

A Story from Kobeya's Summer Training Camp

This is the first appearance of Shimamura Kurumi, a sister-like figure for Megumi and Megumi's co-worker Kawai Mikoto.

Megumi's school summer vacations have begun!

Needless to say, it was exciting to put a have a change from her daily activities at work.

"Hi! Thanks for waiting! I brought the salt butter roll sandwich!!"

As usual ... There aren't many younger men around.

The line of sight keeps them from being noticed, but Megumi and the rest of the waitress staff look a little lewd... their heavy chests look way too tense as if they were to be poured from their bra...

Just enough to make them been aware of.

"Hmm ..."

Their cheeks blushed a little... The nipples are slightly raised through the bra and uniform, but as the waitresses are being needed their thoughts are back to normal... Regardless of her own lewdness, Megumi gets back to work.

Right now, this was the end of another month, but ... She was told that there will be a training camp in August due to the large-scale cleaning of the store.

Of course, this represents a chance to attend study sessions, meetings between employees, and joint training of all the staff.

The resort hotel was rented out to a large number of people and, given its actually cheap price, she decided to participate after asking the permission to her family.

“Hmm ... this swimsuit ... It's a little tight already but somehow...”

Although she realized that her bust size was increasing again, she put it in her backpack because she could still wear the swimsuit as a result of still be able to fit into it ... the preparations are done.

“Still, why did my boobs get pretty big this year? Is it perhaps a growing season? Well, I got everything ready... time to go to bed”

Megumi is not aware that her breasts and buttocks keep growing at a faster rate than normal people... her sensitivity is changing too...

Before the training camp, they listened to a lecture in the store for about a week ... When the first day came, they waited at the store, a minibus appeared to pick everyone up on the bus.

Inside the bus, they spent their time listening to customer service lectures on the TV seriously and checking the origins of Kobeya again.

"Wow!! Incredible!!"

The blue sea and the white sandy beach! The hotel was much fancier than the ones she would go to with her family or on class trips. She couldn't help herself but let out a happy scream.

Each person has their own room so they can take their time studying in peace. Needless to say, men and women are separated on different floors.

But first, at the large room of the hotel, Megumi and the rest of the staff decided the schedule for the summer vacation tasks.

Thankfully, some of the waitresses were senior college students from whom the beginner's group could learn from.

Megumi feels enthusiastic about studying ... Then, as soon as the day was over, the woman who acted as a lecturer appeared.

"I... I wonder if this will be enough"

She answered with a smile to Megumi and the rest of the student group.

Megumi was in the role of representative...

"Shimamura-san has really helped"

She gave thanks to Shimamura.

With a gentle expression and the use of some glasses as an accessory, her face expressed the word "talented".

What is even more eye-catching is her powerful bust of 100 cm K cup, which is one of the largest in the group, and also her plump hips of 98 cm, to the man's taste, her body is totally gorgeous. She had a glow that only an experienced independent adult woman could have.

To be precise, she is a beautiful woman with a mild and intelligent appearance and abundant limbs for a male taste, that's Shimamura Kurumi.

Megumi can't help but look at her with respect.

"I'm a little shy when you say that ... but thank you."

She was shy but thanked her.

Immediately after that, the employees gathered together because it was time to hold a seminar, they were enthusiastically receiving lessons such as managing bread hygiene in the summer and dealing with troubled customers.

That included a bread buffet until the evening!

As usual, Megumi surrounds her favorite Kobeya bread... Maria.

"Omugi-san. I'm happy to eat Kobeya bread, but it's bad for my health if I don't eat vegetables properly."

With a bitter smile, Megumi includes some vegetables and start eating diligently too... She feels a little embarrassed.

"Yes, ♡ It's just I like all the bread from Kobeya ♡ But I also like vegetables! I eat plenty of vegetables!"

She gave a cheerful answer to Maria, then... she started eating them loudly.

The waitress and staff are really polite to look at it from outside... but no matter how much they can put on the table, the bread still disappears one after another like it was sucked by a black hole immediately.

Basically, all people in the restaurant industry eat very well.

It's the same for all the staff, still... The amount of bread that Megumi ate is particularly terrific, it's a relief that the employees love the company's products so much, but apart from that, she sincerely wished that they wouldn't go to the bread buffet. It was all that she wished for.

Also ... As Megumi and the others will know later, it means that the practice training of the baker consists of buffets too.

Thus, the meal consisted of Kobeya's bread, but that had to wait a little while and be resumed after bathing time. Of course, the women's bathroom was a gorgeous place too.

"Megu-chan surely has beautiful boobs, right?"

"The way Mikoto-chan's boobs constricts is enviable too."

While both of them have the same age, Megumi praised Mikoto's breasts, which will become even bigger in the future, at the same time Mikoto said that she was envious of her tight abdomen and well-trained body.

Of course, not only Megumi and Mikoto but also those who survived the harsh interview have a good face and style... and above all, their breasts sway every time they move... It was without a doubt a heavenly bathtub.

However, after all, the eyes of every girl around were poured on the woman whose huge boobs floated in the bathtub and soaked in hot water.

"Hmmm... "

Maria is laid back ... but she's soaking in hot water to heal her tiredness, letting her usually dignified body aside, everyone was fascinated by her surprisingly lewd expression.

"It's even more amazing looking at the chief's boobs raw ♡ Her nipples and areola are really beautiful"

While having a conversation, Mikoto can't help but to stare at Maria's super milky tits, she admires her from the bottom of her heart ...

While being immersed in those, Mikoto starts rubbing her boobs like a mischievous child.

"Woah ♡♡"

Mikoto inadvertently made a pant voice that echoed in the bathtub.

"Maria Chief's boobs are amazing ♡ I wonder if I and Megu-chan can grow to be like that ♡"

But... ♡ Megu-chan's boobs are also reasonably big ... It's so erotic ♡ My nipples already are... Look ♡ "

While rubbing Megumi's breasts to further mischief ... She starts sucking her erected nipples.

"Ahh ♡ Stop... ♡ Mikoto-chan... ♡ Aaaahhh ♡ ♡"

She feels her nipples being sucked so carefully as if it wasn't the first time... biting so indulgently.

"Nhya !! Aaaahh ♡"

She starts trembling as if her body is not her own... Ecstasy is spread into her nipples.

Mikoto takes her mouth away from the nipple that has been milked ... while focusing her attention on the other lumpy nipple.

"Aah ♡ Look at me... ♡ Megu-chan's nipples... ♡ Even though I've been kind, they've become so hard and erected ♡"

As she speaks Megumi's tits increase in sensitivity, her breasts inviting lewdness to be done... Megumi can't help but feel ashamed.

"Mikoto-chan that's... it's because I'm used to it... ♡ ♡"

Her nipples feel immerse in homosexual love as she feels her clitoris harden down in her crotch.

While Mikoto rubs Megumi's boobs she moves herself to her partner's crotch... both pussies finally meet each other with an honest wet kiss.

"Nnghh... ♡"

"Aahhh... ♡"

When their clitoris rubbed against the other's, Mikoto's mind turned crazy with pleasure.

"Nngh... ♡ I... I love doing things like this with girls... ♡ Ah! ♡ Even though... I also like boys ♡"

As both meat-folds carefully match together and wriggle, it gives an unexpected vibe of experience... The room is filled with the essence of their love juices.

Mikoto takes the lead and shakes her hips non-stop, in fact, Megumi can't resist the pleasure Mikoto gives her.

As her whole body's sensitivity increases dramatically, Megumi wonders if Mikoto is that good, or perhaps she had that nasty background all along, she really can't tell.

However, it's when she starts sucking Mikoto's beautiful breasts that she secretes sheds of female honey, so passionately that violently moans escaped from her mouth with pleasure... she approves Mikoto's efforts by matching her hips with hers.

"Wow, ♡ Megu ... chan ♡ ♡ Ahh ♡ ♡ Nnhhh ♡ So amazing... ♡"

"Mikoto-chan's ♡ I can't stoop!! ♡ It feels so great!!! ♡"

As soon as their faces meet each other, Megumi and Mikoto violently squirm and start kissing each other's breasts ...

"Ahhhhh ♡"

"It.... ♡ tickles so much... !!"

Both of them climaxed violently while squirting love honey from her horny pussies none of them could help but turn crazy from the pleasure.

"Huh... aahh... ♡ here of all places..."

"Afu ♡ it was amazing! ♡"

They hugged each other thinking how their souls and bodies were perfectly compatible...

The gaze of their surroundings came at them in an instant... representative Kurumi stares at them...

"Homosexual intercourse isn't penalized... please don't sanction us ♡"

She affirms as she flexed her finger with complicity and her face brightened red.

Showing the same expression, both Megumi and Mikoto flushed their faces red... the remanent from their previous mating pleasure.

It was harder for Kurumi... being in front of two especially naughty girls... her nipples are erected... thinking about the rest of the girls around who shares similarity with the lewd appearance of Megumi and Mikoto... The feeling made her crotch and breast go into heat.

"So young ♡"

It was the same for Maria, who was in the bathtub in a relaxed manner... enjoying her self-reliance masturbation without worrying about being revealed from her lewd appearance which was similar to Megumi's.

The proof of that was her stiffed and sharpened nipples... that being unfortunately for those deprived of such a show...

"Hmm... ♡ My nipples are already this hard... ♡ I'm also... ♡ ♡ really naughty... ♡"

Imagining the various things that Megumi and her friends would learn to do with their bodies from now on... she secretly and violently starts to finger her vagina ... Twisting her nipple with her fingers and getting drunk with the joy of being female.

Such fun... little by little... every girl working at Kobeya started developing lascivious bodies and minds day by day.

After that, they tried to relieve their lust which had accumulated in their indecent bodies, flesh, and breasts so there wasn't any amount of remaining lust by tomorrow.

"Hmmm ♡♡ Boobs are hot ♡"

"Ahhh!! ♡ My fingers aren't enough ♡♡ Amazing!! ♡ I'm getting more and more naughty ♡"

"Hyaa!! ♡ I can't stop playing with my nipples! ♡ I'm going to cum!! ♡ Cum!! Cum!! Cumming!! ♡"

"Nghuuuuu!! More!! More!! It feels so amazing!! Even if you were to put a thick and big phallus inside of my two dirty holes... it... it wouldn't be enough!! Aaaahhhh!!!"

Everyone was crazy immerse in their self-reliance pleasure... When they got tired, they washed their bodies while being unable of denying consecutive masturbation inside the well-prepared shower room... It was time to prepare for tomorrow.

Continuing this routine, the women at Kobeya exercised early in the morning, they broke their fast with bread and attend lectures from morning till noon.

They ate bread again in the daytime and returned to their lectures until the evening, ate bread as dinner, and soaked in the bathtub together... They immersed themselves in a life of violent and continuous libido before going to bed.

Of course, exercise on the beach during the longest breaks is also included as part of the training camp, a moment for them to enjoy all the sea leisure activities such as swimming, sunbathing, beach volleyball and water skiing.

The male staff was stunned by the women's swimsuits, something that gave them a good time for chatting surely.

The last day of the training camp came and it was a sunny day

Since only the waitress and the female staff were gathered at the beach Megumi and the others prepared many sheets and a lot of water servers for hydration.

By this time, the girls had become so close that the boys' staff efforts to getting close to them would end in disapproval... they were truly frank with each other

The girls also did not understand the intention of the setting and the newcomers like Megumi and others were talking about it nevertheless the accustomed people seemed to be excited.

Maria, the person in charge, began to speak.

"Everyone. Thank you for gathering."

Megumi and the others are still fascinated by Maria's voice, but her speech continues.

"Today is a blessed sunny day so I want to burn my skin as planned."

She's right ... Maria takes off the hoodie she was wearing...

"Eeehhhh??"

All the new waitresses, Megumi included, couldn't hide their surprised voices.

Maria shows off her stunning naked body in front of her employees.

After all, it is an overwhelmingly large 125 cm L cup while it keeps an upward sphere it hasn't lost its gravity

In addition to her gigantic breast's size, her nipples stand out as bright as her soft skin.

The plump abdomen from a senior college student and her richly populated with pubic hair vagina.

Everyone is fascinated by her gorgeous appearance, but Maria doesn't seem to care.

"Everyone works so hard dishing bread up at Kobeya. That's why we all burn our skin once a year to look like recently baked wheat and comprehend the appealing from our bread products."

It's for that... burning their skin like wheat helps them to get involved in their work...

"Like... wheat ..."

Megumi muttered... whispering Maria's words

However, it seems that no one could hear her, and so Maria's story continued.

"Then everyone... I'm sorry I had been wearing a swimsuit, but please put yours inside the basket."

The first was taking off her swimsuit.

The accustomed staff takes off their swimsuits... seeing them felt surreal like seeing Maria's undressed body some seconds ago.

"Huh... yes!!"

Megumi and others generously take off their swimsuits, revealing the waitresses' fresh limbs.

Megumi's:

A healthy and pride 83 cm C-cup trembling bust.

Both of her nipples are pink and pretty.

Healthy fat abdomen and buttocks. Her now-visible pubic hair is thick for her age and seems to be changing from a girl's to a woman's.

Kurumi's:

A voluptuous bust that exceeds three digits, though not as big as Maria's, is a 100 cm L cup size.

Her nipples are surprisingly thick despite not having an erection... Almond-colored with a large areola.

Waist and hips are lightly pronounced, her pubic hair is thicker than Megumi's.

Mikoto's

Although she has a slender body and small 78 cm B-cup bust, she also has pretty and small nipples with a pale pink color compared to Megumi's,

Down below she has a slippery Lolita-like pussy with no sign of any pubic hair growing.

The simultaneous gathering of the waitress and female staff's naked bodies is filled with commodities too, a bucket full of 100% pure olive extra virgin oil is used as sun oil. As they scratch every inch of their bodies with it the oil penetrates their skins... dedicating each oily body to the sun... the skin tans.

Changing their body position every 30 minutes to bake their buttocks too... After an hour, rehydrate, let the water moisturizes their dry throats with sports drinks and cold tea.

This process guaranteed a delicious look.

At the same time music could be heard all over the beach.

By the time it was already evening. As expected, the skin couldn't turn browner, Megumi heard a voice from somewhere saying: "It burned well."

"Woah... ♡ It was comfortable!! ♡"

"Naked sunbathing makes me feel so relaxed ♡"

Everyone's skin turned a beautiful brown tan... Megumi could see that Maria's white skin gained a bright tan while she remained naked still.

"Everyone burned beautifully. Let's put on our swimsuit and get back inside."

Even though she instructed everyone to wear their swimsuits and clean up the beach... For some reason, everyone seemed trouble trying to wear them.

"Hmm! My boobs can't get into my swimsuit..."

"It doesn't... fit!!"

"So tight ♡"

It seems everyone grew in both bust and hips size after the sunbathing... their swimsuits feel so tight.

Their breast size can barely fit inside, the erected nipples which be seen through starts looking lewder as their hips acquired a deliciously feminine figure.

However, there is a professional who forcibly puts her body that has become obscene into her bathing suit... She cleans up the surroundings quickly just in time for the evening bread buffet, the last bathing of the training camp is done.

After changing clothes ... It goes without saying that all the blouses and shorts looked like there were about to rip themselves up.

Then, after the last bread buffet done in the early morning, the training camp was over.

On the bus back home, everyone felt tired.

"Fufu... ♡ It was fun, right Memi-chan?"

"That's for sure, Mikoto-chan"

Bonds between girls are starting to bloom...

Everyone went home and took a rest to prepare for tomorrow's work.
