

Hi- It's mwah! Yeah, I'm only at work. No biggie.

Aw, crumbs! Late to work again! I'm in so much trouble!

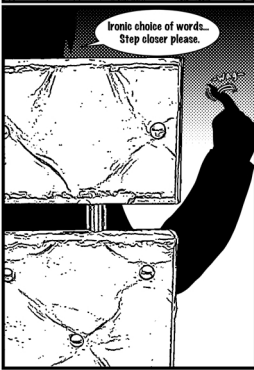

Hello Sir, pleasure to meet you and may I say, what a big, wonderful desk you've got-

Oh shut up... do you really think a guy like that is going to be inter-?

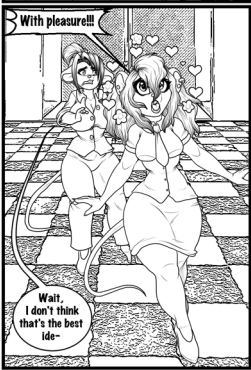

I hear you're the big cheese around here- It's such an honor to work with you ... but I'd love to know more about you ... get to know you inside and out-

Wait a minute...is he what I think he is?

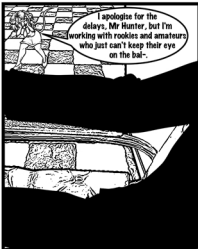

Ironic choice of words... Step closer please.

With pleasure!!!

Wait, I don't think that's the best ide-

He ate her alive
...in front of me. I know
she was annoying...but
nobody deserves that.

Nobody
deserves...to feel
like they're on
the menu.

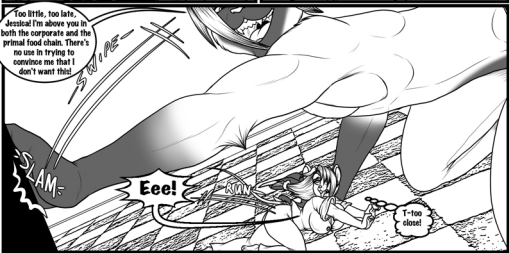

No, no...this can't be
happening...I don't care how
handsome his stupid face is...I'm
not getting eaten by my boss.
And did I just think of his looks?!

Keep it together, girl.

Thank
you for joining
me for lunch, Jessica. It's
always good to tas-...
see your contributions
to the office first
hand.

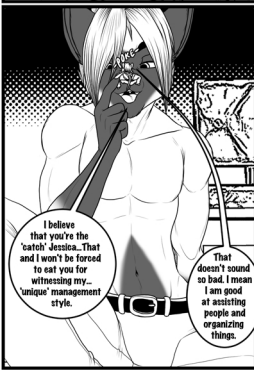

- and the start of your new role as my personal 'ASS-istant'. Provided you're interested in taking up the promotion, that is.

S-say what?

Why should I waste such valuable talent when it's clear to see that you have potential I hadn't considered before. Accounting simply wasn't for you.

So... you're not going to eat me then...I get a payraise...and don't have to work with the others...What's the catch?

I believe that you're the 'catch' Jessica...That and I won't be forced to eat you for witnessing my... 'unique' management style.

That doesn't sound so bad. I mean I am good at assisting people and organizing things.

Excellent. I can just tell this is going to be the start of a beautiful working relationship-

Why does that look in your eye worry me more than it was when you were trying to eat me?

THE END?!?!
