

Eclipse and Lexi on a Cruise 3

“I truly am a lucky gal, aren’t I Mr. Agent?” Eclipse chimed as she lowered the naked man beneath the surface of the bathtub yet again. The warm water and the gentle soap of the bath relaxed her thoroughly even though she had a very physically able man between her legs “To find you in the captain’s dinner and for you to have such a lovely tub so that I can relax a little and... get all of that sweat from the catsuit off of me.”

Barely heard gurgles were the only sound that followed her playful taunts. He was actually a bit harder to get, compared to her previous victims at least. The agent was a veteran by the looks of it, only those had the will strong enough not to be upon her in an instant.

She actually had to chat him up and convince him that they would not be long for him to accept her invitation to his own cabin. There she got into a figure hugging, crimson, spandex, bikini before she got him naked and into the bath tub. It was easy once he saw her naked. The unlucky few who can resist her in leather and latex, never say no to her curvaceous, delicious body.

He slapped at her legs, trying desperately to get himself above the surface and breathe in some air. But Eclipse had time. She was in no hurry. It was a two week cruise, she had all the time in the world to take out the other victims and to discover who this mysterious other assassin was. The one with snake eyes.

Eclipse lounged back into the tub and leisurely picked up the cocktail that he had poured for them. Her python’s legs holding his neck tightly whilst her petite touse massaged his cock expertly.

“I could get used to this.” She mused. “You even make good cocktails darling.”

Eclipse taunted as she let him above the bubbles of the water for some air.

“I’m not after you!” He squeaked the moment she let him breathe. “I’m not after you! That is why I didn’t want to go to my room, I was waiting for my target.”

“You wanted to bring one of those smelly men into your lovely cabin? I don’t judge honey, prefer what you will, but I thought you liked us girls.” She teased and continued to do so with her toes and feet. He sighed desperately and tried to speak again. “Or do you play for both teams?”

With a chuckle she lowered him beneath the surface yet again. His struggles making her hornier and wetter by the minute. The kinky agent loved looking at his chiseled body, all hot and bothered, with the water and the foam accenting his well toned body.

As his struggles reverberated along her thighs and waist, sending shivers of pleasure down the lips of her pussy, she plucked a cherry from the top of a pile that he had also gotten out for her.

“So despite your mission you still let me into your room.” She giggled smugly right after giving him some air again. “And here I thought you were a good agent.”

“Stop!” He gurgled. “Please, I’ll tell you everything.”

“I’m listening.” Eclipse said with a playful pat upon his head and took another cherry. She sighed in pleasure as he began.

“I’m not here for you I swear. I work for the CAA. I am here to eliminate a target. Code name “Snake Eyes.” I didn’t even know you were here Eclipse I promise you.”

He spoke quickly and, while the assassin did like how much he struggled to talk clearly despite the tight hold she had his neck in, she did not think he was lying.

And again, the mention of those snake eyes... Who is this gal that is going around doing my work?

“And would you be kind enough to tell me who she is?” Eclipse said in a teasing tone before lowering his head a little into the water. Just enough for him to get a mouthful of soap and foam. His cock twitched beneath her feet none the less.

“Yes! Wait-wait-wait.” He spat out the water as she laughed and continued talking. “She is not of this world. She came out of a portal that we had discovered near Hawaii. We do not know who she is but her mere appearance here is proof that the other portals were not a coincidence. We’ve had word from some of those that passed through. Of a group, a “League” as they call themselves. “The League of Villainesses.” They always send one to scout ahead before a world is enslaved. And ours is next.”

Eclipse cocked her eyebrow and laughed earnestly.

“Have you been smoking something darling? Or did you really think up all of that right now with my legs around your throat? Do I stimulate you so?”

She stroked his cock with her foot, sending him into another spasm of pure pleasure.

“I swear. I am telling you the truth...”

Eclipse was just about to lower him into the tub again before she was cut off by a succulent yet almost impish voice from behind her. One that reminded her of a poisonous snake.

“He is telling the truth you know. Fufufu~”

In a blink Eclipse was up, grabbing a small gun from her purse and pushing the agent beneath the water with her knee. Pointing the gun at the intruder, even Eclipse had to confess to be stunned for a moment or two.

She was beautiful. Clad in tight, nylon catsuit, a latex corset, thigh high boots of the same material that were somehow even tighter against her skin than the catsuit. Shiny latex gloves adorned her arms with a strange looking, sharp claw upon the right one that looked to sinister to be a simple decoration.

“Who are you?”

“You can call me Lexi. And you must be Eclipse. I have been searching for you.” The kinky looking intruder said, again accenting those S’s like a snake. She walked towards the tub and for some reason Eclipse didn’t shoot her right there. For some reason, she felt safe next to her and not only because she wanted to get her into a bed... pronto!

The other woman’s walk was somewhere between gallant and fluid, not unlike her own but with a twist Eclipse could not really pin point. Her heels echoed around the cabin as she entered the tub, placing both of her boots to the sides of the drowning agent.

“How about we take him out and sit down for a talk. I have a proposition you might like. Fufufu~” This Lexi sat herself at the edge of the tub, placing one heel upon the chest of the agent, while crossing the other leg. She looked majestic.

“I like how you work.” Eclipse added with a sly smile before doing the same. She placed her toes upon his cock, only to accent the denial and the teasing further into his defeated mind. The two held him like that whilst he had his denied, orgasmic raptures beneath them. Though terrified at the prospect of dying, the pleasure of getting his life snuffed out beneath two beauties such as them was short circuiting his mind into a masochistic stupor.

After his body stopped shuddering, Lexi, without giving him a second glance, spoke in that sultry voice again and Eclipse was more than happy to listen at the prospect of joining The League.
