

PAGE ONE HUNDRED AND THREE(five panels)

Panel 1: Closeup of Lucia's face as she screams.

LUCIA: You're **finished!**

Panel 2: Splash panel. We zoom out, showing her spiking the last geek, fists slamming right into the underside of his chin and breaking all his teeth. Her punch leaves behind two thick charcoal-looking streaks.

SFX: Shatter!

Panel 3: He goes flying into the air, disappearing with a twinkle in the sky.

Panel 4: Lucia watches him until he's gone, hand flat and shielding her eyes so she can see. Next to her, Kern's got his arms crossed, making a blank face.

KERN: Had to change it up for the **last** guy?

LUCIA: It would've messed up the face.

Panel 5: We zoom out for a second, giving an overhead view of the gas station, showing that Lucia slammed all the geeks into the ground in the shape of a smiley-face.

PAGE ONE HUNDRED AND FOUR(five panels)

Panel 1: We cut back down to them. A stream of energy comes flying out of the sky and into Lucia's panties. For the first time, Lucia's actually looking at it. Kern's still making a blank face.

LUCIA: What is this stuff, anyway?

KERN: It's **generic anime 101**, idiot. You beat someone, you absorb their powers. Soon you'll transform and get a **new suit**.

LUCIA: So they're **not** just glowing 'cuz I gotta pee...

Panel 2: Shot of Max sitting cross-legged on the ground, licking gas.

MAX: This isn't chocolate syrup.

Panel 3: Same shot of Max. A bullet's just hit the ground next to him and he's looking at it.

MAX: Is that gum?

Panel 4: Lucia, Kern, and Hen-Tie look up at the top of the hill, where a group of grannies are sitting on motorized scooters. They're all clutching different weapons, such as canes and metal poles and stuff, but the one at the front of the group, clearly the leader, is holding a rifle. There's a pop-out panel of the leader's face. That's where the dialogue comes from.

LEADER GRANNY: You gotta die for us to get a new **bingo hall**, muddafuckas!

Panel 5: Kern gives Lucia a firm look and she nods at him. In the background, Max holds his hands out, smiling.

LUCIA: Christ! Is the **entire city** after us?

KERN: When I say run, listen this time.

MAX: **Grandma friends!**
