

PAGE ONE HUNDRED AND FIFTY(five panels)

Panel 1: Kern and Hen-Tie raise their arms/wings, shielding their eyes from the debris that's flying everywhere. Max, who's laying in Kern's lap, lifts his head. He's bruised, with his eyes swollen shut, but is smiling.

MAX: Go... Only Sis...!

Panel 2: Griswold, furious, whirls around.

GRISWOLD: You need to--

Panel 3: Suddenly, his eyes go wide, a hand jabs out of the smoke, clutching his neck. The smoke hasn't fully cleared, so all we can see is Lucia's hand.

LUCIA: **Die?**

PAGE ONE HUNDRED AND FIFTY-ONE(five panels)

Panel 1: First we show Bon, who's just standing there, jaw hanging.

BON: I...wha...how...boobs...**huh?**

Panel 2: Then Kern, Hen-Tie, and Max. Kern and Hen-Tie are speechless, meanwhile Max, still hurt, but a bit more feisty, is pumping his fist.

MAX: Only Sis... is a super witch!

Panel 3: We cut back to Lucia, who's furrowing her brow, pissed off.

LUCIA: **Don't fucking touch my friends.**

Panel 4: Closeup of Griswold being choked. He looks pissed off.

PAGE ONE HUNDRED AND FIFTY-TWO(one panel)

Panel 1: When the smoke fully clears, we show Lucia standing there, wearing a new suit. It's bright orange, and similar to her old suit—except it looks *beefed up*. You can really feel the power difference just by looking at it. Her wounds are fully healed, and she doesn't look smug at all, not smirking or anything. Instead, she's pissed off.
