

*'Twas the night before Christmas, in a basement lair
The Boy Wonder was waking, just barely aware;
Gassed by the Joker he was dizzy and weak,
The ropes were very tight and barely did creak.*

*"Holy Humbug, I'm trapped!" the teen did exclaim,
"Bound fast by holly, with my own self to blame!"
"He wanted an ornament for his new tree,
that insane mastermind was looking for me!"*

*Batman would rescue him, he did not doubt, but
he looked 'round the basement for any way out!
When what to his masked eyes should appear
but two handsome henchmen, with a wink and a lear!*

*They grabbed up the boy by his arms and his hips
and they stroked poisoned peppermint over his lips!
Robin felt dizzy and heated inside;
his hard teenboy cock his trunks could not hide!*

*He swayed in their arms, so warm and so strong,
Anything this good could never be wrong!
The men fed their candy dildo to the masked boy
and watched as Robin throated his sweet slick new toy!*

*They pumped out their cum o'r the handsome teen's face;
He sucked their cocks dry leaving never a trace!
They wanted to fuck him but they did not dare
On fear that the Batman soon would be there!*

*They left the Boy Wonder tied up again
with silk and with bombs, much to his chagrin.
Robin heard them exclaim, ere they vanished from sight,
HAPPY CHRISTMAS TO ALL, AND
TO ALL A GOOD-NIGHT!*
