

DAILY LIFE

DRAWING

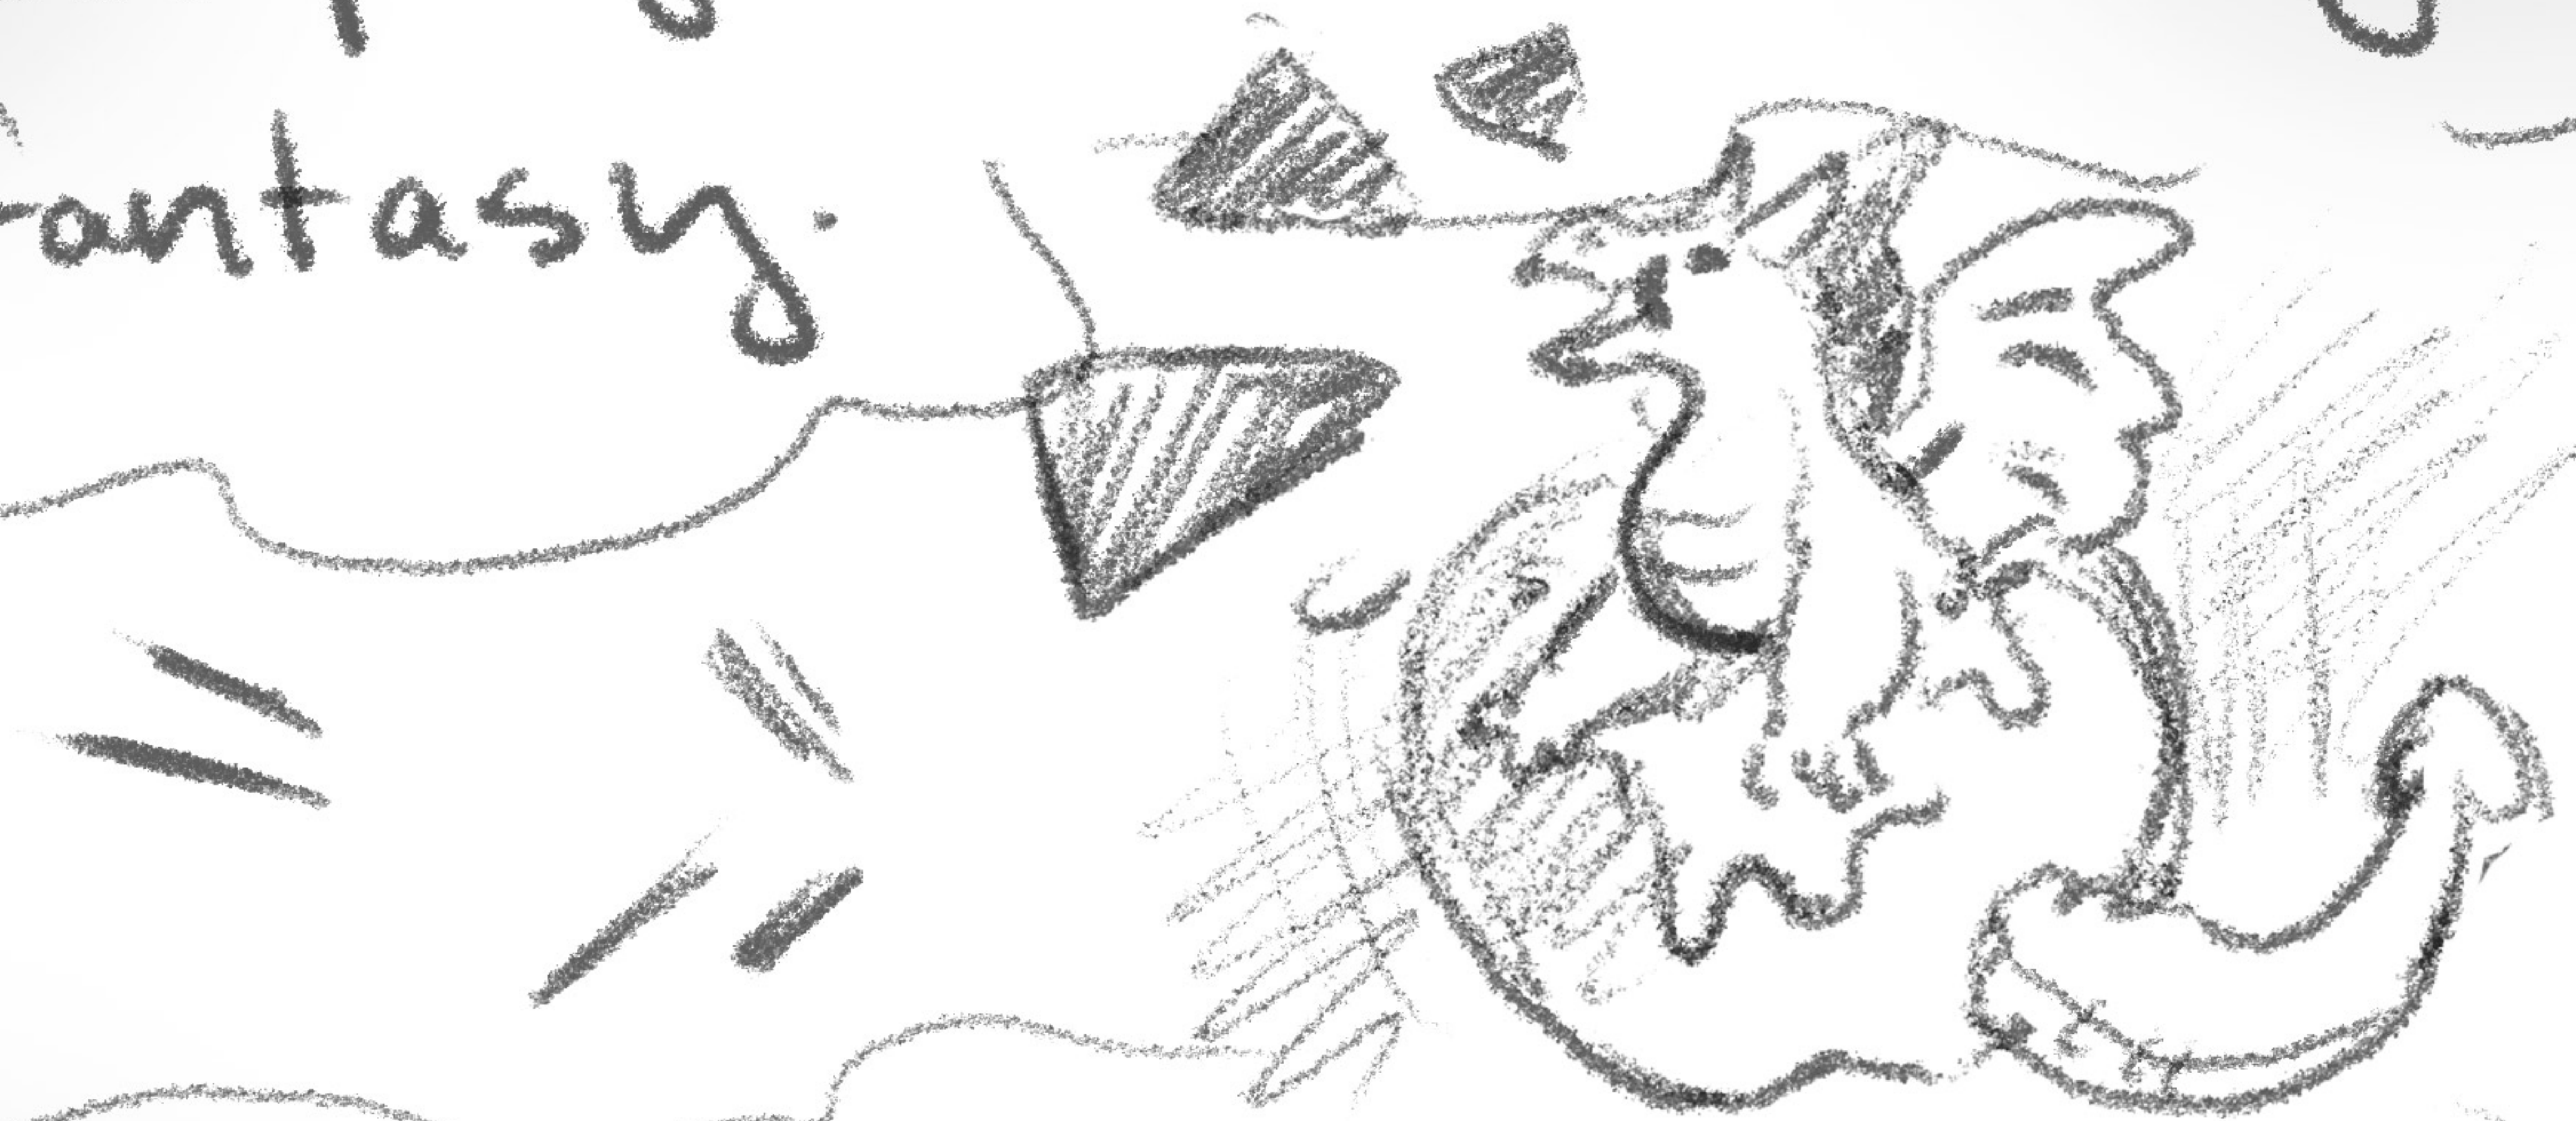

DIARY by A. "JUNIOR"
VIGORITO

I'm gonna be honest:
Growing up, I wasn't
the biggest fan of
drawing from life.

I preferred drawing
from imagination.

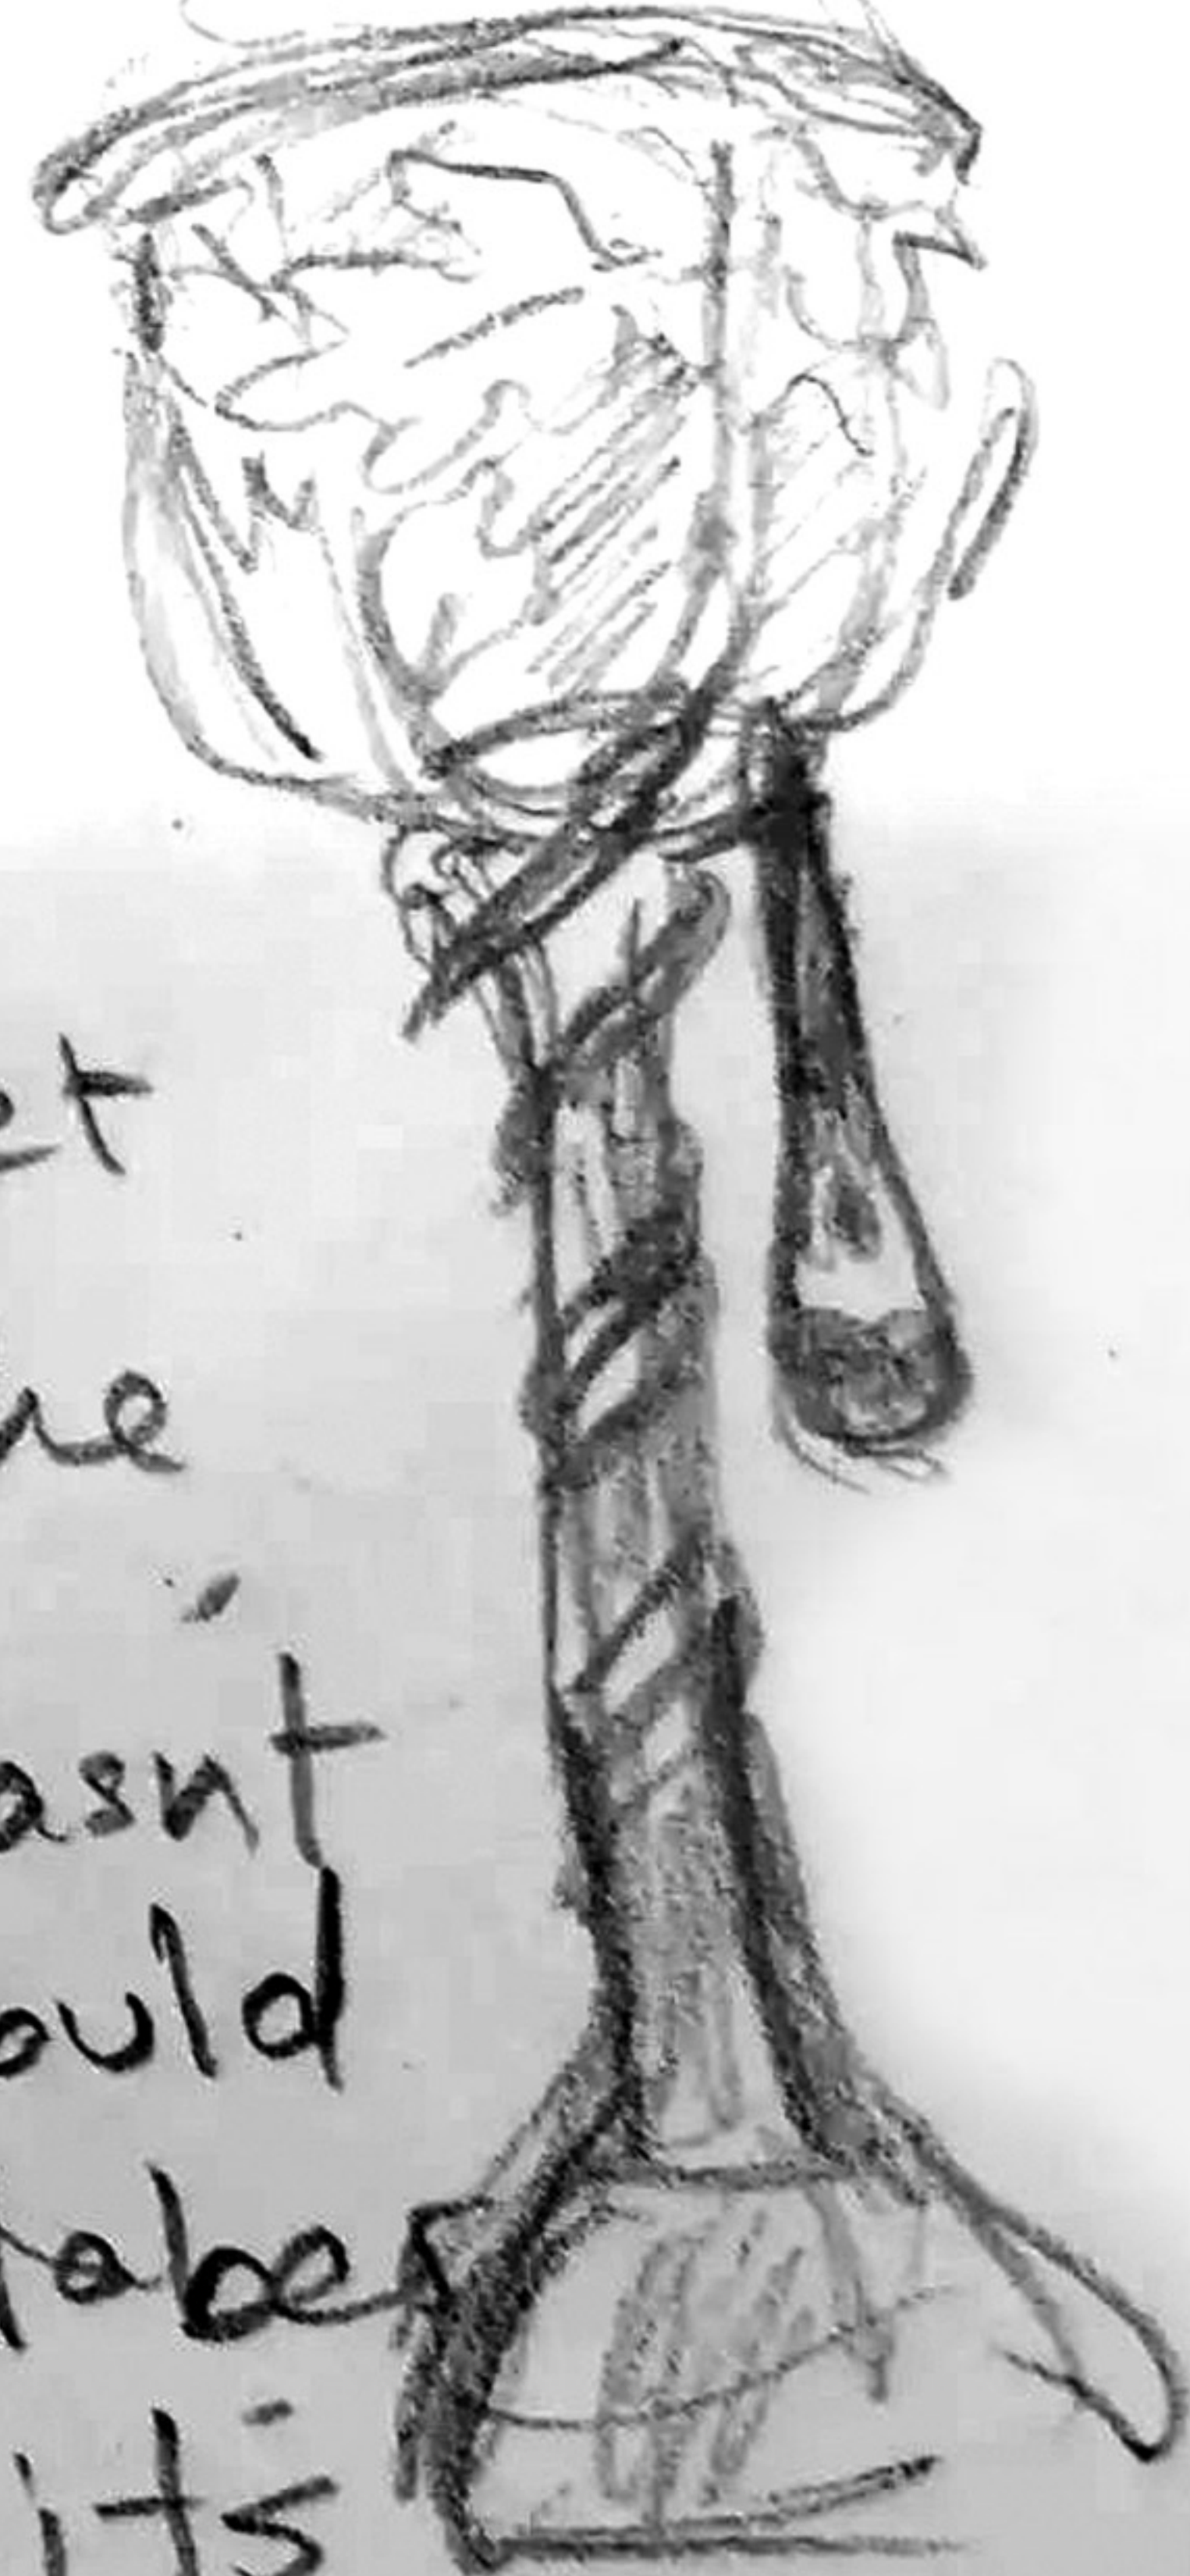

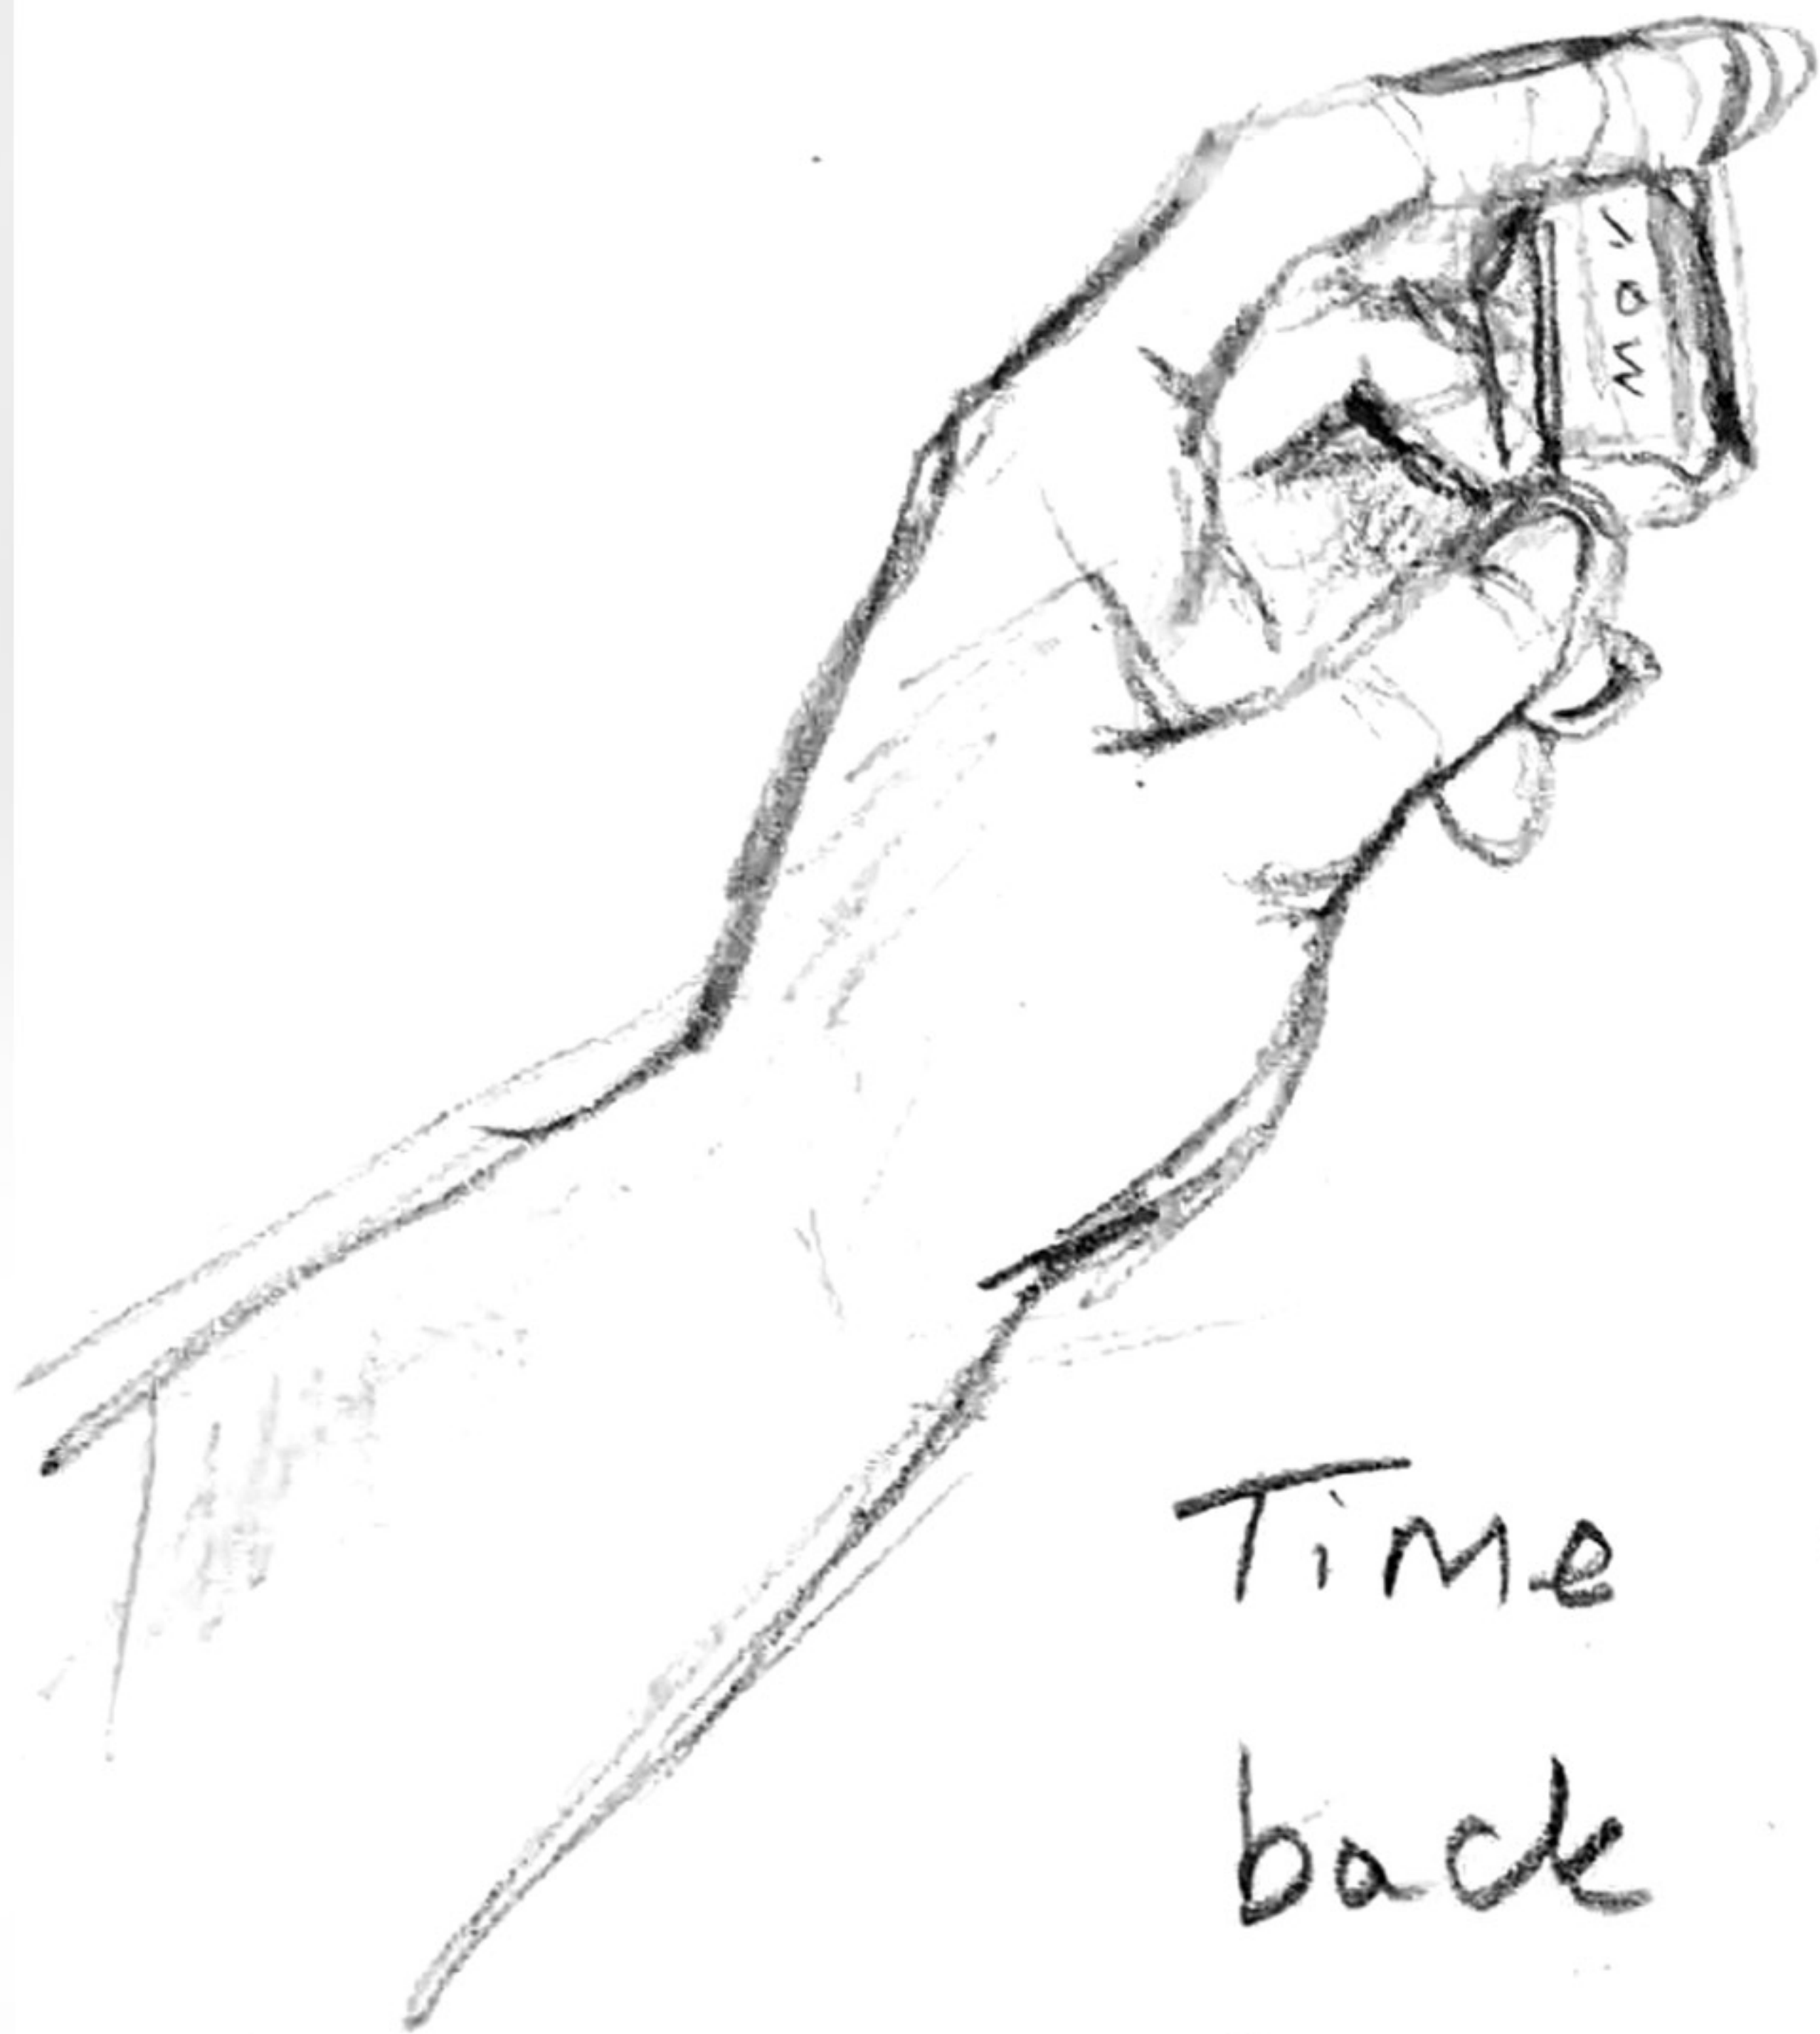

However, sometimes my creative juice runs dry... Eventually I discovered that reality does play a role in creating fantasy.

I hope this sketchbook inspires you to find the fantasy in reality, too!

Day 1

Time to get
back into the
basics. I wasn't
sure if I would
even do an October
challenge but it's
good to keep in shape.
