

BEWITCHED (ADDITIONAL SCENE)

"Oh, poor, poor baby! You're now paying for your terrible impatience. Had you only let me play my teasing games with you a little while longer instead of betraying my! How does it feel being stuck on the edge, just a single stroke away from climax and never able to go back, never able to release all that pent-up desire? God, it must suck to be you. How much worse does it suck that you'll feel that way... forever?"

"Well, life isn't always fair. I'd take some mercy on you, but you cheated on me. I'd have stuck you in some warehouse to endure your quiet eternity of aching desire in peace, but since you betrayed me, it won't be that easy. Instead, I'll put you in my bedroom. You'll have to watch me fuck guy after guy, and I'll let all of them blow their loads. I won't restrain any of them. It will be you, and you alone, who remains denied, watching as I pleasure every other man... and NEVER you. I can only assume how much worse all of that will be given you know now that could have been you."

"I would have made you shoot your pent-up cum, over and over and over again! And not just by giving you one of those slow, edging handjobs you've had so many of, with the inevitable unsatisfying ruin at the end. No, I had planned incredible things for you. Well, at least you get to witness all those things now, when I perform them on all the other men right in front of your eyes!"

“Now look, I know it sucks, and I know that you'll hate it more with every passing second, but you really don't have a choice in the matter. I'll fuck, they'll get to cum, I'll get to cum, and you'll hate it. But, at the very least, I'll give you a single mercy. You may never be able to achieve release, but I'll let you leak, let you drip. Just think of it as proof that I know you're still in there. Yes, yes, leaking and dripping will just make you more infuriated and hateful and jealous, it'll only make you want to cum even more. But I'm sure you'll agree that's a small price to pay for keeping me entertained, right?”
