Chap 1 The Underground

Card games were a common thing, soon duels went underground with more risk. The underground duels had their own unique rules and power. You didn't just play for money or cards...no in the underground you bet your very self. Losers could be made into the personal fuck toys of the winners.

The man behind this was Pegasus, he harnesses some mojo and made these special collars, in each one held a stone, when it glowed green it meant the wearer was free, blue it meant that the person was the king, red meant the person was taken. There were two other powers should the stone glow purple the person is attacked with pain, so much so someone could pass out, those with stronger wills can stay awake but won't be able to move for some time; the other is if the stone glows gold the person receives powerful jolts of pleasure attacking all their most sensitive places, it can bring someone to an orgasm in seconds, ones with strong bodies can last a few minutes but still will be brought to release. These last two settings are brought on by the

subs masters, another benefit of these special stones they release a special energy that allows one's body to completely absorb one's food boosting one's energy and an added bonus keeps their asses nice and clean, perfect for taking.

The underground was split up under 5 houses, the north house was ruled by Seto Kaiba, the south was ruled by a duo of Bakura and Marik, the west was ruled by Duke Devlin, and the east was ruled by the duo of Joey and Tristan, at the center of it all was Pegasus' house. Being King meant the highest status in a territory, Kings got to have harems, as well as received a steady income to keep their sector going.

This is a world not for the faint of heart, one duel could make or break you. Some came to the Underground just to watch, you either got a sweet duel or a live show. Some duelists came to challenge the king(s) sometimes guests duel each other to hook up. It was a wild place, yet surprisingly a young boy named Yugi has plans to enter the fray and become top dog in the underground. 'This place can make my dream come true.'

-X-

Yami was a bouncer at the East House where Joey and Tristan ruled, he may have let it slip to his little brother about it and so the boy got his deck ready. When he showed up at the gate Yami was shocked. "Yugi, what are you doing here?"

"I came here to duel of course." He had brought his own deck, not his grandfathers.

"You brought those cards? You really are serious aren't you?" he looked around. "But Yugi if you lose there is nothing I can do to protect you." He may have been a duelist, but once you were claimed it was hard to escape that.

"I'll be fine Yami, don't you trust me?" the older male sighed in defeat. 'I trust you plenty, it's the guys here I don't trust.' he runs his fingers through matching tri-colored hair.

"Alright," he brought out the collar he needed to wear, the boy put it on without a hint of hesitation. "Good

luck.” The stone turned green. Yugi smiled and gave his brother a thumbs up.

Yugi entered and was surprised at the various males in risky clothing. Some guys wearing skin-tight shorts and nothing else(except the collars of course). Other guys were wearing large jackets with nothing underneath showing off their pecs and abs. Some guys were even getting it on having their subs lick their muscled bodies.

The boy’s dazzling purple eyes sparkled and he got more and more excited. His manhood throbbed, pushing hungrily at the confines of his pants. ‘Down boy, we’ll have our fun soon. He headed straight for the kings, he was going for the gold on this one.

Joey and Tristan were lounging basking in joy as they had some of their subs taking care of them. Joey was wearing an open green jacket, showing off his pecs and perky nipples, along with his rock hard abs, he wore tight green shorts with no underwear showing off his bulge and his chiseled legs. At his feet was one of his subs Rex Raptor, the boy had not only lost a few duels to Joey losing some of his best cards, but he also became his sub. Rex wore

nothing but his collar, and a cock ring binding his 5-inch cock. He was Joey's favorite pet and the male often was seen licking his feet, like he was now.

Rex had grown a hardcore fetish thanks to his master, the smell of a man's feet and the taste, it got him so hard and needy, he played with his dick as he licked the blonde's feet. He moved from the left to the right licking between his toes.

Tristan was basking in a similar manner, though he was wearing a tan jacket showing off his own firm body, he wasn't sporting abs like his buddy but he had firm pecs, he wore knee-length loose pants and a jock strap. At his feet was the green haired smart mouth Weevil licking away at his master's feet, his hard 3-inch cock pulsing angrily. "Nothing beats being the king!" he said with a laugh.

"You said it, Tristan, we rule this territory." The blonde said and the two bump fists.

"You guys are the kings?" the two look towards the voice, and see Yugi standing there.

“Who let this kid in here?” Tristan said with a laugh.

“This is no place for little kids, get lost before you end up hurt!” Yugi just smirked and readied his duel deck.

“If you two are scared to fight me, I will go, but I came to challenge the kings, it wouldn’t look good if I was sent away without a single duel.” he pointed at the two. “It’s time to duel!”

“Grr, you runt!” Tristan snapped, and then smirked, regaining his composure. “You want us to get past our pets first!” he snapped his finger and Weevil stood up, Joey nodded to Rex and the dino duelist stood as well.

“Fine but if I win there contracts are suspended and I get to choose one of them to be my pet.” He challenged, and the kings agreed. “But if you lose, you’ll become our pet and service us day and night.” Ash agreed.

It was a simple two on one duel. Yugi would go then Rex, then Yugi again then Weevil and so on. Weevil and Rex both had 6000 life points giving a grand total of 12,000, while Yugi just had 6000. Also a benefit Yugi was also not

allowed to attack till his second turn so he could attack after Rex played.

“Let's see what this kid is made of," Tristan said and Joey nodded, he didn't get why such a kid would come here but if he wanted to play with the big boys who was he to turn down a challenge.

‘He'd make a fine addition to my harem!' he thought and felt his cock twitch as he imagined all the fun he could do with Yugi.

So the duel began!

Chap 2 Spoils of the Underground

Everywhere in the underground had their own unique stadiums or ways to do cyber/virtual dueling. The trio took to the field.

Yugi drew a card and examined what he had. "Alright, I'll begin with playing Magical Spectrum. This spell card allows me to special summon five monsters this turn, so I special summon. Red Magician," a handsome male magician appeared dressed all in red, wielding a sword with magical spheres in it. "Blue Magician," another handsome magician wearing glasses dressed in a similar outfit but in blue appeared, he was holding a magical book with magical stones on it. "Green Magician," once more another magician appeared, he had green eyes and green robes while his counterparts had red eyes and blue eyes matching their respective robe, he had an emerald band with magical stones embedded in it. "Yellow Magician," a magician in yellow robes appeared, unlike his companions he had short hair, he wore a necklace with a magical stone in it. "And last but not least Violet Magician!" the last magician joining them was the only

one who's robe didn't have a hood and whose hair reached down to their lower back. He wielded a staff with magical stones embedded at the top.

Each of the magicians only had 1000 points but they each had their own unique abilities. He played two more cards face down and ended his turn.

“Impressive move but with weak monsters like that he won’t survive against them.”

“Maybe, but that look in his eyes, he’s full of confidence.”

It was Rex's turn, he summoned a monstrous dinosaur monster wielding 2000 ATK points. "Next I play the Prehistoric Land this gives any dino or bug type monster summoned an additional 1000 attack points." His monster was boosted to 3000 ATK.

“Sounds like you two are skilled and good at working together but I'm afraid a move like that won't do you much good against me." He says, and gives Rex a wink, the male blushes but ends his turn. Yugi draws again and

is ready to play.

“First I activate the effect of Violet Magician, he is a master of support magic and nothing brings support like a power boost, using his effect all spellcaster monsters ATK power is increased by 1000.” All his monsters got a boost. They now all had 2000 ATK points. “Next is my Red Magician’s ability he is a master of battle magic when fighting an opponent he can draw half the attack power of my opponent’s monster.” The sword glowed and drew on the power of the dino raising his attack to 3500. “Now attack!” his magician let loose a blade of flames slashing the dino apart.

Rex and Weevil 11,500

“Now the rest of my monsters will attack!” the yellow magician sent a flurry of glowing pages to strike, while the green fired a blast from his bracelet, blue fired a blast from his pendant and violet his staff.

Rex and Weevil 3,500

“Now to end my turn I will activate Yellow Magician’s effect. Element barrage, for each spell caster on my field

I can deal 500 direct damage to your life points.” With five he dealt 2500 damage bringing them down to only 1000 points.

“Tsk, don’t think that beating dino brain over there means anything it’s my turn!” Weevil snapped. He played Demon Comb allowing him to summon 5 Demon Hornet monsters, they were big and red and black, with monstrous stingers and claws. Each one thanks to Rex’s field spell had 2500 ATK points, and since Yugi’s battle phase was over Red Magician was back to only 2000 points. “But I won’t attack them with my monsters when I can crush them all with a spell card, Rain of Stingers! For each bug monster I have I can destroy any of your monsters, and with five I can wipe them all out and attack your life points directly.”

“I don’t think so, not with the effect of Blue Magician on the field, with his ability I can shield my monsters from your spell card.” As the rain of needles fell, a blue barrier appeared over them and the spell was blocked.

“Then your monsters will die in battle go my swarm.”

“Not this turn Weevil thanks to the effect of my last magician the Green!” Weevil watched as his monsters attacked only to be met with a wall of emeralds. “I can negate your battle phase once with his power shielding my monsters.”

His turn was over, and now it was Yugi's. "Now to end this duel, I activate my spell card Magic Stones! This restores my magician's powers, including my Yellow Magician, and with his ability, I bring down the rest of your life points." His magical stones glowed and they were blasted with a rainbow of colors their life points going to 0.

Their collars beeped and turned green. Yugi pointed to Rex and gestured him over to him. “You shall be mine.” He cupped the dino user’s cheek and his collar stone changed to red. Rex nodded, and Yugi slipped the cock ring off him.

“Ah need to cum!” he panted out. Yugi smiled and kissed him while pumping the dino boy's neglected cock. With a muffled moan Rex came shooting his load all over the boy's hand. Once the kiss broke Rex went to Yugi's hand

and began lapping up his cum off his new master's fingers, and he groaned when he felt him pet him.

He leaned against Yugi, resting his head against the boy's crotch, and letting his still aching manhood rub against his leg. 'Fuck he smells so good, I think I'm going to enjoy being his pet.'

"Damn he actually won but this isn't over I'll duel you next and on my own!" Joey stepped up to the field, while Weevil slinked off to get his clothes.

"Sure thing!" he kissed Rex on the forehead. "Stay back a bit once I win this duel we can go home together."

"Uh, sure thing." The dino spoke, his heart racing a mile a minute.

Chap 3 Not a One Trick Pony

Joey was pissed to have his rule challenged. Not only did he and Tristan lose their pets, but this little kid was gunning for them. Yugi was actually the same age as Joey and Tristan he was just short for his age. While Yugi was getting ready to duel Joey, shuffling his cards, an evil eye was watching.

'Those two fleas dared to make me their servant, but I'll make them pay.' The greenette had found his clothes but he hadn't left the Underground. He wanted revenge, he wanted the same combo. The bug duelist believed if he had it he would win every duel, he'd conquer the entire Underground. He'd start with Joey and Tristan first.

Yugi had finished shuffling as had Joey. "Hey man, we should duel him together," Tristan says. "We've gotten so far by working together."

"I know, but I gotta teach this punk a lesson." he got his deck ready. "You ready short stack?"

“Right,” just before Yugi loaded his cards, Weevil dashed forward and snatched his deck. “Hey!”

“Weevil!” Joey shouted. “Stop him!” the other duelists glared at Weevil and tried to corner him. He was a slippery bug. Weevil searched for the cards. He wanted Yugi's 2 spell cards and his 5 magicians.

“Now I got them,” he stopped in his victory getting lost in his dreams of grandeur. He didn't even realize he had been surrounded.

“Hand over the cards Weevil you snake.” Joey snaps, Rex lunged and got most of Yugi's deck, but Weevil still had the 7 cards.

“With these cards, I will rule the Underground I won't give them up!” Weevil snapped.

“Give my cards back,” Yugi demanded. Weevil glared, he was boxed in.

“If I can't have them no one will. Say Goodbye!” he ripped the cards into pieces. The shredded bits hit the ground and Yugi looked on in horror.

Weevil was grabbed and arrested. The Underground didn't have too many rules but stealing, destroying, or sabotaging another person's deck was taboo. Yugi stared at his destroyed cards.

Joey sighed. "Look if you want to call off your challenge I understand."

"Why?" Yugi pulled out a small gold box. He collected the pieces of his ruined cards and put them in a bag and set them in the gold box.

"Here you are master," Rex says, bringing Yugi his deck. Yugi gives him a smile, and a peck on the cheek. "Thank you." Yugi took 7 cards from the gold box and added them to his deck.

"I'm not a one trick pony, Weevil destroying my cards sucks, but I'm still able to duel!" Joey was taken aback by the fire in Yugi's eyes.

"Fine, let's duel!" the two loaded their decks. Tristan had a bad feeling about this.

Challenger went first. Yugi drew and smiled. "First I summon Time Magician!" a magician clad in red and gold

robes, appeared. He carried a wand similar to Time Wizard's except it only had 3 faces on the watch, red blue and yellow. "Once per turn I can activate one of 3 effects, I choose the effect of the past!" the dial turned to the blue face.

Time Magician: 4 Stars: Dark: Magician/Effect

Past: Send 1 card from your hand back to the deck, shuffle and draw 1 card. You can Normal Summon again this turn. Present: Draw 3 Cards if any of those cards are Spell or Trap cards set them on the field, send any monsters to the graveyard. Future: Tribute this card, all monsters on opponents field are destroyed, and the opponent takes damage equal to half the collected ATK points.

ATK 1000 DEF 1000

Yugi sent 1 card back to his deck and shuffled. Drawing a new card he set one card face down in defense mode.

"I'll play 2 face downs and end my turn."

"My move," Joey drew. "I play the spell card Warrior's Soul, this spell card lets me summon as many normal

monsters from my hand as I want. It's continuous so I can do it so long as it's on the field." Yugi blinked.

He knew of the card in question, it was an easy way to fill your field so you can tribute a heavy hitter. Apparently, Joey didn't know how to use this card properly as it was the only spell card in his hand.

Joey summoned Tiger Axe, Armored Lizard, Alligator Sword, Axe Raider, and Masaki the Legendary Swordsman. Each one had a higher than 1000 ATK, but Joey's hand was completely empty. 'He isn't seriously gonna attack right?'

"I attack with Masaki!" Yugi could see Joey's plan a mile away, he was gonna try and take out his monsters with his less ATK monsters then strike Yugi's life points with his higher ATK monsters. 'Is he seriously gonna attack knowing I have a face-down monster, plus two face downs.' The green armored samurai monster charged on his face down. It flipped face up.

There was an explosion, and Joey was confident he had won. However, when the smoke cleared, Masaki's sword was broken. The creature he attacked had a hard shell. "What the, I've never seen a monster like that!"

"This little guy is called Armored Shell Bomb!" The shell opened up to reveal a red orb inside. He stuck his tongue out at Joey.

Armored Shell Bomb: ATK: 0 DEF 2000 2 Stars Fire
Pyro/Effect: When flipped face-up inflict 1000 points of damage to the opponent(s). When this card is destroyed by battle inflict damage equal to the attacking monster's ATK points to the opponent's life points. At the end of the turn, this card can be flipped face down in Defense mode.

Masaki only had 1100, so Joey got hit with 1900 points of damage.

Joey 8000 – 1900: 6100

"Oh man 2000 DEF how did this kid get a monster so strong in defense!" Yugi sweatdropped. "No matter you

still got a weak monster in attack mode. Tiger Axe attack!" The beastly warrior charged at Yugi's Time Magician.

'Guess he didn't learn his lesson, oh well.' one of his face downs activated. "You activated one of my face-downs Negate Attack, it stops your attack and ends your battle phase."

"Oh man, not again." He ended his turn and Yugi drew.

"My turn, I summon Blast Magician!" The magician was mixing potions his robes were decked out with vials and flasks full of strange contents.

Blast Magician 4 Stars Dark Spellcaster/Effect

When this monster destroys a monster in battle inflict 700 points of damage to the opponent. Should this card be destroyed by battle destroy the attacking monster. If this card is destroyed by card effect search your deck and set one spell card to the field.

ATK 1500 DEF 1400

“Next I activate Time Magician's Present Effect: I get to draw 3 cards and if any of them are spell or trap cards I get to set them on the field.” Yugi drew. “Awesome!” he played 3 cards face down.

“No way, all 3 were spell and trap cards?” Joey gasped.

“Yep, my deck is balanced between monsters and spells and traps. Don't tell me your deck is dominated by monsters is it?”

“Shut up, your monsters may have a couple effects, but look at my monsters they are super tough. I'll tear through your puny monsters then smash your life points.” Joey snapped.

'Well it takes all kinds I suppose...' Yugi sweatdropped.

"It's still my turn so now I shall attack. I use Blast Magician to attack Masaki!" the magician chuckled mixed up a potion and tossed it.....BOOM! Masaki was blown up in a massive explosion.

Joey 5700

“Thanks to my monster's effect you take an additional 700 points of damage.”

Joey 5000

'Darn it I knew it, me and Joey should have taken him on together.' Tristan had a bad feeling. Their legacy was using their buff monsters ganging up and taking out an opponent before they can make plays.

"I end my turn, flipping my Armored Shell Bomb face down."

Joey drew. "I sacrifice my Tiger Axe, to summon Battle Steer!" Battle Steer was the strongest monster on Joey's field. "Go attack and destroy his Blast Magician!"

Battle Steer attacked and Blast Magician got destroyed but he wasn't the only one. One of his vials came down and Boom! Battle Steer got destroyed. "Oh man not another effect, no matter, go Axe Raider attack his Time Magician!"

The Axe Raider charged. "I activate a trap, Counter Barrier!" the trap activates when an opponent attacks one of the holder monsters. It reflects the monster's attack as battle damage to the opponent.

Joey: 3300

"Go, Alligator Sword!" Yugi activated his second face down this time a spell.

"You activated my Spell Card Cry of Battle!" This spell card ends the opponents battle phase but doubles their ATK for the remainder of the duel. Joey's monsters doubled in power.

3400 and two 3000 ATK monsters.

"Big mistake their shrimp, now my monsters have double the strength to pound you, next turn."

"You won't be having a next turn, for I activate a Time Magician's Future Effect by tributing himself all your monsters are aged into dust, and you take damage equal to half their combined ATK points."

Time Magician created a portal of time, he vanished while the others were turned to dust. Joey took 4700 points of damage as his monsters crumbled.

Joey lost, and he wasn't able to scratch Yugi's life points.

"I...lost..." he couldn't believe it, it was a total defeat.

'I've never had a such a one-sided match.'

“That means you belong to me now.” Joey couldn't deny it. He stripped off his clothes. He exposed his 8 incher.

'I can't believe I have to serve this runt.'

“Hold on, you aren't taking him first we gotta duel first,” Tristan says.

“Okay, but first I gotta use the bathroom.” Yugi headed off, Joey and Rex following him. Tristan waited anxiously.

-x-In the bathroom-x-

Joey and Rex stood in the wings as Yugi relieved himself.

'This little runt I bet he's packing light to,' Joey took a peek at what Yugi was packing. 'Oh, my gawd! He's huge!'

Joey was a bit of a size queen, not that it mattered, he had the biggest cock in his sector. A clear case of big fish in a small pond. Well, a small shark just showed up and Joey got swallowed up.

Even Rex was staring at the huge tool. Both males got hard as rocks. Yugi turned and saw them, staring. "Jeez, you two." Yugi stroked his cock, making it rise to its full length.

Both his subs had hearts in their eyes at the sight. It was true Yugi wasn't very tall, it seemed most of his growth happened below the belt. "Go on have a taste." the two knelt down and got closer to the boy's crotch.

His manly musk hit them like a hurricane. It made them both shiver. Rex and Joy leaned forward and licked Yugi's shaft. It was like sparks went off in their brains. The two went at it like dogs after a giant bone.

They took turns when Rex went high, Joey went low, and when Joe went high Rex sucked on Yugi's balls. Their own cocks went untouched but continued to twitch like excited puppies.

Pre spilled all over the floor, none of it Yugi's the two subs didn't waste a drop. Even as the mighty length leaked pre, the two lapped up his essence. When the

manly essence hit their tongue's it was like lightning. The flavor matched the smell, completing the experience.

The two pulled back, gazing at the mighty rod. They shared a look and the competition was on. They each took 8 seconds to go down on Yugi, slurping and sucking as much as they could before pulling off giving the other a chance.

Rex's oral skills had been more refined than Joeys'. Joey, however, took to cock sucking like a fish to water, each time he got a chance at Yugi's cock he got much more into his mouth.

As his throat was filled Joey felt more pleasure, a spark of joy that laid dormant inside him finally sprung to life. He breathed through his nose, taking in Yugi's delicious musk.

He swallowed more and more, and by the time he swallowed every inch he came. His seed exploded all over the floor. Yugi's pre gushing down his throat, he chugged it moaning in bliss.

The vibrations sealed it for Yugi, he came. His cock twitching as his big balls emptied into Joey's mouth. The blonde pulled back to catch some spurts in his mouth. His taste was explosive. Joey moaned as the thick jizz filled his mouth.

Yugi grabbed the base of his cock, and stopped the flow, he pulled out of Joey's mouth and offered his dick to Rex. The boy swallowed the tip, and Yugi let go, and the flow of cum continued.

Tasting Yugi's cum, pushed Rex over the edge, his own seed splattering the floor. The boys took a minute to collect themselves, and clean up.

-x-

When the boys returned, Tristan's jaw dropped. "Oh Yugi, I totally misjudged you!" The blonde was holding Yugi. "You really are a big man, and your dueling skills are aces. Can you teach me?"

"Sure, Joey."

“Joey what the fuck!?” the blonde put the smaller male down. Joey was fully erect. He blushed and rubbed the back of his head. “I don't know what you are up to, but I'm gonna crush you!”

3 Turns Later...

Tristan was completely fried, he wasn't able to scratch Yugi's life points either.

It was official Yugi had become the new king of this sector of the Underground.

To be continued

Chap 4 Changing of the Guard

Joey and Rex knelt before the throne, their stones the color blue. Tristan was getting a taste of the new king's massive cock, his collar stone was also blue. Yugi sat in his throne, his collar stone red, the mark of the king. This wasn't a private affair either, the duelists that came to Joey and Tristan's former kingdom.

They gathered around, many freeing their own hard cocks. Most of the guys barely met Tristan's size. The boy had a solid 6 incher, maybe two guys in the crowd had a 7 incher, everyone else varied between 2 – 6. So when Yugi's massive 12-inch dick came out the crowd gasped in shock.

Tristan could see now why Joey was in love. The boy may have looked young, but he was all man below the belt. The manly aroma drew Tristan in, and he couldn't help but start licking. He moans at the taste, each lick makes his cock pulse between his legs pre-cum forming at the tip.

Joey and Rex watched, with cocks hard and wanting. They collected their pre and reached back to play with their asses. The crowd was shameless, playing with their cocks and asses as they watched their former king give head to their new king.

Tristan wrapped his lips around Yugi's cock head, lapping at the tip as he sucked. He sucked Yugi down, each inch he swallowed made his manhole twitch. "Mmmhhmm," he moans, his tongue caressing the underside. 'Oh, gawd his dick is so big.' he relaxed his throat and still, Yugi's cock overwhelmed him. His throat stretched, and he swallowed around the long shaft.

He bobbed back and forth, slurping and sucking the new king. His senses exploded with the taste and smell of Yugi. Taking Yugi's cock filled him with such pleasure, the more he sucked the hotter he got. He wasn't the only one, as Tristan bobbed back and forth, Joey and Rex added a second finger to their holes.

He made it down to the root, burying his nose in Yugi's pubes, the manly hair tickled his nose. 'Oh crap not like

this, not like this?' He felt his balls lurch and he blew his load. His cum erupted across the floor.

The crowd oohed and ahed, some even followed Tristan's lead and came. Yugi cupped the back of his head and began fucking Tristan's mouth. "MM hhmm mmm mmm mmm!" he moaned, the act of dominance turning him on further.

When the boy finally came, he flooded Tristan's mouth. 'So much cum!' His big balls really went all out. The taste made Tristan cum again, he blushed with lust and a tad embarrassment. He drank Yugi's cum as he spilled his seed.

Showing off one more thing, Yugi pulled his still hard cock out of Tristan's mouth. The boy had stamina to burn, and endurance to keep him solid. He rubbed his big cock in Tristan's face, the brunette moaned in bliss. "Get in position," he says.

Not just Tristan, but Joey and Rex obey. Tristan moves to the other side of Rex, while the other two turn round and

get on their hands and knees. Face down, asses up the trio offer themselves to the new king.

Yugi walked towards them, his hard cock bouncing as he walked. He went to Rex first, the dino duelist gasped as Yugi's hard cock slapped his ass. "I promised you would be first." Rex shivered and blushed, his manhole was twitching like crazy. Yugi hotdogged his ass, Tristan made excellent work, his dick was so wet.

The tip rubbed against his entrance, smearing pre. 'This is really happening.' Rex felt his heart race, he remembered back to his time as the king, he and Weevil used to rule this territory till Wheeler and Tristan showed up. He lost his crown, his cards, and eventually, he became a pet. While he did gain some fetishes, his heart never raced like this before. He wanted the big dick inside him, wanting it to fill him nice and deep.

"I'm gonna give you something special too." He touched Rex's collar, and his stone changed from Blue to Gold. "OH, MY GAWD!" Rex cried out as pleasure tore through his body. His cock twitched as he was hit with a sudden orgasm.

Yugi took this chance to push into Rex, and all the dino duelist felt was the pleasure. 'My master is the best!' he mentally swore he would follow and serve Yugi forever. Inch after glorious inch stuffed his ass.

By the time the new king was halfway inside Rex was cumming. His balls lurched and he spilled his seed onto the floor. "So good!" Yugi buried the rest of his cock with one go and Rex howled. "Full!" his eyes rolled up and he came again. His belly bulged from Yugi's cock. "So big!"

They were fully connected. He came again, Yugi wasn't even moving, but just the heat radiating off his manhood. With another orgasm, his inner walls tightened around his massive cock. The pleasure mode of the collar practically made his entire channel one big prostate sponge. Yugi wasn't even moving and Rex felt another orgasm coming. "Oh master this is amazing, I'm coming again!" he cried out as he blew his load over the floor.

After five minutes of overwhelming pleasure, Yugi turned the collar off. "How you feeling Rex?" he asked, rubbing the boy's back.

“Amazing master!” he felt like he was made of jelly. His once swollen balls looked quite happy now. His body was flushed, Yugi’s hands came around, and began toying with Rex’s nips.

“Master!” Joey and Tristan called out together, they shook their asses. “Please fuck us too!”

“So impatient.” Yugi stuffs their asses with two fingers. The two moaned. “You two are gonna be a handful,” he says with a grin. He fingers them and starts moving inside Rex.

He had all three moaning in pleasure. “Ah ah master, ah ah ah!” Two fingers became three, and he had the former kings panting and drooling in pleasure.

For Yugi this was a big deal, he already showed his card skills, it was time to show his bedroom skills. He gave slow hard thrusts, making sure Rex felt every inch. His fingers twisted and curled, matching his pace.

The crowd was loving it. Even the shyest man in the room had his dick out, pumping themselves to the show.

The noises the pets were making filled the room, the air thick with the smell of sex.

Joey was in heaven, the looks he was getting now, it made him so hot. They wanted to fuck him, but they can't he was Yugi's pet and that thought fueled him with such passion it made his whole body burn for more.

Yugi's fingers curled and rubbed Joey's sweet spot.

"Uhhh uhhhhnnn!" he came, blowing his load, over the floor.

It didn't stop there, Yugi gave him a deep prostate massage. 'It's hot too hot!' his eyes rolled up as he had a second orgasm, before coming down from the first. Even then the boy was relentless, the continuous assault to his sweet spot milked him of a few more spurts.

The blonde was high as a kite on pleasure. He wasn't the only one, Tristan was losing his mind. "So good, so good!" he kept panting. Yugi was stirring up his insides so well. The brunette didn't know ass play could feel this good. Prep sure gotta prep, but he felt like he could cum just from Yugi's fingers. Then the fingers curled, and his prostate pressed. "Ohhhh!" Tristan came, Yugi's fingers

worked his ass faster, jabbing his sweet spot. He was milked of his cum, his seed splattering all over the floor.

It didn't go unnoticed to the brunette, that he was having way more orgasms, during a session, as a pet then he ever did as a king. He moaned and pushed back onto Yugi's fingers.

Rex was in hog heaven, every thrust made him tremble. Friction, fullness, and just the slightest shift of the angle to make sure his sweet spot was hit with each pass. 'This is the T-Rex of dicks!' his toes curled in delight.

His tongue hung out of his mouth, drool running down his chin. The rhythm of the boy's thrusts was hammered into his body with the clap clap of skin striking skin. The friction made it feel like his insides were melting, he didn't want it to stop.

He lost count of how many orgasms he had, but they were so stacked his cock remained hard, a steady stream gushed from his rod. "Here it comes." was whispered into his ear, then he felt Yugi's dick get bigger, it stretched his hole wide and Yugi moaned as he came.

His seed plundered Rex's hole, pumping deep into his body making his stomach swell. Each spurt made his body shiver. "Ah ah ah Master!" his eyes rolled up. His belly bulged with the excess cum.

Yugi pulled his still hard cock out, and Rex whined at the loss. His hole spasmed as it was left gaping. Cum gushed out of his hole, running down his taint and legs. Without Yugi's dick holding him up, Rex slumped into the puddle of his own cum. 'I think I'm in love.' Yugi's dick pulsed a few more spurts shooting over Rex's back.

"My turn!" Joey moans, bucking back onto Yugi's fingers.

"No me next!" Tristan moans.

"Over and under," he commands and pulls his fingers out of them. The two scramble and Joey lands on top of Tristan, Yugi forces them down, so their cocks and balls were pressed together.

Yugi turns on Joey's collar, setting it to gold mode.

"Ohhhh!" he moans and cums onto Tristan. Yugi lines his cock with Joey's hole, and with one thrust he buries his

full cock into Joey's ass. "FUCK YES!" he cries out cumming again, cock pelting his best friend in seed.

Tristan blushes, as his friend's seed splatters him. He could feel Yugi's dick stretch his friend's stomach. Before Joey had a chance to catch his breath he came again. "Big cocks so good!" Joey was drooling.

Yugi fondled his plump ass, loving how his inner walls squeezed him. Joey bucked back, grinding his ass against Yugi's pelvis. "So good, fuck me so good master!" he moans. Just grinding made it feel like Yugi was fucking him into oblivion.

His balls lurched and he continued to cum onto Tristan. After 5 minutes and several orgasms, the gold setting was turned off. Yugi began to move, hard and fast, making Joey cry out in pleasure. "So full!" he moans.

Joey's tongue hung out of his mouth, as he was filled with the biggest dick he had ever seen. Each thrust made his body rock, making him frot with Tristan. The brunette moaned and bucked his hips. He whined, his manhole felt so empty, and he didn't like it.

Joey's perky nips rubbed against Tristan's' their chests rubbing together along with their cocks. It was quite easy as Tristan's chest was coated in semen.

With Rex, it had been slow and hard, with Joey he went fast and hard. He had Joey soaring, flying high on cloud nine. Joey forgot all about being King, as far as he was concerned Yugi meant to be his king, and he was born to serve this boy for the rest of his life. 'Master's cock feels so good!'

His stamina couldn't really compare to Yugi's either, in each orgasm his hole clenched around Yugi's thrusting shaft. All he got was pre, the essence soaked his insides and drenched his hole. He had a big grin on his face, loving the feeling. 'So wet, so sweet, he's moving faster oh gawd!' His ass rippled with each smack of Yugi's pelvis, it only turned him on more.

"I'm gonna cum," Yugi says. Joey feels his heart race. "Yes, please cum inside me!" he moans arching his back. Yugi rams into him and cums hard. "Oooooohhhhhh!" Joey moans. Each spurt makes him shiver.

Tristan was face to face with Joey's orgasm face. 'So jealous!' He was covered in cum and hard as a rock. Joey's belly filled with semen and swelled against Tristan. Yugi pulled out of Joey and the blonde collapsed against Tristan. "So full of cum!" his face said it all, Joey was cum drunk! "Thank you, master!" Yugi came all over Joey's ass and back. The blonde drooled, shaking his ass in delight. Rubbing his cum soaked crotch against Tristan's.

"Please master, I need you to fuck me!" Tristan moans.

"Of course, I got plenty for you." The crowd oohed at Yugi's still hard cock. He set Tristan's collar to gold.

"Ohhh fuck me!" he cried out in orgasm. His cum erupts and mixes with Joey's. It was hard to tell really, Joey's balls had been significantly drained. The blonde was in la-la land, riding the high of his many orgasms, and basking in the delight of Yugi's cum inside him.

Tristan moans as his hips are raised, Yugi's dick kisses his hole. 'Yes yes yes yes yes!' Tristan thinks. The big cock pressed forward, going slow, maddeningly slow. Tristan thrashed wildly, but he was trapped underneath his

passed out friend. He wanted to buck down and fill himself, but he couldn't.

That didn't stop the never-ending assault of pleasure from the collar. He came again and again, he couldn't help it. He practically came one time for every inch Yugi gave him.

He looked as lust drunk as Joey did. He bucked his hips, rubbing his climaxing cock against Joey's dick. The blonde whimpered, as his spent cock continued to leak cum.

After 5 minutes, Yugi turned the collar off, but it was plenty of time. The brunette was stuffed to the max, and his first time was one full of pleasure. "So tight!" Tristan's hole massaged his length.

Now that Tristan had cum himself silly, Yugi began to move, his hefty balls smacking the brunette's ass. "Ah ah ah master!" Tristan panted. All Tristan could do was grab onto Joey's ass and hang on for dear life as he had orgasm after orgasm. 'This is bliss, this is heaven!' his toes curl as another orgasm rocks through his body. 'This is anal pleasure, this is amazing!' He felt Yugi's cock

pulverize his insides, his belly lurching when the boy reached balls deep. 'I felt that!'

The boy was slow and teasing, his maddening pace, only made Tristan crave more. 'Fuck fuck fuck I love you!' Yugi for his part wasn't kidding, the boy was flushed, it seemed he was on the final lap himself.

Pacing himself allowed him to save his stamina, and drive Tristan wild. He came all over Joey, their bodies painted white. "I'm at my limit!" Tristan moaned at the words.

"Yes please, cum inside me mark me as yours!" he cries out, as the words leave his mouth his brain shuts down the pleasure overwhelming it. He drooled and his eyes rolled up. Yugi shifted the angle of his thrusts and pounded his prostate. Tristan's dick joined the others being in a permanently erect state, a never-ending stream of cum.

Yugi followed suit, he came hard, his balls lurching, spilling his seed inside his final pet. He shuddered, his cock finally softening as the last of his essence filled Tristan to the brim.

Tristan's swollen belly rubbed against Joey's. 'So this is how you felt isn't it buddy, no wonder you look like that.' he had a matching face. Yugi's finally spent cock slipped from the boy's cum stuffed hole.

He rose on shaky legs and made it back to his throne. The crowd, those that hadn't passed out from nosebleeds and orgasms cheered. Yugi smiled, this was his kingdom! 'My pets are pretty exhausted, things will calm down now that I'm king.'

Chap 5 Lone King's Stand

Yami was pretty used to nudity, as most of the underground clubs were clothing optional especially for pets, but it was a bit different seeing as it was his brother. He didn't know why he was worried, not only did Yugi kick ass and take names, he became the new King. 'Don't let your guard down little brother.' It didn't matter who the king was in his opinion. He was just the bouncer, it was his job to keep order.

-X-

Yugi was sitting bare ass naked, using Joey as his seat. The blonde had his face buried in Yugi's ass, kissing what he would never have. His tongue worshiped the boy's hole, darting back and forth, and wiggling. Yugi sighed in delight, his hard 12 incher was throbbing, pre-cum running down his length.

He was partaking in a show, Tristan was on his hands and knees, ass raised high, getting fucked by Rex. The dino duelist was panting and moaning, driving his fat dick into the brunette's tight little ass.

Rex was loving the chance to top, grinding his pelvis into Tristan's ass, his pubes tickling his ass and making him feel every inch with his dick. Tristan panted and drooled, his hard dick bouncing and bobbing with every thrust. Rex had a nice butt plug up his ass, keeping his hole stretched wide. "So good, your ass is so tight!" he playfully smacks Tristan's ass.

Tristan moans, his hole tightening around Rex's thrusting dick. He shivered in delight and bucked back letting Rex's cock drill his ass deeper. The friction was making both boys pant, the heat spreading through them both.

Joey's ass wasn't ignored either, a vibe matching his size was currently buzzing away at his insides, the remote strapped to his leg, his manhole spasming around the vibrating rod. His cock stood at attention, weeping so much pre his crotch was glistening. The vibrations were driving him wild, making him eagerly lap at Yugi's hole.

Yugi had a few duels with some of the visiting duelists, but no one was challenging him for his King title. Yugi was a decent king, his duels were awesome and the sex shows he put on were the hottest ever. Though as the

days passed everyone knew this was the calm before the storm.

It would take some time for news of the boy's victory, and the new King to spread. The same thing happened when Joey and Tristan took their crown, after a week the challenges came. Guys and gals seeking to claim the throne for themselves. It was often called Rookie Crushing.

The other kings usually are busy with their own territory to care if a new king pops up. Most don't bother to even remember the names unless you hold your title for a year.

Yugi being a newbie, probably had no idea that there was a target on his back. The former kings were too busy enjoying their new master, to warn him. Sure enough...

A guy who looked fresh from a shower, or in his case fresh out of the ocean, wearing nothing but his collar, his headband, and a blue and white speedo. He had tan skin, long dark hair tied back, and a scar on his cheek. He approached the door to the Underground carrying a

harpoon and a duel disk. "I'm here to challenge the King of the East!"

"Well, sir, a couple problems with that. First, no weapons allowed." Yami pointed at the harpoon in his hand. The guy blushed.

"Oh forgive me," he handed over the harpoon. "I swam here, and I keep the harpoon for protection against the creatures of the sea."

"Thank you," he put the weapon away. "You can claim it when you leave. Now the other issue is the King is in the middle of a show, you can challenge him after."

"A show eh? Might as well see who this great King is."

"Very well, just remember you can become a pet," Yami explains. The speedo boy smirks.

"I'm not afraid, I'm a man who's traveled the seas, if there is a man who can tame me, I'd like to see it." from the bulge in his speedos, he was clearly confident. Yami let him in.

-x-

The guy entered the room and was drawn into the crowd. The room was hot and heavy, there wasn't a single guy not getting into the flow. "Oh wow!" he licked his lips as he watched the intense scene before him.

Sounds of skin striking skin, heated pants, and lustful moans echoed the room, the rich manly aroma spiced with lust. Even straight men couldn't resist this atmosphere, speedo boy hadn't been around a lot of people, let alone intimate with anyone. He's been living a very long life alone at sea.

His dick grew painfully hard, his pressing erection, caused the back of his speedos to ride up his ass. "Mmm," he groans. He frees his mighty harpoon, his long 10-inch dick. "Oh man!" He strokes his aching dick, his foreskin sliding back and forth over the head.

He tore his eyes from the Rex x Tristan scene to the hot face sitting scene. From the collars, he knew who the king was, and spotting Yugi's weeping manhood had the seaman's jaw drop. 'So big!' He pumped himself faster.

It seemed the blonde was enjoying being the boy's chair as well. He felt his release building, his balls itching to release. The seaman lost control and came pretty quickly. He panted, and watched as the scene built to climax!

Tristan came first blowing his load all over the floor, Rex followed suit, the clenching inner walls pulling him over the edge. Rex howls and cums deep inside the brunette. Joey cums next, exploding all over himself. Yugi's climax was next, but he had a place to go. He rose from his seat and stuffed his cock into Joey's mouth, his throat bulging from Yugi's man meat.

He took the whole thing, and he came again moaning around his master's dick. Yugi let out a moan of his own his climax hitting and he came down Joey's throat.

"Mmm, yes!" He trembles in delight as he empties his balls, the blonde sucking him through his release.

Joey was such a greedy boy, he couldn't help but suckle from the impressive penis, hoping to milk more of the delicious man milk. His efforts were well rewarded, getting four more spurts.

Yugi pulled his semi-hard dick free from Joey's mouth. The blonde looked positively pleased with himself. Rex also pulled out and quickly fitted Tristan with a plug. The boys were greeted with applause.

"Well now, that was quite the show." the seaman came out.

"Who are you?" Joey asked.

"I'm Mako Tsunami, I'm the best water duelist around, I am here to challenge you for the title as King!" Mako decrees. His dick had hardened from the sight of the blonde deep throating, so he left his cock hanging out, his balls left in the speedos. "Will you face me, or send your pets?"

The trio glared at Mako. "Yugi let us fight him!" Joey says, and Tristan nods.

"Yes, my dinosaurs will crush this guy!" Rex roars.

"No," Yugi says, and steps out.

"But you've helped us get a lot stronger."

“I know, your skills have improved, but you all are precious to me, and I’m not gonna risk losing you.” his words brought tears to their eyes.

“Yugi...” they cried. Mako smirked at the boy’s honor.

“I hope you don’t mind if I duel in the buff.” Yugi readied his duel disk.

“Not at all, you carry quite the harpoon for such a little guy.”

Yugi twitched. “Thanks, you’re not so bad yourself. If I win I’ll make you into a fine pet.” Mako’s cock twitched.

“Very well!” he readied his duel disk.

Yugi/Mako 8000

“I'll go first, first I play Fiend Kraken in Defense Mode," a Kraken like monster appeared on the field. "Then I play Umi!" The field spell created a grand ocean for them.

“Last I will play the continuous spell card Deep Submerge!” The Kraken disappeared under the waves.

Fiend Kraken 1200 ATK 1400 DEF + Umi Boost = ATK 1400
DEF 1600

“Thanks to my spell card, and so long as Umi is on the field, you cannot attack my sea creatures while in defense mode.” Yugi blinked.

“That may be true, but that doesn't prevent me from attacking you directly.” Mako sweatdropped.

“Is this guy an idiot?” Joey whispered the other two shrugged.

“My combo is just beginning Little Yugi, go ahead!”

“Alright then!” Yugi drew. “I’ll start by summoning Blast Magician!” the spellcaster was summoned to the field.

“Attack him directly!” the Magician struck and Mako got blasted.

Mako: 6500

“To end my turn I’ll play three cards face down.”

“I hope you enjoyed that taste of my life points you won’t be getting another.” he draws. “First I play the spell card Pot of Greed, allowing me to draw two cards.” he draws again.

“Next, I play one card face down, then I summon Great White in attack mode.” he summoned a giant shark with arms.

ATK 1600 DEF 800 + Umi Boost = ATK 1800 DEF 1000

“The sea makes my mighty beasts even mightier!” Mako laughs. “Now go, devour his magician!” The monster surged through the water.

He tried to devour the magician, but the spellcaster did not go quietly. His staff glowed and boom! Both their monsters were destroyed. “No my monster! What happened?”

“When Blast Magician is destroyed by battle, it destroys the monster that attacked it.” he ended his turn.

Yugi: 7700

Yugi draws. "Alright, I summon Serpent Magician!" A green cloaked magician with a golden snake staff appeared on the field, he had markings on his cheeks and snake-like eyes.

Serpent Magician 3 Stars Water Spellcaster/Effect: If this card inflicts battle damage you can destroy 1 card in the

opponent's hand. This card cannot be destroyed by card effects. If your opponent activates a spell card you can pay 500 life points to negate and destroy it.

ATK 1600 DEF 1700

"Now attack Serpent Magician!" the magician charged.

Mako smirked. "Not so fast!" his face down flipped, the waters of Umi turned into a cyclone preventing the magician's attack.

"What's this?" Mako laughed.

"This? This is my trap card, Tornado Wall. Since Umi is on the field, any and all damage I take is reduced to 0!" he laughed and laughed.

"Impressive, I end my turn." He could see Mako's plan now, he could keep his monsters in defense mode, untouchable thanks to his continuous spell card, it left his life points defenseless but now thanks to his continuous trap card his life points were safe. Now he was free to build up his water monsters until he brought out his true sea monsters.

Mako draws. "I activate the spell card; Return of the Doomed!" the spell would have brought back his Great White in attack mode.

"Sorry, Mako, not happening!" energy snakes attacked Mako's spell card turning it purple and it melting.

Yugi: 7200

"By paying 500 life points I can negate any spell card you play." Mako cursed. So he summoned his Jellyfish in Defense mode and ended his turn.

'I'll have to make my move if my preparations aren't complete the tide of this duel may not fall in my favor.'
Yugi thinks. He draws.

"Alright, I summon Sheep Magician in defense mode!" A magician with white sheep like hair appeared on the field. He wore a white robe with fluffy trimming, and a sheep head shaped staff.

Sheep Magician 3 Stars Light Spellcaster/Effect: Once per turn you can negate 1 battle from your opponent's monster(s). If this card attacks your opponent's life points directly, you can double the ATK until the end of

the damage step. This card cannot be destroyed by trap effects.

ATK 500 DEF 2000

He ends his turn and it's Mako's draw. He gained the ritual card he needed. 'Excellent, now I just need to get rid of that Serpent Magician, and I have just the beast to do it.' he ended his turn.

Yugi draws. "I'll end my turn."

Yugi's pets were concerned, his duels always seemed one-sided but now it appeared to be this combo had him trapped.

"I draw!" Mako drew and laughed. "It's time, I summon Legendary Fisherman, by sacrificing my Jellyfish. The skilled fisherman rising a shark appeared on the field.

ATK 1850 DEF1600 + Umi effect = 2050 DEF 1800

"Go, destroy his Serpent Magician!" He launched his harpoon at the magician, only for it to be blocked.

Sheep Magician let out a loud call that forced the fisherman back. "Baaaaaaaaa!"

“What is this?”

“Once per battle, my Sheep Magician can negate one of your monster’s attacks.”

“You won’t escape my monsters forever Yugi!” Mako says.

“We’ll see my draw.” he drew. “I summon Bat Magician!” a young boy with pointy ears, short dark hair wearing a black robe with a golden bat chain. His staff head was that of a bat.

Bat Magician 4 Stars Dark Spellcaster/Effect: At the end of each turn inflict 400 points of damage to your opponent. If this card destroys a monster by battle you can destroy one spell or trap card on your opponent's side of the field.

ATK 1600 DEF 1400

‘If I’m right, the tides of this battle will fall in my favor.’ Yugi ended his turn, Bat Magician’s effect couldn’t get past Mako’s trap card effect.

Mako draws. “You are a good duelist, but now I see your face down cards were a bluff. I’ll be claiming victory

soon.” He summoned Flying Fish in defense mode. “Next I activate Great Sea Tribute, this allows me to remove from play one water monster in my graveyard and I can special summon a monster from my deck, so long as it is a water monster under 6 stars.” He summoned Amphibian Beast.

ATK 2400 + Umi Boost = ATK 2600

“Go Amphibian destroy his Serpent Magician.” This attack was blocked by Sheep Magician. Now Mako was able to attack with Legendary Fisherman. He speared Serpent Magician and sent him to the graveyard.

"Hahaha, another of your monsters falls to my mighty beasts!"

Yugi: 6950

“Now that that he’s gone I can finally play this, Fortress Whale Oath!” he tributed Flying fish, and Fiend Kraken to summon the mighty Fortress Whale!

A powerful ritual monster, with 2350 ATK and 2150 DEF. It had this effect if this monster destroys a monster by battle it can attack again. If Umi is on the field you can inflict piercing damage.

“Oh man this isn’t good.” they were nervous.

“On my next turn my mighty sea creatures will tear through your monsters, and I’ll claim the title of King!”

“Your combo is impressive, but you aren’t the only one who can set up a combo.” Yugi draws. “You thought my face downs were a bluff, now it’s time to show you a combo of my own.” he activated the first of his face downs. “Ritual of Souls, this card allows me to summon a ritual monster by using monsters in my graveyard, removing them from play.” Blast Magician and Serpent Magician were called up being used as a sacrifice for something great. “Now come forth, Sacred Beast Magician!”

A purple cloaked magician appeared on the field, he was clearly older than any of the others before him. He carried a staff with a turtle, with a tiger, phoenix, and dragon on it's back, the three beasts holding up a

rainbow orb.

Sacred Beast Magician 8 Stars Dark

Spellcaster/Ritual/Effect: While this card is face-up on the field increase the ATK of all spellcaster monsters on your side of the field. If this card destroys a monster by battle, deal damage equal to half the monster's attack to your opponent as damage, then increase your life points equal to half the monster's defense points. Once per turn, discard one card from your hand Monster, Spell, or Trap and destroy a card of the same type on the field.

ATK 3000 DEF 2600

"Next I'll activate my next face down, Return From The Different Dimension by paying half my life points I can special summon monsters that have been removed from play."

Yugi: 3475

Serpent Magician and Blast Magician were special summoned back to the field. Receiving a power-up bonus from the ritual monster.

Sacred Beast Magician: 3500

Blast Magician: 2100

Serpent Magician: 2200

Sheep Magician 1000

“Next I activate my last spell card, an Equip Spell, the Orb of Souls. The spellcaster equipped with this card gains 300 ATK for each spellcaster on the field.” He equipped it to Bat Magician.

ATK 3600

Mako was confused why he didn't give it to his boss monster, not that it mattered, thanks to his trap all damage is reduced to 0, and he had cards that could wipe out the strongest of monsters. ‘Even if Yugi wipes out my team I'll make a comeback, I'm not gonna lose.’

“It's time for my Ritual Monster's effect, I discard one trap card, to destroy your trap card!” The tiger on his staff glowed and his trap card was ripped apart.

“Oh no!” Yugi shifted Sheep Magician to attack mode.

“Now Bat Magician attack his Amphibian Beast!” using the new wand he blasted the beast and turned him into

sushi.

Mako: 5500

“Now his effect activates since he's destroyed a monster by battle he can destroy one of your spell or trap cards. Now go batty swarm!” a swarm of bats took to the field sucking up the water as Umi was destroyed. With Umi gone, so went his continuous spell. The power bonuses were gone, and Yugi still had plenty of monsters left to go.

“Now Blast Magician, destroy his Jellyfish.” He blasted the giant sea creature, an extra bomb going over to blast Mako, dealing him 700 points of damage.

Mako 4800

“Next Serpent Magician attacks your Legendary Fisherman!” magic snakes coiled around the magician and crushed him. Since he destroyed a monster by battle, Mako lost the last card in his hand.

Mako 4450

“Now for a ritual monster face off, go Sacred Beast Magician!” a powerful magical blast struck the whale, ripping him apart.

Mako 3300

“Now my monster's effect activates, you take damage equal to half your destroyed monster's ATK." the dragon glowed and Mako got blasted with even more damage.

Mako 2125

Yugi: 4550

The phoenix glowed increasing Yugi's own life points.

“Now Sheep Magician, attack!” Sheep Magician's wool suddenly turns black as he attacks Mako directly. His effect activates, doubling his ATK.

Mako 125

Mako was left panting. “I still got some life points left.”

“Yes, but your trap card has been protecting your life points, so you have yet to face my monster's special effect.” Yugi ended his turn, and Bat Magician's staff

head glowed releasing a sound wave to deal the finishing blow to Mako Tsunami.

Mako couldn't help but smile, this boy was truly impressive, he faced through his combo and crushed some of his strongest monsters. He dropped to his knees. "Yugi, you are truly an impressive man!"

"I'm not really that impressive, our duel could have gone either way, you are a great duelist Mako." Mako's heart skipped a beat.

"I've decided please allow me to dock in your harbor?" he bowed.

"Ehh?"
