Cw: Cockwarming, semi-public, videocall, desk sex, multiple orgasm, slight overstim
Audio begins with the sound of an opening door, typing.

Sero: (Not looking up from his work) Yeah babe? Hm? Oh...yeah, I told you that I'm working from home tonight. S'nothing big, just have to be briefed on my next mission is all. Shouldn't take too long, unless the boss wants to hear himself talk again.

(soft footsteps, turning of his chair)

H-heh! I was...(stops short, awed) Well look at you...that's a new outfit...(appreciative hum) turn around, let me see the whole thing..

(shift)

(lowly) Fuck that's so sexy...(frustrated groan) Ugh, you really had to do this right *now*?
(huffs, lovingly) Honestly, you're such a brat. **(kiss)**

A sexy distracting brat..but a brat nonetheless...(smirk in his voice) And...I think right now is the perfect time to teach you a little lesson in being respectful of other people's time.

My boss is going to be calling in any minute now...so what you're going to do is get under my desk and put that sweet little mouth to good use for me. You have to stay quiet, understand? Don't wanna get either of us in trouble.

(kiss) Good...now down.

(shuffle as they settle under the desk)

(pleased) You look so cute under the desk, tucked between my legs like that...go on then, you want my cock so bad? Take it out and help yourself~

(typing, shifting, unzipping and opening of pants)

(slow inhale, bites down on a groan) Hey...what have I told you about playing with your food huh? **(gentle but demanding)** Open~

(slick noise as he eases inside their mouth)

(low moan) Mn. That's it...perfect...**(soft exhale)** Your mouth feels so good, that's it...relax your jaw, let me in...all the way...

(slick noise as he eases inside completely)

(slow exhale, whispers) Fuck...can you breathe okay? Remember our system baby, one pat yes, two pats no, three to tap out.

(one pat)

Good...hands on your thighs. Perfect....now don't move and stay quiet.

(Incoming video call noise, Sero answers)

Hey Boss....

(pause)

Yeah I've got my earbuds cuz my neighbors are being kind of inconsiderate. Hm? Oh, I only have one in because I have to keep an ear out for our dog. He's been kinda rambunctious lately and I don't want him to get into any trouble while I'm talkin' with you.

(soft slick noises as he moves his hips very slowly so as not to draw attention)

(Keeps his tone even) So, you wanted to give me the rundown of the next mission right? Go ahead then I'm all ears.

(The slow slick noises continue, Sero gives affirmatives now and then)

Who am I workin' with this time?

(pause)

Froppy and Chargebolt? Huh..That's a bit of a weird matchup, but you're the boss. I'll report at the appointed time next week. Mhm. Yeah. Huh? Oh! Nah I'm not sick..I think my partner's been screwing around with the thermostat again, s'hot as hell in here.

(laughs) Yeah, I'll go turn it down and get something to drink. I'll see you later Boss. Yup. I'll handle the preliminary report tonight too. Alright. Later.

(Videocall hang up, earbud clattering as he pulls it out, laptop shut noise)

(breathless) You did so good love...fuck look at you...Don't think I didn't feel you squirming down there. C'mon...get that cute ass up here...You warmed me so good, can't wait any more.

Let me get these bottoms out of the way...mn. They're cute but they're more a nuisance right now than anything.

(shifting as he removes them)

(breathless) Fuck you even got yourself all ready for me..How did you like it huh? My boss could have heard you y'know? Could have heard you sucking me off like your life depended on it...Mmn..

(Slick noises)

My fingers just slip right in...(soft hiss) You're so slick and hot inside fuck...c'mon..over my desk. I want a better view while I work you open...

(shuffling as he pushes stuff out of the way)

Just like that baby, legs apart for me...(low moan) God you're so pretty...(chuckle) Especially when you wiggle your hips for me like that...

(More slick noises as he fingers them through the dialogue)

You're so perfect like this...look at how well you're taking my fingers...so deep that I can brush riiiiight against your sweet spot with no problem.

That's it...just relax into it...if it gets too much..you remember our word right?

(Pause)

Mhm, that's the one...don't forget okay?

(Pause)

That's my good baby...you listened so well I'll give you a reward..I'll massage this lovely little spot until you cum all over my desk..

(Continues to finger them, shuffle as the listener squirms)

That's it...(soft admiring groan) Fuck that's pretty....mm..

(Pause)

(Playfully) that wasn't enough huh? Someone's getting impatient~ **(chuckles)** That makes two of us honestly...don't think I can wait anymore. Arch your hips for me...

(Pause)

Perfect.

Fuck what a view....mn..hold still for me.

(soft slick noise as he pushes in, shaky moan)

Mn! Fuck...shh shh I know love I know...don't worry I'll give you every last inch of me...juuust...mn...just like that. All the way in. **(Breathless)** fuckyoufeelsogood...

(Thrusts begin, low groans and huffs as he moves)

Ah... you're so sensitive, such pretty moans you're making for me. I wanna hear 'em all. Don't hold your voice in okay?

Let me hear how good I make you feel...

(Kisses, moans as the thrusts continue)

That's it love, I want you to *sing* for me just like that...fuck.

(Clatter as stuff is knocked off the desk while the thrusts continue)

(Sharp hiss through his teeth) Oh fuck.. Did you cum, baby?~ ...ooh... I'm not slowing down yet, though. S'times like these where you keep goin'...(grunt, moan) push through that sensitivity...ah...to the other side...

Feel it? I know you do, you're *melting* at the hips, making such a mess...s'like I can push..(**moan**) even deeper now...feel me there? Right against that sweet spot of yours...ohfuckyes...

(Thrusts continue for a bit longer as he works them up to a second orgasm)

God your thighs are shaking so much...I can feel you so snug around my cock. Already cumming again? (**Moan**) mmn..that's fine baby...you can cum all you want. You deserve it...

(His moans get a bit more ragged and urgent as he moves)

F-fuck! I can't...mn! Hold on when you clench down on me so tight!

Ha...you want all my cum so bad it's like you're milking it out of me ohhhh fuck...I'll give you every...(**grunt**) every last drop love don't worry...

(Moans escalate, thrusts get a bit faster and pause as he cums)

Fuck yes...oh that's it ahh take it all....(**moans and pants**) godyou'resogood...

(panting, catching his breath) Y..you okay?

(pause)

Good...mn...don't worry about the laptop, it's probably fine...and if not? I can replace it easily enough. (**soft kiss**) Mmn..God I love you so much.

(soft sigh as he catches his breath)

C'mon, wrap your arms and legs around me so I can pick you up.

(pause)

Why? (**chuckle**) Well...one, I don't wanna pull out yet and two, the bathroom's kinda far and I doubt you wanna leave a trail all through the house, it'd be a pain to clean up so just hold onto me.

(shifting)

Perfect, just like that...now...up we go.

(footsteps)

Let's get cleaned up alright love? I'll give you a massage after, cuz I know you're probably sore after that. Nice rub down, some cuddles...we'll even watch a few episodes of that new anime you like so much. Sound good?

(chuckles) Good...**(kiss)** Mm..Love you and thanks for making my meeting enjoyable for once~
