

## Chapter 154 - Can she handle it? +18

I tasted the liquid from her pussy, and Hestia rested her body on the bed. She was breathing heavily and hiding her face with her arm, hiding her expression from me.

I removed her arm and revealed her watery eyes. Then I stole her lips once more. Hestia received my kiss and put her hand behind my neck.

While I kissed her, I removed my pants that had not been entirely removed by Hestia before. After dropping my pants on the floor, our lips parted, and I prepared to penetrate Hestia's pussy.

Hestia asked me to do this slowly, so I did.

I placed my cock at the entrance to her pussy and slid it into her slowly. The walls of her pussy squeezed my cock, giving me an intense feeling of pleasure.

The tightness of her pussy was indeed something from another world.

I shoved my entire cock inside her pussy. I touched her uterus.

Hestia bit her lips. My whole cock inside her little pussy was causing her a little pain.

Because of the pain, she drove her nails into my arms. I didn't move so she could get used to it.

"We've only gone a few days without doing this, and your pussy is already unaccustomed to my cock?" I smiled at Hestia, and she pouted.

"Idiot. You can move now."

Hestia kept her legs open to clear my way so I could move as I wanted. I began to make slow movements that increased in speed over time.

Her boobs, which were exposed, began to sway wildly, and the sound of our flesh colliding mingled with Hestia's soft moans. It was the sound I liked to hear.

My body was moving on its own. My only thought was to cum inside Hestia's pussy; my mind was blank.

Like me, Hestia was close to her limit just a few minutes later. No, maybe she had cum a few times during all this time that I was fucking her pussy like an animal.

She was handling it very well, unlike Lili the day I found out she was pregnant.

"I'm going to cum, Hestia."

"Cum, cum all inside me! Hmmm~~" Hestia closed her eyes and crossed her legs behind me. I shoved my cock as deep as I could inside her pussy, and my thick cum invaded her little uterus.

I began to have the same feeling I had the day I said I had gotten Lili pregnant.

I started to think that I really did get Hestia pregnant. However, seconds later, that disappeared from my mind.

My cum had all been sucked by Hestia's soft pussy. The pussy of a goddess. However, my cock was still hard inside her pussy, and I still hadn't had enough.

Hestia noticed this, and a smile appeared on her face. Her pussy was twitching wildly because of the continuous orgasms she was having.

However, even though she was coming several times, she wanted more, and it seemed that she could do this many more times during the night. The night would be long.

This is great. If I cum inside Hestia 10 more times, it will be enough. I hope she can take it all.

I didn't count how many times I came inside Hestia's pussy, but it was several times. Her insides had become a mess. Hestia was no longer responding to my calls; she had passed out.

My cum began to leak from her pussy as I removed my cock. The whole bed was soiled with sweat and my cum; it smelled unpleasant. Hestia's dress was also dirty.

I sat down on the edge of the bed and took a deep breath.

I got up and put on some pants before going downstairs to get a glass of water to hydrate myself. The cold water went down my throat and made me feel completely recovered.

"Okay, let's take a look at this."

[ Strength - 2.208 (+2.199) ]

[ Agility - 2.208 (+2.199) ]

[ Dexterity - 2.208 (+2.199) ]

[ Magic - 2.219 (+2.199) ]

[ Endurance - 2.208 (+2.199) ]

I couldn't correctly calculate, but I had probably come inside her more than 12 times. I feel much better now. Before, I felt very weak. Still not enough, though.

I took my two swords out of my inventory and analyzed them.

Their durability was almost 100%, so I didn't have to worry about that. The problem was the attack power of both. It could be better. "But I can't worry about just that; I have to take into account the abilities of the swords."

The black aura and the healing ability were of a high level.

"I think not to change my weapons for now. I'll spend those points buying potions and things to help me in the War Game." The price was not too high. I could buy many potions.

I would mainly buy recovery potions and potions to increase my strength. They were all high-level. The strength potions could increase my strength by up to 30%. And for someone with a strength as great as mine, this is absurd.

I spent almost all my points on potions and stored them in my inventory. I already had some of them stored, so I had many of them.

"I have potions, my weapons are perfect, and I have regained much of my strength in just one night." That's good for now. I still have a few days left; I will focus on increasing my basic abilities as much as possible until then.

I love sex, so this is wonderful.
