

# Chapter 144: Arrival

*“Asahi-sama, we are here.”*

Aimi’s excited voice ended my sleep. I broke away from Nao glued to my side and slipped into my clothes.

A few hours must have passed after our little session.

I pasted a teleportation sticker on the wall to return instantly.

*‘Now.’*

(Whoosh.)

A sharp wind swept over me, and the background accelerated. Another moment and the forest surrounded me.

*‘How does this work?’*

(On the same principle as the gate. I send you through the void, only at a very minor scale.)

*‘Noic—’*

**\*Grrr....\***

I had the company of a bunch of dinos, drooling over my head.

These things never understand...

I made quick work of them and cleaned the blood off my face. I flew above, darting for the portal. Closing the several kilometers gap in a minute, I stopped before the black dot.

*‘Charge inside with the chopper!’*

*‘Yes!’*

The dot swelled into a swirling portal and spat out a chopper.

“Kyaaaaa!” Nee-san’s scream brought a smile to my face.

The chopper swung sideways and balanced itself. Shiori peeked her head out with a grin. “Just couldn’t stay without us, could ya?”

“Aa-kun, help! It’s scary... help.”

Nee-san was acrophobic?

“Honey, she is about to vomit!” Yuriko peeped from the other side.

I squeezed into the backseat and hugged Nee-san wearing a pale expression. A few rubs on her calmed her trembling.

“Aa-kun...”

“It’s okay. Everyone has some kind of fear, even gods are no exception.”

Nee-san hummed and stuck closer to me. Aiko and Rini stared at us, the former stood on Rika’s lap while the latter sat on Aimi’s side.

“Onii-san is glowing red,” Aiko whispered.

“Really?” Rini asked, tilting her head adorably. “I don’t see anything.”

Rika patted the loli showing a dazed look. “Lil’ Aiko, they’re gonna be fine.”

*‘Can I teleport the chopper to the forest?’*

(Yes, at the cost of more mana.)

Mana... I never cared about such trivial things. In another second, we were already inside the forest. I peeked out to find the ground a few meters away from us.

I hopped out with Shizuka. She forced herself away with a blush. Turning away, she started fixing her hair with a mirror in her hand.

Cute...

Looking away before my libido rose, I caught Rini in a princess carry. She was quite light for her height. I couldn’t wait for the day she will be thick again. One or two years... or maybe quicker if her skill evolved.

“Onii-san,” she said, grinning brightly. “This forest is pretty.”

“I will show you more pretty things here.”

She silently nodded and pressed her head on my chest. “Onii-san’s heart beats so hard.”

Was this girl developing a new fetish...?

Nah, my Rini is sweet and pure.

“It makes me feel warm,” she continued as a cute smile bloomed on her face. “Why is this?”

Rika bounced on something intangible and landed before me. “So what is going on?”

“Nothing.” Rini shook her head and escaped from me.

The chopper touched the ground, blowing the leaves with its wind. The girls disembarked one by one and looked around.

“Don’t tell me Honey wants us to stay in a jungle?” Yuriko pouted. “You beast.”

What is this depraved milf imagining now?

“Where is Nao-chan?” Shizuka asked.

Saeko gripped her katana, her eyes trained in a direction.

**\*Thump\* \*Thump\***

The ground trembled as three bloodsaurus interrupted my reunion.

“Leave them to me,” Saeko bent and shot out. I only blinked my eyes, and she already reached the dino’s back. She turned around and rested her black katana on her shoulder, grinning at the monsters falling slice by slice.

I gulped. Introduce magic to a sword genius; the results will never disappoint.

Shiori sighed, smiling helplessly at her sister’s growth. “I can never catch up to her in swordplay.”

“Then there is me who is too lazy to practice anything...” I shook my head. “Shiori, let’s surpass this masochist together.”

Shiori chuckled. “Yes, Asahi-kun~. Until then, we can dominate her together on the bed.”

Saeko’s lips twitched in response. “I am not a masochist.”

Aiko tugged at my hand. “Onii-chan, what’s a masochist?”

Shiori shared a glance with me then we both brainwashed the loli into forgetting everything. With a lollipop in her mouth, Aiko giggled and swung her legs from my shoulders.

I stored the chopper in my ring. A new ring will be needed if things keep piling up like this. Without further ado, we teleported to the room.

Nao sprang up from the bed and took Aiko in her arms. “Ai-chan.”

Leaving the airhead with her cousin, I set my sight on the girls still deep in dreams. Dreams, huh.

*‘Klyscha, give them good dreams. Not one where I fuck them. It will make me jealous... even of myself.’*

(You are possessive... and I love it.)

“Aa-chan.” Rika rested her chin on my shoulder and sighed for some reason. “anything I can help you with?”

“Nothing for now...” I trailed off, noticing a worried expression on everyone’s face. “How about helping me in the dungeon later?”

They won’t feel useless this way and I will rake in more XP!

“Sure as fuck. We’ll kick some filthy asses down there.” Rika squeezed her arms around me, giving me a feel of her firm breasts. “Let’s do it after that.”

Shiori wagged her finger in my face. “Count me in. I can do better in sex than this hag.”

Rika nuzzled her face remained undeterred by her mocking, pressing her cheeks against mine. “Aa-chan likes my ass more.”

Ignoring their idle banter, I looked at Saeko, who quietly nodded in agreement. Aimi, standing beside me, also agreed with a nod.

“Honey, it won’t be fun without me, right?” Yuriko’s eyes went to her daughter, and she licked her lips. “Can we include Saya-chan too?”

“...”

This perverted pair of mother and daughter was worthy of being included in doujinshi and hentai.

The only one left was my sweet Nee-san, who sidestepped my gaze. Nee-san hadn’t stepped out of her embarrassment shell yet. She spun around and began talking to Nao.

An orgy can’t be fun without my beloved sister.

I firmed my gaze, glaring at her back. Her shoulders sank; she slowly turned and nodded.

Nao and Saya could be easily coaxed. The only problem was Grayfia and lolis; I should send them around the town for some errand. A good maid like Grayfia would understand my needs.

“What will Onii-san do?” Rini asked, looking up at me with her innocent eyes. “Can Rini join?”

“Aiko wants to join too!”

“...”

This brainwashing session lasted for almost an hour...
