*Blue* = Noises

*Green* = Tone

*[background noise sfx]* Hey, you're finally alone. Could I talk to you for a sec? Preferably somewhere more...quiet? No, you don't have to worry. It's nothing scary or anything. I just...I need to get this off my chest before it eats me alive.

Follow me. I found a place when I was looking for you. I don't know whose house this is, but it's huge. You have some...interesting friends outside of me. Rich, too. Not that that's a bad thing! Sorry, I don't know why I'm talking like this all of a sudden.

Oh, here's the room. It's nice, right? We can sit on this couch over here.

...

I don't really know how to start this, so I guess I'll start at the beginning. We've known each other a long time. The first time we met, we clicked instantly and got super close. We even ditched the friends we came with and got ice cream together. We were wasted that night.

*[laughs]*

Even now, I feel like anytime I want to do something, you're always the one I talk to first. Whenever I hear good news, I call you. Whenever I'm struggling, you come over. You've become someone in my life that I don't think I can live without anymore. The way you care for me...no one has ever been there for me like you have.

And I always do the same for you. Remember when you had that really bad breakup and you had to convince me not to hunt the guy down? When you told me what he did to you, I saw red. I promised that I would protect you in any way that you need me to.

Well, recently I've been struggling...and it's been something I couldn't really talk to you about...until now. First, promise me you won't get upset with me if you don't like what I have to say. If it makes you uncomfortable, we can forget this conversation ever happened and go back to normal.

You look concerned...sorry, I'm being kinda cryptic, aren't I? I feel like I'm dragging this out because I'm so nervous. I've never done this kind of thing before, so bear with me. *[sigh]* Ok...I'm just gonna say it.

I like you. I don't really know when it started, but one day, the thought of you kissing me wouldn't leave my head. Then my imagination kinda took off from there and...I couldn't stop thinking about you. You drive me crazy in the best way possible. I want to cherish you. I want to buy you

flowers and take you on dates. I want to kiss you when we think nobody is looking. I want to hold your hand in public...I want to cuddle you at night...I want *you*.

That being said, if you don't feel the same way, tell me now and you'll never hear another word about it. The last thing I want is for this confession to ruin our friendship. I know this is sudden and you're probably taken aback and wondering why I decided to do this *here* of all places...but you looked so good tonight, and you had those guys trying to talk to you...I just couldn't wait anymore.

So...how do you feel? Please be honest. I won't be upset with you. *[kisses]* You...kissed me. Does that mean you like me too?

...

*[laughs]* You're right. I am an idiot. So spell it out for me. Say the words...I wanna hear it come from your pretty mouth.

...

You have no idea how happy you've just made me. My heart is beating so fast...I feel like I'm dreaming...am I dreaming? *[kisses]* Don't laugh at me...my brain is still trying to compute what's happening...I never imagined I'd actually be doing this kind of thing with...you.

I kinda want to pick you, take you downstairs, and make out with you in front of everyone so that they know you're off limits. You're mine now...isn't that right? *[kisses]* Is this your new way of telling me to stop talking? Not that I'm complaining...but now I want to talk more. That way...you can keep telling me to shut up.

*[kisses]* You're...straddling me. God...you're gonna make my heart stop. My last thread of sanity feels like it's gonna snap any second now. *[kisses]* You're perfect...so so perfect. What did I do to deserve you? *[kisses]* Wait... *[kiss]* Wait a second... *[kiss]* We should...stop. I...uh...I'm not sure I can...control myself...so...

...

What? You want this? Are you sure? *[kiss]* You're so amazing...I like you so much. *[kiss]* I like you. *[kiss]* I like you...make me yours.

*[kisses]* My body feels like it's on fire...I can't believe you're straddling me and...nnggh...grinding down on me right now. *[kisses]* This shirt needs to come off...lift your arms up. *[clothing sfx]* Fuck...look at you. I never imagined I'd be able to touch you like this. Lean closer...I wanna kiss your chest.

No? What do you mean no?

...

You wanna be in charge? Of course you can...I like anything you do to me. *[kisses]* I love kissing you...your lips are so soft...and so cute. *[kisses]* Oof! Damn, you're really taking control, shoving me onto my back like that...I like this side of you.

*[pants sfx]* Why are you just staring at it? Nnggh...you're kissing and biting my thighs...are you purposefully avoiding my cock? You're such a tease. Please...please touch me. I'm so hard for you. I've been so patient. I've waited so long.

*[wet sfx]* F-Fuck...oh my god. Your hand...it feels so good. I love seeing your hand wrapped around me. I'm so desperate for you. Can you kiss me? *[kisses and moans]*

I don't know if it's because it's been a while, or if I'm just excited that you're touching me...but nnggh...I already feel so close. *[whimper]* Why are you going faster? I said I was close. *[kisses and moans]* You're doing that on purpose...wait! Oh fuck...hold on. I don't wanna cum yet. Wait-nnggh! Oh my god...fuck, I'm cumming! *[loud moan] [wet sfx stops]*

You love messing with me, don't you? Holy shit...sorry I made a mess. I couldn't hold it in any longer...fuck, that's embarrassing. Why don't we- oh god...you're licking it up? Holy shit you're so sexy. I feel like I might get hard again at this rate.

...

You wanna make me cum again? Ok...you're in charge, just...gimme a minute...*[wet sfx]* I said to...nnggh...wait! I just came...and now you're sucking me off...it's so sensitive. Oh fuck, your mouth feels like it's burning me. You're so hot.

You feel so fucking amazing...oh shit. My mind is going blank. All I can feel is you...nnggh...d-don't look at me like that. Just the sight of you with my cock in your mouth is enough to make me cum again.

*[loud moan]* Fuck! You're taking it so deep...oh shit...I've never felt so good. You're...so perfect. I'm getting close...*[wet sfx stops] [whimper] (impatient)* Why did you stop? That smile on your face is making me nervous.

You liked the way I begged earlier? I'll beg as much as you want me to...I just wanna cum. Please let me cum. I'll do anything. Please, I've been so good. I've been such a good boy...it hurts...I wanna cum.

*[wet sfx] [whimper]* Thank you...you're so good to me. I like you so much. Oh my god...fuck, I'm gonna cum...I'm c-cumming! *[loud moan] [heavy breathing]*

Nngh...I can't see straight. *[kisses] [whimper]* Come back...please...I wanna kiss you more. Why are you sitting on my chest? Oh fuck...you're touching yourself...while sitting on me. Fuck...you really do want me to lose my mind, don't you?

*(whiny)* This is torture. I wanna feel you. I want to be the one fingering you. God, I can't take it. Please...let me do something. I'm begging you...I need to touch you.

W-wait...I really don't think I can cum again.. Just...nngh...just touching it...feels like I'm being electrocuted. I don't know- *[wet sfx] [intense moan]*

Oh fuck...I'm inside you...it's so intense...I don't know if I can- *[whimper]* Ok...yeah, you're right...I'm your good boy. I can cum for you again. I'll do whatever you want me to...nngh...I'll fill you up.

*[whimpers and moans]* I can't believe I'm inside you...you take every inch of me...fuck, this is crazy. Am I making you feel good?

Please...Tell me you like me. I need to hear it again. Please. *[whimper]* I'm so happy. You like me...and you're having sex with me...is this real life? I can't tell anymore. All I can feel is you bouncing on top of me. I like you. I like you so much.

*(whiny)* Oh my god...this is crazy. I want all of you. Give me everything. *[moan]* You want me to cum?...nngh...ok, anything for you...ahh! F-fuck...it's so sensitive...it hurts...baby please. Fuck me till I cum.

*[intense moans and whimpers until you cum] [heavy breathing]* I did it...I came inside of you. Oh fuck, I can't feel my legs. *[pained laughs] [kiss]* Thank you for this. *[kiss]* I like you. Thank you.
