

That was a tragedy.. But I'm sure you understand.

Your men blew up the Lab.

No, we blew up your mom.

You should thank us, if we hadn't intervened. Both of our organization would've gone under.

But I'm not here to talk about the past.

We called a truce already.

Then why are you here?

To tell you the good news!

I'm getting married!

You and the squad are invited!

What?!

But we're exes!

So?? We still need to establish a healthy connections between our Corps!

Just think about it, alright?

You know my number.

SHAAAAA~

Wow.. It's really pouring now.

I'm back!

Oh, hey.

Sorry, there was only one left.

That's fine..

I don't think we can walk to my house in this weather, though. It's like, 20 minutes away.

How about mine, then?

It's just a couple blocks from here!

Y-your place?

I guess that's fine..

Really?

No, yeah.. I don't mind at all..

OF COURSE I FUCKING MIND.

CRUSH'S PLACE?

CRUSH'S PLACE?!

In all of my years since I've known him

I've never been to Crush's place ONCE.
