

Wow!! Look who finally arrived!!  
We've been waiting for you.

I confess that I was a little  
afraid that you wouldn't want to come.

You're very  
important to  
the team.

Thank you  
Tony!!  
but I thought  
this was a  
private  
meeting...  
between  
you and me.

HOLY CRAP!!!

It's a private meeting,  
big guy, but I've called  
a few people I trust.

We're going to need  
all the help we can get.

But do not worry!  
Everyone here is  
reliable.  
Some of them you  
may have heard about.

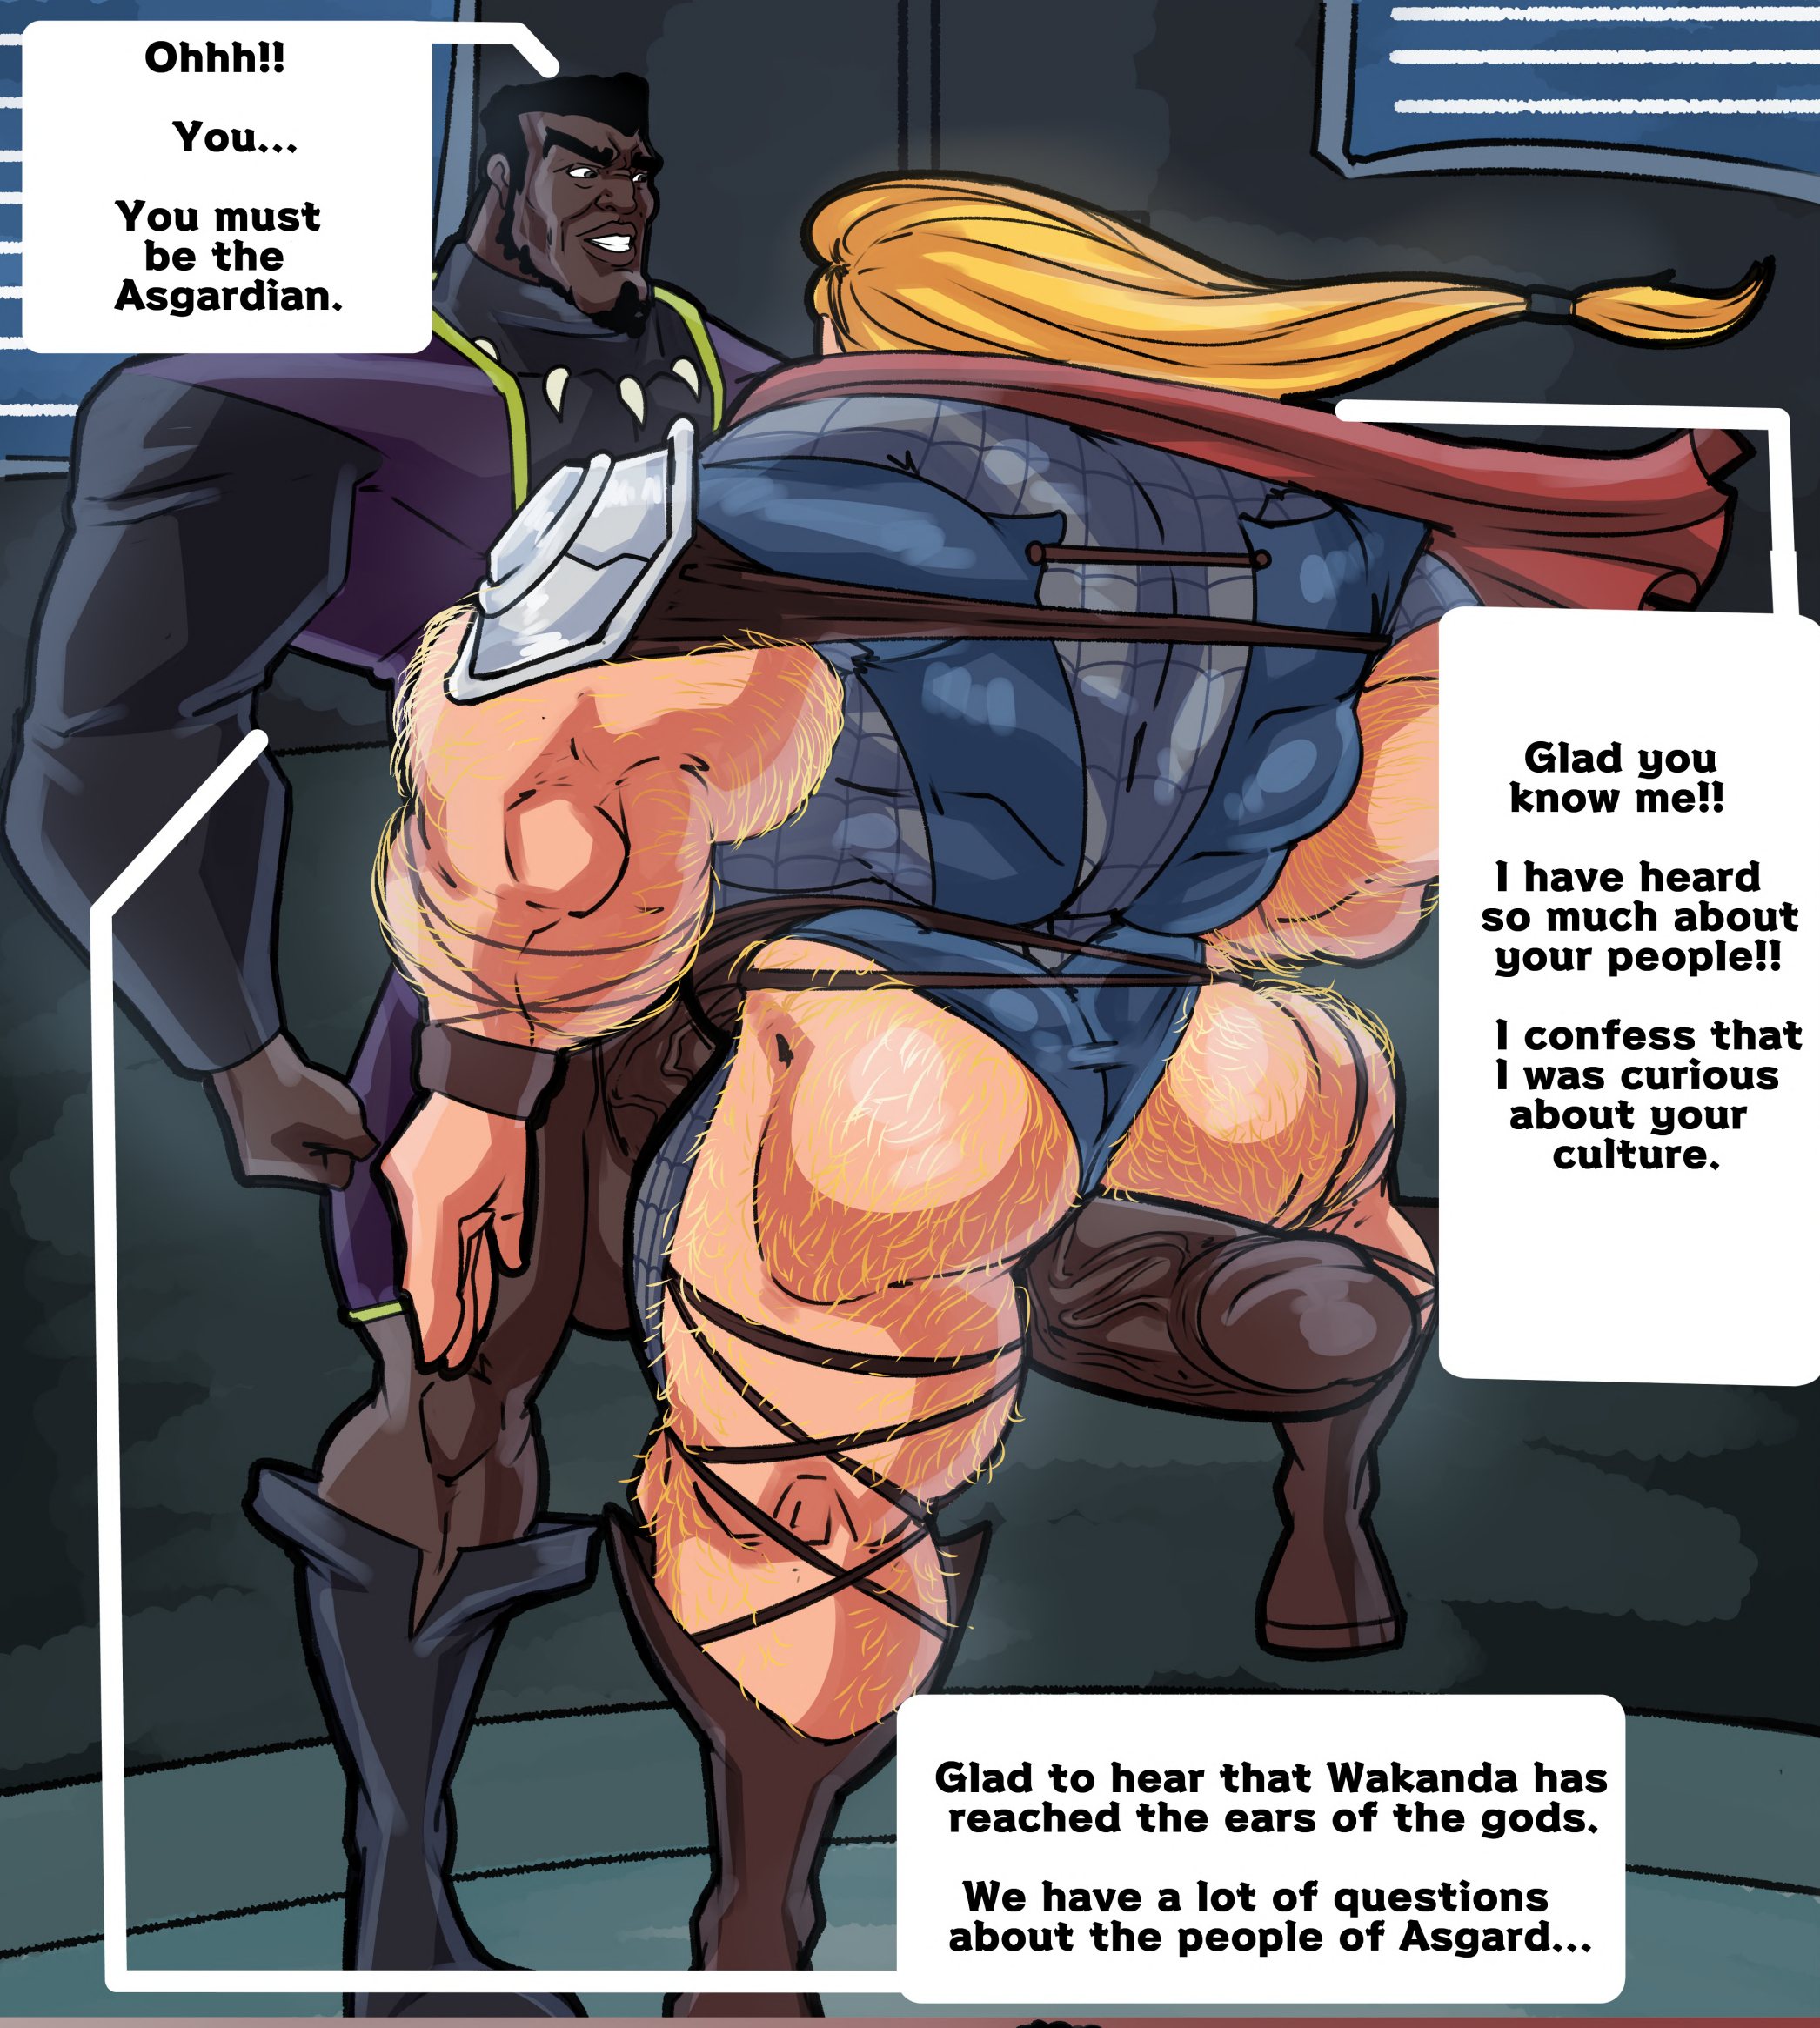

They finally arrived,  
I couldn't wait any  
longer.

Welcome back,  
Black Panther.  
I'm a big fan of  
your work.

Its ok  
Stark.  
If you  
trust  
them  
I do too.

Welcome!!

Ahhhh we're all finally  
here and I... wait...  
that damn wizard hasn't  
arrived yet?  
oh man are you serious?!!  
I'll try calling him.

Ohhh!!  
You...  
You must be the Asgardian.

Glad you know me!!  
I have heard so much about your people!!  
I confess that I was curious about your culture.

Glad to hear that Wakanda has reached the ears of the gods.  
We have a lot of questions about the people of Asgard...

*Beware, son of Odin!! If you've really heard about our people, you know we can break a few bones... make damage and holes.*

Great!!  
*I've been counting the days to find a human capable of doing damage and breaking my bones.*

Ooahn!! Asgardian anatomy is so... heavy!!  
I would love to get inside you... I mean... get you inside our books.

Yeah, huh?! I like to collaborate!! When can I go to Wakanda?

Ohhh, dammit!!  
This is bigger than mine!!

I hope soon, Thor!  
We need a safe place to stay!!

I'm glad that the King of Wakanda is willing to collaborate with our team and has the gates of Wakanda open to his friends.

I've been gathering information about something that could threaten our existence and just a short while ago I confirmed what I feared...

Thanos, the Destroyer, is coming to take the Infinity Stones!!  
We need a safe place to stay, and that's why you are so important, T'challa.  
Wakanda is our best option.

So...  
we arrived  
in Wakanda!!  
Yeah, seems  
like a pretty  
welcoming  
place.

You must be kidding!!  
Now I understand  
why Black Panther  
asked us to come  
in lighter clothes.  
Aren't you hot  
Bruce?

I liked  
it here!!  
It's a little  
hot!!

Yes, but  
I know that  
at some point  
Hulk will appear.  
I don't earn  
enough to buy  
new clothes  
every time  
he appears.

My friends, I see you have arrived!!  
Welcome everyone to my world.  
I hope you enjoy all that Wakanda  
has to offer you.

I believe you will want to rest a little  
before we begin to put our plan into  
action. We're going to need strength.

Can it be tonight  
in my office, please?

Yeah, whenever  
you want!!

Tony, Doctor Strange  
is bringing Vision to  
safety, but before  
they arrive,  
I'd like to have a  
private word with  
you.

Hey, Uncle Stark is  
taking me to this  
meeting, but I don't  
want to go.  
I'm sure he'll have  
me waiting at the door  
the whole time.  
Can I stay with you?

Ok, you can stay in my room  
while they're at the meeting,  
but I'm not your uncle and  
I won't be looking after you

**Hotel in Wakanda**

"We" I don't know, but I'll leave. You should take a shower, I can smell you from here. And when I get back, I don't want to smell your cock all over my bed.

Can I go out with you?

No way!! Stark already told me that you are very impulsive and I will not be taking care of you, even if you are of legal age, your mistakes here in this country reflect on all the Avengers.

You will stay here.

Hey Thor!! thanks for letting me stay in your room.

What are we going to do tonight?

I thought we could play a game, what do you think?

Hey, you're the Asgardian that came with the Americans, aren't you?

Yeah, I'm Thor, son of Odin.

Hold the elevator for me, please!!

We from Wakanda already had the chance to study different peoples, but I confess that we never had an Asgardian in our lands.

Great!! So could you come to the lab with us, what do you think? We could start some studies right now...

You're going to love our boss.

Yeah, your king has already told me about the curiosity of the people of Wakanda with the Asgardians. And I'm open.

Yeah, sounds like a pretty attractive idea.

Ahhh! Hi Baby!!  
I was missing you.

You still smell the same...

Ahh Loki.... if you only knew how much I want to fuck you...

In a few days these underwear won't be enough anymore.

If it weren't for Nick, the only distance between my balls and his ass would be my 16 inches.

You don't need those pathetic underwear!!

I need.

I'm right here!! trapped in this cell... you can come get me!!

I can.

If you try to free him I'll blast you, brat.

And how are you going to detonate me?

I'll take you to the cell and beat you like I did the Hulk.

And you used your fat asshole to blast the Hulk?

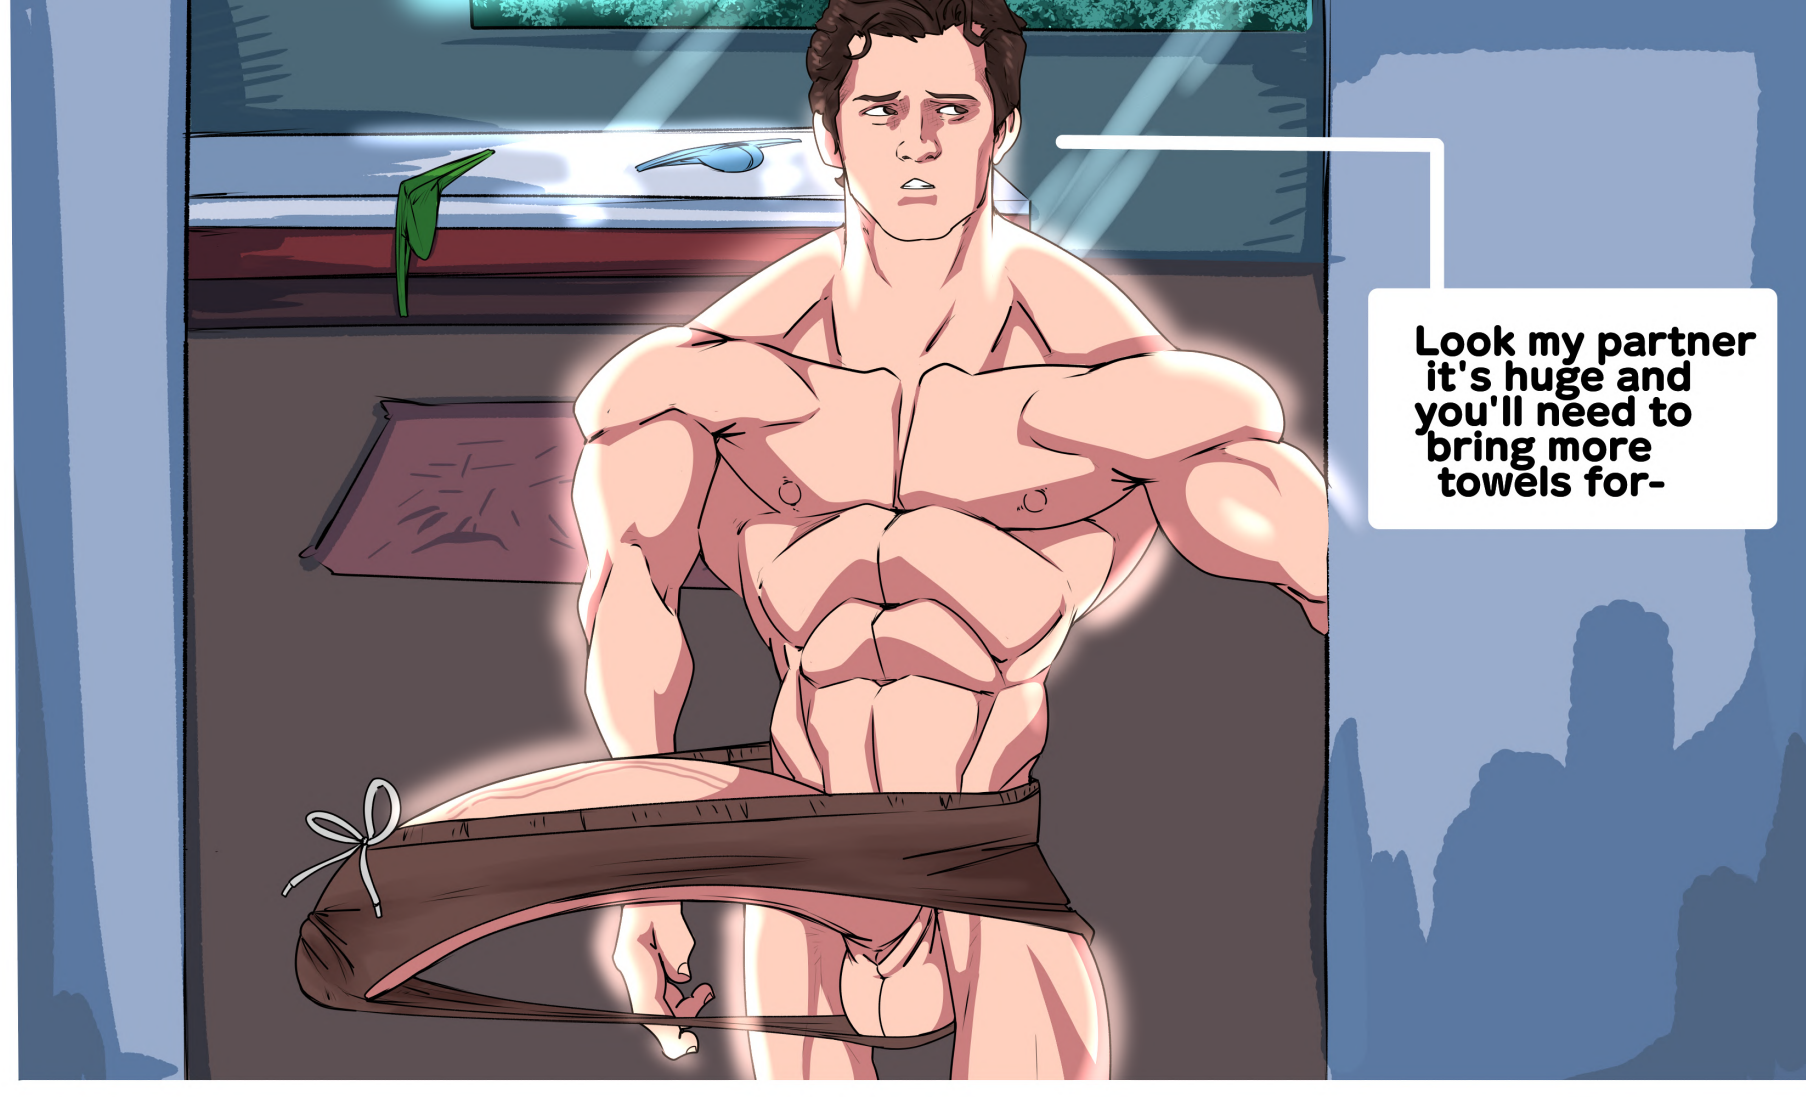

Ahh.. I definitely used it.

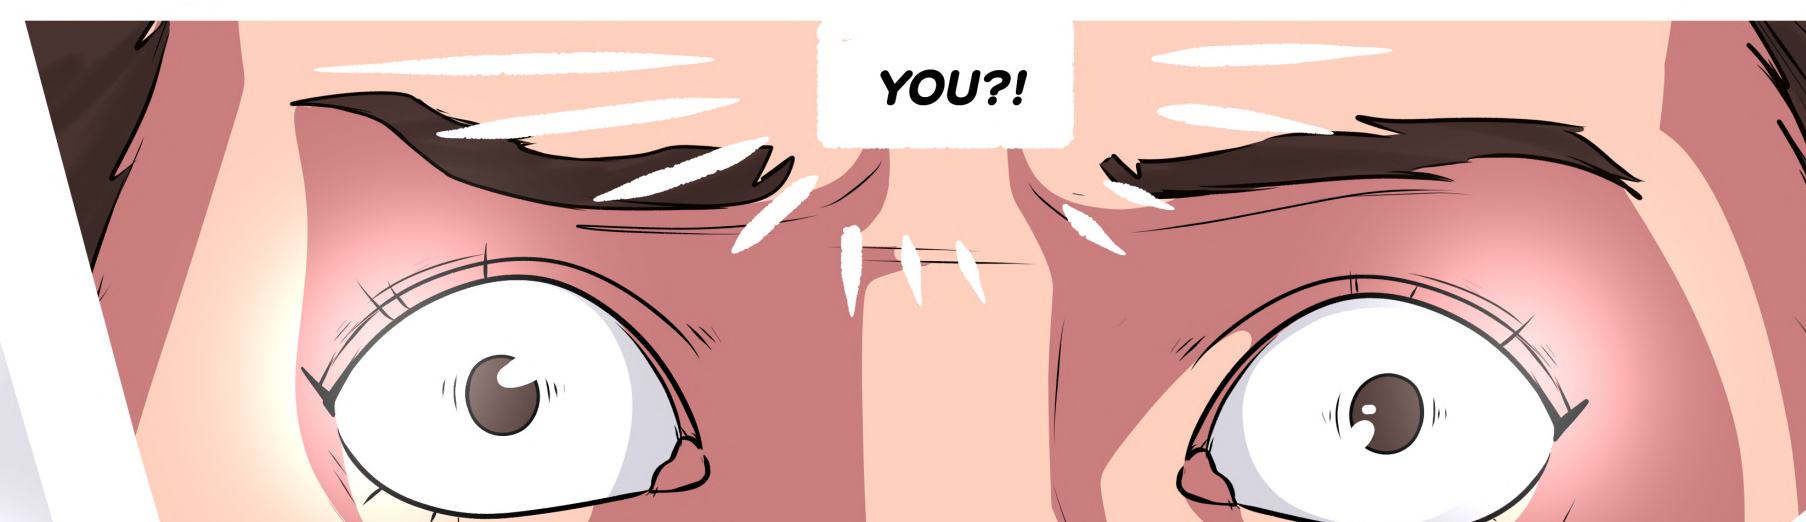

DING DONG

Damn!! Can't you have a little freedom here in this city?

Sir, I brought you clean towels.

Look my partner it's huge and you'll need to bring more towels for-

YOU?!

A new haircut, beach clothes... you look great Stark!! I think Wakanda is doing you good...

What? A billionaire can no longer dress well?!

I hate the beaches and all that salt water... but I confess that the rivers and lakes here call my attention.

That is great!! Well... your friend is just in the next room.

He doesn't stop researching the stones. I already tried to explain that we need to wait for Doctor Strange to bring more information, but to no avail. He's stubborn just like you.

"A chip off the old block", isn't that what they say?

Yeah, we've heard that expression before. Oh, he's also keeping his distance from everyone, even Wanda.

Oh... That's interesting!!

I hear my favorite talking robot is flooding the hard drive with information... better keep it under control, I don't want to trade your hard drive for an ssd.

Yes, I feel!! Every time he is closer my gem gets stronger and I become more human.

I'm developing desires... carnal desires that I haven't felt before.

Stark?! I see you are in a very good mood... Good to see you, friend.

Keep talking while I eat some fruit... I'm starving.

Serious? 'cause I also heard that you're pulling away from people... what's going on?

He's closing in on Stark...

Thanos?

Wait Stark... I don't think it's a good idea...

damn...

Well... um... I'm feeling desires that I haven't felt before... like... um... I don't know...

My body is producing fluids that...

oh man I'm so thirsty... You wouldn't have a glass of milk in here would you?

Relax, Vision... I'm not allergic to bananas!!

Just keep talking about the jewelry...

Oh dear.. Stark...

Why did you bring us here?

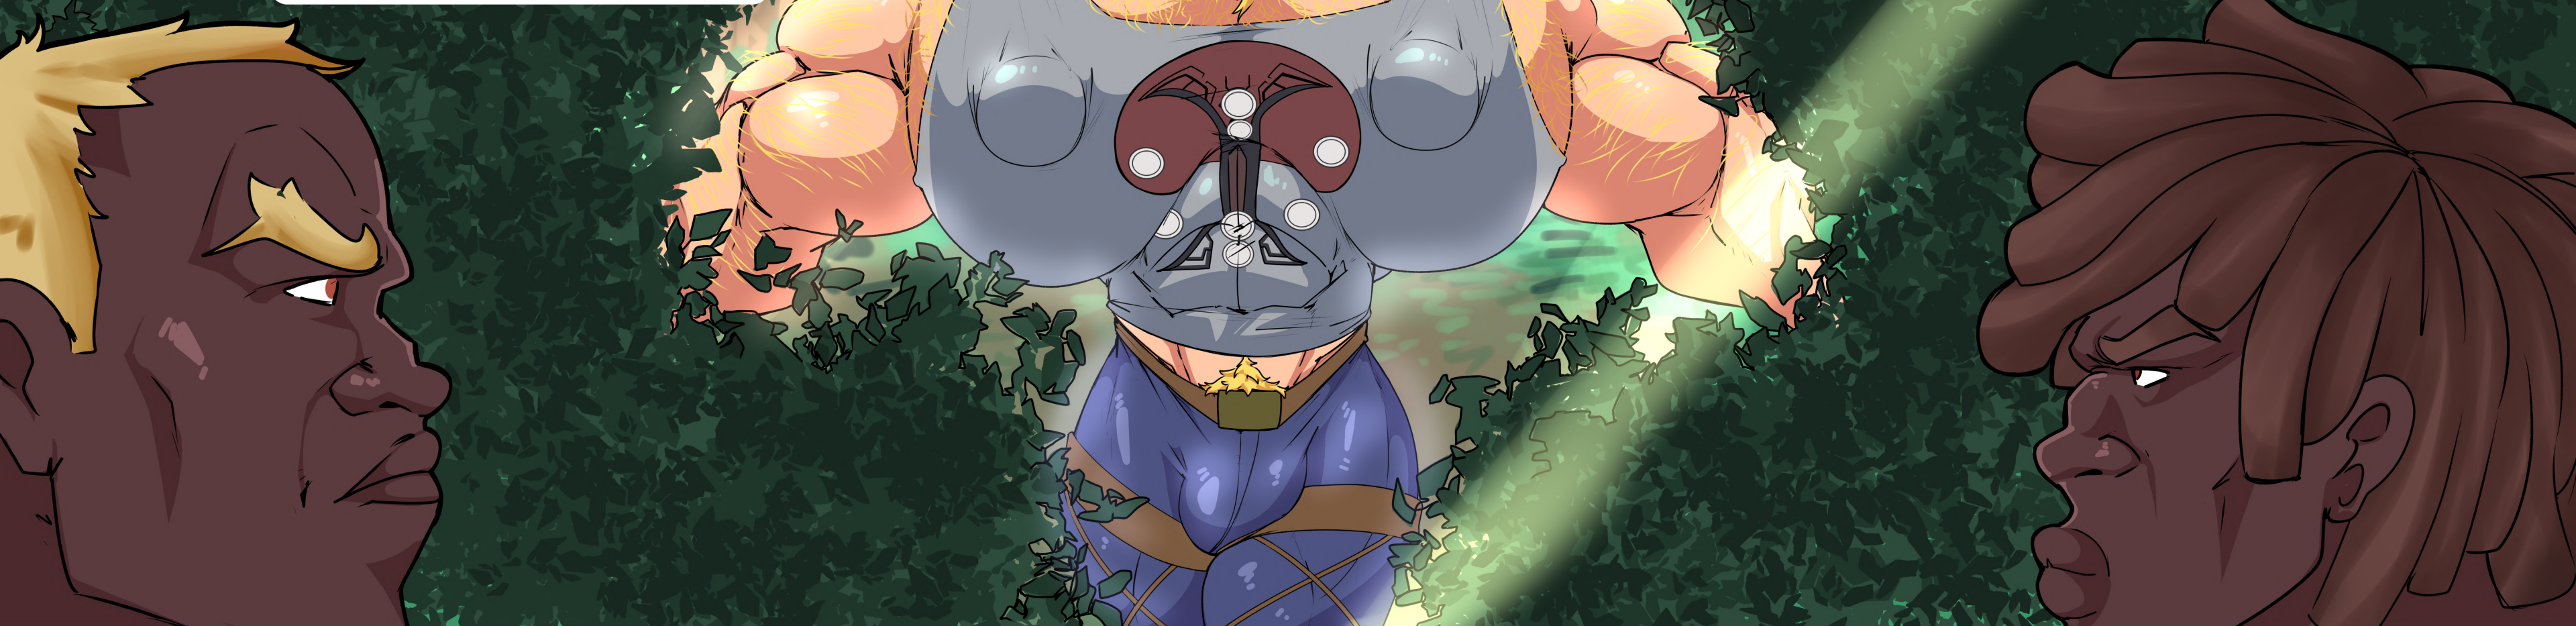

Before we go to the Wakanda Warriors research camp I wanted to have a little chat with you... You know... A man to man talk. And I need it to be just the three of us.

Did it have to be in the middle of the woods?

Yes, I love the smell of wood... You know... I love this place. When I was younger my father, my brother Loki and I used to go to a planet with powerful warriors, much like this one.

The warriors were skilled and could transform into different beings.

My brother Loki loved that trick. I grew up with him using shapeshifting abilities and playing tricks on all of the family...

Unfortunately, Thanos invaded that planet and made those warriors his slaves.

You know guys!! It's a very bad idea to try to deceive the brother of the god of lies.

So I'm only going to ask you once...

Where are the warriors you two are impersonating?

He found us!! Our boss will not be happy about this.

Let's take his head to our boss, maybe he'll forgive us for the mistake.

Ah.. The Boss!! I remember you guys talking about him while we were in the elevator.

I will destroy your boss too.

Thor, are you there?!

I think there was a mistake and my bags are in your room.

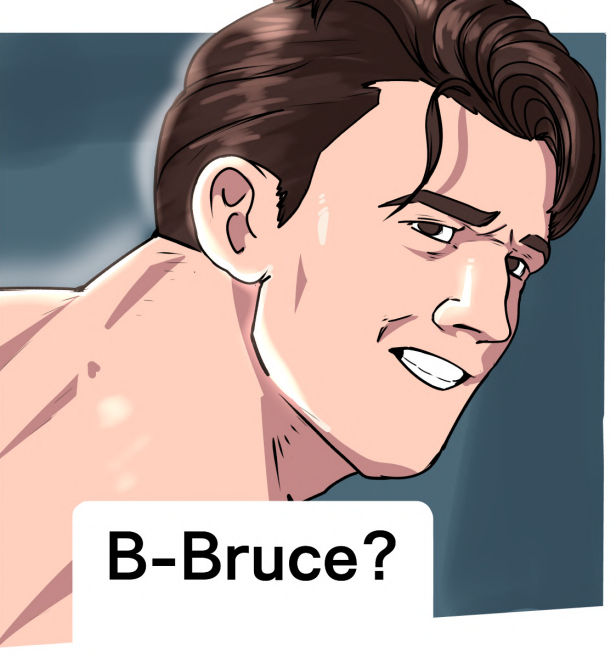

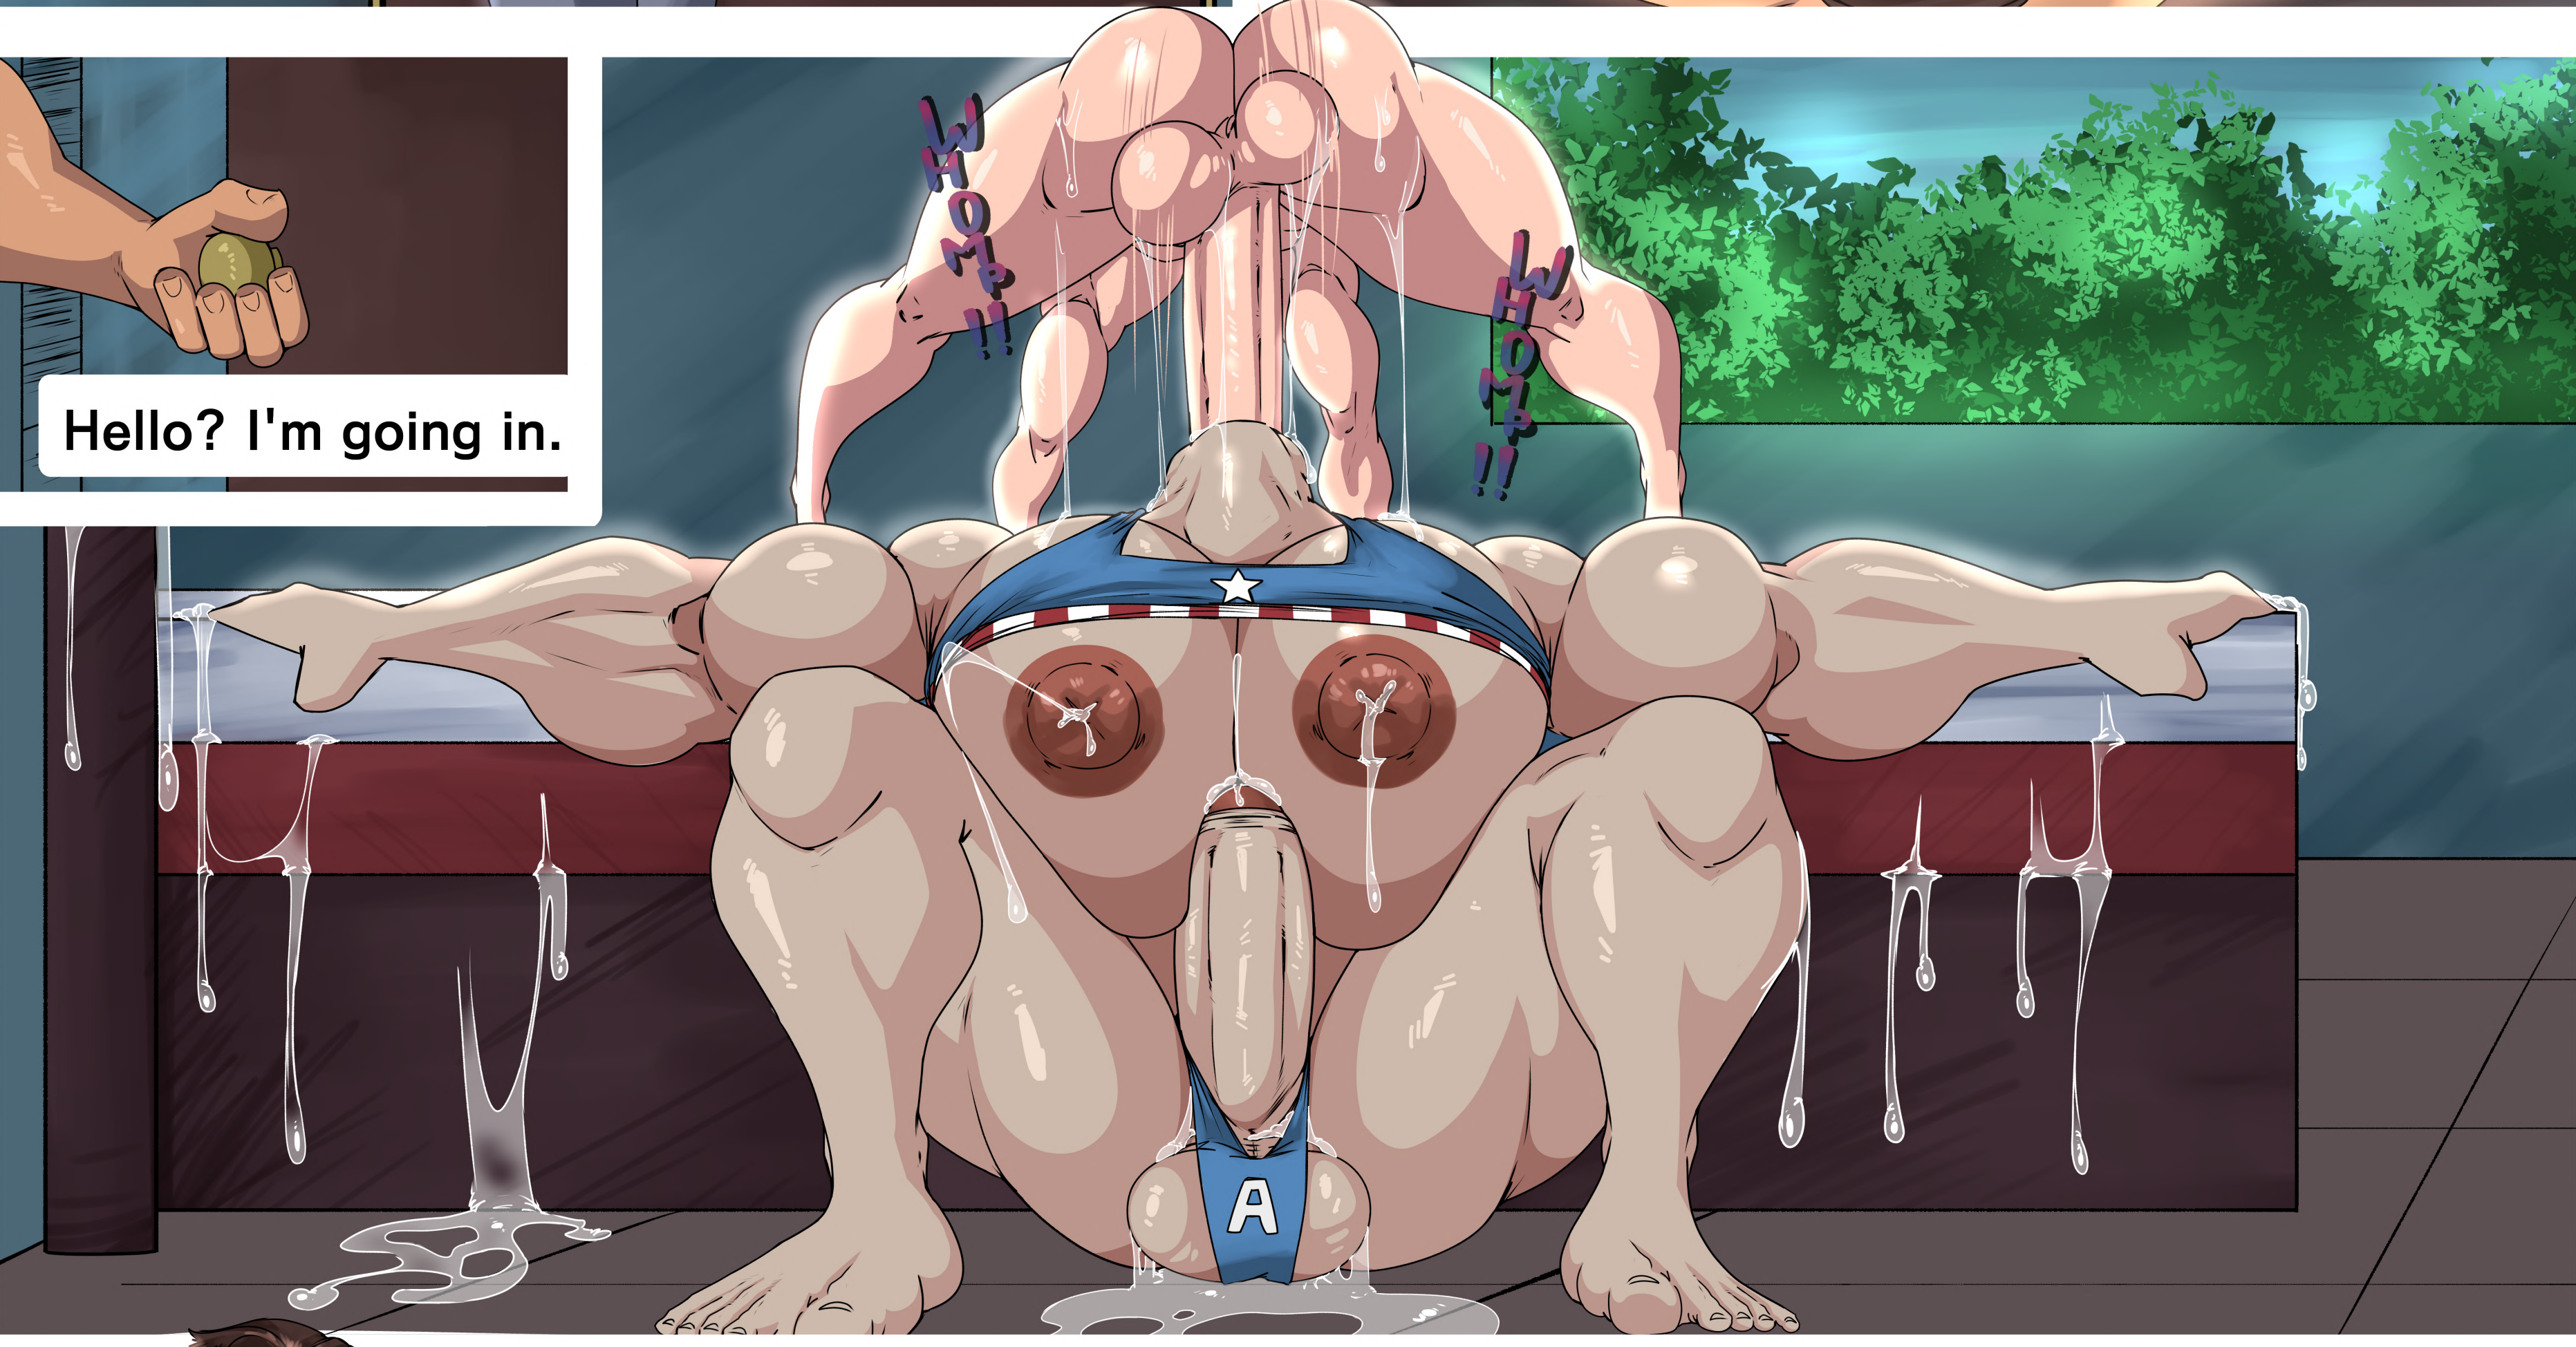

1005

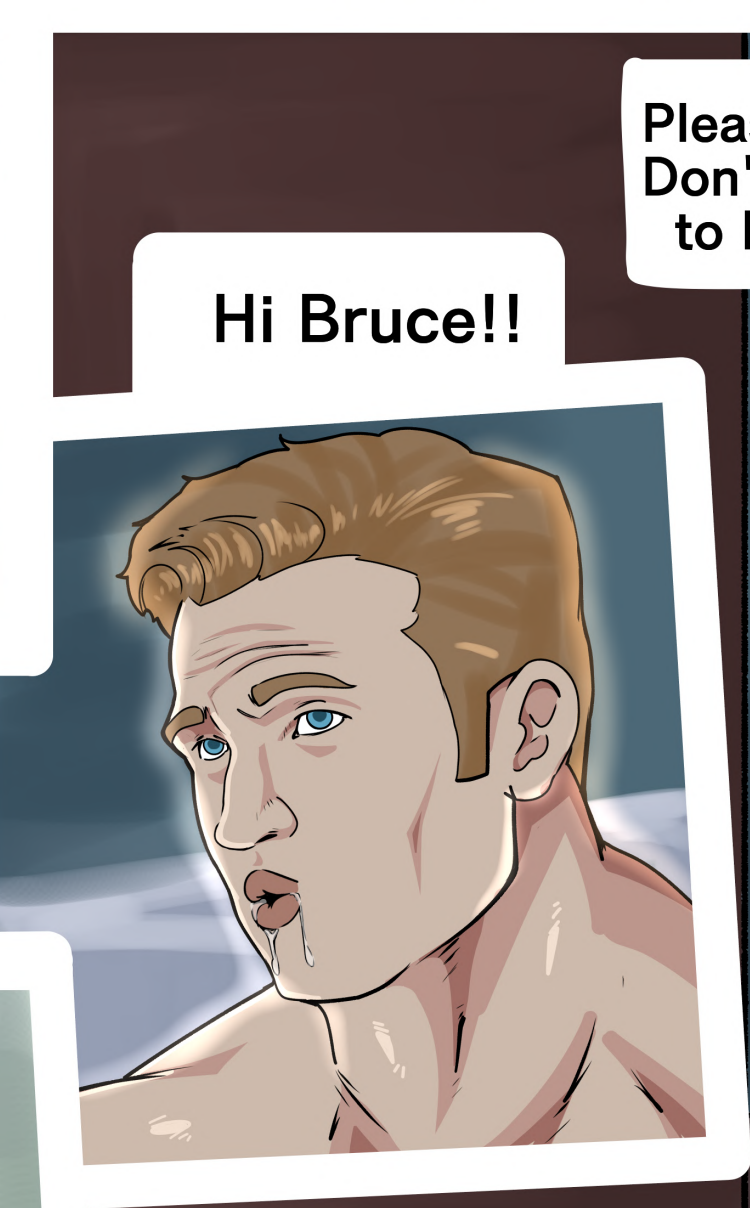

What is happening?

Hello? I'm going in.

B-Bruce?

Hi Bruce!!

Please, I beg you!! Don't say anything to Mr. Stark.

I'll take care of you later, Peter.

Now I want to know... what are you doing here, Steven Rogers!!

I'm here to help. I was hoping you knew about this, Banner. The sorcerer called me to help against Thanos.

But what's going on...

I'm pretty sure Thanos isn't in Peter's underwear.

Tell the truth, Steven you came to this room to provoke Tony.

I'm telling the truth!! I just decided to visit Thor first, and when I got here the boy was... excited. I have a proposal for Thor and I need to find him, do you know where he is?

I've faced plenty of dumb creatures in my whole life, but you guys surprised me. Out of all the four Avengers who landed in Wakanda, you picked me, the mightiest one.

And the only one with electric powers.

I ain't afraid of electricity.

You should be scared, 'cause metals are darn good conductors of electricity.

We heard explosions and rushed over to help.

Y'all are a bit late!!

You two on the end, take the bodies to the slammer. The rest of you, head to the Black Panther and let him know there are intruders in the city, and we need to beef up the troops.

Also, tell him we need an Avengers get-together. It's about time the party got started.

How did he manage to take down those monsters without a scratch?

He's... colossal.

Thor, what happened?  
I thought you were  
only coming back  
home later in the  
evening.

And what happened  
to your clothes?

I was attacked by some  
shapeshifters working for  
Thanos.

They were here in Wakanda  
and there might be others.

Has Stark not arrived yet?  
We need to gather the  
Avengers and inform them  
of this incident as soon as  
possible!!

but first, let me grab  
some new clothes from  
my suitcase.

Well, Hulk and Captain America  
are dealing with some personal  
matters in the room...  
I'm not sure if it's a good idea  
to interrupt them.

Let me see...  
where did I put  
my bag?

For the love of the gods,  
what the hell is going on here?

How can you act like  
nothing is happening?  
They're literally having  
sex in our bed.

Listen, boy.  
I am Thor, son of Asgard.  
My father is Odin,  
the god who had sex with  
200 minotaurs in a  
single night.

I was raised in a world where  
men solve their problems in bed.  
So why do you think this is  
something that's going to  
shock me? Don't be pathetic.

Now, take off those pajamas  
and put on some clothes where  
your dick isn't sticking out.

You come with me to find  
your uncle.

THOR!

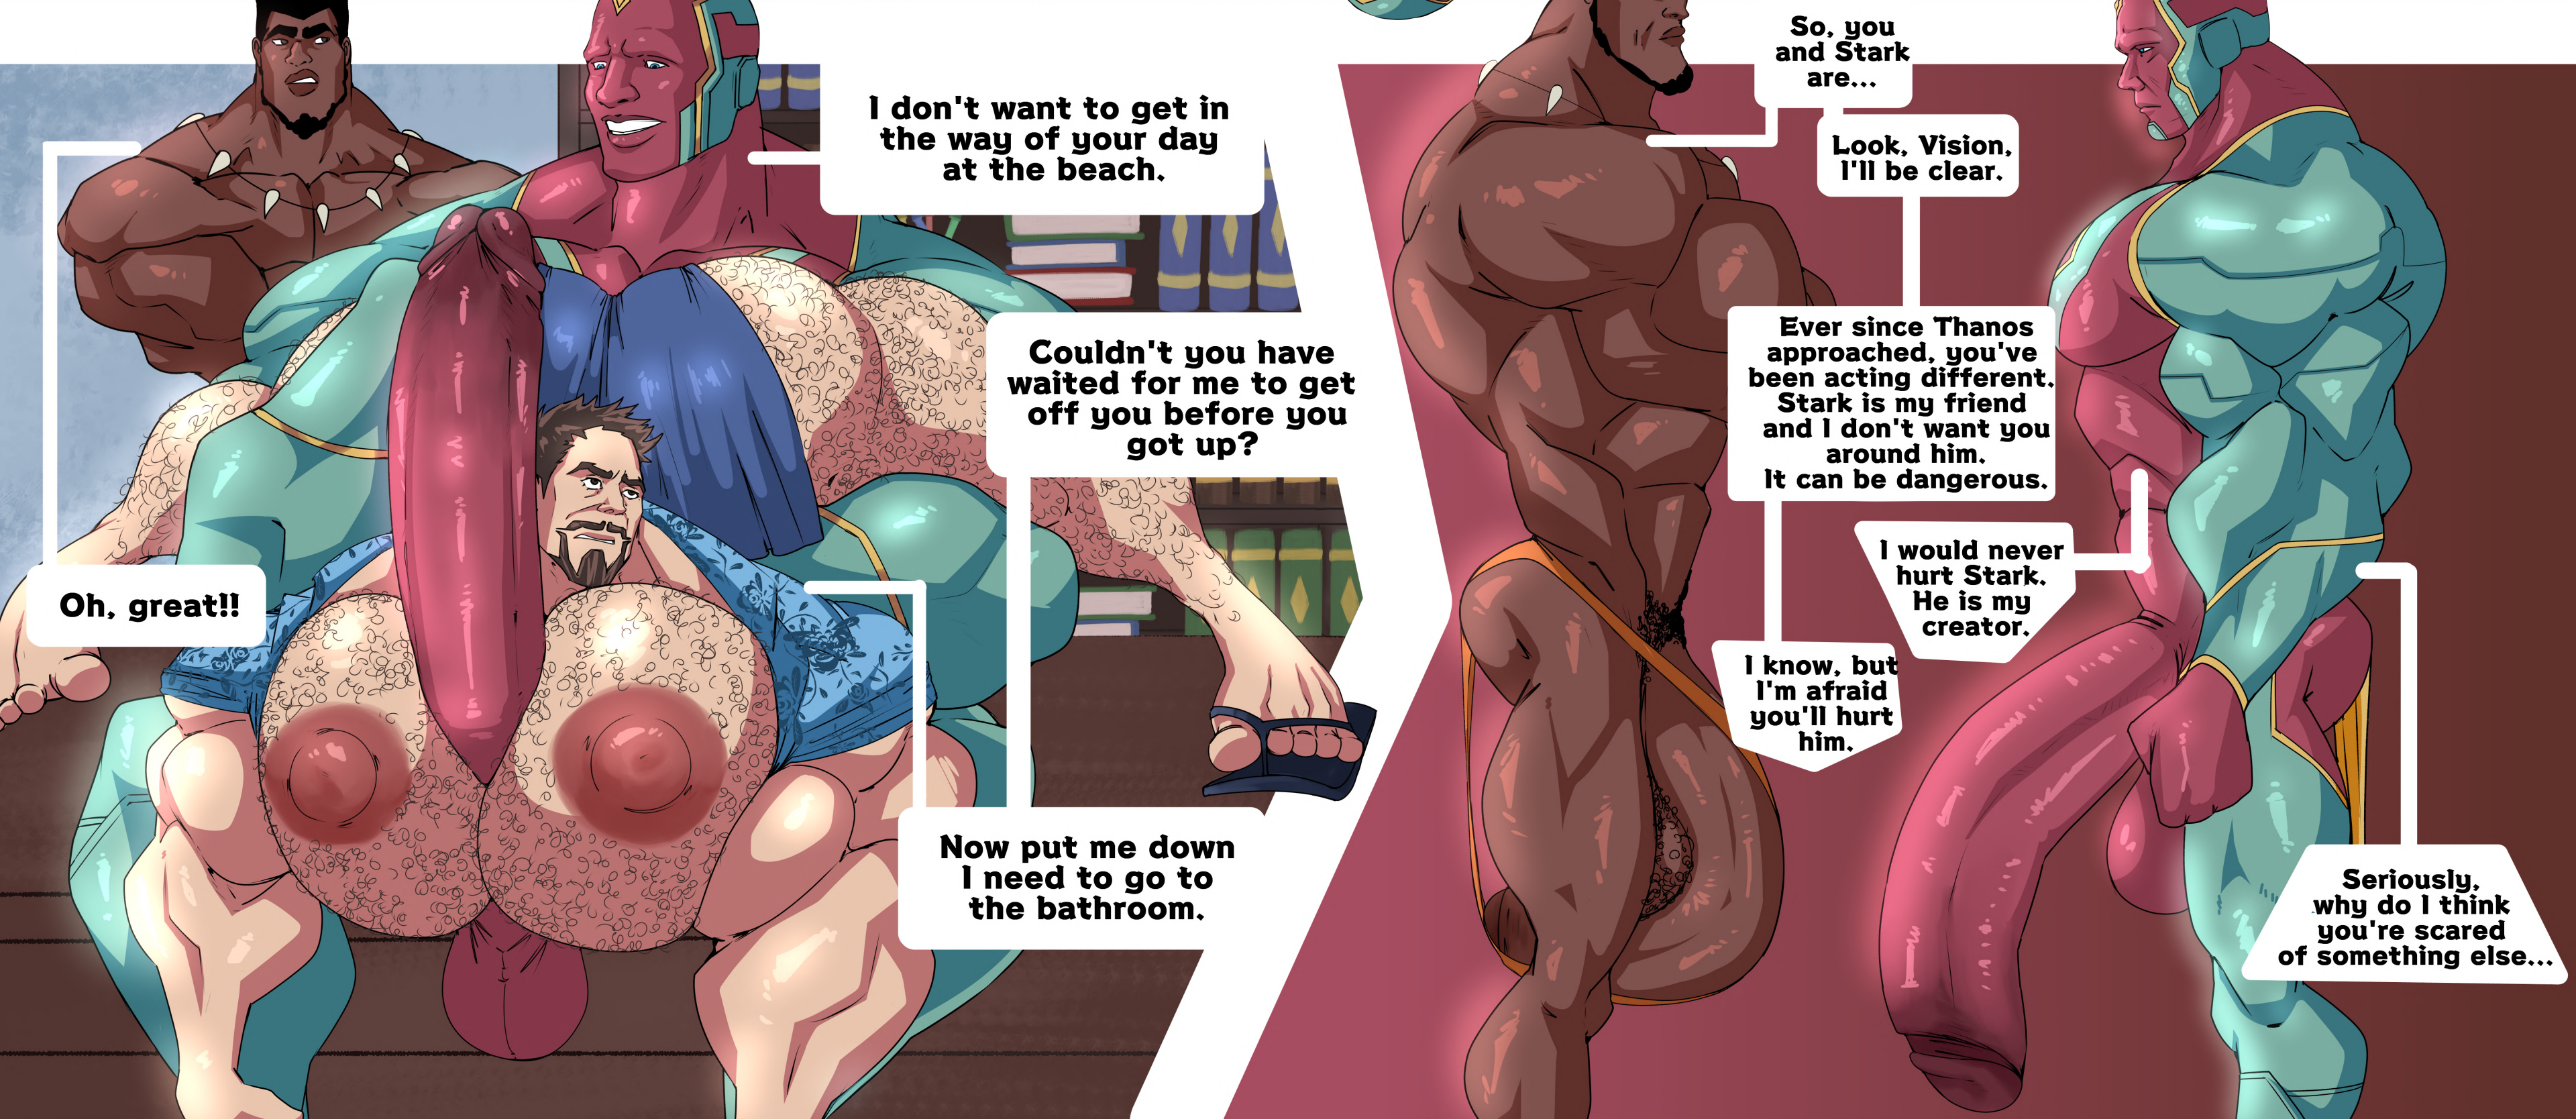

THROW!

Stark, I've decided I'm going to go to the beach with....  
What's happening?

Oh, hey King. I'm taking a look at Vision. He's been telling me he's been feeling weird since Thanos approached the stones.

yeah, but Sir Stark is already done, right?!

Oh, great!!

I don't want to get in the way of your day at the beach.

Couldn't you have waited for me to get off you before you got up?

Now put me down I need to go to the bathroom.

So, you and Stark are...

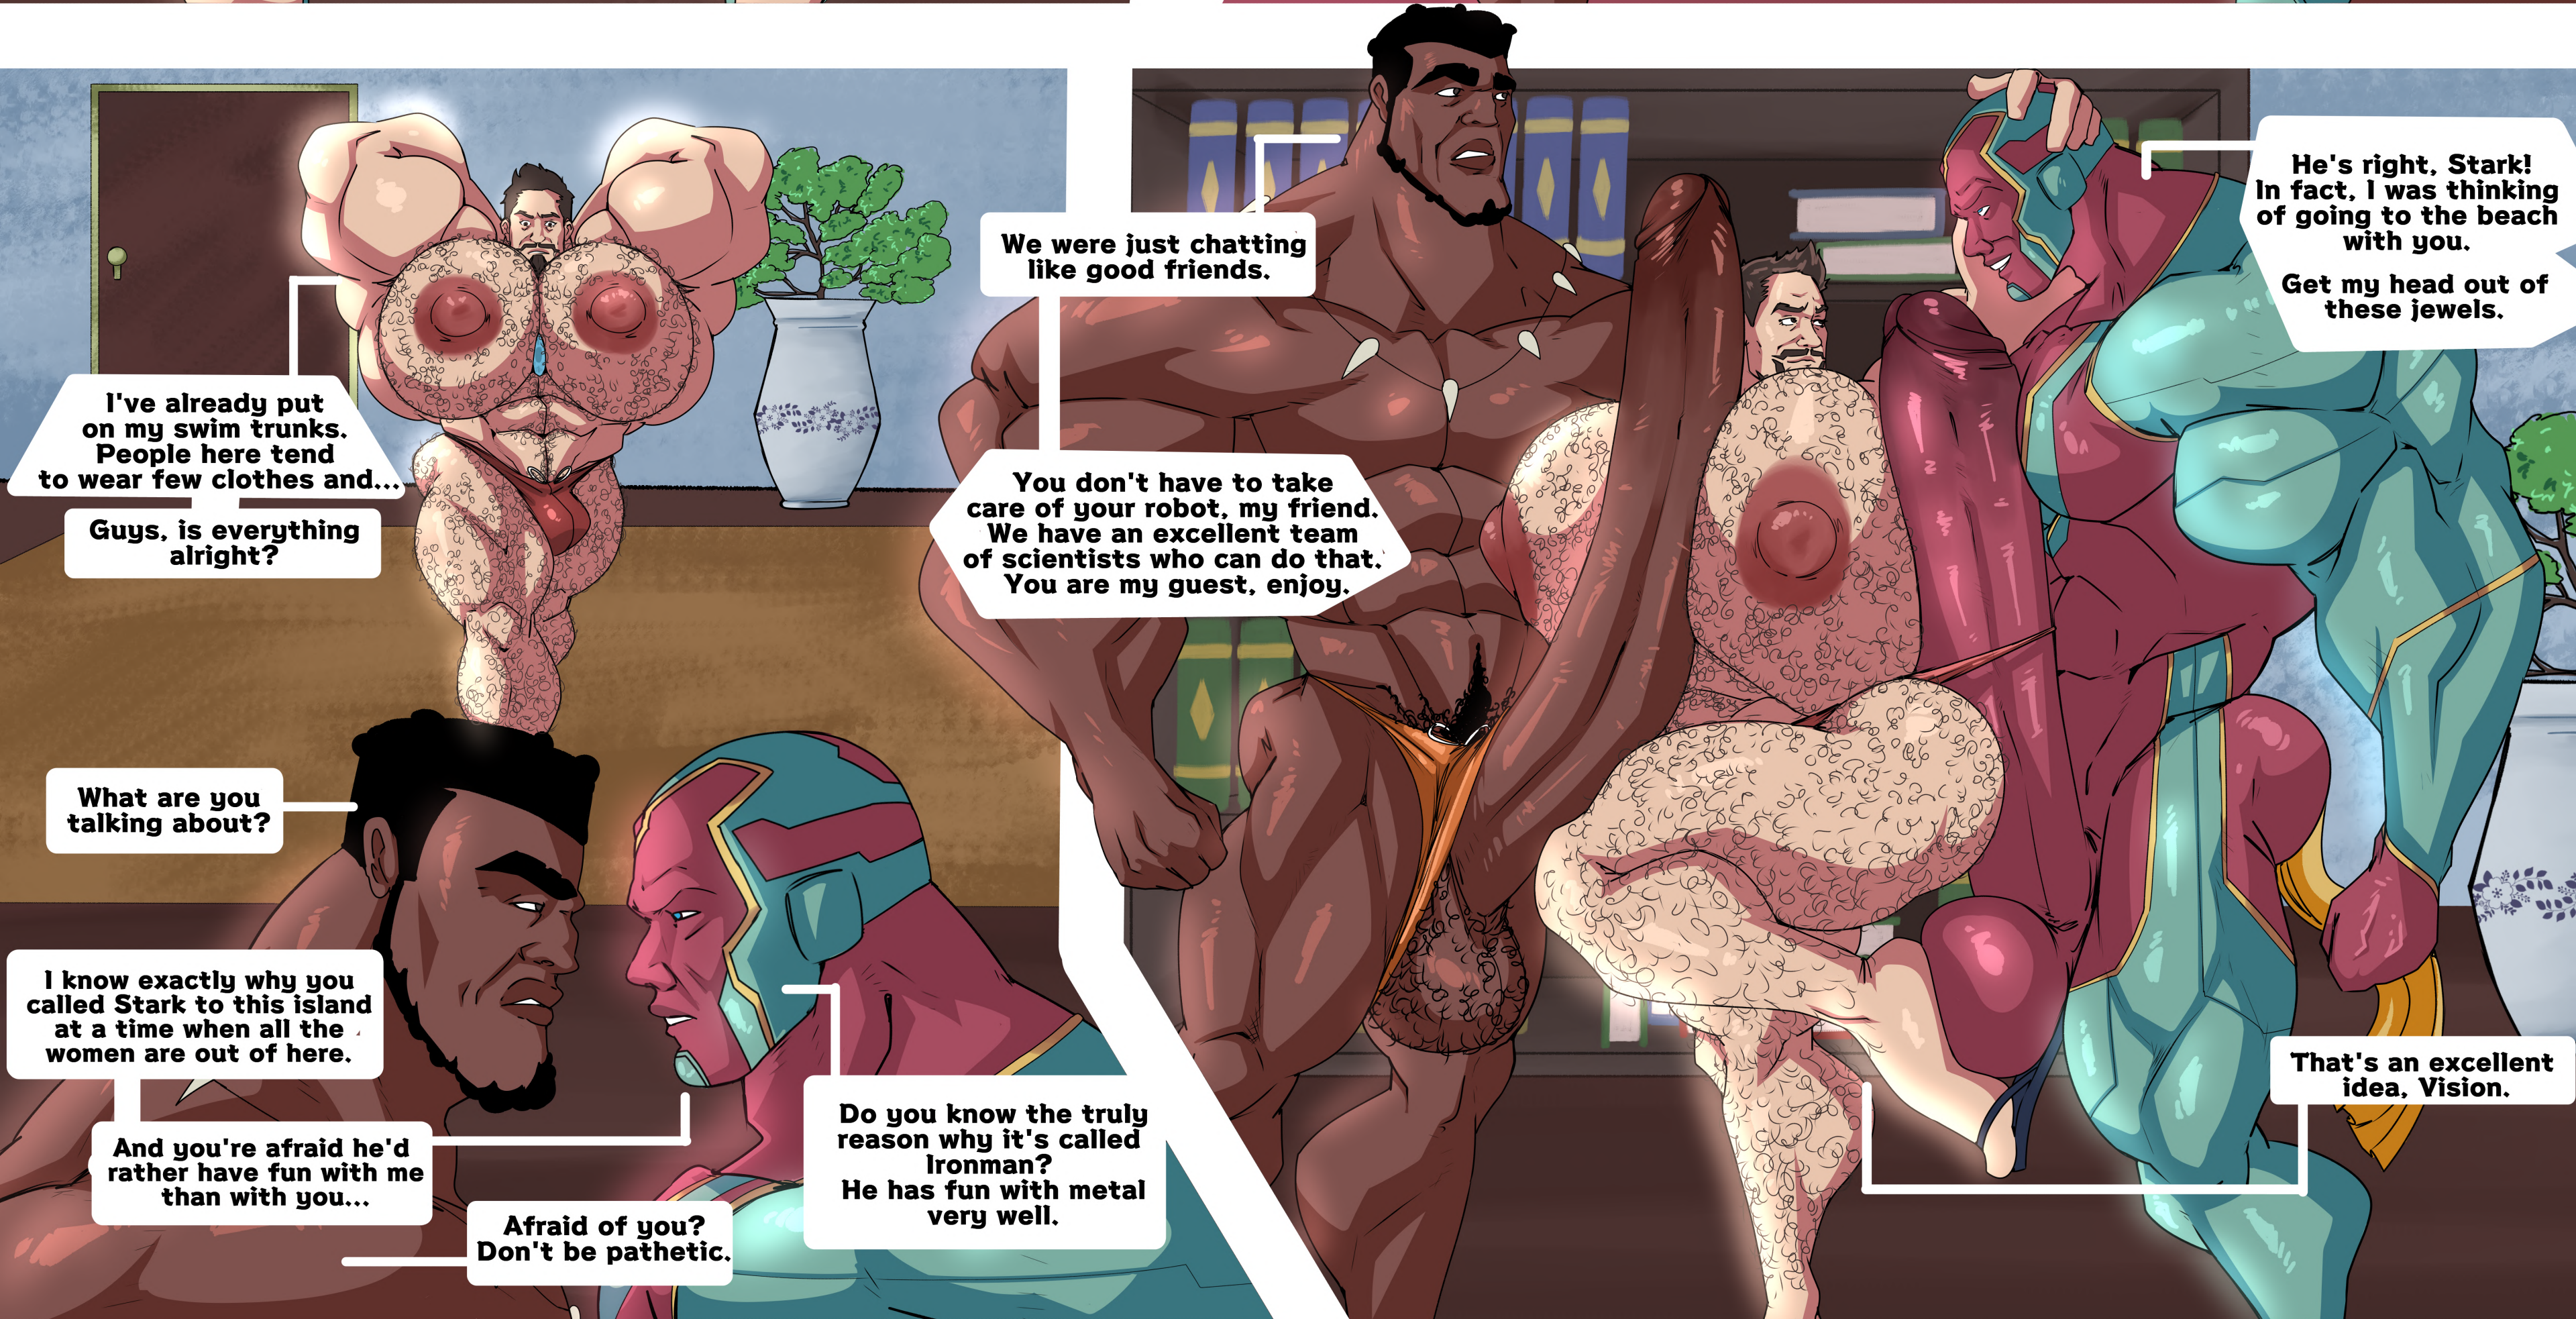

Look, Vision, I'll be clear.

Ever since Thanos approached, you've been acting different. Stark is my friend and I don't want you around him. It can be dangerous.

I would never hurt Stark. He is my creator.

I know, but I'm afraid you'll hurt him.

Seriously, why do I think you're scared of something else...

I've already put on my swim trunks. People here tend to wear few clothes and...

Guys, is everything alright?

What are you talking about?

I know exactly why you called Stark to this island at a time when all the women are out of here.

And you're afraid he'd rather have fun with me than with you...

Afraid of you? Don't be pathetic.

We were just chatting like good friends.

You don't have to take care of your robot, my friend. We have an excellent team of scientists who can do that. You are my guest, enjoy.

Do you know the truly reason why it's called Ironman? He has fun with metal very well.

He's right, Stark! In fact, I was thinking of going to the beach with you. Get my head out of these jewels.

That's an excellent idea, Vision.

We found the sunscreen, Stark!!

What? What do you mean? Thor was attacked? He is fine?

No, I still don't have any news about Strange. He said he was trying to find out more about Thanos, but that was days ago.

We need an Avengers reunion!!

How did they penetrate Wakanda's defense?

They must already know you've been here a long time. They must have gotten in when we turned off the force field so the Avengers could get in.

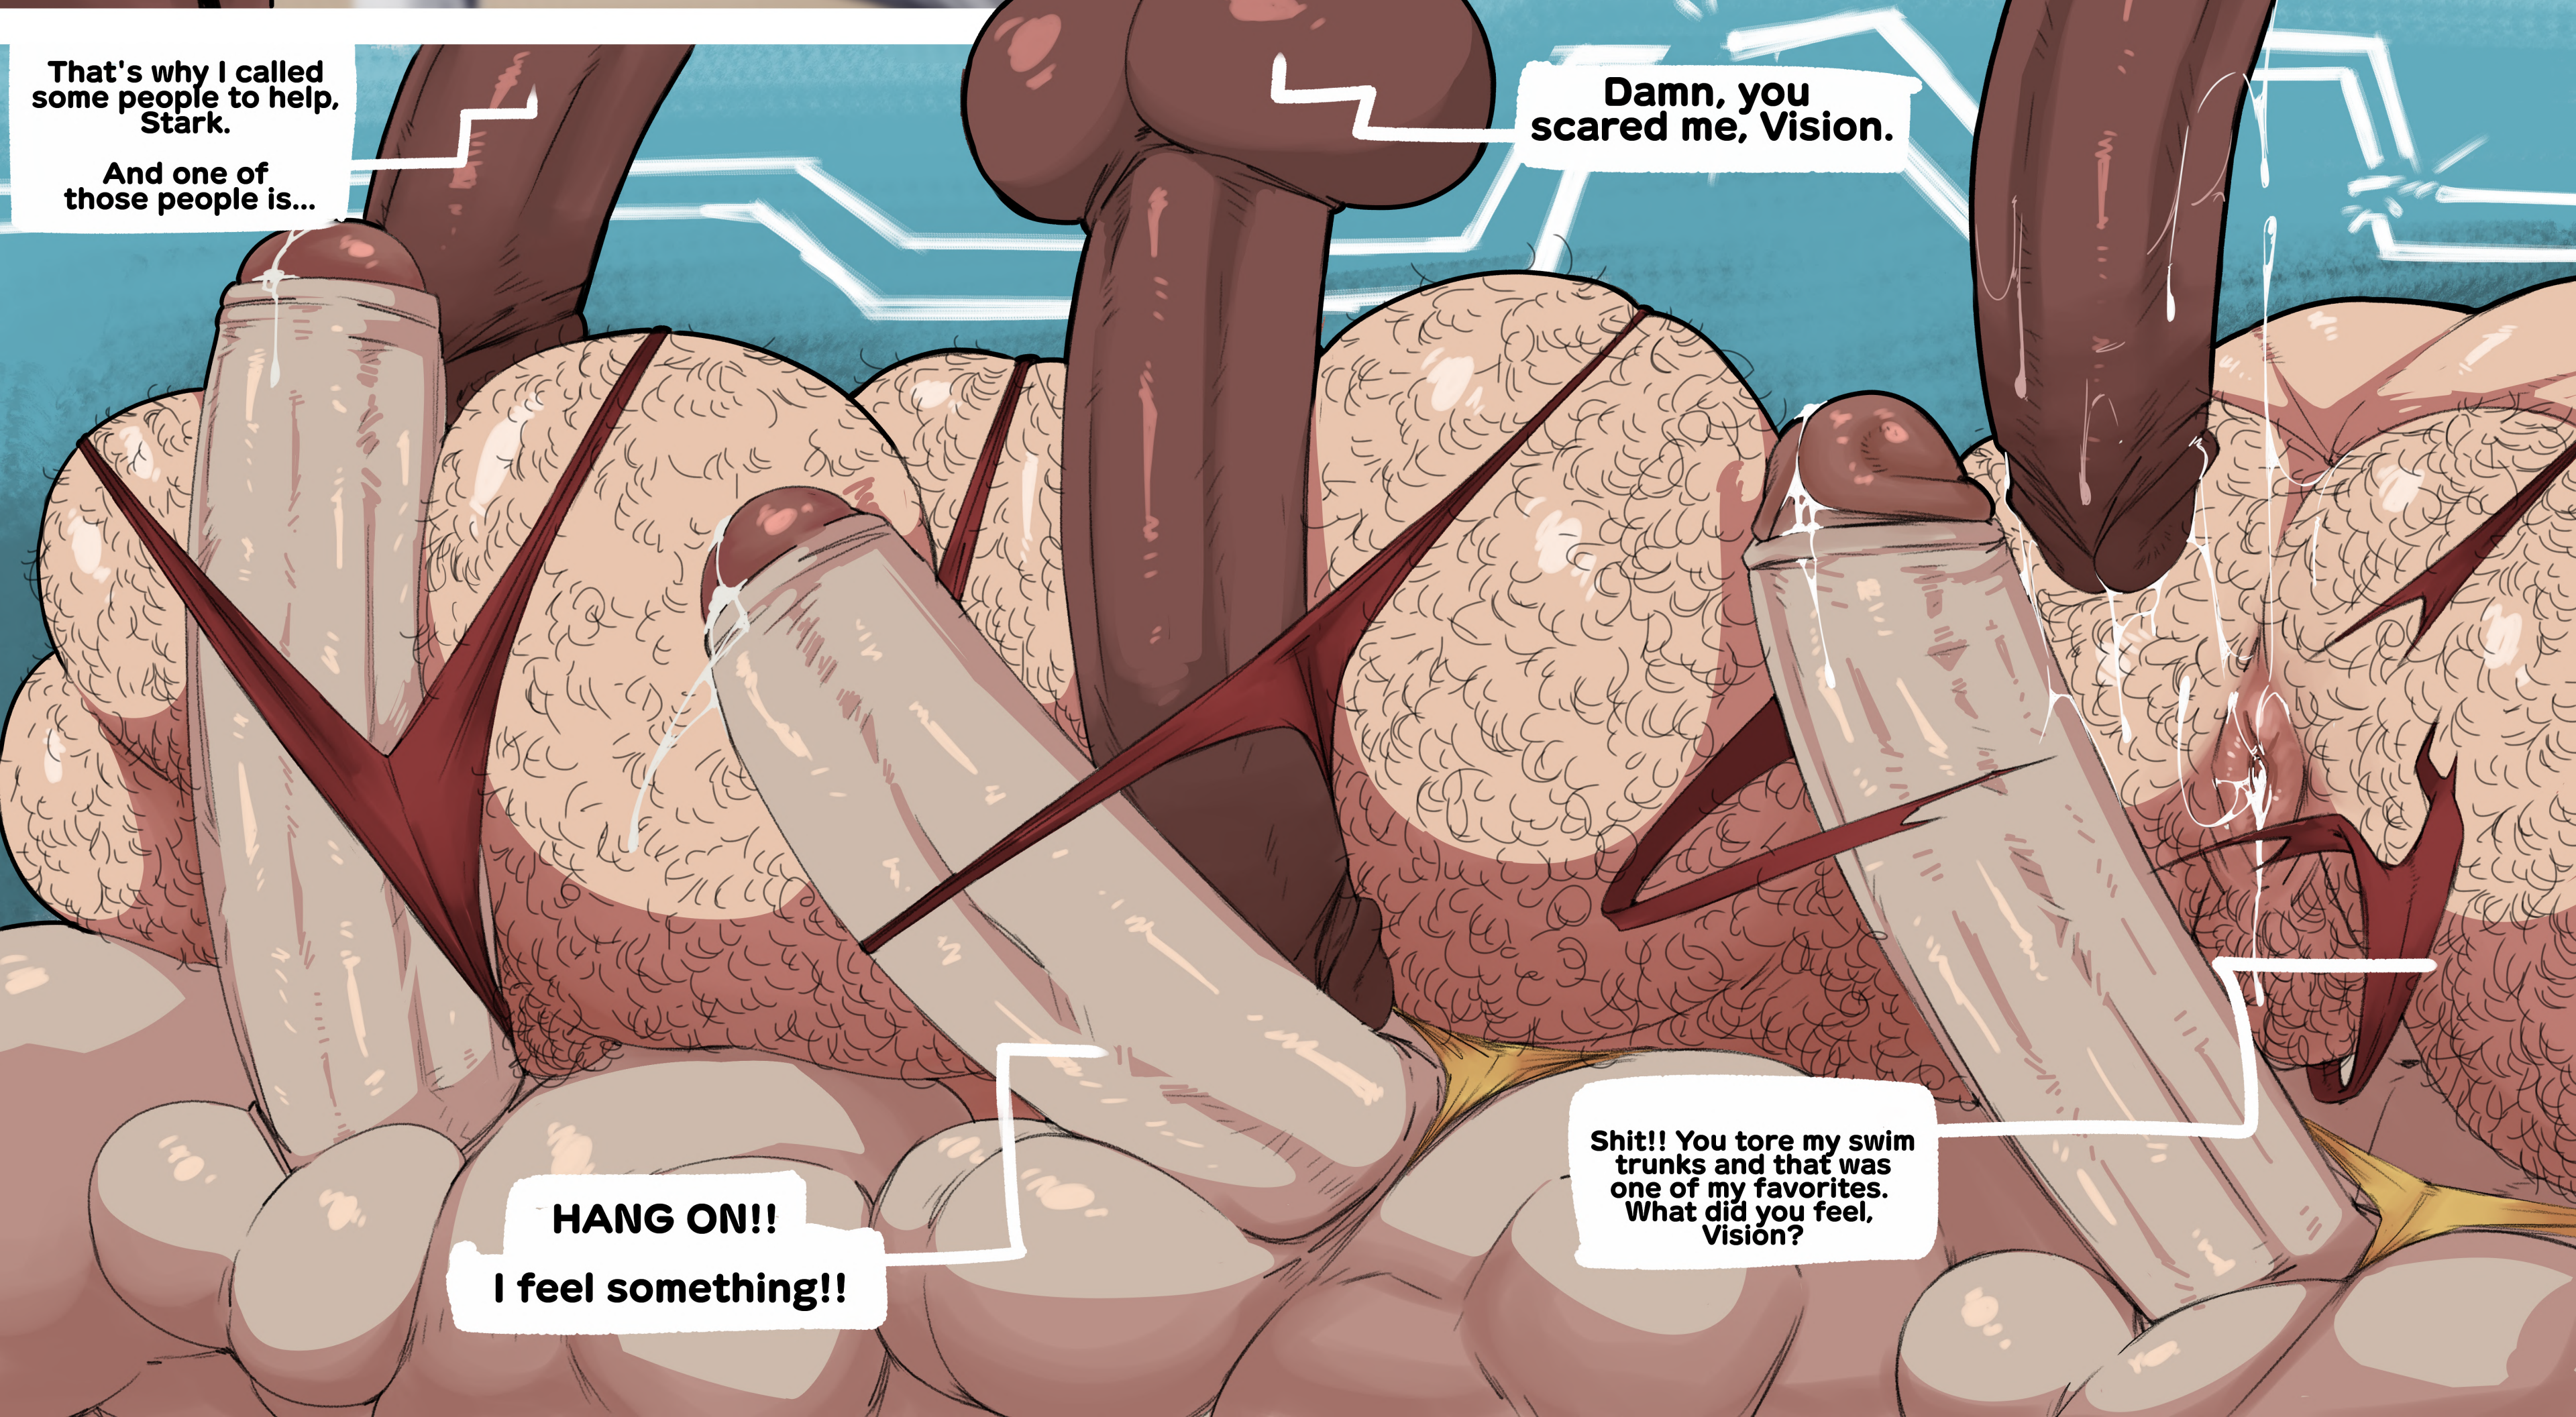

No, I'm on the beach with C'tchalla and Vision. The avengers meeting will be here, come soon and don't delay.

Let me help you with the sunscreen.

Stark, there's something I need to tell you...

We need to reinforce Wakanda's defenses, we can't let Thanos capture Vision's jewel.

Peter, for the love of God, I don't care if you guys come in beach clothes or not. Just get there soon.

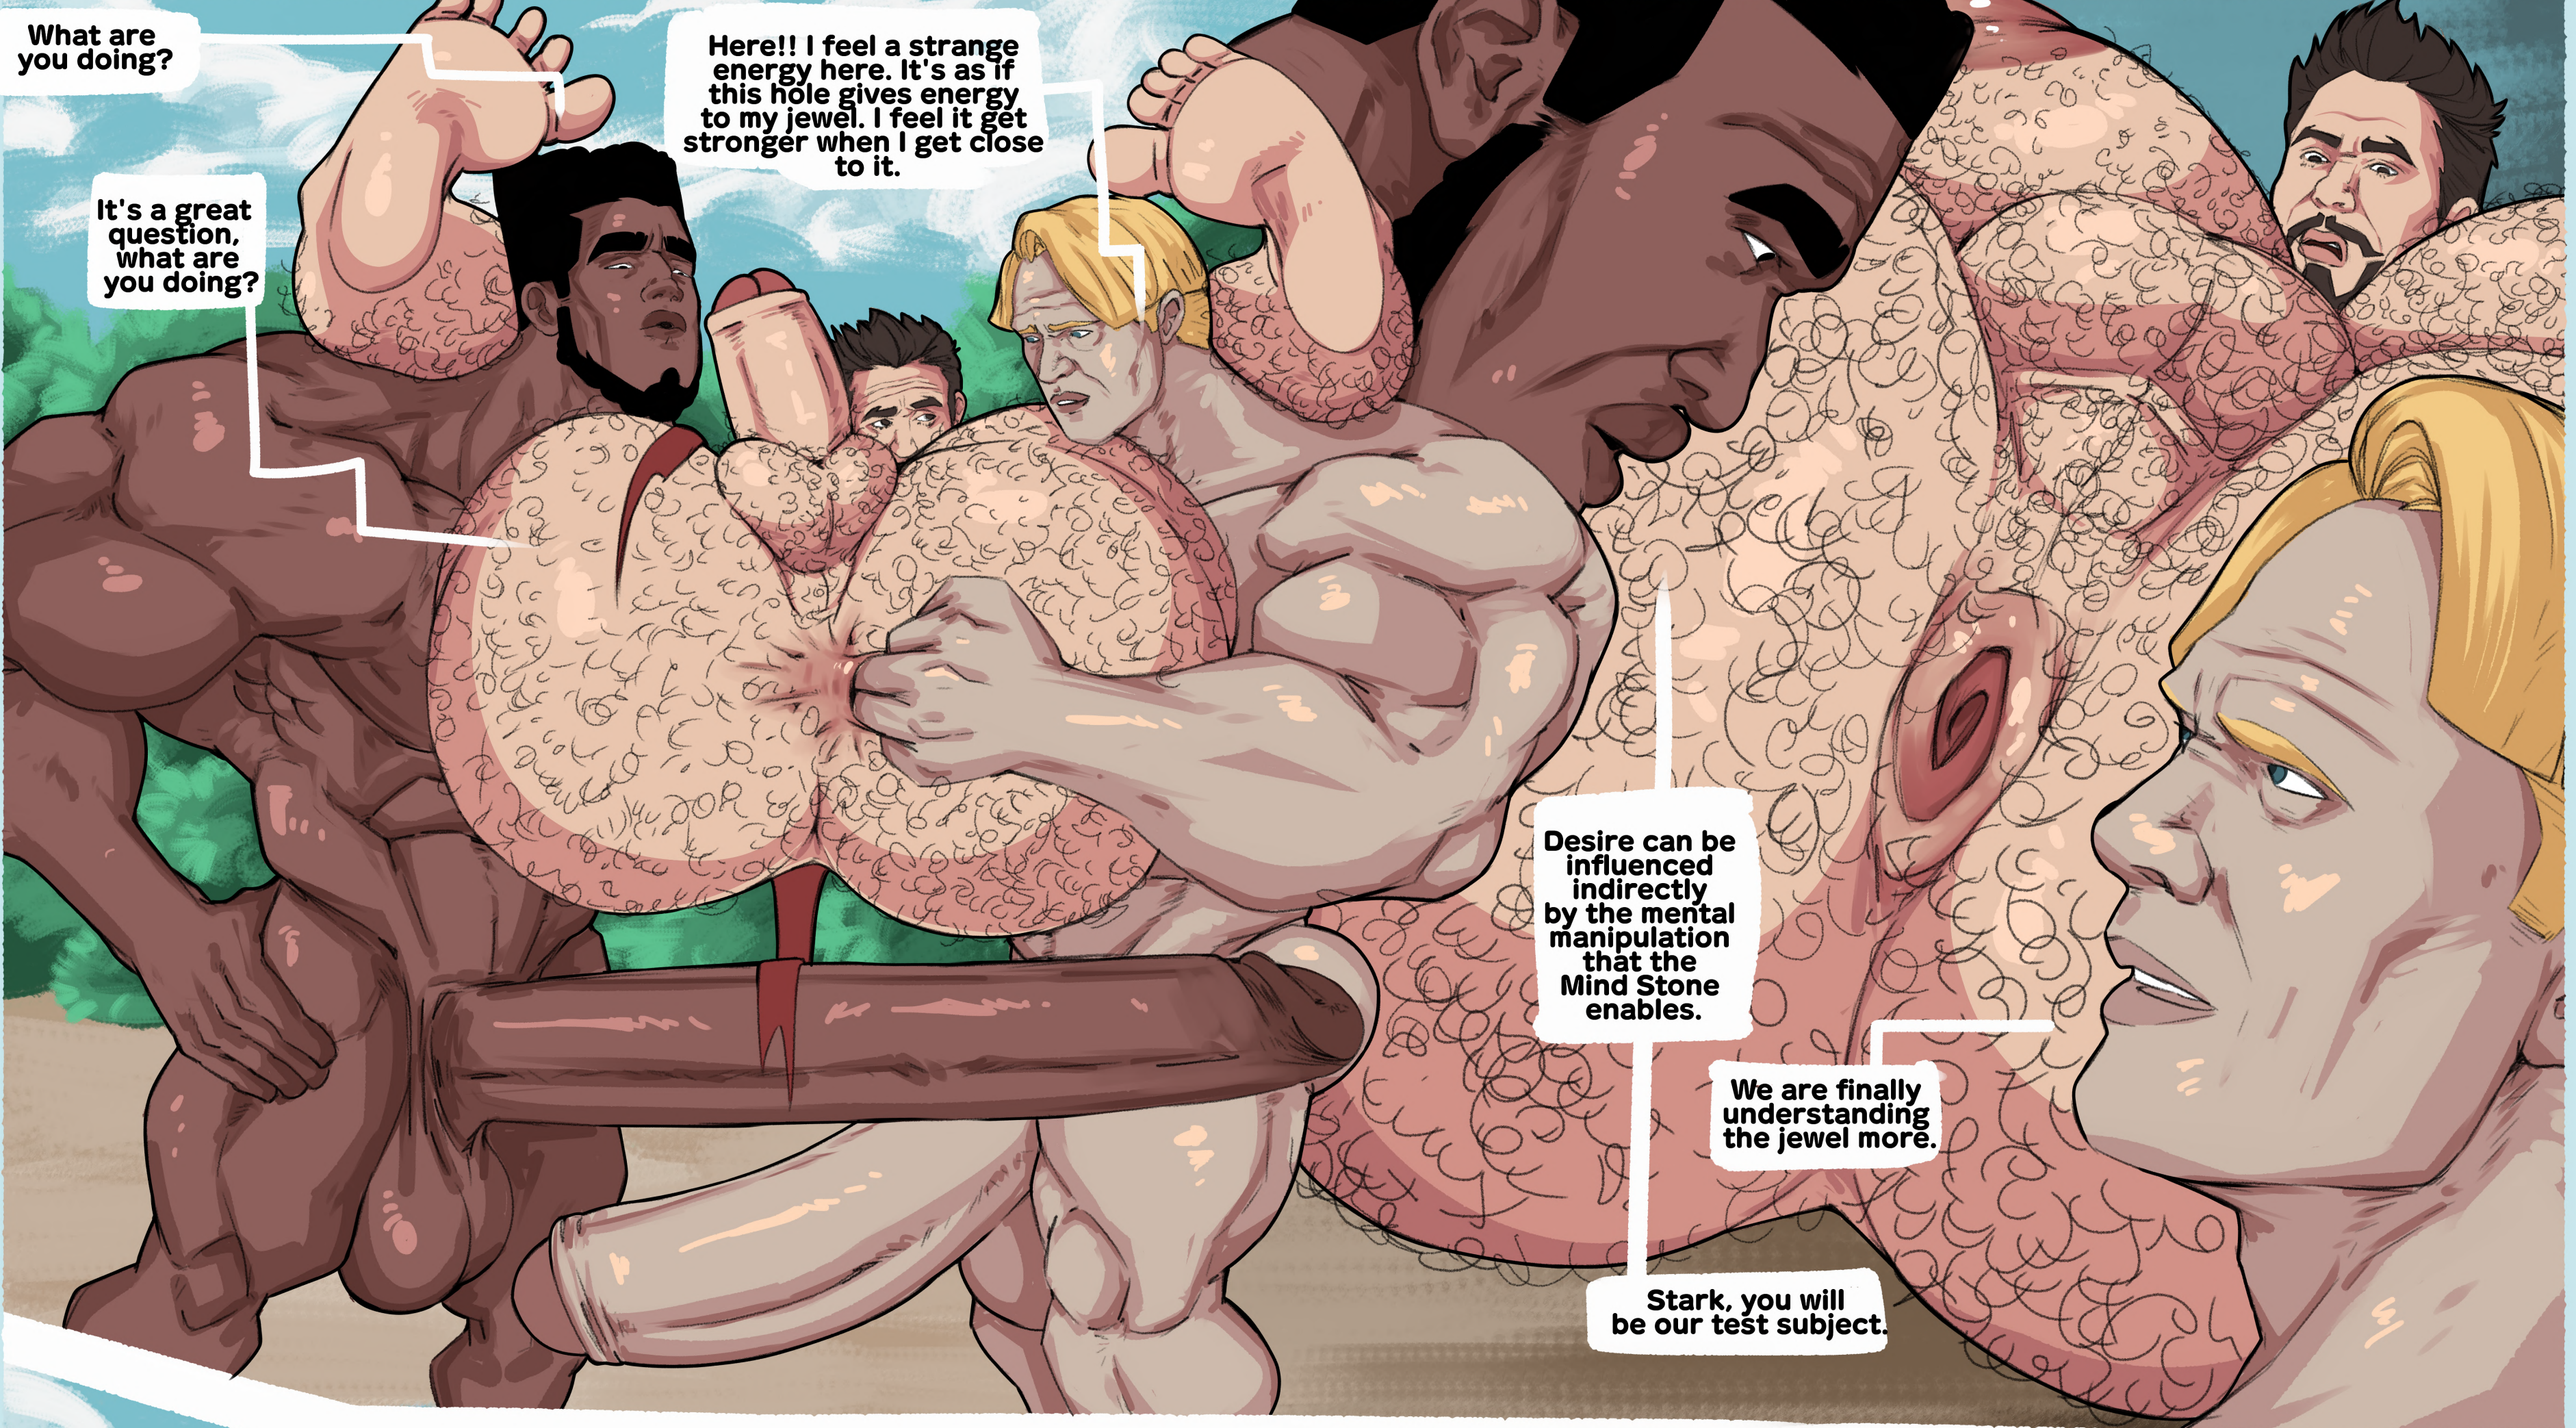

That's why I called some people to help, Stark.

And one of those people is...

Damn, you scared me, Vision.

**HANG ON!!**  
I feel something!!

Shit!! You tore my swim trunks and that was one of my favorites. What did you feel, Vision?

What are you doing?

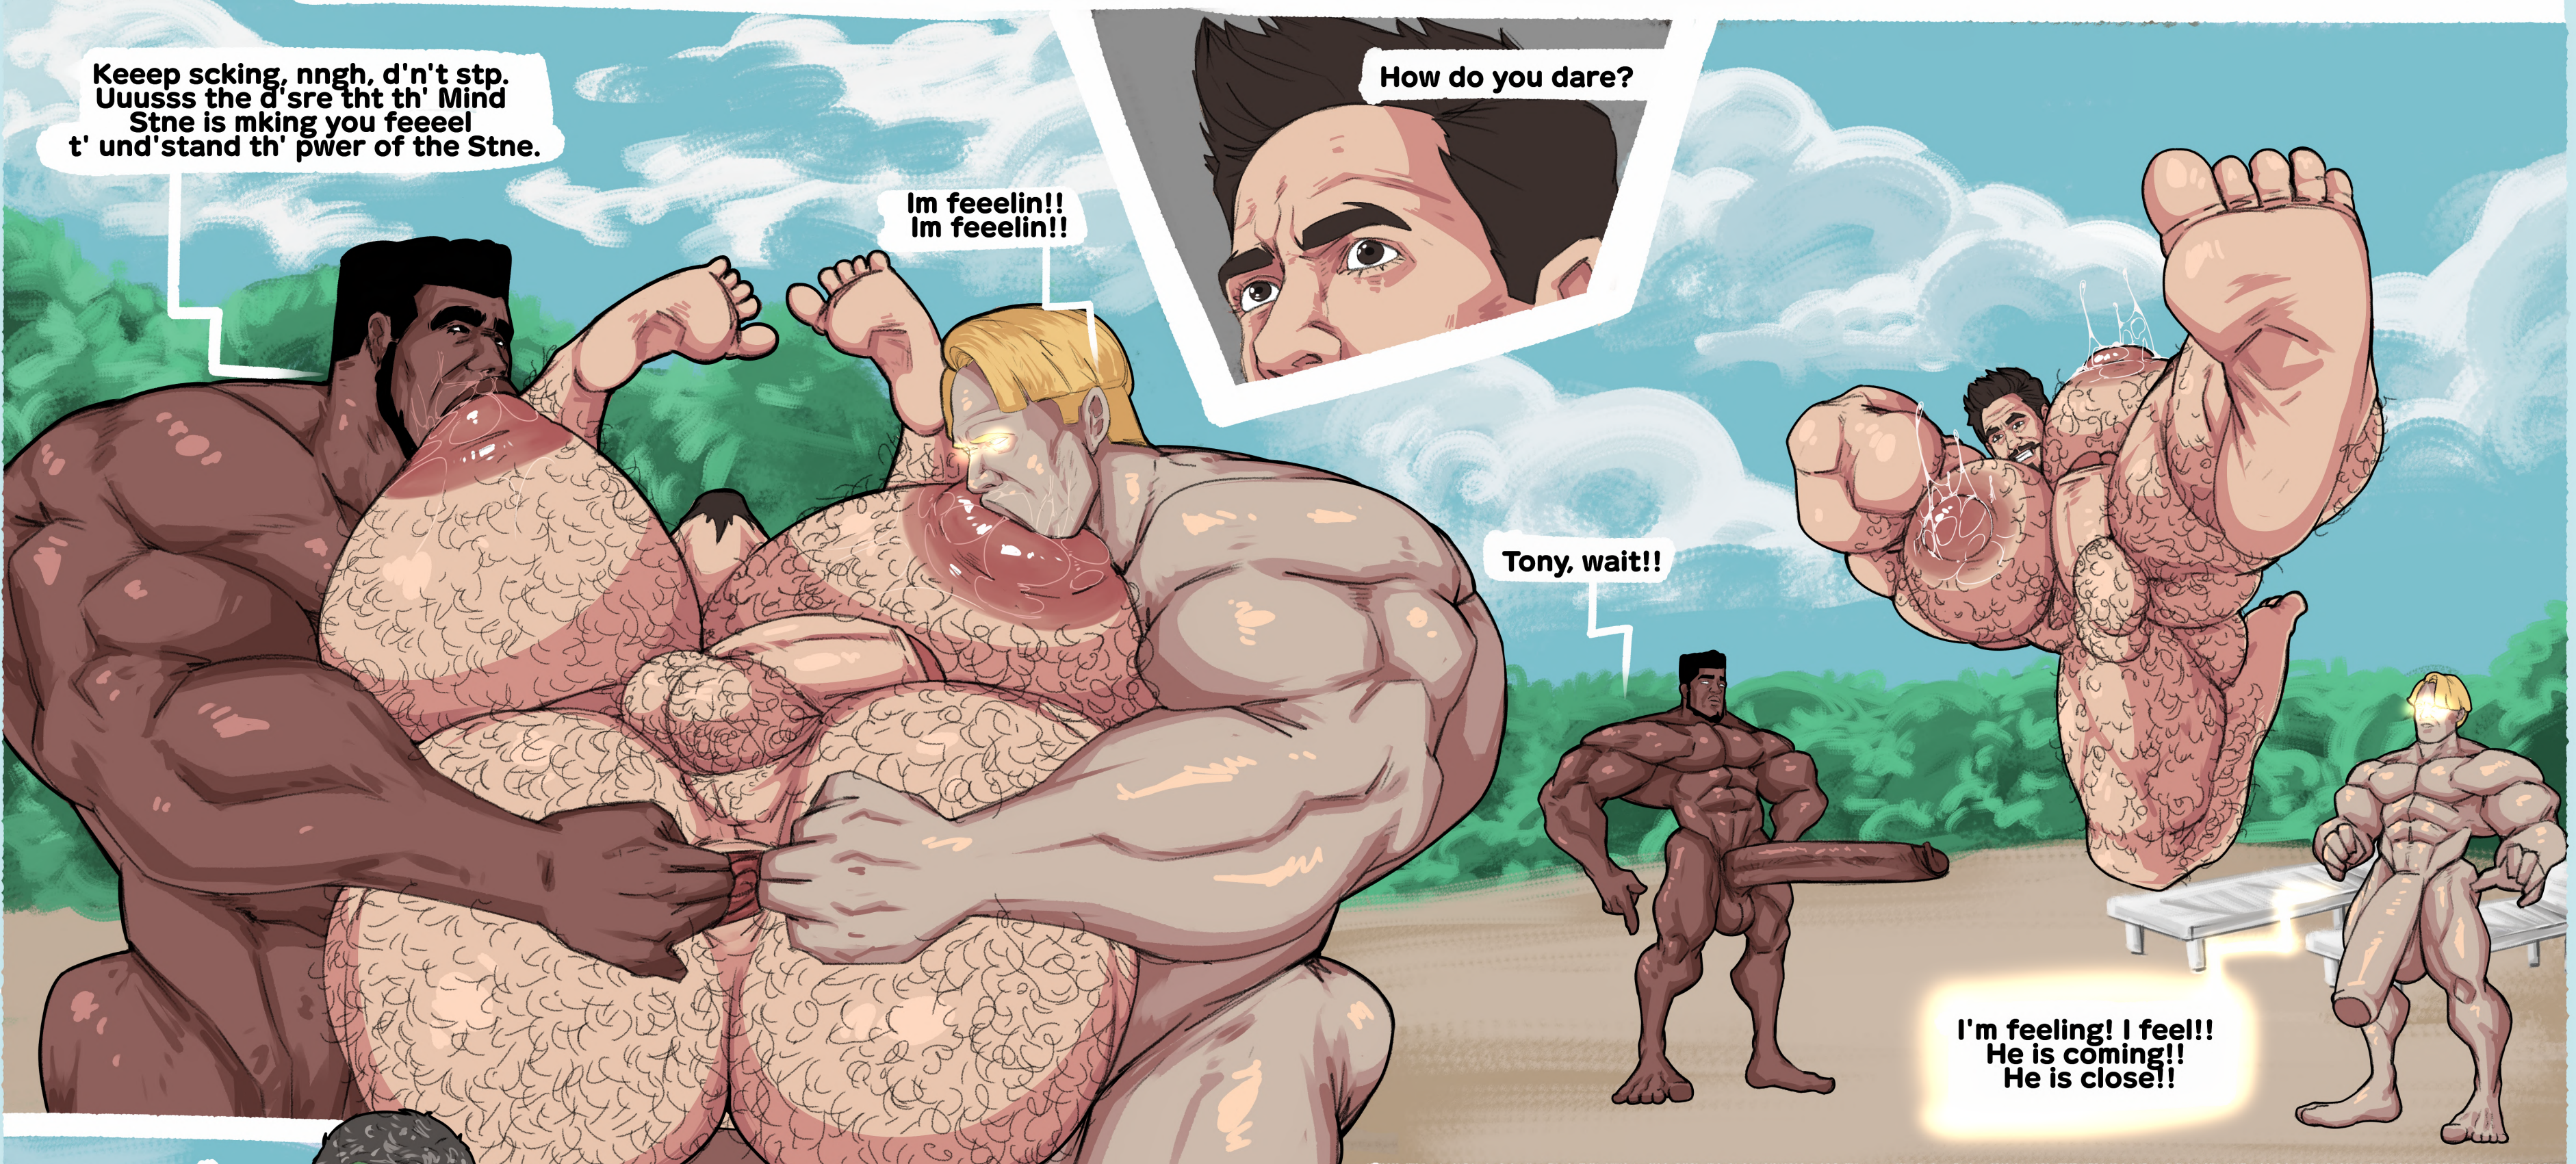

Here!! I feel a strange energy here. It's as if this hole gives energy to my jewel. I feel it get stronger when I get close to it.

It's a great question, what are you doing?

Desire can be influenced indirectly by the mental manipulation that the Mind Stone enables.

We are finally understanding the jewel more.

Stark, you will be our test subject.

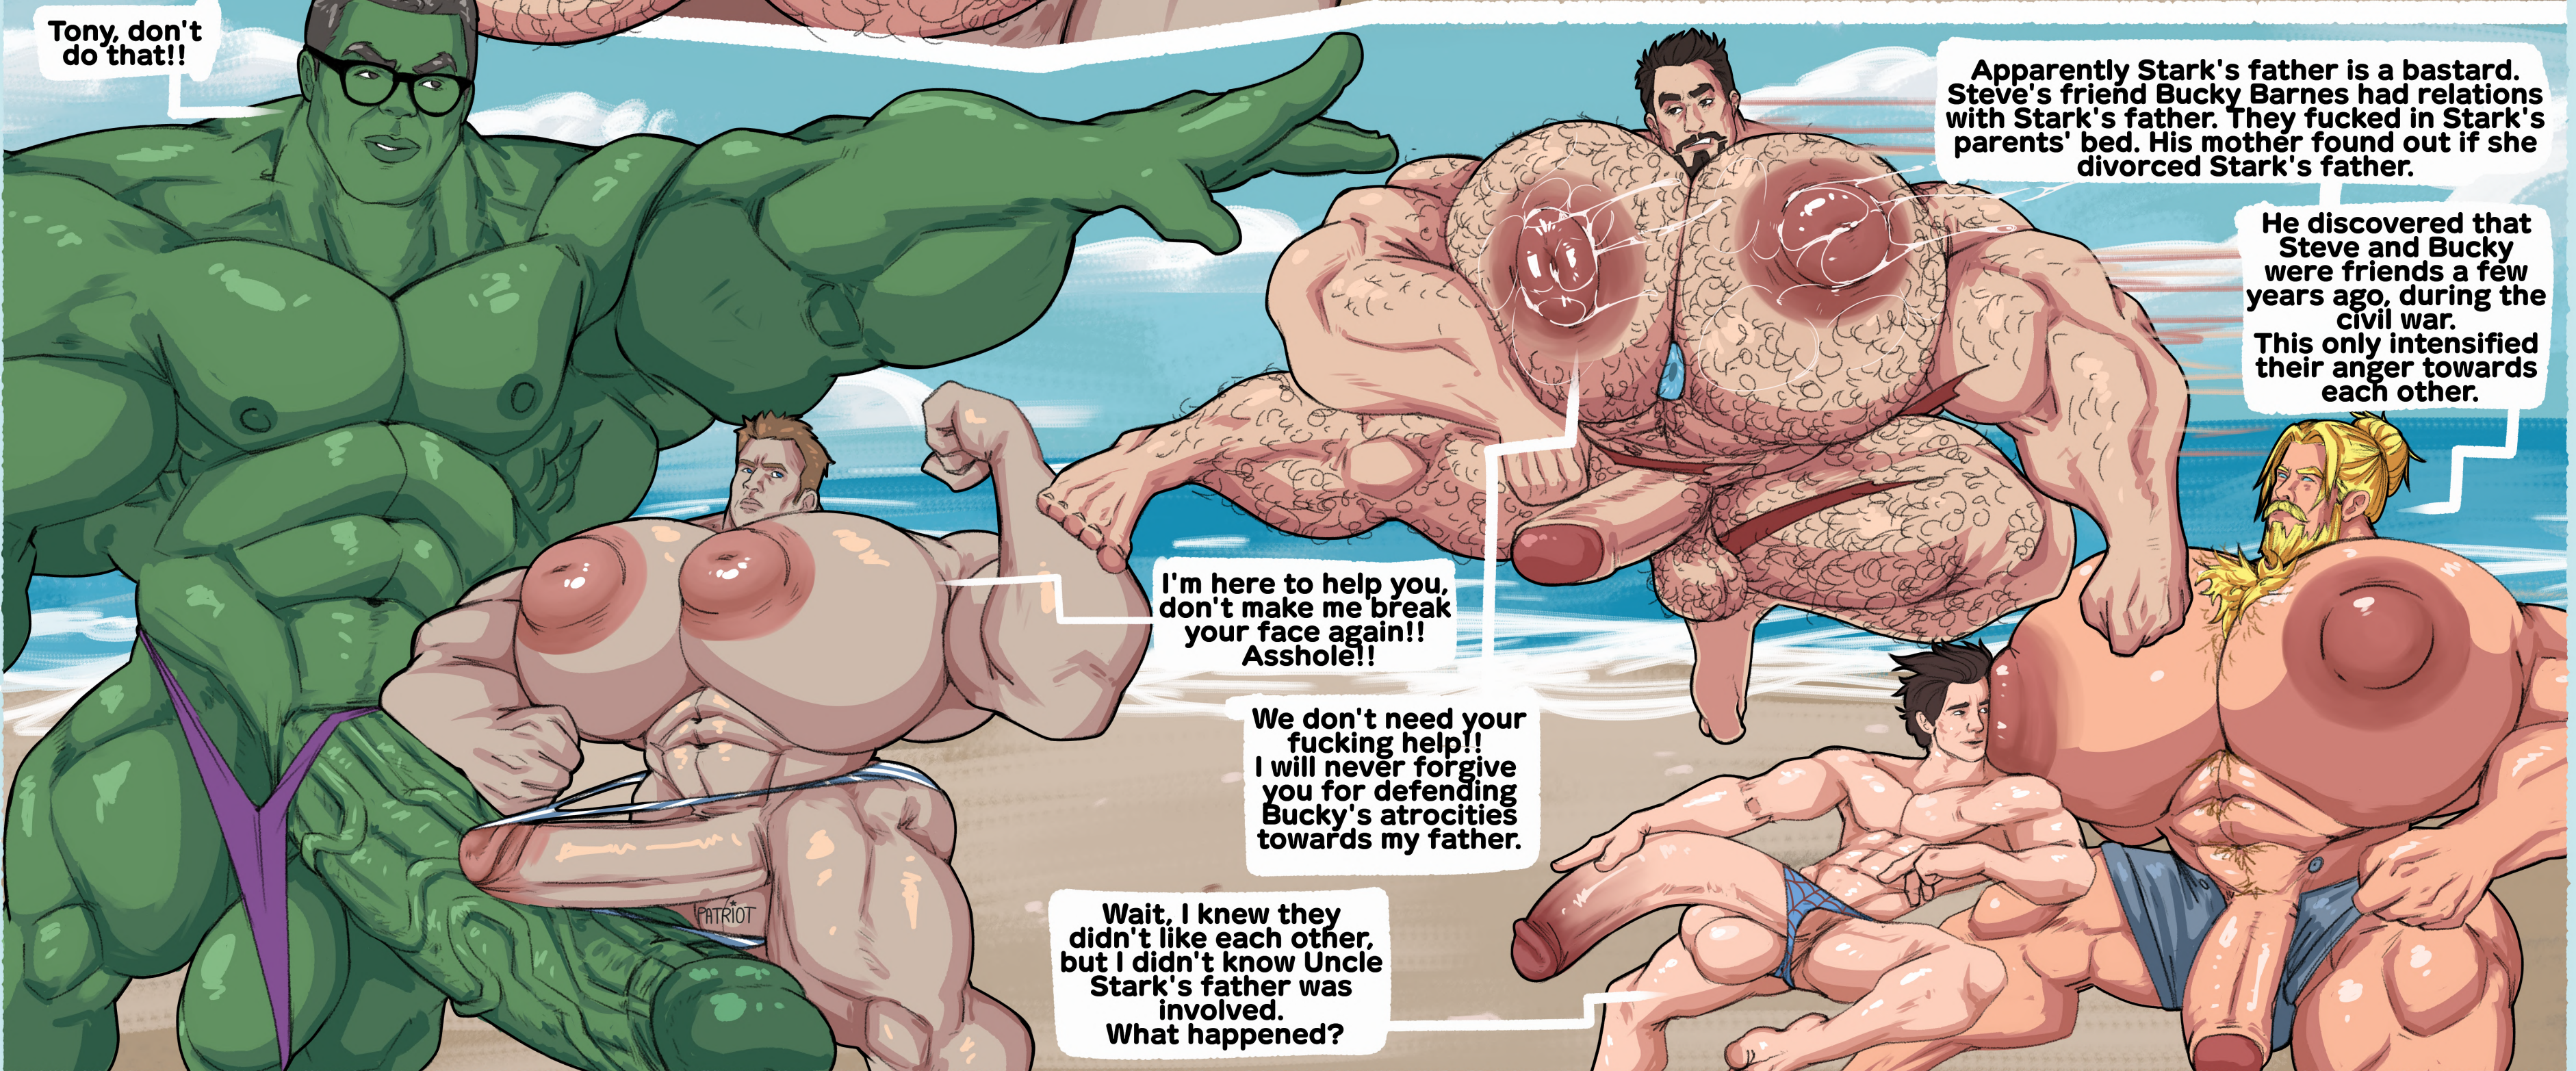

Keep scking, nnggh, d'n't stp. Uuuss the d'sre tht th' Mind Stne is mking you feeel t' und'stand th' pwer of the Stne.

Im feelin!! Im feelin!!

How do you dare?

Tony, wait!!

I'm feeling! I feel!! He is coming!! He is close!!

Tony, don't do that!!

Apparently Stark's father is a bastard. Steve's friend Bucky Barnes had relations with Stark's father. They fucked in Stark's parents' bed. His mother found out if she divorced Stark's father.

He discovered that Steve and Bucky were friends a few years ago, during the civil war. This only intensified their anger towards each other.

I'm here to help you, don't make me break your face again!! Asshole!!

We don't need your fucking help!! I will never forgive you for defending Bucky's atrocities towards my father.

Wait, I knew they didn't like each other, but I didn't know Uncle Stark's father was involved. What happened?
