AAHHHHHHH!!!!”

He was too late. Emma tossed the empty bottle aside as her chest heaved beneath them with more energy than ever.

CRACK!!!

A wall broke somewhere behind her bulk.

“What did you do?!?” Alex yelled, falling on top of her as her chest lurched like an animal.

An expression of pure ecstasy spread over Emma's face as they were swallowed by her girth. His cock pressed against the back of her thighs to urge her pleasure.

“I'm gonna get so big, Alex!!! Can you feel it?!”

GRRRRRRMMMMMBLLLLL!!!!

“Emma, this room won't be big enough to fit you!!”

She gasped in orgasm at the pure mental pleasure his statement brought. Darkness enveloped them and pressure squeezed her from all sides. *“Mmmmm I know!! My chest is going to be MASSIVE!!! I hope they never stop!!!!”*

Feeling her rapidly growing around them, Alex feared her hopes might soon come true.
