

[ASMR] CHILL [MM4A][SPOOKY][SPICY]

Nick, Roy, and the listener are good friends, able to trust each other completely. When a challenge at work comes up, all ears perk up. The challenge: sleeping in an abandoned haunted hospital with a five figure cash prize. In this economy? What could go wrong? ... and why does this feel like the perfect opportunity to get closer?

You both approach the hospital in question. It is overgrown, but the gate has been opened for you...

~ROY

I can NOT believe we're doing this...

~NICK

Oh we'll be fine. This place is abandoned. What is the worst that can happen?

~ROY

A lot of things, actually. Do you agree? (Listen: Just because people SAY it's abandoned doesn't mean it is.) Yeah. They're right! How do we know this place is actually abandoned?

~NICK

You two are making phantoms out of nothing. We'll be fine.

You open the door, hearing it squeak open and welcome you inside.

~ROY

Hey. Are you gunna be okay? We don't have to do this, you know. (The listener takes a breath and marches in.) Uhh-?!

~NICK

Woah! Alright, eager to get inside, I see. Come on. (You step in. It is FREEZING.) Guh... it's like a fridge in here. How the hell...?

~ROY

Huh? (You step in. He's right.) Nggn! How is it this cold?? (Listen: Must be a draft in here.) Hmm... you might be right about a draft being caught in here. We're technically trespassing in a place that was built to keep sickness in its walls.

~NICK

It's only trespassing if this place is privately owned. I did my research before we came and found that this land and the building aren't claimed by anyone.

~ROY

Wait, really? (Listen: I mean, the challenge wouldn't be possible otherwise.) I mean, yeah, if someone did own this place it would be hard to do the challenge.

~NICK

You still have that flyer, right? Mind passing it over? I wanna see something. (The listener passes you the challenge flyer) Let's see... 'Stay one night in the abandoned Saint Gloria Hospital and bring back proof to receive \$10,000.'

~ROY

We do realize this could be a scam right? A joke? (Listen: It's a crappy joke if it is.) Huh? Yeah, it would be a pretty crappy joke. Yet here we are falling for it.

~NICK

The way I look at it is that this is easy money if it's real, a fun memory if it isn't. (Listen: Fun??) Yeah, this could be fun! Just imagine, the three of us here in this hospital... all alone with no one around... or so we think~

~ROY

Oy, that's not even funny, dude.

~NICK

(Lean into the scary vibe) We find a place to sleep, completely ignorant to our surroundings~ (Walk up to the listener and lean in) Then... while we are trapped in the boughs of sleep... unable to fight back against the horrors of the night... suddenly--

The front door slams shut from the wind, scaring everyone.

~ROY

GAHHH!!

~NICK

AHHH!!!

A moment of silence. It was a door.

~ROY

Ughh... it was the damn door... my heart... friggen wind slamming it shut.

~NICK

Ahahahaha! See? What did I tell ya? Tonight will be fine!

~ROY

You adrenaline addict! (To listener) You okay? (Listen: Yeah, I'm okay.) Good. Just, stay close, okay? Apparently we're not welcome here, according to the drafts in here.

~NICK

You two seriously need to relax. It's just a night in an old building. Technically, we only need to be in here until the sun comes up. We'll be sleeping for the majority of the time.

~ROY

Fair. (Sigh) You brought your camera, right? (The listener holds up their camera) Awesome. Hope you brought enough batteries for it.

~NICK

Yeah. We all have our sleeping bags, right?

~ROY

Yup! There's no way I'm sleeping on the floor or in an old mattress. The last thing I want is to get jabbed with a rusted spring.

~NICK

Same. Alright, let's find a place to camp out for the night.

The three of you walk through the hospital lobby, meandering into a long hall.

~NICK

The flyer doesn't specify anything about where in the building we have to sleep, so we can just pick one of these rooms.

~ROY

Sounds good to me. Is that good with you? (You see the listener already recording) Huh? Oh, you're already recording?

~NICK

Smart. (Turn to the Camera, turn on the charm) "Welcome back to--"

~ROY

Knock it off! We're just filming proof we were here, not vlogging for views. Come on. (Take the lead forward)

~NICK

(Sigh, before leaning towards the listener and their camera) Think he's scared? (Listen: Yeah, I'm a little scared too.) Yeah? You're scared, too? Don't worry, I'm here for you. Both of you, in fact. So don't let the vibe of this place scare you. I doubt anything will happen here.

~ROY

Are you two coming??

~NICK

Yeah, yeah! (To listener) After tonight, make sure to send me a copy of the footage, alright?
(The listener agrees and nods) Good. I appreciate it. Come on.

You three head into a larger patient room, filled with dust, debris, and lack of light.

~ROY

Here. This room will do. Either of you got a flashlight or a lamp?

~NICK

Yeah, here. (Pass a flashlight to Roy) I'm surprised you don't have a flashlight.

~ROY

I'm not surprised that you do. (Turn on the flashlight and observe the room) Hmm... if we move the beds to the side, we should have enough space for all three of us. Is that okay with ya'll?

~NICK

Fine by me. How about you? (The listener agrees.) All the ayes have it. Let's set up our sleeping bags and relax.

~ROY

Only a psychopath would relax here. (Listen: Are you okay?) Huh? Am I okay? I mean, I could be better but it's not like I was gunna let you come here alone, you know?

~NICK

You're a good friend, but you shouldn't stress yourself out over some silly challenge like this. Like you said, the prize could be fake and we could be spending a night here for nothing.

~ROY

Even more reason to come with and make sure you two are safe. (Listen: Thank you for coming, Roy.) Hmm? Oh, haha. You're welcome. (Set up your bedroll)

~NICK

See? Tonight will be a breeze with the three of us. (You lay out your bed roll and immediately lay down with a sigh) We could just crash and sleep right now and let the camera record throughout the night.

~ROY

Good idea. Do you wanna set your camera up in that corner over there? I'll unroll your sleeping bag for you while you set it up. (The listener agrees and moves to set it up.) Oh! You brought an extra large sleeping bag. Lucky.

~NICK

Good catch with the camera. If anything comes in, the camera will catch it first~

~ROY

Nothing better come in.

~NICK

But what if it's a ghost? A tortured spirit wanting to take care of one last patient?

~ROY

Nope. NOPE. Not listening. I am getting into my sleeping bag and knocking the hell out.

~NICK

Awwwww~

The listener finishes setting up the camera and moves to their sleeping bag, thanking Roy.

~ROY

Huh? Oh, no problem. Let's just try and get some sleep? This place is absolutely freezing... (Tuck into your bedroll) How is it this cold??

~NICK

You said it before, this place was made to keep sickness in. I guess they also wanted to keep cool and make the place a fridge... Are you two gunna be alright?

~ROY

I mean, I SHOULD be? A little cold isn't a problem but... regardless. What about you? (Listen: I'm freezing...) You're freezing too?? I mean, we could try and wait to warm up--

~NICK

(Mr Krabs! I have an idea~) Or we can all just snuggle up.

~ROY

W-wait, huh? Like--?

~NICK

(Take initiative and unzip your sleeping bag completely.) Hey, you brought your extra large sleeping bag, right? I'll use mine as a blanket so let me in yours. We'll share body heat and be twice as warm; three times if he joins us.

~ROY

W-What!?! Hey! What are you doing??

~NICK

Trying to make sure we all stay warm through the night. (To listener) Is it okay if we join you in your sleeping bag? (The listener agrees) Thanks. (Slide right on in and lay on the listener's left side.) Come on.

~ROY

Mmmm... alright! Alright! Make some room! (You unzip your bag and lay it over Nick's make-shift blanket before moving to slide in) Alright, here I come. (You are now on the listener's right side.)

~NICK

There~ Now we're warming up.

~ROY

Phew... yeah, holy crap. It is much warmer like this. Good idea! (To listener) But hey, are you comfortable? I know the sleeping bag is huge, but since you're in the middle, uh..

~NICK

Just say the word and we'll jump out to give you room, okay? (The listener reassures you they are fine) Okay. Just making sure. Though it would be best to bear with it regardless so we don't freeze during the night.

~ROY

Push come to shove, we leave and come back with warmer gear. (Listen: No way!!) Huh?? What do you mean no way??

~NICK

I'm with them. We're already here. Let's just push through the night and see what happens in the morning. (Mildly playful) Will we end up splitting \$10K or will we only walk away with memories of snuggling up together for warmth?

~ROY

I mean... the prize would be nice if it was indeed real... but I guess I can't complain about the company. (Listen: what do you mean?) Huh? What do I mean? Exactly that. I like being with you two.

~NICK

We sure didn't expect to wind up this close, though, huh?

~ROY

Tell me about it. I'm kinda worried that I'm gunna roll over your arm or something. (The listener then moves to face you) U-Uh?! What are you... I mean, yeah now I won't roll over your arm since you're laying on your side but are you a side sleeper?

~NICK

(Yup. You are now up against the listener's back, rear to groin.) Umm... You do realize that you are also now... um... how do I say this without making it weird? (Listen: Just say it.) Just say it? Heh, bold but fine. Your ass is up against me.

~ROY

Say what now? (The listener then shifts to move away from Nick and snuggle up to you.) H-Huh? Hey, um... you're getting pretty close to me. (Listen: I'm just making space for Nick.) You're making space for him?

~NICK

Hey hold on now. (Scoot closer to the listener and lean in to whisper) I never said I was against you being where you were before. I was just stating a fact.

~ROY

U-Uh... dude, you're literally making them shiver. (To listener) Hey, are you-- (Look at the listener) W-Wait... are you blushing??

~NICK

(Consent check!) Hmm? Are you? Did I go too far? Want me to-- (The listener shakes their head) Hmm? You're okay? Hehe... then tell me: do you like this? (They squirm a bit but nod in reply, making you chuckle a bit.)

~ROY

(The listener leans closer to you as they squirm.) Uh-- mmm... Hey. Is his teasing helping you stay warm? You're burning up against my chest...

~NICK

Hmm? Oh, I didn't think about that. (Press up against the listener) There are plenty of ways we can keep warm through the night, if you're both open to it.

~ROY

(Nick is pressing the listener up against you.) I mean... yeah, there are plenty... (to the listener) but your face is practically red... are you sure you're ok-- (The listener kisses you.) Mmmfmm?! (Surprise, then melt into it a bit before slowly pulling away with a sigh) Did... you?

~NICK

That almost left him speechless. Bravo~ (Whisper to the listener) Think he liked it?

~ROY

I-I'm right here!... and I mean... I did like it... Can we do it again? (The listener leans up and kisses you again, a little second longer this time.)

~NICK

Well, well, well... looks like we'll have quite a film reel to edit through before we submit it.

~ROY

Oh shit, you're right, uh-- (Listen: We'll edit it later.) Huh? Don't worry about it?

~NICK

We've already started. Why not keep going? (whispered to the listener) He can take your lips... if I can have your exposed neck. (Lay a kiss on it and relish it a bit before lifting up) Your skin is practically on fire...

~ROY

(You kiss the listener this time~) He's right... you're really burning up. (Claim them and pull them to you) come here...

~NICK

Hey now. No need to be greedy. (Grab the listener's waist and see them shiver) Hmm? Oh... did me grabbing your waist make you shudder like that? A sensitive spot, perhaps?

~ROY

I wonder what other places make you shiver like that...

~NICK

We have all night to figure it out if you're willing...

~ROY

Just say the word and we'll stop... but until you do...

~NICK

Let's warm up even more...
