-----Gameplay-----

Gameplay

Gruffe now appears on the 3rd floor of Water Dungeon if you've met him in Piratetown and Fire Dungeon.

After Gruffe's event, the 3 tentacles start dropping Tentacle Slime which you can combine with an Empty Bottle to create A Bottle of Tentacle Slime. You can sell it for a high price (recipe: Empty Bottle x1, Tentacle Slime x2). To get the recipe talk to the merchant at the Quest Guild in Piratetown.

That's it now for Tentacle Slime, but I might use it in other crafting at a later point.

Water Dungeon Weapons can now be crafted. Also Sapphire Staff, Silver Ingot and Amazing Shirt can be crafted. Some items cannot be crafted yet, since some items are missing from the game, but they're in the game so they can be crafted in the future.

Just talk to Anubu and ask him about the blue orb.

Battle changes

A new enemy Tentacle for the 3rd floor of Water Dungeon.

Tenta-Smash

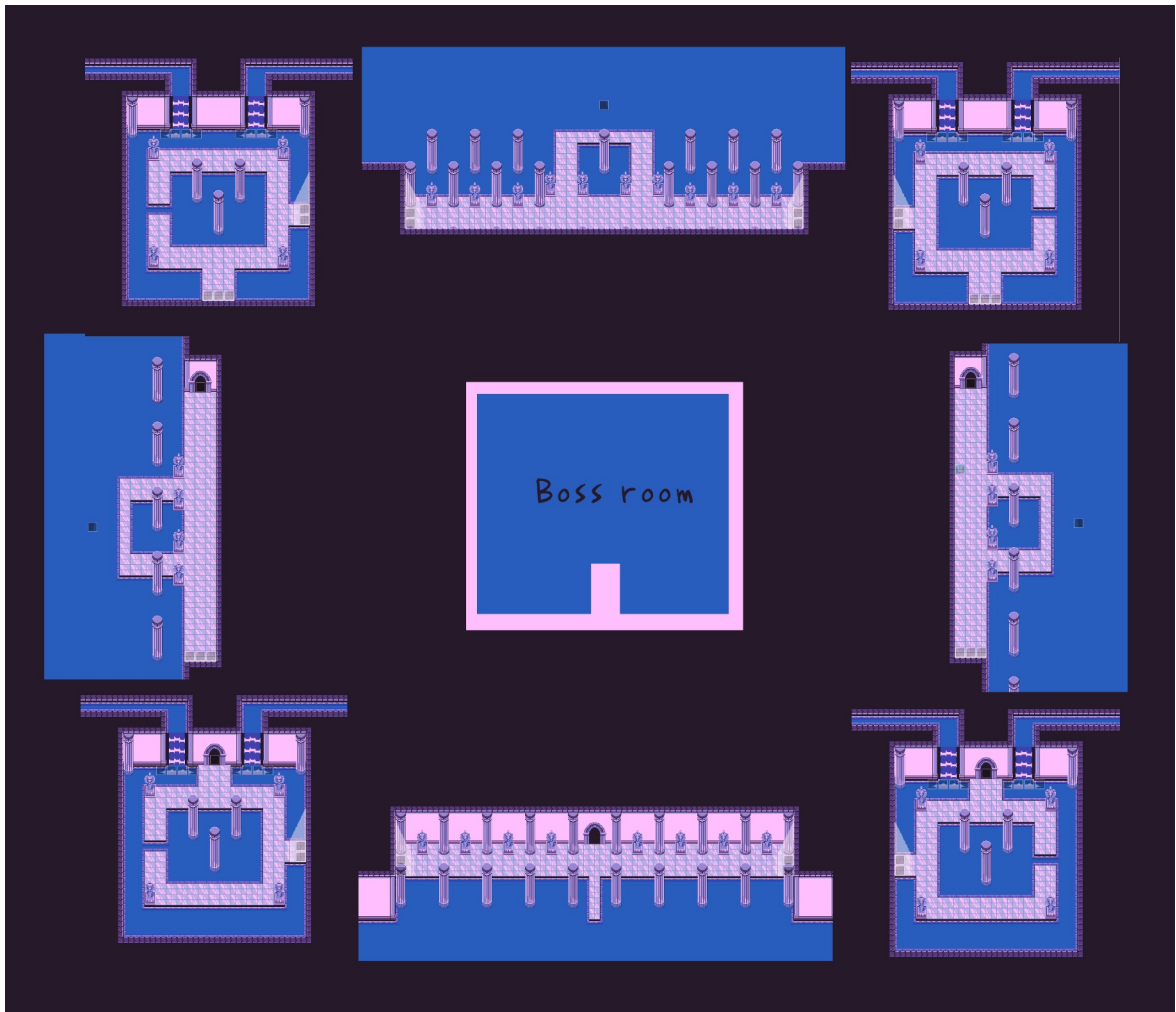

They use Tenta-Smash skill that instantly kills a party member. The party member is healed once the battle is won.
