BLANCHE & LISE

by

PART ONE: JULY

Blanche has always been a tall head turner, her 2m (6'7) stature made her impossible to miss and her modelling career come easy.

Lise often blended into the background, but she worked hard. Rising through the ranks at a local fashion house. At her mid level position she was often running photoshoots with models like Blanche.

Through working together the two had become close friends, Blanche was always very sweet to Lise. We see them here sharing a tender moment after a shoot.

Blanche: *"It's so great to have a little friend when I come on set."*

Lise thinks to herself: *"If I were bigger I bet she'd see me as more than just a friend. There must be something I can do."*

PART TWO: AUGUST

It was the next month and Blanche was back in the studio shooting a new summer line of dresses. Her eyes lit up when she saw Lise walk into the studio. Lise placed her bag down, before walking over to Mike the photographer, trying to sneak a peek at the back of the camera, and putting herself directly in Blanche's eyeline.

"Wow, Lise has really been hitting the gym... wait... no one gets that stacked in 4 weeks" Blanche thought to herself.

Meanwhile Lise had some thoughts of her own *"Okay play it cool, no need to be obvious about it. OMG with the little boost I've had recently and these heels, I think I might be taller than Mike..."*

"Blanche, eyes to the camera please, we've only got a few more shots to get." said Mike. *"Right, sorry - I got a little distracted"*.

PART THREE: SEPTEMBER

Blanche was reviewing some of the photos from the day's shoot with Mike when she noticed a tall figure had entered the room.

As she looked over she froze. Beautifully stylish heels lead up strong muscular legs, meeting an indescribable ass. *"That long torso... wait... huh? That's Lise!"* she thought to herself.

Even bent over she was looking down on Peter, the company CEO.

"How tall must she be to make Peter look so small... shit - she looks a lot bigger than me. I don't think I've ever met a woman who could look down on me... I feel, I feel - so attracted to her."

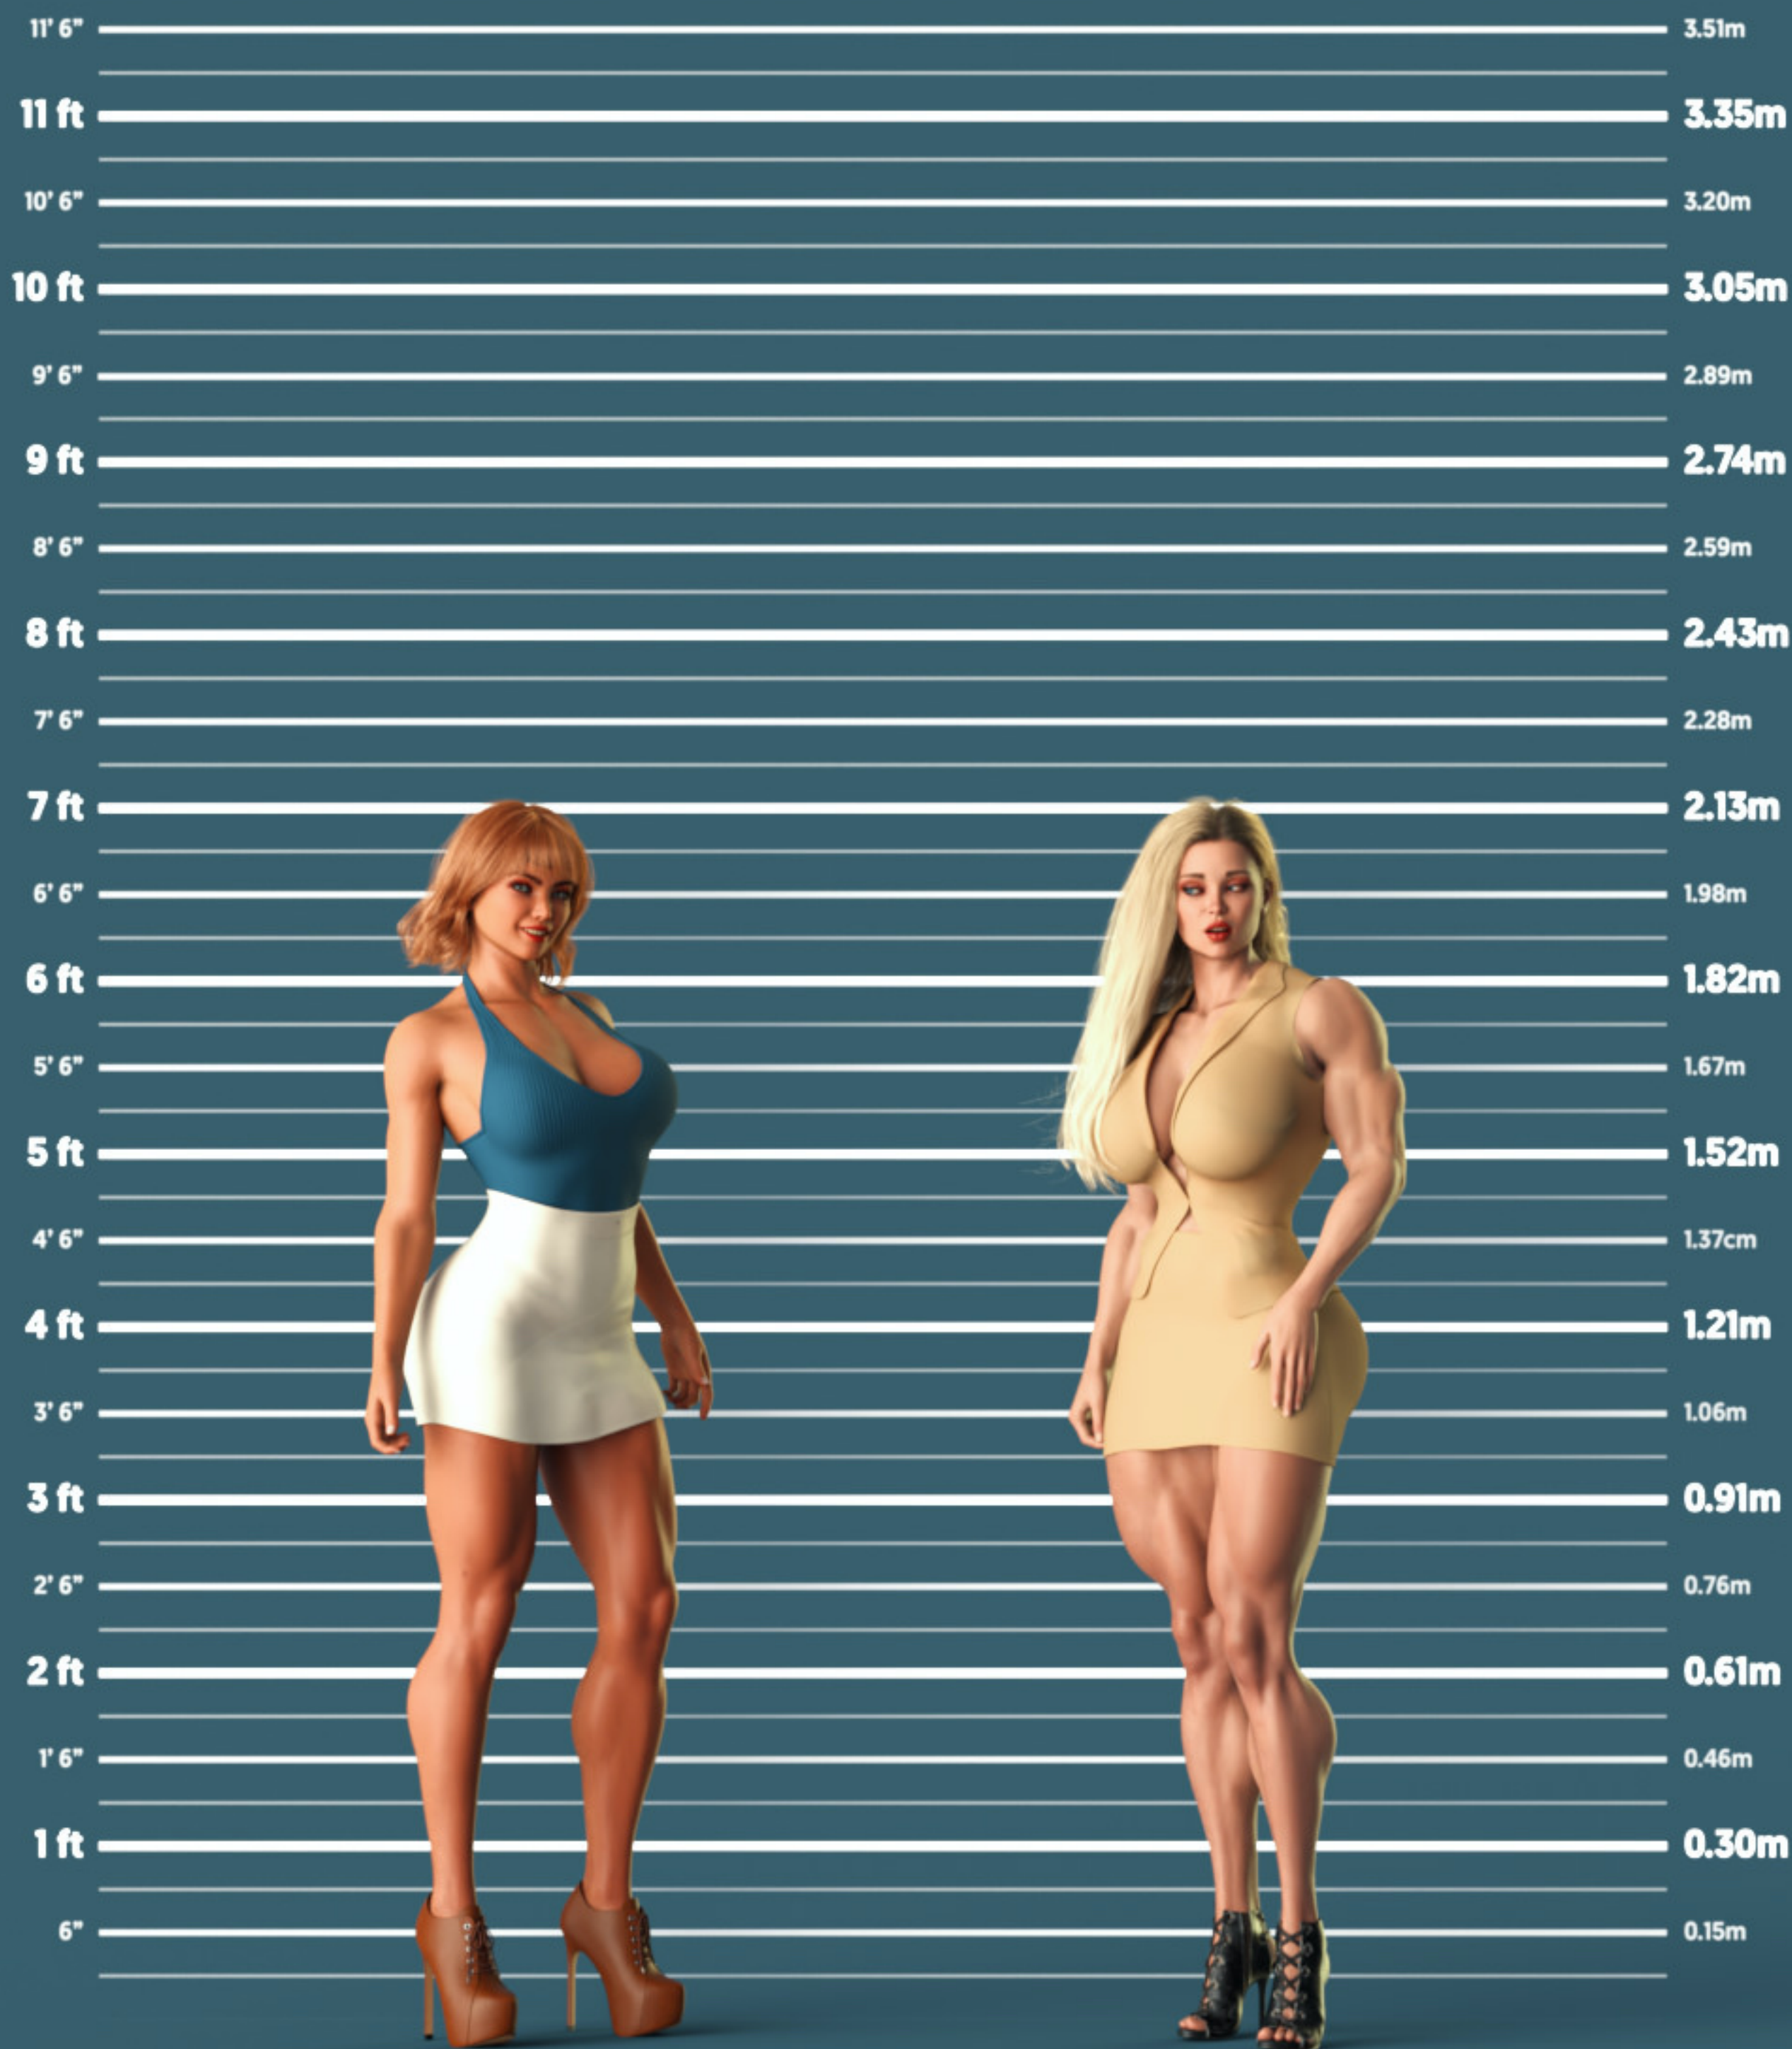

PART FOUR: OCTOBER

At the studio Halloween Party Blanche and Lise found themselves alone. Blanche found herself so entirely enamoured with Lise's new body, and freed of inhibitions by just the right amount of punch, that she grabbed Lise's strap and pulled her down to her level.

"There aren't many people I have to look up at" Blanche blurted out *"but I have to say, the view from down here is amazing"* she finished. *"I... I... I..."* Lise was at a loss for words *"Thank you"*

PART FIVE: NOVEMBER

Lise had been asked to help model some of the new dresses that had come into the store. Dresses aimed at a slightly larger clientele. Even Blanch was not quite tall enough for these dresses. And Lise - well maybe she was a little too tall.

As Blanch caught sight of Lise's incredible cleavage in the mirror she was frozen in a mixture of lust and wonder. Even with Lise bending so far down, she was still having to look up to see them.

Lise catches Blanche's stare - slightly flustered at first, she soon breaks into a smile as she looks towards Blanche in the mirror - "*Hey shorty*" she says.

PART SIX: DECEMBER

Blanche and Lise stood under the mistletoe, their eyes locked in a gaze. The studio was empty, as everyone had finished for the day and gone home for Christmas eve. Lise looked down at Blanche, towering over her, Blanche's heart skipped a beat as Lise slowly bent down and pressed her lips to Blanche's.

The kiss was tender and filled with emotion, it was clear that this was the start of a very special romantic relationship. As they pulled away, they looked at each other and smiled. They knew that they had found something special, and they couldn't wait to see where it would take them.

Blanche couldn't help but be in awe of Lise, who had transformed from the small, timid girl she first met, into a goddess. She couldn't believe the physical change that had occurred and how it had brought them closer together.

Blanche said softly, *"I never would have thought this would happen, you have grown so much."*

Lise replied with a smile, *"I guess we both have, in more ways than one."*
