

I don't get it.. What do you mean
that they've been eaten by a Monster?

Just what I've told you the monster eat their organs..
Only their skins still remains that what I know..

*That's kinda scary.. But why don't you call the police
or someone that might be able help them?*

They're all dead! no one can help them anymore!
You have to admit it!

*Just look on the bright side.. I can act like your girlfriend
and we can fuck anytime we want!*

But before that..
You have to wear Hina's skin first..

I promise you will like it..

What do you think?

I'll do it!

Perfect!

Now.. shall we begin our girl's session?

Now.. we can finally live with the one we love forever..

Bang!

A person wearing a white full-body hazmat suit and a grey gas mask with two circular lenses and a filter. They are holding a black assault rifle. The background is a dark, industrial or urban setting with a railing and some blurred structures.

*Patient Zero has been eliminated!
we don't have to worry about him anymore*

A character with short, vibrant green hair and blue eyes is shown from the chest up. They are wearing a black wide-brimmed hat, a black face mask covering their mouth and nose, and a dark brown suit jacket over a light blue collared shirt. Their right hand is raised to their chin in a classic 'thinking' pose. The background is a dark, textured brick wall with a dark doorway or window opening to the right. The lighting is dim, suggesting a nighttime or indoor setting with low light. A white speech bubble is positioned in the lower center of the frame.

*These guys created this monster?
Hmmm.. Interesting..*

THE END.
