

LUCIFER AND LILITH SYND
PRESENT

Succubi
THE WITCH
Second Taste

The boy's name was Axel.

He was a high school student until three months ago but then he met Lydia and his life changed... He agreed to go out with her for dinner, when it was time to get home and have some fun he realized the huge mistake he made... There was fun indeed, but only for the sadistic girl.

Since that day, Axel hung from those chains that were pulled to their full extent, not allowing any movement... He was now a missing person... And he had been tortured in the most horrible ways... He was exhausted, had lost any will to live, only wishing for the nightmare to end...

But Lydia never allowed him to receive the bliss of death... She had a real talent for extended torment and suffering and she was always very careful to never accidentally kill her new slave.

Now, in the silence of that basement, broken only by the flowing of water in the pipes and rattling of those heavy steel chains, she made her way down the steps...

One hand on her hip, her sensual body exposed if not for her gloves, garter and stockings...

There was her little maggot, just as she left him the last time, passed out and looking ever more scrawny each day.

The cruel girl made her way towards him, just observing how pathetic he looked in her eyes...

There was barely any fun anymore for Lydia in torturing this guy, he had given up and wasn't really wishing for life anymore. She had made up her mind: she would have set him free after today's tortures...

But first she needed to step up the game, to make him scream and cry for mercy one last time...

Oh yes, she had a perfect plan in her mind and all the suffocation and heavy Femdom of the past days would have seemed like a joke.

So, without wasting any further precious seconds, Lydia decided it was time to get in position...

She walked over the man and stood towering above his head, then gently and slowly backed up until her ass was dangerously aimed at Axel's face.

The gorgeous redhead squatted down, not too much though and without hurry: she didn't want to make a noise as to wake him up by accident before the time was right.

Her descent continued until her puckered hole was barely a few inches from the chained boy...

And as soon as she was in the position she wanted to be, she grunted and pushed on her bowels...

Her anus opened and flexed outward as one noxious fart escaped her depths with a loud rumble... Axel woke up with a startle at the sudden noise and was shocked to see the pussy and ass that he had learned to fear so much in those months.

"OH GOD NO... NO!!!! *COUGH*" he begged but the stench filled his nose and made him retch, want to puke if it wasn't that his stomach was empty.

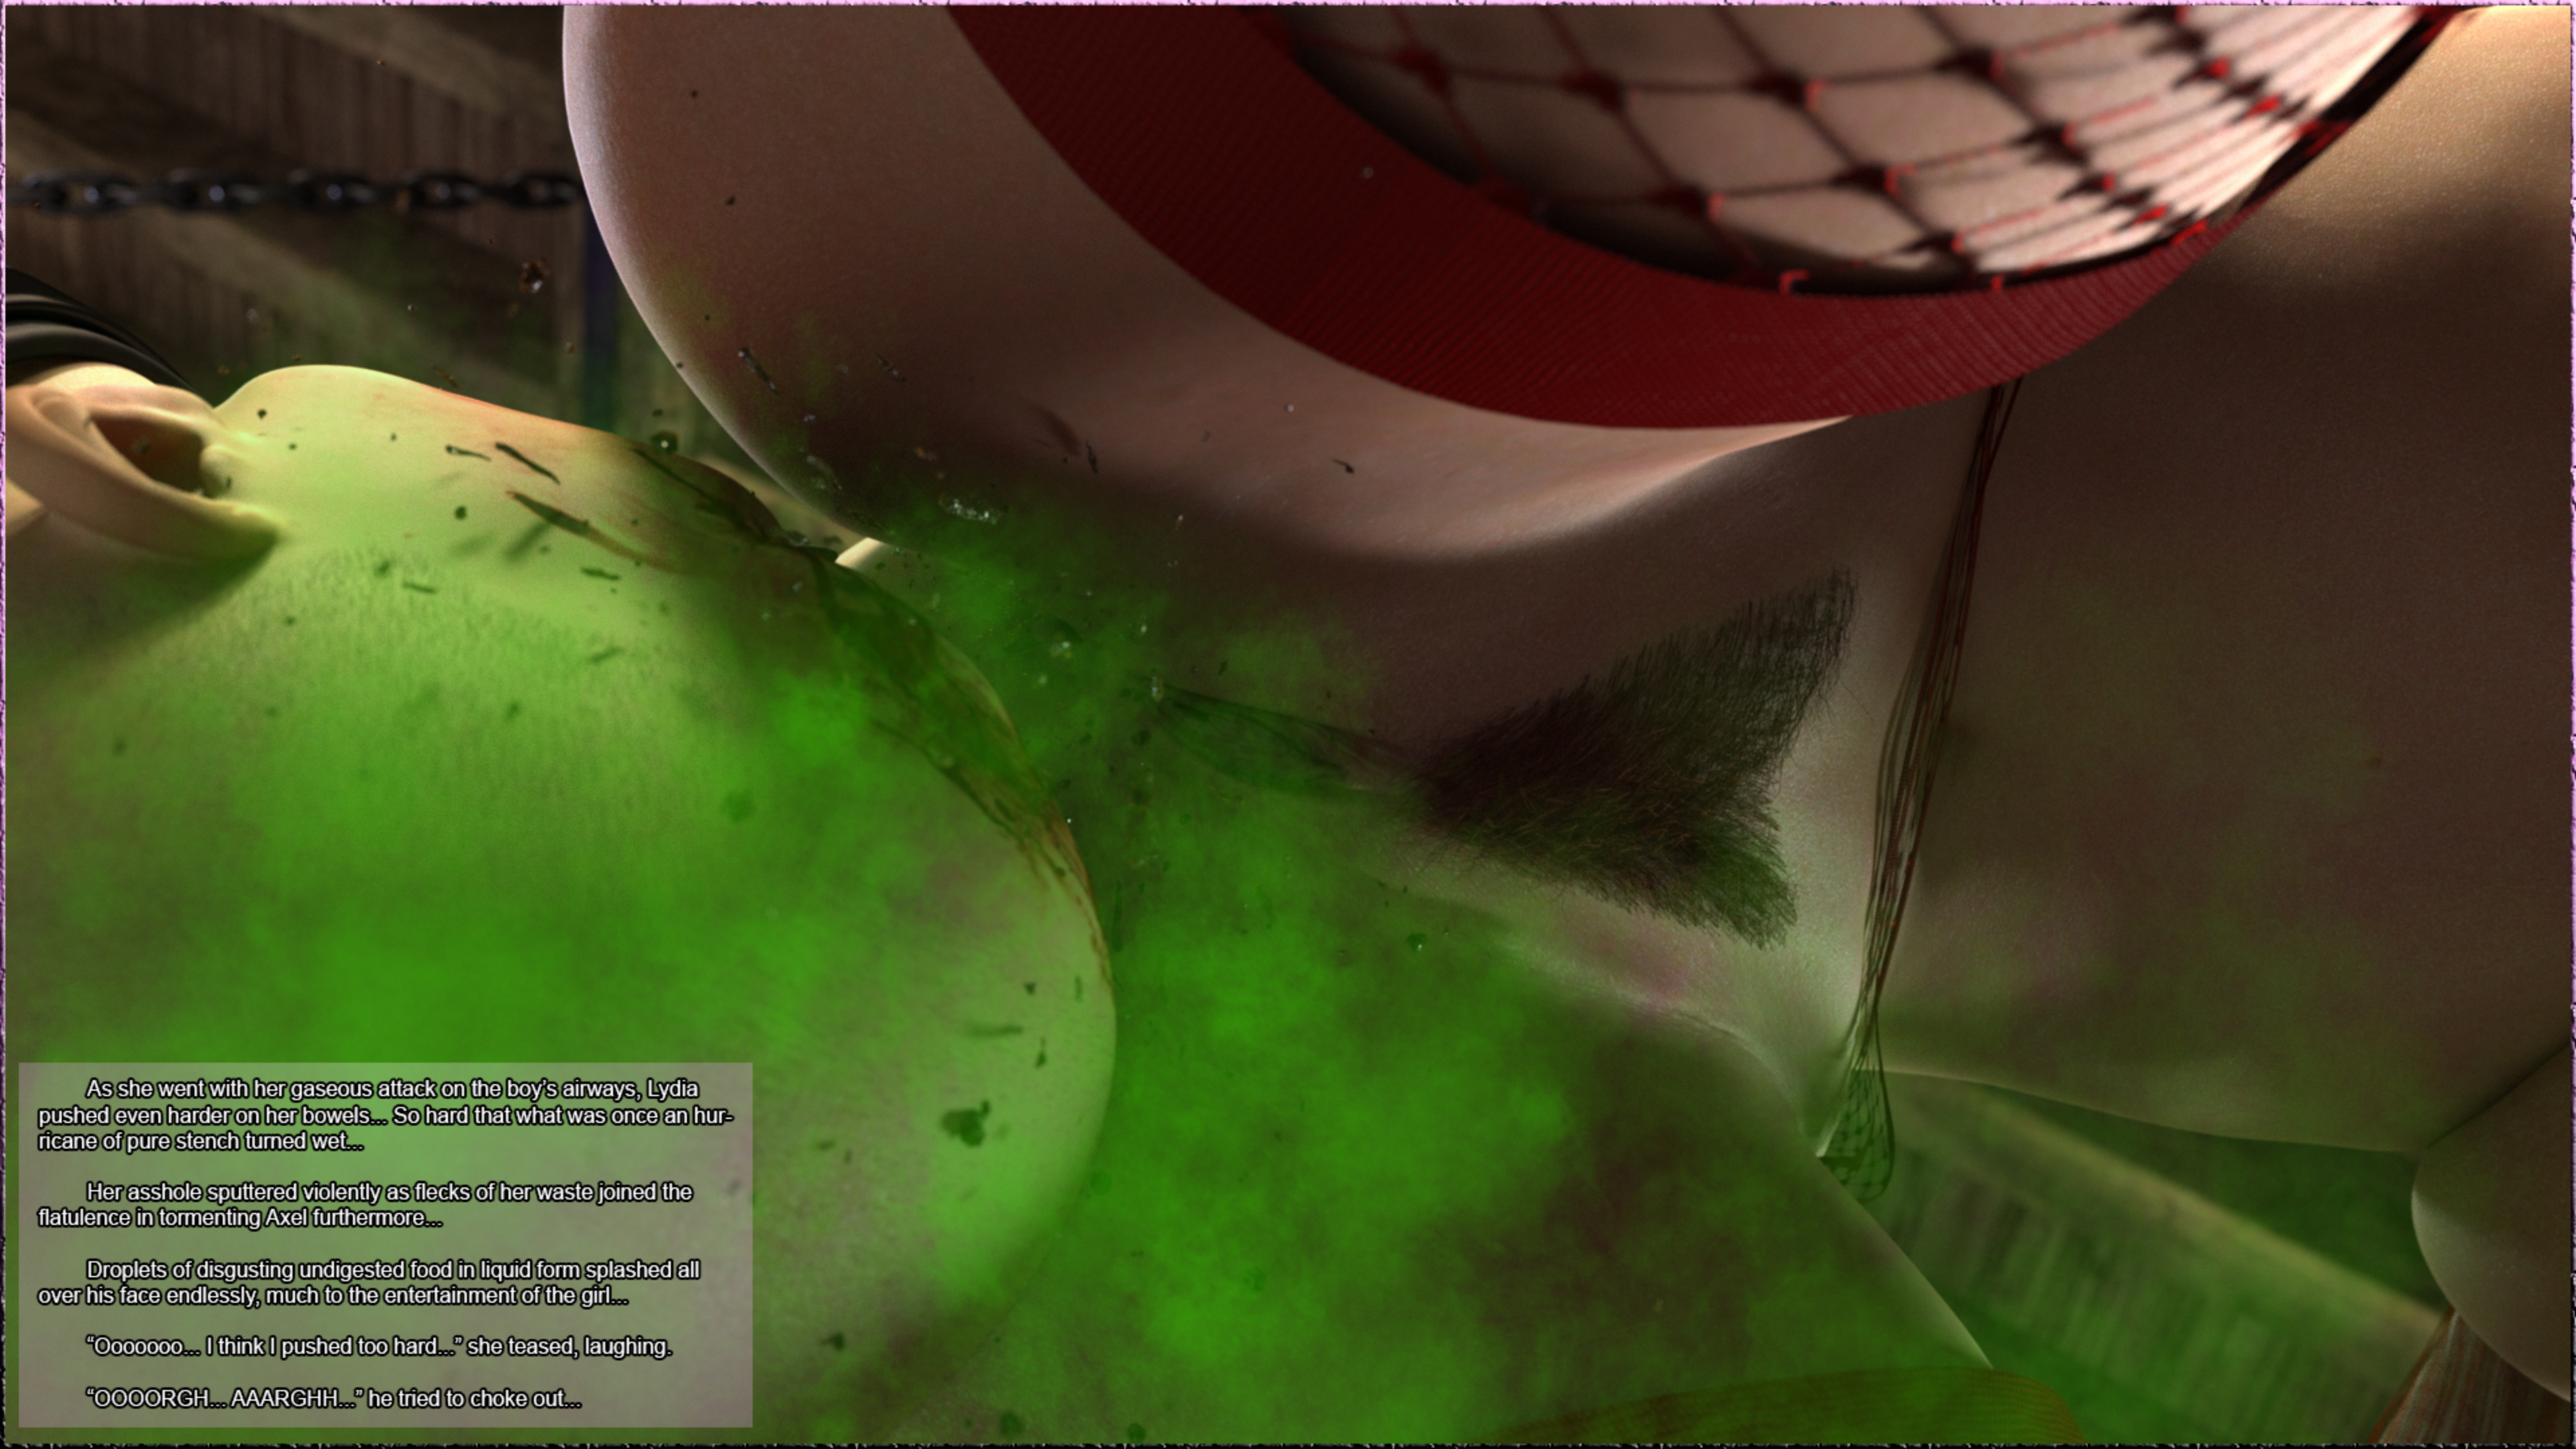

"Rise and shine, slave!" teased Lydia, giggling evilly.

Axel gagged underneath the redhead's asscheeks... The farts didn't stop, Lydia ripped one after another, making him choke heavily on the horrendous flatulence... A smell of putrid meat and digested food filled his lungs, giving him no chance to get any clear oxygen.

"Aaaaaaa..." moaned the cruel Dominatrix "I knew that those mexican beans would have been a fantastic idea... Loads and loads of my delicious gas all for you!!!"

Lydia's voice broke by the pleasure of feeling the gas flow through her anus and freeing her intestines, while Axel gagged and retched, struggling to no avail since the chains held him still.

As she went with her gaseous attack on the boy's airways, Lydia pushed even harder on her bowels... So hard that what was once an hurricane of pure stench turned wet...

Her asshole sputtered violently as flecks of her waste joined the flatulence in tormenting Axel furthermore...

Droplets of disgusting undigested food in liquid form splashed all over his face endlessly, much to the entertainment of the girl...

"Ooooooo... I think I pushed too hard..." she teased, laughing.

"OOOORGH... AAARGHH..." he tried to choke out...

Lydia stopped the gas as she felt that her intestine was sufficiently relieved... At least for the moment.

She rose up from her squatting position and looked at her victim from above her left shoulder, evil grin spread on top of her lips as he coughed out her stench, trying to get his lungs free of the stinging feeling.

"Look at how pathetic you are... Your face all covered in my ass juice... Were they not delicious farts, hmmm? Did you not enjoy the sublime stench I have been cooking for you?" she asked him, in an icy and cruel voice "Tell you what... I'm going to be really nice to you... And clean your face..."

Those words filled Axel's mind with hopes for mercy... But they broke as he saw that Lydia was spreading her legs even wider and adjusting her position so her pussy would have been above his face...

"OH NO... NOT THIS AGAIN, PLEASE!!! I BEG YOU, NOOOORGH-LLLLL!!!"

His words and pleads were interrupted as the girl relieved her bladder, her urine flowing freely and splashing on top of his face, carrying a strong scent of ammonia and an incredibly strong taste...

"Aaaaa... First pee of the day, isn't it just delightful?" she teased.

Lydia felt no mercy, nor any compassion for the man that was now drowning in the huge flow of piss that she was releasing... If anything, his suffering was only pushing her to inflict even more pain, to see him cry and beg further.

"You should be thanking me... I am actually removing that nasty ass juice from your face! COME ON!!! SHOW ME HOW GRATEFUL YOU ARE AND DRINK MY PISS DOWN!!!! SWALLOW IT OR I WILL DROWN YOU!!!" she ordered...

But there was no way to actually drink that huge flow... Axel tried to move his head to the side to escape the golden shower, but there was no way to move far enough to do that...

"You fucking dishobedient slave... I SAID DRINK IT!!!" shouted Lydia...

And suddenly, she dropped her pussy violently on top of Axel's mouth, sealing it with her intimate flesh... Now her peehole was right on top of the boy's lips, there was no way to escape the flow.

"HMMMRGLLL!!! RRRRGLLLL!!!" he screamed in a gurgled way as the bitter and disgusting urine raped his throat, forcing itself down in his stomach.

"THAT'S IT! BE A GOOD TOILET SLAVE, BITCH!" said the redhead, laughing out loudly and made her flow harder...

But there was just no way that Axel could keep up with it, as he was so weak...

So, he coughed and began to drown by the liquid, which now spilled out of his mouth and covered his whole head, splashing everywhere.

"You fucking weakling! You're worthless and useless, a fucking waste of space! DROWN THEN, MOTHER FUCKER!!! DROWN IN MY PISS! HURRY UP AND DIE!" said Lydia, taunting him evilly, showing absolutely no mercy... And with the fear of dying in such a humiliating way, Axel tried to drink, even sucking the liquid out of the crazy girl, just to make her finish faster...

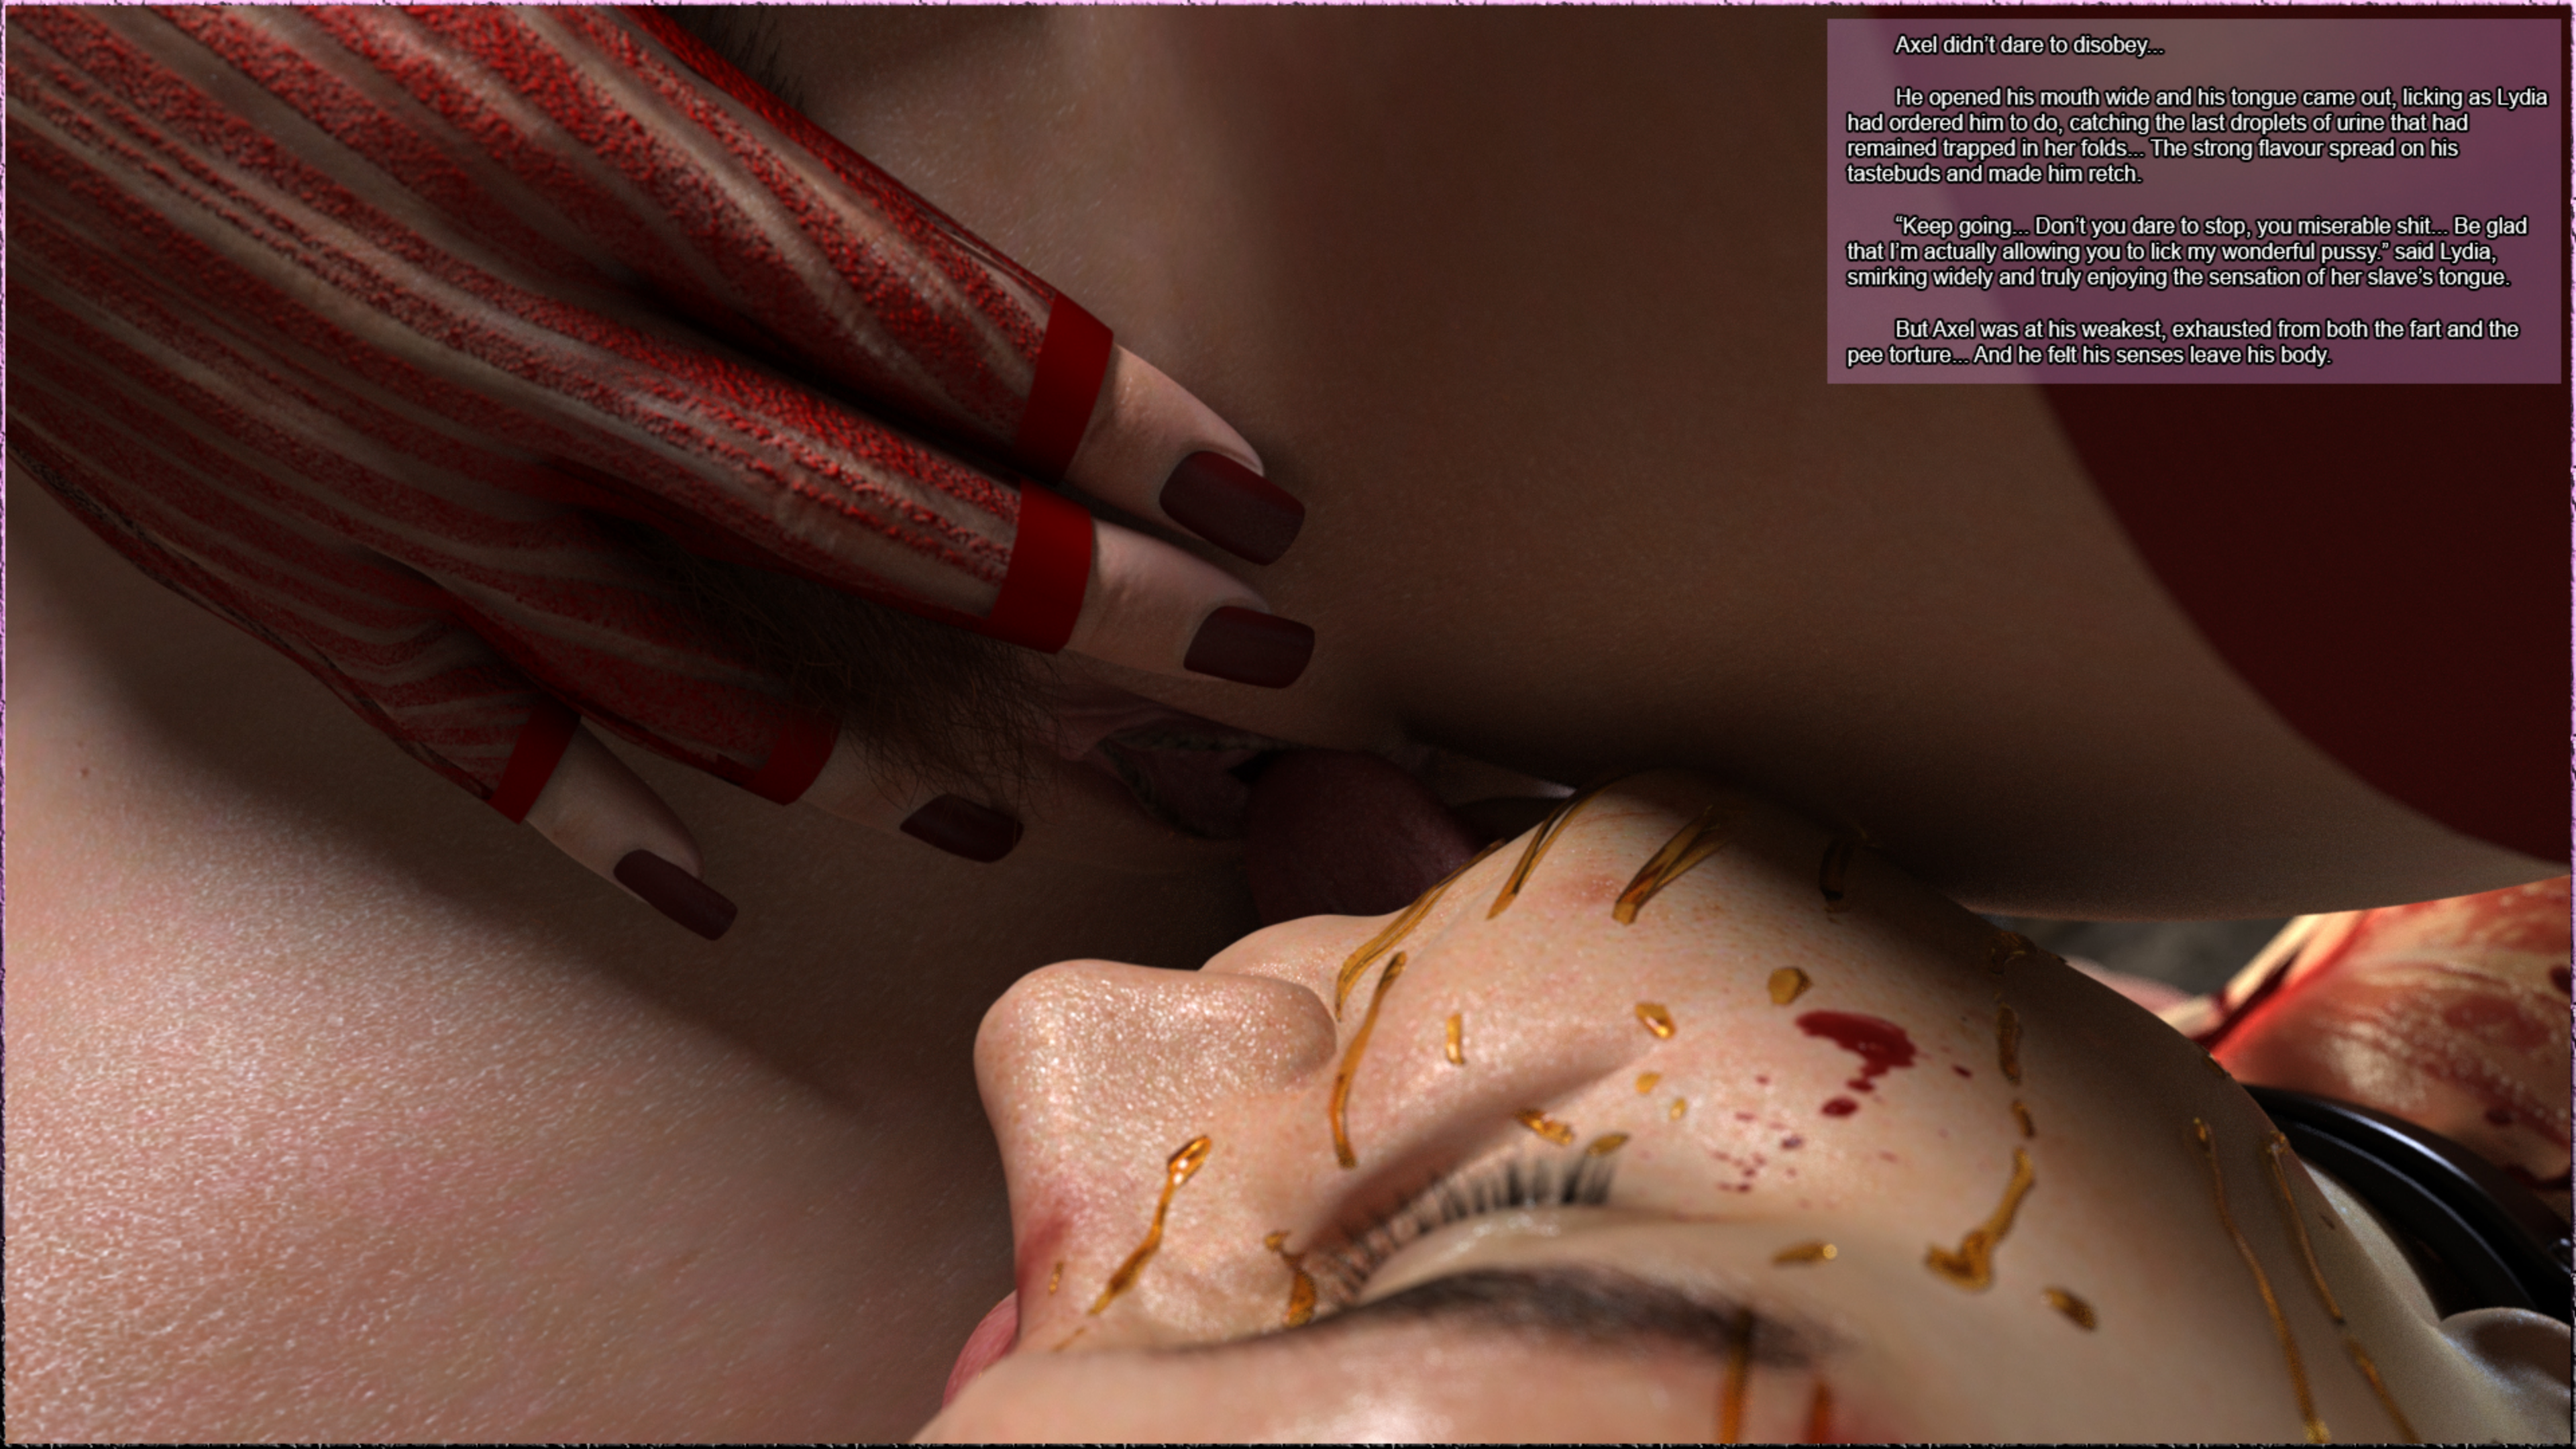

And after several minutes of that terrible torture, in which he felt like being waterboarded, finally the redhead's flow came to a halt.

Axel was sweating profusely from the strain and his head was dripping with Lydia's pee, that had gotten pretty much in every orifice, stinging his eyes and clogging his nose.

"There... That wasn't so hard, was it?" asked Lydia, cruelly "But you're not done yet..."

Her hand reached down to her velvet lips, spreading them wide.

"Lick me clean... Be my toilet paper, slave..."

Axel didn't dare to disobey...

He opened his mouth wide and his tongue came out, licking as Lydia had ordered him to do, catching the last droplets of urine that had remained trapped in her folds... The strong flavour spread on his tastebuds and made him retch.

"Keep going... Don't you dare to stop, you miserable shit... Be glad that I'm actually allowing you to lick my wonderful pussy," said Lydia, smirking widely and truly enjoying the sensation of her slave's tongue.

But Axel was at his weakest, exhausted from both the fart and the pee torture... And he felt his senses leave his body.

The boy's head fell backwards as he passed out, going limp on the chains...

Lydia looked down and placed her hands on her hips, shaking her head in disappointment.

"What a fucking useless breathing trash... Can't even lick a Woman properly." she said, annoyed... But then, a grin popped up on her face as a great idea came to her mind.

"Well... I didn't give you permission to take a nap... But since you want to have one... I'll be happy to oblige." and with those words, she got herself ready and jumped...

Aiming her butt at Axel's chest, she slammed herself as hard as she could, with all of her weight and strength she could apply.

The boy woke up from that brief soothing break just to be thrown inside of the nightmare, hearing the maniacal laughter of the cruel Domatrix that hammered herself on his weak, sore and wounded chest, making the chains pull so heavily on his arms and legs that they seemed about to be ripped from his torso.

"YOU DON'T GET TO DECIDE TO PASS OUT, SLAVE!!! ONLY I CAN DO THAT TO YOU!!!!" screamed Lydia, cruelly "AND SINCE YOU WANT TO SLEEP SO MUCH... I'LL GIVE YOU EXACTLY WHAT YOU WANT..."

The cruel Dominatrix scooted forward until her mound was resting against Axel's chin and in a swift move she clamped her thighs around his skull, locked her ankles together and squeezed...

"... WITH MY THIGHS!!! LET'S HOW LONG YOU CAN STAY AWAKE WHEN YOU GET NO OXYGEN TO YOUR BRAIN!!!" screamed Lydia, grunting harshly while she strained herself to apply as much pressure as possible.

"UURRRGH!! HMMRRRPPH!!!" Axel screamed in pain, the crushing force of the Woman's thighs was incredible, he felt the veins of his neck closing shut by those legs that seemed like a the tail of python wrapping around him.

Lydia's grip became tighter at every second that passed. Soon, she was squeezing so hard that Axel's head had practically disappeared in between her thighs, only the front part of his face was showing...

The rest of his skull was buried by the Dominatrix's voluptuous and strong thighs that, like a hydraulic press, kept narrowing and cutting off all the oxygen supply of the man.

"Gonna... HNNNGGG... Pass out soon?! UH?! ARE MY LEGS TOO MUCH FOR YOU?!" she teased, with her teeth clenched, a wide smirk on her face, observing down at Axel's eyes rolling to the back of his head and at long last, passing out from the choking...

When he came back into the horror, he felt pain in his mouth... It was dry and his cheeks were stinging. After the suffocation, his vision was blurry, so he couldn't quite understand what was going on to him, until Lydia's mischevous chuckle made him focus...

"Welcome back, vermin... Or should I call you 'toilet', since that's what you're about to become, hmmm?" asked the Woman, wiggling her ass as she was standing above Axel.

"NNHAAAA!! NHHH!!!" he couldn't even talk, the spreader in his mouth denied him to do that.

"Eager for your lunch, aren't you?" teased Lydia as she sat down.

He was crushed underneath Lydia's fullweight, his arms and legs being pulled by the chains...

But that was the last of his worries right now: the Woman had placed her ass right in front of his face and was slowly backing up, sliding herself higher above until her anus was on top of his lips. Axel stared in horror at her puckered hole, fearing the words that the Dominatrix had just pronounced.

"I'm sure it's going to taste real good... All that Mexican food I ate? Yeah, you're going to taste it... Maybe a bit putrid though, but it's really none of my concern. Now... Here it comes... Eat all of my shit, loser!" she added, pushing on her bowels.

Lydia's asshole stretched so widely that it almost looked like an abyss for Axel... A pit that enclosed all sorts of horrors and disgusting stench, that he got unfortunately used to know but never could endure.

A huge turd slid out of the cruel redhead Dominatrix while she simply sat on top of her slave and, with the mouth spreader in place, he had no way to avoid it... The excrements slid through Axel's lips and he immediately gagged at the rotten taste...

"OOORGLL!! BLLARRGH!!!" he retched, wanting to puke.

"Fu fu fu fu... Come on, eat it up! There's so much more coming, a fantastic gourmet meal all for you!" teased Lydia again.

The Dominatrix wiggled in delight, moaning loudly at the feeling of her shit being passed through her anus... And knowing that a man was below her, suffering for it, only made that bliss even greater.

"Aaaaaa... That's all you're good for, to be a toilet... All of you boys always stare at my ass and nobody knows just how many I have tortured under it... Fu fu fu... I bet that from now on you'll be forever scared of a Woman's ass and pussy, will you not, uh?!" she kept saying, taunting him endlessly as she kept shitting down his throat...

And then, a loud gurgle from her depths...

"Aaaaa... Ha ha ha... Heres come the main course!"

Once the last of Lydia's turds had been forcefully shoved inside of Axel's mouth, it was like somebody had removed a plug from a dam... A dam filled up with revolting liquid waste.

The redhead's ass exploded with a jet of chunky and liquidy diarrhea that sprayed all over Axel's face, making him scream in disgust and horror... He couldn't believe that she was actually doing this to him...

"OOOOOOOO, YES!!! AAAAAA!!!! MEXICAN FOOD SIDE EFFECTS.... HNNNNNN... YOU BETTER KEEP SWALLOWING TOILET, OR YOU WILL DROWN IN MY DIARRHEA!!! HAHAHAAAAH!!!!"

Lydia's voice was maniacal and she pushed harder.

The flow of the liquid waste didn't stop... Axel shook violently on the chains while the putrid fountain poured out of Lydia's asshole, right in in his mouth and making his stomach inflate... The boy felt as if he was about to explode while liquid shit rained down on all sides of his head, covering his whole skull.

"HAAAAHAHAHAHA!!! TAKE IT ALL, BITCH!!! SUFFER!! WALLOW IN MY SHIT LIKE THE PIG YOU ARE!" screamed the redhead, out of control, in an ecstasy of pure sadism...

But just when Axel felt he was about to die and his body couldn't take anymore, Lydia chuckled, her flow came to a halt as her bowels were empty and she dismounted her prey.

"Not so easy... You don't get a way out from this life, slave." said the cruel Woman, walking away from him, hearing his sobs and cries from beneath the layers of excrements on his face.

"I will release you tomorrow, let you go back into the real world... Nobody is going to believe your story anyway, I'm too much of a perfect girl on the outside... They'll just think you're one of those pervs trying to get attention..." an evil laugh from Lydia, before she continued.

"Of one thing I am sure though... From today, you'll fear Women, you'll be scared of our asses and pussies... Maybe even just our naked bodies will cause phobia in you... Women will forever laugh at you.. HA-HAHAHA!!!" and with that said, Lydia left the basement.

to be continued
