Chapter 3

The gorgeous Apolline Delacour was lying in her beach chair thinking about the last few days of her life. She had committed adultery ... like thirty or forty times ... in three days! She pinched the area between her eyes trying to fight off a headache. She didn't know how she let it come to this. That wasn't exactly true. She did know how it had come to this. Orgasms! Harry Potter was able to give her orgasms. Not just normal ones either. He gave her the most explosive orgasms that she could ever hope to receive! And he could do it consistently! Within moments of hopping into bed with him, she was squirting and trembling through another mind-blowing orgasm. She took a sip of her fruity cocktail.

Her husband, as much as she loved him, wasn't able to give her what she needed. Apolline had spent her entire life thinking that that kind of pleasure was simply a pipe-dream for a Veela like her. She had heard the same things from every Veela that she had come across, including her own mother. They said that being a Veela was both a blessing and a curse. The bad part of it was having to go through life without achieving true orgasmic bliss. They said that their Allure would ensure a quick finish from any man that they slept with. For decades that was true. Until she met Harry Potter! He was a godsend to any Veela lucky enough to take him to bed. She had already talked to her daughters about staking claim to him. Not only for them but for her as well! She couldn't go back to the way things were. She needed what only he could give her! She would keep her husband and make sure that he was well cared for, but she needed someone that could take care of her. Harry Potter fit that bill.

Harry and her daughters were out taking a walk down the picturesque beach, enjoying the sunny day. She wished that she could do the same. She just had too many things on her mind. Most of them were perverted! She couldn't stop thinking about Harry's amazing cock. She still marveled at how big and thick it was. She bit her lip when thinking about how it stretched her, and how it could reach spots never before touched. Her pussy was already getting wet! She needed to calm herself before she had to go masturbate to relieve the pressure! After all, Harry wouldn't be back for a few hours yet. She looked down at herself. Her nipples were rock-hard! Now that they were familiar with Harry, all three of the girls decided to go topless for the rest of the vacation. Harry didn't mind ogling three pairs of fantastic tits. Often he would even reach out and grope them! She shook her head at the perverseness of the boy. It wasn't only Apolline's tits that were groped. He would grab, squeeze, or fondle any area that he could, mostly when the other girls weren't looking! One time he even came up behind her when she was in the kitchen making herself a drink. He stuffed his hand down the front of her bikini bottom and made her squirt right there in the kitchen. He walked off chuckling as she stood there orgasming in a pool of her own juices! Apolline moaned thinking about it. Perhaps it wouldn't be so bad if she touched herself a little?

Her hand slipped into her bikini, and she gasped as her fingers brushed against the delicate flesh of her pussy.

Hired Help

Later that night, Apolline was lying in bed reading a romance novel that she had started the other day. It was very well written. She looked up when her door creaked. It opened to reveal a nude Harry Potter. He came into her bedroom and closed and locked the door. Apolline put her bookmark in and set it on the nightstand. She knew what he was here for. It was something that she was eager to give him. Her eyes drifted down his muscular form. His cock was standing stiff and straight, full of veins, and ready to spear her wet flesh. Her pussy was fluttering from the anticipation alone! Harry reached out and pulled the blanket away. She smiled at him and arranged herself in a sexy pose. She must be quite the sight, lying there posing in only a pair of tiny panties! Hearing him moan made her heart soar! It was always nice to receive confirmation. Just like any woman, she wanted to know that she was desired. The way he stood there stroking his mighty cock while eyeing her form, definitely let her know that he wanted her! She decided to stir the pot a bit and spread her legs apart. Now she was showing off the wet spot on the crotch of her panties! That let him know that he too was desired! She extended her leg and tickled the underside of his cock with her little toes.

“Mmmm, Apolline,” he groaned. “You’re so naughty,” he said, letting her keep running her toes up the length of his penis. He grabbed her ankles and pulled her body, making her squeak in surprise. He knelt down and rested her thighs over his shoulders. She played with his messy hair while he nuzzled her panty covered slit with the tip of his nose. Apolline closed her eyes and laid back. She hummed in contentment while he peppered her inner thighs with kisses. She gasped when she felt his rough stubble brush against her soft, sensitive skin. She loved the way he could make her feel so naughty! The thought of having her damp pussy right next to his face turned her on. Her body shivered when she felt her panties being pulled to the side, exposing her to his eyes.

“Ohhhhh, yes!” her back bowed as she moaned out. His fingers easily slid inside her wet tunnel. Her pussy tightened around them as he curled them and rubbed her G-spot. His thumb was rubbing circles around the edge of her puffy clit making her drip with arousal. She could feel the wet drops sliding down her butt crack and wetting her puckered hole. He pulled his fingers out and replaced them with his tongue.

“That is very nice, ‘Arry” she moaned out sexily. In her opinion, he was very talented at licking pussy. He knew when to lick and when to suck. His tongue was exploring her insides when she felt his finger pressed against her virgin asshole! Her eyes widened! She knew that eventually, he may want to explore her backside. She just didn’t realize it would be so soon! The tip of his finger rubbed her arousal into her back hole causing her eyes to flutter shut and take a deep, shaky breath. She wouldn’t say anything. If he wished to take her ass, she would allow it.

“That feels very strange,” she confessed as his finger slid inside of her ass. He wiggled it around making her squeal. He let go of her clit with a popping sound.

“Do you like it?” he asked, his face covered in her wetness. Her cheeks turned pink in embarrassment.

“I think so,” she said honestly. She wasn’t exactly sure yet, but the fingering did bring out a bit of naughty pleasure that she had never felt before. He sucked in her clit and pushed his finger deeper.

“You are such a naughty boy,” she giggled, grinding her pussy against his mouth. She loved the way he sucked and licked her clit at the same time. It was wonderful! Now that he had added anal fingering to the mix, she was in heaven! As the minutes went by, his fingering became faster and rougher. The constant dripping of her pussy juice kept her asshole well lubricated as his finger plunged in and out rapidly. She could feel an orgasm approaching. She realized that he hadn’t even used his special magic to bring it out! She was about to have an analgasm! Her face flushed red. She couldn’t help but cover her face in embarrassment as she wailed and squirted into his face as her ass clenched his thrusting finger.

“It appears that you’re the naughty one, Apolline,” he teased, chuckling as she squirted from having her ass fingered! He pulled his finger out and grabbed his wand. With a wave, his cock was slathered in oily lube. He tossed his wand aside and grabbed her by the back of her knees. Harry pushed her legs up until her knees were parallel with her body. At this position, everything below her waist was open to him! “Keep your body like that!” he told her, ripping the bikini bottom off of her with a single pull! She squealed at the roughness of his treatment. She wasn’t going to lie, his aggressiveness made her pussy wet! He took his cock in hand and rubbed the tip against her crinkled hole.

“Have you been fucked here?” he asked, pressing the head against her ass and adding a little pressure. She shook her head wildly.

“Non! Never!” she breathed out, holding her legs in the same position.

“So you still have a virginity to offer me?” he asked delightedly. Her heady scent was making him extremely horny. He wouldn’t be able to hold back much longer. He wanted her, and he wanted her now!

“Yes, ‘Arry!” she groaned out, wiggling her slutty ass to tempt him. “It is yours! Take it, please!” she begged. His hand reached out and groped her breast as the head of his cock slipped through her tight opening. They moaned together as her anal virginity was taken by him. Her husband was an idiot in his opinion. To have a gorgeous wife for that long and never claim her ass! Complete idiocy! Thankfully Harry came along and made the correction. Now his wife was moaning like a whore while another man took her sexy ass! Faster and faster his cock penetrated her ass as he thrust harder, making her perfect breasts shake and jiggle!

Apolline pulled at her nipples, adding extra stimulation. She looked at her lover. He was biting his lip in concentration, clearly trying not to cum so soon. Her eyes fluttered at the sensation she was feeling.

“I can’t hold back much longer, Apolline!” he groaned out, his hips smacking into her ass making her whole body jerk! He reached out and stroked her engorged clit! The little bit of extra stimulation was all she needed to cum! She squealed as squirts of girl cum splashed against his stomach as her ass squeezed his thrusting cock!

“Fuck!” he groaned, spilling his seed inside her bowels. He continued to fuck her as he injected his cum deep in her ass. He grabbed her around the back and pulled her up so that she was straddling him, still balls deep inside of her ass! She collapsed against him, and he claimed her lips in a passionate kiss. She let him explore her mouth with his tongue as his hands rubbed her tits and nipples.

“Mmmmm, I am very tired,” she hummed, wrapped around him. He chuckled and got them into bed. When he pulled the cover over them, she was still wrapped around him, and he was still inside her bottom. She rested there while he slid his hands all over her sexy body. To her, it felt wonderful! Her entire body was still tingling from such a glorious orgasm! She kissed him and fell asleep. Harry shook his head. He’d rest with her for a while until Gabrielle needed to be tended to. No matter how many times he made the girl cum, she would need it again soon after. She was a beast! Apparently, there was no rest for the wicked.
