Chris

Faerie race. Became Tetsu's younger brother after his mother remarried to Tetsu's father. A thoughtful brother who is always looking out for Tetsu.

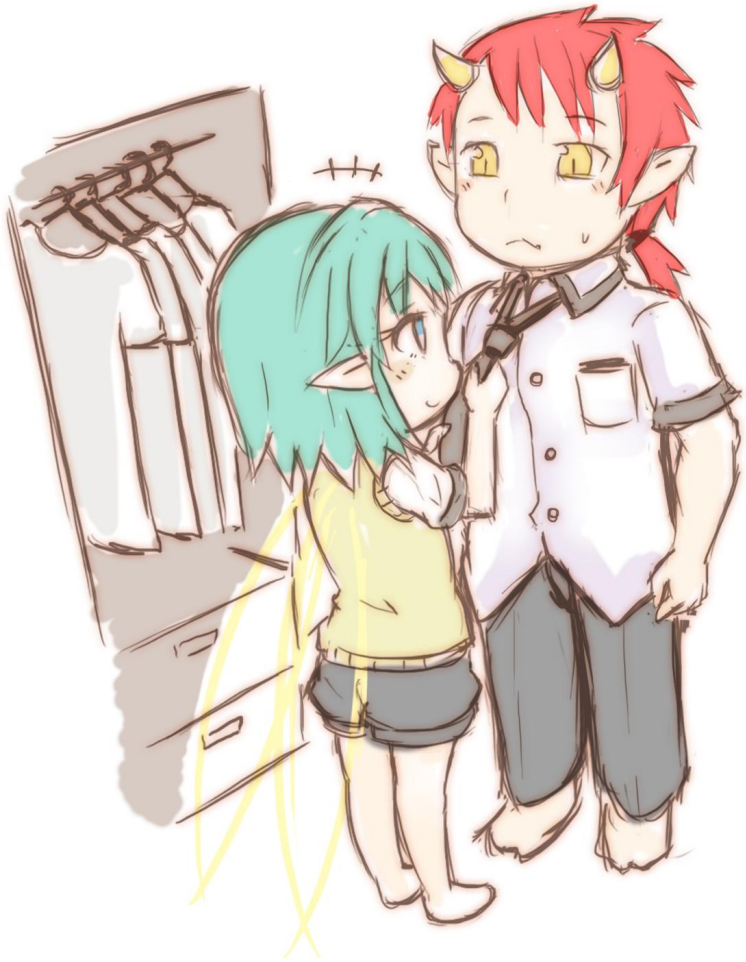
I first met Tetsu Oni-chan when mum remarried. I always felt that he was very scary.
For a long while, I didn't dare to speak to him; prefering to play on my own.

Then one day as I was bullied at the playground, it was Oni-chan who came to save me. At that point of time, I was grateful of Oni-chan's presence.

Tetsu Oni-chan became my guardian.
He was not scary at all. In fact, he was very gentle.

Today, Oni-chan and I live together in a separate apartment because of our school. As usual, Oni-chan is the one taking care of me.

However, I realized that other than to me, Oni-chan is always alone.
Won’t he be lonely? At this rate, he will become a wizard?!

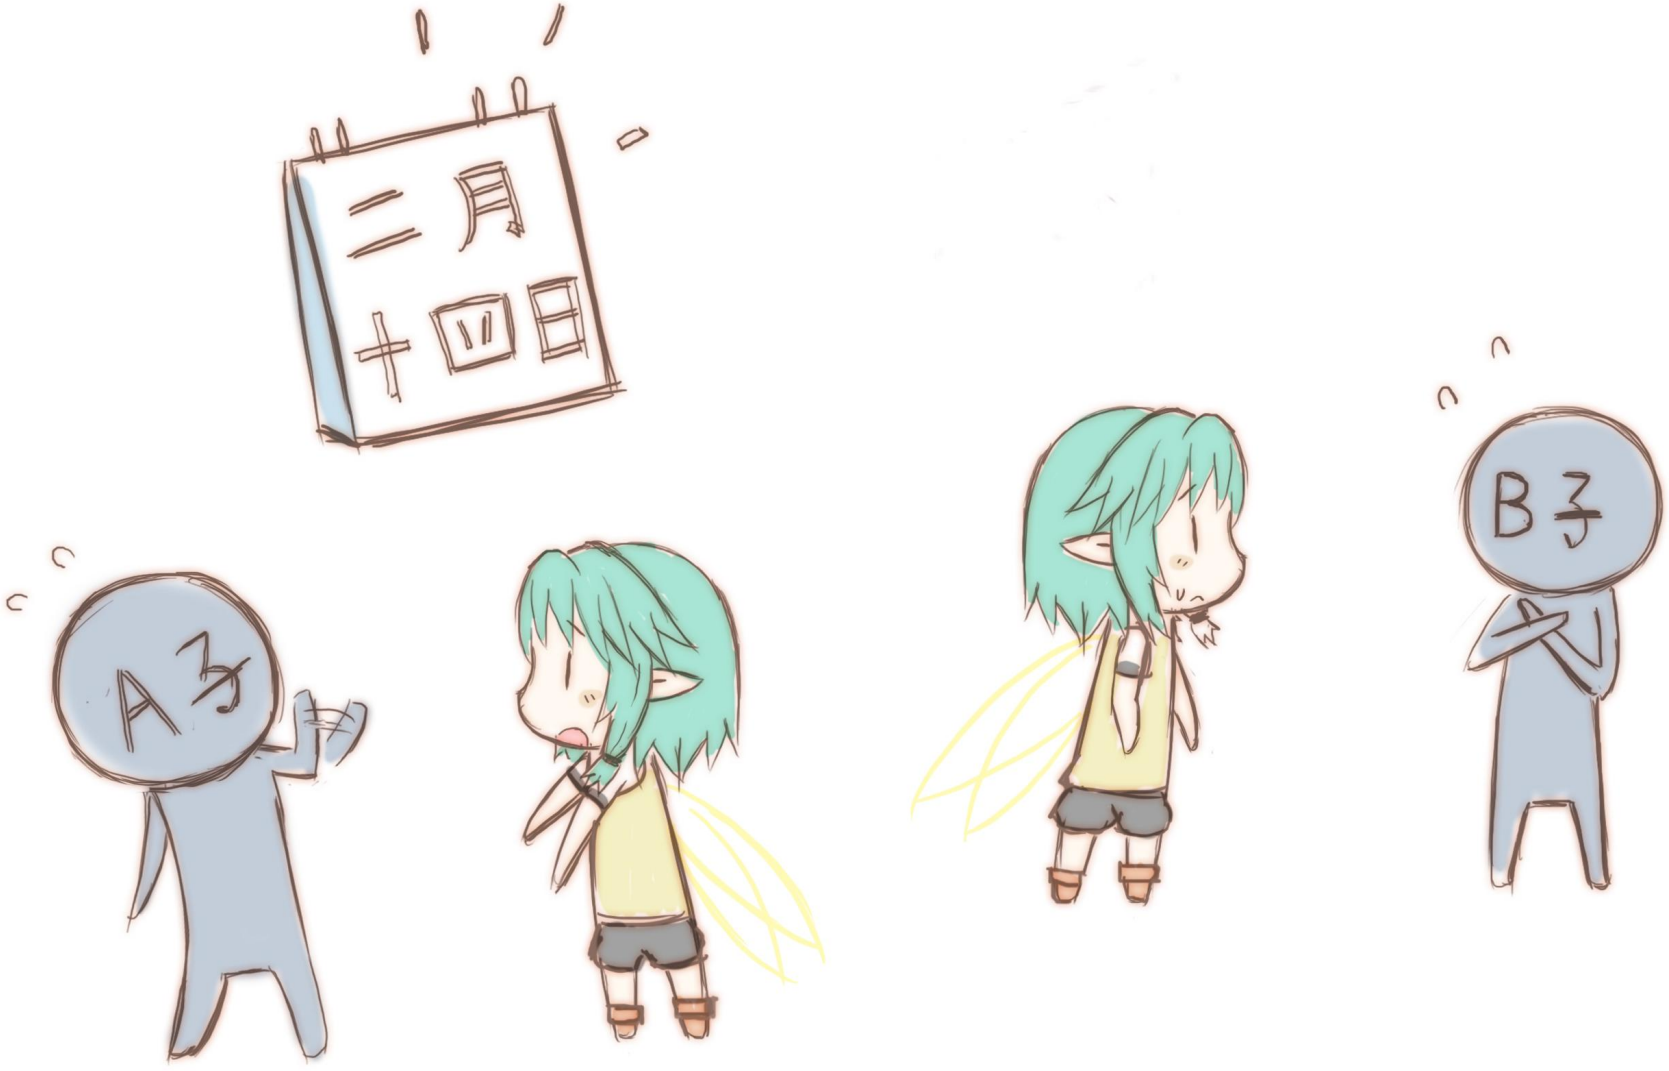


He’s at the right age already. He should be getting a girlfriend!
Yet, Oni-chan said that he didn’t need one. That will not do!

I will find happiness for Oni-chan!

I searched high and low for a girl whom Oni-chan might have some chemistry with. I hope that girl will give Oni-chan a chance.

But everyone was afraid of Oni-chan and rejected my request.
Is Oni-chan that scary?



In the end, Oni-chan is still alone.
Building up my courage, I decided to take matters into my own hands.

I'm sorry, Oni-chan. I couldn't find someone to date you.
In that case, please let me go out on a date with you instead.
