

3D picture instruction

1. Go to www.depthy.me website.
2. Click to „Open photo”.
3. Select the downloaded picture.
4. Click to „Load depthmap”, and open the depth file.
5. Enjoy! ;)
6. If not working, please feel free to contact me!

THIS IMAGE IS FLAT AS A PANCAKE!

Depthy works with photos shot using [LensBlur](#) camera mode, or created with Depthy itself.
