

PRIDE COMETH BEFORE THE FALL

STARRING

FRANZ S.

MISTRESS DOMINA

F . . . Fraulein.
Hault! It is forbidden
for you to enter the office
of Oberaufseherin Domina.
You must leave now
please.

Y . . . Yes
Comfesse. My apologies.
However, it is forbidden for
you to be here. I must
ask you to leave.

Oberaufseherim
Domina is in Command,
but she must not be
disturbed.

Fraulein!!! Watch your
tone young man. I'm the Comtesse
Franz de Saint Denis; and you will
address me accordingly. Do I make
myself clear!

This is my Estate & my
husband's office. You *PEOPLE*
are the one's who will leave!
Who is in charge here!

Oberaufseherim Domina,
I... I apologize that the facilities are
not ready yet. I want to assure you that
everything is being done to get the
operation on schedule.

Please say something.
It makes me nervous when you
just stare at me like that.

How dare you sit at my husband's desk smoking his cigars! I don't know who you people think you are, but this is my estate, and I demand you leave immediately!

The first shipment of subjects arrives next week. Everything will . . .

Shut up you silly little man. I will not be summoned like some servant girl into my own home. Especially not by a runt of a man like you.

Shut up! From now on you'll speak when spoken to! You disgust me, you little worm.

Comtesse, I must protest. This Estate now belongs to the Reich. It is forbidden for you enter with being summoned.

Comtesse please; you must not speak to me like that. I am . . .

Spirited and beautiful. I must have this one. Breaking her will be exquisite.

Please Mistress Domina.
I've already been in chastity for
two months. I've been obedient.

N . . no Mistress.
Your will is my command
Thank you.

Shut up Dr Klein!
I've grown tired of hearing your
sniveling. Have you ever been mistaken for
a man! Since you obviously have no use for
your tiny little dicklet, I'm keeping you in
chastity for another month.

I think you forget your place
my pet. Would you prefer I locked
you up for another two months?

Silence Slave! In your past life
You were the Comtesse Franz de Saint Denis. That
life ended with the victory of the glorious Reich. Welcome
to your new life Franz S, Slave of the Reich. My Slave. I will
take much pleasure abusing you and stripping you of your
Aristocratic pride. You are mine now; like this Estate; like
Dr Klein. By the time I'm finished breaking you,
you will worship me like the goddess
I am!

Perverts! You're all
perverts! In the name of all that's
holy, what is happening here? What
are these experiments, of which
I've heard whispered?

She's not like the
others. So strong,
so powerful.

With Mistress Domina's icy words, Franz felt the courage drain from her body. If only the French had fought harder; if only her husband hadn't fled like a coward. Now she was alone in the clutches of these deviants.

Take this Slave to my Chambers & prepare her to receive my affections. As a reward you may take your pleasure with the good Doctor's ass tonight.

Monsters!
You're all monsters!

Thank you Mistress Domina. You're as generous as you are beautiful. I love my sessions with Dr Klein. He squeals like a piggy. Your will shall be done Mistress.

Franz's heart sank as she entered her former library. What used to be her refuge of peace and learning, had been transformed into something from the pages of the infamous Marquis de Sade. An overwhelming feeling of dread swept over her as she gazed upon the perverse equipment.

Mistress Domina provides rewards greater than money, of which you have none! She not only seized your Estates, she seized all of your assets. You're destitute; you have nothing.

Please help me escape. I'm a wealthy woman. I'll reward you generously. We can flee together to Switzerland. I have family there, you'll be safe. You have my word.

But . . . but that's not fair. That must be illegal. By what right can she do that to me. I've done nothing to deserve this.

Have you not read Nietzsche? She is the *Urbemensch!* She is beyond good & evil; beyond the petty moralities of slaves like you & I. Her will is supreme & she creates her own reality. You have much to learn, but fear not for she will instruct you.

You talk to much Slave!
Fortunately I have the perfect remedy
for that malady -- The Pear Of Anguish.
It's one of Mistress Domina's
favorites

You don't have to do
this if you don't want to.
Please let me go.

The Pear Of Anguish was a torture device first used in the 1600's. It was inserted into the mouth. Turning the screw expanded the device. In addition to working as a gag, it would cause significant pain. At full expansion, it would break the jaw causing permanent injury.

My god; he actually intends to put that in my mouth. Will this nightmare ever end? It's madness; utter madness

Finally some peace and quiet. I'll just turn the screw to get a nice snug fit. Not so chatty now, are you? On days like this I do so love my job. I can't believe they pay me.

Absolutely delicious.
Slave! I'm going to teach you
things about yourself you didn't
know. You'll thank me when
I'm done.

She's so beautiful, so
sensual. Why am I feeling like
this? I feel so vulnerable, so
small. What is she going
to do with me?

All is in order
Mistress Domina. Your new
Slave has been prepared.

Yes!
Excellent! So round;
so firm. What a wonderful
specimen. Some day you
must share your secret.
Any woman would be
proud of these
breasts.

Mistress Domina inspected Franz like chattel. Her words stung Franz's ears. She felt her face flush hot with shame. It wasn't because this Nazi Bitch was inspecting her like a horse or piece of furniture. That was a mild humiliation, which she could endure. Franz felt a deep, unfulfilled longing; a burning desire to be used. Somehow this Nazi Bitch sensed it. To her shame, Franz knew she liked being treated this way and craved more.

Oh my god. What's happening to me?
The more she touches me, the more aroused
I get. I have to maintain control.

When we first met I
thought you were prim and proper.
I can see now that I was wrong. You're
a dirty little slut. My touch excites you.
You want to be my slave. I can
smell your arousal.

Franz, you're such a whore. Did you know you could squirt? I have a special invention I'm l'm going to test on you. It's an electromechanical vibrator.

Sergeant! Bring me the device. We finally have the perfect test subject.

In the early days of medicine, women were frequently diagnosed with "hysteria." The treatment was physician assisted "paroxysm" (i.e. orgasm) via manual pelvic massage (i.e. the Doctor masturbated his patient). In 1880 Dr Joseph M Granville, of England, patented the first electromechanical vibrator. The device enabled Doctors to provide faster and more reliable physician assisted paroxysms. At the time it was the most popular treatment Doctors provided their female patients.

mmmmmmmm♡♡♡

What a mess you made. It looks like you really enjoyed that. I knew there was a slut inside you waiting to be released.

Keep telling yourself that and you might believe it. Until then stop dripping on my spanking horse.

No! I'm not like that. I'm a decent woman. you made me do that. Somehow you manipulated my body.

That's it Slave.
Let it out; let it all out. I know
you better than you know yourself.
I'm showing you your true nature.
You're a dirty whore! You're
a slut! You're my slut!

Oh God Yesss!!! MORE!!!
AAAAHHH♡♡♡

BUZZZZZZ

What . . . What just happened? What did you do to me with that thing?

Please you don't have to do this. You can let me go. I promise I'll go away. I won't cause you any problems. Please don't hurt me.

You're trembling slave. Calm yourself; this is only the beginning.

I've set you free. I've placed you on the path to freedom through submission; but this is only the beginning. There will be pain.

Yes Slave!!! That's what I need -- Scream for me! We both need this --Scream!!! Scream!!!

Stop!? We're just getting started. Think of it as foreplay my love.

Oh my god. I can't stop cumming. This is so wrong.

You did well my pet. You've earned a moments pleasure before we move on to more strenuous lessons.

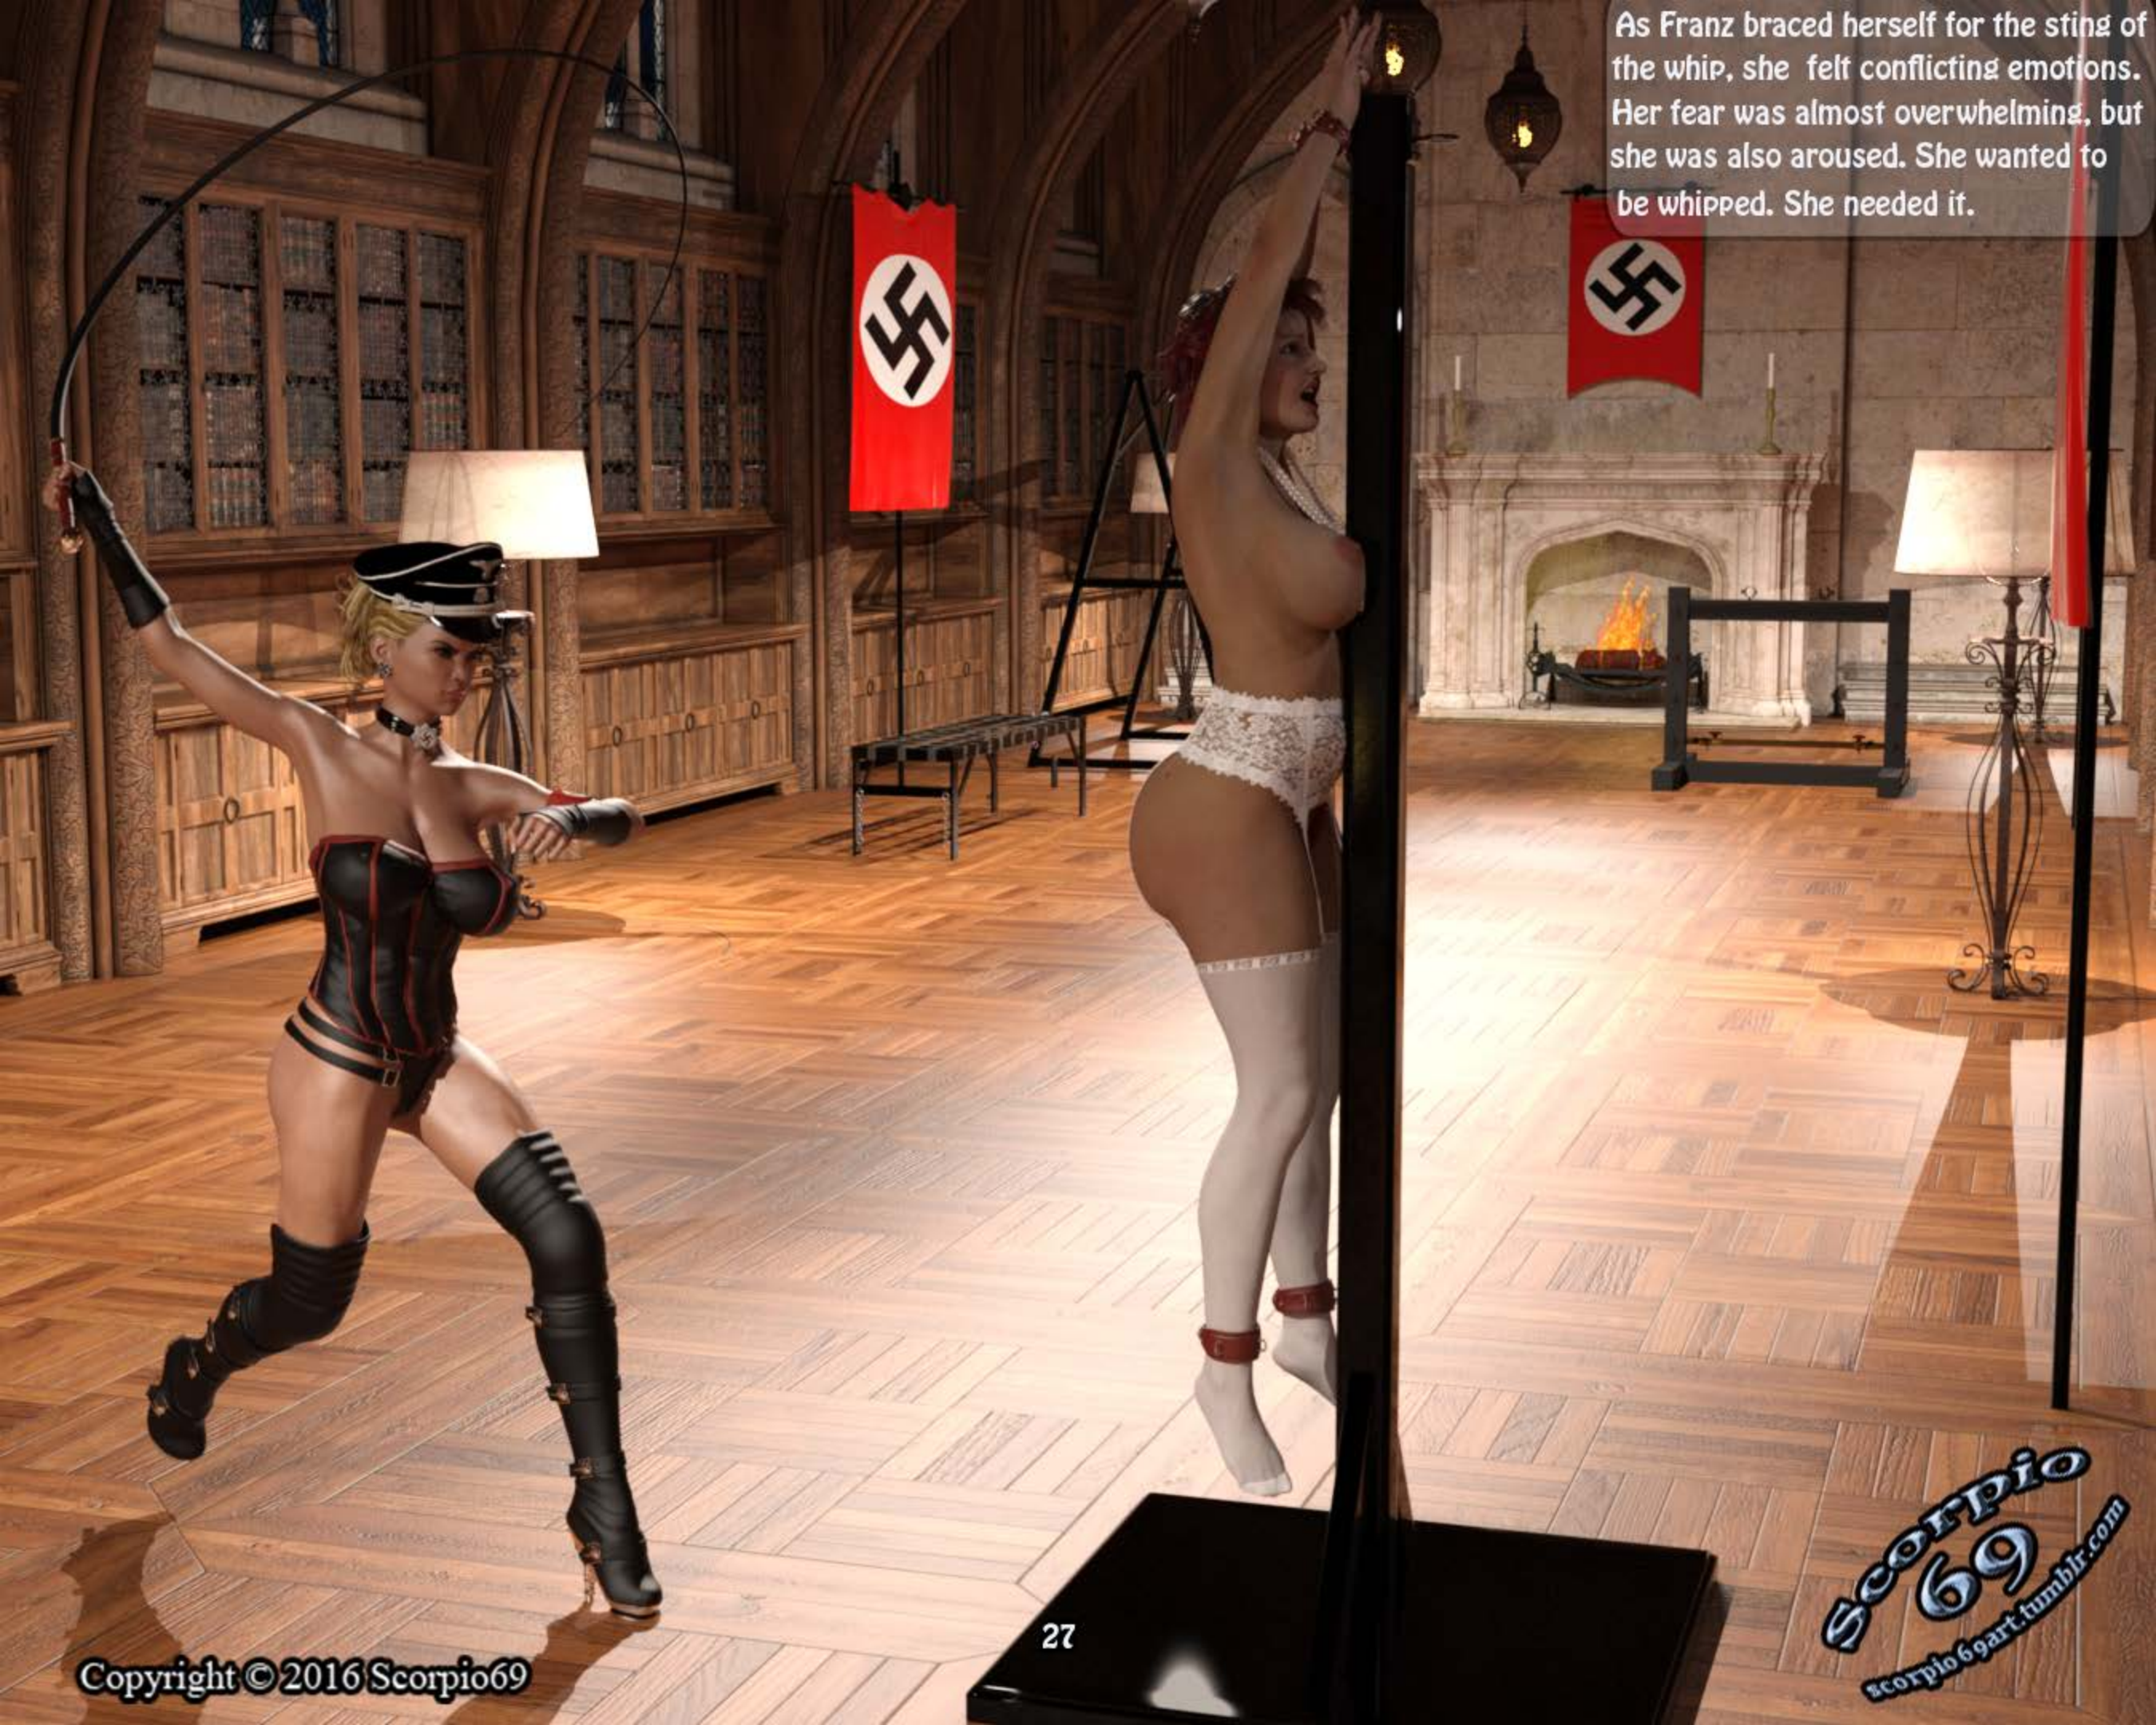

Slave I don't need you to give me anything. I'll take what I want, and right now I want to whip you.

Please you don't have to do this. I'll give you whatever you want.

Nonsense Slave!
We're both going to enjoy
this. You perhaps more
than me. Get ready.

Please you
don't have to do this.
you've made your point. I'll
do whatever you say.

As Franz braced herself for the sting of the whip, she felt conflicting emotions. Her fear was almost overwhelming, but she was also aroused. She wanted to be whipped. She needed it.

CRACK!
CRACK!
CRACK!

AAAAHHH!!!

You're squirting again Slave. You love when I whip your sex. Don't even try to deny it. You're a dirty little submissive slut!

You're still dripping with excitement Slave. I've been too good to you tonight. I've given you much pleasure what do you say?

Since you've pleased me, I'll give you a choice. Do I stop or do you want more?

Thank you Mistress. Thank you for everything.

More! I need more!

Hurry up
Slave! I haven't got all
night! I think you're trying
trying to make me angry.

Excuses!
You're lucky I even
waste my time on
you Slave!

I'm sorry
Mistress. I'm a
little sore.
Yes Mistress.
Thank you.

Stupid Slave!
Haven't you learned yet? What
you want is irrelevant. All that
matters is what I want; and I
want this.

Don't be silly; that's
the best part. We both
know you'll love it.

Mistress I've
changed my mind. I
don't want to do this

Can you at least
take the one off
my clit?

Mistress Domina worked the controls fiendishly. Modulating the voltage high & low; sending waves of agony & ecstasy through Franz. Her body shook & convulsed uncontrollably from the electric shocks. As she felt the pressure building, Franz knew she was powerless to resist. To add to her torments, no matter how loudly she screamed, she couldn't drown out Mistress Domina's cruel laughter.

AAAAHHHH!!!

Franz had been pushed beyond her limits. She couldn't think anymore. Her body wasn't her own. Just when she thought she had endured the worst, Mistress Domina turned the dial to 11. Franz exploded in ecstasy. As she passed out, Franz knew she was an addict. She needed more. She was hopeless.

I'm sorry Mistress. The electric shock was overwhelming. I must have passed out. I'm ready for more now.

I'll try harder this time Mistress. I won't disappoint you.

As Franz regained consciousness, she realized she was no longer on the bench. Slowly she became aware of the dull ache building in her arms, and the caress of her Mistress' hand. Mistress Domina must have carried her over & hoisted her up. Her Mistress was strong, she was magnificent.

Wake up Slave! I didn't give you permission to rest!

Try not to disappoint me this time!

The electric shocks to her nipples jolted Franz out of her haze. The pain was excruciating; far worse than the electrodes. Mistress Domina played the wand across Franz's breasts, focusing on her sensitive nipples. Though the pain was extreme, the humiliation was worse. The electric shocks aroused her. Franz was getting wet again. She tried to conceal her shame, but she could feel the evidence running down her legs betraying her. Mistress Domina saw it too.

OGGGH!!!

You're quite the little masochist, aren't you Slave? The more I hurt you, the the more aroused you become. Whatever am I going to do with you?

When the electric wand hit her cliterous the dam broke. Franz stopped resisting and gave herself over once again to Mistress Domina.

♥♥♥OOOHHH♥♥♥
♥♥♥Right There♥♥♥

Look at you Slave!
You keep making a disgusting mess on my floor. You're such a needy little masochist. What am I going to do with you.

I know how much you liked my vibrating device, so I'm going to give you more time with it. I'll be back in an hour. Since you keep messing up my floor. I've given you a bucket. Try not to make a mess

Oh God! I'll never last an hour on this infernal machine.

I... I'll try my best Mistress.
♥aaahhh♥

Franz's debasement was complet. Mistress Domina had broken her. Step by step Mistress Domina had tranformed Franz from a proud Heiress into a humble slave, longing to please her Mistress. Pride truely does cometh before the fall.

Perhaps there's hope for you Slave. I think I'll keep you. Now clean up your mess.

Thank you Mistress. I love you; I hope you love me.
