

## Can't Get Enough

Kiba can't get enough of Naruto's scent.

-X-

Inuzuka's had a fetish, it wasn't hard to figure out with their strong sense of smell. They picked their mates by scent, and their noses never lie. No cologne or perfume can hide the truth, every person had a unique aroma they were born with, the scent that said "Hi I'm..."

Scent was a big deal, but when someone's scent had them achieving orgasm hands free they knew that person was their destined one.

Therefore, when Kiba's nose led him to Naruto he knew it was fate, and boy was his scent amazing. During the Chunin exam Naruto didn't fart in Kiba's face, the dog nin had gotten to close with hyper sensitive scent he got a big whiff of Naruto's scent and his body lit up like a festival fireworks display.

His cock had gotten hard during their match but that was normal for Kiba getting hard in combat, he didn't realize he

was hard from Naruto's manly musk. So when he swooped in to land a final blow, he took a whiff of Naruto and that was it. Kiba's eyes rolled up, pleasure ripping through him like a hurricane. His dick spasmed and he came into his boxers. "Oh god!" Kiba cried out, making everyone think Naruto farted on him, but no...

Kiba was having the best orgasm of his life, his heavy teen balls growing hot as they unloaded their pent up seed. Kiba soaked through his boxers in seconds, and even wet the front of his pants.

Naruto was oblivious to this and swiftly kicked Kiba's ass passing the chunin exam. After that it was all down hill from there. He pilfered Naruto's underwear, it wasn't fresh scent so it couldn't make him cum with a whiff, but it made him oh so hard.

Every night Kiba would pleasure himself, pumping his aching cock, while holding Naruto's underwear to his nose. He buried his face in the crotch and took deep whiffs. "Ohhh!" the scent made him stroke faster, his balls bouncing from the speed. His orgasm was reached, and he covered himself with his own cum. 'Naruto!' he took one last whiff before he laid back in bliss, letting the underwear just lay on his face.

It reached the point he couldn't satisfy himself without the blonde's rich aroma. He tried, he really did to ween himself,

but no matter how hard he pumped without Naruto's scent he just couldn't cum. Even when playing with his ass, it just wasn't enough. Sure he could have just asked Naruto out, but his past with the blonde had Kiba worried the blonde would reject him.

So he kept it a secret, delving into his want and desires without letting Naruto know. He did get to practice his ninja skills sneaking in and out of Naruto's apartment swapping underwear to get a fresh pair, dripping in Naruto's scent.

He would now lay them out in his bed, burying his face in the underwear, ass raised high as he fingered himself, and inhaled his musk. He liked to pretend Naruto would fuck him from behind, rubbing his nose in his underwear as he mounted him.

Not even touching his cock, just fingering himself with two fingers and Naruto's musk was enough to make him jizz himself silly.

Then it happened, Naruto left to go training, and he was gone for three years. Kiba was in absolute hell. He missed the blonde terribly, not just his scent, he missed him. His bright blonde hair, that seemed to be like gold in the sun, the beautiful blue eyes he could just swim in, his smile that made him weak in the knees.

Kiba snuck into Naruto's room just to lay in the blonde's bed, missing him terribly. He felt like a dog who's master left the house and he didn't know when he was coming home.

Three Years...Three long horrible years...

Naruto returned, and all was good again. Kiba met up with Naruto, and just to be sure it was him took a whiff. 'Oh god!' Fireworks, his cock hardened and came in seconds. His hole was twitching like mad, he shivered feeling his cum run down his legs.

There was no denying it now. Naruto was his destined one, his true mate. Imagine Naruto's shock when Kiba showed up at his doorstep with his stuff, asking not only if they could start dating but move in together.

The blonde was stunned, but Kiba showed his devotion. He stripped himself naked and bowed on the ground, in full submission. He came clean about everything. "I know I did you wrong, but please accept my feelings, because I don't think I can live another day without you in my life."

"Okay," Naruto finally found himself saying.

"Okay?" he blinked up in surprise.

"Yes, you can move in with me, and we can start dating."

Kiba didn't question it, he pounced on the blonde and the two had their first kiss...Naruto not counting the one with Sasuke.

“You really like my scent don’t you?” They were chilling in the blonde’s room, it was a hot summer day and Naruto was relaxing in his boxers while his boyfriend Kiba was all nude. His chiseled body glistening with sweat, his hard 7-inch dick was throbbing, standing proud from his hairy crotch, and hovering over a puddle of his cum. He was at Naruto’s feet, inhaling the pure musk. “Mmm!” he moaned, and he nuzzled the sole.

Ninja’s feet were amazing and well kept, but could be quite sensitive. The blonde laughed as Kiba sniffed and licked his feet, going between his toes and running over his soles. ‘So good!’ He growled in joy, and took a big whiff as his hand came down to pump his member.

He’d already had three orgasms today, but the blonde’s scent was keeping his cock erect, pushing his Inuzuka stamina to it’s limit. His cock pulsed in his hand, his stroked making his hairy balls bounce.

Naruto slipped his toe into his mouth and he sucked it. “You look so naughty Kiba.” The blonde says, but he was just as excited as Kiba was. The dog nin’s foot worship had him getting hard.

Kiba sucked on the big toe, gazing up at Naruto, eyes sparkling in delight. He moaned in delight, and pumped

himself faster. The look on Kiba's face was priceless and Naruto found his cock aching for release.

“Want something bigger to suck on?” Kiba pulled off and nodded his head, his eyes drifting towards the bulge in his boyfriend's boxers along with the musky scent of arousal coming from it. He was drooling and he wasn't even close to it yet, he wiped his chin and moved up.

Naruto's scent was always amazing, he smelled like sunshine and ramen, mixed with honey. When aroused, it was like throwing strips of bacon on it, it was amazing mouth watering. One's scent could be amplified in different ways, but when spiced with arousal it made it all the more delicious for an Inuzuka.

Kiba tugged his boxers off, allowing his thick 10-inch cock to spring up into the air; the smell of his dick had Kiba cumming again. He added to the growing puddle beneath him. Naruto didn't care if Kiba made a mess in his bed, he was pretty good at cleaning it up, but he wanted Naruto to get mad.

He nuzzled it, letting his cheek rub across his length, he moved down to where his cock and balls met and inhaled, he soon settled on nuzzling the blonde's pubes, the rich scent found there was like a dream.

His dick twitched, not calming down for a second, instead bouncing like an excited puppy. Ninja stamina was already

higher than a normal human, as they could channel their chakra through their bodies to keep their stamina up.

His let out a growl and thrust his hip's cumming onto Naruto's bed and his legs. "You pervy mutt I just cleaned my sheets!" he says, his lips curved with a smirk.

Kiba shivered at the words. Naruto was very good at this game.

"Sorry!" he gave him big puppy dog eyes, and laid kisses along his abs, and rubbed his cheek against Naruto's hard cock. The blonde sighed and put his arms behind his head, exposing his pits.

His manly aroma helped sell the game. If Naruto was really mad he knew the best way to punish Kiba was no sex, or the cage. Hot damn did he find the perfect master, who was just as creative in the bedroom as he was.

"Fine you are cleaning my sheets, and you better get me off to." Kiba smirked, and his cock was hard and still ready for more. He moved up to the blonde's pit; starting with the right. He inhaled the masculine scent. 'Oh yeah baby!' he growls and humps against Naruto. His cock was overflowing like a waterfall helping coat Naruto's dick. Their hard cocks rubbing together, their balls and cocks mesh together in the sweetest friction.

Naruto groaned, it was an odd feeling being sniffed, but with Kiba, it was a turn on. What's more, he loved to lick; his tongue ran over the exposed skin. The blonde shivered as Kiba worshiped his body, loving his scent and licking the sweat off his body. He continued to hump against the blonde taking in his arousing musk, it was raw and natural. He got high on this scent.

He grabbed Kiba by the back of the head and buried his face in his open pit and Kiba moaned. His cock twitching more against him.

The friction was one thing, but Kiba's balls continued to smack against his own sending ripples of pleasure through his crotch. The licking had the blonde on edge as well. He grabbed his boyfriend and pulled him up for a deep kiss, dominating his mouth. Kiba closed his eyes in bliss, as he shot his load, his cum splattering between their bodies. Naruto followed his cum joining the mess.

Their abs and pecs were painted white with hot cum. Kiba continued to rock against Naruto's crotch riding his orgasm.

Kiba went slack after a few minutes, he chuckled as he broke the kiss. "Nothing beats this on a hot summer day."

"Yeah yeah, you pervy horn dog, clean up or else I shower alone." Kiba did not wait he got to work, he licked the cum away but the scent of their cum together wouldn't go away, he

loved that. His tongue ran over tan muscle, lapping at his nipples that were nice and perky from arousal. He sucked each one clean before lapping down his abs.

‘So hot!’ Naruto loved how talented Kiba’s tongue was, and how big it was, he lapped up the cum off his abs with ease. The talented wet muscle dipped into his navel. He cleaned down to Naruto’s crotch, but he he had more mess to clean. He licked down Naruto’s legs, before turning around and facing the puddle of cum. His ass was raised high in the air, his hole was left gaping a little. His hole had gotten well fucked by Naruto’s big piece, so Kiba made sure to channel his chakra into his ass to keep it that way.

Kiba leaned down and started lapping at the puddle of cum, while giving his ass a shake. Naruto rises up, his cock drenched in Kiba’s cum. He lines up his cock with Kiba’s waiting hole.

The dog nin shivers. Naruto pushes in, sliding home, and the blonde’s dick was home in Kiba’s ass. “Yes!” Kiba howled. Naruto grabbed him by the hair and pushed his face back into the puddle of cum, the act of dominance made Kiba’s hole tighten.

“Clean, bad boy!” another shiver. Kiba obeyed and started lapping at the puddle. Naruto pounded his ass, giving long

hard thrusts making sure Kiba felt every inch as it stretched him wide.

Naruto's scent washed over him with every thrust, the friction in his ass, the blonde's pre marking his insides. He loved having Naruto's scent inside him. He loved smelling like the blonde inside and out.

He was pounded hard, speed picking up over time it felt so good Kiba was cumming again. More mess to clean up, not that he was complaining. The more he cleaned the more Naruto fucked him.

Sure enough once he was finished lapping up the huge puddle of semen, he felt Naruto's cock twitching. Then the cock grew, stretching Kiba wider making his mind shut down. 'Oh kami, so thick, so full ohhhh!'

Naruto's cum starts to pump inside him, rope after rope of thick Uzumaki cum soaking his insides. "Yes!" Kiba howled. The blonde pulled out after finishing inside him, he grabs his cock and pumps it.

"Here you go!" Naruto moans, he channels his chakra through his cock triggering another orgasm. His cum rained down onto Kiba's back. The dog nin rolled over and let the semen rain over him. "Yes, oh yes, yes yes yes." every rope of cum that hit him made him shiver in want.

Kiba rubbed the semen over his body, helping imprint the scent into his skin. Naruto laid back down, and let Kiba scent mark himself with his cum. He smeared the stuff all over, over his arms, legs, pits, crotch, abs, chest, and neck.

After covering himself in Naruto's seed he crawled over to the blonde's body and rested his head on his crotch.

"You love me right?" Naruto snorted, fighting back a laugh.

"Baka of course I do, now go to sleep its hot." He reached down and pets him as he snoozed. "Love you Kiba."

"Thanks fox face." He hummed and fell asleep; he could not wait for the day he would be marked by Naruto's scent forever. They would get a shower later and he would spend his life enjoying this delicious scent, he would never get enough!

He would walk the Inuzuka compound with pride, with his lover's cum running down his legs, smelling like him inside and out.

They would get a shower later and he would spend his life enjoying this delicious scent, he would never get enough!

'Naruto's scent is all mine, all mine!'
