**THE CLASSIC
CRUSADERS**

Its 2016 right now, June as it happens and I am making a digital version of this book due to the request of friends and followers of The Classic Crusaders.

I created the girls back in the early two thousands; an all female team of warrior monks - Knights Templars, and this book has been a collection of all the artwork I produced of them at that time. I did a small print run for people to buy. Many years later and I haven't drawn the Crusaders for ages, I do miss the characters. So while you enjoy this book, and a peek into my much earlier artwork, I shall plan to draw a new Classic Crusaders comic.

Since I created them, Lord of the Rings, the Hobbit, countless medieval movies have to to the big screen not to mention all the superhero movies people enjoy every year now. back then i was on dial up internet and today i use something called broadband, how times do change.

make sure to let me know what you would like to see and read on my instagram, facebook or tumblr... enjoy.

IN 1138 THE KNIGHTS TEMPLAR WARRIOR MONKS, FIGHTING TO PROTECT THE HOLY LAND AND CHALLENGE EVIL AT EVERY TURN, GATHERED TOGETHER A GROUP OF INDIVIDUALS. WARRIORS WITH POWERS BEYOND THOSE OF MORTAL MEN, THEY WERE FORGED INTO THE WORLD'S FIRST SUPER HEROES TO BATTLE FORCES MANKIND COULD NOT HOPE TO VANQUISH...

THEY WERE THE CRUSADERS.

Events in this awesome book take place after book 1: *The Blood Sabbard*, but during book 2: *The Broken Door*

I spent a long time illustrating Mercy and the Classic Crusaders, years in fact, and now what you have in your hands is a collected edition of those years. Plenty of much loved CC Pinups, artwork that has never seen the light of day, things even I forgot about, early comic strips and some short story's, and best of all, in my opinion, artwork of my girls by friends who either owed me a favour or showed their love for Classic Crusaders by taking the time to draw them in their own unique way.

I created the Classic Crusaders because I wanted to achieve a number of things, to create a team of female super heroines, something epic but also fun and kinky, to tap into my own history of knights and dragons to create something utterly Boo shaped.

Now leap into the world of The Classic Crusaders, but don't get stuck between the pages

Christmas time has come to the Classic Crusaders

Hello Crusaders, my name is *Skoll* and I have come from a far away world.

We were a peaceful race, living in the cold climate of Pluto.

Life was all about the pursuit of *pleasure*...

Until *Anus* the world breaker came for us.

My people were destroyed.

I found myself drifting in the void, until by pure chance I crashed into your moon.

For 416 solar cycles I walked it's surface, contemplating being the last of my kind.

It was lonely.

And so I left for Earth...

WELCOME TO THE TEAM!
