Pixie is just about to start thrusting into Brynne's cavernous cleavage, but she takes a moment to survey the epic tits before her once more. She moves her hands across their incredible girth. Even though Brynne's boobs have shrunk a little, they are still a set of mammoth mountains.

Damn!
These babies
really are a set of
insanely humongous.
hooters. She should
be proud of
these!

In fact,
these things
are **so** big that
I might just
need...
grunt

...some
extra equipment
of my own!

Bigger!

Which gives Pixie a bit of an idea. If these are some of the most epic tits she has ever experienced, then maybe they require a truly epic sized penis in order to deal with them? Even if they don't, she decides that it will probably be quite a bit of fun to do Brynne with the biggest dick she has ever grown.

Oh yeah!
Now we're set
to really do
this thing
right.

Pump!

Pixie's hog grows into an enormous log and almost hits the sleeping Brynne in the face as it peeps out of her ridiculously deep cleavage. After the surge of growth, Pixie feels fully prepared to deal with Brynne's bountiful boobs and starts thrusting into them. She is soon pounding away with abandon.

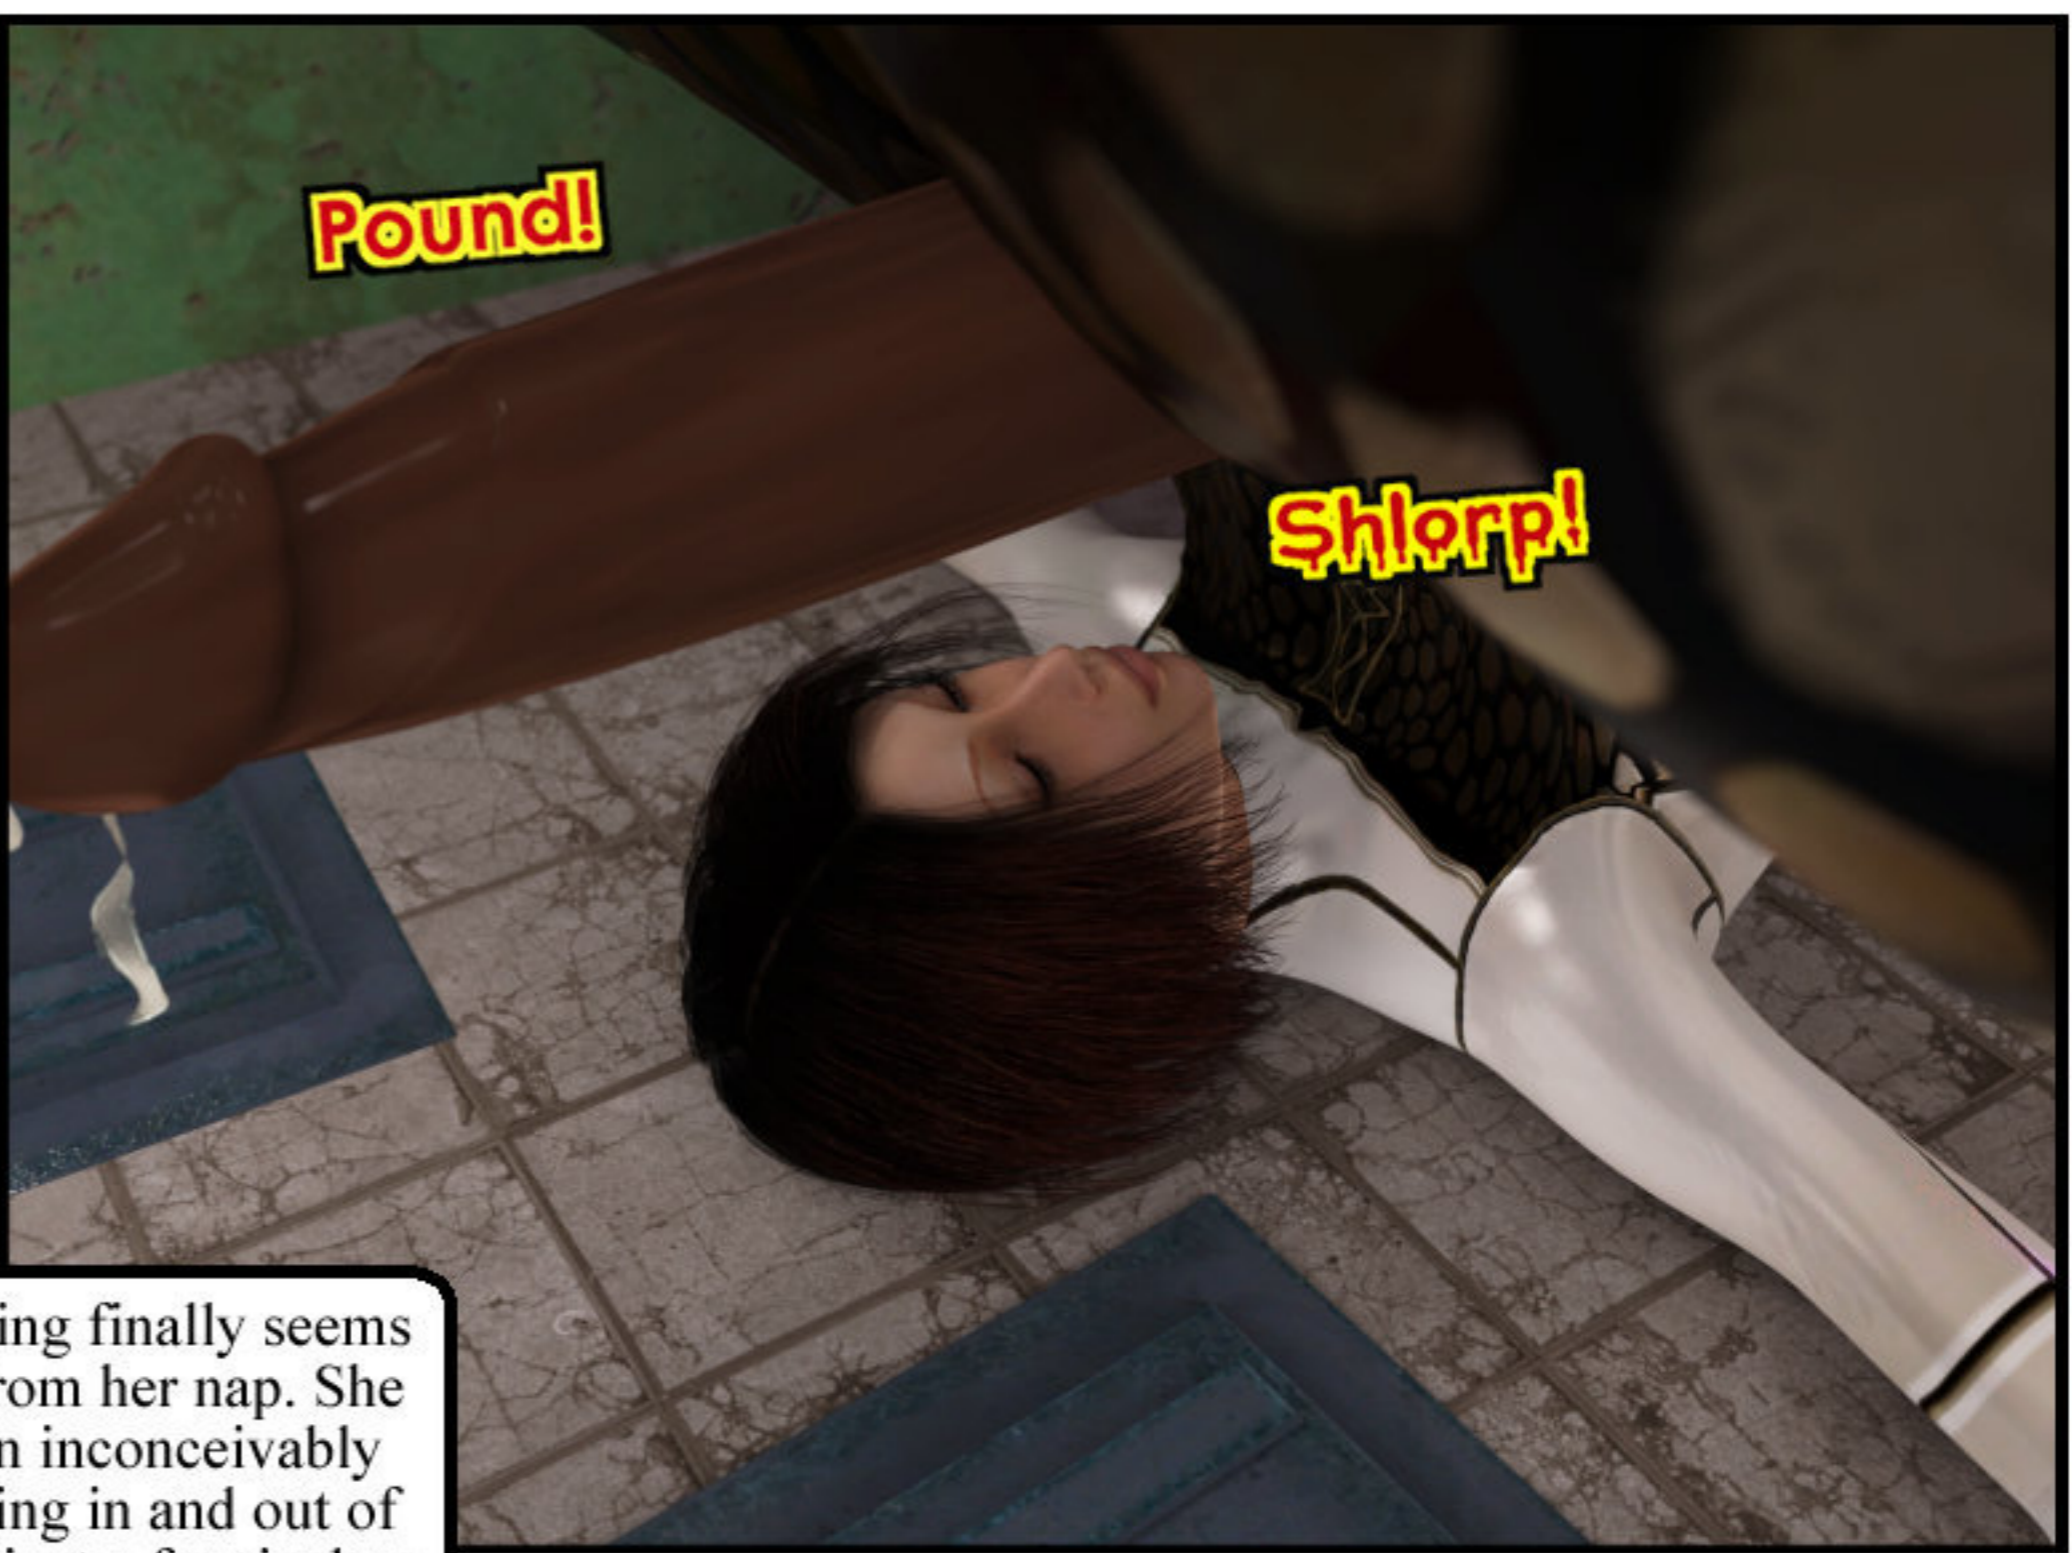

Shlorp!

Pound!

Shlorp!

Piston!

The furious thrusting finally seems to wake Brynne from her nap. She looks up to see an inconceivably large cock pounding in and out of her cleavage. It is just a few inches above her head. At first she is shocked, but the motion of both the gigantic hog and her enormous boobs soon changes her mood.

Wha-- what is going on? What is this thing above me?

Oh! I... ummm... My goodness! That looks... very yummy!

Copious amounts of pre-cum are leaking out of the monster above her. Brynne reaches up and starts licking both the giant penis and the fluids. She fondles and caresses it, licks and kisses it, and grabs and hugs the humongous hog. Sounds of appreciation echo from the other side of her incredible tits as she tries to shove the thing in her mouth.

Holy hell! Look at her explode all over the place!

Woooo!

Squirt!

Stream!

Splurt!

YyyeEeesSsss!!

With all that going on, it should not be surprising that Pixie soon explodes in simply spectacular fashion. Her massive penis is practically ripped from Brynne's grasp due to Pixie's convulsions of pleasure. Her giant dick thrusts up out of Brynne's boobs and begins to spray thick streams of semen everywhere.

QoQoohhHhh!!!

Lana and Tanky step back so as not to be covered in spunk. Even Pixie gets up and moves away once she is done blowing her fluids over the area. They all look down at Brynne, who quietly moans, to see her covered in thick clumps of Pixie's splooge. She is practically lying in a pool of it.

Brynne's body begins to quickly absorb the insane amounts of sexual fluids which coat it. Even Pixie is surprised at just how fast she soaks up the ridiculous amount of spunk. Maybe it's a side effect of having breasts as big as your whole body? Whatever the reason, it has a predictable effect on Brynne.

Brynne's breasts start to deflate and quickly shrink to a much smaller size. They seem to pause at a still outlandish size for a moment, but then resume their deboobification. In fact, Brynne shinks all the way back down to almost her original size - to the size she was after the incident in the teleporter.

That was pretty crazy, huh Brynne? You OK? Do you miss your giant boobs yet? They were pretty big!

Yeah. I'm all right. That was... intense! I'm glad I can move again. Those were **way** too big.

Are you sure? They were really impressive. Some of the most incredible breasts I've enjoyed!

Bloop, beep, blip, blorp.

There is a long pause, almost like everyone is holding their breath, as her boobs settle at their new, much smaller size. Eventually Brynne recovers and stands up. Everyone, except Saffy, huddles around her to see if she has fully recovered from her ordeal. Tanky looks down at the completely squashed security robots though.

So... do I get to have a go at that monster cock or what!?

As the three ladies discuss Brynne's recovery, Sapphire's voice calls over to them from where she lies on her side. It seems she has woken up too, but she is still pretty horny. She asks Pixie to come over and provide her excellent services to her as well.

I would be more than happy to provide you with a **very** pleasurable experience as well, Saffy.

Well then, you should sashay that sweet ass over here and get to work. You've got quite the killer figure. What's your name?

You may call me Pixie. I should advise you that I am nearly spent. This baby is almost out of juice, so I may not be able to revert you.

That's all right. I plan to keep them. I'm pretty happy with these curves. I just want to feel that fat cock inside of me.

Pixie approaches, holding her slightly flacid penis which has returned to its previous, but still impressive, size. She advises Sapphire that her reservoir of special semen is just about empty. She had quite a lot pent up, but Brynne drained nearly all of it. Saffy doesn't care. She's not interested in "fixing" her figure. She just wants Pixie stuffing her with dick.

Sapphire would actually be more than happy to keep her insane new curves, but Pixie tells her that it just doesn't work that way. While they talk, Pixie takes up position behind Saffy and admires the view. Sapphire is having none of that though, as she is getting rather impatient.

Sadly, you will not get to keep those marvelous curves. The effect is temporary, but at least you're not concerned with me being unable to help.

Uh-huh. If you say so. I plan to enjoy them while I've got them though. Speaking of which, I don't like feel that dick inside me yet, and I'm like pretty sure I would feel that thing.

Sassy.
I like that.
I think we're
going to get along
famously. Let's
get started,
shall we?

That's
still not
your... Oh! Mmmm.
Yesss! That's the
spot!

Pixie is more than happy to get right to work, with or without Saffy's witty prompting. She gets down on all fours and crawls up under Sapphire's pelvis. She flips herself over, placing her head and tongue right below Saffy's pussy. She then starts the process of removing Sapphire's outfit in her pleasurable signature style.

It's not Pixie's tongue that removes the suits. She just needs physical contact to access their systems in order to turn them off. If physical contact is required though, then she figures it might as well be the fun kind! Meanwhile, the rest of the crew decide to make themselves scarce.

They are probably going to be a while, and I honestly don't feel like watching another session like yours.

I'm not really interested in watching at all. Let's give them some privacy. Sound like a plan?

Beep, boop.
Wooo...

Brynne, Lana, and Tanky walk off behind one of the containers. Pixie and Saffy don't really notice them at all. We flash back to them to find that Sapphire is already completely naked. Pixie places the huge head of her fat dick at Saffy's moist entrance.

Mmmm.
I can tell
already that you
are going to feel fucking
fantastic wrapped
around my thick
cock.

Mmmm.
You tease!
Just fucking shove
it in me damn it! I
need it **so**
bad.

Saffy starts squirming and is nearly going crazy. She can't stand waiting even one second longer and almost yells at Pixie to fill her with thick dick. Pixie was basically waiting for just that moment and buries her massive member deep inside of Saffy.

If you insist! I hope you're ready for me!

Oh! Fuck me! Yesss! That is what I fucking needed!

Shove!

Shhhlluuurrrpp!

Pixie's member is so big that it causes Saffy's stomach to distend. Sapphire melts under the onslaught of the monster dick and slumps forward onto her ginormous jugs. Pixie takes things up a notch by correctly guessing that Saffy would probably enjoy some dirty talk.

Glad you like it, slut! Now tell Pixie how you want it.

Hard and fast! Pound me! Stuff me full! Wreck that fucking pussy!

Smack!

Pixie starts pounding away with full force for the third or fourth time today. She steps up the dirty talk as well, and Saffy collapses into a puddle of mewling and moaning satisfaction. She clearly enjoys the demeaning talk, so Pixie starts spanking her fat ass really hard as well.

That's right, slut! Take it like the cock-hungry, cum-slut that you are. You brainless, busty beauty. You big-bootied bimbo! You hungry nympho!

Rub!

Rub!

FffuUucCekKk!!

YyyeEeesSsssSsss!!

Sapphire is not the only person that is enjoying herself however. Pixie too is really getting into it. She picks up her pace and just starts hammering away at Saffy's pussy. She increases the pace and intensity of the spanking as well, occasionally stopping to just flat-out grope Saffy's juicy booty.

Fuck me! You are one fine-ass fuck-slut! I could pound away at you all fucking day long!

Grab!

Grope!

Squeeze!
