

What the..

They say when you know each other for a long time

You start to develop a sixth sense about what the other person is feeling.

It's not like mind reading per se..

But something more intuitive

I knew he'd react like this, but..

To be fair.. it's way easier for some couples than others

He seriously needs to chill the fuck out..!

MY PHONE IS ON 5%!!

Especially when your boyfriend wears his heart on his sleeves like this.

Clack

Oh, finally.

It's one thing to know what your partner is thinking

Side

It's another to know what they're thinking about you CONSTANTLY.

CHERIE!!!!!!!

Was he just standing in front of my elevator this entire time?!

I WAS WORRIED SICK!!

THANK GOODNESS YOU'RE OKAY!!

Wah-

Crush, Calm down.

Most people would be happy to have a boyfriend this obsessed with them, but..

You're acting like I got shot or something..

Of course I'm okay!

Elevators get stuck all the time!

I can't help but feel a little burdened by it.

It was just an hour, you're overreacting.

It was 72 minutes and no I'm not!!

He gets so anxious everytime anything go wrong with me

So dramatic..

I don't even have a scratch on me, see?

Mm...

I don't know.. lemme inspect your face with my lips to make sure!

But acts completely nonchalant about his own wellbeing

Idiot..

KISS

Like he would rather have all of his bones broken

Than me getting a single papercut.
