

The Pill Walkthrough

(Correct as of Version 0.4.6.1)

For those who've succumbed to the dastardly tricks of The Pill (and those who just have better things to do with their time) here is the walkthrough to find all the endings in Belle's chapter!

The Ending	How to Get There!	CG Image
My First BE	Give Belle a boob shaped pill and tell her she's perfect!	
New Options	Give Belle a boob shaped pill and then ask her to take a second one. Tell her you're sure it's a good idea, then ask her before she turns back "Shall we?"	
Ouch	Give Belle a boob shaped pill and then ask her to take a second one. Tell her you're sure it's a good idea, fake that you can't find the undo pills anywhere. Embrace death.	

<p>Too Big?</p>	<p>Give Belle a boob shaped pill and then ask her to take a second one. Goad her that she is scared, then tell her to prove her bravery by taking ten!</p>	
<p>Floorbound</p>	<p>Give Belle a boob shaped pill and then ask her to take a second one. Goad her that she is scared, then make a chicken noise at her, the bastard that you are. When she asks if her new size is enough, tell her "Of course!"</p>	
<p>Never Enough</p>	<p>Give Belle a boob shaped pill and then ask her to take a second one. Goad her that she is scared, then make a chicken noise at her, the bastard that you are. When she asks if her new size is enough, noncommittally say "Well..."</p>	
<p>The Dong</p>	<p>Give Belle a boob shaped pill, then tell her to undo it. Choose the new option to "Stop while you're ahead".</p>	

<p>Bouncy Bounce</p>	<p>Give Belle a butt shaped pill and tell her she's perfect!</p>	
<p>Portable Seating</p>	<p>Give Belle a butt shaped pill then tell her to undo it, like the madman that you are. When she threatens you, tell her "She wouldn't dare!"</p>	
<p>Unstoppable</p>	<p>Give Belle a breast and butt shaped pill, one after the other (or vice versa). When she asks which is better tell her you "can't decide". Be amused by her topical references to Jedis and Wizards. When she tries to take an undo pill, stop her. Tell her "more of both would be "perfecter".</p>	
<p>Boobs FTW</p>	<p>Give Belle a breast and butt shaped pill, one after the other (or vice versa). When she asks which is better tell her breasts are.</p>	

<p>A Bigger Badonk</p>	<p>Give Belle a breast and butt shaped pill, one after the other (or vice versa). When she asks which is better tell her the booty is.</p>	
<p>Uh Oh</p>	<p>Take a pill with cheese, then tell her “we really should stop”.</p>	
<p>Magical</p>	<p>Take any pill, then go back and take a pill with cheese. Tell Celeste that you are her partner.</p>
