

Dragon Singer

Adrienne Wilder

It's time to hand him over
Priest.

Let me have him and I'll let you live.

These bastards never give up.

It's too big a bounty on me to give up.

Your leg good enough to run?

I've got twelve rounds. That should buy you some time.

Of course, if you want to die, by all means.

There will just be more.
There will always be more.
There's only one way
to end this.

And it's not you getting
yourself killed.

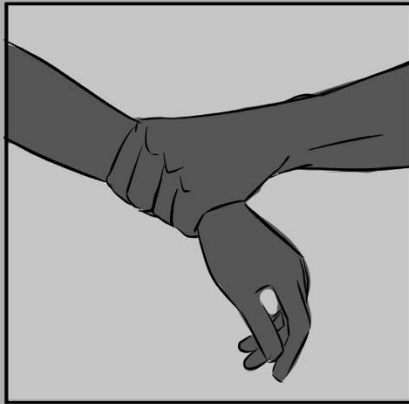

If you live it's a
small price to pay.

You said yourself
men like this only understand
one thing.

You should go. It won't
follow. You'll be safe.

I'm sorry Issac,
but this is my fate.

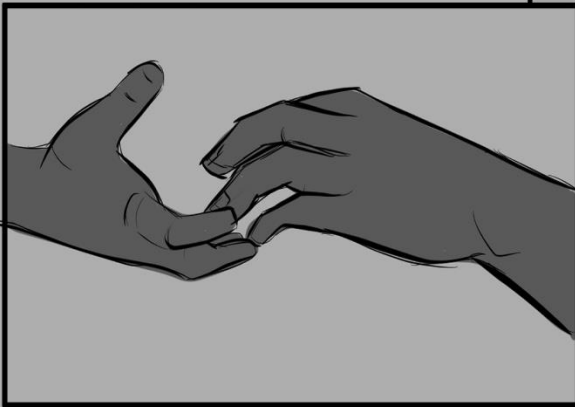

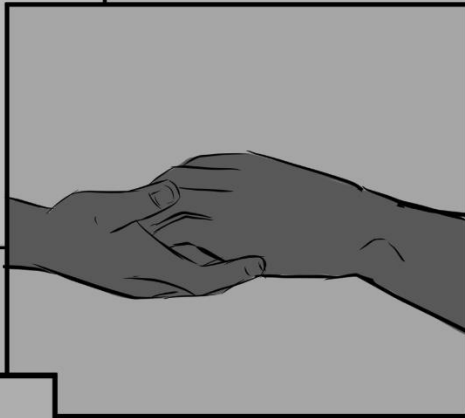

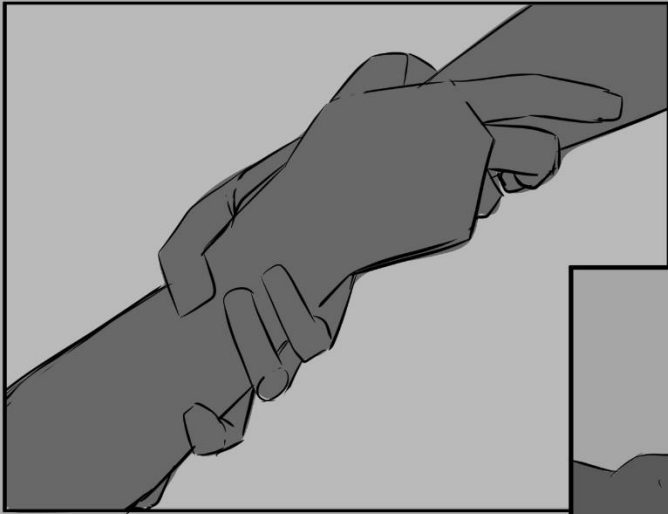

I know you want to.

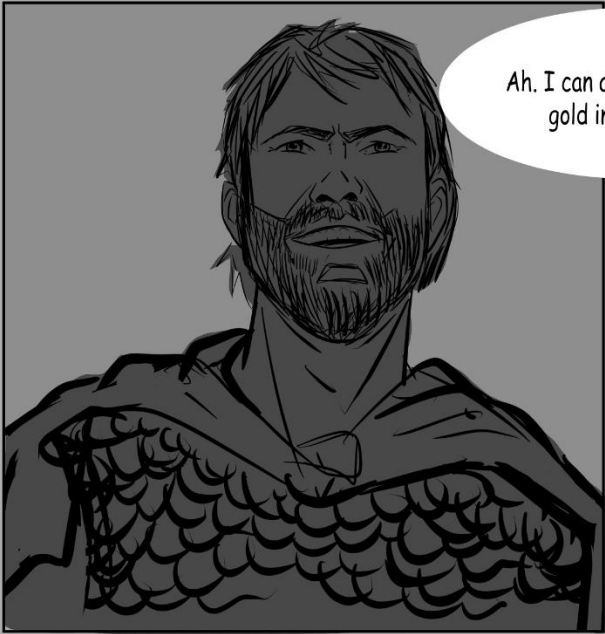

I'll wait.

Ah. I can already feel the gold in my hands.

If you don't go it will hear me.

And I don't want it to kill you.

You're joking right?

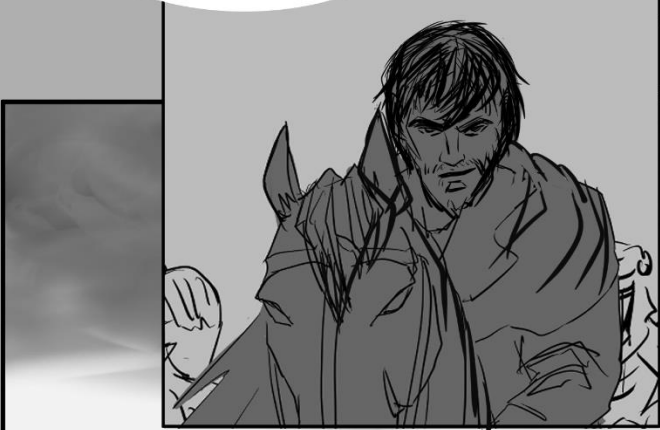

You heard what happened in Durham.
If they had left me alone they'd still be alive.
If you go now it will leave you alone. You can
tell your friends you never found me,
that I'm dead. Whatever you want.

Because if you don't
I'll sing and it will answer.
And you will burn.

Your bedtime stories may
work on other men .

But, unfortunately for you,
I don't believe in fairy
tales.

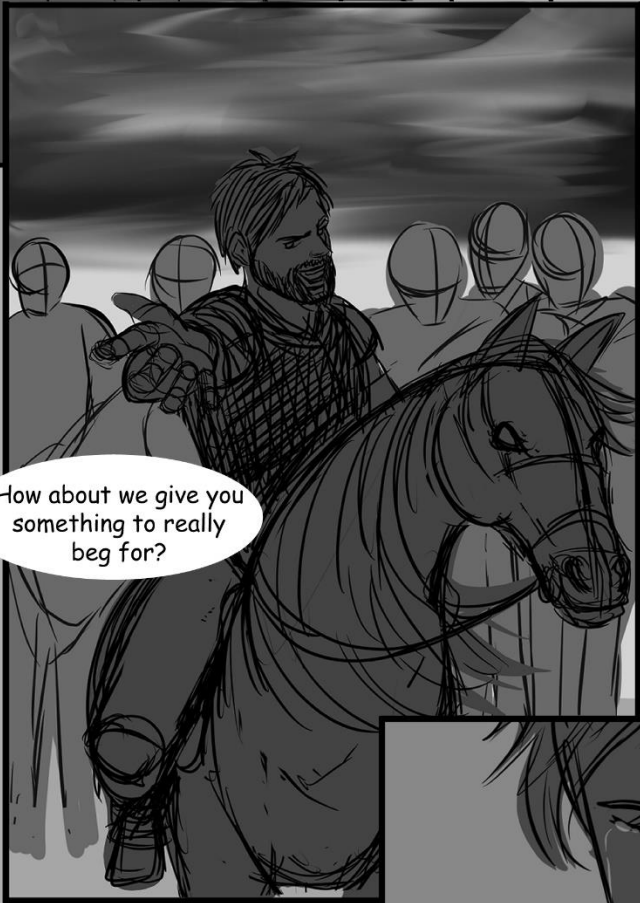

I'm begging you, please.
Go.

Do you hear that?
He's begging us to leave.
Because he doesn't
want to kill us.
One man. One pitiful man.

How about we give you
something to really
beg for?

Forgive me.

I HEAR YOU...

I AM YOU...

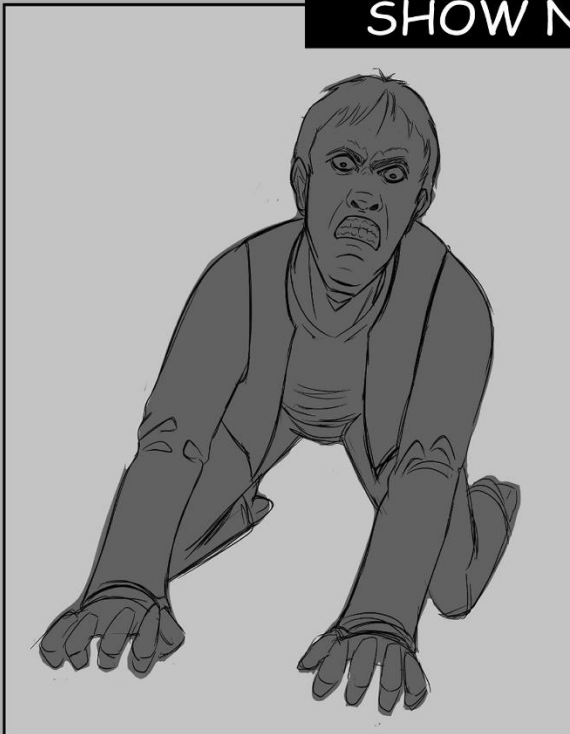

YOU ARE ME...

LET US BE ONE...

**TOGETHER WE WILL
SHOW NO MERCY...**

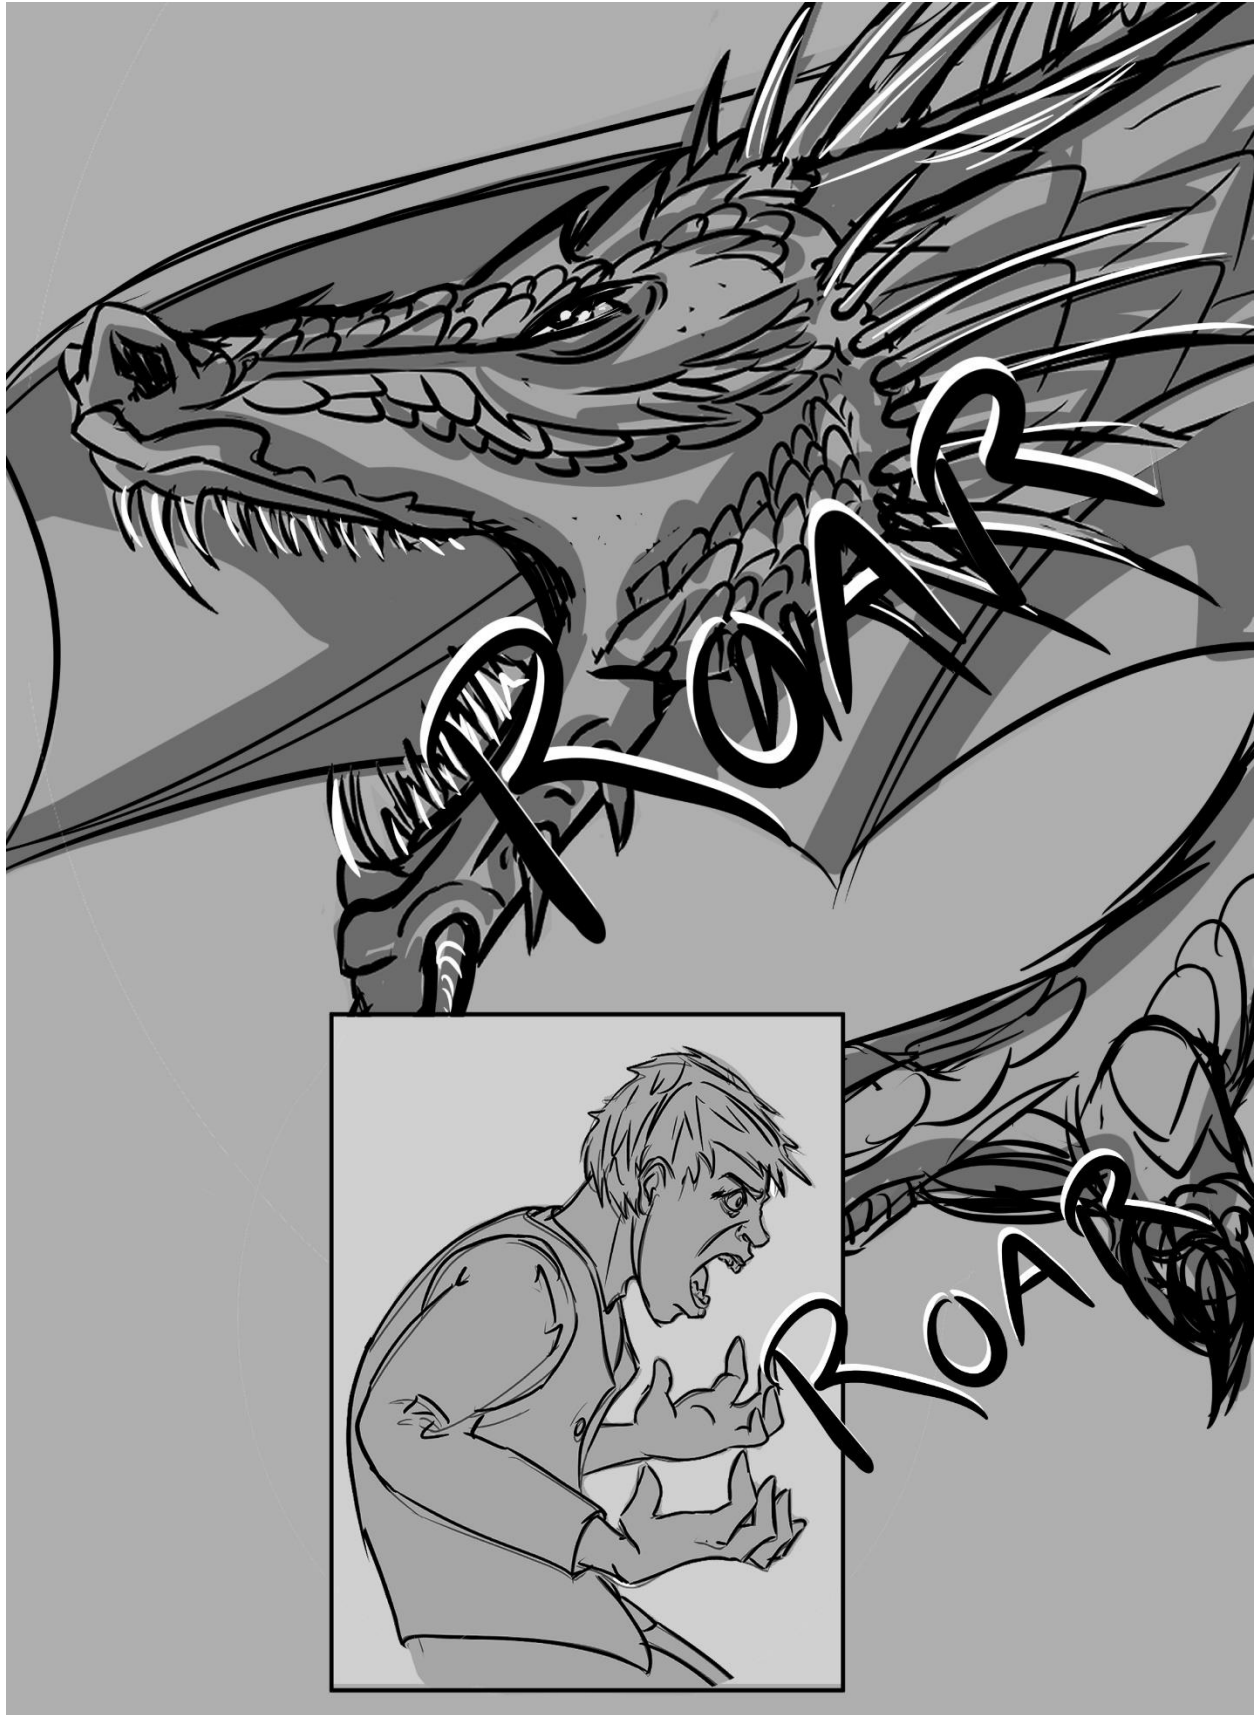

OH GOD NOOOO...

TOGETHER WE WILL
KILL THEM ALL.

GAZE UPON ME FOR I AM
FEAR. I AM DEATH. I AM HELL.

Roar

SNARL

Ahhhh

Neccciigh

Help...

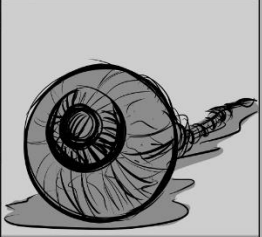

No please...
Please no...
God no....

"crunch"
"shred"

YOUR GOD WILL NOT SAVE YOU.

YOUR GOD FEARS ME.

Help me... Please...
Help....

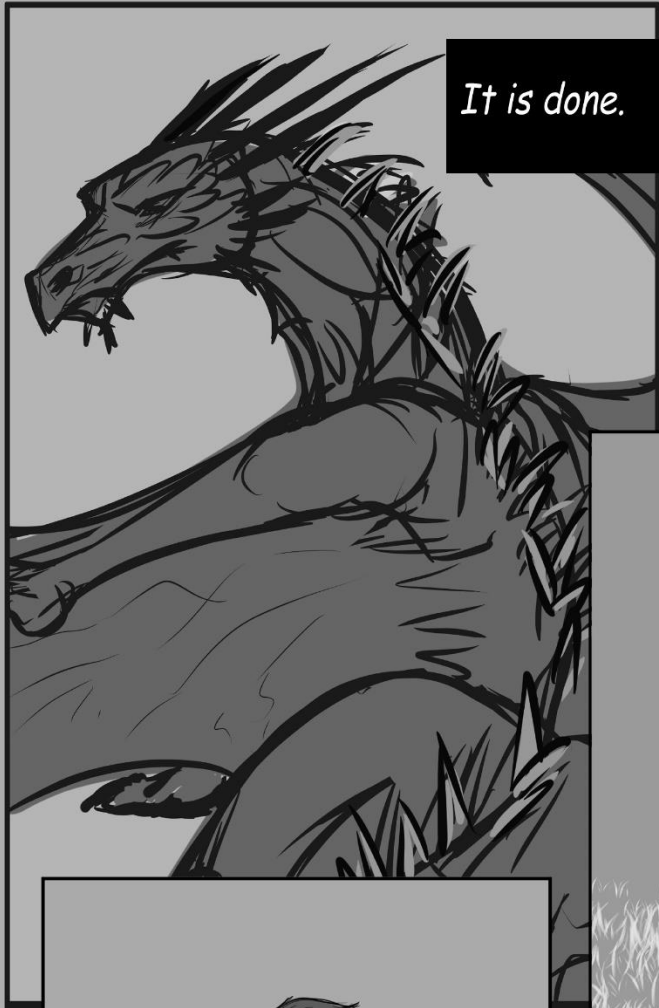

BECAUSE THEY KNOW
I WILL BURN THEM ALL.

It is done.

You do not belong here.

I do not belong here.

I will take you home.

You will take me home.

You will be safe there.

You don't have to go. You have a choice.

If I stay more people will die.

Those men did not die because of you. Those people in Durcham didn't die because of you.

Their bigotry, hate, and greed killed them.

You are a good man. A kind man.
You give so much. You've saved so many.
And you gave the rest of us a reason
to live.

You gave me a reason
to love.

Remember...

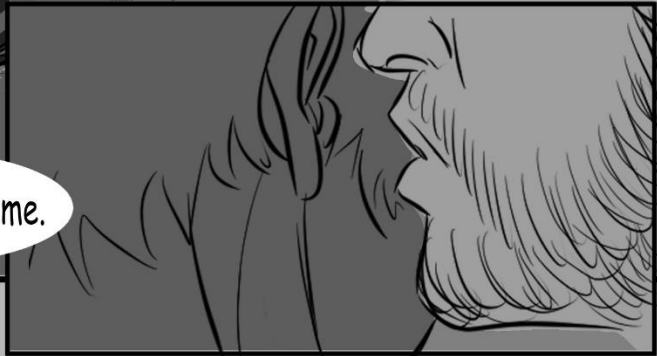

That day I saw you
bathing.

When you told me
living wasn't just
existing.

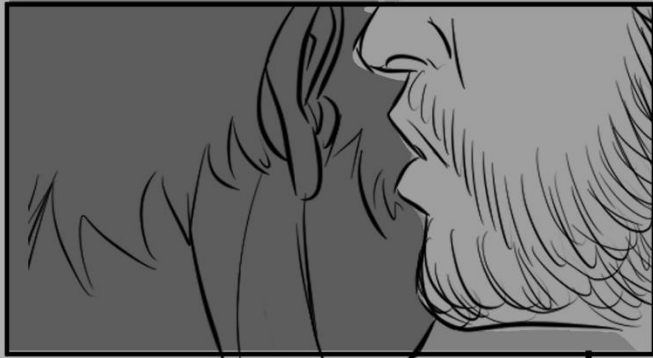

When you kissed me.

When I kissed you.

When you caught me
whispering your name?

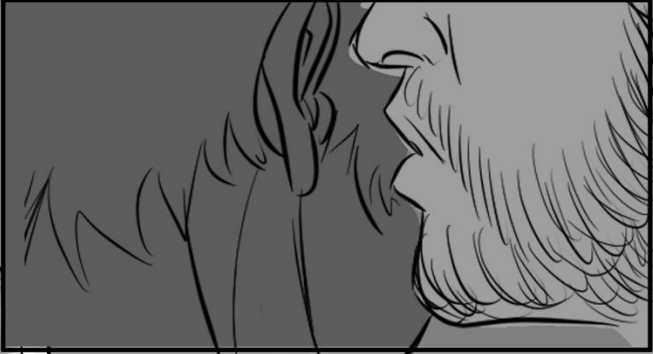

When you offered
better pleasures?

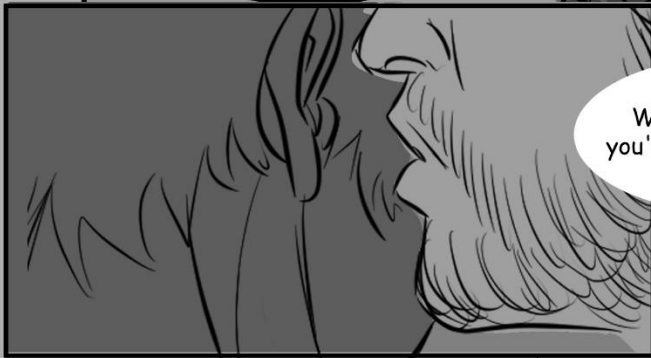

When I was afraid?

How you showed me
there was nothing to fear?

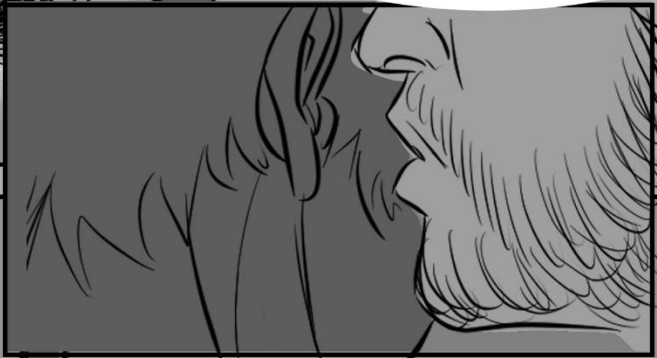

When you told me
you'd take care of me.

When you showed me what it felt to have you inside me.

And I showed you all the things I'd learned?

Including what it was like to love.

I want to show you that
forever.

NOW IT BEGINS...
