Cupid Luffy

There are some devil fruits that have great power, the limits based on the users imagination and skill. However some fruits have sister fruits, fruits holding a greater power a more advanced power than the other. Luffy eats the Cupid Cupid fruit, the sister fruit to the Mero Mero or the love love fruit.

Chap 2 Luffy Ace and Sabo

To say Luffy's grandfather was pleased with Luffy's goal in life, would be a total and absolute lie. Monkey D. Garp, the grandfather and care taker of Luffy was a marine. He wanted Luffy to become a marine more than anything. "I leave you alone for a few months and you wanna become a pirate, I won't have it!" he shouted.

He didn't care about Luffy's devil fruit power. There were plenty of marines with devil fruit powers. All his work all his training to toughen Luffy up into a man, so he could become a fine marine, all seemed to burn before his eyes as Luffy talked about becoming King of the Pirates. "Let me go old man, I wanna be a pirate!" he shouts, Luffy was struggling to escape his grandfather's grasp.

"No way, you are gonna become a fine marine, not some filthy pirate!" he says. "That damn red hair, putting these thoughts into your head." he mutters.

"Don't bad mouth Shanks, he saved my life!" Garp gave him a "love tap" and knocked Luffy out. "That only goes so far." It was the only reason he wasn't hunting the red haired pirate down right now. Garp is a marine hero, a role model for aspiring marines. He had hoped he'd inspire Luffy to become

a marine as well. At his core he was an honorable man, Shanks saving Luffy's life meant a lot.

Garp brought Luffy to some mountain bandits led by the bandit leader Dadan. "I want you to look after my grandson for me." he says dropping Luffy at their door step.

"Not another one!" Dadan shouted. "No way, we have our hands full with the other one." Luffy blinked. 'Other one?'

"I don't wanna stay here, I hate mountain bandits!" Luffy says, sticking his tongue out at them.

"You little brat!" Dadan snaps.

"Dadan!" the woman freezes, and turns to face Garp.

"I trust you will raise him into a fine marine, if you don't or refuse I'll arrest you." Dadan mentally cursed but verbally agreed. He had heard over a barrel, no one in the Goa Kingdom could match Garp's strength. He is a monster!

"Speaking of, where is Ace?"

As if on cue, a spit wad came soaring and hit Luffy in the face. "Gah!"

"Ace, come meet your little brother!" The boy Ace, was a freckle faced dark haired boy. "Luffy this is your older brother Ace, try to get along with each other." He left, leaving the two in the care of bandits.

Despite Garp's words the two were not getting along. Ace liked to disappear everyday, and despite Luffy's best efforts he struggled to follow him. The cupid human did his best but Ace traveled through the most dangerous routes to ditch him.

Still as days passed Luffy refused to give up. 'I think I lost him.' Ace thinks and heads to his meeting spot with Sabo. "Oi Sabo!" Sabo is Ace's partner in crime, he has blonde hair and was the same age as Ace.

The two had become quite the terrors, stealing from local pirates and bandits, saving up so they could buy their own ship and sail away from this place. "Look what I got today." Sabo showed him a bag of treasure.

"Pretty good, but check out my haul." Ace shows a huge box of treasure and money. "Whoa where did you get this?"

"Stole it from the Bluejam Pirates, they didn't even see me coming." he says. They started adding it to their stash. "With this I think we are closer than ever to getting our pirate ship."

"Pirates?" the two freeze. "You guys wanna be pirates to?" they look and see Luffy.

"How did he...?" he gasped.

"That's Luffy, I thought you ditched him?"

"Ace talks about me?" Luffy says happily.

“Yeah, I tell him how annoying and weak you are.” Ace snaps. Luffy ignores him and instead introduces himself to Sabo.

“I’m Luffy, nice to meet you.” he gives a bow to Sabo.

“Oh uh Sabo, nice to meet you.” he blushes.

Ace has enough, and quickly ties Luffy up. “He knows where our stash is, he’ll talk we have to kill him.” Luffy cried out in shock. “No please don’t throw me in the water.”

“See, he’s an idiot he has to die!” Ace hands Sabo a knife.

“Kill him!”

“What?!” Sabo gasps. “He’s your brother, you kill him!”

“I’ve never killed anyone before.” he snaps.

“Well neither have I!” The two argue all while Luffy cries. The noise attracted pirates, who were searching for Ace who had stolen their treasure. Porchemy answered to Bluejam, and Bluejam was not one to show mercy, losing this treasure was a death sentence.

Ace and Sabo, grabbed Luffy and pulled him away, hiding in some bushes as the pirates came looking. “We need to find that brat fast or Bluejam will have my head!”

The two took their eyes off Luffy for a second, and he somehow got captured by the men. “Ace, Sabo, help me!” he cried out.

“Oh so you know Ace huh? You wouldn’t happen to know where they hide their treasure would you?” Luffy proceeded to show the worst lying face in history. ‘What a terrible liar!?’ was the shared thought among the pirates. “Alright, if you won’t talk, we’ll beat the answers out of you.”

They carry him off, Luffy crying out for Ace and Sabo to save him. “We have to move the treasure, he’ll talk I know he will.”

“Are you sure?” Sabo asks, and Ace nods. The two move their treasure, to a new secret spot.

“Not even Luffy knows about this place.” Ace says satisfied.

“I’m gonna go see what the pirates are doing.” Sabo runs off, and is surprised to see their old spot untouched. He keeps looking and sees the pirates are still hunting for them. ‘No way, he couldn’t...’ he starts running back to their new secret spot.

“Oh Sabo, are those pirates tearing apart our old spot?” he asks. “What’s wrong?” Sabo looked horrified.

“No!” he shouts. “They are still looking for us...Ace!” he shouts. “All this time and he never talked, they have to be torturing him and he never told them a thing!” Ace’s eyes widened.

When the two arrived on the scene, it was horrible, Luffy was strung up like a pinata, a pool of blood beneath him. His body was beaten and broken, and it was a shock he was still alive. The boy didn’t have the strength to even scream in pain anymore.

Ace saw red, they attacked the pirates in full force. It wasn’t enough though as Ace faced Porchemy, he refused to run away. So Sabo had no choice but to stay and fight with him, they made it out alive but were banged up pretty hard.

The freckled youth scolded Luffy for being so stupid, and demanded to know why he didn’t talk. “Because...if I talked you’d hate me.” Ace’s eyes widened. “I hate it here, I don’t like the bandits and I can’t go back to the village. You are all I have.” Ace blushed.

“So...you want me around, and you’d be upset if I was gone.” Luffy nodded. Sabo smiled, he knew about Ace’s past, the raven confiding in him. He is Gol D. Roger’s son, and all he heard all his life was that the child of such a man would be a curse upon the world and needed to be destroyed, or should

not have been born. Ace closed himself off, but it seems Luffy had broken through that tough shell.

The trio had to move in with the bandits full time for protection against Bluejam and his pirates. As it turned out, the bandits were worse liars than Luffy. Their bond continued to grow, to the point they became sake brothers, stealing some booze from the bandits and taking the sacred ritual to bond them as brothers.

Sabo was curious about Luffy's powers but the boy said he didn't fully understand his abilities either, but that Shanks said he'd grow into them. Ace laughed saying his powers were pretty pathetic.

Garp returned, surprised to see another boy in his care. He cracked his knuckles. "So another kid who wants to become a pirate, I'll have to teach you all a lesson!" the boys cried out as the "training" began, Garp's training was scary.

So the boys were in for another move, slipping out in the dead of night as Garp slept, they moved into the woods. For awhile it was great, they trained together, hunted together, slept together, bathed together, ate together and shared their dreams.

Then Sabo's past came back to haunt them. The blonde was from a wealthy family, who was trying to groom him for

richer and better things. Sabo wanted none of this and ran away, seeking freedom. The boy only returned to that life, because Ace and Luffy's lives were on the line.

He should have realized his parents could not be trusted. His father paid Porchemy to set fire to Gray Terminal. As Sabo ran around seeking help, he was horrified to hear the wealthy people see everyone in Gray Terminal as nothing but trash, and simply hoped they died quickly so their screams wouldn't ruin their tea time.

In a twist of fate, Sabo came across Dragon, none other than Luffy's father. The boy begged him for help, cursing his blood saying he didn't want to be a noble! 'So you've finally done it Goa Kingdom!' it angered Dragon to no end, and he knew this land needed to be fixed.

Luffy and Ace survived the fire, barely...

Porchemy had been betrayed and left to die in the flames. He went crazy and even when Ace offered up their treasure in exchange for their lives the man tried to kill them anyway. Luffy's power awakened, and the two escaped in a balloon heart of Luffy's making.

Inside the heart Ace clung to Luffy, promising him it would all be okay. The heart shielded them from the flames long enough for Dadan to find them and get them to safety.

From tragedy to tragedy, Sabo tried to leave the Goa Kingdom, leaving a letter for Ace and Luffy. He chose the worst time to go, you see the fire wasn't a random act, the rich were trying to purge the trash and filth for the Celestial Dragons.

The Celestial Dragons are the descendants of those who created and founded the world government. This nobility led them to believe they are so superior to humans so much so they wear helmets so they don't breathe the same air.

All Sabo did was sail his ship next to theirs and they shot him out of the water. The news spread fast, Luffy cried, Ace couldn't believe it. No body was found, but with the point blank blast they didn't think there would be.

He read Sabo's letter. "Ace, I never meant to deceive you, I had hoped to leave my past behind me, and chase my own freedom. I want you to know, I'll be leaving this place, I hope we can meet out on the sea some day." tears spilled down his cheeks. "Take care of Luffy, I really think his devil fruit will be something amazing. He might be impulsive but he's got a good heart, he's got good instincts to, their raw but if he hones them he'll be great! You need him as much as he needs you, tell him I'm sorry and that I wish we could have spent more time together, but you won't be safe if I stay." he

clutched the letter in his hands. “I love you both, my brothers!”

Losing Sabo changed a lot, Luffy suffering the pain of loss, and Ace grew more protective over Luffy. ‘I won’t let anything bad happen to you.’ he thinks hugging him. “Luffy, I’m never gonna leave you.” he promises. Luffy clings to him a little tighter.

Next Time! Chap 3 Luffy’s Powers Awaken!

Akatsuki Uzumaki

Nagato had formed the Akatsuki, and through their intelligence he learned the Uzumaki clan was still out there. He discovers that Kushina Uzumaki had died but she left behind twin boys. Nagato takes them and raises them in the Akatsuki.

Characters

Naruto 13 inches

Menma 11 Inches

Juugo 10 inches

Hidan ??

Kiba 9 inches

Gaara ??

Sasuke ??

Kisame ??

Chap 6 The Night Before The Exam

Naruto treated them to some ramen. “There is an interesting batch of ninja here, and not just from Konoha.” Menma was grinning from ear to ear. “I know right and they all seem really strong! I can’t wait to fight em!” As Menma talked Juugo was drawing, he’d been given art lessons from Deidara he’d gotten to be a very talented artist. He drew pictures of everyone they met.

Naruto was looking over them. “This the one with the bijuu inside him?” he lifted up Gaara’s picture. Juugo and Menma nodded. “It was weird, he looked both weak and strong at the same time.” The two understood bijuu, in their training they had spoken to their respective Kyuubi’s. Menma was closer to his Kyuubi than Naruto was.

“Naruto-sama he had the same eyes I did before you found me, he seems lost in the darkness, the two with him smelled similar to him but dressed finer than him.”

“It seems what Nagato said is true, the villages do treat jinchuuriki as weapons.”

“Menma, I want you to do a little recon, I want your eyes on everyone.” Naruto says. Menma blinks at him, oddly surprised. “What’s up brother?”

“I don’t think it’s a coincidence there’s another bijuu carrier here.” he slurped down his noodles. “I can smell it in the air, something wicked is in Konoha, I don’t know what it is, but...”

“Your hunches are usually spot on bro, consider it done.” Menma performed a few hand signs. “Earth Mice Jutsu!” he summoned a swarm of the elemental beasts and sent them out.

“Thank you little brother, I hope you can hold the jutsu.” Naruto says.

“The exam is tomorrow, I don’t think I can sleep!” Menma groans. “I’m so pumped!” He sure was the boy was positively throbbing down stairs.

“Juugo, look after Menma tonight, I’m gonna hit the local bath house.” Naruto says getting up. Juugo nods and leads Menma to their lodgings. The boy was full of energy even holding the Earth Mouse Jutsu wouldn’t be too much for him. He headed to the local bath house to see how it stood up. It was certainly a nice facility. Naruto’s clothing vanished into paper and he stored it away with his boxers. He washed up and sat in the bath.

Kiba Inuzuka was stressed out, the exam was tomorrow and his mom was giving him a hard time. He stripped off his

clothes, and put a towel on his shoulder. He walked down the hall letting it all hang out as he entered the men's bath. It was pretty empty, except for the mysterious blonde ninja. 'That's that one guy who saved Sasuke he must be the leader.' he showers off, and cleans his body. He couldn't stop stealing glances at the blonde, checking him out. 'He certainly looks hot...I mean strong...' His eyes roamed over the blonde's body. The orange kimono he was wearing hid most of his body from sight.

He looked down and checked himself out, feeling his pride swell. Kiba's dick was 9 inches long and uncut. 'I wonder if I'm bigger than him?' from his position he couldn't see. He was pretty proud of his size, out of the Rookie 9 he was the biggest. This lead him to his top dog thinking, and the boldness of strutting down the hall buck naked.

After rinsing off, he heads towards the bath, where the blonde was relaxing, eyes closed. The bath waters were quite clean and clear, once Kiba got in, he got close but not too close. 'Just a peek, nothing wrong with just a little peek.' His eyes drifted below the water line and spotted the blonde's soft cock. 'So...so big!' he gulps.

His penis throbs at the sight of the blonde's massive length. He couldn't look away, instead he licks his lips wondering how it tasted, he was close enough now to smell the blonde's

musk which only fueled his arousal. ‘It’s not even hard, how can it be so big?’ He gulps, his heart starting to race. A strange feeling was spreading inside him, he had no idea what it was, but he couldn’t stop thinking about the blonde’s big bone.

Kiba’s dick stood out of the water, throbbing in delight. Kiba was so focused on the blonde’s length, he didn’t notice the blonde had opened his eyes. “See something you like?” he recognized the boy from their encounter earlier.

He gasped and backed up. “Umm no, what makes you say that?” he laughed nervously and the blonde grinned.

“Your cock,” he points at the aroused pecker, and Kiba gasped quickly trying to hide the arousal. “Don’t be shy, if you like my cock just say so.”

Kiba blushed. “Well you are huge, but I’m a top so I have no interest in that.” he dropped his hands showing he wasn’t shy, and crossed them over his chest.

“Is that right?” Naruto got up, his cock rising with him. ‘Holy crap!’ he felt his manhole twitch as the massive man meat began to swell and rise. “Well you weren’t staring at my ass when you got hard, you were staring at my dick.” Kiba blushed deeper. “Want to test that theory?”

“What, you wanna kiss my ass or something?” he asked with a smirk.

“Rimming won’t confirm anything, a good top can enjoy a nice rim job.”

“Look you see this dick!” he grabs himself and strokes his length. “What bottom would have a dick like this?” he asks.

“My little brother has a bigger cock than you.” Kiba gasped.

“He prefers bottoming, he likes to be pampered in the bedroom, but that doesn’t mean he’s not a little hell cat. He tops as he pleases but he finds he’s not satisfied without cock.”

Kiba shivers at the thought. “Also Juugo, he’s thicker than you, he bottoms to me, and tops my brother. Just because you bottom doesn’t make you any less of a man.”

Meanwhile...

Menma was in bed ass raised high in the air, Juugo was behind him, thrusting his thick rod into Menma’s welcome ass. The sound of skin striking skin accompanied Menma’s moans. “Ohh fuck, yes pound my ass!” Menma loved the friction. Juugo’s hands came around, and toyed with Menma’s perky nipples. “Fuck my brother taught you well!” he moaned. Juugo groans in pleasure.

Back with Naruto and Kiba...

He approached Kiba, and soon their dicks were touching. Kiba moaned and bucked his hips, rubbing himself against the larger blonde. Kiba's mind turned round and round at the blonde's words. "How would we test it?" he gulped. Naruto smirked.

"I'll play with your ass a little, no cock, just my fingers, if I can get you to cum with just my fingers, then you enjoy ass play and you can think about taking a spin on my dick." Kiba shuddered, feeling his ass clench in delight, pre forming at the tip. "If not, they you can fuck me with your big top only dick." Kiba moaned and Naruto leaned in close. "What do you say?" he purred.

"Fuck Yes!" he moaned.

"Turn around, and kneel down, grab those cheeks and spread them." Kiba obeys quickly, finding a strange excitement from taking orders. He kneels down, his cock aimed outside the water, reaching back he spreads his cheeks apart exposing his twitching hole. "Good boy!" The praise went right to his cock. Naruto sucked on his finger, getting it nice and wet.

He ran his finger over the boy's crack and Kiba gasped and shuddered. The slick digit circled his hole, teasing the tight ring of muscle. 'I can do this, I can do this it's just a finger, it's just a...' The slick digit slipped in and Kiba's back arched.

“Ahhhoooo!” he howled in pleasure. His hole spasmed around his finger.

The dog nin’s hips couldn’t stop shaking, his cock bouncing like an excited puppy. “Like that?” Naruto purrs, and Kiba shivers again. The blonde rocked his finger in and out, the friction making Kiba’s insides sing. “Ohh fuck!”

‘No way, it’s just one finger, how can one finger feel so good?’ Kiba was rim job prep guy, with his partners he’d rim them with his unique tongue and drive the guy wild and get their asses nice and wet in the process. Naruto curled his finger and stroked the brunette’s insides. “Oh ohh ah ah ah ah ah.” he was weeping so much.

“Would you like another finger?” the question pulled him back to reality. Their bet forgotten in the sea of pleasure. “Yes please!” he moans. Naruto gets his second finger wet and starts pushing it in to join the first. It stung a bit, Kiba’s virgin hole getting opened up, but Naruto’s skilled fingers soon had him swimming in pleasure again.

His fingers spread his entrance and stirred his insides, Kiba was in heaven, his tongue hung out of his mouth and a trickle of drool ran down his chin. His moans and heated pants echoed around the bathhouse, it was good they were alone. Kiba thought it couldn’t get any better, then...

“Oooohhhhh!” Kiba howled.

Naruto found his sweet spot. He proceeded to massage the bundle of nerves, and drove Kiba wild. He was so turned on he started bucking back, fucking himself on his fingers.

“So...so good!” he panted. “I can’t...it’s too much...so hot...so good...I’m cumming!” his back arched and his balls lurched forward and he came, his thick manly Inuzuka cum pelting the floor outside the bath. Reality was a cloud for Kiba, as he rode his orgasm, for what felt like hours but truly lasted a few minutes. He felt warm and fuzzy, tingly all over. ‘I could get used to this.’

The blonde’s fingers rocked inside him, easing him down from his high. “Looks like you lost huh?” Kiba blushed, reality hitting him. He looked away. “Then I guess I’m your bitch now, go ahead and fuck me!”

“Whoa easy there,” Naruto gives his prostate a rub making Kiba shudder and moan. “The deal was if you lost you consider it.” Kiba blinked in surprise. “But, but your hard!”

Naruto sighs. “Tell you what, how about I give you a third finger, and you come suck my dick, then we can have a nice relaxing bath.”

“No sex?” Naruto chuckles.

“Not yet, I’ll be in this village some time over the exam, I’d like to get to know you, not just your body.”

“Alright, deal!” A quick shift in positions had Kiba’s face to face with Naruto’s hard dick, the manly musk mixed with the scent of arousal had Kiba’s mouth watering. ‘Whooh he smells so damn good, mmm!’ he gulps down the saliva and wipes his chin.

Naruto gives Kiba a third finger and starts stirring up his insides. Kiba’s hot breath caressed his arousal, he could feel the boy sniff him and his body reacted pleasantly to his scent. It wasn’t long before Kiba took action, he gave a long hard lick to his shaft. Inuzuka’s had a tad longer tongue than most humans, it was more flexible to boot.

He lapped at that dick, like a dog after a bone. ‘Ohh he tastes better than he smells!’ he buried his face in Naruto’s crotch and moans in delight. He kisses and licks along his length, up his shaft, down his shaft, making sweet love to the blonde’s balls. Sucking on each nut, lapping at the heavy balls, before returning to the juicy dick. His tongue had never gotten so much action, inch after inch so much cock!

Reaching the tip, he wrapped his lips around it, and lapping at the sensitive head. He slurped and sucked on him like a sucker, his pride had him surging forth sucking inch after inch of him into his mouth. ‘Ohhh so big!’ he wasn’t able to suck it

down to the root, though he gave it his best try. He whined, before pulling back to the tip, he laps at the underside.

The taste of Naruto's dick made him all the hungrier, he managed to get 10 inches down, not a bad start. Naruto's free hand pet Kiba's head, fingers running through his hair. He moaned around the shaft, sending pleasing vibrations through him. The dog nin was in hog heaven, he took in deep breaths through his nose, inhaling the blonde's musk. Kiba found himself cumming again, his hole tightening around his fingers.

His cock sprayed all over the edge of the tub. Kiba was putting in all his best effort to suck Naruto off, but he still came two more times before Naruto got off once. His seed erupted into the brunette's mouth, the thick cream rolling over Kiba's tongue making his taste buds explode. His eyes rolled up and his cock twitched in a dry orgasm at the taste. His mouth filled with semen, and he gulped it down eagerly.

He was in heaven, he barely noticed when Naruto removed his fingers and lifted him up. Naruto made sure the bath stayed clean, and he showered them off again. When Kiba came back down they were back in the bath, he could feel the blonde's still hard cock pressed against him. 'He's still hard after cumming so much?' the possibilities were high. "You know...we could..." Naruto silenced him with a kiss.

“I’m fine, trust me, you were wonderful.” He pulled Kiba in for a warm embrace and sank them into water. “We have plenty of time.” He pulls Kiba into a kiss, and the dog nin has a lovely make out session. The two chat about their likes and dislikes. ‘This is so nice.’ They part ways after a nice bath/cuddle, and the dog nin was in a daze. “I’ll see you around.” Naruto calls waving him off. Kiba was absolutely giddy.

When he returned home Akamaru blinked at him. “Did you get laid?” Akamaru asked him in dog.

“That’s the funny thing, I didn’t, I met someone, and I had a really nice time.” Akamaru was surprised. His master met a lot of guys, and while he had fuck buddies, he had never said he had a nice time. They were always fun times, he had fun, but Kiba looked so happy. Kiba shared what happened, the cuddling, the talking, the multiple orgasms. “He made me cum without touching my dick. His scent, his taste, all of it was heaven. He awakened things in me I didn’t know was there.”

‘I knew they were there,’ Akamaru thinks. Kiba may have been a decent top, but it was clear he needed more than just a quick lay. Kiba had needs he wasn’t fulfilling which caused him to chase ass after ass after ass.

With Naruto...

When Naruto got home he found Menma riding on Juugo's cock, the orangette was clearly drained. "Hey big bro perfect timing!" He pulled off his spent cock, cum rushing out of his ass. "He lasted a lot longer this time."

"That right," Naruto comes in, stripping in an instant thanks to his jutsu. His boxers drop, and frees his semi hard dick. Naruto kisses Juugo's forehead. "Good job." Juugo moans, and his cock hardens right back up.

"Damn bro I'm so jealous." Menma jokes.

"I'll make it up to you." He stuffs his hardened cock into his brother's tight heat. "Ohhh yeah!" he moans. Juugo lines his cock up alongside Naruto's and slides in. "Fuck, I love our family!" he moans. After Menma cums, Naruto and Juugo cum, then it's Juugo's turn for getting his ass stuffed.

Hidan showed up, and quickly passed out from a nosebleed, pitching a massive tent in his pants. 'Damn them!' The trio carried on. Naruto driving into Juugo, the orangette getting driven into Menma. The trio fell into blissful sleep, getting a few winks before the exam tomorrow.

To be continued

Next Time! Chapter 7 The Exam Begins

Digitally Miraculous

Gennai is the last guardian, seeking those pure of heart to right the wrongs of long ago. Finding the chosen teenagers with attitude they join with their partners to become heroes. With new threats the face they must work together and grow stronger, and even unlock new powers.

Chap 1 Heroes and Villains

Gennai a young man, that was chosen to be the next guardian of the Miraculous. Sacred treasures holding the kwami creatures of strange and fantastical power. Legends passed down of the great heroes who became partners of the Kwami, to become heroes.

It was his job to protect the Miraculous, but he made a mistake. He had fallen for a woman, and gave her power. Only to realize she loved the power more than him. She soon wanted more power and tried to take more power for herself. “Think of it Gennai, you can get the other Miraculous, think of what we can do?”

“Maki, I’m a guardian, it’s my job to protect them until their rightful owners come for them.” She laughs.

“Yes, Tapirmon suits me well.” she touches her bracelet. “But I could do so much more.” she touched his chest. “You could help me reach my fullest potential.”

“No! One must never try to take more than one miraculous.” The look in her eye didn’t show she cared. “Maki, if you continue down this dark path, you’ll lose Tapirmon. I will have to take him from you.”

“You shouldn’t have said that, I don’t care what those old geezers say, but I’d hoped you’d join me.” Tapirmon appears in the room. “Tapirmon: Transform!” Her charm glowed and Tapirmon was sucked in.

“Maki!” She transformed.

“Nap Time!” she blew him a kiss, releasing a cloud of smoke. Gennai tried to grab his weapon, but the power of Tapirmon was so strong.

“Maki, please don’t do this!” Gennai had begged her, his conciseness fading.

“We would have made a great couple. You just had to do what I say.” she says as he passes out. “But I can do it myself, no one is taking Tapirmon from me!”

-x-

Maki had killed the elder guardians, they had raised Gennai, trained him, and gave him purpose. She crushed them with her power, in just enough time before she reverted back to human form.

When Gennai woke up he raced to the temple, to see the carnage. She had taken everything from him, his family, his mentors, broken his heart. He was blind, ignoring her lust for power, doing everything he could not to take Tapirmon from

her. He tried to warn her, and she had put him to sleep and had gone after the Miraculous Box.

The Miraculous Box is a puzzle box, a secondary defense against thieves. She had been able to decipher 4 of the puzzles so far. “Ohh sweet Gennai, if you had just joined me, we could have avoided all this.”

“You murdered the other guardians, for power!” he glared and drew his weapon. “I never should have let you have Tapirmon!”

“Oh really, then I guess I shouldn’t have these?” she revealed 4 other miraculous.

“Maki!” he charged at her and the two clashed. Gennai managed to get the Miraculous Box from her.

“Don’t fight me Gennai, you have no idea what I’m capable of.”

“You are right, I don’t!” he tried to cut her down only to be met with a double of himself. “What?!”

“Gennai, meet my Dream Gennai. He’s your replacement!” the two clashed. Gennai and Dream Gennai clashed back and forth. ‘He’s strong!’ their movements were like mirrors, just one light the other dark.

Maki chuckled. “Bet you had no idea of the power Tapirmon can do, he can do more than just put people to sleep, and walk through dreams, he can also manifest dreams.” Dream Gennai forced him back. “Isn’t he wonderful, he’s just as handsome as you, just as strong, and completely obedient.” she chuckled. “Can you imagine the look on the old geezer’s faces, when he showed up and killed them?”

Gennai saw red. “MAKI!” he charged at her. Dream Gennai tried to block, but while he was an excellent copy, he wasn’t a perfect copy. For example he didn’t have the knowledge the elders passed on to Gennai, like how to unlock all the potential hatches.

He bested his copy but Maki was a step ahead of him. “Here my love.” she handed the copy a miraculous.

“No!” the copy smirked.

“Transform!” Waves of darkness ripped out, the monster that was born overwhelmed Gennai. However he was so mad with power he blasted Gennai away, instead of striking a killing blow. Gennai escaped with his life and the Miraculous Box. The temple burned and he never saw Maki again.

Once he was in a safe place, he checked to see the Miraculous that were left, quite a few including some of the most powerful. “I failed, but I still have a chance. When the time is

right I'll make the right choice and find true heroes to protect the world, and stop Maki and her evil." He believed if he could get the Miraculous back he could atone for his sins.

-X-

The years passed and Gennai found he wasn't aging like normal. He wondered if it was a curse, or the power of the miraculoses. Perhaps it has something to do with Dream Gennai he wasn't sure. Despite his youthful appearance his strength faded.

For many years he stayed hidden, keeping the Miraculous safe till the time was right.

It seemed Maki needed time to recover as well. She had found a book, with special spells that is said could increase the power of one's miraculous, however only a true guardian could decipher it.

One thing she did discover, was that the four miraculous she stole weren't even the most powerful, if a special two were brought together it would create something powerful, world changing! "I will have those powers!" She had an army of half naked Gennai's serving her, some wore boxers, some wore speedos, or briefs, and some wore an assortment of erotic underwear. These were merely toys for her, her

generals were dressed in dark robes. “Tell me, how do you lure out a hero?”

“How mistress?” she smirked. She loved to be worshiped.

“With a villain!” she tossed her first Gennai a miraculous, this one different from the one she used back at the temple. “So my loves, I trust you shall become a villain worthy of drawing out the heroes?”

“Yes my lady!” he takes the object, a black ring with red markings. “Transform!” Black latex spread over Dream Gennai’s body, becoming like a second skin on his muscled form. He gained long fingers; red finger on the right hand, and a black middle finger on the left. Red markings appeared over his chest, and he sprouted wings for his back. “I am Deviman!”

“Wonderful, go forth and find me some Miraculous!” he gave a bow. “Yes my lady!” she used her power to take over a building. She gave her Gennai a place to output work from. “Do not fail me my dear, remember there’s other Gennai to take your place.”

-x-

Gennai had laid down roots in Odaiba. He didn’t know why he felt drawn here. Little did he know the perfect holders were in fact in this city.

Tai Kamiya was spending the night at his boyfriend's place. He was currently in his boxers cooking breakfast, as said boyfriend was taking a shower. A mop of blonde hair came out of the bathroom. The only towel was being used to dry himself off. "Hmm, there's my boyfriend. Good shower?"

The smell of breakfast made his stomach grumble. "Fine, would have been better if you had joined me." he kissed the brunette's neck.

"Then I wouldn't have had time to make you breakfast." he passed him a piece of bacon." he took a bite.

"Oh kami, an ace in the bedroom, and an ace in the kitchen what did I do to deserve you." the blonde moaned.

"You have a sexy ass, give amazing head, your smart, your funny, and certainly not shy." he turned off the stove and turned around. He held the rest of the bacon between his teeth. His hands came down and cupped the blonde's ass.

Matt Ishida, they'd been together a few years, known each other since they were kids, finally confessing in high school. He embraced his naked lover, the two doing a Lady and the Tramp with the bacon, until their lips met. "Mmm," he moaned into the kiss.

When the kiss broke Matt licked his lips. "Tasty!" he purred.

“Sit your sexy ass down and I’ll fix you a plate.” Tai says and gives him a kiss on the cheek. Matt does, sitting down and Tai brings him a plate. His father comes in, he’s had a long night. Hiroaki Ishida is a reporter, and works really hard to provide for his son. “Hey dad, Tai made breakfast.” He walks in loose shirt and a pair of boxers.

“Hot damn!” he says, he sits down and Tai gets him a plate. “I don’t know what you see in my son, but I’m glad he landed you.” he starts digging in.

“Dad!” Matt scolds blushing.

“Hey, you got a guy who cooks like this. Hell I’ll marry you, you don’t mind sharing do you son?” Matt blushes from ear to ear. Tai laughs. “He doesn’t mind sharing, but the only one I’ll marry is Matt.” he kisses Matt, and the blonde gets as red as a tomato.

They had an open-ish relationship, the only restriction was no women. Tai was an open free loving guy, he had this way of drawing people in. Matt was cool with sharing the love, because with other guys he had equal footing, but women could give Tai something he can’t...children. So he wouldn’t mind sharing Tai with all the harem brothers he wants. That didn’t mean Tai jumped into bed with any tom dick or harry he came across, Tai wasn’t like that. If he wanted to be with someone he wanted to fall in love with them.

“I got soccer practice this morning.” he says sitting down with his own plate.

“You coming to my band practice right?” Tai nods. “Of course.” he steals a kiss.

Tai finishes his breakfast fast. “I made some extra in case Takeru comes by.” he gives Matt another kiss before heading to get dressed. “Later guys.” he says before heading out the door.

He headed towards the school. It was early so not a lot of hustle and bustle. Some kids were playing at a park, one kid was trying to catch bugs, none of the other kids was playing with him, thinking him to be weird. A man in skin tight black leather appeared. “Hello there little one, get ready to fly higher than the bugs you try to catch. I shall give you power to make those that avoid you pay.” With a dark touch he infused one of the bugs with dark energy. It touched the boy and it changed him. “Ku wagamon, I am Deviman, your master, I order you to reek havoc and spread chaos lure out those of power and bring me their miraculous!” he vanished.

Kuwagamon let out a roar. He stomped over and was ready to attack the other kids. People screamed and ran.

Gennai sensed the evil and went to investigate, bringing the puzzle box with him. The kids tried to hide, but Kuwagamon

tore the park apart. The kids cried and huddled together as Kuwagamon's powerful jaws ripped the park apart piece by piece.

He managed to throw a blast of energy to distract him but the attack drained him. 'Darn it my powers have faded, I need to find someone to take up the reins.' As he looked as others ran too scared to get near.

A soccer ball went soaring and hit him in the head. "Hey ugly!" the massive red insect turned and glared. "Why don't you pick on me." He kicked the soccer ball again and hit him. The bug crushed the ball and roared. "Come and get me you overgrown insect." He ran off, leading the bug away from the children.

'I think I found a holder.' he worked the puzzle box till the crest of courage was dominant. It opened up to reveal a charm. He picked it up, and he quickly sealed the box. 'Well kid, I hope your ready to be a hero.'

To be continued

Chap 2 Aguman

Smoker's Love Affair

Smoker is having an affair, he knows he should stop it but he wants it too much. He knows he should lock him up but he can't, he's gotten a taste of gum gum and can't give it up.

Smoker/Luffy

Smoker didn't seem to be the relationship type. The man looked like he was all business all the time. Married to the job you might say. He was in fact in a relationship, not the best kind, as he was keeping it a secret he had to. He knew he shouldn't keep this relationship going, it was a mistake never should have happened. White Chase Smoker had fallen in love with a pirate.

He knew when it all began way back in Logue Town, when he met his current lover. He didn't know who he was at the time, had no idea he was a pirate, just a tourist. When it came to light he had tried to catch this young man. He asked and ended up being captured by another pirate.

When it looked like he was gonna be killed, Smoker had thought about saving him. He quickly shook those thoughts. 'He's a pirate, and just like all these pathetic pirates he will cry when he meets his end.' He'd seen it time and time again, the bravest of pirates turned to cowards when they faced execution. Only one pirate had he seen to actually smile at the end. "Zoro, Sanji, Nami, Usopp...sorry but I'm dead!" he smiled.

“He smiled!” he felt his heart skip a beat. In the end Monkey D. Luffy was saved, and he somehow felt relieved. He shook that feeling away, and quickly tried to catch the boy only for him to escape again.

He ended up chasing Luffy to the Grand Line, the chase seemed to make his feelings grow hotter. The rubber boy’s smile haunted his dreams. Smoker hoped he could erase the boy from his thoughts as soon as he captured him.

It wasn’t till he caught up with the Straw Hats in Alabasta did he meet Straw Hat Luffy again, and once more he continued to allude him. Getting interference from Luffy’s older brother Ace. ‘I’m gonna capture him!’ He continued to chase Luffy all over the Desert Kingdom.

They ended up falling into a trap, and to make matters worse his life was saved by Luffy’s order. He owed his life to the boy or he would have drowned. He was torn on his marine duties and his life debt.

After Crocodile was captured, Smoker received intel that the Straw Hats were taking shelter in the palace. It was a mess, he owed them another debt for stopping the warlord from destroying the kingdom. It wasn’t as if the marines could storm the palace. He however wasn’t limited to things like walls. He’d go and see for himself.

Turning into smoke he slipped past the guards and into the guest wing. It seems the crew was off somewhere, no doubt gathering supplies to try and escape, leaving their captain alone in his bed. 'I got you now Straw Hat.' he pulled back the covers and gasped. 'He's naked!'

Luffy after the bath had returned to bed without a stitch of clothing. He was sprawled out in all his naked glory. The boy was completely naked and defenseless, and Smoker found his blood rushing south. The boy must have been having a very good dream as his cock was hard as a rock. 'He's so big!'

Smoker didn't know what he was doing, but the boy's cock seemed to call out for him. He took hold of the boy's length. 'Time to satisfy some curiosity.' he gripped the boy's length firmly earning a little moan from the rubber man. Giving a solid tug, he was amazed as the hard flesh seemed to stretch with him, he released it having it snap into place. "Ooohhhh!" Luffy's moan echoed in the empty room, his dick started leaking pre. Smoker felt his cock lurch at the noise. 'This is wrong, this is so wrong.'

He cupped the boys balls and brought his tongue to the boy's dick. Lapping at his stiff cock, smoker felt his own manhood throb. With his free hand he released his cock, pulling out his own massive dick. He played with the boy's nuts, licking up and down his shaft, as he pumped his own fat cock.

“Mmm, Smoky!” The white haired male froze, and looked up and saw Luffy was still asleep. The boy’s cheeks were heated up in a blush, his lips curved up in a smile, a trickle of drool running down his chin. ‘Oh good he’s asleep...wait a minute that means he’s dreaming about me?’ that thought made him even harder and he descended upon the boy’s length.

He slurped and sucked making the boy’s body tremble. ‘He’s a heavy sleeper good to note.’ he bobbed back and forth over Luffy’s cock, the pre pouring into his mouth. He felt the young man twitch in his mouth, a sign he was close, so he relaxed his throat and deep throated the rubber man, sucking him down to the root and burying his nose in Luffy’s pubes.

Smoker breathed through his nose, inhaling the boy’s natural musk, making him moan around the boy’s dick. Luffy moaned as he came, his hips bucking as he came deep into the logia’s mouth. Smoker continued to suck him through his release, slowly pulling back to the head to catch the last of his release. His cum was thick, and warm and tasted like meat.

When he pulled off his cock, he licked his lips, savoring the flavor. “Smoker?” The marine froze, he turned and met Luffy’s gaze. The boy suddenly grinned. “Oh I’m having that dream again.”

Before Smoker knew it, rubber arms were wrapped around his strong neck and the rubber man was on him, lips pressing

against his own. Smoker's cock throbbed against the rubber man, as a heavy make out session began.

He couldn't resist, he gripped Luffy's plump rear and fondled it, grinding against Luffy. The heat between them built higher and higher until he came, his seed splattering Luffy's rubber body. The boy shivered as each spurt painted him. He blinked, snapping out of his daze. "This is real?"

Smoker blushed. "This didn't happen, forget about it!" he turned to smoke and escaped Luffy's hold. "Wait!" Luffy called out to him, he did at the window. "The next time we meet we will be enemies!" he says before leaving.

He should have captured him, it was the perfect chance, but he didn't. Luffy escaped Alabasta, and Smoker wouldn't see him again for some time. This gave him time to think, and dream, and the rubber man haunted his thoughts. His dreams didn't stop with the incident in Alabasta they went farther and farther, with the marine pounding the young pirate's hole. It must be tight, eternally tight being rubber.

In his alone time, his dick refused to soften until it was satisfied, it was craving Luffy's mouth and ass. 'Little traitor!' he kept the boy's wanted poster in his cabin. No one suspected anything. He pumped himself staring at the boy's poster.

They didn't see each other again until Marineford. They clashed, and Smoker found himself getting hard having the boy beneath him. It seems he wasn't the only one, Luffy's manhood pressed against him. The two blushed, and Smoker hesitated which allowed Hancock to make the save.

After the war, Luffy escaped him once again, and he disappeared. For a year and half he hadn't seen or heard of Luffy at all, and a part of him feared he had truly died. He tried to move on, find a nice marine, he could actually be with, but after the first try he stopped, feeling like he'd be betraying Luffy if he continued.

So he doubled his efforts in finding him. Smoker was a smart man, he eventually figured things out from Hancock's interference that Luffy might be stashed on one of the islands in their territory.

He couldn't take a ship, but again being smoke it meant little to him. He snuck into the Kuja territory, and found the rubber man, older, wiser, stronger, and once again naked. Smoker gulped taking in the sight of the naked lad.

It seemed Luffy had developed his observation haki. "Are you here to catch me Smokey?" he asked, not bothered at all by his nudity. The logia's heart was racing, his cock swelling in his pants. "Not today, I'm not here as a marine, I'm here as a man." he takes off his jacket and leaves it next to Luffy's hat.

As he strips, Luffy's cock rises. Luffy welcomes him in open arms, their hard cocks rub together. "I still owe you from last time." he said and drifted down to suck Smoker's dick.

"Fuck Mugiwara!" he moaned as Luffy swallowed him in an instant. He almost whined when Luffy pulled off almost as quickly. "Say my name!" he says, he looked almost upset. Smoker blushed.

"Luffy," he says and Luffy grinned, that smile that made his heart flutter. Luffy went back to sucking his dick, and all was right in the world. "Ohh fuck!" he ran his fingers through the rubber boy's soft locks. Luffy moaned around his massive dick.

The rubber boy might have been hung, cock reaching 10 inches, but Smoker was even larger. Length and girth, he had Luffy beat, his length was 14 inches long, and he was fat! Didn't seem to bother Luffy though, as he sucked his massive man meat like a pro. "Ohh Luffy fuck!"

His climax was strong, thick manly cum flooding Luffy's mouth, the boy caught it all and held it in his mouth. With a chuckle he swallowed it all in one big gulp. The rubber man offered himself to Smoker.

The white haired marine licked his lips at the sight of the boy's tight hole. He spread his cheeks and gave it a kiss.

“Ohhh,” the rubber man shivered, the larger male lapped at this hole, his tongue slipping inside. He got his channel nice and wet.

Luffy moaned and groaned, Smoker reached around and started pumping the rubber man’s dripping length. “Smokey!” he moaned. The noise went straight to Smoker’s dick. He knew how to make more of those noises.

Squeezing the boy’s dick, and stretching it out, before letting it snap back to normal. “Ahhhh!” his hole spasmed. Smoker decided to satisfy another curiosity. Using both hands, he took Luffy’s hole and stretched it wide and got a good look at his insides. The boy simply moaned in delight. He released his hole and watched as the tight channel snapped back to perfect tightness. His manhood throbbed in delight.

“Smoker...” he panted. “Please...please fuck me...” His words were like an arrow through Smoker’s heart. His cock was wet with pre and Luffy had asked so nicely. He lined up his cock and with one thrust he buried his length inside.

The two moaned hotly. “So tight!”

“So big!” Smoker didn’t have to wait, he started moving, the unbelievable friction drove the two wild. Neither one could last long, it had been awhile for either of them. Luffy came

first, and the clenching of his climax pulled Smoker over the edge.

It wasn't over, not by a long shot, and Luffy was eager to continue. They spent the next week fucking like horny bunnies. Even the animals had to give mad props to Smoker. The two fucked, bathed, ate, then went back to fucking. Smoker's balls were finally happy, his bad case of blue balls was finally over.

Soon it was time for him to leave. "Are you coming back?" Luffy asked. The question made Smoker pause.

"I shouldn't," Luffy frowned. "But I will," he tossed Luffy a special Transponder Snail. "This is a direct line to me." he wrote down the number. "Call me, and I will come."

"Thanks Smokey." he gives him a hug.

"When you call me, I'm not Smoker the marine, I'm just Smoker the man, but if we meet I'll have to catch you." Luffy chuckles. "You can try, we'll see what happens." That attitude made the marine chuckle. "Indeed we will!" He was called back now and then, and no one was none the wiser.

That was how Smoker wanted it. He was a marine, Luffy was a pirate. It was his job to capture Luffy, not make sweet sweet love. Yet he couldn't bring himself to turn away when Luffy called for him.

-X-

Now here he was, leader of the G-5, and he bore a heavy secret. He knows it's wrong, having a love affair with a pirate. He's had many chances to stop, or even betray Luffy, but that wasn't the kind of man he was.

He had gotten a taste of rubber and now he was hooked. Time away from Luffy grew more and more now that he was back pirating. Smoker continued to chase him, while his need for him continued to grow.

PuruPuruPuru, PuruPuruPuru, PuruPuruPuru,

It was his private transponder snail. He answered it. "Yes?" he asks. What follows is a series of code. "Roger!" he hangs up and heads out. "Tashigi, I'm heading out, contact me if there's trouble."

"Oh uh yes sir!" she says before he takes off.

He arrives at the location in record time. "Smokey!" the rubber man slams into him. "Must you do that?" Smoker groans.

"Sorry, was excited to see you." he chuckles.

"So am I," he tilts the boy's chin up and captures his lips. Luffy kisses him back. It was time for Smoker's trick, using

his smoke he was able to strip them both we out breaking the kiss. He was thankful the boy wore vests, made it easy.

Soon they were both naked, Luffy's hard 10 incher rubbed against Smoker's 14 incher. He toyed with the rubber man's body, using his smoke to caress his muscles. "Ahh Smokey, so good!" the boy's moans were still music to his ears. "I wanna do something special!" he says excitedly.

The marine smirks. "Go for it!" he soon finds himself on his back. Luffy was making sweet love to his dick. His lover was very creative. His tongue stretched and coiled around his thick man meat, so that the tip could flick his head, and the rest of his length was licked and squeezed. That was the trick he pulled out last time, this time well...

"Holy fuck!" Luffy swallowed his whole crotch, Smoker's dick sucked down his throat, and his balls held in his mouth. He sucked every inch, as his tongue juggled his balls.

"Luffy!" he moans.

Luffy moaned, sending pleasing vibrations through him. He had his nose buried in Smoker's thick nest of manly hair.

"Ohh so good!" His heavy balls lurched and he came.

He drank it all, he wasn't the type to waste. Luffy pulled back. "What do you think?"

“I think you are a perverted little monkey, and I love it.” Luffy grins, and chuckles. The rubber boy pulled back and spread his legs. “Please Smokey, I want you inside me.” he says and spreads his cheeks.

“As you wish.” he says, he lines his cock up and pushes into Luffy’s tight hole. The rubber boy’s toes curl as he’s stuffed with Smoker’s massive man meat. Luffy’s hole was permanently tight, no matter how much punishment he gave it Luffy would always be virgin tight for him. “Ohh so good!” he was home, his dick throbbed in delight to be hugged by the rubber boy’s inner walls.

“Smokey move!” the boy ground his hips against Smoker’s crotch. The marine smirked. ‘Little minx!’ he starts to move, his heavy balls spanking Luffy’s plump ass. “Ahh yes, yes, yes!” Luffy moans, his hard cock rubbing against Smoker’s abs.

“Feel good, Luffy?”

The boy smiled. “So good!” he drove a little harder and brushed the rubber man’s sweet spot. All at once the male’s insides clamped down onto Smoker’s thrusting dick. The friction between them intensified, but that didn’t stop Smoker, he kept thrusting making Luffy pant and moan.

His pre soaked the boy's insides allowed him to speed up. Luffy couldn't hold back, he arched against Smoker and came all over Smoker's abs and pecs. "Fuck!" The marine slammed into his ass one final time and came, his seed pumping deep into Luffy's stomach.

He lifted the boy up and held him against his wall of muscle. "Shihihi, it'd be nice if we could do this every day." Smoker rubbed his back. "Will you join my crew?" he asked.

"No, I'm a marine," Luffy pouted. He had no idea just how tempting that offer was. On both sides Smoker wasn't ready to end this love affair...not yet anyway. "Want another round?"

The smile was back and Smoker's heart fluttered. "Oh yes, my stamina has really improved." It was Smoker's turn to smile. "Show me!" The two went at it once more. 'I love you, Luffy!' he thinks, as the boy rides him.

End

Grimmjow's Queen

When Grimmjow is an adjuchas he is attacked and injured and escapes to the human world and falls under the care of Ichigo.

Chap 1

Grimmjow growled, cursing his fate. ‘Damn it, it can’t end like this!’ he was being tossed around, he had a wound on his side, damage to his legs, and he had a wound above his eye.

The feline like hollow, had ran into a vasto lorde. This thing was too powerful, and boy was it vicious. It clawed him, and tossed him around like a rag doll.

Grimmjow managed to rip out his eye but he was losing a lot of blood. His vision was blurring as the hollow made it’s way towards him. “I won’t die!” he fired a cero, his most powerful ever, and the vasto lorde hissed and Grimmjow escaped through a garganta.

He had no idea where he was going or where he’d end up, but he had to escape. He landed in the world of the living. Not at the best time either, dark clouds were circling the sky, the rain pelting the ground as thunder boomed through the sky.

The rain was cold, or maybe his body was just cold. ‘Am I dying? Damn it...damn stupid rain...’ the rain seemed to fall harder on him, as if the world itself was crying for him.

‘What a joke? I was supposed to be king!’

He looked around, he was on some grass by a walk way, there was a river not too off as well. ‘If this is where I’m going to die, good a place as any.’ he closed his eyes and waited for the hand of death to claim him, least he wouldn’t be some bastards’ meal.

A few minutes passed...

Grimmjow felt the lack of rain on his person, he could still smell it but something was shielding him. “You’ll be okay.” these words, spoken by such a warm and gentle voice, it opened his eyes.

What greeted him was a bright glow, he was under some kind of barrier. He shifted and saw a bright mop of orange hair. “You’ll be fine, I got you.” the boy put his hands on the barrier. “I reject.”

At these words Grimmjow’s fate changed, his wounds healed, and his strength returned. ‘What is this?’ he was healed, and the barrier fell, and he saw the face of his rescuer. ‘It’s just a kid.’

“There all better,” he flashed a dazzling smile and Grimmjow felt a pulse through his chest. “You take care now okay.”

Grimmjow got pat on the head. ‘That fool, does he even realize what I am?’ he walked away and Grimmjow rose up. He had to admit his interest was peeked.

Grimmjow's pov

There was something strange about that boy. I couldn't let it go, my time in the world of the living couldn't be long. With my power it wouldn't take long for those soul reaper bastards to come looking for me.

My return to las noches was interesting, that vasto lorde fucker tried to kill me, but I was ready this time. I felt stronger than ever before, and I tore out his throat and made that bastard my food.

I spent my time traveling between worlds. Ichigo, I learned his name from what the other humans called him. Hehe a berry indeed, he seemed to be like just like any other human, but I could feel it, that power.

Following him around was easy enough, most humans couldn't see me after all. He could though. "Hey Mr. Cat!" he called to me.

"My name's Grimmjow kid." he raises a feline brow. Wouldn't most kids be scared of a large predator feline. 'This kid is odd.'

"Grimm...jow..." he tested out my name. "That's a funny name." his laughter was nice.

I twitched in anger, and a little amusement. “Not funny Berry.”

“Hey! Don’t call me berry!” I couldn’t help but smirk. Taking my leave he called out to me again. “Hey wait, am I going to see you again?”

Yeah he would, but I wasn’t about to tell him that. Yet as I looked into his almost chocolate like eyes, he felt himself nod. The boy smiled happily, and it made Grimmjow’s heart flutter. I kept stopping by now and then, keeping my distance only when I sensed a soul reaper. Had to keep them off my scent. I wasn’t able to spend all my time in the human world, my spiritual pressure would have attracted attention. My time in Las Noches, I ended up building a pack, and left my affairs to them when I went to visit Ichigo.

I should have stayed away from the kid, but every time I came around Ichigo smiled at me with that beautiful smile of his. It kept drawing me back, time and time again. I found myself staying with him longer, and closer. Instead of just watching from afar I would spend time with him in his room.

He didn’t seem to mind. In fact, my presence made him smile more. He wasn’t scared of me, I wasn’t sure how I felt about that. That boy’s smile made me forget about everything else.

Then it was gone...while I was away, dealing with some territory dispute, Ichigo's mother was killed by a hollow. It was Grand Fisher. When I see him I'm gonna rip him apart. It was raining that day as well, Ichigo hasn't smiled since that day. I tried to hunt the bastard down, and kill him, I'd bring his corpse to Ichigo as a trophy.

I wouldn't eat him, I didn't want that filthy bastard inside him. Finding the bastard was tricky, he was good at covering his tracks. Even going as far as having my followers hunting for him to, they didn't question my orders. 'I don't know if I can face him, he must hate and fear hollows now.'

End Grimmjow's Pov

The panther like hollow eventually broke down and came to visit Ichigo. He could smell the boy's sadness, and it made him angry. He chose to venture forth, passing through the walls of the boy's home, and Ichigo's spiritual pressure hit him like a ton of bricks.

He had to physically brace himself, to keep himself from hitting the floor. He knew the boy was strong, but in his turmoil his energy was like a storm. "Ichigo," Grimmjow spoke, and the boy sat up in his bed. The storm seemed to calm, allowing Grimmjow to breathe.

“Grimmjow,” he gets out of bed, his face emotionless, and as he approached Grimmjow’s natural instincts were kicking in. Fear! Fear that Ichigo would hate him, fear that Ichigo would push him away and reject him.

Once Ichigo was close enough he could see the tears. In an instant the boy was on him, hugging him tight. He cried, and Grimmjow felt his heart ache. Grimmjow nuzzled him, trying to comfort the lad. “Tell me what happened?”

“I tried to save her...” he says and Grimmjow tensed. Ichigo had the power to heal, so he was curious how this happened. “I healed her wounds, but she didn’t wake up.”

“It’s not your fault.” Grimmjow says. The boy shook his head. “Yes it is, I wasn’t strong enough.”

“You are stronger than you know.” Grimmjow licked his cheek. The boy giggled. “That tickles!” The panther hollow, felt his heart race. He starts licking Ichigo again and again. “No more tears,” he says and nuzzles him.

“I miss her.” he heads back to his bed. “Dad says it wasn’t my fault, but I can’t help but feel like it was.”

Grimmjow got in bed with him and curled around him comfortingly. “It wasn’t your fault, you did everything you could.”

“Hey Grimmjow, can you stay with me tonight?” The feline tensed. ‘Stay...all night...this could be bad.’ Ichigo started to pet him and all Grimmjow could do was purr. ‘Fuck it!’

“I’ll stay.” he admits defeat.

“Yay!” Ichigo hugged him. He continued to pet Grimmjow, as his pressure lightened and caressed every inch of him. The adjuchas purred in delight. “Thank you Grimmjow.” he says cuddling up to him.

‘This is nice...’ Grimmjow drifted off to sleep, curled protectively around Ichigo’s body. Come morning he expected at least six soul reapers to be waiting to kill him, but as it turned out no. Then he remembered the tiny humn pressed against him. ‘Don’t tell me his pressure masked my own?’

Grimmjow was able to spend his nights with Ichigo. It was heaven, Ichigo knew all his happy spots to make him feel like a kitten. His days with Ichigo grew more and more, only leaving to go hunt, Ichigo’s overflow of power could easily satisfy him, but he wasn’t some house cat he needed to keep his skills sharp. Plus he wanted to rip Fisher apart.

“Come back soon!” Ichigo called, waving the feline off.

“I will,” he vanished back into the world of hollows. Things in Las Noches were changing, someone was experimenting

on hollows. “Lord Grimmjow, we don’t want to question your activities, but things in Las Noches are troubling.” They were starting to worry about their master.

They’d acknowledged his strength and vowed to serve him. Grimmjow told them he wasn’t satisfied remaining as he was, he was gonna become a Vasto Lorde! While they did notice Grimmjow was getting stronger somehow, no matter how many hollows they ate they weren’t evolving.

“What’s happening?” he asked.

“Hollows are disappearing.”

“Even some of the greater factions are vanishing.” With things as they are, if they couldn’t evolve soon, they might end up vanishing as well.

“Fine, I will check it out.” Grimmjow says. “You guys protect my territory, while I investigate.”

“Lord Grimmjow, if I may?” Shawlong came to him. “I don’t mean to press, your time away, you always come back stronger. Might I ask how?” Grimmjow growled. “I only ask, because this source might be able to help us as well.”

Grimmjow wasn’t stupid, he had a feeling if he devoured Ichigo he would achieve the power of Vasto Lorde, but the idea of eating Ichigo made him sick to his stomach, and the

thought of his followers touching Ichigo angered him. “Leave it!” he hissed, and dashed off. Shawlong was shocked. ‘I’ve never seen Lord Grimmjow so angry.’

As Grimmjow explored Las Noches, he noticed many of the packs were missing. A sudden burst of spiritual pressure made Grimmjow freeze. ‘This pressure it’s coming from my territory!’ he raced back, but found his men defeated, with three soul reapers. “You must be their leader, I’m Sosuke Aizen.” Grimmjow growled.

He charged at the soul reaper and despite his best efforts he lost. Despite being wounded and bleeding heavily he still got up to try and challenge the reapers. ‘Ichigo...I’m sorry...I don’t think I’m gonna get back to you.’ he bared his fangs, and charged at Aizen.

-X-

Ichigo felt a sudden chill race through him. ‘Grimmjow?’

Uzumaki Brothers

Naruto and Menma are brothers, Minato and Kushina split Kyuubi's soul and sealed each half inside their respective sons. Menma's hair turned black because of Kyuubi's chakra. Naruto Menma Harem

Characters

Menma: Chakra: Wind/Fire Jinchuuriki: 4 Tails of Kyuubi
Size: 8 inches Uncut

Fox Step – Using his wind chakra he is able to move at vast speeds;

Tongue of Beasts – Able to talk to animals;

Fox Magic – He is able to create illusions and by applying his chakra to it can make it real or make the illusion last a long time;

Fox Fire – He wields unique fire chakra offensively

Naruto: Chakra: Wind/Water Jinchuuriki: 5 Tails of Kyuubi
Size: 13 inches Cut

Fox Fang – Uses wind chakra to make powerful attacks;

Fox Claw – Has amazing strength that can be amplified by his chakra;

Fox Trick – is skilled with a unique substitution and clone jutsus;

Fox Healing – Heals quickly, and has increased stamina he can also use it to heal others;

Fox Sense – Getting great sense of smell and hearing making him an excellent tracker.

Itachi: Chakra: Fire, Earth, Water, Lightning Rank:
Former Anbu, Current Jounin Teacher Size 11 inches
Cut

Sasuke: Chakra: Fire, Lightning Size: 10 inches Cut

Kiba: Chakra: Wind/Beast Chakra Size: 7 inches Uncut

Chapter 5 What Happens In the Library

While Naruto and Kiba were playing Menma was taking care of Sasuke in more ways than one. The raven was positively throbbing in the tight confines of his pants. Menma palms Sasuke's bulge, hoping to coax him awake.

You see Sasuke had suffered a powerful nosebleed and fainted, however one part of him was still very very very active, his penis was pushing desperately at the fabric. Menma pawed at his crotch, fondling the bulge. Sasuke groaned but he was still knocked out cold. "Hmm," Menma hummed caressing the bulge. "Watch out I got an idea."

Sasuke's pants were undone and pulled down. The Uchiha's dick tented his boxers, pre making a wet spot in them. "You Uchiha's sure have big dicks." He squeezed his length through his boxers, and Sasuke moaned. Pre began to leak through the fabric.

Menma chuckled, he leaned down and licked the wet spot. He removed his shorts, and began to pull down his boxers. The band tugged down his length, down and down, and Menma fought back a squeal of delight. After

10 inches Sasuke's hard dick snapped into the air. The raven's pale dick looked delicious.

Uzumaki pulled off his underwear and took a quick whiff. "Mmhhmm," he purred. "That's what I love about big dicks, they spend all day rubbing against the confines." he pockets the Uchiha's boxers and spreads his pale legs.

It was a right of passage for Uchiha's to keep their body hair shaved, Sasuke was no different, his bald crown and smooth family jewels. The Uchiha crest was tattooed over his crotch.

Menma fondled the smooth orbs, feeling the precious jewels up and weighing them in his hands. "My brother and I, are gonna drain these bad boys. You won't have to fap alone ever again Sasuke." he kissed the boy's balls.

He moved up his shaft, kissing each inch as he moved up to the tip. The tip was a lovely shade, pre spilling over. He licked around the head, before giving the tip a tongue lashing. Sasuke moaned in his sleep, his body flexing in pleasure, but did not awaken.

Menma licked his way down Sasuke's dick, giving a lick to each ball, before going back up. The Uzumaki was

having a blast, licking around his penis, tasting every inch. Sasuke panted, his heart racing, body shaking with each lick.

He moved up to the tip and wrapped his lips around it, slurping and sucking on the head. “Ohhh!” Sasuke moaned in his sleep, in Menma’s mind his actions were working in waking the raven up so he continued. He treated Sasuke’s dick like a sucker, swirling his tongue and sucking.

His hand pumped his shaft, coaxing more pre to get slurped away. Menma was a master cock sucker, sucking his brother’s dick on an almost daily basis. He was able to deep throat his brother and bury his nose in his brother’s thick nest of pubes. So Sasuke’s 10 incher was a big tasty treat.

He sucked him down to the root, and the sleeping raven arched off the ground and he came. His seed rushed down Menma’s throat. The whiskered raven sucks his way back to the head and gets his first taste of Uchiha cum. ‘Delicious!’ Menma purrs.

Menma sucked his way back down his shaft, slurping and sucking him through his orgasm, chugging down each spurt Sasuke had to offer. The raven’s toes curl,

as his orgasm is drawn out for several minutes. He milked the boy's dick of five extra spurts, and his penis continued to twitch in orgasm.

The Uzumaki wasn't done, and Sasuke wasn't either. His penis was still hard, so Menma kept sucking. This is when Sasuke came to, watching the raven haired boy slurp and suck on his hard cock. "Menma? Ohh fuck!" he bucks in pleasure.

Sasuke quickly looks around, they were secluded hidden in the old archives. Though his mind quickly turned to mush, it was like Menma was sucking his mind through his penis. "Oh ohh!" Sasuke felt hot, his cheeks burning in a blush. 'His mouth is so warm and wet, his tongue keeps licking my dick, so good!'

Another orgasm was building up, and Sasuke found himself drooling. 'He's sucking so good, fuck...I'm gonna cum!' just when he was about to tip over the edge, Menma pulled off his dick. "No! So close!" his wet penis pulsed in the air.

Menma smirked at him and began to strip. "Oh wow!" his penis oozed as he watched the younger Uzumaki get naked. His hard 8 incher stood proudly, he dropped his clothes to the side. "Get naked." The order was so

simple, but Sasuke was hypnotized by the Uzumaki's naked body.

His dark eyes roamed over Menma's sexy body. 'So hot, so sexy, his dick is as thick as my dildo.' Sasuke felt his manhole throb at the sight of his penis. The thought of Menma fucking him filled his mind and his ass and cock loved the idea. He still wanted to fuck Menma but his mind was evolving, the heat of the moment opening doors for him.

"Come on Sasuke, hop to it." he wagged his cock at Sasuke, and that helped snap him out of his daze. He blushed and pulled off his shirt. His cute pink nipples, were already nice and perky from arousal, his smooth pits were so cute. Menma pushes him back down and straddles his hips.

Sasuke gulps, and soon groans as Menma toys with his perky nipples. Menma chuckles, and rocks his ass against Sasuke's big dick. As the penis sits between his toned buns, he feels Menma's hole twitch against him, heat caressing his manhood.

Menma pinches the perky nips, making Sasuke buck and groan. "You ready to lose your cock virginity?"

Sasuke nods his head, he couldn't form words. Menma chuckles and lines Sasuke's cock up with his ass hole.

"Wait, you need prep!" Menma simply winks at him and slams him down, swallowing his dick in one go. "OHHH YES!" Menma drools, and Sasuke let's out a cry of his own. "TIGHT!" he howls.

They still for a moment, Menma loving the feeling of being stuffed, and Sasuke losing his mind as every inch of him was hugged by Menma's insides. 'I did it, I lost my cock virginity to Menma.' His pre was pouring deep into the Uzumaki's body.

The Uzumaki, reached down and began playing with his penis, foreskin sliding back and forth over the head.

"Your dick feels so good inside me Sasuke."

"Idiot!" Sasuke moaned, he tried to sound angry, but lust overwhelmed him. "You need prep." he tried to scold, but watching Menma play with himself on his cock was too much.

"Normally yes, but last night my brother fucked me all night long, it'll be a few days before my hole reforms completely." he giggled. "You'll understand soon enough." Sasuke blushed, getting a reminder of the Uzumaki's promise to share him with his brother.

Menma uses his free hand to rub his belly. “You’re dick feels good inside me, I can’t wait to feel you cum.” His hole suddenly tightens and Sasuke moans. “My brother is very potent my insides are always soaked when he’s done with me, you gonna love it.” he had made sure Sasuke’s dick was nice and wet to boot, he wasn’t stupid, prep was key in sex.

Sasuke moans, and his penis twitches in delight. “I’m gonna move!” he hears and Sasuke watches as Menma pulls up, the tight ring of muscle holding him tight. The raven pants and groans as Menma rises to the tip. He slams back down and the two moan.

Uchiha’s hands come to his ass, and grope the cheeks as Menma moves up and down. He watched his dick appear and disappear in Menma’s ass, watching the boy’s dick bob as he moved.

The image would forever be burned into his mind. The feeling of the inner walls squeezing his dick cementing it. His pre helped coat Menma’s insides, allowing the whiskered raven to move faster. “Ohh fuck!” he squeezed Menma’s ass in response, making the other boy moan. “Sasuke!”

“Menma!” he moans, and bucks. The sudden shift had Sasuke’s dick strike his sweet spot. The inner walls tightened in pleasure. The friction between them only increased. ‘It’s so hot it feels like my dick is melting.’

Things get hotter and hotter, till Sasuke loses it.

“Cumming!” he howls and his balls lurch. His hot semen shoots inside Menma.

“Ohh yeah!” Menma shivers in delight, he sits on Sasuke’s dick letting the boy fill him with his fresh seed. He reaches down playing with his cock to push him over the edge, he came and shot his seed all over Sasuke, hitting him in the face neck chest and abs.

He leans forward and captures the panting raven’s lips. Sasuke moans into the kiss, his penis still stuffed into Menma’s hole. Sasuke was super sensitive already, so having Menma’s orgasm tightness followed by a heated make out session, he came again. He pumped more seed into the Uzumaki’s tight hole.

The kiss ended and Sasuke’s spent dick slipped from his hole. Some of his cum leaked out and made a mess over his crotch. “Mmm, your cum feels so good inside me.”

Sasuke blushed. “You are still hard!” he gasped.

“Yep, wanna help me out their Uchiha? Wouldn’t want to leave your partner unsatisfied would you?” Sasuke glared at him. “I’ll show you Uzumaki!”

A change of position was needed. Menma on his knees, Sasuke on all fours, he was sucking Menma’s dick, pulling back the foreskin to suck on the head lovingly. Menma reached over and was playing with the Uchiha’s ass. “I bet your ass is lonely huh?”

Sasuke moaned around his dick, he tried to mimic what Menma did to him, his moans sent pleasing vibrations through his rod. “I could fuck you from time to time, bet you’d love that?” he played with Sasuke’s sweet spot.

He pulled off Menma’s dick with a gasp. “You!?” Menma shrugged.

“I love taking dick, but I also love crossing swords with my brother, can you imagine it, both of us inside you?” Oh he could imagine it, his dick was hard just thinking about it. “Don’t worry your anal virginity is for my brother, but some days I could fuck you and get you nice and wet for my brother, fill you with my cum to make things nice and smooth.” Sasuke groaned his words were making him hot. His face was buried in

Menma's crotch, the natural musk making his head spin.

"Tell me Sasuke, how much do you want my brother to fuck you?" Menma suddenly asked, thrusting two fingers into Sasuke's tight little hole.

"So bad, I want him to fill me so bad, I dream about it, I ache inside wanting to be filled. I want him to be my first, I want him to breed me so hard and so deep no other guy can mark me so." he pants, blushing as he realized he had just confessed feelings he had tried to bury deep down. He looks up and sees Menma smirk.

His whole face gets as red as a tomato and he goes back to sucking Menma's dick. "Don't be embarrassed Sasuke, what you said is very sweet." Sasuke ignores him and tries to get him off. "Don't you think so big brother?"

"Mpf!" Sasuke chokes on Menma's dick and pulls off, turning his head to see Naruto standing behind them. Before he could ask how long Naruto's been standing there he quickly has his mouth stuffed by cock and Menma starts fucking his mouth.

"I just finished my training with Kiba, and came to check on you."

“As you can see, I’m doing great.” Menma moans, and Sasuke couldn’t help but shiver as Naruto watches the scene.

“I can see, and I heard everything.” Naruto kneels behind Sasuke, and the boy groans around Menma’s manhood. “You are a naughty boy Sasuke,” the raven blushes a heavy weight of humiliation weighing on him. “For keeping this bottled up for so long.” The weight shattered as Naruto reached between his legs and gripped his cock.

Naruto leans in and starts licking his tight little hole. Sasuke moans, bucking back as he gets rimmed. ‘This...this is my future!’

Menma cums first, followed by Sasuke. Naruto collects his semen and as Sasuke turns to face him licks his cum off his palm. ‘Holy crap that’s hot.’ he thinks. He had the taste of Menma’s cum on his lips.

Naruto’s clean hand comes down and pets him. “Looks like you are apart of the family now.” Sasuke blushes. “I’ll be looking forward to claiming your anal virginity soon.” he smiles and Sasuke’s heart flutters. They clean up and Sasuke heads home, feeling like he was

floating. He was so happy he didn't realize Menma had pilfered his underwear.

Naruto and Menma head off to talk about their day. Meanwhile Iruka, was suffering a bloody nose, and he had jizzed in his shorts. 'Of all days for me to be assigned to the library.' he had heard everything. The two had not been quiet in the slightest. Those noises were gonna haunt his dreams forever. 'I need to talk to Naruto!'

What happens in the library, doesn't always stay in the library.

Lamia Duelist

Jaden is a lamia and lives in a world of monsters. He's sad because his sisters all have their mates but he's all alone. Using a shadow charm he's able to take human form and go to the human world to find mates. He's not going alone as his sisters give him a duel monster deck infused with their power as a parting gift.

Jaden x 2 - 11 inches soft – 12 Hard

Syrus 5 inches uncut

Chumley 4 inches soft - 6 inches hard – 4 fingers thick

Bastion 8 inches

Kumazo 9 Inches

Dizzy Tiger 18 inches

Dizzy Angel 18 inches

Chapter 13 Jinzo's Curse

Jaden was right about Miss Dorothy, with her help and some spare parts the red dorm was well fitted in time for winter break. Many of the students went home leaving Jaden, Chumley, Syrus, Bastion, and Banner chilling at the Slifer Dorm.

The male had been cooking up a storm, with a better kitchen they were able to store better ingredients and cook the food properly. In the kitchen he was able to take lamia form and use his tail to cook double time. "I appreciate you inviting me to stay at your dorm, I hoped to get much needed studying done, but since all the other Ra yellows were planning on leaving I didn't want to inconvenience the dorm head." Chumley was making the dessert, cooking marshmallows on a portable grill.

"No problem the more the merrier." Jaden calls from the kitchen. In truth Bastion's family liked to travel, and while working on formulas over the break was fun, spending time with Jaden and his new harem brothers was more fun. Plus he could still work on his formulas.

He was quite enjoying the new found freedom, in Jaden's dorm he was allowed to strip down and bask in his nudity.

Jaden hadn't taken his virginity yet, he promised after they had their duel it would happen. For now Bastion was enjoying getting fingered and rimmed, blow jobs, hand jobs, and so much petting.

Jaden reverted back to human form to bring the food in. He even made some for Banner. They dug into the food, giving a quick prayer of thanks. Jaden's meals were meat and egg heavy. He wanted his boys nice and strong.

Meanwhile...

An Obelisk Blue student was racing through the woods, running like the devil was on his heels. "Help me!" he shouted. "Someone, anyone help!" a dark chuckle seemed to follow him. "He took them...he took my friends...and I'm next!"

Those that remained at the Blue Dorm, were enjoying the fancy luxuries the dorm had to offer, not that anyone would believe him. The Ra Yellow dorm was closed down, so the boy raced towards the Red Dorm. The lights were on so someone had to be home.

He pounded on the door. "Please! Someone! Help me!" the door opened and the boy falls forward. "Whoa!" The boy had shoulder length brown hair, he wore glasses, and was quite handsome. "Are you alright?" Jaden approached him.

The boy got up and clung to Jaden, eyes wet with tears, face pale in terror. “Please you have to help me!” he clings to the brunette. “It’s Jinzo! He’s after me!”

“I know you,” Banner says. “You’re Torrey Takadera, you are in my Para-Dueling Class.”

“That’s right, Professor Banner, and everything you said was right! All that stuff about Duel Spirits being real.” Jaden’s eyes widened in shock. ‘How does he know about that?’ Banner was quite the mystery. “It was all true!” Torrey cried.

They sat Torrey down and Jaden got him some water.

“Alright, talk to us, what’s happened?” The boy takes a drink to calm his nerves.

“Please start from the beginning.” Banner says, and Torrey nods.

“You see I told some of my friends about your class, and how with certain conditions you can communicate with duel spirits, and even bring them to life.” Jaden couldn’t believe what he was hearing. ‘Don’t they know how dangerous that is?’ many of the duel spirits were actual monsters from his world, most could only appear in spirit form, but even then not all monsters were kind or friendly.

“We started trying to create those conditions. We used a ouija board and started trying to communicate with Duel Spirits.

My friends, Isaka and Mukouda helped even though we knew the academy forbids it.” Jaden could almost face palm. “We managed to communicate a few times, so we thought we’d try summoning the spirit. He told us the incantation to use.”

After reciting the chant, “From Vapor To Flesh, From Wind To A Roar, Come Jinzo, From The Land Of Yore!” the candles were blown out and some of the books fell from the shelves in the library. The spirit board, began moving on it’s own.

Jaden got chills, that was a dark spirit incantation. “Then the spirit board spelled out, Give me 3 and I’ll be free.” he trembled. “We thought he meant cards.”

‘No, for a dark spirit such as Jinzo he’d never be satisfied with mere cards, dark spirits demand a terrible sacrifice.’ Jaden thinks.

“Oh dear me no, Jinzo’s appetite would never be satiated with mere cards.” Banner says, and Jaden raises a brow. ‘How does he know this?’

“What did the 3 mean Torrey?” Syrus asked.

“It meant people!”

“People!?” Syrus gasped.

“Yes, and unfortunately we had agreed before we knew the truth.” he lowered his eyes in shame. “My friends are gone. I’ve looked everywhere and it’s like they vanished!”

“See here, maybe they just left for winter break.” Bastion says, trying to be the voice of reason. Jaden knew better, Jinzo took them as sacrifices. He plans ripping into the world by force.

“They didn’t, I know they didn’t. I called their parents to be sure, and...I even tried to leave the island, but couldn’t.” He had gone to the ferry, only to see and mysterious figure wearing a trench coat. The same sinister chuckle followed him. “There’s no escape!” he says crying, the boy was trembling in fear.

‘We’ll be safe here but not for long, if Jinzo’s already gotten two sacrifices, it means his power is growing.’ his shadow charm reacted, and the lights went off in the dorm.

Everyone gasped. ‘He’s here!’ Jaden got on edge.

“What was that?” Syrus gasped.

“Easy, Syrus.” Banner says hoping to calm the boy down. It wouldn’t do anyone good if people started panicking.

“It was probably just a blown fuse.” Bastion says.

“Yeah, or maybe a blown bulb.” Chumley chuckled nervously.

“Or maybe...” A dark voice began, a terrifying voice that sent shivers down everyone’s spines. “It was me!” Jinzo appeared in the door way. Everyone screamed as Jinzo laughed evilly. “He’s real!” Bastion gasped.

Torrey tried to hide, but Jinzo fired beams from his eyes and froze him in place. “Let him go Jinzo!” Jaden snaps, his eyes flashing gold.

“We have a deal!” he says. “Don’t interfere!” he releases a powerful Psycho Shock! Jaden was able to counter it with his shadow power, but the force did knock out Banner, Syrus, Chumley, Torrey, and Bastion. Jaden absorbed most of the hit changing into his lamia form.

Jinzo runs off, taking the unconscious boy Torrey with him. Jaden gave chase, following them to the island’s power station. The dark spirit leached off the energy, using it to take form. “A lamia? What is your kind doing here?”

“I’m here because my kind doesn’t go feasting on human souls.” Jinzo laughed.

“That is why you are weak!” Torrey came to and saw Jinzo and screamed. Jaden quickly snatched him up with his tail.

“Release him, he made a deal, not even a lamia can break a binding contract.”

Jaden paused. It was true, not many powers could break a contract. Torrey looked up to Jaden. “Please save me, save my friends. I’ll do anything!” Jaden tilted his chin up.

“Anything?” the boy blushed.

“Yes, anything!” he says.

“Then form a contract with me, for saving your life and your friends, you will become my servant.” Torrey doesn’t hesitate. He was shocked to see Jaden as a monster sure, but he wasn’t scared of him as he was Jinzo. “I’ll do it.”

“Sealed with a kiss.” he says and captures Torrey’s lips. The boy moans in delight, the kiss making him weak in the knees and painfully hard in his pants.

“You vile snake!” Jinzo hissed. Jaden smirked.

“I will duel you for Torrey and his friends, you win you get me!”

“Why would a lamia care for a pathetic human. They are but trash to be ruled or turned to ash.” This murderous intent is what made Jinzo so dark, a shame if he used his power for good he could really help people. “A duel is fine with me, this energy will keep me around long enough.”

Jaden/Jinzo: 4000

Jaden readied his duel disk, and Jinzo conjured the cards before him. "I'll go first." he says. "I summon Malice Doll of Demise!" he summoned the creepy blonde doll monster.

1600 ATK/1700 DEF

The monster was summoned in attack mode. "Next I play Ectoplasmer! Now we both must tribute one monster we control during our end phase, then we inflict damage equal to half the monster's ATK points." he chuckles. With that he ends his turn, and the continuous spell card sucks out the doll's soul and blasts Jaden.

Jaden: 3200

Jaden draws. "My move!" he draws Mirage of Nightmare, while his hand had Emergency Provisions, Lamia Sister # 3, Snake Venom, Snake Pit, and Venom Strike. "I'll activate a continuous spell card of my own, Snake Pit!" While this card remains face up on the field, all Lamia monsters gain 200 ATK points. Each time a Lamia is summoned draw 1 card. "I summon Lamia Sister # 3!"

The purple haired snake woman appeared, her hair in a braid. Thanks the effect of Snake Pit Jaden got to draw a new card. Also the effect of the spell card, boosted her ATK power.

ATK 1500 Boosted 1700.

“Now I activate her effect, and she hits you with 300 points of damage.” he says. The sister spat purple venom at Jinzo.

Jinzo: 3700

“Now I’ll play these cards face down, and activate Mirage of Nightmare!” Now during Jinzo’s Standby phase Jaden would get to draw until he has 4 cards in his hand. “Next I play Snake Venom to destroy your Ectoplasmer!” the spell card spat venom and destroyed the continuous spell card. Jaden had Lamia Sister attack, who whipped him with her tail. He ended his turn.

Jinzo 2000

It was Jinzo’s turn and Jaden got to draw 3 new cards thanks to the effect, which he quickly used his spell card Emergency Provisions to destroy Mirage of Nightmare, and increase his life points.

Jaden 4200

“You lamias are pathetic, you could have used Ectoplasmer to deal more damage to me.” Jinzo draws. “You’ll regret that mistake!” He special summoned Malice Doll of Demise, since he was sent to the graveyard by the effect of a continuous spell card.

“Hold on Jinzo, I got an effect to activate, since my monster was added to my hand I got to special summon it. Say hello to Lamia Bunyip!” the monster appeared on the field.

A dark gray skinned lamia girl, her underbelly is dark purple, her scales and arms covered in thick white fur, she has thicker claws and bunny like ears.

4 Stars Water: Effect: If this card is added to your hand by the effect of a spell or monster effect, except the effect of Lamia Bunyip, you can special summon it to the field, you can choose the mode. If this monster is targeted by your opponent’s monster for an attack, you can negate the attack and return Lamia Bunyip to your hand.

ATK 2000 Boosted 2200 ATK Thanks to the effect of Snake Pit Jaden got to draw another card.

“So you added another Lamia to the field big deal when what I have is much more!” he laughed evilly. “I sacrifice, Malice, to summon Jinzo!” he laughed wickedly as he summoned himself.

His gaze pierced Jaden’s trap card, destroying it. “Oh man!”

“Now I get to destroy you personally!” he launched an attack at Bunyip.

“Wrong choice, when Bunyip is targeted by an opponent’s monster’s attack she can negate the attack, and escape back to

my hand.” She ducked down and escaped Jinzo’s blast returning to Jaden’s hand.

“One turn that all it buys you.” he says.

It was Jaden’s turn and he draws. “I summon Lamia Bunyip, and I’ll switch my Lamia Sister # 3 into Defense mode.”

Bunyip returned to the field, and Sister # 3 got defensive.

Lamia Sister # 3 DEF: 1600

“Next I activate Lamia Sister # 3’s effect, and hit you with 300 points of damage.”

Jinzo 1700

“I end my turn!” he says. He had some traps in his hand but couldn’t use them with Jinzo on the field. He also had Shirohebi in his hand, but he was saving her.

Jinzo draws. “Fool I will teach you the terror of my power. I equip myself with Fairy Meteor Crush!”

“Uh oh, that’s not good!” Jaden says and braces himself.

Jinzo blasted the Sister in Defense mode, and Jaden took 800 points of damage.

Jaden: 3400

“Next I activate the effect of a monster from my hand. Bone Channeler, when this card is sent from my hand to the

graveyard, I can select one monster on my side of the field and inflict damage equal to half its attack points.”

“Oh crap!” A skull appeared in Jinzo’s hand it became infused with his energy and Jaden got blasted with it.

Jaden: 2200

“I’ll end my turn.” Jaden shivered as he felt his body fade.

It was Jaden’s turn, he drew and got Lamia Little Sister # 3. “I summon, Lamia Little Sister # 3 in Defense mode.” With that he ended his turn. Little Sister # 3: DEF 2000

Jinzo drew, he attacked Little Sister and thanks to Fairy Meteor Crush, Jaden took damage.

Jaden: 1800

Jinzo used another Bone Channeler to blast Jaden with another round of 1200 points of damage.

Jaden: 600

“Jaden!” Torrey cried out.

“Your energy is delicious, I’m gonna enjoy devouring your soul.” Jaden glared at him. “I activate Amplifier and equip it to myself.” This effect allowed Jinzo to play traps. “I’ll play this face down, I bet you can guess what it is.”

Jaden drew, and he smiled. “It’s over Jinzo, I activate Lamia’s Hunting Ground!” the field spell changed the landscape. Each Time a Lamia monster is summoned, you can choose to destroy one spell or trap card on the field. When a Lamia destroys a monster in battle increase life points equal to half the destroyed monster's atk points. All monsters with Lamia in their name increase their ATK by 600 points.

Bunyip’s ATK boosted further 2200 to 2800

“I summon Lamia Shirohebi!” a long haired white lamia girl with scales of pure white, she has red eyes and wears a white kimono, appeared on the field.

Shirohebi’s ATK Boosted from 1600 to 2400. Thanks to the effect of Lamia’s Hunting Ground, Jaden destroyed Jinzo’s trap card. “Next I activate Shirohebi’s effect to bring back Lamia Sister # 3!” the sister was summoned, and thanks to the effect of the field spell Jaden destroyed Amplifier.

“Nooooooooooooo!” Jinzo howled as he was destroyed, and since he wasted his Bone Channelers for their effects he was no defenseless.

Jaden got to draw 2 cards thanks to Snake Pit, but it was over. “Go get him girls!” The Lamia Sisters charged and crushed Jinzo.

Jinzo: 0

His body faded. “I won’t lose, I won’t give up!” he tried to possess Torrey but Jaden was ready.

His charm glowed and he bound Jinzo’s spirit with energy snakes. Jinzo exploded, his power dispersing and Torrey’s friends returning to the land of the living.

Jaden breathed a sigh of relief. Torrey and his friends were safe. Jaden returned to human form, and Torrey hugged him. “Oh thank you Jaden, I’m never gonna forget this!” he says happily.

“I know you won’t. My loyal servant.” he says and Torrey blushes. He felt his manhood spasm and he cums hotly into his pants. “Ah ahh!” the boy drooled. As Jaden’s servant he can never betray him, so revealing his secret was impossible. “I’ll train you well.” he says petting him.

Jaden told everyone what happened later after returning the boys to the blue dorm.

Nanite Control

Rex uses his nanites to control other nanites, and using this ability he controls other people. (Idea born from Van Kleiss able to control things he changed into Evo's using the nanites.)

Characters

Rex 11 Inches

Noah 4 inches soft 5 inches hard

Chapter 1 Noah's Controlled

Noah and Rex were playing video games. The two were tied in the game but Noah started talking trash. "Give it up Rex, you are going to lose just like always."

"Are you calling me a loser?" Rex said, turning away from the game.

"Hey, if the shoe fits," he said and landed the kill and beat Rex. "Oh yeah, who's the winner I am, who's the loser you are!"

Rex had enough of Noah's taunting so he decided to teach the boy a lesson. He grabbed Noah's leg and channeled his nanites inside him. Noah gasped as his body felt a strange tingling sensation all over. "Rex what did you do to me?"

"Just a little trick I picked up from Van Kleiss, now you belong to me," he said and he smiled. "Now strip!"

Noah blushed as his hands moved on their own and he stripped in front of Rex. He revealed his body, and his soft 4 inch cock and Rex laughed at the embarrassed look on Noah's face. "Time to put that smart mouth of yours to better use," he kicked off his shoes and socks. "Lick my feet!"

"What?" his body got down on the floor, he crawled over to Rex's musky feet. He tried to resist but he had no control, he could smell Rex's musky scent and he began licking his toes. Moving lower he licked over the pads of his feet over the soul and to the heel. "This is a much better use of your mouth!"

Noah lapped at his right foot, before going to the left repeating the process in reverse. The blonde groaned as the smell did something to him. Rex laughed as he spotted the

blonde's hard on. "No way, Noah do you enjoy licking my feet so much you get a stiffy?" he stopped licking to look down and his cock was throbbing, standing aroused at 5 inches.

"You did this?" he snapped his face red.

"Nope, I didn't tell you to get hard, I told you to lick my feet, you got hard on your own," he said and offered his foot again and Noah went back to licking. "Face it Noah, you're a little perv that likes licking my feet!"

'No it's not true...' he thought but his cock continued to throb painfully. Rex teased him some more by rubbing his right foot against his aroused length. "Ahh!" he moaned and began to buck against the foot.

Suddenly Rex stopped and the blonde whine at the loss.

"Let's continue," he removed his jacket and shirt revealing his tan muscled torso, firm pecs and abs.

He raised his arms above his head exposing his sweaty pits.

"Now come lick my pits pet, and you can play with your dick." Noah groaned as his hand came down and began playing with his aroused cock.

The blonde came up and began licking Rex's pits. He blushed as the musk hit his nose. 'Has he always smelled so good?' he thought as he sniffed his pit while running his tongue, lapping his sweat. He moaned as the taste and musk brought him pleasure, his cock began drooling allowing him to pump himself faster.

Noah moved on to the left pit once the right one was clean, this time he began lapping more hungrily. He kept panting and moaning as the taste brought him over the edge. He shot

his load all over Rex's pants. "Since you love my body so much let's move onto the main event," Rex removed his cum covered pants and his boxers in one go.

Rex's hard 11 inch cock sprang up into the air, and Noah gasped at the sight of his huge manhood. "Start sucking it!" Noah gulped as he came down and began licking the huge length, running his tongue over the heavy cock. 'So big, I don't think I can suck it all...wait I don't wanna suck his dick what is wrong with me?'

Noah takes his head into his mouth and began sucking it, working his tongue over the head. He started taking more into his mouth, sucking his hard flesh, letting his tongue flick the underside. Rex's cock slipped into his mouth 7 inches in, Noah pumped the rest he couldn't fit into his mouth.

Rex moaned as Noah slurped and sucked on his arousal with such hunger. "See isn't this better? I think your mouth is much better at talking cock and pleasing me then spewing trash." He fisted the blonde hair of his new pet.

Moans filled the room, even Noah was moaning around his thick manhood. Finally Rex came, flooding his mouth with cum. "Yeah drink it all, don't spill a drop!"

Noah's eyes widen as spurt after spurt of cum flooded his mouth and he drank it down. His body trembles and he cums again, shooting his seed over Rex's floor.

"Naughty boy clean up your mess," Rex says pulling his cock from Noah's mouth. Noah looked at Rex in disbelief as he was brought down by his own body and proceeded to lick his own cum off the floor. Rex marveled at his friend's ass, his

cock was back to full hardness and he was ready to claim him.

He positioned his cock at Noah's ass and pushed in. Noah cried out at the friction but he felt no pain, even as Rex plundered his tight virgin channel his ass opened up and took him completely. "Your ass is mine Noah, looks like I won!" he proceeded to move thrusting in and out, fucking his friend doggy style.

Noah cried out in pleasure as his sweet spot was abused with every thrust. His cock was hard again and was bobbing with every one of his new master's powerful thrusts. "More Rex please more!" he moaned unable to control himself.

Their bodies glistened with sweat as their lustful heats drove them forward. "So good don't stop!" Without any touch to his cock Noah came, shooting his load all over the floor once again; just on being fucked by Rex's huge manhood. and the tan male thrust in a few more times before finally hitting his own release, and shooting his cum deep into his body.

Rex pulled out and gave a few final shots of cum on Noah's back. He laid back and watched as his seed spilled out of his ass, Noah shuddered as he started licking up the cum he spilled.

After Noah finished licking his cum off the floor, Rex slipped a collar around his neck. "Come on pet time for a walk," the raven haired teen was fully dressed holding a leash. He led Noah outside and the blonde gasped as he crawled on his hands and knees buck naked and covered in Rex's cum. He blushed as the men of providence walked by them and they looked at him but said nothing. "What the?" he gasped.

Rex chuckled. “Did you think you were the only one, I’ve got control of every one of them,” he gasped. The men gathered round and began to pet Noah like a dog. “You are mine Noah, now be a good boy and bark for your audience.”

Noah blushed as the men stroked his naked body. “Woof woof!” he said his mind finally snapping.

To be continued

Chap 2 Noah's Change

Rex was enjoying his new pet, Noah his former friend, now turned pet. The blonde had pushed Rex too far one to many times, and now he was defeated, mind broken by pleasure, body ruled by the nanites in his body. The nanites took Noah's new place and role and slowly changed him to suit his new role. Noah loved to be dominated, he loved the smell and taste of his master, he was his master's pet in mind, soon the body followed.

His ears morphed into canine like ears, furry and pointy, a dog like tail sprouted from above his ass. His nails grew sharp, and he used his new found claws to shred his clothing to bits. He didn't need it or want it anymore. He got a taste of the joy of being naked, and he didn't want to give it up.

Loving the breeze between his knees, the sun on his backside. His cock remained in a permanently erect state, twitching and bouncing as he moved, his balls had grown larger. Thanks to Rex's nanite control, Noah's body broke down food 100% so now his manhole was exclusively for mating. When he craved anal stimulus his hole would get wet, with a similar substance to his pre.

It was certainly an interesting transformation. Rex wasn't sure if it was possible, but he was happy with the results. His nanite control trick did come from Van Kleiss and he was able to mutate people through nanites. He communicated with Noah's nanites, and helped Noah reach his ultimate potential. Rex was playing a video game, bare ass naked, in his new favorite game chair. Noah lay naked beneath him, Rex's feet

resting on Noah's thighs, the blonde helping support Rex's body, as Rex used his face as a seat. His face was buried deep into Rex's ass, and he lapped at Rex's manhole like it was his job. He made out with the tight hole, tasting what he would never have. His new longer tongue pushed inside and wiggled deep inside his master, the boy's penis twitching in delight every minute he was in this position.

"Ohh yeah high score!" Rex cheers, beating Noah's record on yet another game. "Open wide!" he sits up and Noah obeyed, Rex stuffs his cock down his throat. His heavy balls sits on Noah's nose, the musk overwhelming his new hyper senses. He moaned, sending pleasing vibrations through his rod.

'Master tastes so good!' Rex celebrated his wins by fucking his pet's throat. "Ohh yeah baby!" he thrusts in and out, Noah now able to deep throat Rex's big manhood.

He slurped and sucked the thrusting cock, his own cock twitching in orgasmic bliss, his cum sprayed all over the floor.

"Yeah, you like my dick!" Rex moans. The blonde moans at the praise, and he sucks harder, while taking big whiffs from Rex's balls. 'Master smells so good!' He couldn't help himself, he came again, adding to the mess on Rex's floor.

"Here it comes!" Rex moans, his penis trembles and slowly expands as his climax hits. Noah's eyes roll up in pleasure, as the first spurts pump down his throat. He swallowed around his penis, massaging the long length, even as it slowly retracts. Rex's cum floods his mouth, spraying across his tongue and filling his cheeks.

Noah savors the taste, enjoying the thick baby batter, maybe too much as Noah's balls lurch and he cums again. He

swallows down Rex's hefty load, not wasting a drop. No rest for the wicked, as Rex pulls his cock out and offers his heavy balls. Noah swallows his nuts, sucking the sweat and pre off his balls. Rex had been hard for awhile, the pre had run down his crotch. He lapped at Salazar's family jewels, licking them lovingly.

Rex chuckles, watching as Noah's permanently erect cock pulses and throbs, his crotch soaked with pre. He whistled seeing the growing puddle of cum before Noah. "You making quite the mess," he brings his foot down to tease Noah's cock. The blonde moans around his balls, and when Rex's toes squeeze his cock head, he cums again. His seed shoots through Rex's toes, letting the raven wiggle his toes in his seed.

His balls left his mouth. "Clean up your mess pet." Noah was quick to obey, tail wagging excitedly as he starts with his master's feet. His long tongue made quick work of the seed on Rex's foot, it swirled between his toes. 'Yummy!' He moved on to the mess on the floor, happily lapping the cum off the floor.

Rex watched, the blonde's tail was wagging like an excited puppy. His tongue swept the floor licking up his semen, and his cock twitched excitedly. The taste of his own cum reminded him that his own hole was empty, oh so empty. Despite the humiliation, he could not help but enjoy it all, obeying his master's command gave him so much pleasure, and the knowledge and feel of his master watching him made it all the sweeter.

Just before he could finish cleaning, he came again, ropes of fresh man milk hitting the floor as Noah whimpered in orgasm. His manhole twitched. It had been quite awhile since Rex used it, he'd had serviced some of the men of Providence, but his hole belonged to Rex, and only given to those Rex truly desired. His control had spread, but the soldiers were simply insurance, when they gazed upon Noah they saw nothing strange about it at all.

For their hard work, he had Noah suck their dicks, but no more. He had to train his pet to be a proper cock sucker. Plus it was really fun to watch. Once Noah had finished cleaning the floor, Rex rewarded him by using him as a foot rest. He kept playing games, Noah blushing and panting. "Ahhh ah ah master!" he moans, body trembling.

His nipples were nice and hard from arousal, his tongue hangs out of his mouth and he drools. "Is it too much Noah?"

"Not at all master!" he moans. Rex chuckles, and continues playing. The longer he waits the more cock hungry Noah becomes, sooner or later the boy is whimpering. His manhole started leaking his manly essence. "Master..."

"Is there something you want?" he loved to hear him say it.

"Yes master, cock! Your cock! I need your cock master!" he moans. Rex lifts his feet off Noah, and the blonde presents himself, sticking his ass up high in the air. His hole was twitching so much, pre running out of his hole, down his crack, even rushing over his taint and balls.

"I know you do, and here it is!" he lines up his cock, the head rubbing against the pucker. Noah almost purred, pushing back seeking fullness. Rex obliged, pushing in with one go.

“Ahhh fuck yes!” Noah howls, cumming from the penetration. Rex smirks, grabbing his tail and hiking his ass higher, he starts moving pounding the boy’s wonderfully tight hole. Skin struck skin, Noah’s plump ass cheeks rippling from each thrust. “Master!” he howls. Rex picks up the pace, the friction makes the blonde’s insides get hotter.

His master’s cock always stirred up his insides, so wonderfully! So deep! So fast! So wide! Another orgasm ripped through Noah. Pure anal stimulus, making the blonde cum buckets, his hard on bouncing and bobbing with every thrust. “Yeah take my cock, you love it! But you love this more!” His balls surged, his nanites increasing his already potent seed. Rex came hard, moaning his former friend’s name. “Noah!” he howls, his seed pumping deep inside the transformed blonde.

The blonde’s stomach swelled from semen, his insides were packed full and Noah came again. “Master’s cum sooo good!” he drooled.

As Rex pulled out, the void he left was filled with semen. Noah whined when the last inch left his hole, the tight ring closing up. Nixon quickly turned around and started licking Rex’s still hard cock, tasting the mix of their combined juices. This was the scene Six walked in on. Rex, his charge, naked and being serviced by a transformed male. Noah, said transformed male, also naked, cum gushing from his twitching hole, his belly slightly swollen with semen, his hole left partially gaping and cum leaking out, a puddle of cum beneath him. “Hey Six, glad your back.” Rex says, petting Noah.

The door shuts behind Six, and the game begins.

Sasuke 5 Incher

Shikamaru 7 Incher

Chouji 6 Incher Thick

Shino 7 Incher Uncut

Kiba 9 incher

Zaku

Kakashi 11 Incher

Chapter 9 In the Dark of the Night

Naruto had come face to face with Sasuke. The Uchiha was bare ass naked, his hard 5 incher standing proudly, pointing at the blonde. "I've been waiting for you Naruto!" he grabs his cock and pumps himself.

"That's quite a nasty look you have Sasuke." Naruto says, referring to his sharingan. He sees Sasuke's curse mark was sealed, but it wasn't perfect. 'If Sasuke gives into the power, it will spread.'

As one hand played with his cock the other played with a perky nipple. "Don't be mean." Sasuke fondles his chest, teasing his nipple, and spreading pleasure through his body. "Out of all the others, I'm the most deserving of your touch."

'That's some arrogance he has.' Kyuubi speaks to Naruto's mind.

"Tell me, why did you play with those weaklings, and leave me alone?" Naruto frowned.

"Sasuke, we all have room to grow, even you, even me." Sasuke scoffed. "You must be joking, look at you!" Sasuke approached him. "I had no idea you were the vessel of the Kyuubi, but now that power is flowing through your veins."

“Power is meaningless unless you use it to protect someone.”
Naruto counters.

“But your power can do so much!” Sasuke says. “You can help me get my revenge, and help me rebuild the Uchiha clan.” Sasuke’s mind had been partially corrupted via the curse mark. The mark seemed to respond to dark desires, much like Sasuke’s hunger for revenge, or his repressed lust.

“Sasuke, calm yourself, you need to clear your mind and focus.” Sasuke growled, and pumped himself faster.

“It’s your fault I feel this way!” He snapped. He blushed, oh he remembered the day he first got hard for Naruto. It was back when they had their accidental kiss. The moment their lips met, Sasuke had felt a shock race through his entire body. His penis had swelled, and he was in a bad mood after. Confused by the feelings he had bubbling up inside. “I was your first kiss! Yet you touch everyone else!” tears spilled down his cheeks. “You haven’t touched me at all, do you hate me?”

“Sasuke...” Naruto embraced him. The curse mark flared, and Sasuke broke away.

“You should love me, and me alone!” His sharingan spun, Naruto’s eyes widened as the sharingan formed in his eyes.

This was a sign of Sasuke's control over him. "You belong to me!" he had a few minutes of glory before...

"I don't think so." Naruto's eyes returned to normal. "Your eyes cannot control me Sasuke." Kyuubi had broken the jutsu. Such tricks couldn't harm him, genjutsu had no power over them.

Before Sasuke could act, he was caught by Naruto's tails. "You are caught in a storm of suffering Sasuke, I cannot reach you until the storm calms." the negative foreign chakra thrashed inside Sasuke. Sasuke's own chakra system struggled against it.

His sharingan deactivated, and the tears kept falling. "What's happening to me?" he grips his hair, "It feels like my head is spinning, and I feel like my skin is burning. I need...I need your help!"

"I know what you need, do not fear Sasuke, you are also one I wish to protect." he caressed Sasuke's body, tails coiling around his arms and legs. The Uchiha shuddered and moaned bucking his hips in delight. The blonde's hand grips his weeping arousal. "Ahhh!" he bucked into his grasp.

Naruto pumped his cock, and Sasuke came hard. He kept pumping him, milking the Uchiha's heavy balls. His dick was so wet, Naruto was able to pump him faster and faster,

making his balls bounce with the force. “Ah ahh ahh ahh ahhh!” Sasuke continued to cum, rope after rope of cum shooting from his pulsing dick.

The raven’s hole was twitching like crazy, Naruto brought his free hand to his entrance. Chakra coating his fingers, he slipped one inside. “Naruto!” Sasuke moaned, cumming again.

Naruto thrust his finger in and out, driving the Uchiha wild. He was brought to orgasm after orgasm, his seed being milked from him like he was a cow. One finger became two, and the kitsune really stirred up his insides. He stretched the tight pucker open wider and wider.

The digits stroked and massaged his inner walls, his chakra pouring deep inside him. “Ohhh!” his eyes rolled up, and he began to drool. His body began to glisten with sweat, skin flushed with arousal. A few more orgasms had Sasuke’s fears, doubts, and the dark thoughts churned up by the curse mark; all melted away.

He scooped Sasuke up and tucked him into bed. He gave the boy a genjutsu of his own, the raven’s eyes glazed over as in his mind he had a harem of Naruto’s all hard and ready to fuck him.

The boy's dick was spent, but it continued to twitch as he had dry orgasms. His cock twitching and body shaking in heated bliss. His genjutsu would relay the message he had given to the others.

‘Dealing with his rage and lust, smart move. The curse marks feed on one's dark desires.’ It explained why the curse was drawn to him, Kyuubi had been full of so much rage, before Naruto saved him.

Sasuke was tucked into bed. Naruto headed out, continuing to make his rounds. Zaku was keeping any nin off his tails, acting as a distraction. Naruto made his way to where Kakashi was on lock down. “Sleeping Needle!” pulling a few strands of his fur from his tail, he blew on them hardening the fur.

With a quick flick of the rest he knocked out the guards. Naruto entered his place of residence, and soon found a kunai at his throat. “What are you doing here?”

“I wanted to see my sensei, is that so wrong?” the blonde turned and showed his face. The kunai dropped.

“Naruto...” he hugged the blonde. The kitsune returned the embrace. “I'm so sorry, they locked you up, and I couldn't stop them I...” the blonde cupped his cheek.

“It’s not your fault, I knew what was gonna happen to me.” He explained what happened to him, and what he had done. Kakashi was impressed, he really is Minato’s son. “I think Orochimaru is making a move.”

“I can bring you to the council, and we can make a plan.” Naruto shakes his head. “You know as well as I, the council will lock me back up if they find me again. I have to stay on the run for now.” Kakashi sighed.

It was true, they didn’t even bother to get Naruto’s testimony when they apprehended him. They are so scared of the Kyuubi’s power, and their treatment of Naruto coming back on them. ‘These damn fools, this never would have happened if they just honored sensei’s last words.’

“Do not worry, I’m not turning my back on the village, but you know what will happen once the Chunin exam is over.”

“I do, I’m not gonna let that happen. I’m your sensei, please trust in me.” His words felt so hollow, he’s asking him to trust him when he wasn’t able to protect him from being captured.

“I do trust you sensei, that’s why I came to warn you, so you can be prepared. I don’t think Orochimaru is done collecting ninja with his curse marks.”

“Naruto,” he says, but finds pause. Words were meaningless, he needed to show his devotion. He reaches up and lowers his

mask, exposing his handsome face. Naruto watches in wild fascination as Kakashi continues to strip, revealing his anbu tattoo, his muscled body, years of training well honed.

Kakashi's 11 inch dick, the treasure trail up to his navel, the heavy family jewels hanging below.

Kakashi kneels down before Naruto. "Naruto Uzumaki, not as your teacher but as a man, I promise I will not let you down. Should I fail to help you I promise to follow you until the end." he takes Naruto's hand and kisses it.

'Well now,' Kyuubi was impressed at the copy nin's actions. Naruto blushed. Kakashi was so handsome, his body hot, his manly aroma delicious. He couldn't stop the flow of lust that made his dick leave his sheath.

"Oh wow!" it was Kakashi's turn to gasp at the sheer size of his blonde student. Kakashi's heart raced as his blood rushed south. He blushed realizing his arousal, and Naruto chuckled.

"It's been a busy night, would you be willing to give me a hand?" Kakashi licked his lips and nodded. 'Sensei forgive me, but I can't resist.' Naruto sat on his couch, legs spread wide as Kakashi buried his face in Naruto's crotch.

He starts worshiping Naruto's massive dick, tongue and lips making sweet love to the massive shaft. Naruto's tails in turn

play with Kakashi, brushing against his muscles. The fur was so warm and soft, so inviting.

Kakashi starts sucking the blonde's dick, and even his expert oral skills are put to the test as he tries to suck down Naruto's cock. He was so hard it hurt, Naruto's tails were driving him wild. Light touches, gentle brushes and teasing tickles.

As Kakashi sucked Naruto's dick, his hand reached back and began playing with his own ass. It seemed his hole was expert to, taking two fingers easily. Naruto purred enjoying the show, as well as Kakashi's hungry sucks.

Deeper and deeper he sank, till he deep throated the blonde down to the root. 'Ohh fuck!' his eye rolls up, and he cums blowing his load onto the floor. "Cumming from sucking my dick Kakashi?" the blonde chuckled. "So cute!"

His words pierced his heart and he moaned, his body trembling as he came some more. Naruto gave in, and came as well. The cum flooded his belly, the force pushing Kakashi higher and higher, till only the head was in his mouth.

Naruto's semen kept coming, filling the older male's mouth. The taste was explosive, and Kakashi's back arched as he came again. Soon Naruto's orgasm pushed Kakashi off his cock, and the copy nin got a face full of cum. "Ohhh!"

Rope after rope of thick semen continued to pelt the man. Kakashi leaned back and basked in the pleasure as he was covered in the hot semen. The thick baby batter washed over Kakashi's muscles, marking him. Such a promise Kakashi made often was sealed with a kiss, but this worked better.

Kakashi rubbed the cum over his skin, smearing it over his arms, pits, even collecting some and putting it in his ass. Naruto's orgasm finally ended, covering Kakashi's face, neck, chest, abs, crotch, and legs. "Sorry," Naruto says blushing.

"Don't be," he collects some of Naruto's semen and sucks his fingers. "I consider it an honor." Naruto had to leave, the guards would wake up soon, none the wiser of what happened.

-X-

Sakura was so pleased. Naruto had been arrested and locked up like the monster he was. 'No more Naruto, no more Naruto.' she sing songs happily, as she hums down the street.

'Fufufu, such a dark and twisted heart.' a dark chilling voice made Sakura freeze. "Despite your charm and beauty, you have yet to catch the man of your dreams." she heard.

Orochimaru approaches her, donning the jounin disguise of sound. "What's it to you?" she asked.

“The love of your life, follows the path of power, so the best way to win his heart is to gain power yourself.”

“You’re right,” she says. “How can I get more power?”

The man smirks. “I’m so glad you asked.” he bares his fangs, and quickly lashes out. Not giving Sakura even a chance to scream. He leaves her body in the street a curse mark forming on her person. ‘Greed, jealousy, arrogance, incompetence, and pride, I wonder what kind of creature you will become.’

To be continued

Frontier Brain Bonds

Ash accepts the title of Frontier Brain on the condition he can still carry on his journey. They agree and his symbol Bonds can be used for any region, as the 8th symbol. Ash gets the battle carrier, and goes to get a few more friends for his carrier.

Ash: Frontier Brain: Party: Pikachu, Aipom

Kanto (Bulbasaur, Charizard, Kingler, Muk, Tauros, Snorlax)

Johto (Heracross, Bayleef, Cyndaquil, Totodile, Noctowl, Houndour)

Hoenn (Donphan, Swellow, Sceptile, Corphish, Torkoal, Glalie)

Forest Team (Bulbasaur, Muk, Bayleef, Heracross, Noctowl, Sceptile)

Rock Team (Larvitar, Tauros, Donphan, Torkoal, Charizard, Sableye)

Water/Ice (Lapras, Kingler, Totodile, Corphish, Snorlax, Glalie)

Mountain/Sky (Charizard, Pidgeot, Noctowl, Swellow, Heracross, Sableye)

Brock

Tracey

Chap 1 Offer and Friends

Upon defeating the frontier brains Ash was offered the chance to join them and be the 8th symbol. “I’d like that but there are still more Pokémon out there I’d like to meet.”

“We understand, I’ll make a mobile facility for you to use, it will take me some time, but if your willing to wait I’m sure we can work something out.” Scott says, in his cool tone.

“That’s right, just like there are contest ribbons good for all regions, your frontier symbol could be good for all regions.”

“You mean it!” the boy says excitedly.

“Yes, will you take the job?”

“You bet, I just need to talk to some people first and would like them to give their input on the battle facility.”

“Sure thing we’ll get your symbol ready first.”

Ash went to Brock and Tracey. “What you want us to join your battle facility?” they said in unison.

“Yeah, Tracey you take care of my Pokémon, you know them as much as me. You also know how to evaluate people’s Pokémon you can help trainers who come to my facility with their Pokémon’s training. While Brock you know how to referee, and no one knows about a Pokémon’s health than you. You can treat people’s Pokémon as well as mine.”

“I don’t know, it would be fun sticking together.”

“And I admit I have missed you.” Tracey said with a blush.

Ash sat between the two and wrapped his arms around them. He kissed the green haired boy, his hand going down to massage his crotch.

Tracey moaned into Ash's mouth. "I missed you to." He continues rubbing his bulge, and he treats Brock to the same treatment. He kissed the former gym leader as well and dished out pleasure between them. He slipped his hand into their pants and underwear for some skin on skin touch. Both males moaned, the boy was making it really hard for them to say no. Pre began soaking their underwear, rolling back to cover their hard cocks, Ash made sure to coat them with his stroking hands. "Ah fuck Ash!" Tracey came first, shooting his thick seed into his shorts and covering Ash's hand.

"Cumming!" the older male moaned and came, covering his lover's hand. Both of them were flushed and panting.

Ash pulled his hands free and licked their cum off them. "So what do you guys say?"

'Well it would give the chance to put what I learned from Prof. Oak to the test, and I'll get to be with Ash again.' He smiled as he remembered all the fun nights they had back in the orange islands. Those memories filled his alone time. "I'll do it!"

'I got no intention of leaving Ash.' He had made a mistake of leaving Ash to stay with Ivy, honestly he thought he(Ash) didn't need him, but joining him for Johto and Hoenn and traveling with him through the battle frontier he realized he wanted to be by his side. "I'm with you Ash all the way!"

"Thanks guys." He hugs them. "Take some time to think what we need for the facility, I got my ideas ready."

"Sure thing." they say.

Ash received his symbol, it was the bond symbol. His fighting rules were turned in, his battles would be 6 on 6, he'd have main teams, his Kanto, Johto, and Hoenn team, with Pikachu being his alternate should his Pokémon be unable to fight, like if they were sick. Other wise Ash couldn't use any of his on hand Pokémon. He'd also be allowed to make special teams for specific fields. He asked for a three floor facility, one for trainers one for Pokémon and one for the battles. Ash asked for a training room on the battle level allowing Pokémon to train their skills and even practice new moves.

It'd be smaller than the battle pyramid, but mobile so it could land anywhere. Brock and Tracey began putting their ideas in. Brock got a similar facility to a Pokémon center in the trainer level, and Tracey gave specs for everything the Pokémon level would need to house the various Pokémon. The trainer level would have 10 rooms, a hot spring and sauna, a medical room, and Tracey's office where he could examine and draw Pokémon. The Pokémon level had pools for the water Pokémon, all connected with underwater trenches, great big fields for Pokémon to run and play, flower fields, large and small trees for the flying, bug, grass types. Scott was gonna be able to put in rocky areas and small caves, there would even be an area climate controlled where ice types could stay. The battle floor would have the training room, with various bags for Pokémon to train against, the battle floor would also have a variety of fields for any kind of battle.

Scott says this was all doable but it would take some time.

“That's okay Scott I got some friends to collect anyway, I'll

be back!” Ash went to Charizard, and the large Pokémon allowed him to fly.

He flew to Johto and met up with the hoard of Houndour with their leader. They had made friends before but now Ash had something to offer them. “Hey guys how you doing?” the dark and fire types ran over to him happily, he brought them some food and pet them as the leader stepped up. “Listen guys I could use your help, you see this.” He showed them his symbol. “I’m a frontier brain now, and I’m getting my own facility I’d like you to come live with me at the facility, and you leader I’d like you to be apart of my Johto team and the others being the guards at my facility.”

They barked it over and Leader nodded offering his paw. They shook hands/paws, and Ash got the PokéBalls, he caught them all nicknaming the Houndour with the scars Leader since he was the leader of the pack. With them on his side, he took off with Charizard again and searched the seas and found Lapras. (With Houndour his Johto team was complete, Heracross, Bayleef, Cyndaquil, Totodile, Noctowl, and Houndour)

He asked his friend if he’d like to join his special team for his water field. Lapras had spent a lot of time with his family, and he had missed Ash greatly, his family saw Ash a good trainer and worthy of their son. So Lapras rejoined the team. With him his water field team was complete, it was a special team for the water/ice field. (Lapras, Kingler, Totodile, Corphish, Snorlax, Glalie)

Next Charizard flew him to where Larvitar was, the little guy had grown up. He was ready to leave his mother now, and

Tyranitar was fond of Ash and all he did for them. Larvitar went with him joining his stone field team. There was one more he wanted for his stone field team. Charizard flew him to Hoenn where he found Sableye again, he was still wondering not finding a home or friends, so Ash invited him to stay with him and joining up his stone field team. The little guy agreed, he now had a home. (Larvitar, Tauros, Donphan, Torkoal, Charizard, Sableye)

He already had his forest team set up. (Bulbasaur, Muk, Bayleef, Heracross, Noctowl, and Sceptile)

He had other fields but he needed more Pokémon for that. His Kanto Team was (Bulbasaur, Charizard, Kingler, Muk, Tauros, Snorlax) His Johto Team was (Heracross, Bayleef, Cyndaquil, Totodile, Noctowl, Houndour) His Hoenn Team was (Donphan, Swellow, Sceptile, Corphish, Torkoal, Glalie)

On hand he had Pikachu and Aipom. Charizard flew them back to Kanto. He registered his teams with Scott. He spent time with his new Pokémon, working with them to train up their moves like the others.

Ash promised to call on his friends as he would if they were at Prof. Oak's ranch, and with them all traveling together their bonds would only grow.

To be continued

Chapter 2 To Sinnoh

Ash was so excited, he was an official Frontier Brain, he had his symbol, and he just received his facility. His Pokemon moved in, and began exploring their new home. Tracey and Brock inspected their respective facility. It was really touching that Ash made sure they got what they both wanted and needed.

His Pokémon were having fun exploring their new home. “This place is great!” Ash cheers, and his Pokémon certainly agreed. Tracey had taken his knowledge he learned at Oak’s lab for two years, to assist with much needed planning. Brock’s breeder knowledge also helped shape the facility. Ash trusted them, and knew his Pokémon would love it. As a frontier brain, he received a salary to keep his facility running. Using the funds, he got Brock everything he needed to make Pokémon food. Once they were stocked with food, medical supplies, and other necessities it was time to move in. They had to say their goodbyes.

-Tracey-

Tracey packed up his stuff at Oak’s lab. He was missing one of his sketch books. “Looking for something?” Tracey jumped and turned to see Professor Oak, smiling at him. “Professor, I hope you understand. Working with you has been wonderful, but...” he says, and trails off. His thoughts turn to Ash, and he remembers their time on the Orange Islands. His cheeks heat up in a blush, and his heart flutters. “I understand more than you know.” he hands over one of Tracey’s sketch books. The artist blushes and takes it. Inside

was several sketches of a very naked Ash. Some were posed, others were candid. Each sketch held a precious memory for Tracey. The boy had turned to these sketches when he needed to fap. His love for Ash never faded, and he missed the boy terribly.

Tracey didn't know it, but Oak had his own sketch book, with similar sketches. "Sometimes you have to follow your heart, and ride the adventure it sends you on."

"Thank you so much!" he says happily. He finished packing, and gave Oak a hug before heading off.

-Brock-

Brock made a quick trip to Pewter City, he checked on the gym and his family. Both doing well. His brother Forrest was running the gym well enough. "So you traveling with Ash again?"

"Yes I am." he says, packing up his stuff. "Ash invited me to work at his facility."

"I bet he did, and I bet he didn't have trouble convincing you either?" he wiggled his brows, making Brock blush.

"I don't know what you are talking about."

"Oh come on, you've followed him around for so long, heck I bet you fell for him the first time you saw him." His brother could be quite perceptive at times. Brock knew he liked Ash, but it wasn't till Johto did he realize how much Ash meant to him, and it wasn't till Hoenn did he realize the depths of his love for him. It didn't really change much, he still went gaga for Joy and Jenny, but he also got stiff for Ash.

Their travels through Johto and Hoenn were eye opening to say the least. “Just don’t screw it up. You deserve to be happy, and Ash actually makes you happy.”

“Thanks bro,” Brock ruffles his hair.

“Tell Ash, if he wants more help, I’m available.”

“Not a chance!” Brock snaps.

“Oh come on sharing is caring bro!” he says. Brock rubs his temples. Sharing was something he had to do all to well, but sharing with his little brother is where he crossed the line.

-Ash-

Ash was packing up his stuff, and Pikachu was packing several bottles of ketchup. “Oh sweetie I’m so proud of you.” Delia says, bringing Ash his new hat.

“Thanks mom,” he smiles and gives her a hug.

“You’ve really come a long way.” she comments on his status as a Frontier Brain. Ash chuckles and rubs the back of his head. “Is Gary going to Sinnoh to?”

“He is, he says he may not enter the league, but he’d be willing to challenge me for my symbol.”

“You two are really so close.” She didn’t know the half of it.

They were more than rivals, more than friends. Gary was Ash’s first, they explored the strange world of lust and pleasure with each other. This set the ball rolling for Ash to seek out with his companions. “I hope you two will be able to work things out.”

They did have things worked out. Sinnoh was their final rematch chance, while their rivalry ended in Sinnoh, their status as lovers had not been cemented. Gary was switching

professions to become a Pokemon Researcher. His own path had changed slightly.

Ash finishes his packing and says goodbye to his mother once again. His journey set to go.

-x-

Taking a tip from the Pokémon centers, the rooms had bunk beds, allowing four to a room. So Ash, Brock, and Tracey would be sharing a room. “I think it’s great we get to do this together.” Ash says happily. “I’m glad you guys are with me.” “I wouldn’t miss this.” Tracey says.

“Let’s have another go.” Brock says. They get the grand tour, ending in the control room. Ash’s Battle Carrier was up and running, it’s flying capabilities was powered by a generator. The generator could be charged naturally over time, which would mean after flying and landing, they’d need to spend time in an area while waiting for the generator to recharge. It could be charged in a pinch with the help of Ash’s Pokémon. They had enough power to get to Sinnoh, it normally took a boat ride, but Ash, Brock and Tracey were going to be going in style.

The controls were simple, so Ash, Brock, and Tracey could man the helm. It had an advanced radar system, even an auto pilot. The cock pit, had other chairs and computers, so they could certainly bring on more help. They set off together, Brock and Tracey’s Pokemon going to hang out with Ash’s. Brock took his turn at the wheel, the facility soared through the air towards Sinnoh. While Brock piloted, Ash and Tracey, were joining the mile high club.

The two kissed heatedly, crotches rubbing together.

“Mmmhhmm,” they moaned, the kiss deepening. Ash’s tongue caressed his, and the boys swallowed each other’s moans.

Their kiss only broke for air, and as soon as they parted, they started pulling at each other’s clothes. Once Tracey’s shirt came off, Ash’s hands caressed his chest. He fondled his chest, teasing his nipples to hardness.

Tracey shudders and moans bucking against Ash. The raven’s shirt is pulled off next, and the kissing began anew. Their confined arousals rub together more and more, the heat and tightness was driving them both wild.

The cocks demanded freedom, needing skin on skin contact. For Tracey it was worse as his nips were being teased, the icing on the make out cake. His perky buds, were pinched and fondled. Every caress, sent powerful jolts down to his aching dick.

When the kiss broke for air, Tracey was left panting.

“Ash...please...” he panted. His pants were undone, and Tracey groaned in relief as the trousers were dropped. His cock tented his boxers, pre had soaked the undergarment, making the cloth cling to his manhood.

“So wet!” he fondles the wet spot, making Tracey moan again. “You must have been really pent up.”

“Very...” he groaned. Ash removed his pants and boxers, allowing his cock to snap up. His dick was a lovely darker shade, a sign of well use. Tracey slides his underwear down and frees his cock. Their hard ons rub together and they kiss once more. “Ash!”

“Tracey,” Ash moans between kisses. ‘He’s even bigger than the last time we did this.’ Ash was bigger than him by three inches, but despite Ash’s size he didn’t see normal roles in the bed room. When they traveled together, he’d fucked Ash’s tight ass, and gotten his ass pounded as well. ‘Fuck I’ve missed this!’ Their cock rubbing has their dicks nice and wet, glistening in the mix of their essence.

Tracey’s hips rock faster, his balls smacking against Ash’s, the resounding clap sent ripples of pleasure through their crotches. “Mmm!” Tracey brings his hand between them and starts pumping their cocks.

Their releases build, cocks twitching as their climax reach higher and higher until... “Ohh!” Tracey howls as he cums, Ash following just a few seconds after. Their cum splatters between them.

Tracey gets a few seconds to marvel at Ash’s body, it had been 2 years since they’d seen each other and Ash had really toned up. He licked his lips, eyeing the cum covered muscle. He collects some of the semen and starts to play with his ass. One finger, became two, and then three. Not his first time playing with his ass. Ash watches, licking his lips. “It has been too long.” he coats his cock with his cum. “Are you sure you wanna bottom first?”

“Trust me, I’ve been wanting this for sooo long!” he moans. He twists his fingers inside his ass, he pumps himself with his other hand, using the pleasure to help loosen him up.

Ash shrugs, and comes around Tracey. His hands play with his nips to help boost the pleasure. Tracey responds fingering

himself faster and faster. His fingers are stopped and Ash pulls them out.

He lines up his cum covered cock, the tip rubbing against his tight pucker. "Ash...please don't tease...need you!" Ash kissed his neck, pushing forward. The dick breached Tracey's tight hole. "Fuck the hell yes!"

Ash stuffs him nice and slow, rocking slowly back and forth, rocking in a little deeper now and then. "So big!"

"So tight!" Ash moans. Soon he was stuffed into Tracey's tight ass. "Ohhh!" they moaned.

"Fuck I missed this!" The greenette moans. "Move!"

He obeys and starts pounding into Tracey's tight ass. The sound of skin striking skin filled the room. The friction Ash's dick made inside Tracey made his insides melt. Ash's hands continue to play with his nips, Tracey plays with his own cock, as the other hand braces against the wall.

"I missed this to, I'm glad you came with me." Ash whispers and continues to kiss the artist's neck. "I couldn't miss this!" Tracey panted.

Ash's dick continued to hit the boy's sweet spot sending him further ahead on the orgasm train. "Ohh Ash I'm cumming!" he howls. His orgasm hits, and he cums, spilling his seed all over himself and the wall before him.

His clenching inner walls pulls Ash over the edge. "Tracey!" his cock swells, and he cums deep into Tracey's ass. The greenette shivers, as spurt after spurt pumps inside him. The two bask in the afterglow of sex, only for Tracey to whine as Ash pulls out. Tracey is pushed onto Ash's bed, and the boy climbs on top of him. The raven is still hard, he

collects Tracey's cum and starts to finger himself. "I hope you are ready, I wanna take a ride on your cock."

Tracey blushed, and felt his cock harden for Ash. He watches him finger himself. 'So hot!' The boy sinks down, taking Tracey's cock inside him. "Ohh fuck!" Tracey moans.

They carried on into the next round, Ash bouncing up and down on Tracey's cock happily. 'I'm in heaven!'
