AERON MEDICAL
UNIT 02

Well Mr Witch Doctor
You don't look so impressive
laying unconscious on my table.
I'll keep you sedated while we
complete operations.

MEDICAL LOG 3.2495

Planet P48 is inhabited by a primitive species called the Qu'lanqaa. For unknown reasons the Alliance has avoided this planet. The Qu'lanqaa are a Theocracy ruled by a High Priest. These primitives believe the High Priest has magical abilities. This must be native superstition. The High Priest was captured without incident. P48 is rich in gold, platinum, carium, scandium and thulium. The Empire will make a fortune strip mining this planet.

-Doctor Eluv, Chief Medical Officer

The subject should remain unconscious for another four hours before...

Thank you for bringing me onboard Dr Eluu. It was so much easier this way.

What the Hell! How are you awake? I'm warning you to stay back! I'm going to call security if...

Quiet now Doctor. The Alliance learned to stay away from my planet. They even pay me tribute. Now it's time for the Empire to learn.

In 3179 the Empire mandated test tube breeding only and outlawed sexual intercourse as part of the great eugenics program. There have now been 3 generations born who've never had sex. Repressed sexual frustration remains a problem within the Empire.

What's happening to me?

Why am I pulling my dress up? You're doing this somehow! I feel like I need to get undressed for you. I want to suck your penis, but that's disgusting!

Stop This!

I'm just a native Witch Doctor fooling the gullible. I don't have any magic powers. You're just horny Doctor.

**This behavior has to stop
Mr High Priest. This type of primitive
mating ritual is prohibited by law.**

**That's preposterous!
Wettness is a normal biological
reaction. It means nothing. I'm too
civilized to be affected by
this nonsense**

**My name is High Priest
Abraxas but you will call me Master.
I feel your wettness growing. This primitive
behavior excites you. You desire more.**

Why is this making me so excited?
I should resist him, but I can't.

Dr Eluu didn't fully understand what was happening to her. A lifetime of Imperial training and indoctrination was beginning to crack. She could feel her sex getting wet and it frightened her. Abraxas (Master?) was affecting her somehow.

Blood of the Emperor! This feels so good. I can't think clearly. I have to resist this. I have to be strong.

♥ AAAHHH!!! ♥
Please you must stop this.
♥ Oh God! No more PLEASE ♥

♥ AAAHHH!!! ♥
♥ Not there! Please not there! ♥

Dr Eluu tried in vain to resist High Priest Abraxas. He was so different and his ways so foreign. He touched her in places that noone was supposed to touch - naughty places, forbidden places. His long tongue probed ever deeper into her ass. She could feel it in her belly, and it felt good. She was terrified, disgusted, confused and aroused. She could feel her pelvis moving in rhhhythm to the relentless anal violafation. She could help herself. When her first ever orgasm hit, deep in her soul she knew she needed more.

♥ Blood of the Emperor! Your tongue is so deep! ♥
♥ Please stop! I feel strange! AAAHHH!!! ♥

Spread your legs for me. Show me everything.

No! You are already mine. You don't get to make demands of me. Your pussy is not to my liking. I will improve it.

Haven't you subjected me to enough indignities? I'll do it if you promise to go.

What have you done to my clitoris? It's grown so big and fat. It feels so sensitive. I can't take this. The sensation is too much. I'll go mad.

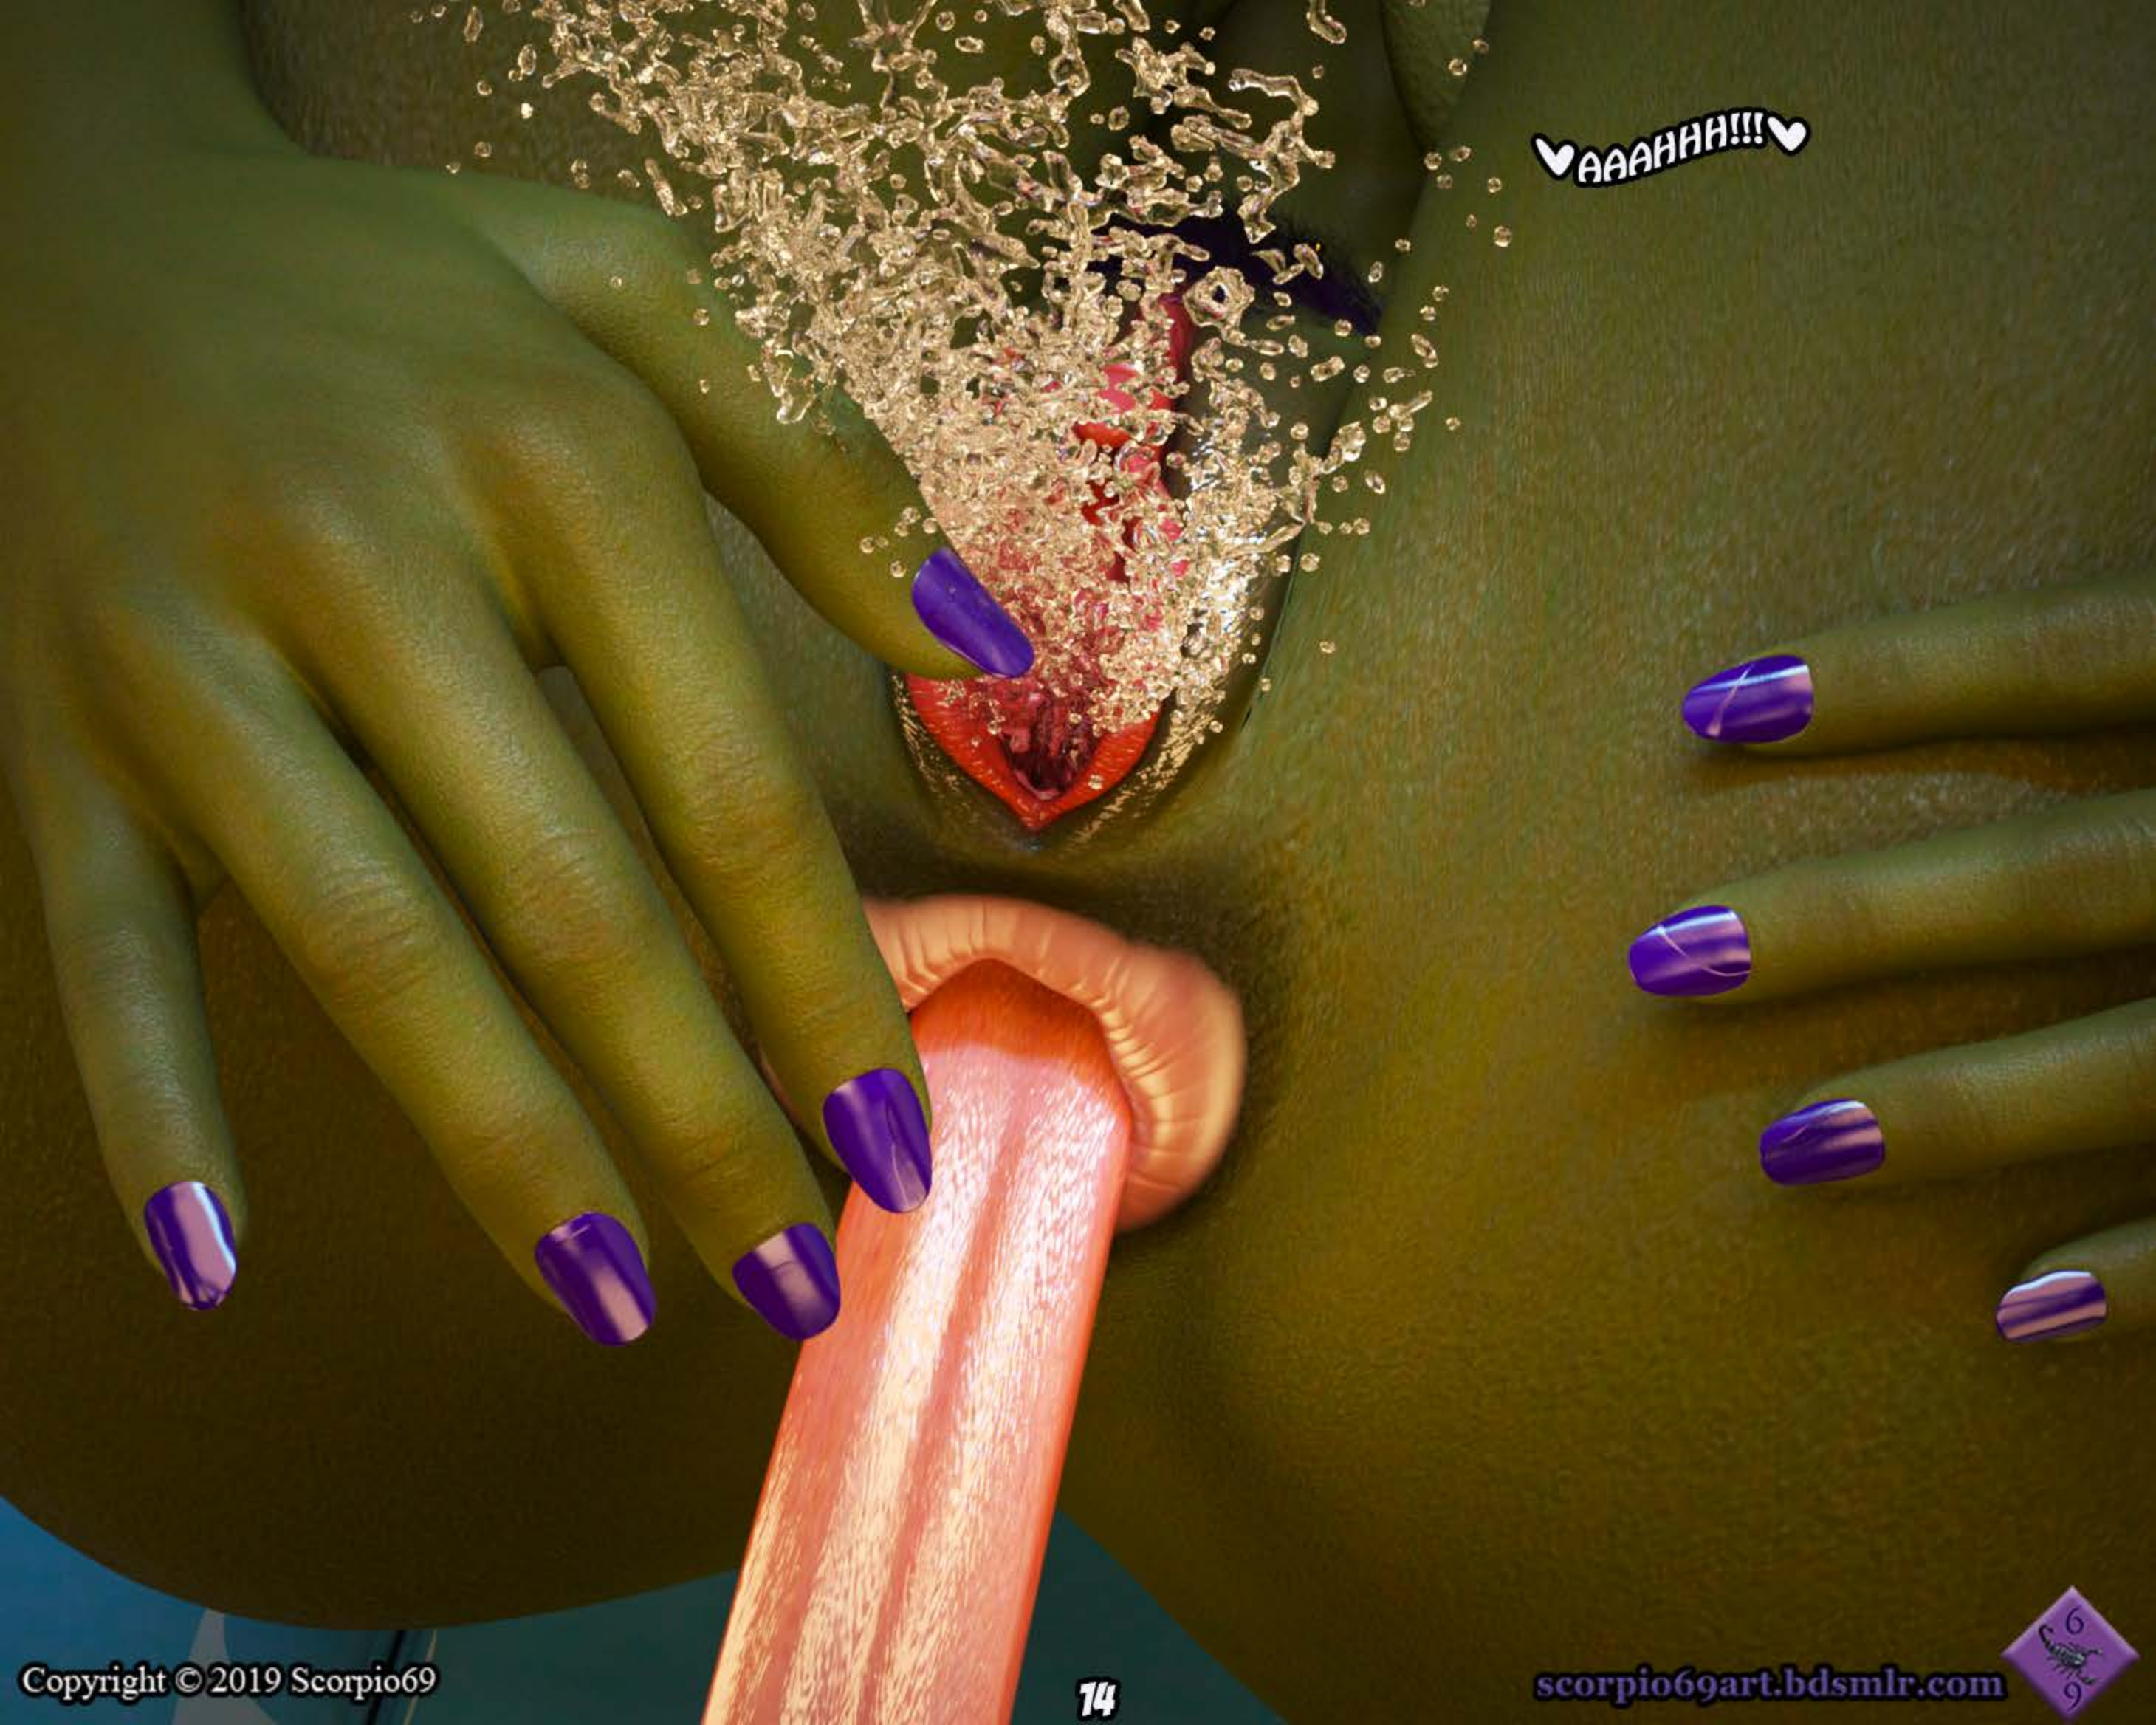

Please this is too much.
My lips are so fat now. The sensation
is overwhelming. I... I have to touch
myself. Please don't look at
my shame.

♥ I know it's shameful, but this feels so good. ♥

♥ Your tongue is in so deep. Oh no it's happening again! ♥

AAAHHH!!!

Please don't look at me Mr High Priest. I'm ashamed of myself. I've engaged in primitive sexual behavior. I've disgraced myself, and my profession.

I should say no to such a vulgar request but I can't. I don't understand what's happening to me, but I crave more. I need you in my mouth.

Imperial Law crushes the humanity of its citizens in the name of control. I'm offering you liberation. Don't be ashamed. Now get on your knees and service me.

You have natural talent
Dr Eluu. As your new Master I
will instruct you in the arts
of sex.

Why does this feel so natural?
He tastes devine. I must do this.

That's good Doctor but you can go deeper.

Keep going Doctor. You can do it.

You did it Doctor. I'm proud of you.

Dr Eluu's studies of primitive mating rituals had been incomplete. They neglected to mention how pleasureable it was to have a massive cock forced down your throat. She couldn't stop cumming. As the puddle formed between her legs, she realized that she no longer felt shame. She felt lust and wanted more. She wanted to please her Master.

I'm proud of you Doctor. You did well for your first time. Now you will learn to submit and trust your Master.

CAUGH CHOKE I RIP IT

PHOBOS COMMUNICATIONS

Keep you hands behind your back as you service me.

♥MMMMMMM♥

Abraxas roughly fucked Dr Eluu's throat. He pinned her head tightly forcing her to take his cock. The violation of her throat made her cum uncontrollable. She surrendered completely to her Master. Her body was his to use.

Yes Doctor That's what I want from you - Surrender!

GRION

You've pleased me my child. As a reward I will allow you to make a request of me. Tell me your desire.

Dr Eluu couldn't believe what she was saying. Through Medical School she had secretly fantasized about having sex like her primitive ancestors. Now she was actually goin to do it.

Thank you Master. I've long wondered what it feels like to make love like my ancestors.

That's just the tip. You haven't felt anything yet.

Master it's too big!

You must learn to take it all if you are to serve me.

♥ Master it's too deep! I can't take it! ♥

♥ Oh God! Yes Master Yes! Make me take it! ♥

The ritual is now complete. You are bound to me body and soul. It is time to begin.

Yes Master I swear to serve you faithfully. I will call Comander Pren down to the Med Bay.

Dr Eluu you are my first Imperial disciple. You will help me gather more and ultimately we will conquer the Empire.

That's excellent Dr Eluu.
What have you discovered?

Comander Pren I've made an
amazing discovery of a fatal waekness with the
Qu'langee. It will help us win this war.

A promotion! Well done
Doctor. I'll come down right away. We
will conquer the Qu'lanjee.

Comander I think it's best that we
talk about this in person. The information is
rather sensitive. I think this will get you
promoted.

Yes Comander. The conquest
has already begun.
