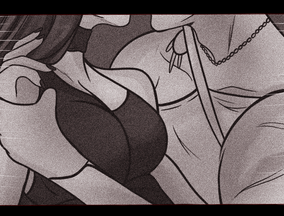
He acts as if we were still together, when it was him who... left me.

But at the same time, he belittles me and throws me chilling glances as if I were nothing in his eyes.

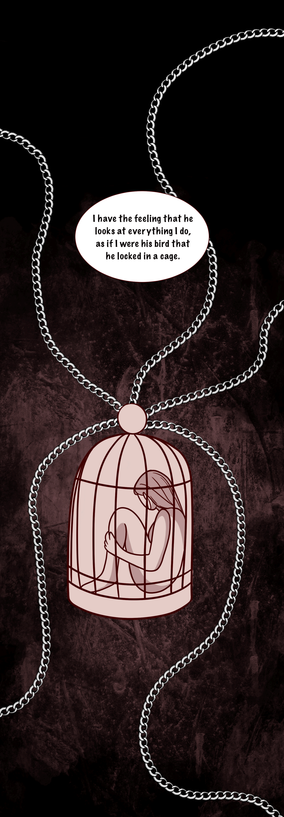
I'm scared of the man he became.

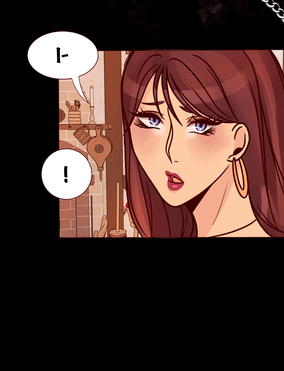
As if he were two people at a time, which is why I can't figure him out and why I always have so much apprehension seeing him.

I'm scared of the reaction he could have towards me if he learned for us.



I have the feeling that he looks at everything I do, as if I were his bird that he locked in a cage.





I spoke without thinking about what she could feel at the moment.

She's worried about me and all I do is talking about Gabriel!

Still... you can't hate him. I'm right?

Do you still have feelings...?

Here it is, the misunderstanding.

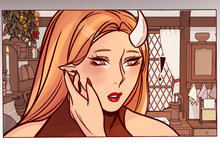
She thinks that despite everything I still love him.

It's not what I feel.

?

The one I love is her.

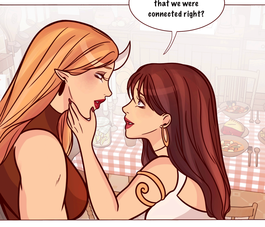
Everyday I



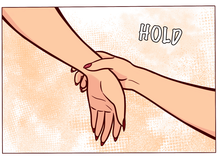
I think about how much I want to spend my days and nights with you.

I only want one thing, to be close to you, because this is the place where I feel the best.

Earlier you said that we were connected right?



Can't you feel...



How's my heart is racing when I'm with you?

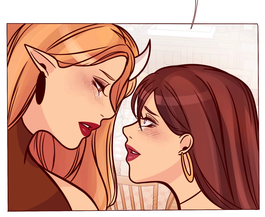
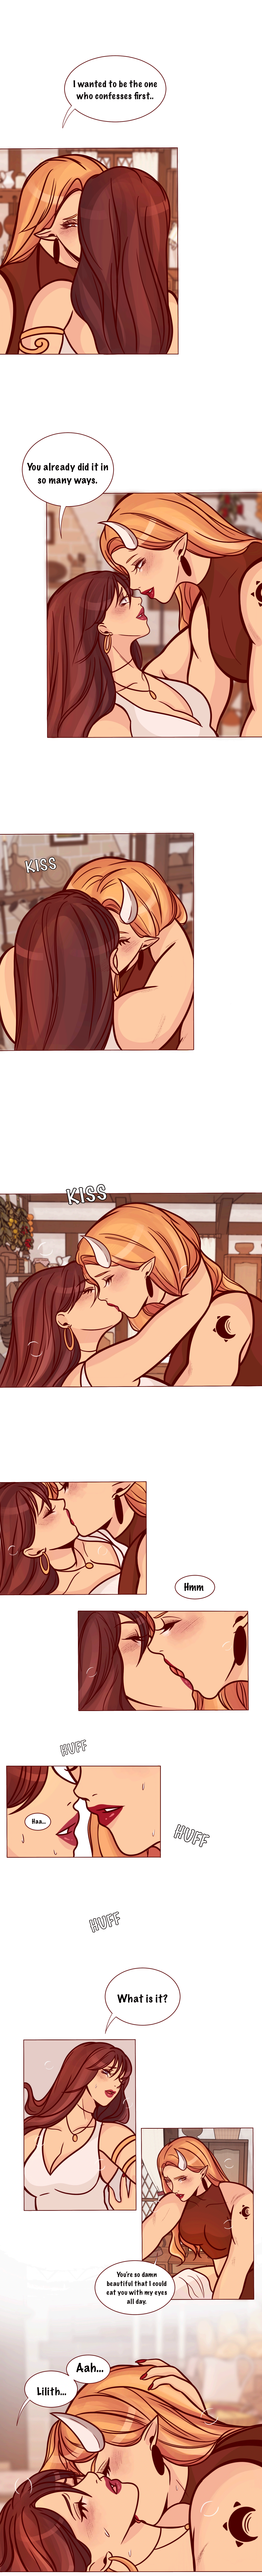
You don't need to worry okay?

Because you're the one that I love.





I wanted to be the one who confesses first..
You already did it in so many ways.

Ah! I'm sorry I went to far!
N-no it's me!

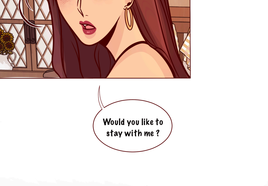
I-I just got a little bit surprised...
This is the first time that someone did this to me...

No, I should have done otherwise.
We should go somewhere else than the kitchen's table.

Or it could be dangerous.

...

I'm going to sleep here tonight.
Tomorrow is my day off.

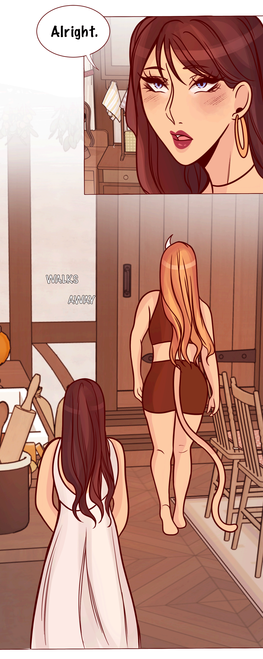


Would you like to stay with me ?

Ya sure you wanna sleep with me?
I more ya know.

I snore too.
I snore really hard.
I talk and drools while asleep.
Okay you win.

In this case, go to bed first. I'll do some stretches and join you after.



Alright.

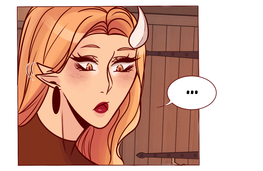
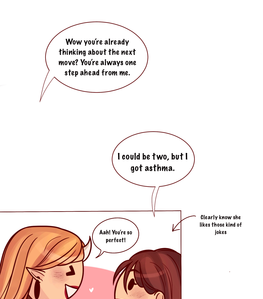
Are we gonna continue what we were doing before...?



...



Wow you're already thinking about the next move! You're always one step ahead from me.
I could be two, but I got asthma.
Clearly know she likes those kind of jokes
Aah! You're so perfect!!
Totally fall in

I don't want to rush things between us now that we finally have time to spend together.

But if you want to do it tonight then let's do it.

No you're right. We should take our time.

But still, I don't mind if we... take good time together.

F*ck, you know I can't resist you.
