

God there's nothing better than having your little brother eat your ass after a long day at work. As soon as I get home I drop my pants and bend over and he is there immediately on his knees eating out my ass. God it felt so good feeling his face bury into the deep cleft of my sweaty ass. I have learned to just wear a jockstrap when I am at work. Throughout the day I will send pictures to my brother showing off my ass in my tight work pants. Pictures of me bending over my desk with the caption, "Time to eat." I loved nothing more than getting him all riled up for when I get home.

Earlier today when I came home I got home and before I was able to even get out of the entrance hallway there he was, waiting for me to strip down for him. Just like a puppy waiting for his Master to return home. I walked over to him sitting on his knees in my favorite underwear. I looked at the time seeing that our parents wouldn't be home for at least 2 hours. More than enough time.

I stripped off my pants and pushed my fat ass out. I had never seen him crawl faster than he did that very moment. All the pictures I sent today must have really turned him on. He wasn't allowed to cum unless his face was plastered between my ass cheeks. And did it show. He ate like a ravenous animal. Pushing his tongue directly into my asshole. Pushing his tongue deep inside of me. God granted this boy a talented tongue and boy was I lucky he was addicted to this ass.

I grabbed each of my ass cheeks, and pulled him apart allowing him to go deeper, "Deeper bro, deeper," I moaned. I felt his tongue continue to push deeper into my asshole. I began to squeeze my asshole around his tongue, feeling my dick thicken up. I pulled my ass away from his face, hearing him whine as I pulled away his favorite toy.

"Bedroom, now," I ordered. I began to walk away from him while he was still on all fours. He began to stand up and walk with me to our room. "No. Down. On all fours today," I commanded. He got back onto all fours and followed me like the puppy he was. I watched as he crawled behind me. I saw his thick dick bouncing in his underwear a wet spot growing in the front of his underwear from all the excitement. Mmm I can't wait to get that thick dick around my lips. We made it to our room.

"Lay on the bed. Eyes closed."

He crawled onto the bed and laid out on his back with his eyes closed and mouth open. Just how I liked him. I crawled on top of my younger brother and slowly let my hands travel up his body. Feeling his tight stomach up to his perky pink nipples. I slightly pinched both of them, causing him to have a soft

moan escape his full lips. I grabbed his arms and pinned them above his head and grinder my hard dick into his thicker cock. Feeling the obvious size difference. Funny how he had the larger dick, but was 100% submissive when it came to him and I. I pushed my crotch against his own dick enjoying the friction that I was creating between the two. Feeling the wet spots on both of our underwear growing.

I pushed my lips against his and aggressively attacked him. Feeling out tongues intermingle. Tasting my own ass on his mouth was always a major turn on for me. I bite his lower lip hard, causing him to struggle slightly against me holding down his arms. I swiftly turned around and pinned down his arms with my thick thighs and hovered my large bubble butt over his face.

“Is this what you want?”

“Yes please Mike! I wanna eat your ass.”

“You wanna taste my sweaty asshole Tommy?”

“Please I cant live out with beautiful ass Mike! I want to live in your ass! Please feed me it!”

I sat down square on his face letting my ass cheeks swallow Tommy’s face, and did he enjoy it. He began eating my asshole. Biting my asscheeks. His face kept pushing against my hole always wanting to taste more. Wanting to eat as much as possible. His arms struggled against my thighs as I kept all my weight on them to keep him from being able to move.

I leaned forward and pulled his dick out of his underwear. God he was so thick. His head was the size of a strawberry and tasted just as sweet. A bead of precum oozed out of his dick and I quickly licked it. It was so tasty. I swirled my tongue around the tip of his dick, teasing him by licking his most sensitive of areas. My own dick tensing from the repeated assault on my asshole. I slowly worked his dick into my mouth. Sucking the head. Feeling more precum flow out onto my tongue. I wanted more. Luckily he seemed like he was full from a day of teasing. I began to move up and down on his dick, slowly increasing the suction and the speed. Hearing him moan into my asscheeks in enjoyment. I was getting close and so was he.

I began to ride his face. Moving my ass back and forth and grinding it into his face. I started to thrust my own dick against his stomach as I sucked his cock. Tommy moans began to intensify, he was about to cum. I shoved his dick into the back of my throat and massaged it with my throat muscles and then he screamed. His dick began to unload, which felt like gallons of cum into my throat. I gulped down every ounce of it. My own dick began to pulse against Tommy’s stomach. Shooting my load all over his body. As we both enjoyed the after orgasm bliss. I scooped all the cum off his stomach and slathered up my asscheeks and asshole with all the cum and rolled off of Tommy’s body. I laid down on my side of our bed with my ass turned to the ceiling.

“Time for the cleanup Tommy. I am taking a nap. I expect it to be spotless when I wake up.” I closed my eyes to take a nap as I felt Tommy’s tongue began to lick my ass cheeks. I was so lucky.
