Key: E minor

Video Tutorial: <https://www.youtube.com/watch?v=KsaaREYsanE>

E minor scale

```
  E F# G A B C D F
A|-----0-2-3-5-7-|
E|0-2--3-----|
C|-----|
G|-----|
```

Note the only sharp or flat note is an F#, meaning if you are familiar with the C major scale all you have to do is raise the F note up one fret to F# and the scale works.

1 & 2 & 3 & 4 & | 1 & 2 & 3 & 4 & |

```
A|----7-----5---|----3---2-----|
E|0-0---0-0-0---0-|0-0---0---5-3-2-|
C|-----|-----|
G|-----|-----|
```

Because we have an E string we can use that as an open note to ring out and anchor the scale against the riff.

This scale is in the key of Em, so you have the following chords available as well to take this song from just a basic riff to a complete song.

Em F#dim G Am Bm C D

Try and use the scale and the open E string to create your own riff, than after add a chord progression and you have yourself a full song!
