

Synopsis:

Taking place the day after **Weekdays: Tuesday** and the following Wednesday after **Weekend**, Joel and Daniel agree to video-chat online. They plan to discuss their thoughts and feelings regarding what happened in the past weekend. But things take a different turn and the two engage in some rather fun activities.

I got a surprise text from Daniel earlier this week asking me if we could talk about what happened. So we set up a time for Wednesday night. I just got done taking a shower and dried myself off. I had this weird 'floaty' feeling in my stomach and my heart started beating faster. Gosh, I could hardly contain myself! A part of me was nervous or excited, the difference was hard to tell. After brushing my teeth, I got into bed and grabbed my earphones and laptop. I placed the sheets over my waist. I didn't want to make Daniel feel uncomfortable with my nakedness. Soon after, he called me.

Joel
Hey Dan!

Daniel
Hey Joel. What's up?

Joel
Not much, just took a shower.

Daniel
Oh uh, cool!

There was this moment of silence. I guess he was nervous too.

Daniel
So uh, what did you do today?

Joel
Uh, just played games and studied a little. I have a test later this week so...

Daniel
**chuckles* you always were the smart one.*

Joel
Hey, you're just as smart too.

Daniel
**chuckles* I don't know about that.*

Again, there was a moment of silence between us. The two of us were never good at small talk. Luckily, Dan got to the point.

Daniel

So um, I wanted to talk, if that's okay with you?

Joel

Ya, sure.

Daniel

**chuckles* I'm not good at this, so cut me some slack okay? But um, I feel like you deserve to know something...because you were...you are...my best friend.*

Joel

You're my best friend too Dan...

I must admit, I was initially worried after hearing Dan call me his best friend. That's what we were for so many years. But I had hoped that things would be different after what happened. Maybe Taylor was right. Was he just curious?

Daniel

I...I've been thinking...thinking for a long time, about you. And uh, when I moved away, I didn't realize it until a few weeks later, but I really missed you.

Joel

I missed you too, Dan.

Daniel

I had a difficult time these last few years. Um, and I mean, I'm still a little unsure...

Joel

Daniel, it's alright if you need...

Daniel

No, no that won't be necessary. Um, what I'm saying is, what happened between us last weekend, it was...it was great. I mean, um, I liked it and uh, I thought you were great, um, uh things went well. And...shit!

Joel

bursts out laughing

I was so relieved to hear Dan say that he liked it. His explanation was so cute which and funny. But I continued to laugh out of disbelief.

Daniel

*Hey, stop it...*starts to laugh too**

Joel

You're cute.

Now he was laughing too! But I needed to know something, before I could celebrate. Did he truly feel the same way? Did he want me? Does he love me? I took a deep breath and asked.

Joel

Um, well Dan I-I want you to know that I love you. I mean, I always loved you but what happened last weekend, I've actually wanted that for a very long time.

Daniel

Really?

Joel

Well, ya. I mean, when we were young we were always so close and I imagined it would be like that forever, until you left. But I'm glad you came back. To see me that is.

Daniel

Me too...

Joel

But Dan, I want this to be real. For us to be real, like a real relationship... Do you want that too?

Daniel

Uh...ya, ya okay...

Daniel answered me rather quickly. I was unconvinced. I wanted him to understand fully what I was asking. So I pressed further.

Joel

Hey seriously! This is me asking you, really asking you. No backing out like in school! Will you be my boyfriend?

Daniel

Uh...sure...ya! .

Joel

Can you say it. So I know you understand. And if you need time, just say so.

Daniel

*No, I'm fine. *breathes* Yes Joel, I'll be your boyfriend.*

Joel

**tears forming* great! That's great.*

And there we go. After years of dreaming, it was a reality. I couldn't hold myself from crying.

Daniel

Oh, uh, don't cry. Please.

Joel

*Sorry *chuckles* I just never thought I'd ever hear you say that.*

Daniel

Well uh, you did, so...

I composed myself and wiped away the tears.

Joel

I wish you were here right now.

Daniel

Oh ya? What would we be doing?

Joel

I don't know. Some stuff probably.

Daniel

Stuff? What kind of stuff?

That 'floaty' feeling soon returned. Was he feeling it too? Was he naked in his bed? I decided to tease him some more.

Joel

Butt stuff. Dick stuff. Gay stuff. I don't know.

Daniel

The good stuff?

Joel

Ya, the good stuff.

He looked at me for a second then looked down. Next thing I knew, he grabbed his cock and showed it to the camera. My God, he was rock hard! And so was I now!

Daniel

Well, we do have video chat going, so we can do something. If you want.

Joel

Daniel! Oh my God, you're so hard.

Daniel

Well, I missed you.

Joel

**laughs* I missed you too.*

Daniel

How much?

Joel

A lot.

Daniel

Oh ya? Show me.

I hesitated a bit, sure. But I never did this with anyone before!

Joel

No! I'm embarrassed.

Daniel

C'mon, PLEASE!?

Well, he did say he wanted to see it. So I took away the sheet and showed him how hard I was.

Daniel

Ah, there we go.

Joel

**chuckles* you act like you haven't seen it before.*

Daniel

I'm sorry, I just...I miss it. And you.

Joel

So what does my boyfriend want to see?

Daniel

**blushes and smiles* Hmm, how about your butt?*

Wow, we were really doing this! I turned around and bent over so my butt was facing the camera. I took my hands and spread my cheeks apart so he could see my butthole. I wanted him inside me again so bad.

Daniel

Fuck, Joel. I almost came!

Joel

Ha! I didn't even do anything!

Daniel

Hey, want to play a game?

Joel

What game?

Daniel

How about each of us takes turns telling the other person what we want to see, and whoever cums first, loses.

Joel

That sounds like fun! Is it my turn then?

Daniel

Hell yeah, I need to calm down.

Joel

**laughs* okay, um...pick up your legs and spread them as far as possible.*

I didn't get to explore much of Daniel's backside this past weekend. We were too focused on pleasuring each other's dicks. He grabbed his legs and did as I asked.

Joel

Oof, that's hot.

Daniel

My turn...hmm...squeeze the precum of out your dick!

I started to pump my penis a few times. I wanted to squeeze as much pre-cum as possible from it. After a bit, I pushed as much as I could out of it. Daniel seemed to love that.

Joel

There, satisfied?

Daniel

Oh very!

Joel

Um...finger yourself.

He seemed a bit nervous at first, but then placed his finger in his mouth to lube it. He then picked up his legs and started rubbing his finger around his hole, then slowly inserted it in.

Daniel

Damn, ah! It hurts a little. How did my dick go in you so easily?

Joel

Well I had some practice.

Daniel

What do you mean? I thought I was your first!

Joel

What? Of course you were. I just have a...uh...dildo.

Daniel

You have a dildo!?

Joel

Well, yeah. I hide it so my mom doesn't know of course. But I use it from time to time.

Daniel

I uh, don't know how I feel about that.

Joel

You want to see it?

Daniel

Uh...um...okay...

Joel

One second...

I went over to the closet to grab it. I hid it well as I didn't want to explain to anyone who found it, why or how I got it. Anyone except Daniel of course.

Daniel

Joel...

I sat back down and showed it to him.

Joel

Here, you see?

Daniel

Oh, wow, it's big.

Joel

**blushes* You want to see me use it?*

Daniel

Um, sure.

I started to suck on the dildo, lubing it up. Daniel began to masturbate faster. I pushed the laptop a bit further down the bed so I would have plenty of room. Once I balanced the dildo on my bed, I lined my butthole up with it, then pushed myself onto it. At that moment I closed my eyes and thought of Daniel's penis inside me. Then I heard his voice...

Daniel

Oh wow, Joel you're amazing!

It was like I was back in time. But we were trying something new. I wanted him so badly. In that moment I forgot we were playing a game, pure lust and pleasure took over me. I started bouncing on it and felt it hitting every part of me. All of the sudden, I hit something that sent shivers through my body.

Joel

I...ah...I think I'm gonna cum Dan.

Daniel

Me too... keep going.

I turned around and fell on my back, using my other hand to pump the dildo in and out of my butt. I could feel my cum racing to my cock.

Joel

I can't hold it anymore, mmhp!

My balls tensed up and my dick grew even harder. And then cum bursted out of me. Shooting to my face and splashing onto my tummy. And then I heard Daniel moan.

Daniel

Ahh...ah!

I looked up at the screen and saw him cum all over himself.

Joel

Fuck... that was amazing. It even got on my face.

We caught our breath and began to settle down. Jerking off together online was quite an experience. It was almost like he was here. I took the bit of cum that landed on my face and placed it in my mouth. Daniel was a bit surprised.

Daniel

I can't believe you just did that.

Joel

Oh c'mon. That was great. You should try yours.

Daniel

Mmm, maybe another time. Anyway, it's late. And that session made me very tired.

Joel

Same, and I have class tomorrow morning, I should get to bed.

There was another pause between us. I must admit I didn't want the night to end. But I knew we needed our rest.

Joel

Hey Dan?

Daniel

Ya?

Joel

...I love you...okay?

Daniel

...I love you too, Joel.

Joel

Goodnight.

Daniel

Night.

I closed the laptop then placed it below the bed. I could hardly move; I felt so good. I must've been blushing hard because my face seemed very hot. I closed my eyes and drifted off to sleep, dreaming of my beautiful boyfriend.
