beginning of the game with Carla, he'll end up here too, after
talking a bit more with her #

-dick finder-

Here, I was thinking of putting something like 7 portraits,
that the player can swipe to the right, or to the left. Like on
tinder. I'm not sure it's doable as so, but you can just put the
choice "Left / Right" on every pics, or a Heart button and a Cross
button. Only two of them will really matter anyway. ##

```
## If the player tries to match with everyone: "Whore stat"
    increased ##
## In those 7 portraits, if the player tries to match with two
    specific ones, at the end of the choices, he'll get a
    notification. Based on his choices, it should be "You got a
    match!" or "You got 2 matches!" ##
## if he swiped left everyone, a notification saying "No new
    matches" could also appear. ##

## It should open directly on a pic of someone, and after one
additional click, the choice prompt appears / or the buttons ##
```

```
## Something like that:
    (always faceless)
```

1: Christopher, 24:

```
A guy reading a book in a library
    (the choice doesn't matter)
```

2: Joseph, 23:

```
A muscular guy showing off his abs
    (the choice doesn't matter)
```

3: Rob, 24:

```
A guy from the back, playing basketball
(sound notification directly + match notification later if swipped
right) (and yeah, that's the same guy as in ASP)
```

4: Richard, 42:

```
An older man, on a bike
    (choice doesn't matter)
```

5: Gilette, ??

```
Your profile pic
(a cameo could be fun haha - but if you don't think so, let's just
put a joke here, like an obvious fake account, something like
"Shaggy Official" from scooby doo or some shit)
    (choice of course doesn't matter)
```

6: Amelia, 21

```
A tomboyish girl with short hair and big boobs
(sound notification directly + match notification later if swipped
right)
```

7: Jerry, 26

```
A guy walking in a city
    (choice doesn't matter) ##
```

-You reached the end of today's Dick Finder's accounts!-

```
# if no match: notification saying so, and exit dickfinder
# if 1 match: notification, then launch a discussion with that
    person
# if 2 matches: notification, then menu inviting the player to
chose between the two (Rob and Amelia), and launch a discussion
    with the chosen person

I just went home from the movie! Margot Robbie is so pretty!! I really didn't expect the movie to end on a 45 minutes gangbang scene tho, what an unexpected twist. The line where she says "If I'm a toy, treat me like a toy!" really resonated within me, I might get that line tatoood, idk

And the movie was even more enjoyable with Amelia besides me... She was wearing a skirt, I could't help myself... She was startled when I first put my hand on her thighs, softly rubbing her legs...

IF Amelia sent the boobs pic:

She was so cute, a bit tense, but she quickly losen up and opened her legs to give me access to her intimacy

I rubbed her trough her panties, she got wet pretty fast ~

I then pushed the drenched tissue to the side, and caressed her slippery lips... Not gonna lie, I was as wet as her!

She was very smooth, and completely shaved, just how I like it ♥

My fingers easily slipped in, and she softly moaned...
I'm pretty sure the guy next to us heard her! He didn't seem to
mind tho ~
I fingered her like that for a bit, sometimes rubbing her clit...
And she suddenly convulsed! It was so easy to make her cum, I
love it!
I then licked my fingers while looking at her, she was all red
I still have her scent on them...
After the movie she had to go, but I know she had a great time ;)
> jump notification Amelia

IF Amelia refused to send the boobs pic:

She was a bit tense... I could feel her hesitating to open her
legs, but she didn't... Of course, it was only the first date, so
it makes sense! Not all girls are as easygoing as me lol
Still, I could feel how soft her skin was, and I know she enjoyed
the feeling of my hand on her, she had a few goosebumps... And I'm
pretty sure it wasn't from the movie!
After that she had to go, but I know she had a good time :)

I just went home from the pub! The place itself was kinda weird, and the owners kept glancing at us... One of them kept (badly) practicing karate in the air, to impress us? But we had a good time!

I learnt more about Amelia, and her about me. I had a beer, and she ordered a mojito. She seemed very pleased! She's such a nice girl. And she's really really pretty!

Oh, she smells good too! It was a hot day, she had a faint womanly sweat smell, coupled with her flowery perfume... it was really sweet!

I just wanted to go under the table to eat her pussy out! Haha But I think I'll be able to go further with her if I take my time... Let's not scare her away, she's pretty shy...

I just went home from the movie! Cillian Murphy is so handsome!! I really didn't expect the movie to end on a 1 hour 15 minutes blowjob's scene tho, what an unexpected twist. The Manhattan

Project was all about making J. Robert Oppenheimer cum?? They don't teach that in history books!!
The line where he says "I am become death, destroyer of pussies" really resonated within me, I might get that line tattooed, idk
And Rob was right there besides me... I was wearing a skirt, he couldn't help himself... he was startled when I first put my hand on his crotch tho, softly rubbing his cock...

IF Rob stat >2 :

He was really horny, a bit clumsy, but he quickly found his way through my legs...

He rubbed me through my panties, I got wet pretty fast ~
He then pushed the drenched tissue to the side, and caressed my slippery lips... While I unzipped his pants, to reveal his throbbing erection ♥

My fingers wrapped around his shaft, and he softly moaned... He was so hard! ~

I'm pretty sure the guy next to us heard us play together... He didn't seem to mind tho ~

I stroked him like that for a bit, while he was fingering me...
And he suddenly convulsed! It was so easy to make him cum, I loved it!

And he shot so much # *laughing emoji* # There was cum everywhere! Even some on the seat in front of us... I wouldn't want to be the person in charge of cleaning that! Or maybe I'd like to? Who knows...

I then licked the semen on my fingers while looking at him, he got hard again... I think he liked it!

I still have his scent on me...

After the movie he had to go, but I know he had a great time ;)

> jump notification Rob

IF Rob stat <2 :

But I was a bit tense... I wasn't sure I should open my legs or not, and I didn't... Of course, it was only the first date, so no big deal! I can still let him do as he wants next time lol
Still, I was really wet, and I know he enjoyed the feeling of my hand on his stick... I know he was a bit frustrated but that's good, a bit of teasing is always fun

After that he had to go, but I know he had a good time :)

G: It's addictive
R: Well, what I wouldn't give to take a look at that... ;)
R: Anyway, the movie was nice!
R: Wasn't expecting the final scene tho

R: Do you know a good place to go?

G: I know a few, but I'd like to try a restaurant I never went to before

G: Do you know the Big Kahuna Burger?

that's a reference to Tarantino movies, because I'm a big fan - if you don't like that, replace by any name you want

R: I love that place!

R: We should definitely go together

R: You like burgers?

I just went home from the restaurant! The place was really nice, big hawaiian vibe, I loved it! Totems, tribal masks! Soft torchlight casting a warming glow in the bright restaurant, setting the perfect ambiance. I was even given a flower lei, so pretty!

I learnt more about Rob, and him about me. I had a blue hawaiian cocktail, it was pretty tasty. Rob ordered a beer. To be honest I find him pretty plain, nothing particularly interesting. But it's not like I was looking for a soulmate... I just want a nice cock lol, I don't care if he's a fuck boy

And he's good looking! Some nice chiseled muscles... That's nice to look at!

I knew he was really into me... Men always are into me anyway He said he was going to pay the bill, so, I wanted to repay him in another way...

I took off my shoe, and put my foot on his chair, right between his thighs, near his crotch... He got startled a bit, is he a virgin or something?? # laughing emoji

Anyway, I started to rub his crotch through his pants with my toes, and I felt his cock get hard almost instantly... Looks like someone got a foot fetish! Good, I like to have fun with every part of my body ~

He didn't hesitate long before opening his zipper and take out his dick ♥

It felt really nice against my soles... ~ I rubbed my toes on his shaft, and tried my best to stimulate the tip of his cock with them... He seemed to like it a lot!

When the server came to ask if everything was okay, Rob mumbled a soft "Yeah..." # laughing emoji

Seems like he's not used to a real girl handling him! He came quite fast too, he covered my whole feet with his semen... That felt really nice, the way it coated my little slutty feet... I didn't bother to clean it up, I put it back in my shoe just like that ♥

He even shot a bit of cum under the table, it slowly dripped down as we ate # *laughing emoji*

What the first diary's entries could have been, but judged too serious

first entry, before sending the pic to dad:

I'm ready to take a leap forward in my quest for desire and passion. I can no longer ignore this burning attraction that grows within me.

My dear Carla... Your support means a lot to me, thank you. You do not deserve what happens to you... Even if I can't help but envy your situation in a certain way...

Here I stand, in front of my mirror, my heart racing. My fingers tremble slightly as I hold my phone, ready to capture the moment, to captivate my dad with my audacity. My pussy's a bit wet...

I don't care about conventions and social taboos. I am determined to fully embrace my sexuality, to flourish in the exploration of my deepest desires.

This pic I just took... It's suggestive, without revealing too much, leaving room for imagination. It's an invitation to push every boundaries.

I hope he understands how willing I am to give myself, to lose myself in the passion.

I'm overwhelmed by a wave of excitement mixed with anticipation. Whatever the outcome of this bold attempt, I know I won't regret having dared. I'm ready to break society's barriers, to live an ardent adventure filled with unapologetic desires and shared pleasures.

This is only the first step. I'm not expecting anything yet, as I'll pretend it was a mistake. It's just the ember that'll ignite the fire.

second entry, after texting with dad:

After sending that photo, I'm consumed by hope and excitation. I can't help but wonder if he liked it, if it ignited the same spark within him as I have within me.

The thought of his reaction intensifies my arousal, creating a delicious tension that keeps me on the edge...

It's an exhilarating feeling, the thrill of putting myself out there and baring my desires. The unknown lies before me, and I'm ready to embrace whatever comes next, eagerly exploring the depths of passion and connection.

It got my panties completely drenched... I need to find some relief elsewhere. Until the day I'll be able to find it on his cock...

For now, I'll open Dick Finder...
