

Michelle's Dirty Desert!

Hey everyone! It's late but i wanted to write this immediately after to get the best description for you ads possible!

For new readers, look in the mega folders for the true story of my cousin Michelle! It has pics too!

I was so nervous all day today, I couldn't even write. I literally spent all day just smoking weed and going for walks to try and calm down. I had no idea what Michelle had planned and was nervous for her to out me in front of all my family. I left around 5pm and got on the subway, I had to travel all the way uptown about 2 hours to my aunts house. My brother who's a lot younger than me, but he lives up north, picked me up and we drove over together, we also stopped on the way to pick up a triple fudge cake because there's never good desserts!. I hadn't seen my brother in a while and it was nice to catch up! We got there just on time and there was already a ton of cars parked on the street. We walked in and my heart was pounding. We were greeted to a wonderful smelling house! The food smelled delicious! Immediately my grandparents and older relative assaulted us with unwanted affection! I was relieved to see that Michelle wasn't there, a part of me didn't even want her to show up!

Everyone was getting ready to start dinner. I said hello to a few of my cousins and other relatives before sitting down.

“HEY EVERYONE! Sorry im late!” Michelle said with a smile as she came in looking a bit disheveled.

She looked fucking amazing! She had on a white blouse that hung over one of her shoulders and a tight pair of black leggings! The blouse was waved at the bottom so her ass was always showing! She walked around the table saying hello to everyone and bending over to hug them! When she reached my brother and me, she squeezed between us and bent over to hug my brother while simultaneously sticking her massive ass right into my face! I had to back away quick to not have my face right in her crack! One of my cousins laughed as Michelle's mom called her out on it!

"Michelle! Watch your behind!" she said jokingly but also serious as I blushed and laughed a bit

She looked back and then laughed, backing up and spinning to hug me too! She made her way around the table and sat almost across from me and my brother, next to her parents.

Now below are some of the foods served on yom kippur / rosh hashanah. It's a lot of fresh baked vegetables, and baked meats and potatoes, we don;t follow all the traditions that strict, it's more of a family meet up then religious thing, so there's tons of desserts and cakes too, honestly just too much food!

If you have seen any of my videos you know i don't have that big of an appetite, im a thin guy and don't weigh a lot. I had maybe a plate of food. Michelle.. Was eating like a machine! She was putting away plates of brisket and potatoes, gefilte fish and salads! Then seconds of both! A few of my grandparents commented on how much she was eating and "where does she put it all" another of our younger cousins said it all goes to her ass! He was immediately disciplined by all the grandparents there telling him not to talk like that!

Me and my brother were talking with each other and joking around sitting on a couch and watching Michelle's younger brother play an old super nintendo game, he was marveling how shitty our video games were compared to his ps4!. My sister and parents live far away so me and my brother stick together at family events. A few of the younger kids were

cleaning the table and setting things up for dessert as my aunt made coffee and tea. Michelle came walking in and literally squeezed between me and my brother on the tiny couch, dropping in ass first and half sitting on each of us. She squeezed in and put an arm over each of our shoulders like she was an alpha guy and we were two ladies! Then sat there in silence with a smile on her face! Me and my brother were laughing a bit...

“What are you doing?” my brother asked and she said nothing, just smiled..

That's when the smell hit us! Like something had died! It was like potatoes that had been sitting in water and then soaked in shit! It was so horrible and burned the nose! My brother jumped up fanning his nose and walking across the room! Michelle's brother did the same, dropping the controller!

“Take it in boys!” she said while laughing and falling over laying across my lap and stopping me from getting up! Her legs and thighs were on top of my lap with her butt pressed to my side and on my arm!

“DESSERTS READY” my aunt called! As my brother and Michelle’s brother quickly left.

I tried to get up and Michelle kind of let her legs go limp with dead weight, she yawned and rubbed her stomach, complaining how full she was and teasing me!

“We can’t do anything here!” I said smiling, and trying to play it cool

“We’ll see, I’ve never heard of a toilet that chooses when to flush! Have you?” she said in a bratty voice as I shushed her and blushed!

I lifted her legs, my hand was under her ass so i had to lift it to get up! I pressed one hand under her ankles and my other under her plump jelly ass and lifted, she laughed and farted right on my hand! I literally felt her cheeks vibrate and the warmth blast into my palm! I got her legs up and threw them over me, standing up as the death smell hit me again! It was so bad! Like that rotten egg smell but replaced with potatoes! I actually gagged a bit!

She jumped up and walked into the dining room, shaking her butt and taking her seat. I sniffed my hand before going into the other room and almost came in my pants! It was unbelievable! It smelled like she took a shit in my hand! I wanted to sniff her asshole so badly! I sat back down across from her as everyone chatted and had tea and cake! There were 7 different cakes, most of them kinda garbage and full of fruit but two

were awesome! One that me and my brother brought and another ice cream cake my older cousin brought! Michelle was having coffee and chatting with our grandparents when she leaned over to cut a big slice of ice cream cake!

“Mich! Did you bring your lactose pills!” her mom asked!

“No, it’s fine, I’ll take them later!”

“That’s not how they work!” she laughed and reminded her!

“She drove here in her car, it’s fine” her dad joked as a few of our cousins laughed!

“Exactly!” she said while taking a huge bite of the ice cream cake and smiling at me! I was horrified and turned on at the same time!

She ate the entire thing while drinking a ton of coffee, and then had a huge slice of chocolate cake me and my brother brought too. I was drinking coffee and talking with one of my cousins when people started fanning out and dispersing to other rooms. A few people with really young kids left as the night got late. I was sitting on the floor with Michelle’s younger brother, playing an old video game and having a blast. I sort of forgot all about Michelle for the time being. I got up to use the bathroom and saw it was occupied, most likely by one of the grandparents. I went downstairs, the basement is unfinished and has pink insulation all over the walls but the bathrooms is completely functional. It’s been like that for years and they never finished putting up the walking downstairs. I was peeing when someone knocked on the door behind me.

“Just a sec” I called out.

The door opened and I jumped a bit, peeing on the seat and looking back! It was Michelle!

Now I know a lot of you here are going to be like! “This is bullshit!” “you liar!” “impossible” but I swear it’s true. And not to spoil anything but, read until the end for a surprise.

She pushed her way in the tiny bathroom and closed the door. I finished peeing and put my dick away, blushing and turning around!

“Let me out!” I said while laughing and trying to get by!

She reached out and prodded my sides tickling me and grabbing me!

“But it’s time for your special dessert! What?? You don’t want it?” she asked in a fake sad tone, like a kid that wanted a toy!

I laughed

“I’d be covered in shit! I can’t do that here!”

“If you really need to you can spit it up in the toilet! And look, here!”

Michelle reached in her purse and pulled out a bag from the pharmacy. She bought a toothbrush, toothpaste and mouthwash on the way here! And a small roll of paper towels. I was shocked, honestly, it was like she wanted it.

Without asking me she began wiggling out of her leggings, she had on a purple thong that was shaped like a thong bikini! She turned around and leaned on the door, sticking out her ass and wiggling it against my dick!

“On your knees! **TOILET**, don’t make me say it again! I will.. And louder!” she laughed, I dropped to my knees knowing she was serious!

She stopped wiggling her ass and just pressed it back, pushing her ass out to make it as big and round as possible! The bathroom was tiny I could barely move and my back was pressed to the rim of the toilet! I could smell her potato farts and her asshole stunk like fresh shit, her panties had absorbed the farts and made it into a damp cloth of stink!

PRRRBBTFRRRPPPPP

A low rumbling blew out from her asshole! She giggled and grabbed the band of her thong pulling it out of her cheeks and around onto her finger, pressing her bare asshole to my nose! It was so fucking foul! I could smell the coffee and dairy! Lactose dairy farts are hell, it’s burning hot, you can smell it shit and it makes your eyes water! She laughed and leaned back more, pressing my face into her warm elastic like ass cheeks! There so jiggy and soft!

“Move, i have to pee first!” she squeezed over my shoulder, her ass rubbing over my face as she plopped on the toilet!

I kneeled there, blushing as she sat and began pissing like a fire hose! It Was so powerful and stunk so bad! She had drunk so much coffee!

“I know you wanna drink this! But like you said “we can’t make a mess” she mocked me and made my voice sound really stupid”

BRRRFT

Bffrrttt

BFFFRRTTTTT

Farts blew out into the toilet as she pissed for over 3 minutes! Everyone made her laugh and giggle like a little kid! She's a fucking model and drop dead gorgeous but so immature! She finished pissing and then wiped her pussy before getting up, and slowly spinning, standing over the toilet!

She looked back over her shoulder at me!

"You ready?" she asked sounding excited

My heart was racing. I inched forward, the toilet water was below me so if anything I could spit it out and just scoot back! Her cheeks were so fat that I couldn't see her asshole! I grabbed each one softly and spread the slowly, unsure if she wanted me to do that. As soon as I spread her cheeks wide enough to see her dirty tight hole, a humid blast of air hit me followed by a rumbling roar of her gas! She laughed as I choked and gagged! I literally felt the moist air and wetness on my nose! It was so foul and hot! Like diarrhea and i knew her shit was going to be a nightmare!

I spread her cheeks wide and leaned in, wrapping my mouth around her asshole! It was weird, having my lips on my cousins rectum haha, it was rubbery and warm and unlike anyone else i had served. She didn't even need to push, my mouth was filled in less than a second! It just exploded out! It wasn't diarrhea but it wasn't solid either! It was like a thick applesauce! It was burning hot and tasted like fish and cream! I pulled back and choked, vomiting it up as she continued shitting! A huge glob of her feces fell and smeared down my face before hitting the water as I choked! It was the worst shit i had ever tasted! Worse than any of the pregnant ladies, worse than the baby-shower!

“EAT IT” she screamed, loud enough for people upstairs to here!

I pressed my mouth to her asshole as another blast filled my cheeks! They literally puffed out as I swallowed a huge mouthful! It was like swallowing hot gravy with chunks of meat in it! I could have composed myself after that mouthful, but she blasted my cheeks full again and I lost it! I leaned down and puked it all up, she continued farting over my head and eventually just sat down on my shoulders. She literally shat down the back of my head sitting on me with my throat pressed to the porcelain. I kneeled there, half choking for over 20 minutes as she dropped shit down the back of my head! It was horrific! Her wet farts were so gross and I could feel it splattering on the back of my neck! I had no idea how I was going to get out of this without anyone knowing! I reached up trying to flush the toilet, and she slapped my hand laughing!

“**BREATHE IT IN**” she yelled and i stopped, i just wanted her to stop yelling!

She finally wiped and flushed, letting me bring my head up, I was covered in shit! She laughed and quickly backed out of the small bathroom leaving me alone. I flushed the toilet again, and dunked my whole head in! I flushed over and over, at least 6 times! My brother knocked on the door and asked if I was o.k and i just told him I wasn't feeling well. I used the pump soap at the sink to wash my hair and face, and then rinsed my head in the sink, i had to spread paper towel everywhere! I brushed my teeth multiple times and used half the bottle of mouthwash until I couldn't taste anything. I literally burned my mouth with alcohol! And even after all that I could still taste her feces in my throat! My shirt was wet but luckily just with water and when i got upstairs only a few people were there.

I was a bit shocked to see my brother had left!

“What, how am i gonna get home!” I said out loud, a bit pissed honestly!

Michelle’s dad came up behind me and put his hand on my shoulder!

“Michelle offered to give you a ride! Make sure you crack the window” he laughed deeply and headed out with my aunt and their son.

I’m exhausted now and need to sleep, but I can write a more detailed version of the car ride tomorrow if you want! Basically she hot boxed the car with her gas and drove me all the way home even though it’s super far! She came in to smoke after and we talked a whole bunch. I showed her my new studio and she was so ecstatic and excited about what i was doing lol.... She wants to be in videos. But she is in school for a high profile job, so she's going to wear a mask and a colorful wig. But you will see her in videos in the future soon. :D i need to sleep! But I'll write a part 2 tomorrow about the car ride and convo at home!

Michelle’s Dirty Desert Part 2

“You feeling ok?” she asked as i got into the passenger seat of her car

“Yea, why?” I asked, but I actually felt like garbage, my head was spinning and I wanted to puke! I could still taste the sour dairy and potato flavor of her feces! In my throat.

“Just wanted to make sure before I did this” she said with a smile

BRRRF brrrrrrr hisssssffssssss

She let out a fart that was from the deepest depths of hell within her colon! It was a deep and burning hot fart that had been cooking inside

her all night! From the low rumbling and then the sharp hissing i knew it was going to be fucking foul! A second later the smell hit me! It was so thick and powerful, the smell of the rotten meat and potato literally clawed into the pores inside my nose! I started to choke and reach for the window as she hit the child lock and began laughing!

“Oh god, that stinks!” she said while fanning her nose

“I thought by now you’d be used to my aromas!” she said with a laugh as she turned on the engine and began backing out of our aunt’s driveway.

As we were pulling off the sidestreet and back onto the main streets, she stopped to make a left, waiting in a small line of cars. Se looked over to me and smiled from one corner of her mouth. I knew she had just let a silent bomb go and prepared to be hit my the wall of stink! It was burning hot, I could practically taste it! I started gagging and clawed at the window as she laughed and unlocked the child lock. I got the window down and gasped for air, spitting outside her window. She laughed and watched..

“It’s not that bad, relax you baby!” and she was right, the fart wasn’t **THAT** bad, but it was making the aftertaste of her shit come back up and I felt so sick.

We drove for about 30 minutes, we were 15 from my place and almost downtown. Her ass had begun to settle down and stopped blowing me with poison fumes.

“Hey Jim, do you have weed at your place?” she asked

“Yea you need some?” I said politely

“Can I come in for a smoke?” she asked with a smile!

“Of course!” I replied!

She whipped out her phone at a red light and booted up google maps. She began searching and put it in her cupholder with the GPS on.

“Where are we going? I asked a bit confused!

“Just looking for a mcdonalds! I wanna flurry!” she said with a smile!

“Are you kidding!?! How are you seriously still hungry!?” I asked a bit jokingly

“I hardly ever get to have dairy, and im already going to have a stomach ache tomorrow morning, so I may as well go all out! You don’t know how lucky you are not having to avoid dairy!” she said sounding jealous

We pulled into the mcdonalds drive through and waited, it was almost 1am now.

“Welcome to mcdonalds may i take your order?”

“UUM YEA, CAN I GET A LARGE OREO FLURRY, WITH CARAMEL SAUCE AND A MEDIUM FRIES!” Michelle said while leaning out the window. She looked back at me.

“You want anything?”

“No thanks”

“**THAT’S IT**” she called out

“Window 2” the speaker said as she sat down and drove forward.

She was a bit too far from the window to grab it normally sitting, so she undid her seat belt and got on her knees on the car seat, leaning out the window to stretch and give them the money. I have to admit, even

though she is my cousin and I was literally sick from eating her feces! Her ass **LOOKED FUCKING AMAZING**. She was bent over it was popping out, and even from a foot away I could smell the burnt in stench of her gas and feces coming from her crack!

I couldn't help myself, she was waiting for the food, her ass wagging back and forth a tiny bit. I leaned over towards it, and pressed my nose lightly to her very very damp and warm ass crack! It felt almost wet under her thin leggings and I could smell the deep aromatic scent of her heavy feces! She laughed and pushed her ass back a bit before blasting my nose right into my nostrils!

BRRRTPPPS Prbbbttt prrsssss

I tried to pull back but the seat belt kept me from moving too far, she pressed back and moaned as her gas filled my lungs and chest! It was like breathing in sharp needles! My entire chest began to hurt as I choked and coughed into her fat cheeks! As i choked and breathed in she forced my face into her ass only worsening the torture! I felt her ass pull away from my face as she stretched out the window and grabbed her food!

"Thanks!" she said before plopping back into the car seat.

"Watch where you're sticking your nose Jimmy!" she said with a laugh as we drove off.

We got to my place about 5 minutes later. She parked on the street and we headed in. we sat for about half an hour smoking and talking as she ate her fries and ice cream. I was surprised she wasn't more gassy, i was expecting her to destroy my living room with gas but she was really settled and comfortable, and didn't seem stomach sick. I also showed

her my new sites and a bunch of my videos, she loved them and thought they were hilarious! Especially the bathroom ones!

“So why aren't you dating anyone Jimmy?” she asked

“Well you saw my site right? Im sorta trying to work on that and push the company, dating isn't at the top of my list right now!” I said

“Wrong” she said with a smile as she ate a spoonful of ice cream!

“Your not dating anyone because your a toilet!” that was an easy question! She said while laughing, she was only kidding though.

I have some friends I could probably set you up with! They would love not having to hold in their gas around you!” she said while flicking the spoon back and forth!

“Really?” I asked a bit excited, that's like a dream come true!

“Mmmhmmmm” she said while rolling over on the couch and laying on her stomach! Her ass was pointed up in the air and looked so fucking big and massive! I wanted to ram my nose into it so badly!

She took a spoonful of ice cream out and ate it slowly as she stared at my laughing and smiling!

“What?” I asked, laughing a bit myself

“They're coming!” she said with a side smile and wiggled her ass

“Wanna give me a back massage?” she asked

“**YES PLEASE**” i said a bit too loud and excited as she giggled

I got on my hands and knees beside the couch and kneeled right by her large bubbly ass! It looked so fucking big in her black leggings and they

curved over her cheeks so nicely! I reached up and began massaging her shoulders as she laid her head down in her arms and moaned lightly, her massive ass was right by my face and I could feel her body heat, I turned my head to the side facing her ass, not sniffing her crack, just facing her, and I could already smell the farts baked into the material of her pants! She adjusted a bit and lifted her hips, her ass pushing towards my face for a moment as she settled back down and cooed. I rubbed my nose up her ass crack sniffing deeply just as she let a small bomb loose!

Frrrrrrr pppprthiiiiisssssssssss

I started to cough as she laughed! It was so fucking hot and foul! It smelled like potatoes that had been soaked in milk that was heated and broiled in her asshole! It was so fucking disgusting i actually dry heaved just from the smell! She lifted her hips and pushed her big plump soft bum into my face smothering me as she wiggled back and forth.

“Awwwwww, i can’t recommend you to any of my friends if you can’t even handle a itty bitty amount of my farts!” she laughed and used a little kids voice!

PRRRBTTT

A loud fart splashed out of her ass and she laughed a bit unexpected by the sound and how loud it was! She lay back down flat as i breathed fresh air deep and filled my lungs with the cool oxygen!

“Is it o.k. If I get a bit more comfy?” Michelle asked casually

“Yea can i get you anything?” I asked, not sure what she meant

She didn't answer, she just began sliding down her leggings! I was in shock! Her skin was perfect! Tanned and smooth! Her cheeks were so perfect and glorious! She had tiny little blonde hair all over her ass that were invisible unless you were really close! She kicked off the leggings and her socks as she spread her legs a bit and moaned! I knew what she wanted but was nervous to do it, she's my cousin and it's so wrong, but i couldn't help myself...

I didn't ask, I just began massaging her lower back, and rubbing over her fat warm ass cheeks, I felt them for a moment, grabbing the fat gently and massaging before spreading them wide! Her asshole was a bit dark but still tight and pink! After admiring for a second, I leaned in, kissing the inner cheeks of her ass and then licking her puckered asshole gently! She didn't respond, she just moaned and pushed her hips up a bit giving me deeper access to her asshole. I licked around the rim, it was warm and very bitter and I could taste her feces still. Very gently i began probing her hole and wiggling my tongue inside! She gasped for air a bit and pushed her butt up higher.

"OOOah" she gasped for air a bit and moaned

"I've had lots of guys try to put their dick in my ass! Ahhhhhh, but never their tongue! You toilet!" she grabbed the back of my head pulling it into her ass while she moaned!

I could barely breathe inside her fat cheeks, I could barely get air! I tried to pull back to breathe but she kept me in tight. I probed her asshole with my tongue deep and felt a bitter mushy mass inside!

"Hehe need some air?" she asked

BRRRRF SPPPRppppprfhiiss

She let a gross fart loose inside of my mouth, and i have never experienced something like this! I literally felt her anus blowing inside my lips, flapping and vibrating as I choked! Bits of her wet shit were hitting the back of my throat and speckling my tonsils! It was so fucking foul it's almost indescribable! It tasted like eating spoiled milk, it was so sour and bitter and i began wincing and dry heaving just from the feeling!

“OH FUCK, im so happy i didn't have to smell that” Michelle said while laughing and still holding my face to her ass!

I grabbed her cheeks and spread them wide, licking over her asshole and dipping my tongue inside. Her anus was pulsing and wincing now, waiting for my tongue and letting it slide in easily! I kept licking and massaging her anus with my tongue as she squeezed her butt tight and sat up a bit!

“BATHROOM, i have to go! **NOW!**” she got up and i sort of pointed showing her where it was!

“COME YOU IDIOT!” she shouted, not trying to insult me, but I could tell it was an emergency and she had to go **NOW**

She rushed into the bathroom and then pushed me to the ground by the shower, it wasn't until then that I realized she wanted to use me! I laid back on the floor and she was on top of me in less than a second! She crouched over my face, facing my legs with her asshole planted on my lips! And.... she.... Exploded... i shit you not, she almost killed me!

Her anus opened and blasted out pure liquid shit straight down my throat! I choked and grabbed her ass but she pushed down hard and let

out more! It came out of my nose and sprayed from the side of my mouth as she moaned! It was not pleasant or enjoyable for me! It was torture. She grunted and started letting pure shit slime leak out, it was so watery and thick and forced its way in as I choked and gagged! Her piss began spraying onto my chest as she went without a care in the world! She finished and stood up, throwing her clothes to the corner of the bathroom and then showering above me! I was so sick and couldn't sit up, i just watched as she shivered, using my face and chest as a step stool at times. She finished and dried off, then got dressed, I laid on the floor in the shower, shaking and whimpering, i was so sick and needed to puke but didn't want to do it in front of her!

Michelle didn't say a word to me. She headed out and smoked a bit in my living room, and then left. I have never been so sick in my life! Her waist was destroying my insides! I threw up in the shower as soon as I turned over! I felt her shit rolling in my stomach and it all came back up! It was so sticky and wet that it coated my throat and I couldn't stop! My body wouldn't stop heaving! I was literally up all morning until 10am, heaving and drinking different liquids trying to rid the taste! It was the worst shit i have ever endured! And from the most beautiful goddess!

I texted her and we spoke a bit. She's going to film with us this upcoming month. And I am very excited for all of you to see how crazy her butt is!
