-----Gameplay-----

Gameplay

"Join Quest Guild" quest is now wholly available.

"Pirate Cum" 1-star Quest Guild quest is now playable! Finishing the quest rewards 1 QC.

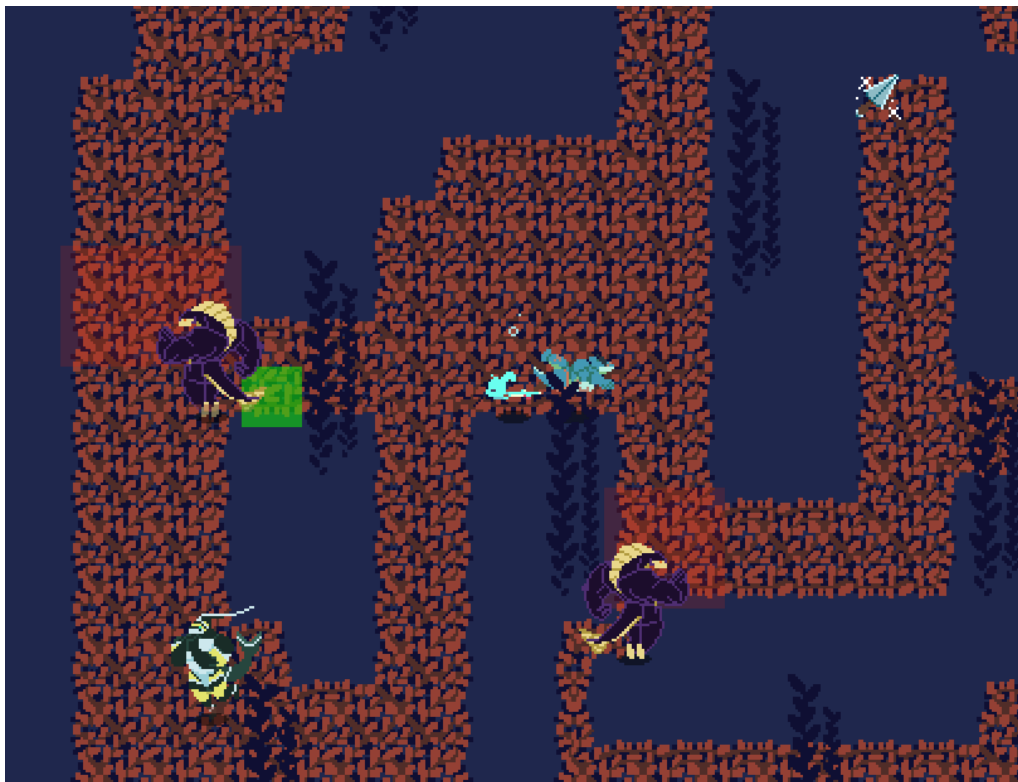

Clean off all the cum on the floor. You need special bottles to do that. Speak with the pirate to get the bottles.

“Labyrinth Garden” 2-star Quest Guild quest is now playable! Finishing the quest rewards 5 QC.

Find 3 Gardening Tools and try to get through blocked paths.

New quest for Water Dungeon. The first time you beat Water Dungeon there is going to be a new quest which will reward you things as you progress through the dungeon. This quest will also work if you've already beat the dungeon or fought there. Just go to the 1st room to get the quest.

After getting the Quest Guild Silver Badge you can enter a new Quest Guild Lounge area, the teleporter to it is in the quest guild (right side).

Rewatch House has the new Saphura pixel animation scene.

New armor type "Heroic" that can only be equipped by Adventurer. So, just like Heavy Armor for Wulfrick, Magical for Lace and Pirate for Fucko.

Saphura's room has chests with:

-Water spell books

-Unique armor set for Fucko

-Unique armor set for Adventurer

-They also give gold, the armor chests only start giving gold once you've gotten all the armor pieces.

2D animation rewards are now given every 10 events instead of 5. If they were 5 I would still be drawing them when I'm 80. I think my dev time is used much better elsewhere!
