

Stress Relief

Monster Musume/Highschool DxD

By Azure

Chapter Four- Mero's Fin-Fucking Frenzy (Kimihiro x Mero)

Following his most recent romp with Cerea, of which Issei had repeated several more times in the same day because it felt just that good, the boy continued on with managing the household. Between sharing Mia's affections and now Cerea's, he found himself fully content in a home filled with promiscuous monster women he could freely fuck just as long as he had their signature and consent. So far, he left Papi alone for the time being, the overly petite air-headed Harpy was happy enough as is for the moment. Issei didn't feel the need to continue expanding the numbers of his free-to-fuck group quite yet, but he reminded himself that the stronger his Dragon heritage inside of his body grows, the more potent the pheromones he releases into the air. He'd have to take care of everybody's needs on a daily basis someday, especially if it came down to a house being full of horny monster women who were in love with him. Thankfully Mia and Cerea were more content and patient these days, those two were simply happy being his 'Wives-in-Training' as they like to call themselves after his romp with them both.

He had to remind himself to thank Miss Smith again later, but just when things became too peaceful there was the sudden appearance of a Slime monster that took humanoid shape when arriving in their house. The first time they encountered it, the little ball of goo was inside one of their cooking pots, attacking Mia and nearly drowning her. When it came back it transformed into a voluptuous full-bodied woman with curves and large breasts. It had witnessed Cerea tending to Issei in the baths, watching and learning from her seductive antics by putting to use her ginormous breasts into massaging the man's back. Needless to say, Issei wanted to fuck that gelatinous pussy too after it decided to stay with them as a new 'Family member' of the household he was creating. Thankfully, Papi got along perfectly well with her despite the Slime girl's typical Yuri/groping antics to obtain moisture.

Then came the day that the mermaid beauty known as Meroune Lorelei, simply known as 'Mero' for short, arrived. She was a lovely pink-haired maiden who had come from the sea to stay in Issei's household like all the others. Being a Mermaid on land, she had an obvious flaw such as the tail-half of her body remaining in fin-form. Mero was wheelchair-bound whenever she was on land. When in a wheelchair she wore a lovely gothic lolita set of clothing over the top half of her body with a headdress over her head and a lovely maid-like dress with an apron over the long mermaid half of her body. Whenever she goes swimming in the water she wears far less clothing, leaving her top exposed in a very skimpy-looking bikini top with gills and fins visible. Her skin was also shimmering in a mucous coating that was for perfect swimming control, and it made her body shimmer beautifully. She had long pink hair that reached down to the back of her hips in a pair of curled ponytails.

In Issei's eyes, she was perfect in nearly every conceivable way, save for the jealousy she incites in Miia, but there was one very bizarre kink Mero had that she fetishizes like crazy.

She loved Netorare, or rather tragically unfulfilled love in a sense. This made her an eyeball in Issei's eyes until one fateful day within her personal bathroom.

Swimming around inside of the household's pool/tub that the others frequently use, Meroune Lorelei watched as her dashing and handsome host Issei Hyoudou worked on scrubbing the floors of the bathhouse in a diligent manner. The young teenage boy had a bizarre aura about him that Mero couldn't help but find irresistible. She continuously watched him as he wore a cleaning smock over his body and worked at pushing the soaped scrubbing mop all over the surface of the bathhouse walls.

'Man, right now I could be balls-deep inside of Miia or Cerea instead of doing this, but...like my dad always says; appearances matter. I don't want this girl's first weekend here to be inside of a dirty bathroom. Unfortunately for me, it's my turn to clean the place up this week. I wonder how she sees me right now.' Issei wondered as he looked over to see Mero waving at him with a bright smile full of genuine sweetness in her expression.

She wasn't putting on airs nor was she thinking any less of her host, if anything, she wanted to tear him away from Miia for the sake of her arousal-inducing fetish. This Mermaid knew that both her Centaur and Lamia roommates were canoodling with the young man himself, she only wished she could get in on the action and make them jealous, but not heartbroken. She wanted to be the 'Heartbroken' one by being rejected or watch Issei make love to either of the two right in front of her.

"Uuuuhhhh!~ Just thinking about it is making me quell so much down beneath my gill flaps. He's just so dreamy, not to mention perfect for a tragedy befalling romance between two other women in this tumultuous time of monster-human relations." She whimpered to herself, letting her crystal blue eyes follow the way Issei moved his body, particularly with a focus on his crotch which was obviously housing a very large dick underneath.

It was barely hidden in Mero's eyes, it also made her wonder if human-monster sexual intimacy was allowed given that she knew Miia and Cerea reeked of his stench.

'Hmmm! It's now or never. You can do this, Meroune!' Mero reasoned and gestured for Issei to pay attention to her by waving her hand in the air. "Ohhh Issei.~"

"Hm? What is it, Mero?" The young boy asked as he stopped pushing the scrubbing mop. He then saw Mero rising out of the waters by putting her hands on the surface, showing off her ample hips and slender midriff with that vivacious set of breasts barely hidden by her bikini top. Issei could feel his crotch stiffening up already as he saw those large D-cup size breasts swishing side-to-side in an enticing manner.

"You're working awfully hard over there, why not join me in the bath? I'd like to be accommodated by you swimming with me right now, you can save the cleaning for later.~" Mero mused, purring with a seductive voice that made Issei feel his inner animal of Lust lurch at her invitation.

'Well...she is inviting me, it'd be rude not to indulge her request.' He reasoned and shrugged before taking off his schmock and pulling up his red T-shirt, showing Mero the sight of his nicely-sculpted chest.

"Eeeeeee!~" She squealed quietly to herself, feeling aroused already as he started unbuckling his pants next. At this, Mero blushed brightly and wanted to avert her eyes, but the sight of Issei's massive bulge sticking out of his boxers compelled her to stare. 'Oh...my goodness! He's...he's really huge underneath! And he's not even erect either!'

Issei's massive cock spilled out of his boxers once he was free of all of his clothing, his member was still flaccid and hung between his legs like an elephant's trunk scaled down to at least twelve to fourteen inches long. His balls were looking as stuffed as ever, even after having his way with Miia and Cerea plenty of times prior to Mero's arrival. It seemed his Dragon Blood could produce Sperm and Pheromones at a highly concentrated, fast-paced, rate.

"Alright, I'm coming in. You're still wearing that bikini top though?" He asked coyly and saw Mero nod her head 'Yes' before he made his way over to her pool and got in.

With a gentle splash, Issei felt instant relaxation when he submerged the lower half of his body into the soothing waters of the pool. He sighed to himself and looked to his right at the darling sight of Mero flashing him a loving smile before swimming up to him. She placed her hands around his chest and deliberately brought her breasts up close to where they nudged against him. It was obvious she wanted in on whatever Issei had to offer since she was putting her arms around his right arm, pulling herself closely with her mermaid tail elegantly swimming around underneath. She still had on her bikini bottom, which may as well have been a thong considering how small it was, covering up her sex.

In some ways, she was similar to Lamia in how they needed some odd-shaped underwear to place over their sex in order to cover it up. It was like underwear in a sense.

"So...planning on seducing me away from Miia and Cerea? Or is it the other way around and watching as I fuck their brains out later on?" He guessed, making Mero's eyes sparkle in pleasant surprise. She giggled playfully whilst pushing her breasts up close to his face.

"H-how...did you find out about my...*Ahem*...fetish? Also, to be fair, most Mermaids share this fascination with unfulfilled love from afar. It is just very appealing to our race." Mero asked and then clarified, making Issei chuckle as he scooped an arm around her waist, cupping her scaled butt and making Mero blush vehemently at the level of their proximity.

"Well, I kinda overheard you talking with Miia that one time in the park. You went on about how you were going to encourage her to get with me while still having it out for me yourself, but if the other way were to happen then you'd be fine with that too since it suits your 'Unique' needs. Honestly, I don't know what you'd like more; to be cucked or to do the cucking." He joked, making Mero blush with embarrassment as she admitted to her mischievous ways of alleviating herself with her fetish.

She did say to Miia that she'd encourage her and Issei into getting together, but she would also turn it around and claim him instead with Miia being the side-girl. At times like this, she felt like a hypocrite, but there was no denying that both girls wanted Issei to marry them and perhaps start a loving family. It was then that Issei decided to speak up and offer some much-needed insight into a win-win situation.

"You know...Miia may have first dibs on me, as she likes to constantly say, but aside from choosing to marry only one of you, I can still freely have sex with the rest so long as I have their consent." He clarified, making Mero blush hotly for this was news to her.

"Y-you mean I could...as they say...have my cake and eat it too? I could both have sex with Issei while he marries Miia in the future, fulfilling my wish of being loved and drowning in the bliss of being tragically labeled as a Mistress or secondary girl? I can really have that?" Mero wondered excitedly, feeling her heart racing as they stayed closer to each other from within the waters.

Issei then put his arms around her naked shoulders, making a dark yet alluring face as she felt his pheromones racing through her body, giving her a very profound surge of lust as she fell head-over-heels in love with him right there.

"We could appeal to that crazy fetish of yours by simply becoming one of many lovers, Mero. You could watch from afar as I take another woman into my arms and ravish her right in front of you. *Mero shivers* You would even have my children and be the bridesmaid at my wedding to Miia or some other woman, wishing us the best. *Mero shivers more* Lastly..." Issei trailed off as he ran his fingers through a set of her gills down by her abdomen, causing Mero to shiver even more with sensitive bliss.

She even felt one of his other hands reaching around to grab onto her tail, massaging her fins in a very sensual and provocative way that made Mero feel extremely aroused since it was a very erogenous place.

"Uuaaahhh! It's like he knows where exactly to touch me! *Her irises lit up in a pair of glowing hearts!* I...I must have him ravish me to his liking and give me daughters! I must!" She thought as she felt him close in on her lips. His mouth was hanging just above hers, ready to kiss her on the spot right there inside of the pool.

"Lastly...we could keep doing it for as long as we want because I have permission to take in however many women I desire as my lovers while still taking good care of the ones that live in this house. Would you like to be a part of that, Mero?" He asked, letting his voice drip in a suave seductive tone he had developed after fucking Cerea into a near-coma after their first romp.

"Y-yes! Oh please yes! Make love to me, Issei! Make love to other women in front of me too! I want it all and I'll happily bear your children while you marry somebody else!~" Mero cried out in desperation, feeling as if Issei had just checked off all the boxes inside of her 'Tragic Lover' list already. She wanted to give him everything and more while he denied her matrimony, just the sheer thought of Issei lovingly making it with other women while keeping her as his mistress sent Mero's heart soaring into the sky.

He brought his hands up to her chest, surprisingly not removing her bikini top just yet, and grabbed onto each of her breasts. Mero let out a swift shudder of pleasure, blushing intensely as she felt her mounds being caressed by Issei's magical fingers pressing through that fabric and squeezing her nipples.

"Aaaahh...!~ Aaahhh.....I-Issei...! Mmhmm!~" Mero whimpered pleurably, feeling the boy's magical hands pinch and squeeze each of the woman's hardening nipples through her top, making her swish her tail around excitedly underneath the water as she reached down to start caressing his cock.

Her right hand lurched forward until her webbed fingers grabbed hold of the thick sausage that was Issei's member. Her soft mucous-coated fingers began sensually grabbing his shaft, stroking it between those webs and making Issei feel the most amazing handjob of his life.

"Mngg! H-holy crap...aaaaah! Your fingers feel like...nnggh...a slippery grip of heaven!" Issei grunted, keeping his fingers pushing into each of Mero's nipples while she continued fondling his shaft with her right ultra-slippery palm.

The Mermaid had a coy smirk on her lips despite her hot and heavy panting, she loved that Issei was succumbing to her handjob, making sure to stiffen up to absoolution in just a matter of seconds. Mero looked down at it from above the waters, seeing it stick out like it was an overly long bottlenose of a Dolphin, except much bigger. The sight of Issei's meat made her salivate with those little heart icons in her eyes glowing even more brightly.

"H-he's even bigger when he's erect! He is the perfect lover to have many as his mistresses while married to his sole wife. He can please anybody he wants with that monstrosity. Eeeeeee!~" Mero was positively excited now, she continued stroking Issei's cock with her hand, letting him reach to about fourteen inches max when he felt ready to take things to the next step.

"You know.....I want to see your underwater-breathing at work." He hinted, making Mero's cheeks blush as she nodded her head in understanding before dipping down underneath the surface.

She went underwater completely submerged to where her head aligned with the young stud's pelvis, her eyes just stared at his wonderfully large cock sticking out. Mero reached forward and brought her head over to the bulbous head, wrapping her soft lips around the surface and swallowing it into her warm slimy mouth with a shove.

Schlupp!

"Mmhmmhmm." She moaned warmly and closed her eyes, keeping her hands wrapped around the center of the shaft as she started throwing her head backward then forward in a deep underwater blowjob.

Schlupp..schlupp..schlupp..schlupp..schlupp..schlupp!

"Nghh! Ahh....damn..so that's what an underwater from a Mermaid feels like, huh? Yes..!~" He breathed out and leaned back into the sides of the pool, putting his arms up over the edge of the surface while her head bobbed enthusiastically underneath.

Although he could feel the suction of Mero's amazingly soft lips and slick slimy throat gobbling his cock, he could also 'Hear' the suction noises she was making in his imagination. Seeing the lovely pink-haired Mermaid throwing her face into his lap, swallowing every inch of his phallus that she possibly could, making Issei's balls throb readily for the explosion. It didn't take too long for Mero to begin going deeper, pushing her face further until her nose barely reached his groin in her attempt at a deepthroat.

Schupp!

Issei wound up growling loudly now for he felt nearly three-fourths of his amazing cock plunge down the gullet of the vivacious Mermaid. Mero continued throwing her face into his pelvis, swallowing and sucking up as much of his cock as humanly possible while gripping the side of his waist. The bubbles coming out from underneath the surface of Mero's head came out even faster for she was throating him with utmost intensity, savoring the taste of the Dragon's cock down her throat.

"Nnghh.....aaaahhh.....! Gghh...! Can't let her have all the action, let's see what Mermaid pussy tastes like." He said to himself, reaching down to grab the thicker end of Mero's tail, gently lifting her topside at a 180-degree angle so that she stayed glued to his crotch.

At first, she was confused by this action until she felt Issei sliding down the lower half of her bikini until it was completely off of her body. She felt rather embarrassed that her sex became exposed before Issei's eyes in an upside manner, her juicy-looking pink folds were attached to a small patch of human-colored skin wedge between her shimmering pink scales and pubic region of her human body. Above it she had a light tuft of pink pubic hair, but Issei wasn't paying attention to that as he held her waist into his strong hands and brought his mouth onto her sex like so.

Schupp! Slpr..slpr..slpr..sclppp..sclpp!

"Mmhmhm!~" He moaned into the Mermaid's muff, feeling her sex respond by throbbing excitedly as he licked up all of Mero's womanhood using his tongue.

'Haaaaaa! Oooohh Issei!' Mero screamed out mentally as she wrapped her tail-fin around the back of his neck, embracing him completely as they indulged each other in an awkward Man/Mermaid sixty-nine position.

Issei hungrily nibbled on her folds, switching back and forth between licking up her cunt then pushing his tongue directly inside to taste even more of Mero's pussy. Likewise, the woman had happily thrown herself onto his prick by swallowing it repeatedly into her mouth. She could only get so much of it inside without choking, but Mero did it with the utmost enthusiasm as she stroked Issei's cock with her hands. Between the two of them, her head was the one moving wildly as she hungrily gulped down the man's thick cock.

'Mhmm..mhmm..mhmm..mhmm..mhmm! So good! Sooo gooooo! Ooahh! If he touches me with his magical hands again I just might lose it!' She thought until she saw Issei's hands shift from gripping the back of her hips to two other different places somewhere on her body.

One reached down to her head underwater, playing with her long pointed Mermaid ears, likely knowing they were sensitive and caused Mero to shudder explicitly when touching them. His other set of fingers went straight to her tail fin, gingerly stroking the more sensitive parts of it between a pair of his fingers. Mero had shut her eyes tight, succumbing to the mind-numbing bliss of Issei's hands magically working her body until she could no longer stand it.

'Aaahhh...! Aaaaahhh...! I'm...not....going to last any longer! My ears and my fin are two of the most sensitive parts in my entire body! Aaaaahhh!~' She cried out internally, keeping her throat hungrily swallowing up Issei's cock until he eventually made her orgasm minutes later!

"Gghhh! I'm cumming too!" Issei announced, feeling Mero's pussy gush sporadically all over his lips and tongue, giving him a taste of her flavor while he in-turn came inside of her slippery mouth from underneath the water!

His pelvis bucked upwards, pushing into Mero's face as she remained glued to his crotch. The Mermaid held onto his thighs and struggled to take in every single shot of seed pumping into her mouth like so, the only problem was that Issei came too much for her to take all of it inside.

Spllt..splt..spllt..spllt..splllt...spltt!

"Mmhmhm..*Gulp..gulp..gulp*.hmmm!~" Mero struggled to swallow all of it, but each thick shot of cum was too fast for her to chug down every single rope. Some of it leaked out from the corners of her mouth, into the pool waters while they eventually rode off their orgasms together at the same time.

When she was done, Mero slipped herself off from Issei's face and arose from the surface of the water to sit beside him again with a cum-stained smile on her face.

"Heh...shame on you, Mero-chan. You've stained the waters of the pool by not catching all of it.~" Issei joked around, letting Mero playfully hit him as a result.

"I-I'm sorry, Issei-Kun, it's just that you came so much. It was almost too much for me to swallow all at once. You must have the virility of a Stallion or a Minotaur considering how big your it is. I can't say I'm unhappy though.~" Mero purred with a salacious smile on her face as she was eager to go even further in cementing their impending Master-Mistress relationship like she always wanted.

"Well...if I'm going to be bathing you in my seed, we're going to need to do a bit of practice first, but you are going to have work for it. Big time.~" Issei smirked, making Mero feel even more excited as he got up from the swimming pools' shallow built-in steps and scooped the lovely Mermaid in his arms to carry her bridal style.

'It's a good thing she's shorter than Mia and Cerea, being a Mermaid only made her barely taller than Papi and Suu. All the better to carry her like this.' Issei thought, seeing Mero's face blush brightly as she held onto his neck with a loving smile.

'I can already picture Miia being in this position while I watch from far away in forlorn envy and hope...*Shudders!*...ooohhh...I cannot stand it any longer! Please give me your seed, Issei! I beg of you to impregnate me and marry Miia as soon as possible!' Mero thought, feeling her loins shuddering with excitement as Issei carried her over to the deeper end of the pool.

Thankfully he was tall enough to still walk along the ground floor without trouble, keeping Mero partially submerged as he brought her over to a distant corner, ready to fuck her pussy raw after already tasting it. When he let go of her, she leaned back into the corner's edge with her hands resting atop the round edges of the pool's outside area. Mero smiled expectedly at Issei and saw him grab the head of his cock, lined it up with her sodden pink squishy folds underneath the water.

He looked at her with a suave smile that made her melt and pushed the large bulbous head of his cock into her sex like so.

Squelch...!

"Aaagggghh...ohhhh...you're...so big!" Mero whimpered pleurably as she felt her folds spreading out, wrapping tightly around Issei's dick as he pushed deeply into her pussy, stretching her insides out while making her chest heave uncontrollably in front of his eyes.

Though she was still wearing her skimpy bikini top, Issei enjoyed watching those large head-sized breasts bounce and wriggle right in front of him. But, more than that, he enjoyed the squishy feeling of slick mermaid pussy coiling gingerly around his length as he pushed himself to the hilt inside of her. Mero threw her head back again, howling in ecstasy as she made her breasts sway in front of Issei's face. Her tail flailed around Issei's body, splashing left and right atop the waters while she was filled with absolute pleasure.

'H-he's so firm...so thick! I can feel him everywhere inside of me, reaching for my baby-maker! I-I want Issei to impregnate me so very badly and marry somebody else! I want it! Ooohhhhh...Goddess!~' Mero thought, keeping her crystal blue irises aglow with little hearts inside of them.

Her body writhed and squirmed, feeling Issei's cock sheathe itself all the way inside until he rested at the hilt of his shaft. He kept her held firmly in his hands, letting Mero settle for a moment till he began fucking her from underneath the waters. The pool surface started splashing around a bit with Issei's hips thrusting powerfully into Mero's mermaid frame, creating a series of muffled squelching noise and bubbles coming out from underneath.

"Mnnghmm! Aaaahhh...aahh...aaahh...aahh...hhaaahh! Issei...aaaagahh!~" She cried out, holding onto his shoulders and tilting her head back as she rolled her slick-coated pelvis along his waist, feeling her walls being churned by his amazingly long cock.

"Ghhhhh! Mero...oohh...man you are tight and slippery down there underneath. I think the water is making you feel even slicker than you were already. Mmhhh, it feels really good fucking you." Issei grunted, pumping his hips ever-more-powerfully into her waist, making the surface of the pool behave like an ocean in a storm.

Mero's chest continued bouncing vivaciously in front of Issei while he bottomed out of her slick Mermaid pussy with gusto. Eventually, he couldn't take seeing that bikini top anymore and decided to pull it off!

"Gyaa! Issei.~" Mero gushed once her large D-cup sized tits spilled nakedly, Issei reached for them and grabbed onto both, sending Mero into a blissful frenzy of arousal-inducing ecstasy! "Haagggghh...ohhh yess! Issei...Issei...ooh! Your fingers feel so good!"

The brown-haired host simply smirked and kept on squeezing each of Mero's doughy gems in each of his hands, fondling all her sensitive areas intuitively and making her seethe with ecstasy while doing so. She was riddled with bliss right now and coiling the insides of her slick goopy pussy around his length, making him growl in pleasure as he began fucking her even harder.

The splashes of water running amok on the surface became more violent and intense, Issei was really feeling Mero's cervix squeeze tightly around his length while he bottomed out of her twat in a voracious manner.

"Ghhnh.ghhnh.gnh.gnnh.nghhhh! Oohh Mero...you feel like you're about to cum soon. Want to have my children that badly? Will you be my mistress and watch as I fuck other women in front of you and vice versa?" Issei asked, feeling his cock beginning to swell with ejaculate as he dug out the insides of her womb with his cock.

Mero's face broke out into a mind-broken smile of utmost bliss as she continued to roll her pelvis along his waist in a mutually-sustained sexual frenzy. Her eyes filled with little hearts and she held her arms around his neck just as he was about to come.

"Yess! Yesss! A thousand times yes! Please let me be your mistress, Issei Hyoudo! I love you with all my heart and will gladly be your side corn while you ravish others!" She cried out before lurching wildly atop of his body, cumming with intensity as her cervix squeezed Issei's mammoth-like dick in desperation.

She came hard and brought the boy into orgasm himself, making him slam himself into her semi-scaly body with a grunt. His balls swelled up, his shaft became engorged as he sent thick virile ropes of sperm directly into Mero's womb like an animal seeding another.

Spllt..spplltt..spplt..spllt..spplt..splltt!

"Oooooohhhhhh!~" Mero cried out, looking him in the eyes with a smile of blissful happiness.

Issei came inside of her pussy a few more times before reluctantly pulling himself out! His cock continued blasting ropes of sperm into the air like a volcano, making a mess of the pool and letting a few more shots fly into the air before Mero caught them with her Mermaid tail! Thankfully her fin had very thick webbing, helping catch plenty of cum as Issei continued cumming for nearly a minute longer until he was done.

"Ugh.....that'll do it, hoo....I've been holding quite a bit back until now.~" Issei groaned in satisfaction, feeling momentarily spent after he had finished cumming up a storm. Issei then saw Mero bring her tail carefully to her face, allowing her to let the sperm pooled between her fins to drip into her mouth from above.

It was easily the hottest, most exotic thing he had seen in regards to monster women aside from having Miia coil her body around him. He watched that pearly seed spill onto her mouth and lips, leading to Mero gleefully ingest it with tongue swishing the stuff around from inside of her mouth before swallowing.

Gulp!

"Aahhh, delicious. Oohh Issei, I can see us becoming a beautifully tragic romance already! Just promise me you'll have me whenever I ask.~" She requested, pushing her naked tits against his chest and leaning in close to his face with a lovestruck smile. Issei grinned proudly and held her mermaid ass firmly into his fingers, bringing Mero to wrap her tail around his side.

"I promise, hope you'll call me 'Honey' like the rest.~" He said cooly and brought himself down upon her lips, embracing her fully.

"Oh, I will, Honey. Hehehe. Mhmmm!~" Mero let out before kissing Issei deeply, she slithered her tongue into his throat and stayed there in the waters with his body melded with hers while sperm continued oozing out of her freshly-fucked pussy.

Later....

Issei is walking home after paying a visit to the grocery store to buy ingredients and things his housemates like to drink. A smile was forever present on his face as he arrived thinking about his three main lovers and wondering about the two non-romanced little women in his life. Papi; the petite bird-brained harpy with a huge heart and an adorably child-like personality that Issei found cute. It was odd she was the same age as Miia, but then again Miss Smith said that Harpies had compact bodies because of their wings. It gave her a wonderfully petite figure with the right amount of slender curves that made her look like a precocious teenager.

Then there was Suu; the Slime monster that changes shape to resemble a full-bodied humanoid with an innocent charm that liked to tongue out the other girls for a 'Recharge' of moisture. Issei found that odd, but it was too hot to ignore all the same. What was astonishing to him was that Suu often changed from petite form 'A' to busty and curvy form 'B', making Issei want to lust after her as well. He kinda wondered if he could get her to make her ass even bigger than the others or enhance her breasts to be bigger than Cerea than they were already.

When he arrived at his house, he opened the door and was greeted immediately by his three main lovers; Miia, Cerea, and Mero. All of them had been waiting around in the living room and kitchen, eager for him to get home.

"Welcome home, Darling!~" Miia greeted, sliding up to his front and wrapping her arms around his neck.

"Darling, you're back! Hope you grabbed plenty of food, you are going to need the energy to....feed off these later.~" Cerea bashfully presented herself, grabbing her arms around his right side with a loving smile.

"Darling! Come here and give me a kiss, but be sure to pick me up first though.~" Mero chimed in, arriving at his left side and getting scooped out of her chair into Issei's arm after he embraced the others.

"Sorry I was gone a while, how about an afternoon 'Greeting' from each of you?" He asked and Miia pulled him onto her lips first, kissing him deeply with her tongue hungrily cleaning out his tonsils until he pulled back to allow Cerea to go next.

"Hmmm!~" Crea held her hands around Issei's face, wanting to smother him in her tits as they swapped spit in front of a peevish Miia and a gushing Mero. The hungry centaur warrior swirled her tongue around the inside of his throat some more until he pulled off to grab onto Mero next.

The gleeful NTR-happy mermaid held her arms around his neck lovingly as she sucked his lips into her own in a deep and passionate lip-lock.

"Mmmhhh.~" Mero happily swallowed Issei's lips into her mouth, tasting him as he held all three ladies in his arms.

Meanwhile, Papi and Suu now noticed he was here after playing with each other from the living room. The giddy little bird-humanoid ran over to him, eager to give him the news she's been waiting to give.

"Master! Master....! I laid an egg today! I laid my very first egg!~" She announced brightly, seeing that he was still making out with Mero before pulling off the woman's lips to hungrily taste Miia once again.

....

"Eh....? Master! Can you hear me? Listen to Papi already!" The adorable petite Harpy puffed her cheeks with slight annoyance, making a pouty face as she put her feathery 'Hands' on her hips. 'Hmph! Why is Master not paying attention to me? Is it because he's too busy kissing Miia and the others?'

As Papi wondered this, her mind came to the idea on how best to get Issei's attention; by imitating whatever it is these frisky roommates did with him when alone.

"Papi will get your attention, Master. I promise."

End of Chapter

To Be continued....

AN; This has been for 'Issei' thanks for reading.
