

Alright Sophie, what did you wanna... Holy Crap, you're huge!

Hey Sasha, I want you to try something...

Come here, Sasha! I just need you to take something!

Take what? A pill?
Sophie are you crazy!

Trust me, it's worth it!

Oh stop squirming you big baby!

Mrmmph Mrplph!

What the hell did you just make me swallow?

Oh, you'll see...

I can't believe you forced a pill down my throat! This is all way too crazy for me. I'm getting the hell out of here!

Oh my...

I'm growing? The pill!

You're welcome!

Oh my...

Mhmm...

I don't think this top is going to fit me anymore...

They're getting huge!

You call that huge?

This top is offically too small for me now...

That's an understatement!

You really did a number on this thing...

Wow...

Is that it? That sucks, mine got way bigger than that!

I think my ass is starting to grow!

Ooh, I liked this part!

Those shorts are getting tight! Let's get those off of you!

Wow, you really destroyed these things!

It's still getting bigger...

I think I've officially upgraded
from an ass to a booty!

Woah!

I think it's done growing... but check out my ass!

Dayumm!

Whaa?!

Holy shit!

Now this is what I call a
booty! I look like Kim
Kardashian!

No way, that ass is
bigger than all the
Kardashians' butts
put together!

Hell, that ass is
probably bigger than
all the Kardashians put
together!

I always wondered what you'd look like if you were thick...

Aagh!

You okay? Watch your balance, you are getting pretty back heavy...

Same.

Same...

You look incredible.

I want to do things to you...

What are we doing,
we were just
friends...

Were. Past-tense. Just
a little earlier I was
5'04" and thin as a
twig... Things change.

I've never done something
like this with another
woman... Never felt like
this...

Same.

**Christ your tits are incredible.
And don't get me started on
that ass of yours...**

**You're not so bad
yourself either...**

What, my colossal ass or your titanic tits?

I would've never imagined a sight like this...

Even better, being to look down at you...

You're so big... Honestly, it's really hot...

You know, we should get more comfortable. We'd probably break my bed, so let's sit down on the couch...

We're not rushing things, are we?

No, of course not...

This is all just so crazy, and it's happening so fast...

Do you want it to stop?

Well, no...

There's your answer. Now let's do this.

Mmm, Sophie...

**KNOCK
KNOCK
KNOCK**

Huh?

Oh shit, I forgot I told Greg to meet me here!

Wait, Greg from your Anatomy class? He's a hunk...
