

# SONIC'S TICKLISH ADVENTURE

ART BY TWOMARIO  
STORY BY CHANTO

This is the story of a ticklish adventure of Sonic. It began innocently.

One day, Amy pulled Tails into her room.

Tails was annoyed by Amy's assertiveness,  
"Woow! You could've just asked me to come in."

"Shhh... I need a favour from you." Amy said,  
"Put these metal rings on Sonic's ankles n' genitals."

"What?!" Tails almost choked when he heard the word genitals.

Amy handed him 3 metal rings and said "They're good for his health."

"Yeah yeah, alright" Tails succumbed to Amy's forceful personality.  
He knew exactly what the rings were, but he couldn't stand Amy's constant nagging  
if he were to refuse her.

It's Amy, what harm would she do, right? Tails thought.  
So, that night the fox boy waited till Sonic fell asleep,  
hen he put the magic rings onto Sonic's ankles.  
Before he fitted the final ring around Sonic's balls and penis, he hesitated.  
"I'm sorry! Sonic..." Tails whispered in grimace, then he snapped the ring shut.

Nothing happened...  
well, maybe Amy's asleep too, Tails thought to himself, so he went to bed.  
Unknown to Tails or anyone else, the next few days are going to be hell for Sonic.

Early next morning...

PWANG! Tails heard a loud noise coming from Sonic's room, like something falling on the floor.

Tails rushed in to see what had happened. When he opened the door, he saw the blue hedgehog on the floor, twisting his body to the point that's nearly unnatural.

Sonic was banging his head against the leg of his desk, which made things fall to the floor, the apparent source of the noise earlier.

Sonic's face was crumpled, cheeks flushed red, and teeth tightly clenched. He was clearly in agony, yet, he had a weird grin across his face.

The suffering Sonic looked at Tails with pleading eyes, while using his hands to scratch his legs, that's when Tails noticed that Sonic's feet were missing.

Tails lied with an innocent face "Hey! What's happenin?!"

Tails rushed over to help his best buddy up, he put Sonic back on his bed.

"Uggggh! Help meee hehehee!"  
Sonic said between grunts and giggles.  
"Somebody's got my feet and... and m... my... hahaha..."

Sonic was too embarrassed to finish his sentence, he could only reach his groin with his hands, indicating something was wrong there.

"Oh my god! Your wee wee is gone! Who did this to you?!"  
Tails asked, still pretending his innocence.

"I dunno... I wehehent to bed normal last night a...and woke up like this... you gotta help me, I can't even walk..."  
Sonic said through his suffering.

Tails replied reassuringly  
"Don't worry! I'll get your feet and wee wee back!"

However, Tails couldn't keep himself from having a little bit of fun by teasing the blue hero,  
"But, what's happening to you? Are you hurt?"

"No... s... someone... is t...tickling my feet..."  
Sonic replied in embarrassment.  
He was usually the bigger brother,  
and he was always the one who protects Tails from danger.

But this time it was Sonic who needed help,  
and from such a silly situation.

Upon seeing his best buddy's response, Tails smiled inside. Yes, something about seeing the strong hero being reduced to a helpless giggling hedgehog was satisfying.

The hedgehog hero was giggling helplessly, even asking for help. How could Tails refuse?

"Just wait here, I'm gonna find out who did this now!"

Tails said before leaving the room, but instead of going out to do what he said, he knelt down to peep through the keyhole.

The fox boy admired his role model twisting and turning in his bed, he noticed Sonic seemed to be giggling even more openly after Tails was out of the room. He loved seeing his hero's weaker side, the side that Sonic had never shown him before.

Meanwhile, inside Amy's room.

A pair of red/white shoes plus a sock laid casually on top of the desk, while a pair of feet were placed upside down on the front of her desk. One with white sock still on, the other one bare.

The way the feet shook and wiggled was consistent with the stimulation being inflicted on them.

The pink hedgehog stuck her nose in between the toes of the socked foot, while gently caressing the blue barefoot with her finger tips.

"Hmmm... Ahhhh~" Amy took in a deep breath, and then let out a gratifying sigh. She was totally intoxicated by the pheromone from her crush's foot.

Amy whispered lovingly at Sonic's feet as if they could hear "Finally, I have you all to myself. For too long have you ignored my affection, let's see how you ignore me now!"

She removed the remaining sock. Feeling it's nakedness, the foot curled up in self protection.

"Oh Sonic tsk...tsk...tsk... you are sooo cute! But there's no getting away." Amy talked to the feet. She then planted kisses all over his big blue soles, all the while appreciating their handsomeness.

She took her time admiring every little detail on every inch of his soft feet, top and bottom. Amy would let the tip of her tongue 'accidentally' flick across his skin, making them shiver.

Amy was so into kissing Sonic's feet, she almost didn't notice the rising boner that had been put to the side of her desk.

"Oh my... how could I have forgotten you! Lil fella ~♪"  
Amy taunted the blue dick as if it had ears.  
She felt deeply satisfied by her boyfriend's bodily reaction.

[Over in Sonic's room]

Sonic was no longer able to control his giggles and moans while he buried his face into his pillow, his hands squeezing the pillow as hard as he could. The unbearably arousing kisses from somebody's hot lips and tongue felt electrifying on his sensitive feet.

The hedgehog bucked his body on his bed before slamming back down.

"Oh no... no.. no! Please no more kisses! Or I am gonna get hard!"

There was no way to resist the blood being pumped into his penis, causing it to rise. Even though he had no idea who was at the other end of the magic rings, he felt a sense of humiliation that whoever was doing this could get him aroused only by touching his feet.

As if on cue, Sonic felt a warm hand gripping around his erect cock, and a little tickle on his ballsacks.

"EEEEKKKKK! EEEUGGGHHH!"

Sonic squealed at the new sensation. He pinched his legs together as hard as he physically could, but it offered no protection whatsoever from the invasive touches.

Next, he felt his rock hard cock being engulfed by a warm and wet mouth, its tongue slithering and swirling all over his boyhood.

"OOOUUUHHHH! TH...THISS... AHH!" Sonic moaned aloud.

He was in the conflict of his life. On one hand, he did not know who was behind this, it might have been a villain's revenge. On the other hand, Sonic had never been handled like this before, thinking of it, it felt more like the gentle touch of a lover.

"No, I... I shouldn't enjoy this! B... but it feels so g... good!"  
The poor hero was torn between terror and bliss.

"J...just ... a bit... m... more..."

Soon, Sonic faced his imminent orgasm. In reflex, he stretched his big toes back but curled his other toes inward, but immediately regretted it, as it invited tickly fingers on his now hyper sensitive soles.

Mixture of laughs and moans erupted from his lungs  
"AAHHHHH! HA HA HA HAAAA! PWEEASE! OOOHHH~"

A wave of euphoria swept over him as little Sonic also erupted.

Outside the door, Tails covered his crotch as he felt precum staining his loins. As excited as he was, he now felt a bit sorry for playing such an embarrassing prank on his best buddy.

"It's time to end this." Tails thought, so he entered Sonic's room,  
"Hey Sonic, I found out who did this to you!"

This caught Sonic off guard. He tried abruptly to suppress his lusty moans and silly giggles, and pulled his blanket to cover his shame. He felt like a little kid caught with his hand in the cookie jar.

Secretly, they both knew that Sonic was enjoying it, it's just humiliating for Sonic.

[Back in Amy's room]

Amy felt Sonic's dick throbbed and convulsed between her tongue and the top of her mouth, a warning she took to back off.

Amy dodged the huge cumshot just in time, otherwise she would have been covered with cum all over her (not that she minded). But the pair of blue feet were not so lucky.

Thick white semen covered the soles.

Amy took a step backwards to review what she had done.

"Oh dear! Such a naughty Sonic! I better clean this up~♪" she sang happily to herself.

Amy spent a good ten minutes carefully cleaning up the mess she made. She was unaware of a hidden figure lurking in the shadow at the corner of her room.

Just as Amy finished cleaning up, she heard a loud knock on her door. She opened the door and it was her crush Sonic, and Tails.

"Amy! I knew it was you! How could you do this to me!? Gimme back my feet and my private parts!!!" Sonic shouted in half anger and half embarrassment, still trying to balance himself without his feet.

The pink girl hung her head in apology  
"I'm sorry Sonic. I guess I went too far... Here, I'll give'em back now."

"Yeah you better!"

But as she turned around to look at her desk, she realized the pair of feet and genitals were not there. Suddenly, the three of them felt a breeze coming from the open window, blowing the curtains.

"Uhhh... Sonic... I swear they were on my desk just a second ago..." the terrified Amy said.

Sonic believed Amy, because at the corner of his eye he saw a black shadow exited from the window.

The blue hero felt a terrifying shiver down his spine, and said "Uhhh... I think I really need your help this time guys..."

[A while later, inside the hideout of a certain evil doctor]

“Well done Shadow!”

Eggman commended the black hedgehog as he held the pair of blue feet like a trophy in his hand.

Once again, Dr Robotnik has convinced/tricked Shadow into working for him.

Eggman was satisfied with himself as he laughed evilly “Mwaahahahaa! Without his feet, the fastest creature can’t even walk! Now there’s no one to stop me! MUAHAHAHA!”

Shadow raised his eyebrow when he heard ‘fastest creature’, surely Eggman wasn’t referring to Sonic, right?

Eggman recorded a video message and sent it to Sonic.

A notification beeped on Tails’ computer, Tails pressed a button and the screen was projected on the large monitor.

The three heroes watched as the video message began to play:

“Sonic! Greetings from Dr Robotnik! I am sure you’ve missed me. You must know it by now, your weakness is in my possession! HAHAHA! You have a week to swear your allegiance to me. Meanwhile, enjoy your pedicure treatment. I hope my persuasion will make it easier for you to profess your allegiance to Dr Robotnik! MUAHAHAHAAA!”

Sonic smashed hard onto the table after the video ended.

“Damn! We don’t know where their base is.” Sonic shouted desperately.

“I can trace the location where the message was recorded, but it’s encrypted, it will take me a few days...” Tails said.

Before Tails could finish his sentence, Amy grabbed her hammer and stormed out of the room, shouting “We don’t have a few days! I’m gonna smash every building down until I find Eggman!”

Amy blamed herself for losing Sonic’s important body parts, if she hadn’t been so ‘needy’, or if she had been more careful, this wouldn’t have happened.

But now Sonic’s feet and genitals have fallen into the hands of the worst possible person.

For the next 6 hours, Sonic felt nothing from the other side. But just like the calm before the storm, he knew something sinister was coming his way.

Then, without warning, Sonic felt a sharp whip on his soles!

"AAOOUCH!"

Sonic yelled out in pain.

"That's not nice!"

He gritted his teeth, shut his eyes and focused, waiting for the second strike.

---

A new robot was created in the last 6 hours, it was designed by Dr Robotnik specifically to torture Sonic's vulnerable parts.

The robot was holding a whip aiming at Sonic's soles. The first strike has left a faint red mark.

Shadow was witnessing this as well. Judging by how the feet were cringing, he knew it had to be rather painful.

"Hahaha, how'd you like that Sonic? Can't run away from that, can you?" Eggman mocked evilly

The robot struck again, this time the whip landed on his toes. But to everyone's surprise, Sonic grabbed the whip between his big toe and second toe firmly. And with a tuck, Sonic snatched the whip off from the robot.

Without wasting time, the foot wielding the whip started flailing madly, whipping the robot and other machines in Eggman's base.

"Aaak! What're you doing? Take it back!" Eggman instructed the robot. But the robot was having difficulty.

Because Sonic could not see the other side, his foot was just flailing blindly, hoping to deal whatever damage that was in radius.

When the whip accidentally landed near Shadow, he seized it with a lightning fast hand. Shadow snatched the whip away from the foot, and threw it on the floor.

"This won't work against him." Shadow stated coldly.

An irritated expression was displayed on Eggman's face. He pressed a few buttons, and the robot's hands changed into a claw gesture, and started wiggling their fingers in the direction of Sonic's feet, as if indicating it's next move.

When the wiggling fingers made contact, Sonic's soles twisted, seemingly trying to get away from the tickle attack. For the next minute or two, the pair of ticklish feet continued to shake and twist, searching for an escape from the robot's evil fingers in vain.

Suddenly, the feet stopped twisting, but tensed all their muscles as if charging energy. Then with a sudden burst, they jumped up into the air and kicked the robot, knocking it over.

After this, it was as if Sonic found a way to cheat the system. The pair of feet repeated this over and over again, knocking everything over and even breaking the computers in Eggman's base.

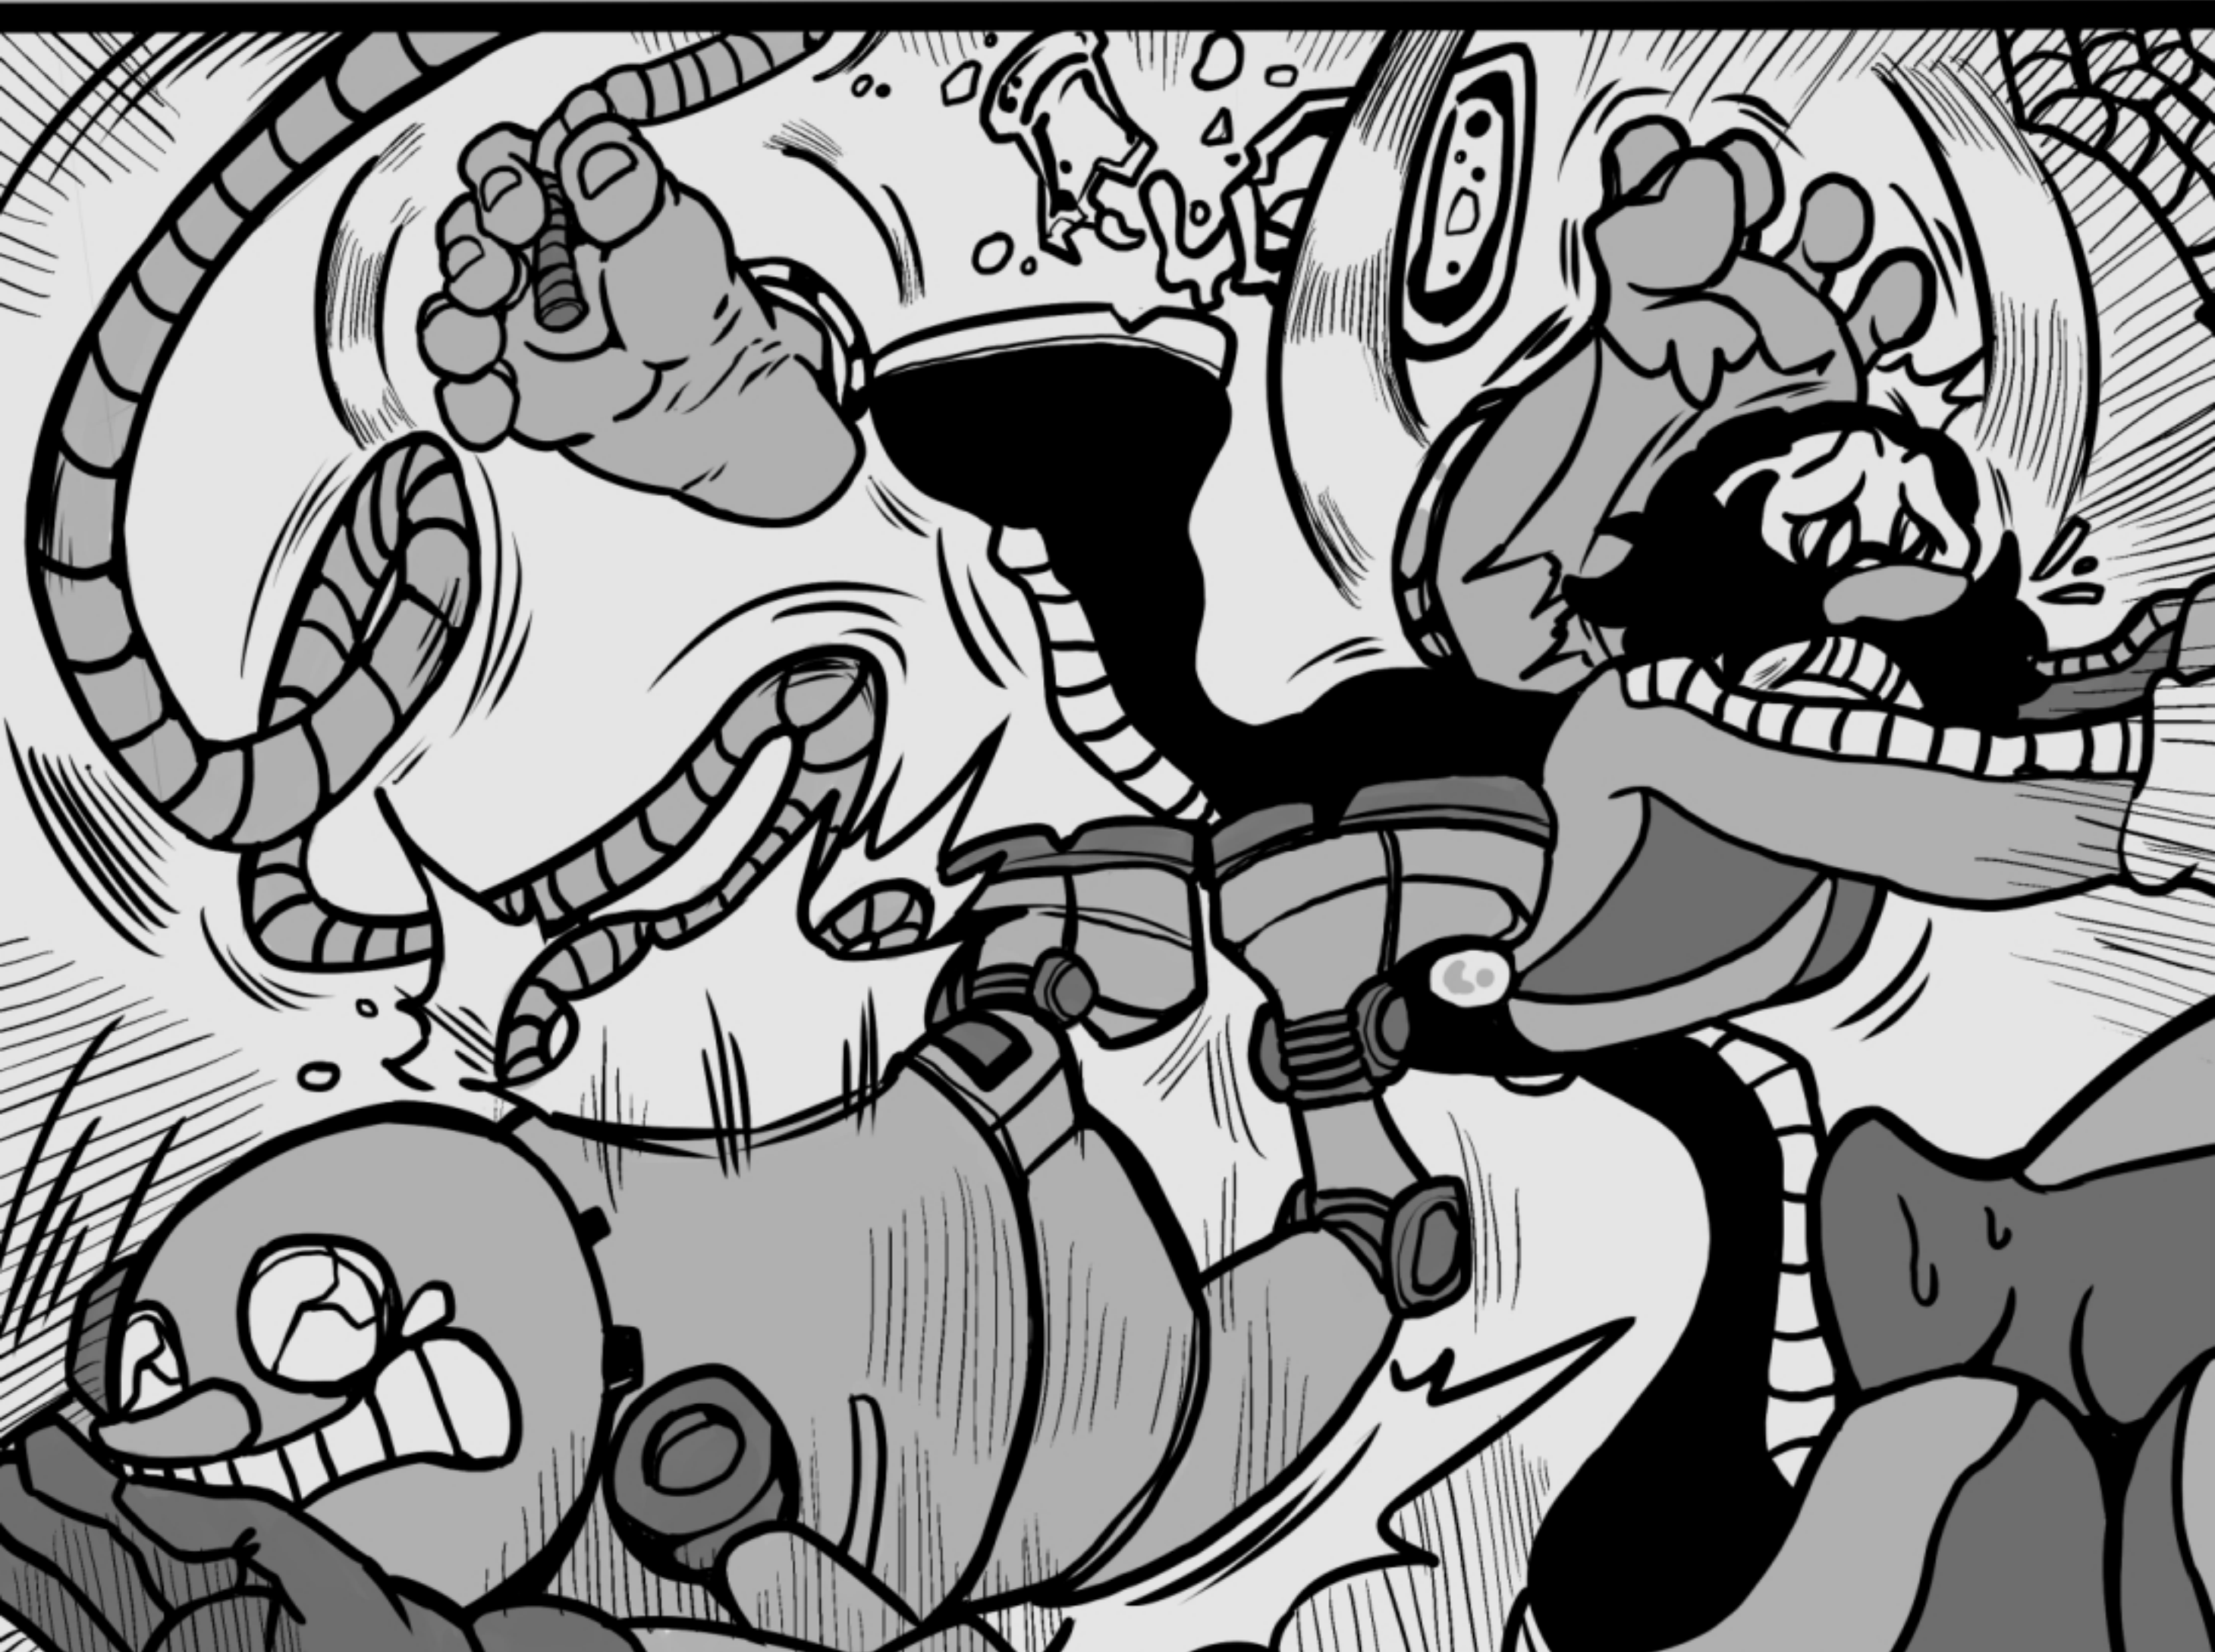

"AARRRGH! You're so deviant! How can a pair of feet do so much damage?! Stupid robot, just catch..." before Eggman could finish his words, a foot landed on his face.

"AHH ouch!"

Shadow was sitting quietly in the corner. He chuckled to himself "Hehe, I'll admit it Sonic, you've got skills."

Shadow stated "This isn't gonna work."

He then stood up and made his way towards the so far neglected genitals of Sonic's. gave a gentle flick at his testicles with a finger, and surely, the feet that were causing wrecks immediately lost their energy, and fell to the ground.

Sonic realized when he used a spin attack, he could make his feet jump into the air.

So he kept repeating it.

When Sonic felt the surroundings with his feet, it gave him a sense of security.

"You're awesome, Sonic! Keep kickin their butts!" Tails cheered.

But it was a false sense of security. Because when he felt a gentle flick against his balls, it zapped away all of his fight. Poor Sonic slumped on the floor, covering his crotch with his hands.

"Urrgggg..." Sonic groaned in pain.

"Oh no Sonic! What're they doing to you?!" Tails rushed over to his aid.

Unfortunately, unlike his feet, there was no way for the balls and penis to protect themselves against attacks, so he could only let his enemies have their way.

When your weakness is in your enemy's hands, even their gentlest touch can inflict great effect.

Before Sonic could regain his composure, he felt his feet being picked up and placed onto a surface. He tried moving them, but he could no longer make them jump. They seemed to be stuck onto the surface from the magic ring side.

When he felt a tickle on his vulnerable soles, he curled his toes in panic, attempting to minimize the access to his most sensitive spots.

"Th... they're t...tickling my feet, b...but I think they c... can't get into my m...most ticklish places... I think I...I can handle th... this... for a while..." Sonic told Tails.

Although Sonic spoke with a brave and confident tone, he was nervous in his heart.

The hero just didn't want to look so helpless in front of his little brother. But in truth, he could feel each thump of his heartbeat, waiting for the next flick on his balls anytime soon.

And when the flick comes to his balls, he knew he would lose control on his toes, that's when the enemy will grab them and hold them back.

But the flick never came. Instead he felt a soft brush brushing some powder all over his feet, top, bottom, and even prying in between the toes.

After a couple of minutes, Sonic said "That's strange, they've stopped... I wonder wh..."

Just when he started wondering what was happening on the other side, he felt a tingle on the right heel. He tried to scratch it with his left foot, but they were too far apart to reach.

Seconds later, Sonic started feeling tingles everywhere on his feet, that's when he realized what they did.

Sonic thought "Oh no... you wouldn't... you CAN'T!"

Tails must have seen the panic on Sonic's face, he comforted Sonic "Hold on! You can do it, Sonic! We'll trace the video's signal source soon, then we'll crush Eggman's hideout!"

[Over at Eggman's hideout]

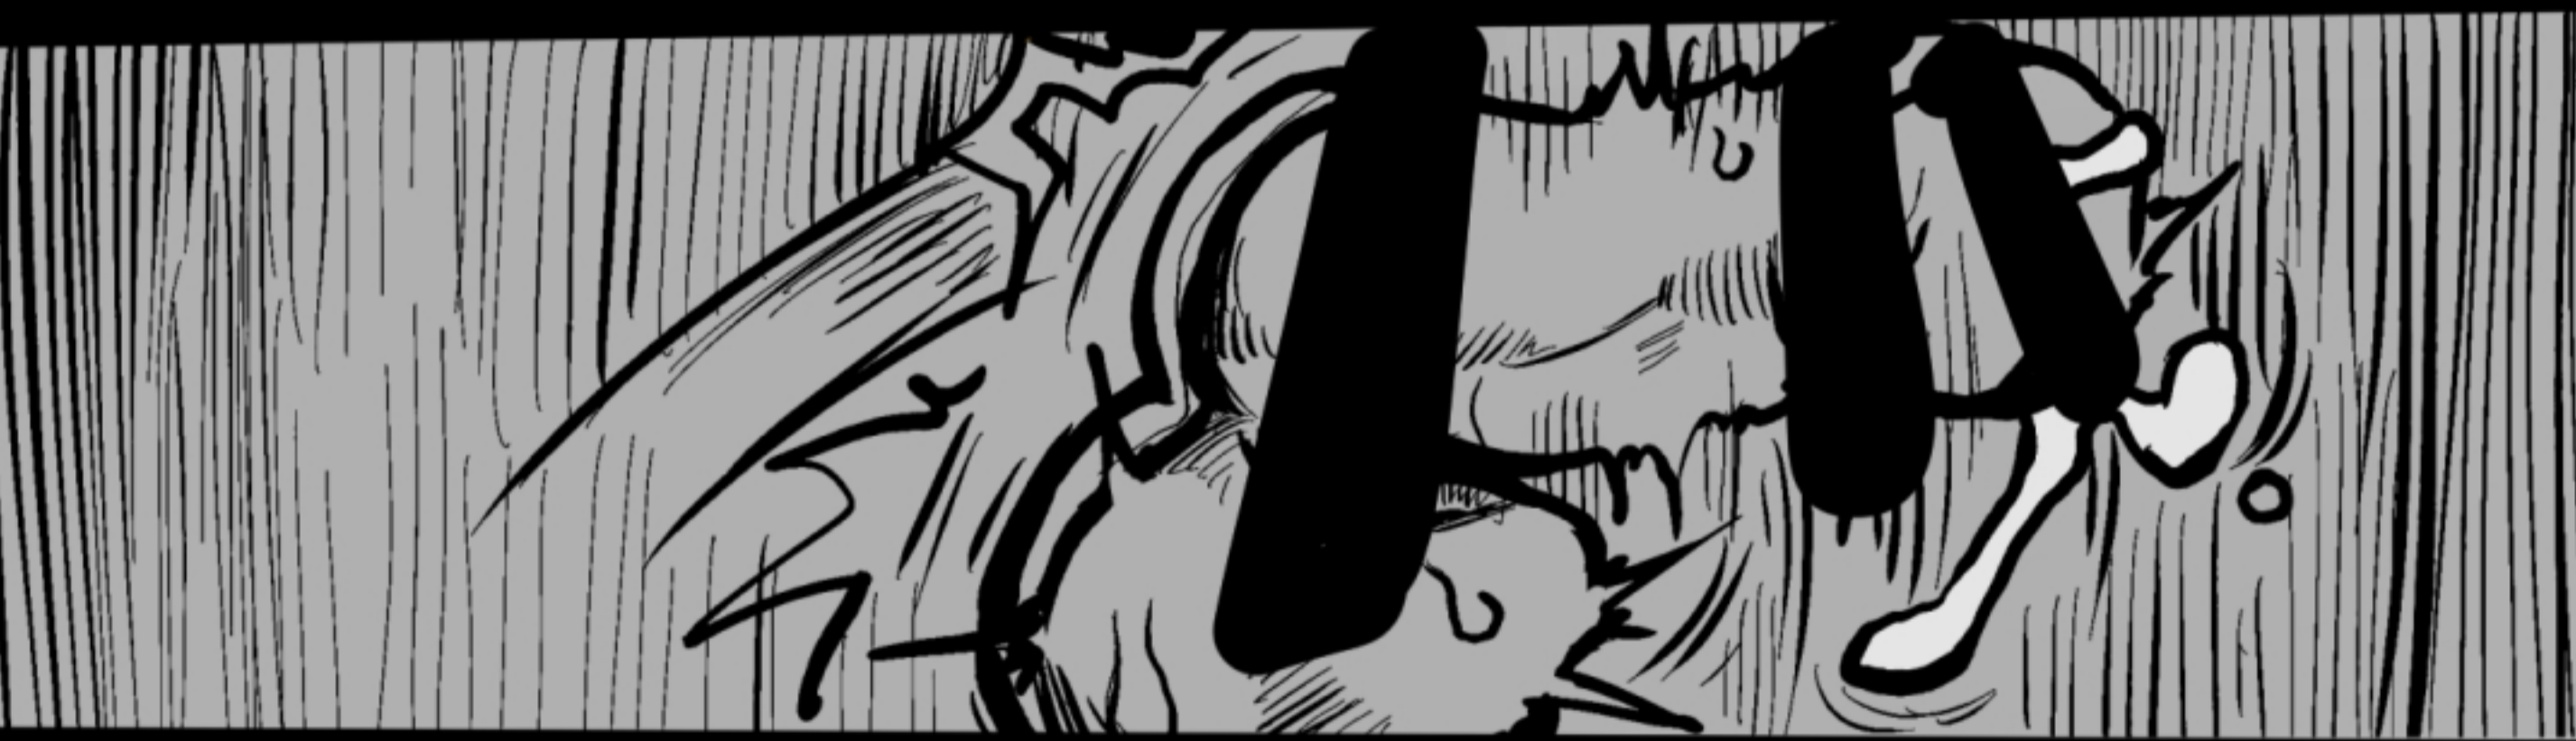

"That itch must be maddening..." Shadow said to himself.

Looking at his main rival's frantically struggling feet, Shadow could not help but feel a bit of sympathy for Sonic. Shadow cringed at the thought of having the itching powder on his own feet and not being able to even ease it slightly.

What was strange to Shadow was that Sonic's dick was standing up right. "Didn't know you were into this kind of kink." Shadow chuckled silently.

Eggman said with a sense of satisfaction

"Haha! Let's see how long the so-called hero can hold on to his sanity! Aww.. look how cute his feet are, those squirmy toes look like they are begging me to give 'em a scratch!"

The tickle robot gave Sonic's sole a little tap, and immediately, they stretched themselves as wide as possible, revealing every millimeter of the delicate flesh between their toes.

"I know I know, you want me to scratch the toe gaps." Eggman said tauntingly.

When the robot scratched there, the feet shook violently, before curling up the toes. But after a few seconds, they splayed out again in desperation.

"Hahaha! Look at that silly hedgehog, he can't decide between itching and tickling!" Eggman laughed.

For the next couple of hours, Sonic was forced to play Eggman's silly games with the tickle robot, which were un-winnable for Sonic.

Despite his dick being unattended, it was leaking a good amount of precum.

[Back at Team Sonic's base]

Tails was working one hand on his computer, the other hand caring for Sonic.

"Please hold on Sonic, my computer nearly cracked Eggman's encryption." Tails said worriedly, while helping his friend to wipe sweat off his head.

Sonic was in a mixed state of ticklish giggling and horniness. It was clearly shown on his face and his body movement.

And this was making the orange fox really uneasy. He had never seen Sonic so vulnerable before. He hated his enemies for torturing his best friend, but at the same time he was secretly enjoying seeing his role model acting so silly.

Tails thought "I wish I was the one making you horny..."

Suddenly, Sonic made a loud grunt "GUUAAAAA!"

Tails could sense something was broken inside Sonic's mind.

"T... Tails... I... I cahahahan't... t... tahahahake this... no more..." Sonic said in the most hesitant way.

"Oh no... Sonic, you can't swear your allegiance to the evil side! Please don't let them win! I am sorry I am so useless, I need just a little more time..."

Tails said apologetically, tears welling up in his adorable eyes.

Sonic stopped Tails mid sentence

"No, it's not thahahat, I ne... need to... c... cum..."

For a very long period of awkward moment, they both stared at each other in blush. Then finally Tails popped the silly question "What can I do for you?"

"C... can you p...please hehehe t... tickle me mohohore!" Sonic raised his arms up, showing his pits and inviting Tails to his torso.

Tails asked "Are you sure?"

Sonic nodded sheepishly.

Tails brought his fingers to each side, caressing the soft fluffy furs in Sonic's armpits.

"Am I dreaming this?" Tails wondered.

"Hehehe! Please Tahahails! Don't teheheasee me more! I need stronger stimulation!" Sonic complained in his giggles.

So, Tails sat on top of Sonic, then went full power on his upper body. "Well... you asked for it." Tails said.

"HAHAHAAA! YEHEES! TICKLE MEEHEHEHEE MORHOHORE!"

Sonic's laughter erupted. His originally raised arms were involuntarily clamping down, but his mouth was saying "More!".

Tails was ruthless against Sonic, he poked his pits, kneaded his ribs, ickled his belly, and even blew raspberries into his belly button. Tails could smell the pheromone coming off from Sonic's body, and it was instantly addicting.

The fox could not resist snuggling his nose into Sonic's ticklish armpits to sniff out the pheromone. Tails was falling in love.

"AHAHAAA~ TAILS! YOU AAHARE GOOD AT THIHIS!"

"OHH GWAAHAHAAD IMMA... I AM GONNAHAA COME~... .. YEHEHEESS~"

Sonic had a ticklegasm with the help of his good friend Tails.

Even though nothing was touching Sonic's cock, he reached orgasm by being tickled only, because he was too horny.

A wave of euphoria hit Sonic as he drowned in his mixture of ticklish torture and sexual climax.

But after just a few seconds of heaven, Sonic was hit with a harsh reality, his body became hypersensitive after cumming.

"OOKAHAHAYY STOAHAHAAP STOPPP! \*GASP\* TAHAHAILS STAHAAHAAA PWEAHEHEHESE!"

However, Tails was enjoying this too much to stop. He kept tickling Sonic all over, he even licked his nipples.

Sonic was frantically pushing Tails' hands and head away. He tried to put up a fight, but after just cumming, he was too weak to put up any fight.

And to add to Sonic's hellish post orgasm tickle torture, he suddenly felt a hand rubbing his cum-lubed cock head.

"AA!"

Sonic screamed like he never screamed before. His eyes widened to the point they almost popped out.

Seeing his reaction, Tails was drawn back to reality. It dawned on him that Sonic must be going through hell, and he stopped tickling and got off of Sonic.

"HAHAHAHAAAA! TOO MUAHAHACH! I CAHAHANT TAKE THIS! \*GASP\* I GIHIHIVE! I GIVE UP!"

"Oops, have I gone too far?" Tails thought.

Eggman was having so much fun. "Look at this hedgehog, he is precumming so much only from being tickled on his feet! I should take a video and broadcast it, I should let the world see how naughty their hero really is! Mwahahaa!"

Meanwhile, Shadow was secretly having a hard on from seeing his counterpart being tickle edged silly. "If only I could see his face, that must be awesome." Shadow thought to himself.

Then, out of the blue, Sonic's throbbing cock started pulsating heavily, then hot white semen flowed out from the slit. It wasn't an explosive orgasm, but it was non-stop, just a steady flow like a stream.

"What is this?!" Eggman was surprised when he saw that Sonic was actually getting off from his torture.

"Oh No! You don't get to enjoy this, I'm gonna give you hell for getting off!" Eggman said, and then ordered the robot to rub its hand on the postcum head.

Sonic must have felt the rubbing, because his feet were flailing hysterically

"Haha Sonic, what'd you think about that? I don't need to see your face to know you're suffering! "

Eggman said smugly.

"Robot, restrain his toes and keep tickling his feet and keep rubbing his penis. I'm going for a short nap. I expect to see the blue hedgehog begging me to let him join my side when I wake up."

When Eggman returned from his nap, he saw the robot was still rubbing Sonic's still hard cock, and it seemed like he came multiple times during his nap, because the puddle of cum was huge.

The whole room was filled with the smell of horniness.

However, the pair of feet being tickled had turned black!

When Eggman turned to look at Shadow, he saw him licking at a pair of blue feet, and Shadow himself was giggling silly all the while.

Then Eggman also noticed Shadow had magic rings on his ankles.

"Ah, I know what's going on."

Eggman said to himself, before tiptoeing behind Shadow.

Eggman whispered behind the black hedgehog "Enjoying it much, ey?"

It startled Shadow and he tried to hide what he was doing, but it was obviously too late.

"I can't believe I get to see the usually cool and composed Shadow acting so silly, hahaha! And I can't believe you are into this kink too!"

Eggman said, making fun of Shadow.

Shadow's face flushed red, as he had just been caught doing something so out of character.

Eggman returned to his computer and asked in a more serious tone "Why hasn't Sonic bowed down to me yet? He should be begging at my front door now!"

Eggman asked in a serious tone  
"Why hasn't Sonic bowed down to me yet?  
He should be begging at my front door now!"

A voice replied "Because Sonic is the strongest hero in the universe."

"What?! How dare you?!" Eggman shouted at the robot.  
It took him a few seconds to register that the voice wasn't from the robot,  
but it was Tails' voice!

Before Eggman could react, his base was taking heavy fire from  
Tails' machines.

On the other side, Amy was hammering frenziedly at Shadow.

"Gimme me back my boyfriend's feet!"  
Amy roared at Shadow like a scary T-Rex.

Normally, Shadow's agility and strength is on top of Amy.  
But with his feet separated by the magic rings, he could not move and fight  
at his usual speed. So he decided to drop out of the fight.

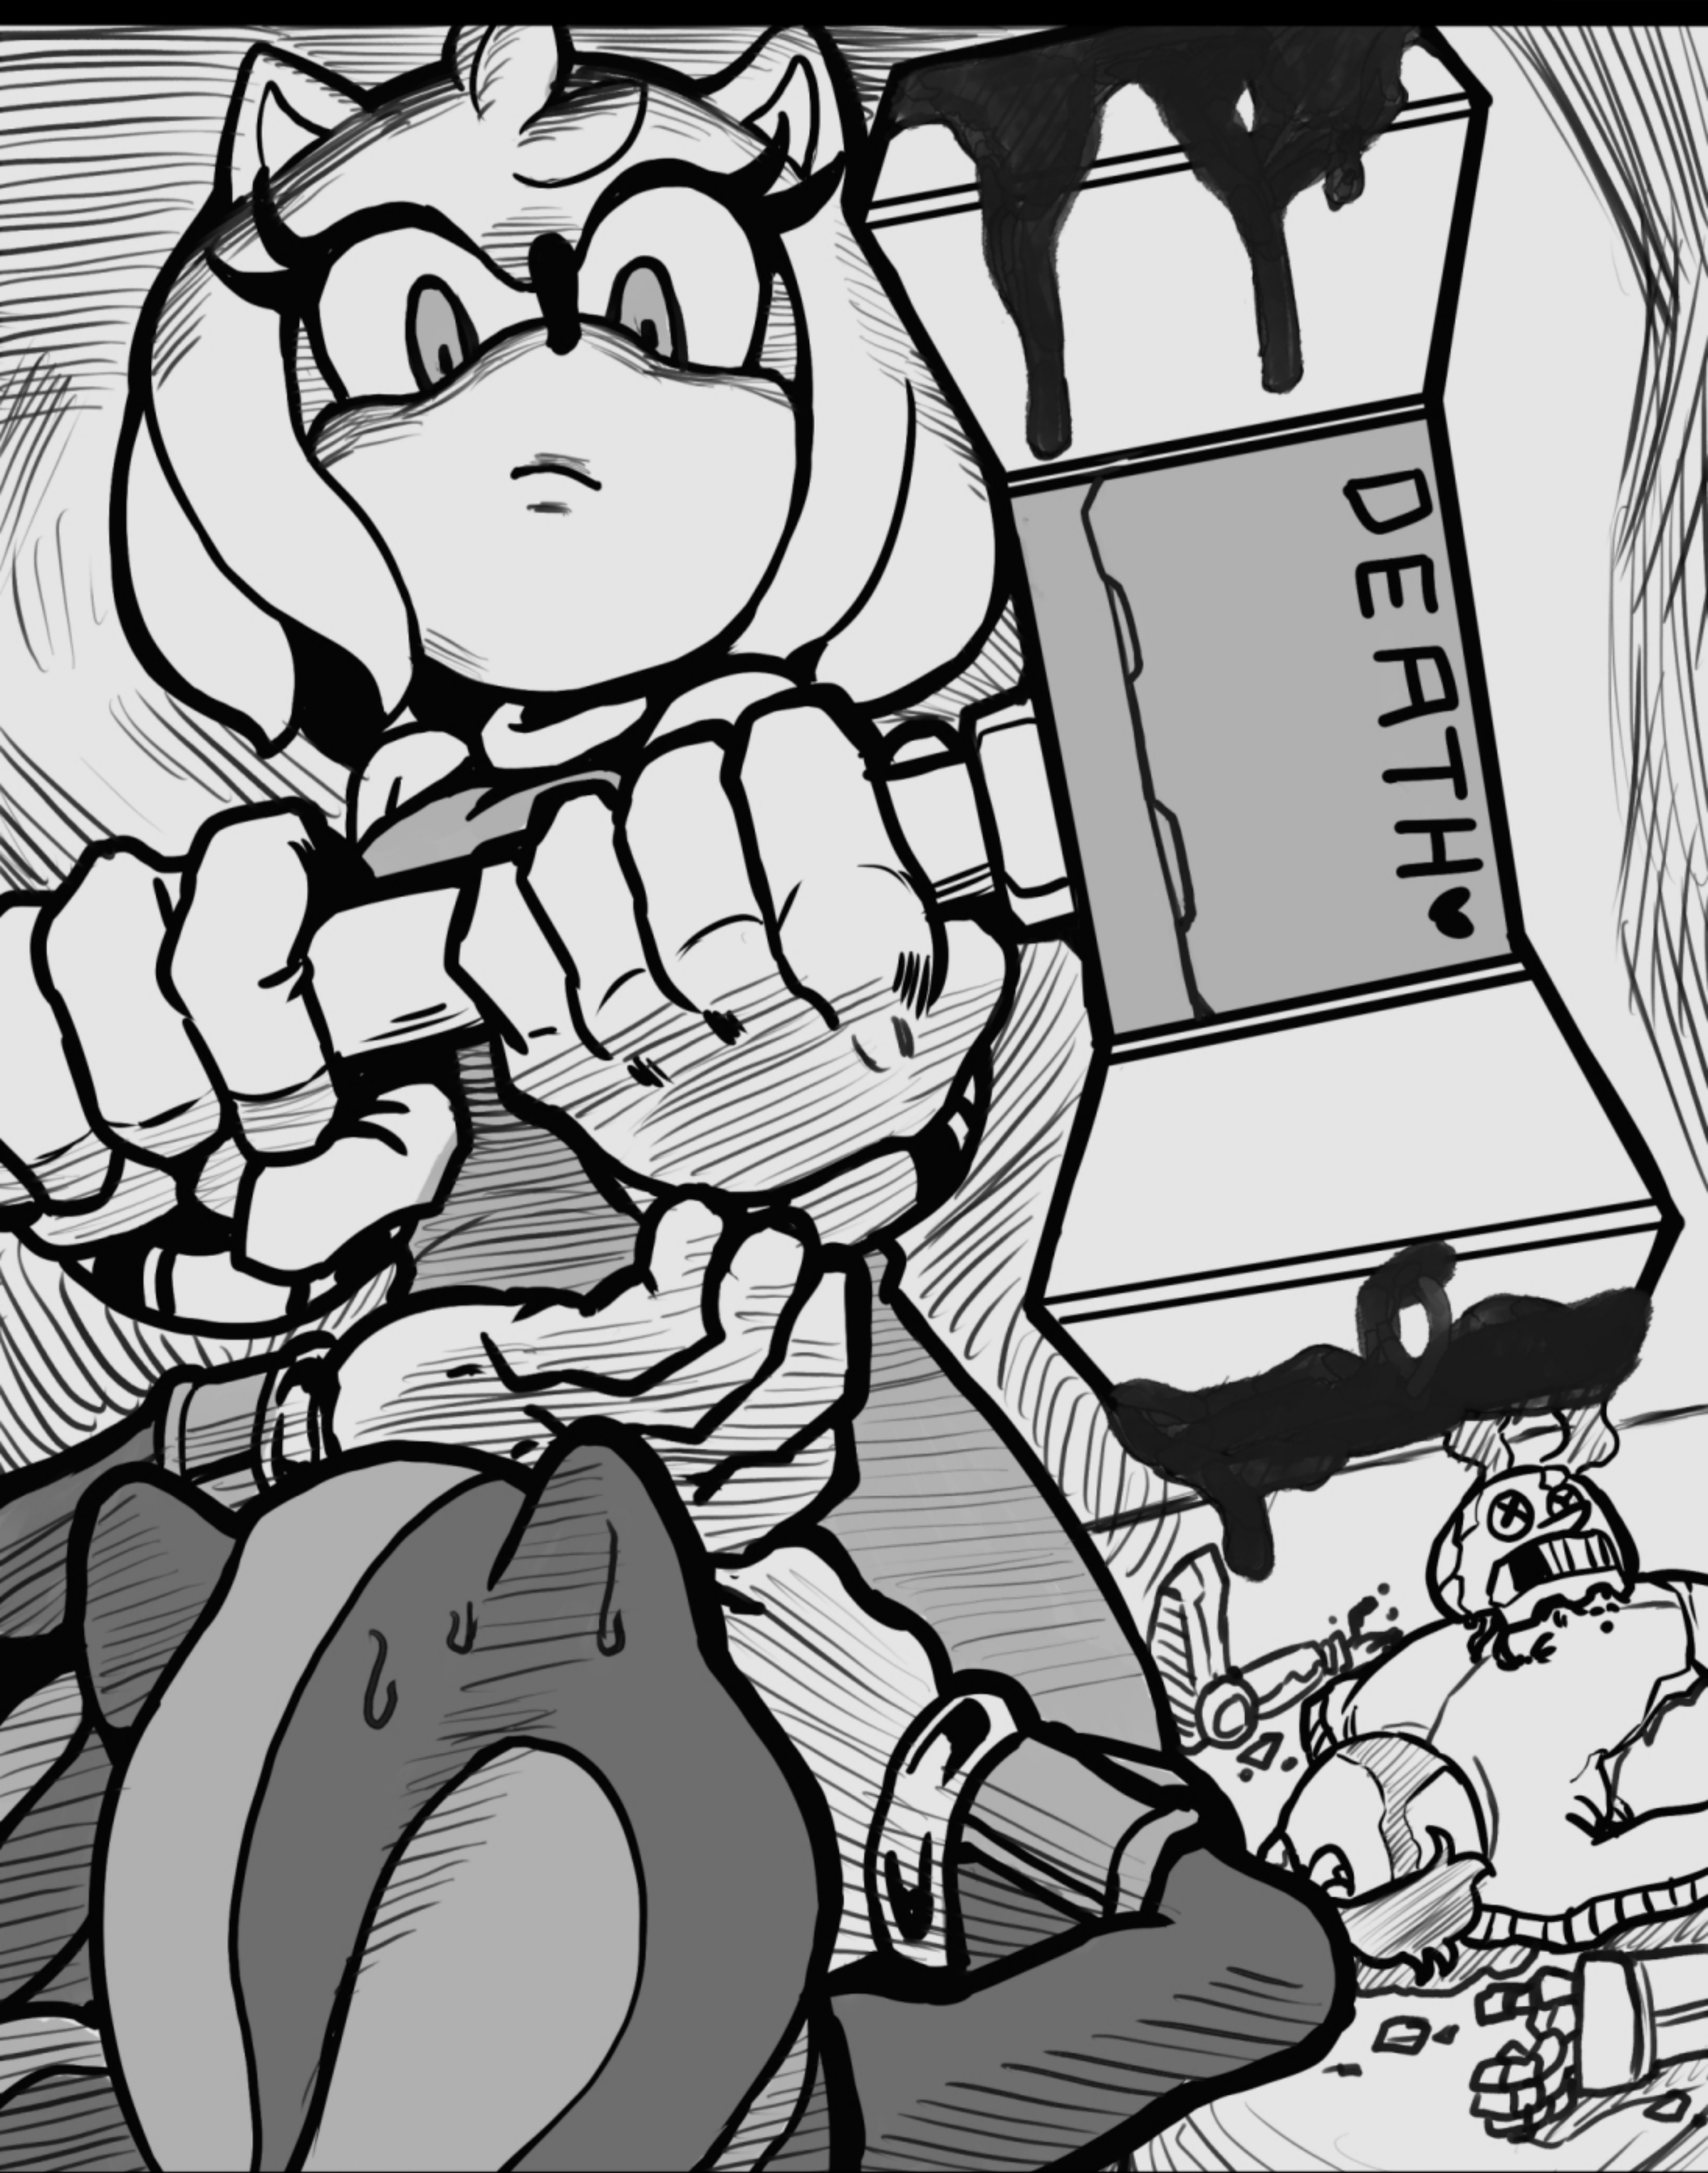

"Wow, okie, you can have them back. This isn't my fight."  
Shadow said, handing Sonic's feet to Amy willingly, before making his way  
to retrieve his own feet.

That was when he saw Tails grabbing his pair of black feet along  
with Sonic's genitals.  
He also saw that Eggman was fleeing the battle in defeat.

He dashed towards Tails as fast as he could, while calling out to him  
"No Tails! Those are mine!"

But Tails ignored him and took off in his plane with Amy.

"Oh shit..." Shadow cursed. That's when he realized he messed up.

[Back at Team Sonic's home]

All of Sonic's body parts were returned safely. Finally, Sonic could have a peace of mind.

"I'll settle this with you two once I get rested..."

Sonic said before falling onto his bed and fell into a deep slumber, with his shoes on.

Tails then turned to Amy "I knew I was wrong in helping you!"

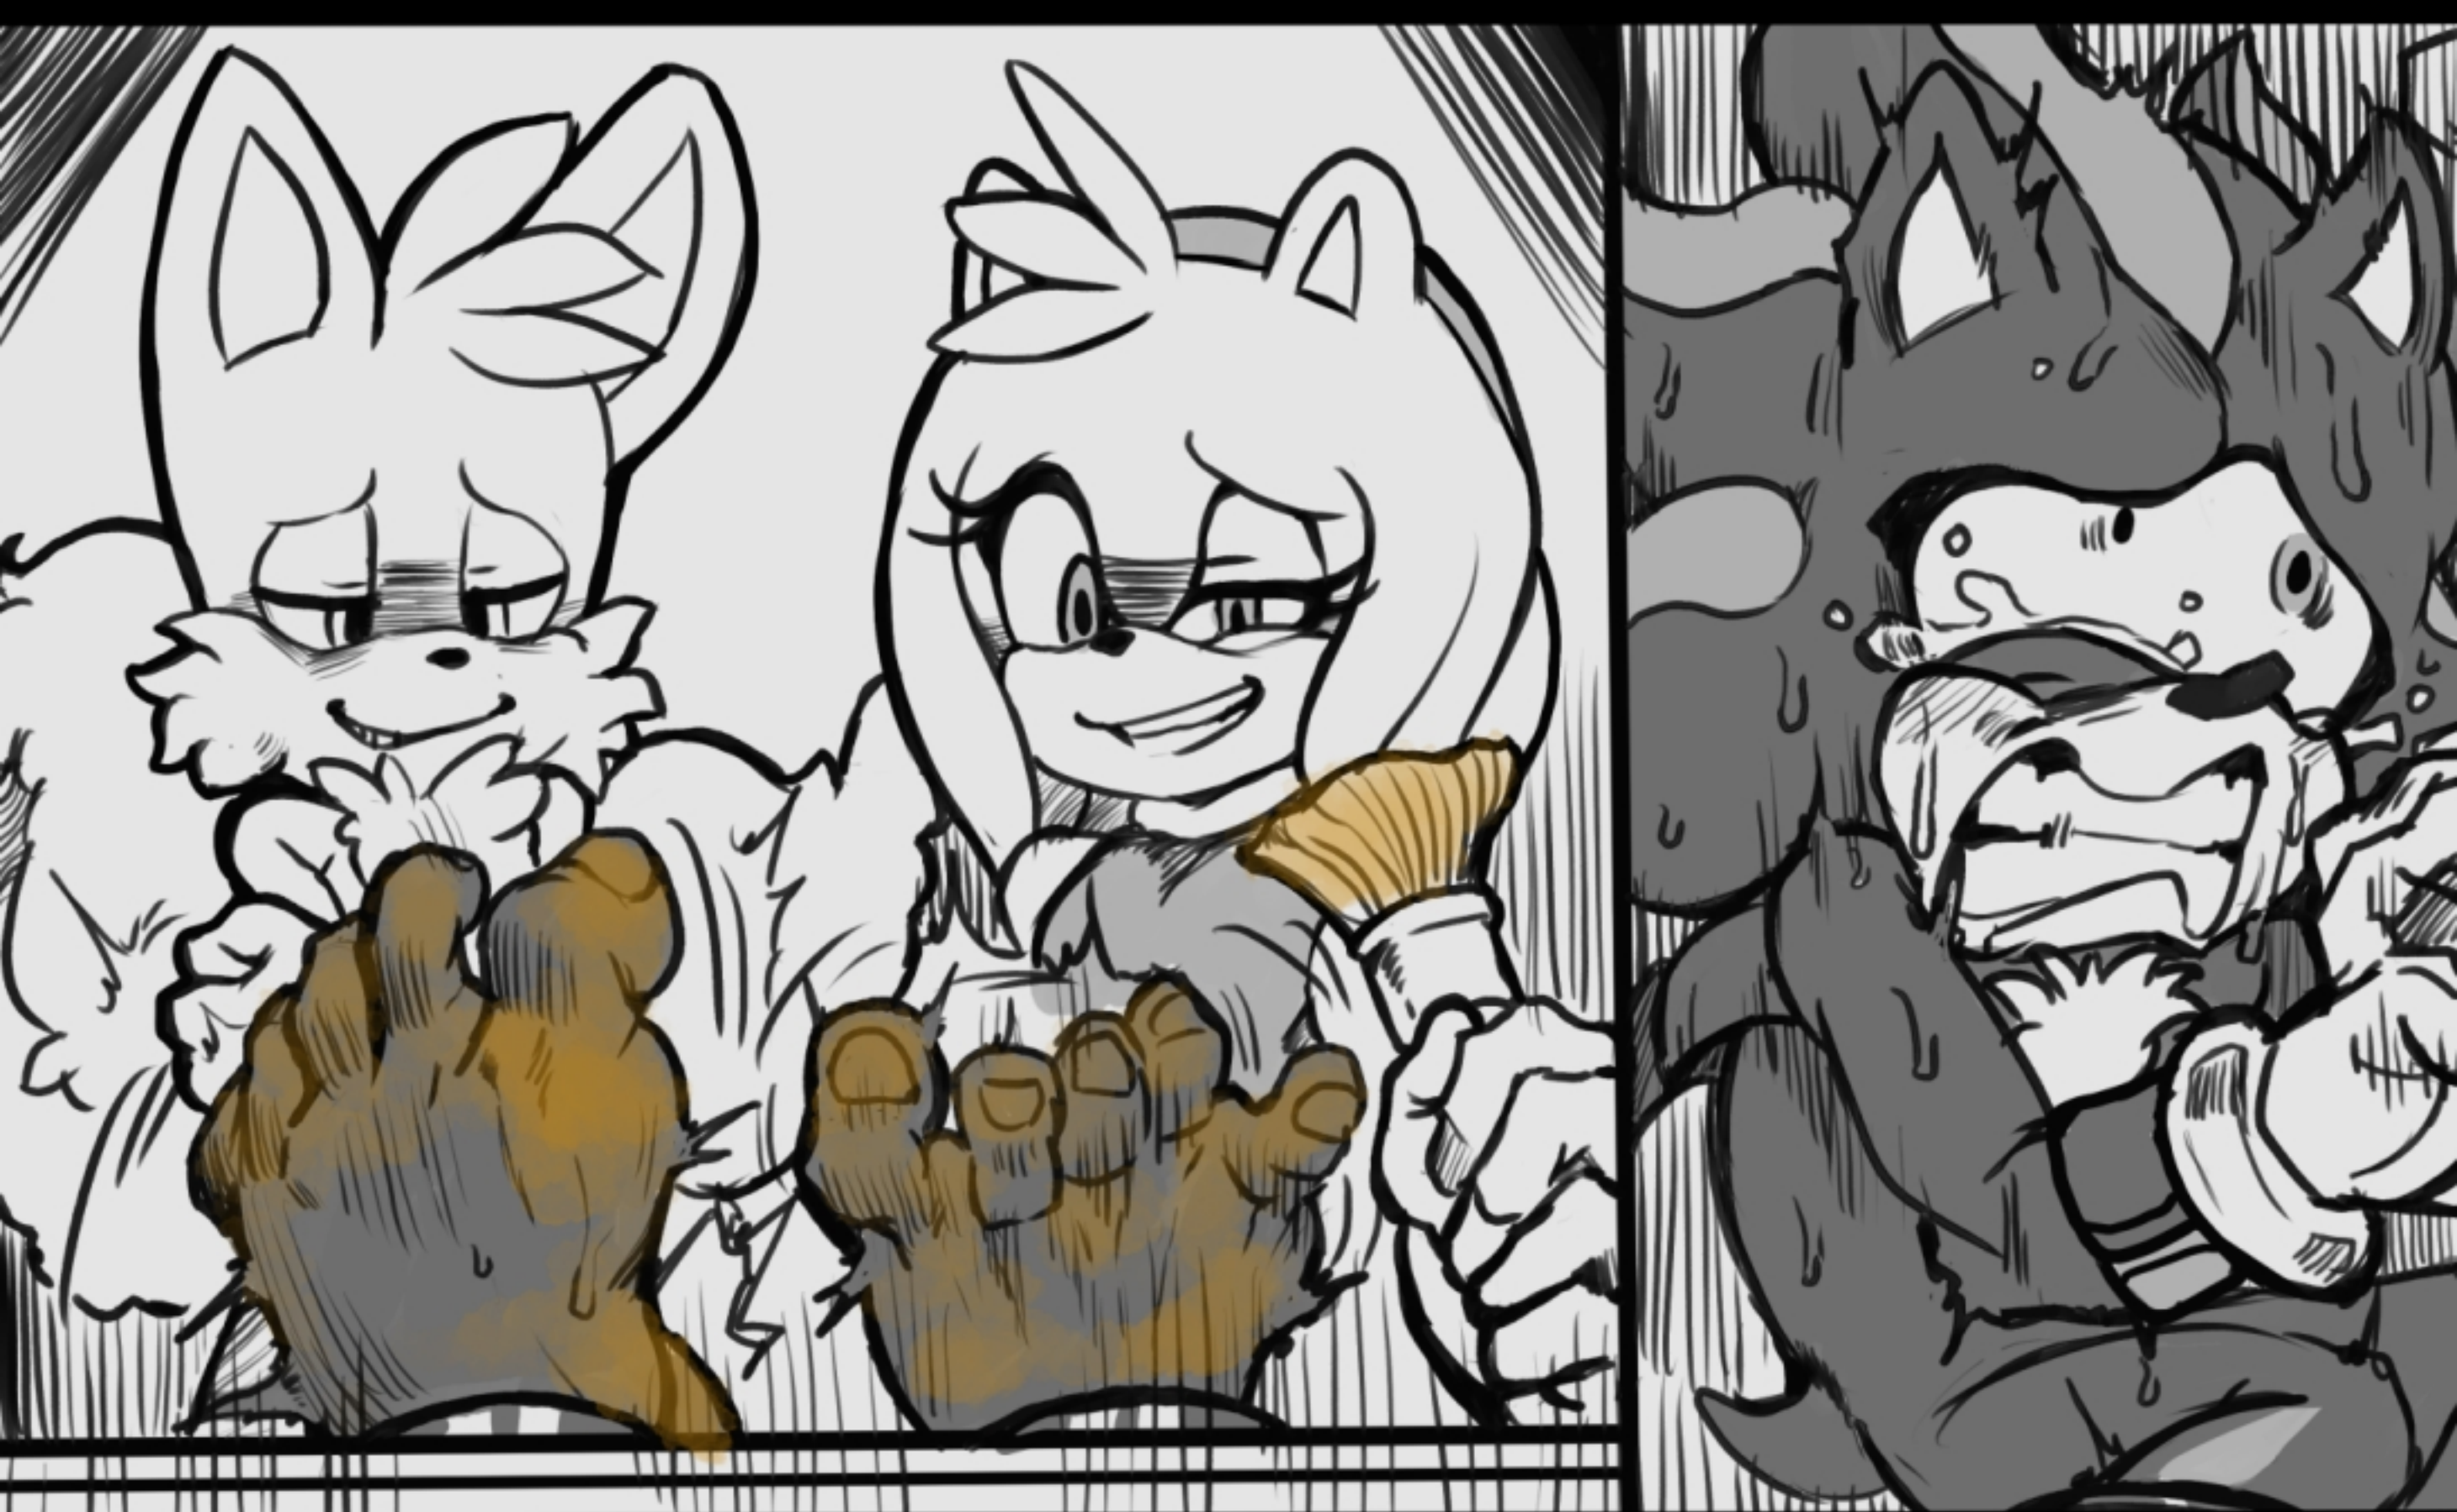

Amy hung her head in apology "I'm sorry, I've learned my lesson."

They stood there in silence for a moment, before turning their attention to a pair of black feet on the table.

The feet were struggling frantically, their toes were repeatedly curling and splaying out. Most probably due to the fact that there was a coat of itching powder covering the skin of the feet.

The fox boy and the hedgehog girl grinned at each other with smug.

Tails broke the silence "Well, if you wanna have fun, I guess we should do it on these cuties~"

Across the city, inside Shadow's home. A black hedgehog was banging his head against the wall, he was tearing at his hair, and his face was of a boy in agony.

"Pl...eeeeasssse... s... somebody... scratch m... my toes..." Shadow sobbed.

THE END
