The man and the girl expose their lower body and prepare to start mating. The girl thrusts her ass toward the man, encouraging him to insert his genitalia into her, while the man presses his warped penis against the girl's small ass

yourself is too naughty♥

The man grabbed the school bag of the girl he met, for the first time and inserted his genitals into her. He didn't pay attention to the condom prepared for her, and he didn't show a shred of consideration. Only the lower half of her body, undressed and dressed like an animal, began to copulate!

To my horror, the girl held on for two hours...!
The girl and the man had climaxed many times.
Somehow, the girl still had time to spare, and their
positions were reversed.
The man's knees were shaking like a newborn fawn,
but he kept bucking his hips with determination...

Two hours later...

Wimp cock
Loser cock

What?
Is it over
already?

You thought
you could marry
a schoolgirl
with that much?

Please...
marry me...!

This match, which seemed to be dominated by the man, ended in a one-sided victory for the girl... The elementary school girl lured him in and squeezed him with her inexhaustible physical strength! The man's phallus seemed to weep in the sad light of the summer dusk...
