CherryPop Reads: Jane's Growth Suit - Written by SGA

[Jane]

Okay, and finally... There. Whew, that fits great.

[Narrator]

Jane had just finished putting on her brand new growth suit, and looked back to the instruction leaflet in her hands.

[Jane]

And I turn it on at the waist... here.

[Suit]

Greetings, new user. Please tell me your name.

[Jane]

Jane

[Suit]

Jane, thank you for purchasing this development acceleration suit. Please address me as "suit", followed by a logical command. See instruction booklet for details.

[Jane]

Okay, let's see here.

[Narrator]

Jane flipped through the booklet to the relevant page. She wasn't particularly interested in height growth, what interested her more was the suits expansion features.

[Jane]

Ah, here we are. Let's try... suit, breast expansion to F cups.

[Suit]

Understood. Breast Expansion Commencing!

[Jane]

Oh wow, they feel really tingly \*m\* yess, it's working \*m\* they're really growing!

[Jane]

[Narrator]

Jane's breasts began to bulge out larger as the suit made them swell up through the cup-scale. She could feel them swelling out against the suit, which somehow got no tighter on her as it appeared to grow along with her tits, staying snugly up against them as they swelled up and up until reaching the requested F cups.

[Suit]

Bust Size Goal Achieved, expansion halting.

[Jane]

Whew, that was awesome. I can't believe I've got real tits now~ Let's hope this thing can balance me out.

[Narrator]

Jane searched through the instruction booklet again, before a grin spread across her face.

[Jane]

Well that's easy. Suit, balance me out!

[Suit]

Understood. Butt Expansion Commencing!

[Jane]

Oh yes, it feels just as tingly \*m\* as my tits did! And I can feel my butt \*m\* swelling out already!

[Jane]

\*growth moans to go under narration\*

[Narrator]

Just as her breasts had done, her butt began its own rhythmic expansion as the suit made her cheeks bulge outwards and her hips widen. Jane couldn't help but place her hand on her swelling ass and feel the suit and her flesh beneath it pushing out between her fingers. She loved the extreme hourglass figure her body was becoming, but that didn't stop her from wanting much much more. When her butt had about matched the volume of her F cup tits, it's expansion too came to a stop.

[Suit]

Butt Size Goal Achieved, expansion halting.

[Jane]

Whew, this thing is awesome. I just hope it survives me turning things up a notch. Because, while this sort of size is good and all, I don't want big tits, I want huuge tits~ Like: suit, breast expansion to 1 meter.

[Suit]

Understood. Breast Expansion Commencing!

[Jane]

Ohh this feels \*m\* much stronger than the last time! \*m\* Yess, look at them grow! \*m\*

[Jane]

[Narrator]

Her previous expansion was nothing to this one, the speed of their growth was truly incredible as they quickly swelled downwards and outwards, the suit fitting tightly against them throughout. Quickly, Jane felt their mass double and double again, and she found herself almost pulled over onto the floor. Quickly, she adopted a position lying atop her breasts as they continued to grow and swell ridiculously out over the floor. The sensation of them covering more ground every second was more exciting to Jane than she could ever have imagined. Eventually, as her massive tits reached the size of exercise balls beneath her, their growth stopped.

[Suit]

Bust Size Goal Achieved, expansion halting.

[Jane]

Whew, now that was epic! I can't believe how huge these girls are~

[Narrator]

Jane attempted to wrap her arms around the two huge masses, trying to grab as much of the suited tit as she could manage, but she couldn't even reach her nipples anymore.

[Jane]

Ahhh~ I'm in heaven already. They're just so big~ though, I guess that means my butt has a lot of catching up to do. Suit, balance me out!

[Suit]

Understood. Butt Expansion Commencing!

[Jane]

Oh yes, so strong again \*m\* yesss~ Here goes! \*m\*

[Jane]

[Narrator]

Once again, her butt mirrored her breasts and began to swell and swell outwards, thicker and rounder with each growth spurt. Each swelling sensation was so pleasurable that Jane continued to moan over and over as her butt blossomed out behind her. As before, she placed her hand on her huge swelling ass to feel it bulging up and outwards over and over, the suit covered flesh pouring between her fingers as she felt it. Her butt cheeks had soon grown large enough to berry her legs and feet underneath it as it continued swelling to match her vast breasts, and very quickly Jane found herself sandwiched between her huge tits and butt each as absurdly big as each other as the suit stopped growing once more.

[Suit]

Butt Size Goal Achieved, expansion halting.

[Jane]

Wow, it's really comfy in here, I can't believe I'm surrounded by my butt and my breasts. I mean, now I'm this big, I've just got to be even bigger~ Suit, breast and butt expansion to fill my bedroom!

[Suit]

Understood. Simultaneous Breast and Butt expansion commencing.

[Jane]

Wow, that works? \*m\* Ohh, apparently it does \*m\* Wow! Look at them grow! \*m\*

[Jane]

\*growth moans to go under narration\*

[Narrator]

Jane felt her breasts and butt begin to surge larger together, and the pleasure almost overwhelmed her. To feel her already massive assets swelling even bigger was such an incredible sensation on it's own, and the fact it caused her pleasure above that was a huge plus. She could feel as her tits came up against her bed to the side of her, and began to swell up over it like an unstoppable spreading force. Her butt also was spreading out behind her and approaching her desk. As they spread, Jane also found she was being lifted up, slowly but surely, as her breasts and her butt grew bigger and bigger. Her butt quickly found her desk, and in only a few spurts it was drowning beneath her butt cheeks, as her bed was underneath her left breast. They'd found the walls now, with Jane being jostled into the middle of the room as the wave of suit-covered flesh that now covered the entire floor began to rise up and up towards

the ceiling as the impossible growth continued. Jane watched as all her swelling assets continued to rise and rise up towards the ceiling, lifting her up along with them. She quickly found she wasn't even standing on the floor anymore, but her entire body below her neck was sandwiched from all sides by her growing tits and ass. She could feel the pressure from them increase, both against the rest of her body and also the walls of the room as at last they hit the ceiling as well. In just another couple of spurts, they had closed off all remaining space that was left in the room and, as requested, the growth stopped.

[Suit]

Size Goal Achieved, expansion halting.

[Jane]

Ohhh wow, I can't believe it, I'm really filling my entire bedroom. There's no space left at all. And it feels soo good to be so massive. I... I don't care anymore. I've just got to be even bigger! Suit, double my breasts and butt size!

[Suit]

**Understood. Simultaneous Breast and Butt expansion commencing.**

[Jane]

Ohh yes, now I've done it \*m\* It's getting tighter already \*m\* and tighter~ This house won't last \*m\* long. Oh, that was one of the windows \*m\* and the other. Wow, is the house creaking? \*m\* There's so much pressure now \*m\* It's almost too much, so amazing \*m\* I think this is it... here it comes! \*big moan\* Yeeesss! Freedom!!! \*m\* Keep growing my massive girls! \*m\*

[Jane]

\*growth moans to go under narration\*

[Narrator]

As the remains of her house collapsed around her, Jane's growth continued out into the daylight. She couldn't believe how massive she was becoming. She could feel her breasts growing out over the front garden as her butt spread out through the back. As they grew, Jane continued to be lifted up and up, though her vision was almost entirely filled with her own tits and ass all around her. All she could rely on was the sensations she could feel from her massive orbs as they swelled outwards. In another surge or so, she felt something push against her breasts briefly as they demolished the small fence that lay at the front of their yard without any difficulty at all. However, just as Jane was feeling things were getting started, their expansion stopped once more.

[Suit]

**Size Goal Achieved, expansion halting.**

[Jane]

Aww, no! I wanna keep growing! I never wanna stop! Suit, ongoing breast and butt expansion!

[Suit]

**Understood. Simultaneous Breast and Butt expansion commencing.**

[Jane]

Oohhh yes, here it comes \*m\* Now, the real fun begins! \*m\* Ahahaha~
